

TOUR OF JUNIOR HIGH SCHOOL LIBRARY

Marie Schneider It was a big day. We were going to visit the Junior High School library and see the many books which we were sure were going to be a big help to us. With \$14,000 made available for each of two years to build up the library, it seemed that there should be books on every shelf and available space in that part of the school. For the past two years the Manchester voters went to the polls and approved an extra mill to be levied for the elementary Junior High library, science equipment and modern math program. Also a part was to be used for educational globes and maps.

Ted Tapping, Junior high principal, pointed out that although the money was appropriated, every cent couldn't be used for books. These thousand books were purchased and last summer, Mrs. Nancy Liberman at the Charles High School, was hired to organize the Dewey Decimal System at the library. Her salary was taken from this appropriation.

A card catalogue was developed with each book having from three to five cards. The new books were re-arranged according to the American Library Association standards. Added to the old books in the library there is a total of some 8,000 books available to students. A single catalogue card has been equipped with a set of World Book Company's Britannica, Jr. encyclopedias. The library has all these sets and the fourth grade through eighth grade at Pleasant Lake have sets of encyclopedias in each room. A single globe of the world is a standard in the library over a hundred titles.

The new plastic book jackets and bindings which have been purchased to help preserve the books cost 70 cents each. Over 150 new maps and globes have been added for the school system.

The school library program consists of a study hour for the kindergarten, first and second grades. The third through the sixth grades are learning the Dewey Decimal system and the use of the card catalogue. English classes cover this for the seventh and eighth grades.

The library has a part time librarian, Mrs. Maynard Blossom who works at the library every morning. In order to be able to have the library open in the afternoons, a group of women has been organized to fill in and do some of the work such as returning the books in their proper shelves and writing names on some of the book spines. There are also a number of job that these volunteer workers can do to help the program and the school is very thankful to those who give their time from 1:00 to 3:00 p.m. each school day.

Mrs. Tapping says that it is the aim of the program to have a full time librarian here now when there is enough money available and it seems feasible.

The Pleasant Lake Elementary School will receive benefits from The Haven Book Store in the Pleasant Lake School, and circulates books. They will also mail notices to the principals and first and second grades.

At various times throughout the school year the third and fourth grades at Pleasant Lake will board the school bus and come in to the library for the same instruction offered to the Middlesex school pupils.

The group of women organized to work in the library check out the books to pupils, help in re-arrange work, do any clerical work, organize files, etc.

Mrs. Tapping, who has worked at diligently to get the Junior High library improved, points out that the library encourages the development of the child's reading skills from a lifetime reading habit and contributes to his academic achievement.

She believes that the library discovers and develops children's special gifts and talents and provides vocational information leading to the choice of a worthwhile career and provides the child with adequate and up-to-the-minute materials to meet the biggest challenge of education—the acquisition of knowledge.

Mrs. Tapping pointed out that all of the one mill is used for the library, part of it must be used for costly reference equipment.

Part of the mill must be used to purchase educational television which will be used in a limited basis in the school. Presenting information through the use of television has been proven to be beneficial, especially in smaller schools where course offerings are more limited. By using it in a limited manner, an excellent can be made as to how best to use it in the Manchester School system.

Although many of the book jackets are over a few books on them, the school principal pointed out that, overall, they are out and were using them. If the books have a few more in demand and the need is not overwhelming, what is left set out to do. That is, make reading so attractive to the student that he will spend leisure hours reading and in so doing transfer his field of learning.

Women who are giving time to help in the volunteer work at the school library includes: Mrs. Paul Larson, Mrs. Norman Fielder, Mrs. Emmett Noggle, Mrs. Russell Woodson, Mrs. Paul Brasher, Mrs. Robert Armstrong, Mrs. Earl Macfarlane, Mrs. Paul Sawyer, Mrs. Burnell Hansen, Mrs. Hugh Symon, Mrs. Willard Mann and Mrs. Clarence Pines. Mrs. Linda Klager, Mrs. Duane Rollay, Mrs. Edwin Smith, Mrs. Elvira Benedict, Mrs. Ted Strum, Mrs. Donald Davis, Mrs. Dan Brant and Mrs. Tom Walters.

The six coordinators with Mrs. Stanton Roscoe, Mrs. John Anderson, Mrs. Jesse Walker, Mrs. Robert Tracy, Mrs. Ted Tapping, Mrs. Robert Clark, Mrs. George Roda, Mrs. Fred Leaman, Mrs. LeRoy Heimelinger, Mrs. Ted Roberts, Mrs. Don Fielder, Mrs. Wm. Hamilton, Mrs. Harriet Brasher, Mrs. Leta Heimelinger, Mrs. Wm. Schaffner, Mrs. Eugene Demachewitz, Mrs. Clarence Fielder, Mrs. Earl Alder and Mrs. Robert P. Orr.

COMMUNITY CHEST COMPLETES 1st WEEK

The first week of the Manchester Community Fund and Red Cross Drive has been completed.

Each Division is hard at work making their solicitations for the "One Gift For All", and the thermometer is creeping very slowly toward the \$10,152.00 goal.

Two weeks contributions have surpassed the ten per cent mark.

Leading in contributions and one hundred per cent participation is the School Division which is headed by Theodore H. Tapping, Jr.

During the past week the Cub Scouts and The Clover Girls were busy helping raise the thermometer by selling "United Way balloons."

The Clovers is one of the local organizations which is supported by the Manchester Fund.

The Cub Scouts, of course, are included in the Portage Trail Council, which receives a substantial portion of the local budget.

Campaign Chairman, Mrs. James Baker, expresses thanks to both of these groups for their efforts in this participation in this community project. The enthusiasm of these young people is an excellent example of "citizens working together for a better community."

JAYCEES SERVE AS ELECTION REPORTERS

In an effort to speed-up the reporting of vote results of the presidential, governor and U. S. senate races at the precinct level in the November 3 general election in Michigan the Manchester Jaycees will serve as special election precinct reporters for Network Election Service (NES).

The NES news group includes the Associated Press, United Press International, and ABC, NBC and CBS radio and television networks. Keith Doelker, president of the Manchester Jaycees, said members of his chapter will call form their assigned precincts with results of the three key races to NES' news gathering center at the Leland Hotel in Detroit.

Each local Jaycee precinct reporter will be properly identified with credentials from NES and the Michigan Election Commission, according to George Cheely, NES director.

Cheely said the Michigan Jaycees in turn will receive a cash grant for taking on the statewide project to "assist the news media in getting the vote results to the public as soon as humanly possible."

Local Jaycees participating in this activity are: Richard Knaouse, Ronald McNally and Gary Brokaw.

The grant is earmarked for state Jaycee projects dealing with the promotion of governmental affairs and free enterprise activity, Cheely added.

STELLA KRUIZENGA SPEAKS AT OPEN HOUSE

Manchester Business and Professional Women held open house on Tuesday at the Methodist Fellowship Hall at which Miss Stella Kruizena, first vice president of BPW State of Michigan spoke.

Her topic was the BPW in the community and its many advantages to the members. She told about the education, cancer and insurance plans that are available to the members.

The speaker reviewed the aims and objectives of the BPW since 1919 and mentioned how applicable they are today.

She explained the National Federation aims and objectives which are to:

Elvate the standards for women in business and professions; To promote the interests of the business and professional women; To bring about a spirit of cooperation among business and professional women; To extend opportunities to business and professional women along the lines of industrial, scientific and vocational activities.

Miss Kruizena very ably stood in for Olga Taylor, who had intended speaking Tuesday evening but was suddenly hospitalized.

Mrs. Celestia Ingraham sang two solos accompanied by Mrs. Paul Kappler.

The local BPW expressed their appreciation to the guest speaker and to the high school girls who were present to be learning the merits of BPW-this being "Youth Power USA".

At the close of the evening, refreshments were served by Mrs. Ray Kern and her committee.

Manchester High's story-book finish and Whitmore Lake High's ball hawking defense kept the two schools at the top of the Lakeland C League when Manchester Dutchmen nipped Ypsilanti Roosevelt and the Lakers whipped Grass Lake.

It was Manchester's Homecoming game and the Dutchmen scored twice in the final 19 seconds to take victory away from Ypsilanti Roosevelt.

Quarterback Bob Rigg hit Rich Pniowski with 55-yard touchdown pass. With time run out on the clock, Roosevelt's final pass was intercepted by Steven Bentschneider who sped 40 yards to the end zone.

Manchester had scored first on the flea-flicker play Rigg passed to Pniowski who tossed back to Jim Sloat-which covered 40 yards. Roosevelt came back with a 60-yard drive capped by Fred Houck's one yard TD plunge and Brewster Brown went in from the one after a 50-yard drive. Bill Wales recovered the fumble that set up the Riders' second touchdown.

But Manchester got within one point in the fourth quarter when Rigg passed to Fielder (Jim) on a 50-yard play and then carried on a quarterback keeper the final 10 yards.

The Dutchmen got the ball again in the final minute to set the stage for their fast finish.

Manchester's only extra point was kicked by Ron Funches and Andy Yliso ran in Roosevelt's conversion.

LETTERS TO THE EDITOR

Dear Editor:
The November 3 General Election will be the first step to implement some parts of the new Michigan Constitution.

We are especially concerned with the VERY important powers and responsibilities to be given the new State Board of Education.

The new Constitution, Article VII, Education, state, in part: "State board of education, duties. Leadership and general supervision over all public education, including adult education and instructional programs in state institutions, except as to institutions of higher education."

granting baccalaureate degrees, is vested in a state board of education. It shall serve as the general planning and coordinating body for all public education, including higher education, and shall advise the legislature as to the financial requirements in connection therewith.

The state board of education shall appoint a superintendent of public instruction whose term of office shall be determined by the board.

We believe that the length of the general election ballot, and in the lack of public knowledge regarding changes instituted under the new Constitution, may lead some citizens to over look or bypass that portion of the ballot dealing with State Board members.

We respectfully urge you to consider the possibility of giving some editorial attention to this extremely important matter. The decisions made in this area at the polls next month will involve basic educational planning for a tremendous portion of the state's population, at every level from pre-kindergarten to post-graduate study, and of course, involves billions of dollars.

All of us who are vitally interested in Michigan's educational programs will be most grateful for your interest.

Sincerely,
E. D. Kennedy, Ex. Sec'y

CO-OP HUNTING PROGRAM GAINS FAVOR WITH FARMERS

At least 100,000 acres of private lands in southern Michigan are open to public hunting by special arrangement during the special game hunting season which opened Oct. 20.

That's the amount of land enrolled under this fall's co-operative hunting club program by 1,600 farmers who have volunteered to make it easier for city dwellers to find places to hunt.

Conservation Department rangers, who worked in setting up co-operative hunting clubs remain hunters that they still must ask these farmers for permission to hunt, the same holds true for all private lands in Michigan.

Under the co-op program popularly known as the "Williamston Plan," each farmer issues daily guest tickets to hunters who he reaches the quota agreed upon by the club to which he belongs.

After that no more hunters are allowed to hunt on his property until some of the tickets have been returned.

This keeps his lands from being overrun by hunters, and by the same token, gives each ticket holder a fair crack at the action to promote an orderly harvest of game.

In getting the "O. K." to hunt on these or other private lands, sportsmen are urged to heed several tips which could very well mean the difference between keeping and losing a place to hunt next year.

First of all they should learn the exact boundaries of the farmer's property or those of his co-operative club to avoid trespassing.

Secondly, hunters should find out which areas are off limits to shooting and stay clear of them to prevent damage to livestock crops and buildings.

When afield, the thinking hunter helps the farmer. He climbs over fences where posts are located to avoid breaking down the wire. He closes the gates behind him.

Farmers do not appreciate rangers around rounding up their cattle on someone else's lands.

Be careful with matches and cigarettes, and is a dangerous time for wild fires. Remember too, thank the farmer!

Michigan Department of State James M. Hare, secretary of state Lansing, Michigan

JOLLY FARMERETTES
The Jolly Farmerettes held the organizational winter meeting at the Sharon Townhall.

New officers elected are: Mary Uphaus, president; Kathy Feldkamp, vice president; Vicki Blase, secretary; Marilyn Winstar, treasurer; Linda Hoehn, reporter; Lucy Feldkamp, song leader; recreation leader, Janet Nemmer.

Jenny Feldkamp was elected club mascot. The next meeting will be November 14.

LETTER TO THE EDITOR
The following is a letter from the Michigan Education Association.

Dear Editor:
One of the many very important choices (and they all!) on the 1964 ballot to be voted on Nov. 3 is the selection of members for the new State Board of Education.

It is our feeling that because of the number of selections to be made on the total ballot, many voters may choose to overlook many parts of the ballot, in the interest (or disinterest) of getting through this 1964 ballot.

We have prepared the enclosed one-column news item for your use, hoping that we can arouse interest in the importance of Michigan schools, colleges and universities at this particular portion of the ballot.

It is our hope that you agree with this feeling of ours, and would please make whatever use you can of it in your newspaper as a public service to education.

Very truly,
George W. Romney, Jr.
Director of Public Relations

ED IN DOUBLE RING CEREMONY

Sue Ellen Williams of Saranac and Roger Lee Leach of Manchester exchanged their wedding vows Saturday, October 17 in the United Church of Christ at two o'clock.

The couple are Mr. and Mrs. Harold Williams of Saranac and Mr. and Mrs. Maynard Leach of 10235 Sharon Hollow Road, Manchester.

The Rev. Ralph Kuether read the double ring ceremony before the altar decorated with bouquets of white mums.

As the bride and her father approached the altar the bride was wearing white satin with lace inserts in the skirt front and lace panel in the back extended to a chapel train. She carried an arrangement of white sweetheart roses centered with a white orchid. Her fingertip veil was held by a crown of seed pearls and crystals.

Miss Janice Leach, Manchester, sister of the bridegroom was maid of honor. Her gold satin gown had a bell shaped skirt and a floor-length overskirt. Matching satin she carried a colonial arrangement of pom-pom mums centered with white roses.

The bridesmaids were Karen Meyers and Bonnie Marshall, both of Saranac. They wore rose satin dresses with floor length overskirts. Their headresses were roses of self material accented with velvet. They carried colonial arrangements like that of the honor attendant.

Lavene Leach, Manchester, sister of the bridegroom, served as best man and seated the guests were Carroll Williams, Saranac, brother of the bride and Roger Handy, Manchester.

Deborah and Ronald McHenzie, Grand Rapids, cousins of the bride were the flower girl and ring bearer. The little flower girl wore a dress styled like that of the bride and carried a basket of pink and white flowers.

For her daughter's wedding, Mrs. Williams was wearing a blue two-piece suit with matching accessories and a corsage of pink sweetheart roses. The bridegroom's mother chose green brocade suit with matching accessories and a corsage of yellow roses. The bridegroom's two grandmothers were among the guests. Mrs. Hazen Leach of Chelsea wore a flowered silk print and Mrs. Fred Goelle, Manchester was attired in green jersey. Their corsages were white carnations.

After a short wedding trip the couple are residing at 10231 Sharon Hollow Road, Manchester.

Prior to the wedding showers were given by Mrs. Peter McSweeney of Grand Rapids and also Mrs. Ray Uphaus and Mrs. Allen Uphaus of Manchester.

The bride is employed at Arlans Ann Arbor and the bridegroom is engaged in farming.

COMING EVENT
Beacon Light Extension Study Club will meet Wednesday, Oct. 22 at 8 p. m. at the home of Mrs. C. C. Barkley of Chelsea.

SHEEP DESTROYED AFTER ATTACK

A marauding dog seriously injured six sheep on a Bridgewater Township farm Sunday according to sheriff's deputies.

Fred Below of 8130 Ernst Rd. told sheriff deputies he spotted a dog cashing his sheep Sunday morning.

The sheep, which had to be destroyed, were valued at \$160, police said.

In Michigan... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Michigan...beer goes with fun, with relaxation

Do we really need a Medicare Tax ?

Health care is now available for "over 65's" who cannot afford to pay

If you are over 65, facing medical expense and can't pay for it... it's yours for the asking, already provided for by law. The Kerr-Mills Act offers a Health Opportunity Program for the Elderly with the federal and state governments sharing the cost.

In most states this care is far, far greater than that offered by Medicare proposals... and no additional tax is necessary.

If you are elderly, and without funds for needed medical care, ask your doctor about the Health Opportunity Program for the Elderly, or call your local medical society.

EDUCATION PAYS DIVIDENDS

An investment in education pays the highest dividend of any investment in the world, Theodore H. Tapping Jr., Supervising Principal said today.

In fact, entering the first grade is like opening a savings account; the longer the investment is kept going the higher the dividend grows.

Of all investments a person can make, education pays the highest return. On the basis of a lifetime earning, it can pay off as high as 40 to 1.

Mr. Tapping explained that this is how the National Education Association demonstrates the value of investing in education in its data for American Education Week, Nov. 8-14. This year's theme is "Education Pays Dividends."

The NEA says the hard facts about the worth of education include the following:

* Society has fewer jobs for the uneducated. So, more than ever before, education stands between the man and his job.

* Education is required today to understand the daily newspaper and the complicated processes at work in our society.

* Education is needed to solve today's problems in every community.

* Tomorrow's problems will require flexibility and intelligence, two of the hallmarks of education.

* Education pays dividends, the NEA says, in seven ways.

* Better Human Relations: Public schools teach students to get along with their neighbors and to work together to solve mutual problems. In this way public school education enables them to get along with all types of people, from all social classes. This dividend eventually pays off to the community and to the nation in better community and national relations.

* Improved Earning Power: Education makes the difference between those living in poverty and those living in plenty. The majority of people earning less than \$3,000 for a family of four have less than an eight-grade education and a man with a college degree was \$6,655 in 1958. The college graduate earned over \$3,500 per year more than the high school graduate. Education is the main means of combating poverty, the NEA says.

* Personal Fulfillment: Public schools help to bring out the potential of the individual child in the diversity of the classroom and provide the opportunity to fulfill the promise in each child. Also, education leads to personal development by teaching for the student's future occupation.

* Good Citizenship: Education helps provide the citizen in a democracy with the ability to govern himself. This is done by teaching history, involving students in democratic government, making students aware of the machinery of government, helping students see the United States as one of the nations of the world, and leading students to participate in community activities. This ability to govern oneself, the NEA says, is one of the major dividends of education.

* National Economic Growth: Education is important for economic growth. Nations with literate populations have higher per capita incomes than illiterate nations. The natural resources of a country do not determine its economic status. Those countries which make the highest effective use of education attain a high economic status.

* Better Communities: The direct result of education is an improved community, the NEA says. The community prospers first; the results are high property values, better community services, a lower crime rate, better leadership, and holding power for the educated and forward-looking people.

* International Relations: Perhaps the best way to resolve the problems of the world peacefully is through education. The basic tools for understanding other countries are obtained in school through learning geography, history, literature, social studies, and languages. "Education produces reasonable men, those able to use

their intelligence to solve problems. Reasonable men may be expected to reach reasonable solutions," the NEA says. America role as one of the world leaders would be impossible without an educated populace.

ANTERLESS DEER PERMITS TO BE DRAWN

Automated drawings have been set for Thursday, Oct. 22 to select by machine nearly 200,000 applicants who will receive permits to hunt antlerless deer during Michigan's November firearm season, the Conservation Department has announced.

With applications pouring in by the bagful during the first weeks of October, the Department reports that a record number of hunters should be in the running for permits when this month's "luck of the draw" gets underway at the Data Processing Center in the Stevens T. Mason Building in Lansing.

Although the bulk of the incoming cards were still to be processed, some of the special season areas had already become oversubscribed and many others were filing in.

As soon as drawings have been completed for all over subscribed areas, cards will be rushed to a commercial printer where they will be marked as valid permits or unsuccessful applications. If everything goes according to schedule, all hunters will get their cards back by October 31, telling whether luck was with them or not, in the drawing.

Regular swimming instructions were given on Monday, Tuesday, Thursday and Friday afternoons by Dewey Smith of the Manchester Recreation Department. Mrs. Gladys Hamilton and Miss Sandra Polk were his assistants. There were two buses leaving the Little League field at 12:15 and 1:15. Twenty-five beginners certificates were issued this year by Red Cross.

These trips were taken including 10 Island, Tiger Baseball game and Greenfield Village. Other special features included ice cream treat by the Union Savings Bank, the watermelon eat at Carr Park on the last day of playground, the track and field events, playground parade and cap box derby.

About 175 boys participated in the baseball program which included the Little League and Junior League, Farm Teams and High School League.

The Little League played a ten game schedule with the Braves during the championship. The Farm Team also played a ten game schedule with the Angels during the championship.

Organized playground activities included boys softball. Other activities included a track and field meet, baseball throw, a tennis tournament, archery, horse-races, either ball and eucalyptus, pin pong, "quiet" games, cards, basketball, badminton, tennis, archery, horseshoes, football, and Marbles.

Trophies were again awarded to the winners as determined by total points accumulated during the season. The division winners were: Boys' 9-12-Scott Sloat, Boys' 12-15, Rick Fielder, Girls' 9-11-DeWitts Fielder, Girls' 12-15-Kathy Richardson.

Suggestions for next year include: Continue the 16 to 18 year olds playing in Jackson Baseball League. Continue to provide with swimming instruction 4 days a week. Try to make it possible to send at least one person to the Red Cross aquatic school so we could have another qualified swimming instructor.

Form a winter basketball league for the 4th, 5th and 6th graders. Try to make it possible to transport children from the Pleasant Lake School District for the swimming program.

Funeral services were held Thursday for Charles H. Sautter, 83, a retired member of the Dearborn Police and Fire Departments who died Monday. Services were held at the Querfield Funeral Home.

He was born in Bridgewater, a son of John and Kristina Sautter in Bridgewater and lived in that community and at Wamples Lake for many years before moving to Dearborn.

Surviving are his wife, Hazel; three daughters, Mrs. Frank Van-Bosch and Mrs. John Mills, both of Dearborn, and Mrs. Steve Bowman of Pontiac; and one son, Charles of Florida; eight grandchildren; 13 great-grandchildren; one brother, Chris of Grass Lake and two nieces and two nephews.

SUMMARY OF SENIOR PLAYGROUND ACTIVITIES

The following is a report which reached the Enterprise office after the completion of the summer playground but which was connected with the program to be of interest at community chest time:

Senior playground activities were available for boys and girls in the fourth grade through the age fifteen group. The total attendance for the eight week period being 4,980. The highest attendance for the morning session was 110 while the highest for the afternoon swimming was 132. The total attendance was 22 for an afternoon swimming trip. The total daily average attendance was 50 per day.

EVIDENCE PRESENTED AT MURDER TRIAL!

The evidence will prove beyond a shadow of a doubt that Black's IGA, Bill Minder's IGA, A & B IGA, did willfully murder Mr. High Grocery Cost. We purchased from grocery stores from other markets who are friendly to Mckum Stamp, Mr. Cut Out Coupon and Mr. Tricky Gimmick and presented this staggering evidence to the jury. The jury was swayed by the everyday low prices and asked the judge to adjourn court for the day so they could go to IGA and take advantage of their everyday low, low prices. They also want to check the evidence that is on display at IGA for a proper conviction! Won't you check the evidence, too! Just to be sure we're guilty?

Over 65? Need Medical Care? Can't Afford It?

There is a Health Opportunity Program for the Elderly available now, made possible by the Kerr-Mills Law passed in 1960, and soundly endorsed by your doctor's medical society.

It enables individual states, with federal assistance, to guarantee to every elderly person who can't pay for it the health care he or she requires.

We believe the Kerr-Mills Law is a better program than the previous Medicare Tax plan. First, the Medicare Tax would pay less than 2% of the total yearly health care costs of the average person over 65.

Second, the Medicare Tax would cover those who don't need it... the wealthy and well-to-do... as well as the 8 out of 10 of our elderly who have private health insurance that pays most or all of their medical bills.

Yet every single senior would be forced to pay higher taxes for the Medicare Tax plan. That's right, extra money for a plan that is not needed.

The Kerr-Mills Law—a true Health Opportunity Program for the Elderly—is a much more fair. The cost comes out of the taxes we already pay. And it provides help to those who need help.

For more information ask your doctor.

COUPLE WED IN RITES AT METHODIST CHURCH

Bonnie Gay Ayres of Jackson and Gary Joseph Reynolds of 15402 Bush Road, Detroit exchanged their wedding vows in double ring rites at the Manchester Methodist Church Saturday, October 17 at seven o'clock.

The service was read before lighted candles decorated with white faji mums and hampers of white mums by the pastor, the Rev. Jesse Epps.

Parents of the couple are Mr. and Mrs. Clare Ayres of 9950 Rexford Road, Jackson and Mr. and Mrs. G. Reynolds of 15402 Bush Road, Detroit.

Given in marriage by her father, the bride wore a white satin gown with fitted bodice, scoop neckline of satin with high illusion yoke.

The long sleeves ended in points over the wrists and the full skirt fell into a cathedral train. Her veil of illusion was held by a lace headpiece and she carried a cascade of white roses.

The bride's attendants were Mary L. Fox and Gale Fox, both of Jackson. Their gowns were white and blue brocade with scoop necklines, fitted bodice and bell-shaped skirts. They carried cascades of white carnations.

John D. Reynolds, of Birmingham, brother of the bridegroom was the best man and ushers were Dr. Thomas Magnel of Detroit and Rusty Shepherd of Detroit.

Mrs. Paul Kappler played traditional wedding music and accompanied Mrs. Celestia Ingraham, the soloist who sang the "Lord's Prayer" and "I'll Walk Beside You."

A reception immediately followed at the Knights of Columbus Hall.

ATTEND MEDICAL REUNION

Dr. and Mrs. William Purinton attended the first reunion of the Galens Honorary Medical Society. It was in celebration of its Golden Anniversary.

A luncheon and program at the University Hospital was followed by a banquet at the Washtenaw Country Club. Three of the founding members were present.

They were Albert C. Furzberger, past dean of the University Medical School, who was speaker at the banquet.

Galens now have over seven hundred alumni, residing in four states and foreign countries numbering four. The reunion confirmed for the Galens Alumni the society has lost none of the tradition for which they remember it and that it still has an extremely important role in the Medical School curriculum.

PARENTS OF 4-HERS TO MEET HERE

A meeting for parents who are interested in having their children become 4-H members will be held in Manchester Tuesday, October 27 at 8 p.m. in the library of the Manchester Junior High School in the old high school.

Norman Brown, Washtenaw County 4-H Extension Agent will conduct the meeting. Two new 4-H Clubs have been organized this fall in Manchester. There is one for those interested in leathercraft and another for those interested in electricity.

Plans are underway for a club for girls interested in knitting and clothing. Thursday, October 29 there will be a meeting and junior leader school at 7:30 p.m. in rooms 1 and 2 of the Washtenaw County Building.

Shuffleboard will be held in the Zion Lutheran Church hall Oct. 27 at 7:30.

MAIN STREET

It's been a long time since we've had a Main Street column in the Enterprise. Sometimes there are things to be printed and some-how there is no place to put them. Of course we might solve the whole problem by writing an editorial-but we shrink away from the word. Anyway, whoever heard of writing an editorial about the stubborn violet that refused to believe that winter is on the way and just keeps on blossoming. We have such a plant and honestly you can't help but admire it for being so plucky. There's the dandelions too, they're not going to be caught napping. If anything is going to be in bloom when it snows, don't count them out. These little plants express our feelings too. We refuse to believe winter is on the way. Doesn't it usually start to snow around Thanksgiving? It is true we had a bit of winter and maybe a few flakes of snow in with the sleet on Monday. But it melted almost as fast as it fell. A week ago Friday there was a little snow, mixed with rain.

Sometimes we need a little space to clear the air, too. First of all, and this is important to every small town newspaper, we want it clear that we do not slant the news. Maybe we should feel flattered that some think we would be interested in doing this. Nothing could be further from the truth. In the first place, anyone who knows how a small town paper operates, knows too, that there isn't time to figure out all the angles to slant the news.

Please be sure, we want our readers to have the news-every bit of it. We don't want it left out. If we don't agree and we feel that the readers should know our opinion-we'll print ours too. If your items are omitted, you can be reasonably sure that it was lost or space didn't permit it to be printed that week. If we don't believe it newsworthy, we'll tell you.

In our opinion, news is when a thing happens. Such is the story of the Summer Recreation Program which appears in this issue. It was left out because of lack of space last week. We didn't fear that anything which happened so long ago was very timely. Apparently those involved believed it was extra to give this report along with the Community Chest Drive because the recreation program is supported by Community Chest. How about a report when it is news and updating the story later? Another year this might be well to remember. The public likes reports when they are interested in the program. It makes better reading. Bigger papers would not be slow in throwing such a report away.

On this slanting the news-we were accused but once. Later they apologized when they found the article in the paper. As far as politics are concerned, both parties are duly represented on our staff. This too, is very good. We believe that there has never been such interest among the people in an election as there is today. A number of friends warned, "Don't attempt to decide how to vote until you have read a little paper covered book 'None Dare Call It Treason'." And this bit of advice came from far and near-even from across the States. On Saturday, October 17 in the Ann Arbor News, there was an editorial on the book. Have you read them both?

If it wasn't for the Main Street column how could we ever let you know that we finally gathered the walnuts. Did you ever have an idea you wanted to do something special to help out. That was what we were attempting to do. Part of the family was away on vacation. We had gathered a few walnuts but as usual didn't have enough when the hard freeze came a week ago Thursday.

Looking out the window it seemed as if a giant had invisibly been shaking the tree. There was no breeze but the leaves and big green walnuts were tumbling down. By noon the tree was bare. It seemed they had never fell so fast. With our basket in hand we gathered some and watched as the neighbor's dog kept looking up at the tree, whimpering and crying. He wouldn't have been hit so many times if he'd have been bright enough to go in his house.

He wasn't on the pick-up squad anyway. But he took his share of punishment by managing to be in line of the falling nuts. There is no point in explaining the process of shaking walnuts and washing them, except to note that it is well to wear rubber gloves.

Don't tell us that all animals are dumb. After the nuts were carefully washed and placed on screens to dry, it seemed that they were slowly disappearing.

We wondered if it was possible to over estimate how many we had in the first place. Yes, we decided it could be done. But we reasoned we knew they were piled two deep. Now they were spread pretty thin. The last time we looked there was a lot of the screen showing.

Watching out the kitchen window at a cardinal nibbling at the ear of corn, our eyes wandered over to the walnuts. A few little chipmunk snatched a walnut, hopped over to the garage and disappeared down the other side.

We watched in disbelief. As we looked back at the walnuts there was the bushy tailed squirrel grabbing one. No wonder the nuts were diminishing! Back came the chipmunk for another. We screamed out the door and it ran with the nut firmly clutched in its mouth. There was no question these walnuts had dated long enough in the sun. They had to be gathered in.

It's a funny thing. With bushes down under the tree just waiting to be picked up, our funny friends chose to take the few we had gathered. They spotted the shucked walnuts-or is it funny?

MODERN FARMERS MEET

Modern Farmers Farm Bureau met at the home of Mr. and Mrs. Martin Kessal with Jesse Walker the new chairman. Nine families were represented.

Mrs. Harold Kessal reported on the Women's Meeting at the Farm Bureau Center. She and Mrs. Ben Maurer attended.

Joe Kardl, minuteman gave his report and Mrs. Jesse Walker, the discussion leader for the group stressed the importance of every one voting in the November election.

The next meeting will be at Lawrence Kemmers.

A Clinton couple, Mr. and Mrs. Elmer B. Johnson, will celebrate their golden wedding anniversary with open house Sunday, October 25 at the Smith-Kimball Community Center in Clinton from two to five o'clock.

Mrs. Johnson is the former Lillie J. Traub of Manchester. The couple was married October 27, 1914 in Manchester by the late Rev. Jacob Wulliman.

Mr. Johnson, a retired farmer, is 78 years old. Mrs. Johnson enjoys sewing and fancy work. She is 74 years old.

The couple has two sons, Eugene Johnson of Wampers Lake and Floyd Johnson of Clinton; three daughters, Mrs. Marietta Rafferty of Clinton, Mrs. Lloyd (Margaret) Goshorn of Clinton, and Mrs. Russell (Betty) Schwab of Manchester.

They have nine grandchildren and two great-grandchildren.

Mr. and Mrs. Johnson live at 13750 Allen Road, Clinton. This is a Centennial Farm, having been in the Johnson family since 1836.

CAMP REGISTRATION CARDS AVAILABLE

Deer hunters planning to stay at state forests this season can again take care of two get-ready details with one trip to the local license dealers, the Conservation Department reminds them.

At the same time they buy their firearms licenses, hunters can also pick up free registration cards which are required for camping on these publicly-owned lands.

The cards, also available at conservation district headquarters, and must be filled out with each hunter's name and address and posted at his campsite. This system of registration enables Department field men to find hunters with maximum speed when home emergencies arise.

MAIN STREET

With election day almost here, practically on the heels of Halloween it is hard to know whether we should be writing about goblins and witches riding brooms or should be basking in the beautiful weather and wondering if this warm spell is just the heat from some of the comments of candidates who have been giving their final round of speeches.

It is some comfort to know that Manchester is going to be in there watching and helping speed up the reporting of vote results. And we don't refer to the counting of votes in the township. The Jaycees will be represented by three of their number, who will be serving as special election precinct reporters for Network Election Service (NES), Richard Knouase, Ron McNally and Gary Brokaw have been appointed by their president, Keith Doelker to go to Detroit to work for the network. NES will give a cash grant to the Michigan Jaycees for their help.

For those who won't be able to vote on Tuesday, Nov. 3 and who want an absentee ballot, they should make arrangements to have someone get one for them from Waldo Marx. There is a deadline- Saturday at 2 p.m. The ballot must be returned to the township clerk by election day. Of course, you must be registered if you vote.

It was suggested too, that maybe we should mention that Tuesday Nov. 3 the general election date is also the date of the TOWNSHIP election which in past years took place in April. Polls will be open at the village hall from 7 a. m. to 8 p. m. for the purpose of STATE COUNTY and TOWNSHIP officers. There are also three propositions.

In order that everyone is clear on the generalities-there are five ballots.

- 1. the large ballot contains the names of people seeking office for national, state and county.
2. is the referendum ballot and vote on a county tax limitation proposition.
3. is the non partisan ballot to vote for three judges of the Court of Appeals, one judge for circuit court and one for probate court.
4. referendum ballot-to vote for or against the future use of the Massachusetts ballot. (By the way we have a copy of the 1962 Massachusetts ballot here in the office if you want to take a look at it.)

5. this is the local township ballot. Talking over the coming election among ourselves here in the office we had a chance, along with about fifty others, to ask the publisher his views of the coming election. What does George think of the election? How is he going to vote? Does he endorse either party? The answer he gave to the questions is:

"There is such a demand on the part of the intelligent voter these days to know, not only what is happening, but why it is happening and how, what transpires fits into the general political and social pattern that I say, I am an Independent. No banners. No party. No Band Wagon for this boy! I'll choose the man I believe will do the best job!"

Just who he believes the best man is, wasn't disclosed. George, we think is a real politician His staff is pretty much divided and he isn't going to be caught taking sides. Let us all hope that the men best qualified for the jobs are the ones who get them!

Every four years in our scheme of things there is a flurry of activity. Big events, would-be-greats, ordinary politicians and hangers-on running for election to public offices. This year the people are going to elect a president, assorted governors, representatives and others too numerous to mention. It is obvious, according to some learned writers and commentators that either we're going to Hell in a nuclear cloud of dust or we are going to live in Utopia without poverty, without ignorance and without racial prejudice, etc.

So after we have been bombarded with propaganda from all sides for several months, let's not lose sight of the down right guiding factors in voting if you really and truly have the interest of this country at heart. Now, what are the guiding factors in a national election? Chances are your thoughts will be different from the neighbors, or ours. But there are those that are clearly defined if you ponder the situation. Eventually you determine what the guiding factors will be as far as you are personally concerned and you'll try to apply them to the stated issues and when you have arrived at the choice of individuals running for office and when you have carried out your own beliefs-

if you then as a citizen voter, have actually constructively analyzed the whole picture you can go to the polls and cast your vote with a degree of intelligence knowing as you do this that you believe you have done the best for your country and yourself.

There are those too, who allow themselves to be swayed by high powered selfish interest orators and vote according to the way they are instructed. This is not being a good citizen and as if this were not bad enough, there are those who actively seek out the unregistered and disinterested people and make him promises and get him to go to the polls, advising him how to cast his vote and the result is a vote for good or evil, depending on how you look at it. It would appear to some of us, that, instead of making a last minute effort to correct the vote of the uneducated and uninformed we could do better by a program of education and make sure that everyone who desires to cast a vote is educated and informed enough to cast an intelligent vote.

PASTOR TREASURES MCGUFFEY READERS

Picture - Courtesy of Tecumseh Herald

A former Manchester resident and minister at the Iron Creek Church for more than 33 years is packed and ready to leave, with his wife, to spend the winter at St. Cloud, Florida. With him will go several of his McGuffey readers. The Rev. and Mrs. Alvin Brazeau leave next Thursday for their winter home.

Why will Rev. Brazeau be packing some old McGuffey Readers down to Florida? First of all, he never tires of them and reads them over and over. Secondly, he just might want to use them when he is in St. Cloud. He usually goes to work and preaches every Sunday in special services. There is a wealth of reading in the old readers.

During his life time he has collected well over fifty old and rare books, and a five volume Bible Commentary, written by Matthew Henry in the 18th Century. This too, he is taking to Florida and will be giving it to the minister of the First Baptist Church there.

As he fingers over the treasured copies there are the old McGuffey Readers used by his own parents during the Civil War days. There are others, such as text books by Appleton and Harper.

"The collection of these books mean a lot to me. I hope they spread some happiness to others. Last week I gave my complete set of McGuffey readers away, to a dear friend who did many things to help me during my lifetime. I have others," he added, "But not the complete set."

Mr. Brazeau graduated from Tecumseh High School in 1908 and with his wife, Helen moved to Chinook, Montana where they lived on a ranch and taught school. Even in those days he worked for a minister's license from the Methodist Church there.

They returned to Tecumseh in 1921 where he taught in rural schools until joining the teaching staff of the Tecumseh High School. His only parish was the Iron Creek Church three and a half miles southwest of Manchester. In the spring of 1928 Rev. Brazeau was asked to supply for a few Sundays, due to the illness of the pastor. The few Sundays extended into 33 years and he retired last October, 1963.

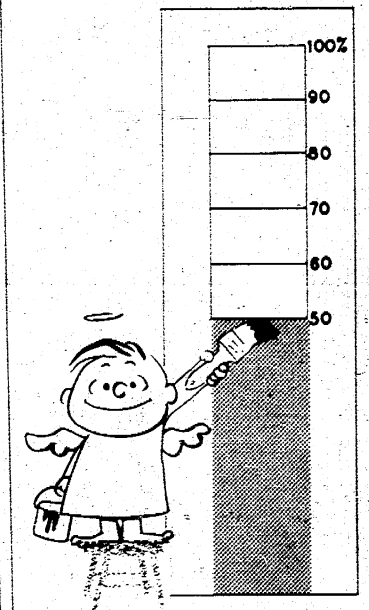

From 1925 to 1949 he taught in the Tecumseh School system-junior high. Just as he planned to retire he was asked to teach in the Brownville School where he had been a pupil as a youngster. The school is now the Gloria Dei Lutheran Church parish hall. It had been restored by Henry Ford and the McGuffey Reader was the one used.

"There were no bright pictures in the books. They were not particularly attractive. There were no wide margins. They were printed to teach the student and not entertain him," the retired teacher pointed out.

One thing was certain the old-time educators added a moral to their stories. These things came in handy to Rev. Brazeau, who during the years at the Iron Creek Church, would call the children up to the front every Sunday during the service for a few minutes. Young and old listened as he'd read a short story from the McGuffey Reader. The children would have their Sunday school lessons later but this was as much a part of the Sunday church service as the ringing of the church bell.

These old volumes bring back memories of his own childhood, his parents, his own children, and the many children he taught during the years. The McGuffey Reader, a life-long friend. Next Sunday, the Rev. Brazeau has been asked back to the Manchester Church to preach again before he leaves for Florida. Folks out at the Iron Creek Church are sure of one thing, he'll call the children up to the front of the church for a few minutes. Then he'll read a short story from his beloved McGuffey Reader.

COMMUNITY CHEST REACHES HALFWAY

Manchester's Community Fund and Red Cross Drive reached the halfway mark after two weeks of hard work by volunteer solicitors, according to Campaign Chairman, Mrs. James Baker.

The Division Chairmen have not been able to make final reports. An actual count during the past week-end showed that \$4800 has been collected in the drive to raise \$10,152.

The most encouraging reports come from Industry, Outside Business and Village House to House, with somewhat harder sledding in Local Business and Rural. Clarence Fielder reports \$2,000 from industry but this figure should rise considerably during the coming week.

The Industry Division includes Double A, and John Althouse, heading up the Double A Drive, states that the company goal of \$3,000 is nearing the mark.

Mrs. Ray Tiro, who is soliciting Outside Business, reports excellent returns, as does Mrs. Del Ludwick in the village drive. The School Division under Theodore H. Tapping, Jr. has completed a highly successful campaign.

People who wish to donate but have been out when their solicitor called are asked and urged to seek out their solicitors, or they may mail in their contributions to the Manchester Community Fund, care of L. D. Vogel, treasurer of the fund.

The drive is scheduled to end this week. A generous out-pouring of gifts during these final days of October will help to keep the record clean.

TURKEY SHOOT COMING UP

Jaycee sponsored Turkey Shoot is scheduled for Sunday, Nov. 8 at the Schaffer Airport.

More than 40 butterball turkeys will be given away as prizes with turkeys averaging 11 1/2 lbs. to 12 pounds.

Guns and ammunition will be provided, or you may bring your own, according to David Little, Sgt. Bliss of the Michigan State Police and local deputy, Don Singer will do the scoring.

COMING EVENTS

The annual turkey dinner sponsored by the WSCS of the Methodist church will be Wednesday, Nov. 4 starting at 5 p.m. There will be a country store and bazaar along with many gift items. One feature of the event will be the home made candy sale.
