The New PLUS PHILADELPHIA LIFE UNDERGRADUATE STUDENT PLAN

What is the NEW PLUS Plan?

The NEW PLUS Plan is the Philadelphia Life Undergraduate Student Plan. It is a plan of life insurance especially designed for students to provide \$10,000 of low cost life insurance during the years when the student is preparing for his chosen vocation, and during the transition period when he is becoming established in that vocation. Through the NEW PLUS Plan, every student can create a \$10,000 estate to cover debts incurred or family savings expended for his education. The NEW PLUS Plan will also protect a young family which might otherwise be unable to survive the shock of early death without becoming dependent on the grandparents.

This plan guarantees a \$10,000 estate no matter when death occurs and the insurance is fully paid-up at age 90.

• AT AGE 31, family obligations will have normally increased and economic status will have improved to the extent that additional insurance will be needed. The NEW PLUS Plan, through its "Additional Insurance Privilege" guarantees that the student can purchase, without medical examination or other evidence of insurability, an additional \$10,000 of permanent life insurance at the Company's standard rates.

Therefore, by exercising all the privileges of the NEW PLUS Plan, the student is guaranteed a \$20,000 estate of permanent life insurance.

Who is eligible for the NEW PLUS Plan?

Every student age 16 to 24 years, 6 months, is eligible to apply for the NEW PLUS Plan.

How does the NEW PLUS Plan work?

- The NEW PLUS Plan provides \$10,000 of permanent life insurance with growing cash values.
- UP TO AGE 28, the cost of the plan is a very low annual premium of only \$40.00 regardless of age.
- AT AGE 28, the premium for the NEW PLUS Plan changes from \$40.00 to \$128.00 for men (\$134.60 for women).

What happens if the student becomes disabled?

If the student becomes totally and permanently disabled, the NEW PLUS Plan will continue to provide \$10,000 of insurance, without further premium payment as long as the disability continues. The cash values will grow just as if the premiums were being paid. Even though disabled, the student is still guaranteed the right to purchase the additional \$10,000 of permanent life insurance at age 31 by paying the standard rates for healthy lives.

What happens if the student leaves school?

The NEW PLUS Plan continues as long as the premiums are paid.

BOARD EXPLAINS MILLAGE ELECTION AND BUDGET

Open Letter To the People Of Manchester

Dear Friends: It would be impossible for me to write to each of the many beloved friends to let them know my husband "Red" is doing. He is still a very sick man and just starting treatment for chronic kidney failure. Each day of life for him is a precious gift which would not be visible if it were not for our faith in God, the hospital, doctors, nurses and the many cards and letters sent to us from everyone home. We miss our two little children more than words can tell but our minds are at ease as we know they are getting the best of care. We miss our much loved home milles and friends. God be willing, time will go swiftly and we will be home again.

Loren Trolz is seeking his fifth term as a member of the Board of Education. He is engaged in general farming. Clarence Fielder, a local businessman, served one term as a member of the Board from 1960 to 1964. Allen Alber is engaged in farming and trucking business and resides with his family in Sharon Township. The executive committee includes president Edward Galloway, Stanley White, Louis Vogel, Mrs. James Baker, Mrs. Franklin Reck and Clarence Fielder. The Budget Committee members are treasurer Louis Vogel, Mrs. Franklin Reck, Luther Klager, Mrs. Del Ludwick, Floyd Green and Mrs. Irvin Gill. Four members of the Budget Committee must be present to hold a meeting. The next meeting of the board will be June 14 at which time the new budgets for the coming year will be scrutinized and the agencies will be asked to meet with the board on a scheduled basis. DISPLAY FLAGS MEMORIAL DAY

At the luncheon meeting of the Chamber of Commerce president Al Gaige suggested that the local merchants try and have the American Flag displayed in front of the business houses on Decoration Day.

Mention was also made that a tribute to those who gave their lives in the Navy should be included in the Memorial Day Services again this year. Last year this special tribute at the Main Street bridge was omitted. In discussing the fast approaching Chicken Broil, planned for the third Thursday in July, Dan Boustell mentioned that the success of this well-known event is "probably due to the fact that the funds realized from the big broil are used to benefit the whole community. The money is used to buy something substantial, something permanent—usually something for the children!" He mentioned various improvements for the Athletic Field and for Car Park.

SENIOR CITIZENS TO MEET AT NEW TIME

The Senior Citizens of Emanuel will meet at the church hall Wednesday, May 25 at 1:30 p. m. This is an earlier hour than usual. The Senior Citizens have been invited to Chelsea to meet with the St. Paul Senior Citizens at St. Paul's church in Chelsea.

There will be a public meeting at 8 p. m. Monday, May 23, in the Nellie Ackerson School to discuss the budget needs and millage election on June 13.

The Board of Education is asking for 5 mills of extra operating money for the 1966-67 school year. This request represents an increase of 2 mills over last year's request.

School officials point out that these funds are needed if the school district is to maintain its current program and make improvements in its education offerings.

The 1966-67 school district budget is up about \$55,000 over last year's budget. A substantial amount of this increase will go to the teachers in the form of a salary improvement. Additional teachers to accommodate a growing enrollment and rising operational costs will also account for some of the increase.

The Manchester school system is growing both in enrollment and services, according to Superintendent Robert Swartz.

Courses are being expanded in several areas. More improvements are being contemplated for next year. All of the improvements will enhance and enrich each student's school experience regardless of the direction of the student relative to a college prep program or a vocational program, Swartz said.

Manchester will be offering Art instruction with a full time instructor; kindergarten through 12th grade; office machines course; expanded high school physical education program, including bowling, golfing and swimming; expanded laboratory work in chemistry and in elementary and advanced biology; and improvements in the high school English program.

Improvements being considered include: An upper elementary and junior high guidance and counseling program; full time remedial reading teacher with expanded reading services available to high school students; and a more extensive mathematics program in the high school.

The latter includes a program to accommodate the vocational bound student, the college prep student and the gifted student.

Also in the plans are in-service training programs for teachers; an additional bus route to accommodate growing enrollment; and expanded bus route service.

DANCE PLANNED TO HELP 'RED' LAMB

In an effort to try to raise funds to help defray the medical expenses involved in treating a Manchester resident, a community dance is being planned for June 18 at the Manchester High School gym.

The affair will benefit Melvin (Red) Lamb who is a patient at the Cleveland Medical Center and help defray some of the expenses involving the use of an artificial kidney machine and a possible kidney transplant.

The dance is planned by the alumni of Manchester High School Classes of 1953 and 1954 of which Lamb and his wife, the former Jeanette Guenther are members. Tickets will go on sale next week. Further details are available from Mr. and Mrs. William Schwab on the dance.

At this time Lamb is at the Cleveland Clinic Foundation where he is hospitalized. His wife Jeanette and his mother, Mrs. Le-

Roy Lamb have taken an apartment near the hospital. Tests are still being evaluated in consideration of a kidney transplant. One kidney has ceased to function. The kidney ailment resulted from a childhood illness.

At this time the Union Savings Bank of Manchester and the Chelsea State Bank are receiving contributions for the Lamb family. Until confined because of the kidney failure "Red" worked at the Sam Brown barber shop in Chelsea.

The Lambs' two children are staying with their grandparents, Mr. and Mrs. Roland Guenther. Jackie, five-years, went to Cleveland last week end but two-year-old Billy was unable to go because of a cold.

The dance will be held from 8:30 p. m. to 12:30 a. m. with a donation of \$1 requested. Two orchestras will furnish music.

PTA DANCE RECITAL NEXT SATURDAY

The PTA sponsored Dance Recital will be presented at 7:30 p. m. Saturday, May 21 in the civic auditorium.

The 65 students range in age from 3 years to high school students

School Reading Program To Get Federal Aid

Federal money to finance a summer reading program is available to Manchester School District under Title I which provides money designated to give "Final Assistance to Local Educational Agencies for the Education of Children of Low-Income Families." Manchester will receive \$258,900 according to Supt. of Schools, Bert Swartz the money will be used to carry on a very individual-summer reading program from 20 to August 12.

A thorough screening of all students has resulted in a list of seventy children who will be able to be enrolled in the new program.

Initially this project will concentrate on those who are having considerable difficulties in the area of reading and language arts.

These voluntary summer reading classes will be kept small, where necessary individual attention will be emphasized," the superintendent said.

He said that letters to the parents of children eligible to enroll in the program will be mailed out this week.

Inasmuch as this program will be more comprehensive than the summer reading classes previously in the local school, more teachers will be needed. There will not be able to staff elementary summer remedial reading classes and modern math classes. If any parent has a question regarding this program, they should feel free to call Mr. Ted Tapping, Junior High principal at Ga8-2341," school officials pointed out.

Although this Federal Program is new to all school districts, the Manchester school administration sees some form of Federal Aid to Education as a continuing part of national policy and therefore are already making preliminary plans and projecting their thinking beyond this current school year.

In effect this title of the Elementary and Secondary Education Act of 1965 says:

1. Children from low income families are educationally deprived. They have special needs during their years in school. There are also children who are not from economically deprived families but who are educationally deprived and also need special attention in school.

2. The tax yield from places where these children reside is not sufficient to meet these needs.

3. If the deprivations of these children are to be aided and the needs of these children met, the tax yield in these places must be supplemented.

This boils down to a simple fact: If the local unit of government can't provide suitable schooling for all of the children of all the people, the Federal Government can and will become involved in the education of its youth.

OPEN HOUSE TO HONOR RETIRING JULIUS HAAB

A reception and office open house in honor of Julius Haab, retiring Superintendent of the Intermediate School District, is planned for Sunday, June 5 from 2:00 to 4:00 p.m. at the School District's offices on the corner of Washington and First Streets.

Haab began as a County School Commissioner in 1939 and continued as Superintendent of the County School Board which in 1962 became the Intermediate School District.

In other business, the Board discussed hiring architects to act as consultants on location of a site for a permanent intermediate school district facility and to pre-plan the design for it.

The New PLUS PHILADELPHIA LIFE UNDERGRADUATE STUDENT PLAN

What is the NEW PLUS Plan?

The NEW PLUS Plan is the Philadelphia Life Undergraduate Student Plan. It is a plan of life insurance especially designed for students to provide \$10,000 of low cost life insurance during the years when the student is preparing for his chosen vocation, and during the transition period when he is becoming established in that vocation. Through the NEW PLUS Plan, every student can create a \$10,000 estate to cover debts incurred or family savings expended for his education. The NEW PLUS Plan will also protect a young family which might otherwise be unable to survive the shock of early death without becoming dependent on the grandparents.

This plan guarantees a \$10,000 estate no matter when death occurs and the insurance is fully paid-up at age 90.

• AT AGE 31, family obligations will have normally increased and economic status will have improved to the extent that additional insurance will be needed. The NEW PLUS Plan, through its "Additional Insurance Privilege" guarantees that the student can purchase, without medical examination or other evidence of insurability, an additional \$10,000 of permanent life insurance at the Company's standard rates.

Therefore, by exercising all the privileges of the NEW PLUS Plan, the student is guaranteed a \$20,000 estate of permanent life insurance.

Who is eligible for the NEW PLUS Plan?

Every student age 16 to 24 years. 6 months. is eligible to apply for the NEW PLUS Plan.

How does the NEW PLUS Plan work?

• UP TO AGE 28, the cost of the plan is a very low annual premium of only \$40.00 regardless of age.

• AT AGE 28, the premium for the NEW PLUS Plan changes from \$40.00 to \$138.00 for men (\$134.60 for women).

What happens if the student becomes disabled?

If the student becomes totally and permanently disabled, the NEW PLUS Plan will continue to provide \$10,000 of insurance, without further premium payment as long as the disability continues. The cash values will grow just as if the premiums were being paid. Even though disabled, the student is still guaranteed the right to purchase the additional \$10,000 of permanent life insurance at age 31 by paying the standard rates for healthy lives.

LAMB CLUB DISTRIBUTES LAMBS

Four-year lambs have been distributed to boys and girls in the Manchester Lamb Club. Each of the twenty members were given two lambs which had been numbered and drawn by lot to determine who is to raise them.

The club, sponsored by the project, had until Community Fair time to finish the lambs which will be sold at auction.

Club officers are: Pete Haasler, president; Leslie Kopka, vice president; Becky Feldkamp, secretary-treasurer.

The lambs were brought at 80 cents a pound from Elmer Kopka, local farmer, who is a member of the Board of Governors of the Lamb Club.

Others included on the Board are Jim Lyon, Ellis Pratt, Ron McVally, Maynard Blossom and Karl Jacob. David Pratt, a member of the Lamb Club is also on the Board as a member at large.

The lambs weighed in at from 43 to 61 pounds. Al Fahlhaber and four other sheep shearsers clipped the lambs free of charge before they were distributed this week.

DEADLINE NEARS FOR ACP

Washtenaw County has a total allocation of \$75,301 for 1966 ACP Practices. There are two budgeting periods-January through May 31 and June 1 through December 31.

All applications in the first budgeting period must sign an application immediately. All applications in the second budgeting period will be acted upon by the county committee at the end of May.

Funds are limited this year, especially on the Tile Drainage, Open Farm Drainage and Ponds and Irrigation since \$10,150 of the total allocation can be used for this practice this year.

For those who plan to put a cover crop on diverted acres, an application for cost-share must be signed. There are Green Manure Crops, Summer Cover Crops, Winter Cover Crops, and established Vegetation Cover Crops providing Wildlife Food Plots and Habitat Practices.

Those interested must request cost-share before the practice is started. There is a new requirement under the limestone practice. The seeding must be left on the land two years after liming.

In the past, cover crops would qualify for eligible seeding but this is not true for 1966. One of the new practices that has been set for this year is the beautification-conservation practice. It is for the establishment of trees, shrubs, perennials, bulbs and flowers.

This creates areas of beauty but also serves as a shelter area or shelterbelt for wildlife and prevents wind and water erosion of farmland. This practice is applicable only to areas visible to the public. Cost-share is limited to 80 percent of the cost eligible seedings and plantings.

For further details, contact the ASCS office.

DOCTOR IN THE HOUSE?

Breaking the old school record by one hour and 10 minutes, Adrian High School seniors of 1966 made their 6th annual trek of 45 miles from Ionia to Hell, Michigan last Saturday.

Leaving Adrian at 5:30 a.m. with 59 students and one teacher, they were in the pack, they braved their weary way on the road to Hell and at 5:10 p.m. Deline and Zaragosa Vargas crossed the finish line.

Vicki Norton was the first girl to finish at 6:32 p.m. Larry Kesterly, Sandy McNeill, Moose Schwartz, Gil Salizer, Lee Roe, Jim Miles, Pat Teeter, Don Crist, and the teacher, D. Brambough followed by Bonnie Miller, Ron Johnson, Allen Oyer, Connie Kidd, Roger Brock, Roger Sumner, John Hogg, Larry Kitson, Tom Ta Ferd, John Camburn, and Pam Ray and at 9:10 p.m. Debbie Nelson was the last to arrive at Hell.

All she could say was, "I've never been so happy to get some place in my life!" A large entourage of parents and students followed the hikers giving encouragement and displaying "Hell or Bust" signs.

Twenty three finished the 45 miles also breaking the old record. These seniors may lack some skin and be nursing some charley horses and strained muscles but they never lacked courage and the parents were proud of these young people even if the road to Hell was paved with blisters.

SOCIAL SECURITY NEWS

In Washtenaw County 13,866 people received a total of \$13,853,884 in social security benefits in 1965. According to Robert A. Raboe, Social Security District manager in Ann Arbor, this is an increase of \$1,887,000 and 763 people over the year before.

A large part of the increase in payments resulted from changes made by the Social Security Amendments of 1965. These changes which were in addition to the new program of health insurance for the aged, included a 1 per cent increase in monthly benefits retroactive to January 1, 1965; benefits for widows as early as 60; benefits for full-time students between 18 and 22; benefits for some divorced women; benefits for some people over 70 who had not worked long enough to get social security benefits; and the payment of disability insurance benefits to workers who are unable to work because of a disability that lasts 12 months or more.

In addition to the people who began getting benefits in 1965 because of these changes, Raboe mentioned, "A good many older people who, upon applying for the regular social security benefits, are now eligible for the regular social security benefits."

All in all, the 1965 figures for Washtenaw County include 7077 retired workers (701 disabled workers and their families) and 8007 wages and children of retired, disabled, or deceased workers. The average monthly social security benefit for 13,866 beneficiaries amounted to \$51.70 in 1965.

"These figures," Raboe said, "show how wide the protection offered by Social Security has become. Just about every man, woman and child in Washtenaw County has in social security the assurance that loss of income because of retirement, disability, or death will not result in destitution and now with Medicare everyone has the assurance that the costs of operations or medical services in his later years will not wipe out his savings."

He added that the figures were as of December 1965 and do not reflect the additional hundreds who have established their entitlement since the first of the year.

SALE OF GOVERNMENT OWNED STORAGE STRUCTURES

The Michigan ASC Storage Committee will offer 27 grain storage structures for sale at the Old Mill Site, Tuscola county on Thursday, May 26, 1966. All storage bins will be sold by public auction completely dismantled.

All bins will be sold for the storage of agricultural commodities. An additional 32 grain bins will be sold at the Union City Bin Site in Branch county on June 2.

Mr. Frank Light, chairman of the Michigan ASC Storage Committee reported that in 1965 there were over 13.5 million bushels of grain storage space in Michigan owned by the Commodity Credit Corporation. At this time over 10 million bushels of corn were stored in these bin sites. During the five year period the amount of grain storage has been reduced by 10 million bushels and the price of grain in 1966 is lower than 4 million bushels in storage. The reduction in grain has lessened the need for storage structures. Mr. Light pointed out that the full participation of Michigan farmers in the Feed Grain program is responsible for the reduction in storage space. The reduction in storage cost has resulted in savings in Michigan to taxpayers is more than a million dollars a year.
