COUNTY TO GET FUNDS

Congressman Morris L. Bach has announced that the Office of Economic Opportunity grants to Washtenaw County Child Care Committee for economic opportunity is \$14,084.

The Congressman said, "I am pleased to learn that an effort is being made to help the children of low income families where the mother must work to prepare themselves for school and to receive excellent care while their parents are away from home."

The program is to be administered by the Head Start Center and the Project Director is Dr. Albert Wheeler. There are 100 professional employees and 100 student volunteers from the University of Michigan.

Don't Underestimate... It's quite surprising how many people treat their money as if it were a magic wand.

You will be might glad, afterwards, if you did, and very sorry if you do not permit your children to participate in this event. The kiddies will have much fun and both mother and dad-and the children, too-will be very proud to see their pictures in print later. Appointments may be made by calling Mrs. Donald Pauken, Phone 428-8158, Manchester.

Board will meet at 9:30 a.m. Registration at 10:30 a.m. and luncheon at 12:30 p.m.

Speaker of the day will be Mrs. Robert W. Van Sickle, Historian, Sara Caswell Angell Chapter, D. A. R. Her topic will be "Americanism" emphasizing both the development of democracy and the importance of re-evaluation of our conception of it.

The hostess clubs are the Manchester Twentieth Century Club and the Manchester Shakespearean Club.

TOWNSHIP TAXES TO BE CUT SUPERVISOR SAYS

Manchester's proposed township budget for this year has been set for \$22,935 compared to \$23,436 last year. The lower amount is accounted for because last year some three thousand dollars was set aside for the new fire truck.

Clayton Parr, township supervisor points out that there are some expenses which are higher, but everything considered, the millage will be down.

Last year's 1.1 mills will probably be reduced to around a mill or less. Building and higher valuation are attributed for the reduction in taxes Parr said.

Some areas have increased--such as the salaries of the township officers. The supervisor receives \$2,000 as compared to \$1,700; the clerk \$1,000 compared to \$800; treasurer, \$2,000 compared to \$1,600 last year.

Parr said that the sanitary land fill and dump site for use by the four townships of Bridgewater, Freedom, Sharon and Manchester will cost Manchester township an additional \$1,000. Zoning expenses are also higher the supervisor said.

But after weighing all of the added expenses and comparing with the anticipated revenue Parr still believes that the township tax won't be one mill this year.

Heads Township Zoning Board

Don Lippert, newly elected to the Manchester zoning board was named chairman of the board at the organizational meeting on Tuesday.

Orle Hand, who had been a member of the board since it was first organized in 1957 resigned because of ill health.

Mr. Hand said he believed that the most important work of the board during the nine years he served on it was the selection of a sanitary land fill and dump site for the four townships.

LoRen Trolz is the new vice chairman and Lowell Parr was re-elected secretary. Others on the Zoning Board are John Fahey and John Bus.

LOCAL VETERINARIAN HOST MEETING

Dr. H. P. Eames was host to a group of some 35 veterinarians from Southeastern Michigan and northern Ohio at an Equine Reproduction clinic at the Eames Veterinary Hospital.

These clinics were designed and conducted by the Cooperative Extension Service of Michigan State University in cooperation with Dr. Eames and other veterinarians as part of a continuing education effort.

Dr. Eugene Gill, MSU Veterinary Clinic, Equine Dept. explained suture technique used in Cosslick operation on horse at the Eames Veterinary Hospital.

This was the third of a series held for veterinarians at various locations in the state.

The group adjourned to Schumm's Restaurant for dinner and informal discussion.

WATERSHED MEETING NEXT WEDNESDAY

The annual meeting of the Huron River Watershed Council will be held Wednesday, April 19 at the University of Michigan North Campus Commons, Ann Arbor.

"Action for Clean Water in the Huron River Watershed" has been chosen for the title for the public meeting.

Election of officers, committee reports and presentation of the annual budget and program will be completed in the morning sessions beginning at 10 a.m.

Speaker at the 1:30 p.m. session will be Col. Edward Bruce District Engineer from Detroit.

"The Southeastern Michigan Water Resources Study" will be his topic. The Federal Water Pollution Abatement Program, Outdoor Recreation and Water Pollution in the Great Lakes and Regional Planning will also be topics to be discussed.

The Huron River Watershed Council was established in 1965 under a state law which provided a legal basis for representative water planning and management agencies. The Council replaced the Huron River Watershed Inter-governmental Committee which had been established in 1958.

WSWS Meeting April 20th

The Willing Workers will meet at 2 p.m. at the church on Thursday, April 20 with Mrs. Fred Kennedy the leader.

Hostesses will be Mrs. Arthur Bus and Mrs. Philip Cervinka. Mrs. Leslie Milligan will have the project.

Also on the 20th the Starlight Circle will meet at the home of Mrs. Nelson Kothe at 8 p.m. with Mrs. George Kgoose the leader. Mrs. Joan Price and Mrs. Nelson Kothe will have the project.

Recent developments as related to problems in breeding, farm operations, the status of artificial insemination and the treatment of infertility in the mare were discussed.

The group adjourned to Schumm's Restaurant for dinner and informal discussion.

Clark's Rangers, Irvin Gill and Duane Roller ready to take off down the Raisin River.

Saturday, April 22 promises to be a red letter day in Manchester. Folks will be watching with interest as those most gifted in the art of handling canoes and boats will be matching skills in the Centennial boat race. Many have expressed real pleasure that a boating contest is included in the Centennial highlights.

This is as it should be for the Raisin River played an important part in the settlement of Manchester. Without the Raisin there certainly would have been no community here. Water power was in great demand when the villages were laid out a hundred years ago. The nucleus of the community centered around the grist mill. This spelled wheat, flour and bread the staff of life for the early settler. The Raisin received its name because of the wild grapes that lined the banks.

Charles Hough and Allen Clark have worked out the details of the boat races. They have planned the affair and most people know that neither of them have to take a back seat to anyone when it comes to knowing the Raisin River. They have always lived along its banks and fished its waters. Few are as familiar with its every turn.

Boats will dip into the river at Fellow's Bridge at 1 p.m. on Sharon Valley Road in Sharon Township, about six miles northwest of Manchester. Those who plan to enter must be registered. There is an entry fee of one dollar. Boats must be registered by April 20. Clark and Hough have the details or if more convenient they can be obtained by calling the Centennial Headquarters at 111 E. Main Street.

Counting the bends and turns the Raisin will cover a nine mile stretch. Helping Clark see that the race is off to a good start will be J. C. Hendley and L. Dean Scott. At the finish line --just north of the Main Street Bridge will be the Centennial Chairman Irvin Gill, Allen Alber and Doug Hughes.

Centennial committee will be stationed along the banks of Raisin to help contestants in the event of accidents. Some definite rules have been laid down. The contest is open to people of the Manchester area only. There will be two classes for both canoes and boats. There will be the father and son teams and the other class is open--choose your partners.

Motors are prohibited. This is a row, row, row your boat type of contest. One hundred years ago there were no motors on the boats. Canoes and boats must be equipped with proper life saving equipment aboard--or they will be disqualified. The canoes and boats must be kept in the river except when obstacles obstruct passage. This is no cross country portage. Only two persons are allowed in the canoes and boats.

In the past few days some eager beavers have been seen lowering their boats and canoes into the river for trial runs. There are rumors that at least one tipped. Now is the time to get into condition for the big race. Don't forget to register! May the best team win.

The race will be climaxed with a street dance. This is slated for 7:30 p.m. to 11:30 p.m.

The Centennial Parade Committee, headed by Bill Hainstock of 312 E. Main, is taking entries for the July 4 parade. This will be the time when the Brothers of the Brush Chapters will be out in full regalia. Harry Macomber, Centennial Secretary points out that now is the time to join a Chapter and take out a membership.

This includes the local merchants, businessmen and all organizations and clubs. Buttons, pins and certificates suitable for framing are available at the Centennial Headquarters.

Hainstock says that he is receiving almost complete cooperation from the merchants. He is interested in knowing just what type of entries will be taking part in the parade and the number of people involved. He wants to know if there will be floats and how many. What about horses and buggies, cars that date back to the 1940's. Bill is beginning early for he wants this to be a parade that folks will talk about long after the last sounds of the horses' hoofs have died away.

TB Tests Wednesday
the last two weeks of April. Wednesday, April 19 is the date for the tests at the Manchester High Schools.

Ninth grade students and adult school personnel in all Washtenaw County public and parochial schools will have the opportunity to receive tuberculin tests during
