## Final Payment Is Made On New School Property

The main topic of Monday night's school board meeting was a review of the budget this year.

Supt. Swartz reported that at the end of seven months of operation most categories in the budget were well within allotted funds. Some smaller items were likely to run over the budget but these areas would not affect the overall budget.

A general discussion was held after President Luther Klager reported on a meeting attended by him and other board members. At this meeting, Mr. Klager reported, a talk was given in which it was pointed out that approximately 200 school districts are operating on a deficit budget.

The case of the Inkster schools was mentioned and Mr. Swartz pointed out that the Inkster Schools adopted a budget last November without being sure that they would receive the needed funds. It was also pointed out that it is illegal for a school board to borrow money when they know they are going to have a deficit budget.

Mr. Swartz presented some figures showing two plans which will come before the state legislature concerning state aid to schools. He pointed out that no matter which was adopted, the problem facing the schools was not knowing how much money would be received before the school board had to negotiate teacher salaries for the next year. He also said that the legislature plans on giving this information earlier this year but that it would probably still be too late for teacher-school board negotiations.

The school board also reported final payment had been made on the property purchased from Mr. and Mrs. Fackling Rybak. This property is to be used as a site for a new elementary building. At this time the school attorney is drawing up the final papers for

the sale of seven acres to the Manchester Methodist Church for the sum of \$10,000.

The site purchased contained 60 acres, with the church buying seven. This will leave the school 53 acres. Architects will be ready to bid for the elementary school April 1 with completion scheduled for November 1.

In other business, a discussion was held concerning what should be printed in the Enterprise concerning school board matters. Mr. Klager asked publisher Harry Macomber if he thought he should be paid for publishing minutes, agendas, etc. Mr. Macomber stated that he wasn't concerned with being paid for minutes or agendas but that he wanted as much information as possible to be available for readers. He also said that he didn't think it was necessary to print each and every bill that is paid each month as most of these were routine expenses such as heat, electricity, etc. Mr. Macomber requested a list of items paid so he could pick out any large items which could be of interest. Dan Boutell pointed out that the complete financial statement is published and paid for each year. This appears in the paper he added, and anyone wanting more specific information on any bill or other school matter is free to ask the school board at any time.

Mr. Klager reported that at the next meeting, a drawing would be available showing just how the school budget is broken down.

A report on how the new metal shop is progressing was given by the teacher, John Pemberton. He said that he was fairly well equipped for teaching but he did have some difficulty in obtaining materials. Three basic subjects are taught in the new shop. Welding, metal fabrication and lathe. There are currently 26 students enrolled in the new class.

## PRIMARY ELECTION NEXT MONDAY

### Know Your Candidates

This week's questions are No. 1. Do you have any specific problem area which you intend to pursue if elected? No. 2. What prompted you to run for council?

These are the last two questions to be answered as next Monday is the Primary Election. On page 2 you will find a sample ballot.

There has been some misunderstanding since all the candidates are running on the same party. You will vote for one president, one clerk, one treasurer, one assessor and three councilmen. The offices of clerk, treasurer and assessor are unopposed. For mayor we have two candidates and for council there are nine men running.

We hope you will heed the advice of the presidents of the various clubs and vote Monday, February 19.

#### John Althouse - Mayor No. 1

The areas of concentrated effort for the coming year should be in orderly management of our new water improvement program to insure minimum completion time and the planned objectives. Efforts of previous administrations in drafting a five-year street improvement program must be carried through along with extension of the program to continue long-range improvements.

In the past year, our Planning Commission, under the guidance of Vilcan, Leman Associates, is well into a sound comprehensive program which must receive intensified effort and support.

Sound financial controlling is in the process of being improved and should be perpetuated in an attempt to obtain a maximum tax dollars worth of service in the area of utilities and law enforcement.

Having been a member of the Village Council for the past three years and intimately concerned and involved with the programs in progress my interest in continuing as President is to aid in continuity of these programs vital to the progress of Manchester.

#### Donald Ross - Mayor No. 1

Yes, recreation facilities for the teenagers of this village. The boys and girls of Manchester have never had any facilities provided for them and I think it is about time something is done about it.

They need a place where they can go in the evenings in their spare time or on the weekend instead of congregating on Main Street or just driving around in cars.

#### Being a Democrat, it is a challenge for me to run for mayor in a Republican village. James Scully - Council No. 1

I do not have any particular problem area in mind at the present time. My intentions are, if elected to do what I feel is best for the Village in any problem that I become involved with.

I am running for Council because I am interested in seeing the Village of Manchester grow. I would like to help make Manchester

a better place in which to live and bring our children up. I am willing to give as much of my time as is necessary to help make Manchester a better place for everyone.

#### Joseph Fitzgerald - Council No. 1

At this time I would have to say no. There will be problems and suggestions that are brought before the council daily, which I believe should be acted upon then and there. We all know the problems that we are faced with in Manchester, which you and I all know will not be solved by this council or the next; but this does not mean we will not work toward a solution for them.

#### No. 2

There were a number of things that prompted me to seek the office of Councilman. The first was that I felt I could sincerely represent the majority of the people of Manchester. After having been in the Jaycees for two years and working on many community projects, I believe I am ready to accept the challenge that this office might present.

#### Albert Gaige - Council No. 1

I would like to see additional sewers installed in some of the critical areas. We have had several requests for building sites but are confronted with both sewer and water problems. Many good building sites are available around town but for lack of adequate sewers it is not feasible to build on them.

I believe in a sound and honest government which, of course, has to be run on the available revenue received along with a substantial budget. I believe we could achieve many of our goals with these conditions. This has been for me probably the biggest reason I have run for council, to be able to achieve the goals set forth by previous councils and councils to come. For instance, more and better water, better roads and adequate sewers.

#### William Schaffer - Council No. 1

Yes, I do. I would like to help the young people of our community.

If in some small way I am able to help Manchester progress and to help with the problems that arise in a village of this size.

#### E. Guy Little - Council No. 1

I think a good councilman has to keep as well informed as he possibly can on all the problem areas concerning our Village. I feel that the "street program" is the problem area I would pursue if elected.

Frankly, it is hard to say. I think that I've reached a point in my life where being just an interested citizen isn't good enough. Elected or not I am going to help in any way I can.

It is to self-government, the great principle of popular representation and administration, the system that lets in all ways participate in its councils, that we owe our welfare and that we hope to see in the future.

#### FROM THE JAYCEES

All of the members of the Village of Manchester Jaycees, the Board of Directors and all officers urge all Manchester citizens to take the time to vote.

#### FROM THE OPTIMIST

Monday, February 19 is going to be a very important primary election. By the publicity in the Enterprise on each candidate, we find we have men who are both qualified and interested in our village. We have not always had this interest in our community, and I consider it a mark of strength. As President of the Optimist Club, I urge all eligible citizens to vote on Monday, Feb. 19.

#### FROM THE CHAMBER

From the desk of the President of the Manchester Chamber of Commerce comes this reminder: "February 19 is primary election day. We the members of the Chamber of Commerce would like to take this opportunity to urge all eligible voters to make a special effort to cast their votes. What could be worse patriotically than to have the privilege to vote and not use it."

#### Jays Lantis President

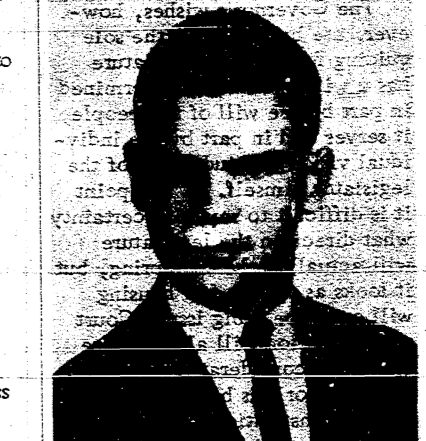

### Outstanding Citizen Diana Steinaway

Diana Steinaway of the Manchester High School Senior Class was honored by the Manchester Optimist Club Monday evening with the Outstanding Citizen Award. Diana is the daughter of Mr. and Mrs. Harold Steinaway of 6940 Esch Road, Manchester.

Diana ranks high academically in her class and is very active in class, school, and church affairs. As a member of the Evangelical United Brethren Church, Diana is past secretary and president of the Youth Group. Diana is in her fourth year as a

member of the high school band, third year as a member of the German Club and second year as a member of the yearbook staff. She has spent one year in the Future Nurses Club of America, one year as a member of the Future Homemakers of America and one year in the Pep Club.

As a sophomore, Diana was president of her class. Diana is secretary of the senior class and has held the same position as a freshman and junior. In addition to these activities, Diana takes time to help out in the principal's office.

### Named To Dean's List

David Lowery has been named to the Dean's Honor List for the semester ending December 19, 1967. David is a sophomore at the University of Michigan College of Engineering.

The Dean's Honor List consists of those students who completed 12 hours credit or more and who earned a grade point average of 3.50 or better for the term. David's average for the term ending December 19, 1967 was 3.75. He has maintained a scholastic average of 3.58. David is the son of Mr. and Mrs. Robert E. Lowery of Manchester.

LANSING REPORT - Gilbert E. Bursley - February

The '68 legislative session is pretty well underway, and judging from the tremendous volume of bills now pending, the next few months should be busy indeed.

How does the legislature make order out of this potentially chaotic situation? Some bills, naturally, will be either unnecessary or unimportant. Events will push others out of oblivion and into the realm of "urgent legislation."

1. Fair housing legislation, which was considered but not passed by the Special Session last autumn.

2. Increased financial support for education at all levels, but especially for the disadvantaged.

3. Better law enforcement measures.

4. Court reorganization, also considered but not passed last autumn.

5. Water pollution control. The Governor's wishes, however, are by no means the sole guiding force.

The Governor's wishes, however, are by no means the sole guiding force. The legislature has a will of its own, determined in part by the will of the people it serves and in part by the individual vision and judgment of the legislator himself.

What direction the legislature will actually take this spring, but it looks as though fair housing will again be a big issue.

Court reorganization will also receive extensive consideration, as the deadline for this has been fixed by the Constitution for January, 1969.

Appropriations for education, which currently consume over 50% of the State budget, is expected to be a major item on the agenda as well.

In view of the situation last summer, law enforcement has become an important topic of discussion. Finally, it is more than likely that abortion and aid to parochial schools will be of great interest.

Discussion on the latter is already well underway. One of the driving forces behind the session will be the time schedule within which it must operate.

March 22 is the final day for committees to report bills originating in their own House, and April 11 the final day of passage of these bills.

MICHIGAN LEGISLATIVE REPORT - Thomas G. Sharpe

and by May 24 those bills must be voted upon. If all goes well, then, the session should be over the first of June, and if current indications are borne out, it promises to be an interesting one.

to pay a much smaller portion of rents instead - at a considerable gain to their well-to-do residents and a loss to schools and local governments, a loss that has to be made up by property owners.

"My taxes have been raised every year," Mr. Peck writes, "and I have never had an income of \$9,600 per year. I guess I must have been born 40 years too soon."

What troubles Mr. Peck, and should trouble all of us, is the fact that tax-exemption provisions of the State Housing Development Authority Act are being blatantly abused, as a result of some incredible standards set by the Federal government.

It is true that in 1966 the Legislature exempted non-profit federally-aided housing corporations from property taxes by providing for the payment of 10% of rents instead.

But the Legislature also specified that such housing was to be restricted to families unable to afford housing in the private market.

The federal government has set standards that make a mockery of the Michigan Legislature's sincere attempt to help low income families.

At the Colonial Square Apartments in Ann Arbor, for example, the maximum income for residents has been set at \$9,600!

Furthermore, even this requirement isn't being enforced.

Local studies show many residents are earning far more than \$9,600. As a result of federal aid, such residents, including doctors and university professors, would pay only \$107 a month for a new 6-room, 1 1/2 bath apartment - that is, if the development contributed its fair share of taxes.

By taking advantage of a Michigan law that was intended, as clearly stated, for needy families unable to afford private housing, the apartment development will charge only \$87 a month for such apartments - at a cost of fully \$89,240 in taxes to the schools the children of the residents attend and the local governments that provide their police protection and other essential services.

I do not know by what twisted logic the federal government believes a family earning \$9,600 a year cannot afford housing in the private market. Nor do I know why having set ridiculously high income requirements, the federal government makes absolutely no attempt to enforce them.

The only possible explanation is that certain Great Society social planners are trying to encourage middle-income families to move from the private to the public sector for housing by means of a substantial subsidy - with our hard-pressed school districts and local governments being forced to pay for that subsidy.

contd. page three

contd. from page two

Whatever the reason for this glaring loophole, I am calling upon all of my fellow legislators to join with me in taking prompt and emphatic action to plug it.

Meeting called to order at 10:00 a. m. in the committee room. Present: Supps, Barnett, chairman, Lumde, Papineau, Stuart, G. Hoffman, Hughes, Eisenbeiser, Nielsen, Harrison. Also present: State Senator Gilbert Bursley; State Representative Roy Smith, Ray Smit and Thomas Sharpe; Prosecutor Delhey, James Hendley, attorney from Manchester, K. Ross Childs, Assistant to the County Administrator.

Rep. Smit gave a brief outline of the proposed House Bill as it now stands - two judges in Ann Arbor and three for the remainder of the county. Under the present bill Ann Arbor would continue to receive all revenues from Municipal Court. Under this system, the out-county is segregated and cases would not be permitted to be brought into Ann Arbor but would require attending an out-county District Court.

Also under the present bill, the present municipal judge would be allowed to run as an incumbent, whereas all others are separated and not allowed to do this.

The bill also states that if judges request a magistrate they must receive one. The principal change in the bill is the preservation of municipal courts. This was lobbied by Detroit, suburbs and Municipal League.

James Hendley related the definite need of a judge in western twelve townships. R. Harrison referred back to costs under the revised bill, the City

of Ann Arbor revenues are separated. The county should be responsible for the entire county, for revenues and expenses. The City of Ann Arbor is separated and making money while others are paying. Rep. Sharpe stated they should abolish either all or none and now show preferential treatment in regard to some municipal courts.

Sen. Bursley reported there is presently nothing pending seriously in the Senate but that anything that the county and state representatives can agree upon, he will support.

Roy Smith proposed a plan for redistricting - Ann Arbor - 2 judges - 4 eastern townships - 2 judges - 16 western townships except Ann Arbor - one judge.

The committee agreed that more data on costs is necessary and directed Ross Childs to request the Planning Commission to prepare a report on said costs for the District Courts. This report is to be available for Feb. 9.

Fred Lumde made a proposal to be studied for the next meeting for possible action. We oppose the present bill establishing District Judges because the bill specifies districting not compatible to economics of population or case loads. We strongly recommend that Washtenaw County be legislated as a single district, with permissiveness for the elected district judges, with approval by the Washtenaw County Board of Supervisors to establish districts as the future needs may demand.

Trooper pay begins at a bi-weekly rate of \$257.60, starting

with recruit school, and then through automatic steps climbs to \$361.60 after six years. A proposed pay raise would increase these levels to \$272.88 and \$383.20 if approved by the legislature. Troopers also have opportunity to take examinations for promotion which brings pay increases.

Sergeant Louwerens added that uniforms and equipment are provided, and other benefits are paid vacations, paid sick leave, and longevity pay after six years. Cost-shared insurance plans are available.

He noted that the State Police pension plan enables an officer to retire half pay after only 25 years of service, still young enough to start another career if he desires. The pension also protects the officer's wife.

BOY SCOUT WEEK

In observance of Boy Scout Week, 31 members of Troops 426, 436 and Post 404, attended 8:00 mass at St. Mary's Catholic Church. The boys were accompanied by Scoutmasters, Ted Roberts, Larry England. Post Advisor Robert Armentrout and Neighborhood Commissioner George Goodell.

Members of St. Mary's Altar Society served the group a wonderful breakfast which was appreciated by all, states Robert Armentrout. "Thank you ladies."

The Scouts have a window display in the Gambles Store also in observance of National Boy Scout Week.

Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a. m. and will remain open until 8 o'clock p. m. of said day of election.

Lyle A. Widmayer, Village Clerk

**FARM NEWS**

**2500th CENTENNIAL FARM HONORED**

A Saginaw County farm was honored as the 2500th in Michigan to receive a Centennial Farm certificate from the Michigan Historical Commission.

The farm is owned by the Morow family. It is located in Bridgeport Township, a suburb of Saginaw. Award was made at the Centennial Farm luncheon at Kellogg Center on the campus of Michigan State University.

Secretary of State James M. Hare was speaker. Plaque was presented on behalf of the Commission by its president, Dr. Lewis Vander Velde of Ann Arbor.

The Morow family purchased the farm in Jan. of 1868, and it has been in the family since that time.

The presentation was the first of a redesigned Centennial Farm marker.

These markers are provided by Consumers Power and Detroit Edison companies, after farms are officially approved for Centennial designation by the

Michigan Historical Commission. The Centennial Farm project, unique in Michigan, was established in 1948.

A Centennial Farm is one which has been in the continuous possession of the same family for 100 years or longer. The Historical Commission considers a farm to be 10 or more acres but which has estimated sales of \$250 annually.

Persons owning farms who wish to apply for Centennial Farm certificates may write to the Michigan Historical Commission, Michigan Department of State, 3369 N. Logan Street, Lansing, Michigan 48918.

**TRANSFER WILDLIFE BIOLOGIST TO STATE**

In order to continue assisting farmers who have bird and animal control problems, the U. S. Bureau of Sports Fisheries and Wildlife, a division of Wildlife Services, has recently transferred William Shake to Michigan from Lafayette, Indiana.

Shake, a wildlife biologist and graduate of Western Illinois University, succeeds Richard Wetzel. Wetzel was transferred to similar work at College Station, Texas.

Specific programs Shake will conduct in Michigan deal with bird damage to corn, small fruits and feedlots; mice damage in fruit orchards; rural and urban commensal rodent control; and Christmas tree damage by pine grosbeaks.

The Michigan legislature made \$6,500 available for the current fiscal year to enable the Michigan Department of Agriculture to

enter into a cooperative agreement for vertebrate controls with the U. S. Bureau of Sports Fisheries and Wildlife.

The bird and animal control programs will consist of providing information and technical assistance on programs to anyone requesting it. Shake will be housed at the Michigan Department of Agriculture in the Cass Building in Lansing.

Damage to Michigan agricultural crops from wildlife runs into untold thousands of dollars each year. This is chiefly from birds consuming growing grain and fruit, rodents and rabbits gnawing fruit trees, and feedlot losses through consumption and contamination of grain by birds and rodents.

**DATES SET FOR 1968 COMMODITY PROGRAM SIGNUPS**

Signup dates for farmers in Washtenaw County who wish to take part in the 1968 feed grain and wheat programs have been announced by Earl Doletzky, Chairman, Agricultural Stabilization and Conservation County Committee.

All commodity program signups will be held during the same period, February 5 through March 15. Signup applications indicate the farmer's program intentions, including the extent of his participation in the programs.

Under the feed grain program for 1968, farmers may earn diversion and price-support payments as well as qualify for price-support loans on the 8 corn and grain sorghum crops; feed grain diversion payments will be available to all program participants in 1968. The wheat program provides price-support loans and marketing certificates to bring returns up to full parity on the part of the wheat crop allocated for domestic use; no diversion payment is available for wheat.

While the signup period for 1968 commodity programs will extend through six weeks, the Chairman urged that farmers who wish to take part in the programs file their applications as soon as they decide on 1968 production plans. "Time has a habit of getting away from us sometimes

**TRUCK WEIGHT RESTRICTIONS NOW IN EFFECT**

The Washtenaw County Road Commission deems it necessary to preserve the roads under the jurisdiction of this Board and by virtue of the applicable sections of the Michigan Vehicle Code being Act 300, Public Acts of 1949 as amended, we impose springtime axle load restrictions effective January 31.

The allowable truck loadings are as follows:

Spacing Between Axles	Concrete	Blacktop & Gravel
9 feet or over	13,500 lbs.	11,700 lbs.
More than 3 1/2 ft., but less than 9 feet	9,750 lbs.	8,450 lbs.
When less than 3 1/2 ft., the combined weight shall not exceed	13,500 lbs.	11,700 lbs.
Maximum load on any wheel shall not exceed (pounds per inch of the width)	525 lbs.	450 lbs.

No truck, tractor, or tractor with trailer, nor any combination of such vehicles with a gross weight loaded or unloaded in excess of 5,000 pounds shall exceed a speed of 50 miles per hour, which shall be reduced to 35 miles per hour during the period when reduced loadings are being enforced.

Washtenaw County Road Commission

before we know it, so it's a good idea not to delay in filing program intentions," he said.

IMPORTANT -- Soybeans cannot be planted in lieu of corn on permitted feed grain acreage.

**PROTECTION OF NATURAL RESOURCES**

The Agricultural Conservation Program (ACP) for 1968 again offers financial assistance to landowners that are in agricultural production (including trees and wildlife) and habitat to carry out the conservation measures most needed in their area to protect and improve our natural resources.

Frank Light, Chairman of the Michigan Agricultural Stabilization and Conservation Service Committee, points out that the ACP Program, the oldest of our agricultural programs, is still doing more with our public funds for the long-range benefit of all people than any other agricultural program.

Landowners may receive cost-sharing assistance from the Federal Government through their local county ASCS offices for carrying out such conservation

practices as; improved vegetative cover of grasses and legumes, green manure crops, summer cover crops, winter cover crops, tree planting, timber stand improvement, food and shrubbery for wildlife, both shallow and deep ponds for game and fish. In addition, anti-pollution measures are carried out by better drainage, both internal and external, with protection measures to control surface runoff. Landowners wishing to improve the natural resources on their land should apply now and complete the projects by the dates specified in their local county ASCS program.

There is no gambling like politics.

Residents of this area who are pictured above in the Ralston Purina Company offices in St. Louis were among approximately 350 farmers from this section who visited the Purina Research Farm at Gray Summit, Missouri, last Monday, and spent the following day seeing the company's research laboratories and general office. Thousands of farmers from all sections of the United States and many foreign countries visit the Purina farm each year to see the results of experiments conducted in livestock and poultry feeding and management. The 778-acre farm is devoted entirely to farm research projects. Pictured above, from left to right are: 1st Row: Mrs. Irene Steffens, Clinton, Michigan; Mr. Paul Jedele, Saline; Mrs. Mabel Jedele, Saline; Mr. Ron McCallister, Ann Arbor; Mr. James David, Tecumseh; Mr. William Hamilton, Manchester; 2nd Row: Messrs. Charles Steffens, Clinton, Michigan; William A. Widmayer, Saline; Richard Keanase, Manchester; Charles T. Hamilton, Manchester; and Edsel Brooks, Tecumseh.

**FARMERS MUST PAY FEDERAL SELF-EMPLOYMENT TAX**

Most Michigan farmers must pay Federal self-employment tax for 1967. A. M. Stoepfer, District Director of the Internal Revenue Service advised. The rate of self-employment tax is 6.4 per cent, or a maximum of \$422.40, and is in addition to income tax.

By law, a self-employed person is one who operates his own business or farm. A farm employer is considered to be self-employed if he employs others to operate or work the farm even though he does not live on it himself.

A farmer must file a Federal income tax return and pay the self-employment tax due if his net earnings from self-employment are \$500 or more, even if his gross income is less than \$600 and he owes no income tax.

The self-employment tax applies to a maximum of \$6600. But this figure is reduced by any wages from which Social Security taxes were withheld.

A special optional provision in the law enables farmers to acquire Social Security credits even if they have a loss. It works like this:

(1) If a farmer's gross income from farming is no more than \$2,400, he may count two-thirds of such gross income as

his net earnings from farm self-employment.

(2) If gross income from farming exceeds \$2,400 and actual net earnings from farm self-employment are less than \$1,600, he may use \$1,600 as his net earnings from farm self-employment.

Under the above provision a farmer with annual gross income from farming of \$600 can declare his net earnings from farm self-employment to be \$400, or two-thirds of his gross farm income, to get Social Security credit for that year.

Generally, income attributable to rent from real estate and from personal property leased with the real estate is not taken into account to determine net earnings from self-employment.

However, such income is considered as self-employment income if a landlord, because of the rental arrangement, participates materially in the production or management of the farm. "Farm" as used in the Federal tax law, relating to Social Security and self-employment taxes, includes stock, dairy, poultry, fish, fruit, fur-bearing animals, and truck farms, and also plantations, ranches nurseries, ranges, greenhouses or similar structures, and orchards.

"Farmer's Tax Guide," IRS

Publication No. 225, furnishes more detailed information on this subject. It is available without charge upon request from your county agents, or from your IRS District Director by dropping him a postcard.

**SPEC KAPPLER RECEIVES 15-YEAR PIN**

Spec Kappler was presented with a 15-year pin from Mr. Donald Roach, General Manager of Double A Products Company last Friday in commemoration of his retirement. Spec was "completely surprised" when his wife, Ada, appeared for the occasion.

His co-workers presented him with a 12 ft.-aluminum boat and a 500 lb. capacity trailer as well as a spinning rod and reel.

Later that evening, personal friends held a surprise supper at the American Legion and presented Spec with a fly-rod.

**WASHINGTON REPORT - Marvin L. Esch**

Last week the Administration unveiled its proposal for a foreign travel tax program designed to ease the nation's balance of payments deficit. My initial reaction to the provisions is negative and passage of the bill in its present form is unlikely. However, the House Ways and Means Committee is likely to report a modified version of the bill which may receive Congressional approval.

The present proposal would place a graduated tax on travelers going abroad who spend more than \$7 per day. Taxation on expenditures between \$7 and \$15 a day would be taxed at 15% and expenditures over \$15 per day would be taxed at 30%. The administration has also proposed a permanent 5% tax on airline tickets - the same rate at which domestic airline travel is already taxed. The existing \$100 duty free exemption will be reduced to \$10 per person.

My first reservation to the program stems from its limitation on the traditional freedom of movement and travel accorded to all American citizens. I hold that

freedom of movement is basic to the values of a free people - a belief that is in direct conflict with the President's proposal. The understanding, tolerance and vast scope of educational experiences gained through international travel are self-evident and are values which should not be eroded without full consideration of their importance.

At first glance one might assume that the tax is designed to cut down on the pleasure travel spending of a wealthy few, but the effect of the bill will be quite the contrary. The additional taxation will impose few limits on those who travel on unlimited funds. The ones who will be hurt the most will be the retired couples, school teachers, students and middle income workers. Families who have saved for years to visit relatives in foreign countries may find costs prohibitive. The \$7 exemption will cover little more than hotel accommodations for most travelers, and even the limited budget traveler will be confronted by a 5% tax on the already high cost of transportation and at least 15% in taxes on most of his additional expenditures.

Further doubts about the

appropriateness of the program arise when the possibility of retaliatory steps by foreign countries is considered. If other countries were to restrict U.S. travel or raise tariff barriers, any savings would be wiped out and the balance of payments could be even further damaged. Additionally, this would alter our basic foreign policy of lowering international trade and travel barriers and emphasize a new trend toward isolationism.

There have been numerous proposals to make efforts to increase foreign travel in the U.S. We must seek involvement of both government agencies and the private travel industry in attracting foreign tourists. While this will certainly not solve the entire problem, it is a constructive and excellent proposal and suffers from few of the disadvantages of the Administration proposals.

The balance of payments deficit is indeed a serious problem one which we must face. Yet the proposal as it stands is merely a stop-gap program. This is the wrong remedy, at the wrong time, and in the wrong way. Other alternatives must be explored and developed.

**MISS ANN ARBOR PAGEANT TO BE HELD MARCH 29**

Girls from around the greater Ann Arbor-Ypsilanti area will be competing for scholarships totalling more than \$1500 in the 1968 Miss Ann Arbor Pageant, sponsored by the Ann Arbor Jaycees, on March 29. This amount was announced by project chairman, Bill Darwin Monday. This year's winner and runners-up will also receive many wonderful gifts donated by local merchants.

In addition to the local Miss Ann Arbor crown, our winner will go to compete for the title of Miss Michigan on June 5 in Muskegon and \$5,000 in scholarship money.

If Miss Ann Arbor wins the title of Miss Michigan, she will then go on to Atlantic City to compete for Miss America in September and nearly \$60,000 in scholarships.

Entrants for the contest must be high school graduates by September, between 18 and 27 years old, unmarried, and must live in Washtenaw County for at least six months. Students residing in the area while attending college are eligible also.

Entry blanks are available at many area banks, merchants, or by contacting Bill Darwin, 665-9069, Mike Bertine, 761-2374, or Dennis Peltonen, 761-5475, or by writing, Miss Ann Arbor Pageant, c/o Ann Arbor Jaycees, 777 Waterman, Ann Arbor, 48103. Deadline for entries is March 11.

not available to the blind and physically handicapped from any other source. In great demand are books on Michigan history, biographies of Michigan people and fiction by Michigan authors.

Because the library has neither tape recorders nor space to record books, volunteer readers must provide their own tape recorders and do the recording at home. A tape recorder takes a 7-inch reel and plays at 3 3/4 inches per second. Books and tapes are furnished by the Library for the Blind and Handicapped and postage to and from the volunteer reader is free.

All reader-volunteers are asked to make a test prior to joining the program.

Persons interested in becoming readers should contact Susan Haskin, Michigan Department of Education Library for the Blind and Physically Handicapped, 735 East Michigan Avenue, Lansing 48913, telephone 517-373-1590.

**DR. JORDAN, KEY SPEAKER**

Dr. Paul Jordan, Grand Blanc child psychiatrist, will be the featured speaker for the Michigan Council of Cooperative Nurseries meeting Tuesday, February 20 at the Davison Country Club in Davison, Michigan. Dr. Jordan will give a critique of child rearing and family life practices in America as compared with a New Guinea tribe.

Dr. Jordan's talk will follow registration at 10:00 a. m. After lunch participating parents and teachers will have a choice of workshops dealing with music and rhythm, arts and crafts, science and administrative problems. Mrs. David Price, teacher at Eastside Nursery in Flint will lead the music group; Mrs. Wallace Fee, teacher of the Stratmoor Nursery in Detroit will have science, and Mrs. Donald Hall, teacher at the Davison Cooperative Nursery will lead the arts and crafts.

**VOLUNTEER READERS NEEDED FOR PROGRAM**

The Michigan Department of Education's Library for the Blind and Physically Handicapped is looking for volunteer readers for the Book-on-Tape program.

The program in operation over three years, needs persons who will read onto tape books

... Must be some kind of a costume birthday party!

If George Washington and Abraham Lincoln were here to celebrate their February birthdays, they might well observe the occasion by rolling a few lines during February, NATIONAL BOWLING MONTH!

In fact, they would probably exchange birthday greetings at their weekly bowling league. For February is that month of the year, according to the Bowling Proprietors' Association of America (BPAA), when the majority of the 40 million active bowlers in the U.S. will be participating in open, league, youth, industrial, and senior citizen bowling.

February is traditionally the most active month of the year in bowling, already the nation's No. 1 participation sport. This is the time of year when league play is in full swing, youngsters are involved with school bowling classes or youth league play and when more families than ever head for their neighborhood bowling centers.

By the way, if your birthday is in February, why not celebrate it with a party at your local bowling center. Just tell the proprietor: "Abe and George sent me."

**J.V.S. BEAT WHITMORE LAKE 74 - 40**

The J. V.s played their best game of the year. So says Coach Brian Schick. The J.V.s are hustling and they are winning. They showed Whitmore Lake how to score points and that is what wins games.

High scorer for the J. V.s was Richard Schaible with 16 points. Jeff Stevens had 12 points and Dallas Ahrens had 11 points.

See you at Ypsi.

**DUTCHMEN LOSE 79 - 68**

Whitmore Lake played one of their better games Friday night and the Dutchmen just couldn't stay with them. High men for the Dutchmen were Rick Lowery with 26 points and Homer Walter with 17 points.

The Dutchmen will play two games this week. Friday night against Ypsi-Roosevelt at Ypsi and back here on Saturday night against Grass Lake.

**MANCHESTER BOOSTERS ANNUAL BASKETBALL FUN NIGHT**

The Manchester Boosters will hold their annual basketball Fun Night Friday, March 1 at the High School Gym. Featured will be 5th and 6th graders at 6:45 p and Manchester Faculty vs. Alumni at 8:15 p.m.

Admission at the door adults, \$1.00, high school students, \$.50 Jr. High students, \$.25. Proceeds will go toward Manchester's Athletic program.

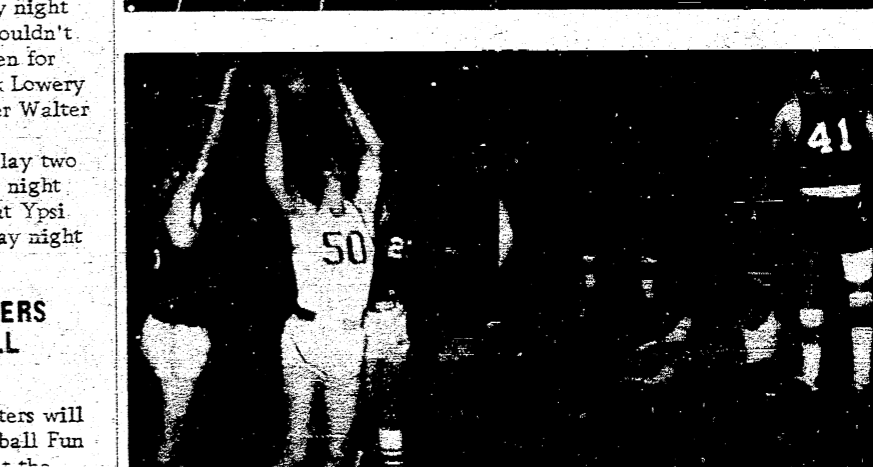

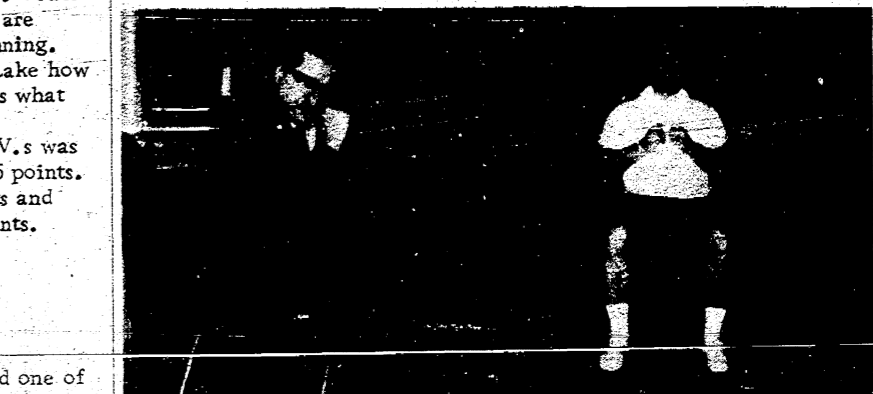

**FRESHMEN LOSE TO CHELSEA 50 TO 39**

The Freshmen played a hustling game but just couldn't keep up with Chelsea.

High men for the Freshmen were Phil Nickerson with 16 points and John Weidmayer with 7 points.

The next game for the Freshmen is here next Monday night against Ypsi-St. John starting time 7:00 p.m.

Below are the coaches for the Faculty vs. Alumni Game. Chester Kocinski is the Faculty Coach - and from the look on his face, I would say he is ready to concede to the Alumni. Clancy Kirk is the Alumni Coach and from the look on his face, I would say his boys are ready.

Here are some action shots from last week's varsity, J.V. and freshmen basketball games.

**JR. HIGH TOURNAMENT NEXT WEEK**

The seventh and eighth grade tournaments will be held here next Wednesday, Thursday, and Saturday nights.

Teams in the tournament are Brooklyn, Clinton, Leslie, Ypsi-St. John, Whitmore Lake and Manchester.

The Jr. High Honor Squad cheerleaders are: 7th Grade - Nancy Simmons, (capt.) Vicki EviLster, Sue Vogel, Lois Kemmer, Pat Alexander, Dawna Steele, and Pat Gorney.

8th Grade: Cindy Panches, (capt.) Connie Whittington, Paula Wilson, Nancy Ganzhorn, Anita Kirk, Amy Althouse and Susan Westfall.

Good Luck!! "Lefty"

**BOWL for the fun of it...**

**Having Fun Lately? Bowling Is a Ball!**

Put some fun in your life . . . Bowl for laughter and health at our modern, well-equipped lanes with rarely a wait. Bring the gang down!

**CHELSEA LANES**

SPECIAL MEETING PLANNED

A special meeting is planned on February 19, 1968 at 8:00 p.m. in the Senior High School Auditorium.

This meeting for adults who are interested in developing a maturation program in Manchester.

SHARON EUB CHURCH

Sunday, Feb. 18 at 11:00 a.m. a Universal Day of Prayer for the students in our church colleges and other college students.

The Chancel Choir will meet Thursday, Feb. 22.

SHAKESPEAR CLUB MEETING JANUARY 30

The Shakespeare Club met Tuesday, Jan. 30 at the home of Mrs. Martin Keasal.

The program was a most interesting summary on "Talking Books" given by Mrs. Paul Feldkamp and a very enjoyable book review on "Those Who Love" by Irving Stone given by Mrs. Wm. Palmer.

EMANUEL CHURCH OF CHRIST COMING EVENTS

Thursday, Feb. 15 at 7:00 p.m. the Chancel Choir will meet. Friday, February 16 at 4:00 p.m. the Choristers will meet.

LETTER TO THE EDITOR

Dear Editor: Everyone needs at least one real friend. Since there are people in every community who, for one reason or another, wish to make new friends, our inter-denominational church has decided to do what it can to help.

If only one lonely person gets a new outlook on life through the finding of a new friend by correspondence, we feel we will have accomplished much.

Any one interested in learning more about our project is invited to write us.

D.L. Handt, Pastor Christian Assembly P. O. Box 192 Stoughton, Wis. 53585

CATHOLIC SOCIAL SERVICES HOLD FUND-RAISING EVENT

The Catholic Social Service of Washtenaw County held a fund-raising dinner on Tuesday, Feb. 13 at 6:30 p.m. at the Michigan Union Ballroom. Guest speaker was the Honorable Francis L. O'Brien, Washtenaw County Probate Judge, Juvenile Division.

Mrs. Michael Scully and Mrs. Leonard Ahrens attended as representatives of St. Mary's Altar Society.

OBITUARY

Edward C. Dresselhouse

Edward C. Dresselhouse, age 90 years, a life-long Manchester area resident died Feb. 8 at the Clague Rest Home in Hamburg. He was born Feb. 19, 1877 in Sharon Township the son of John and Amelia Davidter Dresselhouse. He married Emma Grosman on March 7, 1906.

Mr. Dresselhouse was a hardware and implement dealer in Manchester for 55 years before his retirement in 1959.

He was a member of Emanuel United Church of Christ, the Senior Citizens Group of the church and of the Modern Woodmen.

Mr. Dresselhouse is survived by his wife, one son, Donald of Los Angeles, California. Funeral services were held Saturday, Feb. 10 at 1:30 p.m. at Jenter Funeral Home. Rev. Ralph Kuehler officiated. Burial was in Oak Grove Cemetery.

FAITH COMMUNITY CHURCH COMING EVENTS

Sunday evening, Feb. 18 at 7:00 p.m. the Membership Class will meet.

Wednesday, Feb. 21 at 10:30 a.m. the Charity Circle will meet. Bandages will be folded and quilt blocks cut out to send to the Navajos in New Mexico. Ladies bring a sack lunch. Business meeting at 2:00 p.m. Sunday, Feb. 25 at 10:00 a.m. Service, Joe Lathrop will speak. Mr. Lathrop, formerly a missionary to Colombia, will after his furlough in the States, do mission work in Mexico.

KINGS DAUGHTERS TO MEET

The Kings Daughters will meet at the Manchester Methodist Church on Thursday, February 22 at 1:00 p.m. for a dessert luncheon. A business meeting will follow.

CONCERT TO BE HELD AT METHODIST CHURCH

The St. James Methodist Church Men's Glee Club of Westland will put on a concert at the Manchester Methodist Church at 7:30 p.m., Sunday Feb. 18. The public is invited.

ROBERT PANGBURN IS FEATURED SPEAKER

The Washtenaw Association for Retarded Children will meet Monday, Feb. 19 at 8:00 p.m. at Trinity Lutheran Church, 1400 W. Stadium, Ann Arbor.

Robert Pangburn, Field Representative for Michigan Association for Retarded Children will be the speaker.

Mr. Pangburn has worked with State Home and Training Schools for the past several years.

Refreshments will be served. All those interested are invited.

REVELATION Chapter 21 - Verses 6, 7, 8

And he said unto me, It is done. I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely.

He that overcometh shall inherit all things; and I will be his God, and he shall be my son. But the fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death.

The punishment suffered by the wise who refuse to take part in the government, is to live under the government of bad men.

MINUTES OF REGULAR BOARD OF EDUCATION FEBRUARY MEETING

The regular February meeting of the Board of Education was held Monday, Feb. 12, 1968 in the Superintendent's Office. The meeting was called to order at eight o'clock by president Luther C. Klager. All members of the Board of Education were present.

The following items of business were considered and acted upon by the school board. The minutes of the last regular and two special meetings were read and reviewed by the board.

A motion to approve the minutes for filing was made by Koutch and supported by Pedersen. Unanimously approved. The financial report was reviewed by Superintendent Swartz who noted that with approximately 2/3 of the school year gone, the budgeted areas with one exception were favorably reflecting the anticipated expenditures.

He also noted that special caution was being exercised in view of reduction in State monies received. It was moved by Uphaus and supported by Alber that the report be accepted for filing. Carried unanimously.

The monthly bills were reviewed with questions on several items. Moved by Fielder and supported by Alber that the bills be allowed and paid.

A list of outstanding bills were reviewed with an explanation that it was usual procedure at this time of year to pay bills that had been accumulating from the start of the fiscal year with tax monies that are not available until Feb. It was moved by Uphaus and supported by Boutell that these bills be allowed and paid as tax money becomes available.

Priority to be determined by the superintendent. Under unfinished business it was reported that the property transfer (new elementary site) had been completed and that a check for \$46,500 had been delivered to Mr. and Mrs. Tadeusz Rybak.

Two earlier checks for \$2,090 and \$1,500 respectively had been delivered at the time of the initial option and the extension of same. The school attorney is presently working on the sales agreement for land under option to the Manchester Methodist Church. This transaction will return \$10,000 of the original investment to the elementary building fund.

Under new business it was noted that the Architect-Engineers should be able to let bids about April 1, 1968. The Architect-Engineers will meet with the Board of Education at their next regular meeting (March 4, 1968) to give a progress report.

It was moved by Pedersen and supported by Alber that the final certificate of payment to Peninsula State for the science equipment in the high school addition in the amount of \$4,251 be paid. This certificate of payment had been approved by the architects. Passed unanimously.

It was recommended by Superintendent Swartz that with regard to the mandatory retirement age, the provision for extended service time be eliminated, and in place of the above provision, the policy be rewritten to possibly include all employees, and no allowance be made for extension of services. It was the consensus that this should be done, but final action was postponed for the next regular meeting.

In other business, Superintendent Swartz recommended that Mrs. Cheryl Immel be granted a contract, starting as of Jan. '72 for the remainder of this school year, at the annual base salary of \$6,259. (This salary to be prorated for her service time.) Unanimously approved.

Mr. John Pemberton, local industrial arts teacher, gave a report on the metal working shop program as to how his plans are developing, the scope of their work, and something of his plans for the future. Following adjournment, the Board of Education visited the shop.

Principal Kocesi gave a report on some of the physical education programs, and also some of the individual student problems and how the situations are being handled.

The meeting was declared adjourned at 10:20 p.m.

NEW COURT BILL APPEARS

The Senate Judiciary Committee reported a substantially new approach to reorganization of the lower courts required by the constitution. The new approach, Substitute Senate Bill 65, would provide for 81 judges in 40 districts and permit the judges to appoint a total of 175 non-lawyer "magistrates" to serve under their direction. County Boards of Supervisors could authorize as many more magistrates as they cared to finance under their 60 per cent county share of court revenues. The earlier House approach, Substitute House Bill 2763, calls for 178 judges in 99 districts with an unspecified number of magistrates, exempting Detroit courts. Both bills now are in the Appropriation Committees of their respective chambers for a determination of costs. The Senate bill sponsor, Senator Robert L. Richardson, Jr. (R. Saginaw) said

his bill would bring the state back about \$300,000 more than the \$2.2 million it would cost the state and the local units \$400,000 more than the \$5.6 million it would cost them.

Introduction of the "magistrate" idea last year was regarded as an attempt to find places for some of the present non-lawyer justices of the peace who could not qualify as district judges.

It was recommended by Superintendent Swartz that with regard to the mandatory retirement age, the provision for extended service time be eliminated, and in place of the above provision, the policy be rewritten to possibly include all employees, and no allowance be made for extension of services. It was the consensus that this should be done, but final action was postponed for the next regular meeting.

PEACE CORPS TO TEST ON FEBRUARY 17

Washtenaw County residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, Feb. 17 at Civil Service Room, U.S. Post Office, downtown station, 220 N. Main Street, Ann Arbor. Volunteers need not have a college degree, as a broad range of skills are needed for overseas programs in agriculture, public health, community development, education and cooperative development. The Placement Test, which takes about an hour and a half, determines how an applicant can best be utilized overseas. It measures general aptitude and ability to learn a language, not education or present knowledge of a foreign language. The test requires no preparation and is non-competitive - an applicant can neither pass nor fail. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

JUNIOR MUSIC FESTIVAL TO BE HELD AT MSU

The Junior Music Festival will take place on Saturday, March 9 in the music building on the campus of Michigan State University.

These festival contests are designed not only for the exceptionally talented performer, but also for the average student who seriously applies himself to his music. Festival entrants do not compete against each other, but rather, each is rated on his own merits or degree of accomplishment.

To be eligible for entry, a student must be not more than 18 years of age and be affiliated with an active junior club or become a junior special member of the National Federation of Music Clubs, the sponsoring organization. Pupil, individual or club, must be entered before Feb. 15 to make the student eligible to play in the festival.

Entrants in any event must progress to a higher class each year they participate. The entry fee is \$1.25 for each entrant in solo events or in ensemble events of less than five members (eligible for individual National certificates) and \$5.00 for each group of five members or more (eligible for only one National certificate.)

For further details music teachers and junior club presidents are invited to write for Junior Festival Bulletin and application blanks to Mrs. Florence Rowe, Junior Festival Chairman for south central district, 405 Green Meadows Drive, Lansing, Michigan 48917.

February 19 is the deadline for applications.

Stolen Cars Recovered

NEW YORK—Although 90 per cent of all automobiles stolen in the United States are recovered, according to the Insurance Information Institute, about 30 per cent of the recovered cars have been damaged or stripped of parts—many to the extent that they represent total losses.

VOTE MONDAY

(1) Who can enter - any person who can legally fish in Michigan that has purchased a \$1.00 Derby Ticket from any of the following: (a) Chelsea Jaycee Members; (b) Local Sport Shops - Lakeshore Store, Pleasant Lake or (c) by calling 475-7634 or 475-8187 or 475-7421.

(2) Where can one fish - Any lake or waters in the Washtenaw,

Stolen Cars Recovered

Livingston, Jackson, Lenawee and Ingham Counties. (3) How fish should be taken - According to the 1968 Michigan State Fishing Regulations for line and spear.

VOTE MONDAY

(1) Points will be awarded for both length and weight and the combination of both will be the total score for the fish registered.

(1 - point for every ounce in length; 1 - point for every ounce in weight); (2) The fish will be measured for length with its mouth closed; (3) After all the entries have been registered, the Judges will compare the total points for each fish, with the records listed below and the closest fish (percentage-wise) will be the Grand Champion. In this manner, every fish is a potential winner, regardless of what type; (4) The Judges decision is final.

Record Fish by Points Bluegill - 4 - 12 weight, 15" in length, 76 points, 15 points total points - 91.

Crappie - 5 - 3 weight, 21" length, 83 points, 21 points, total points 104.

Perch - 4 - 3 1/2 weight, 19 1/2 length, 67 1/2 points, 19 1/2 total points 87.

Northern - 4 - 2 weight, 52 1/2 length, 73 points, 52 1/2 points, total points 790 1/2.

KNOW YOUR CANDIDATES... HERBERT MAHOON - Council

Herbert Mahony - Council... I hope everyone will vote next Monday and keep in mind your Council needs members who are willing to work and will devote the many hours necessary to assigned committees.

Harry Macomber - Council... If elected, I have three things in general which I intend to pursue. First, I would like to head the Committee on Public Works.

Norman Walz - Council... I am running for Council because I believe that I want to criticize or offer ideas I should be willing to do whatever necessary to help. I think this includes serving on council. I was reluctant to run at first because of owning the newspaper, but I find that some editors in other communities do take an active part in local government.

Dr. Leroy G. Augenstein will be the guest speaker at the Huron Valley Council of Cooperative Nurseries on Feb. 21 at 7:30 p.m. The meeting will be held at the First Methodist Church at 209 Washenaw, Ypsilanti.

also the most challenging. I would like to make a complete personal study of our streets, sewers, water, etc. and come up with a workable plan for year by year improvements.

Second, is my concern over the future growth of Manchester. I am going to pursue the topic of cooperation with the surrounding townships which I mentioned last week.

I hope everyone will vote next Monday and keep in mind your Council needs members who are willing to work and will devote the many hours necessary to assigned committees.

I am running for Council because I believe that I want to criticize or offer ideas I should be willing to do whatever necessary to help. I think this includes serving on council. livers about 120 lectures each year and has edited and written numerous articles on science and ethics. In 1967 he was elected to an eight-year term on the Michigan State Board of Education.

Manchester is chairman of the Huron Valley Council of Cooperative Nurseries. Representing Manchester in the council is Mrs. Donald Esterbrook, Manchester chairman is Mrs. David Little and the area teacher is Mrs. Paul Boehler. There are 24 such nurseries in the Huron Valley Council of Cooperative Nurseries.

This is Norman Walz, candidate for Council. His picture of two weeks ago did not turn out so we caught him at Boss' Night for this shot.

100th Year No. 19

Council Adopts New Budget

Council adopted close to a \$106,000 budget at a public hearing last Monday night. This \$105,985.00 is anticipated income for the coming year. The first chart above shows where the bulk of the funds come from.

Hepatitis Noted By Health Department

The Washtenaw County Health Department has noted an increase in the number of cases of infectious Hepatitis in the Manchester area, according to Doctor Otto K. Engelke, County Health Officer. Six cases have been reported this month which brings the total number of cases reported for southwestem Washtenaw County since December 1 to twenty-four. Cases have been reported this past fall in Monroe and Lenawee Counties also.

Doctor Engelke reported that county health department nurses and sanitarians have visited homes, stores, and schools in the Manchester area and have instructed parents and school personnel about control measures. A letter was sent this week to parents of school children in the Manchester area from the health department with recommendations to families regarding the practice of good sanitation in homes with special emphasis on proper personal hygiene practices. Careful hand washing after the use of the toilet and after doing the family laundry is recommended. Contaminated human excrement is usually responsible for transmission of the disease.

"Sources of infectious hepatitis are often difficult to trace," said Doctor Engelke. "Most cases result from household contamination of food and drink by infected family members," he added. The health department is continuing its surveillance of the situation and reminds parents that prompt medical care is important in the treatment and prevention of this disease.

Plate Deadline Few Days Away

Only a few days remain for Michigan vehicle owners to buy 1968 state license plates. Deadline for purchasing all plates is Feb. 29 at all branch offices of the Secretary of State. Unlicensed drivers are urged to obtain plates just as quickly as they possibly can and not wait until the final day of the sale.

Red Cross Postpones Blood Mobile

Manchester Red Cross Blood Club has postponed the March 9 Bloodmobile clinic in Manchester to October 23, 1968. This will make the clinic a year apart instead of the usual six months. The present balance for the local bank is around 50 units because the demand has been unusually low for the last five months.

Since donors are needed continuously to keep our Regional Bank in fresh supply, it is hoped that Manchester residents who can, will give at the clinics at the Red Cross Operations Center in Ann Arbor on April 12 and July 12. Information about these Bloodmobiles will be announced before each clinic as a reminder. Credit all donations to your local club so Manchester's account will not be in debt before our own October clinic.

Manchester volunteers for the Red Cross Blood Bank staff are scheduled to operate the Ford Motor Company clinic in Ypsilanti, March 25 from 9:00 to 3:00. Mrs. Rolland Grossman is Chairman of the day.

Residents of the Manchester School District and all blood club members are reminded that they should make their blood needs to Mrs. Rolland Grossman, Mrs. Robert Huber, Mrs. Millard Uphaus, Mrs. Franklin Reck, or Richard Kuntz at Double A Products.

Contract Awarded For Post Office

A contract has been awarded to Mr. & Mrs. Travis G. Barnes, Box 56, Bridgewater, Michigan 48115, to rent new quarters to the Post Office Department on Boettner Road, to improve postal operations in Bridgewater, Michigan, Postmaster General Lawrence F. O'Brien announced. "This project is in accordance with our policy of building new post offices only where they are urgently needed," Mr. O'Brien said. "We are constantly reassessing our construction program to determine whether present buildings can be altered or remodeled to take care of our expanding mail volume."

Record 309 Voters Cast Ballots

Last Monday's Primary drew a record 309 voters to the polls. All candidates were running on the Republican ticket. Unless a strong write-in campaign is launched, those winning in Monday's Primary will be the new village officials.

In the Mayor's race, John Althouse won by a wide majority over Donald Ross. Incumbent for Council, Herb Mahony was re-elected, but the other incumbent, Al Gaige, was defeated. The two new men elected were Wendall Reinhardt and Harry Macomber.

Clerk Lyle Widmayer, Treasurer Ed Kirk and Assessor Russ Widmayer were all re-elected. They were unopposed. The next step is the General Election which will be held March 11.

One council seat will be left vacant after the election. This is the seat now held by John Althouse. After the new council is sworn in, this position will be filled by appointment.

Grand Opening Of Coffee House

March 8, 1968 is the Grand Opening for the Teen Coffee House at Emmanuel Church. The Coffee House will be a rustic place for the teens of Manchester and its surrounding area. The door will be open to all teens from 9:00 to 1:00 a.m. and nearly every Friday and Saturday thereafter. There will be dancing, playing cards and just plain sitting. It will be a weekend get-together for teens to get out and have a good time.

The Youth Fellowship at Emmanuel has taken the responsibility of organizing, planning and building this new project.

The Fellowship is in need of used straight chairs to complete this project. Anyone wishing to help the teens, is asked to contribute their old, used straight chairs. These chairs may be left at Grossman-Huber Gulf on Feb. 24 or March 2. The Fellowship would appreciate any support given.

Manchester Plastics Completes Third Addition

With the third building addition recently completed, Manchester Plastics, Inc. has tripled its size since the plant was constructed in the spring of 1964. Included in this new addition are modern restrooms complete with showers and a beautiful lunch room with a stove and refrigerator for employee use. "We have that 'big family' atmosphere and even observe everyone's birthday," one spokesman added.

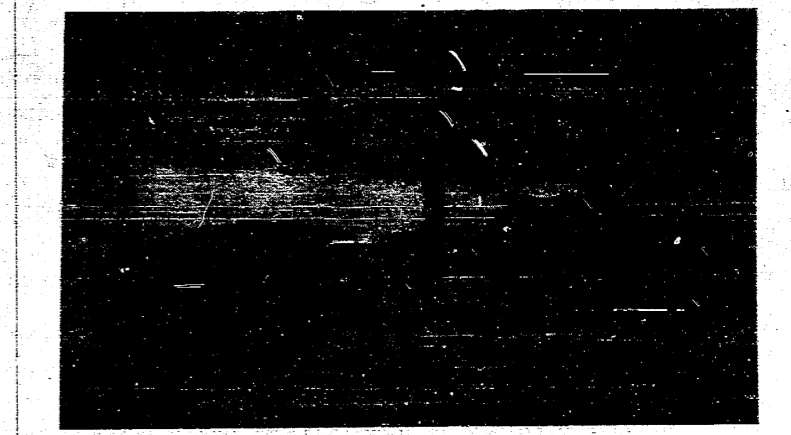

The company now has six injection molding machines with the recent purchase of a 20 oz. and a 60 oz. machine. These machines can mold parts of one-half gram weight to the size of a chair seat. Two more machines, an 80 oz. and a 28 oz., are on order for delivery by June 1. The greater part of production by Manchester Plastics is for automotive and industrial companies and is also one of the few companies of today that is not a subsidiary of a larger corporation.

Today they supply plastic call-buttons for hospitals, the plastic parts used on lawn mowers,

tape recorder parts for automobiles magnifying lens for viewers, sleeve and handle parts for soldering irons, arm rests for the automotive industry, a wedge for Chrysler door locks, three sizes of oil filter bowls, reflector covers for automobiles, lazy susan spice racks, cup and saucer display racks, and at one time Barbie Doll mattresses and wardrobes. Manchester Plastics also furnishes various parts for Double A Products including selector buttons, celluloid light covers and palm buttons.

There are three shifts, eight employees on each besides the office staff of Clinton Fisk, bookkeeper and accountant, Mrs. Edith Wheeler, secretary and Miss Susie Kirk, receptionist. President of Manchester Plastics, Inc. is Max Kenyon and Walter Gamin is treasurer and plant superintendent.

The plant is located on 15.5 acres at the end of Madison Street with enough land for future expansion. Most of the employees live in the Manchester area.

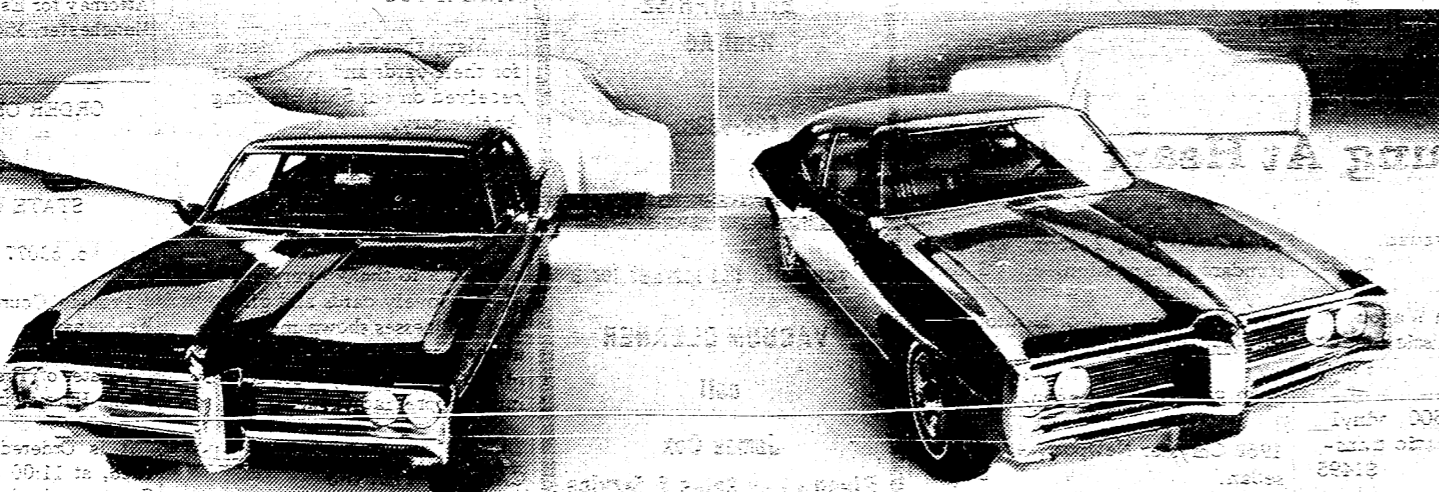

One of the many products manufactured by Manchester Plastics.

Twelve inch water pipe being delivered for the new water main which will be routed down the railroad property. Installation is due to start soon.

If we weren't sure of winning, we wouldn't be making comparisons.

Pontiac vs the so-called low-priced cars. You might find a better description for them when you know Catalina has a 400-cu.-in. V-8, 121-inch wheelbase, Wide-Track.

Pontiac vs economy cars. All Tempests come with an OHC Six developing 175 hp on regular. If that isn't enough, V-8's go to 320 hp. Tie that to Wide-Track and find out what an economy car can be.

It's Comparison Days at your Pontiac dealer's.
