STEER CLUB VISITS

Optimist Club members meet for dinner meeting at Emanuel church hall and at that time there will be special emphasis on the members visiting the boys and girls whose steers they sponsor.

Ted Tapping, club president, says that the Steer Club committee, L. V. Kirk, chairman, Norman Bacholtz, Dan Boutell and Tom Walton did an excellent job selecting the 32 steers at the Gaylord Sale.

"There have been some important changes in the Steer Club rules this year," Tapping said. "Unless the steer can be shown at the fair it cannot be sold at the steer auction. The rules have been revised to include seventh graders and above and the club members are asked to have the set of records on the steer to the steer committee much earlier than in previous years."

The steers, bought in October, are doing exceptionally well, the club president said and added that the sponsors can give the club members a real boost by visiting them and mentioning their visits at the Optimist meetings.

At this time contestants for the Oratorical contest are being screened in junior high English classes and it is hoped that quality and quantity of this year's competitors will be realized.

The club president also points out that members should keep in mind bringing other men in the community to the civic club and notes that the Christmas party for the children was a huge success with some 400 bags of candy handed out.

DAFFY DANDELIONS DEFY WINTER!

It was no joke when Wanita Benedict asked her mother if she wanted to see a dandelion. She was holding three short stemmed but never-the-less full bloom dandelions which she had just picked on Monday.

Her mother told her that if she found any more she wished she wouldn't pick them first. Seven-year-old Wanita is shown pointing to another one which was blooming in the yard on Tuesday.

CHAIRMAN HUGHES APPOINTS SPECIAL COMMITTEE TO MAKE RECOMMENDATIONS ON REAPPORTIONMENT

Russell Hughes of Bridgewater Township, chairman of the Washtenaw County Board of Supervisors has named a special reapportionment committee to work with the legislative committee on the problems of reapportionment.

The committee will also propose that members of county boards should be elected on a partisan basis, with city, village and township officers and employees privileged to serve on County Boards with the term of board members 4 years and elections held on the so-called "off-year".

The committee points out that the legislation should establish rules to guide counties in reapportionment and that the size of the boards could be varied for different categories by population.

They suggest that there should be limitations of size of boards; county boards shall be composed of not more than 40 members and not less than five. Each county should be divided into districts, each district represented by a single elected member to the board.

Parr said that the committee suggested that "All districts shall be adjusted so that each district shall be as near equal in population as each of the other districts within its boundaries before any part of the city is joined to territory outside the boundaries of the city to form a district; districts shall contain both city and township populations only when necessary to observe the principle of one man, one vote. Units of government, such as

townships should be combined to form a district, as far as practicable and a district shouldn't exceed more than 10% either above or below the average population for all districts.

The Supervisor of the most populous townships and mayor of the most populous city would then call together their respective boards within 10 days after notification.

The committee will also suggest at the Tuesday meeting, Parr said, "That the County Clerk would be the permanent secretary to the Reapportionment Commission regardless of whether it is made up

of the Board of Supervisors or the Commission as suggested and it would be the clerk's responsibility to send out all notices and call all meetings. Whether or not the County Board will adopt the suggestion is anyone's guess but Mr. Parr says that the proposed resolution has been given much study by the committee and it is believed that it will be a workable solution.

YPSILANTI STATE HOSPITAL COMMUNITY RELATIONS DEPT.

Letter to the Editors: I would like to take this opportunity again this year as I have done the past several years to sincerely thank the community groups, churches, clubs, college groups, individuals and anyone else for their generosity to the Ypsilanti State Hospital and to our patients during the Yuletide Season. Parties, gifts, and cards and remembrances of every type all aid the staff in the ongoing program of rehabilitating our patients. If it were not for the generosity of the public which continues all through the year our programs would be virtually impossible. I would like to assure each of you that you have made Christmas at Ypsilanti State Hospital a much more cheerful one and you have made so many people happy just to know they were not entirely forgotten. May I extend the joys of the season to you and include my best wishes for a very rewarding new year. Sincerely yours, Alexander P. Dukay, M.D. Medical Superintendent

COUNCIL ADOPTS NEW ORDINANCE ANNOUNCE CANDIDATES FOR COUNCIL

Manchester Village Council adopted a new ordinance No. 73 at Monday's Council meeting which raises the fees for rezoning and variance requests. The ordinance sets the fee at \$50 for rezoning and variances, where the request has to be published in order to be legal. It also limits the cost to \$25 for requests which do not have to be advertised. Previously, the charge had been \$15, regardless of what the applicant wanted. This would include the application for a permit for the erection or movement of a temporary structure for dwelling purposes which is made to the Board of Appeals. The Ordinance #45 regulates the use of the land and structures in the village as well as the height, area, bulk and location of buildings. It regulates and restricts the location of trades and industries and the location of buildings designed for specific uses. This new ordinance is an amendment to the existing ordinance. Named to the 1966 Budget committee by President Bentscheider were: Robert Clark, chairman, Basil McGuire and Donald Dorff. They are to report at the next council meeting. DOLLAR and SENSE FARMING.

SHRED CORN STALKS after corn fields have been gleaned to help control erosion, especially on rotated corn land. But don't disk them into the soil if blowing isn't a problem. Shredded stalks cushion the soil from the impact of raindrops and may reduce soil loss by more than one-half. A 100-bushel corn crop produces almost 3 tons of dry stalks per acre which offers adequate protection from raindrops. Topsoil loss is fertility which must be replaced.

PRICING FORAGE CROPS is a problem in analyzing the farm business as well as in buying and selling. Illinois economists used \$20 a ton for good-quality hay at 80% dry matter and then figured the value of other crops according to equivalent dry matter per ton: 80% dry matter haylage - \$13.33; 45% dry matter haylage - \$10; 22.5% green chop - \$5. Corn silage cut at early dent having about 30% dry matter is valued at \$7.75 a ton; 50% dry matter, \$13.50 per ton.

FEED BRED SOWS properly to assure having healthy pigs at farrowing time. Main concern is to feed a balanced ration to maintain her in proper condition. Sows in drylot need no more than 4 to 5 pounds of feed per day and those on pasture need even less. But step up the rate 30 days before farrowing. Ration should be high in wheat bran or alfalfa a few days prior to farrowing to keep her digestive system normal.

BARN CLEANERS need attention before freezing weather causes breakdowns. Keep the pulling mechanism lubricated and replace worn parts that may snap under heavy load. Before starting, make sure all parts are loose and when you're finished let it run empty a few minutes.

COMMUNITY COLLEGE TO ASK TO ISSUE BONDS.
Trustees of the Washtenaw Community College have approved a resolution asking the state to approve issuing \$2,000,000 in bonds for site acquisition and preliminary development of the 235-acre site which was selected for the college on December 22.
Board Treasurer, Edward Adams Jr. says that the commission could approve the measure in about 8 weeks and after that time bonds could be sold at public auction. The resolution calls for a petition to the Michigan Municipal Finance Commission to allow the college to sell bonds.
The money will be used to buy the site, the Huron Valley Farms, located between Ann Arbor and Ypsilanti for \$822,500 and the remainder will go into a fund to cover preliminary and architectural and construction costs.
Charles MacMahon of Tarapata-MacMahon Association, college architects reported that test borings to a depth of 30 feet show the soil is capable of supporting the proposed building and he said that more borings would be made before the building is constructed.

RATE HIKE INCREASE IN GARBAGE PICK-UP SERVICE

Due to the ever increasing cost of operation, rates in Manchester will be increased effective JANUARY 1: \$1.70 per month for 10 gallon can and \$2.00 per month for a 20 gallon can. This amounts to a 50¢ hike on the 20 gallon can and 25¢ on the 10 gallon can.

DEPENDABLE GARBAGE SERVICE
NAPOLÉON, MICHIGAN

TO MY MANY FRIENDS

This note is to my many friends and relatives from Manchester, Clinton, Onsted and for that matter all over the United States. This is a heartfelt thanks for the many wonderful cards, letters and gifts I received this Christmas. It has been an experience I'll never forget, but never want to have to go through again. After all the demonstrations and what have you, that we hear about over here, it is sure is something else, to realize how wonderful people are and how much they appreciate what we are doing or trying to do over here and show their appreciation in so many nice ways.

I'd like to especially thank the MOM's, the American Legion Post #117, my sisters and brothers, and of course little Cathy for all the help in getting Mom and Dad's gifts to them for me. Thanks to Chick Kirk, too. Also thank the Women's Guild of Emmanuel, the State of Michigan for their part in my Christmas. I always knew Michigan was the best state in the Union-bar none.

Thanks again to everyone for everything and I hope to see every one in April. Until then, this is from an every grateful G. I. Sincerely, SP/4 Charles F. Schiel Phuoc Bien, Viet Nam.

Bob Jenkins skidded into a utility pole in Mount Vernon, Illinois, one night but didn't think he had done much damage. Next morning he noticed the pole was broken so he went to police. The police told him not to worry, two other drivers had hit the same pole since he had.

Poncho, a beagle owned by Alvin Davis got the worst of a bout with a porcupine. He had been to the veterinary hospital after previous accidents, so this time he simply trotted the two miles to the hospital and scratched on the door. Hospital attendants called the Davis family for permission to give Poncho medical attention.

Well, tell everyone I said hellow. Hope you had a Merry Christmas and that the New Year will be a happy one. Remember you are always telling me to be careful, you do the same--because I want you and dad there when I come home.

Oh, I almost forgot, if Marie and Mr. Koda do put anything in the paper, thank them for me, will you please? With love always, Your Son, SP/4 Charles F. Schiel

P. S. Finally got my shower, Mom. Did you ever take a bath in cold water when it's 100 degrees in the shade, if there is any shade and if there is any water. We have a gravity flow shower, when there is any water, and it is cold as ice. By the way tell Sallie and Sue that at Christmas the turkey stayed the pan. It is true that at Thanksgiving the boom from our big guns blew the dam turkeys out of the pan FOUR times. This is no joke! Bye for now.

LETTER TO POLICE DEPARTMENT

Robert S. Ford Ann Arbor, Michigan Jan. 10, 1966

Chief of Police Police Department Manchester, Michigan Dear Sir: I am enclosing my check of \$5.00 as a contribution to any police benefit fund you may have. This is a small token of my appreciation of the courteous service of two of your police officers who brought gasoline when my wife and I had run out of gasoline on Wednesday night, December 23 around 11:30 p.m. We were on M-52 about three miles south of Manchester returning home to Ann Arbor from Adrian. Fortunately a passing motorist stopped on our signalling. He said he had seen a police car as he passed through Manchester and would try and locate it and ask for help. The officers came in about 15 minutes. I did not know that any police department were provided such service and it came at a time when we were in great distress. Your officers were most courteous in every respect and I want to compliment you on the high caliber of the men on your police force. I hope your department will accept this small contribution. It does not begin to represent the value of the service and is intended as an expression of my appreciation of high standards of public service. Sincerely yours, Robert S. Ford.

The Manchester Police Department and firemen are not called on often to go out and perform rescue operations, but occasionally they do get a call. Such was the case when a big brown and white collie waddered out on too thin ice and the piece she was on floated away down the Raisin River. The Robert Downeys of 543 Adrian Street put in a call for help to rescue their pet. Police Chief Daniel Singer and Bruce Daniels, head of the public works department were given an assist by volunteer fireman, Gale Koebbe with the firemen's boat and the pet collie was brought to safety. "We were only glad that the call was to save a dog and not a child," Chief Singer said. SCHOOL CALENDAR OF EVENTS Manchester PTA meeting Monday. High School exams will be held Wednesday and Thursday.
