## BOYS & GIRLS OF MANCHESTER

As your mothers and fathers have told you this March 26 is Easter. As a special treat for all my friends, from tiny tots through the fourth grade I am having an Easter Egg Hunt on Sat. March 25 at 2 p.m. at Carr Park.

I will have paizes for the lucky girls and boys who find the prize eggs, but even if you don't find one of the prize eggs I'm sure you will have loads of fun.

So plan to be at CARR PARK, Saturday, March 25 at 2 p.m. Rain or Shine -- or Snow! !!

Be real good and I'll see you when you are sleeping.

# AND SOME OF THE PROBLEMS......

To make sure there is enough water to meet summer needs, the water department engineering consultants have completed the specifications for the pump to be installed on the new well east of Ann Arbor Hill. Bids from pump companies have been received, and a pump should be on order this week.

It will be necessary to install a large service line to the water mains, and it is expected that this work will be completed by June This means we should have adequate water volume in all of the lower areas of the village, and it won't be necessary to impose any

Unfortunately, those living in the higher areas of the village and those at the ends of the water system won't notice much change from last summer. It is impossible to get a higher water tower or perimeter mains installed in time for summer.

Moving the old filters and installing additional filter capacity must be deferred until a building is constructed. Therefore, the water will be rusty for some months to come.

Much engineering work must be completed before we can make arrangements to finance the needed improvements. Until the entire improvement is financed, we can only go ahead with the installation of the new pump on an emergency basis

There is good news, however. A tremendous effort is being made to keep the entire project moving and into construction this year. The work and planning of many dedicated people over the past several years is starting to bear fruit.

# Exchange Wedding Voies

Mrs. Lauren Roger Miller

Mr. and Mrs. James H. Stringer, Waltham Avenue, Detroit announce the marriage of their daughter, Barbara Anne, to Lauren Roger Miller, son of Mr. and Mrs. John C. Miller of Hieber Road, Pleasant Lake.

The wedding took place at Mt. Zion Lutheran Church, Detroit on Saturday, March 18 at 7 p.m. with a dinner reception following in the church hall.

The Rev. Donald Staude and the Rev. Robert Miller, brother of the bridegroom officiated at the ceremony.

The bride wore a floor length gown of silk peau d' soie with Chantilly lace insets. The gown featured a round neckline, elbow length slightly belled sleeves and a chapel train. Her veil was elbow length silk illusion and fell from a headpiece of looped netting trimmed with seed pearls. Her bouquet was a cascade of white fuji mums surrounding white roses.

Matron of honor was Mrs. Thomas P. Kendig of Long Beach, California, sister of the bridegroom. She wore a floor length gown of gold brocade with a yellow crepe skirt and detachable train. Her bouquet was a large nosegay of white daisies surrounding yellow

Lise Maaseidvaag of Ann Arbor and John Miller of Dundee, niece and nephew of the bridegroom were the flower girl and ring

#### DELAY IN PAYMENTS BLAMED TO PATIENTS thia G. to A 3/C William W.

Missing signatures and addresses Houston Calvin of 2010 Long Shore Drive, Ann Arbor. are two frequent problems that Michigan Medical Service has run into in processing doctor bill re- of Manchester High School and quest for payment forms from Medicare beneficiaries, Robert A. ly she is employed at University Kehoe, Sociel Security District Manager in Washtenaw County said recently.

Representatives of Michigan Medical Service, the carrier for Medicare doctor bill payments in the Washtenaw County area, have Force. ported that some beneficiaries ave received repayment for doctor bills later than necessary because they forgot to sign their

The signature of the payment form authorizes the carrier to pay the claim. Michigan Medical Service has to have the signature before the claim can be paid.

A missing address presents even a bigger problem according to Mr. Kehoe. Without the address Michigan Medical Service doesn't know where to send the check, and the only way to get it is to write back to the doctor, who sometimes are reluctant to give out their patients' addresses.

Mr. Kehoe noted that there are two ways to get payments for doctor bills under Medicare and that under the first method the doctor agrees to make the claim to the Medicare carrier. But when the other method is used, the beneficiary pays the doctor bill and sends the claim to the carrier.

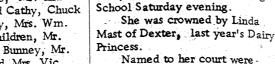

Beneficiaries sending in their own request for payment forms should be especially careful to give all information called for, including their address, Medicare identification number, and their signature," Kehoe said.

"Also, the beneficiary should either have his doctor complete

> "Indeed, there is room for procedural improvement in all estates, large or small. At the present time, the National Conference on Uniform State Laws and a special committee of the Real Property, Probate and Trust Law Section of the American Bar Association are drafting a new probate code."

In addition to his long experience in probate law, Hutchinson has served as an elected public official. He was a member of the Ypsilanti City Council from 1954 to 1960, and during those years was elected to four one-year terms as the city's mayor

# Eat Well **And Early** —It's Easy

Want to put in a good workday? Put away a good

Nutritional studies by the U.S. Department of Agricuiture show that workers who eat a good meal before leaving home get more done than those who skip breakfast or eat a low-nutritional one. The same is true for homemakers. weight-watchers and students

Since there's as much as a 10-hour stretch between dinner and breakfast, the first meal of the day must provide a large share of energy food. Nutritionists say children and adults with average workicads should have one-fourth to one-third of the day's total food, including eggs, meat and milk, at breakfast.

They recommend that a good breakfast should: provide vitamins, minerals and proteins to build and repair the body: provide fuel for energy, and taste good.

There are two main reasons why people eat improper breakfasts, say the expertsa mother often is too busy in the morning to prepare a mutritions meal, and members of the family est on the run or at different times.

To soire these problem nutritionists advise the 10 lowing:

 Plan breakfast shead of time. Hard-cooked eggs, piecooked bacon, sausage and ham or left-over meat can be paint panel in the reprise. any-freezer. Prosen mean will defrost if left on the refrigerator shelf the night before and can be reheated quickly at breakfast time.

2. Stock tasty cheeses or cold sliced mest as protein substitutes for exes.

1. Speck loss of examed. frozen or fresh cirrus juices Prepare from juice and squeeze fresh junce the night before. They will keep their flavor if covered and placed on the reinigerator shelf.

4. Have a variety of readyto-eat or instant and quickcoording cereals on hand. Even esem erageng man merbilde serfactaeds not about

#### Poison Prevention Year-Round Program

RCH 23, 1967

Lansing — Pharmacists through-out Michigan are participating in a public education program on poi-son prevention and preparedness in case of an accidental poisoning, announced Robert C. Johnson, Executive Director of the Michigan ecutive Director of the Michigan State Pharmaceutical Association. Reported incidents verify there are over one million home poisonings in the United States a year, of which, more than half a million are children under five years of age. Approximately 500 of these vic-

Common household substances such as aspirin, soaps, detergents and bleach accounted for over 33 per cent of the 1965 accidental ingestions in children.

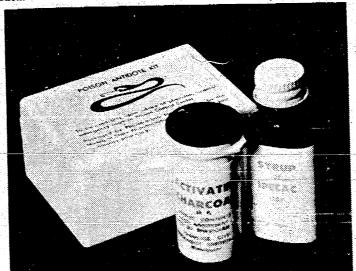

the form of the coveted Public Education Award presented by the American Pharmaceutical Associa-

Ask Your Pharmacist The PAK is available from participating pharmacists as a public service of the pharmaceutical profession. Parents should ask their community pharmacist for a PAK and keep it on hand for use in case

of a poisoning emergency.

PAK consists of a durable, easilydiscernable plastic box containing two therapeutically recognized, unit-dose antidotes—Syrup of Ipecac and Activated Charcoal.

mendation of the American Academy of Pediatrics, the American Association of Poison Control Centers, the American Medical Association and the Medical Advisory

Poison Antidote Kits (PAK) are available in this area at participating pharmacies. The PAK, a sturdy plastic box, contains two recognized antidotes for use in cases of accidental poisoning. Ask your pharma-

## Poison Antidote Kit

It is an undisputed fact that the mmediate availability of an antidote in the home in case of an accidental poisoning could be the crucial difference between life or death. Realizing this fact, the Michigan State Pharmaceutical Association initiated a Poison Anti-dote Kit (PAK) program in 1966 during National Poison Prevention Week. The program realized wide-spread acceptance as thousands of Kits have been distributed to Michigan families. Also, national recognition was afforded PAK in

Board of the Food and Drug Administration that Ipecac Syrup should be readily available in the household for emergency treatment

of poisonings.

Syrup of Ipecac is indicated when it is desirable for the patient to vomit. In most cases, such removal of the poison from the stomach is the proper treatment. In some cases, however, for example when a gasoline product has been swallowed, vomiting should not be caused. In such cases, the other product in the PAK, Activated Charcoal, is to be administered. ter should be contacted for specific-instructions. The parent should

have the poison container at hand when calling for instructions, since important label information may be needed. Physicians have left their endorsement to the program through their professional societies.

The MSPA intends for this pubic service program to be supported by pharmacists on a year-round basis. Parents, too, should recognize the year-round aspects of poison prevention by educating their children to the hazards of poisoning and by obtaining a PAK from their community pharmacist for

Poisonings in MY home? Impossible? Before saying it's impossible, think about how many times children have been known to accomplish the "impossible." Don't just

say you're sure. Be sure. And be prepared for the impossible with a PAK in your home.

on Saturday, April 29. Mrs. Tom Walton is Manchester Drive chairman and Mrs. James Pratt is chairman of the Tag Day. David Walton is in charge of bar pairon gifts. Mrs. Dennis Helfritch is in charge of

Washtenaw's goal is \$41,385 vice chairman this year and chairman of the 1968 campaign will be Robert (Scope) Davis. The Washtenaw Unit of the American Cancer Society is located at 215 North Ashley in half of a duplex. The office is staffed by volunteer workers from 10 a.m. to 3 p.m. Monday through Friday fifty-two

weeks of the year. There volunteer workers cut, ackage and distribute free of charge from twenty to twenty-five thousand dressings per year. Equipment such as beds, wheel chairs, bed pans etc. is loaned to any cancer patient regardless of income bracket. The visiting nurse or doctor has only to request help and verify the diagnosis.

The Washtenaw Unit also assists cancer patients in their medication expense. This help is directed toward those patients whose illness has become a financial burden to the family. On the request of the doctor in charge some medication costs are paid to \$25 a month.

A visiting nurse is sent to assist in home care of semi-indigent patients. Cost of these visits is \$6 each. Sometimes a patient pays part of this fee, but if he is unable to do so the Washtenaw unit will assume the entire cost. Medication and visiting nurse expense averages \$500 per month. Ages of patients run from two to ninety years.

Money from the cancer drive goes to four major hospitals in est number of points receive the the county to augment treatment of patients.

> Cancer education literature is also distributed from the office. The principle aim of most of this literature is to keep the community informed of early danger signals. The distribution of antismoking pamphlets, film strips and related material aimed at the
