

COUNCIL BRIEFS

Contd. from page one

meeting. This would give them time to investigate any problems such as set back, etc. Clerk Lyle Widmayer said this could be done.

Robert Lowery, Ordinance Committee Chairman, reported on several applications which were approved. A Stop Work Order had been issued and one building request will require a public hearing.

The school plans were presented showing the proposed sewer and water hookup. The plans showed hookup onto Ann Arbor Hill at Auburn Street. Council wondered if the School Board had checked into going the other way with the sewer. Concern was expressed over bringing the sewage down Ann Arbor Street as it would need to go through a lift station on City Road. This station already handles the sewage from the west side of town, as well as that on Ann Arbor Street. Representatives from council will be at a special School Board meeting Thursday night to question the route for sewer and water. Gale Koebbe was also instructed to check with the village engineers to see if the school board had approached them on the best route for hookup. Council adjourned at 10:30.

"EARN YOUR WAY TO CAMP" MINT SALE BEGAN MARCH 30

On Saturday, March 30 at 10:00 a. m. the Ann Arbor YM-YWCA began its annual "Earn Your Way to Camp" Mint Sale. By selling delicious Deran Thin mints, youngsters will have an opportunity to earn all, or part of the camp fees to any of the Ann Arbor "Y" camps. Each box of mints will be sold for \$1.00, and will provide .40 toward camp. The sale will end on April 11 and will be followed by a Hot Dog Lunch, and prizes for top salesmen on Saturday, April 13.

FOR SAFETY'S SAKE DON'T TOUCH UNGROUNDED APPLIANCES WHILE STANDING IN WATER.

BLOODMOBILE TO BE HELD APRIL 12

Manchester Blood Donors who are interested in giving to their local club or to individuals in the hospital may attend the BLOOD MOBILE at the American Red Cross Operations Center in Ann Arbor, Friday, April 12 at the clinic from 1:00 to 6:30. This will be the only clinic available to the Manchester area until July 12 when another will be held at the center in Ann Arbor. The next Blood Mobile here is on October 23.

Persons can now give from their 18th birthday to their 61st. The extra year has recently been added by the National Red Cross. If 18 to 21, the donor must have a written permission from the parent or guardian unless he or she is married, divorced or living away from parental household and self-supporting.

The question of the donor eating before giving blood has been asked and it is advisable for him to have eaten a non-fatty meal at least four hours prior to donating blood.

Appointments for the clinics must be made or a long wait might be necessary. Call the new Red Cross number in Ann Arbor, 971-5300.

The recently publicized case of little five-year-old Sally Harrington, the Pontiac child who is using 50 pints of blood a week, has caused a wave of generosity among blood donors. If anyone is anxious to help this child, they may make their donation at the clinic in her name. Otherwise, donations are always needed at the Manchester Blood Club.

HOW "TAKE THE CAKE" PHRASE ORIGINATED

The first people to "take the cake" were cake-walkers. It was once customary among Southern Negroes to wind up a ball with a promenade around a specially prepared cake. The cake was awarded to the couple judged most graceful and best dressed. They were said to have "taken the cake," and the phrase was given general currency through minstrel shows.

Cakes were also awarded at Irish holiday dances during the 19th century. There a cake was raised on top of a pike decorated with flowers and given to the couple that stayed on its feet longest during a marathon dance.

X ON BEER KEGS SHOWED EXCISE TAX

The X's that sometimes appear on wooden beer kegs are derived from early excise taxes. One X meant a tax distilling tax, and signified a certain strength beer. XX and XXX were later used to identify extra-strong brews.

"Jerry-built," which has an unknown origin according to Webster's Dictionary, comes from the name of a disreputable English construction company. Jerry Brothers, Builders and Contractors gave 19th century Liverpool many showy but poorly constructed houses and gave the language a new term.

AMBASSADOR CHOSEN FOR 1,000 MENTALLY RETARDED IN WASHTENAW COUNTY

The newest ambassador for the 1,000 mentally retarded in Washtenaw and the country's other six million retarded is the National Association for Retarded Children's Poster Child - Joey Belge of Syracuse, New York.

Announcement of his selection was announced by Mr. Dean Douthat, President of the Washtenaw Association for Retarded Children, one of NARC's 1,200 affiliated units. "This cheerful, blond, blue-eyed eight-year-old symbolizes what can be done for the retarded through combined family, voluntary and governmental efforts," Mr. Douthat said.

Early attendance at a local ARC activities center enabled Joey to develop sufficient coordination and independence to attend a nursery school with normal children. Finally, he was enabled to enroll in a public school class for educable retarded children last September.

"It is reasonable to expect that with continued schooling and specialized training, Joey will be able to hold a job when he is grown."

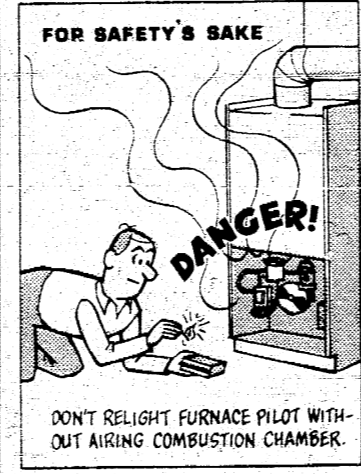

Joey is the fifth child in a family of eight of Mr. and Mrs. R. Belge. Mr. Belge is assistant

to the chairman of the electrical engineering department of Syracuse University and an instructor at Syracuse's University College. Among Joey's seven normal brothers and sisters are a set of twins.

EASTER EGG HUNT

The annual Manchester Jaycee Easter Egg Hunt is being held this year at Carr Park on April 13 at 2:00 p. m., rain or shine. Pre-school children through the fourth grade are invited to attend.

Peter Cottonail has promised to distribute about 2500 Easter eggs. There will also be a few prize eggs hidden, and a gift will be given for each one that is found. We hope to see as many children as possible attend this annual event.

EASTER GREETINGS

New Elementary School Plans Near Completion

by Carolyn Ahrens

Manchester area residents will soon view the results of a \$550,000 bond issue passed by district voters at the June, 1967 election. The bond will cover the costs of the new Manchester Elementary School which includes the site and development costs, building, equipment and parking area. Construction will begin on the new school after the acceptance of the successful bids by the Board of Education. Bids are to be opened on April 16, 1968 and are to be returned by early May.

The school is to be located on the east side of Ann Arbor Street on 53 acres of land behind the Tadeusz Rybak residence. It will be approximately 500 feet from the street and a drive will lead into the school area with a de-acceleration lane along the side of Ann Arbor Street to alleviate traffic conditions.

The existing gravel pit across the street from the Leonard Ahrens residence will be graded for the parking area and the large barn on the front corner of the land will be removed. Consideration of using it for storage or bus garages was thoroughly investigated but because of the size and location could not be used. The new school will be almost directly across the field from the high school between two strips of land not owned by the school system.

Architects - Engineers Louis C. Kingcott & Associates, Inc. have drawn up tentative plans and as Robert Swartz, Superintendent of Schools noted, "The Board of Education will accept the builder who will be the most desirable in fulfilling the Manchester school needs - both present and future." He added, "The building is designed to the contour of the land and will be stepped down slightly in three areas. Every two classrooms will be separated by folding partitions in order to afford the maximum amount of flexibility in the new building."

The school will accommodate about 325 students in the twelve classrooms now tentatively planned for. An all-purpose

room, kindergarten, library or instructional material's center, conference rooms, office area, storage and restrooms are under the current plans. An alternate proposal for a music or art room is included in the bid plans. There will be two half-day kindergarten rooms and three sections each of first through fourth grades.

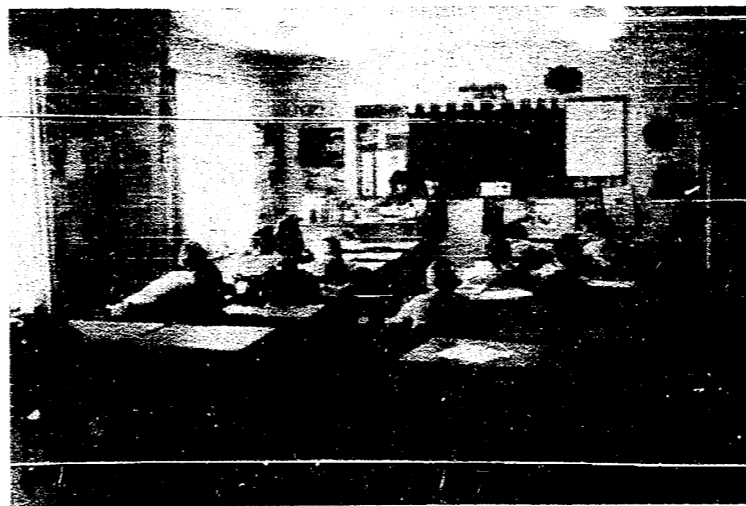

The Nellie Ackerson School will also have a kindergarten class as well as classrooms for fifth and sixth grade pupils. The Intermediate School next to the Nellie Ackerson building will continue as seventh and eighth grade classrooms and the Pleasant Lake School with kindergarten through fourth grade and the Manchester High School will continue as presently established.

Also under consideration is the possibility of carpeting the new school because of the economical maintenance of such floors. Carpeting would also lessen the echo in the halls and give added warmth. Under the 10-year guarantee program of carpeting the slight extra cost would be offset by the maintenance savings within six or seven years. Mr. Swartz added, "Current studies show that carpeted school buildings are much more economical to maintain and care for." Investigations have shown that soil is easily vacuumed away and the new carpeting used in some schools need only be shampooed once a year.

The money involved for carpeting or the alternate suggestion of an additional classroom are from the profits made by investment of the bond passed by voters last year. The Board of Education and the Citizen's Committee are now investigating the possibilities of using this investment profit. As Mr. Swartz pointed out, "These are only tentative plans. We will have to wait until the construction company bids are accepted before final and definite plans are completed."

The new Manchester Elementary School is scheduled for completion by the first of November, 1968.

ATTEND CHURCH ON EASTER

Here's the photo of a class being held at Emanuel Church. This is the same photo which did not turn out in last week's paper.

Resurrection Proves Christ Is God

By Father Raymond R. Schlinkert

Easter is a time of spiritual joy. The joy of Easter is not the kind which is based on some pleasant experience nor is it a momentary surge of optimism. The happiness of Easter, properly understood, should never leave the Christian consciousness.

Let us look at Easter. It is astounding, it is revealing, it marks a miracle. It is the amazing meaning of that miracle all the days of the year. Yes, Easter does mark a miracle, the most significant miracle in the life of our Divine Savior. One realizes the extent of that miracle when Easter is placed in sharp contrast with Good Friday. What a day was Good Friday!

For three years the Master had strode the streets and lanes of the Holy Land. He had sought out the lost sheep, sometimes had cured the hopelessly sick, had even raised the dead to life. Yet now those blessed hands were held fast by the nails and those sacred feet were securely fastened to the wood of the Cross. There was blood upon the eloquent lips which had spoken as no one had spoken before. This did not appear to be victory; it seemed to be defeat. Yet -- could a person really be sure that Jesus was vanquished? The one who had delivered him over to the Romans were not sure. That is why they later placed a guard to watch over the tomb. Even the sound of their supposedly brave challenge that He come down from the cross and prove that he was the Son of God had a very hollow ring. Nevertheless that challenge was about to be answered in the most convincing possible way.

As Easter Sunday morning dawned the world received the dramatic proof that Christ was precisely what he had claimed to be, truly divine. The feeding of thousands with five loaves of bread and two fishes, the instantaneous restoring of sight to the blind, the calming of an angry sea by a gesture -- these were all remembered by those who had been present. There remained the crowning achievement which is the victory over death.

"Destroy this temple," he had said (meaning his body) "and in three days I will build it up again. If Christ could do that, if he could conquer death, then there would be no doubt about it. He must be God as well as man. The open tomb is the answer. Christ deliberately gave himself on the cross; he stepped gloriously and radiantly alive from the tomb. No more man could have defeated death. Christ defeated death because He is not only man but also truly God, the Resurrection, miracle of all miracles, bids us to follow Christ, the Son of God who came down to take our human nature and to redeem the world. Easter means that Christ our Savior is not only truly man but also truly God. Let us rise with Christ to a new and better life. "This is the day which the Lord has made; let us rejoice in it and be glad."

Lenten Breakfast Served

On Wednesday, April 10, the United Church of Christ served a Lenten Breakfast to 150 guests from the area. Included were members of Iron Creek Church, Methodist and Bethel Churches, Sharon Evangelical United Brethren, St. Mary's and the new Faith Community Church.

The Lenten Breakfast began at 9:30 a. m. with a special prayer. Breakfast was then served, followed by the guest speaker, Mrs. Russell Weid of Ann Arbor who is president of the Women's Association of the United Church of Christ.

The Varsity Choir, directed by Roger Morrison, sang several songs and the program closed with another prayer.

Decorative keepsakes were made of two sugar half-shells, decorated with frosting although they were not eatable. Mrs. Bernard Kemmer made the shells and was assisted in decorating them by Mrs. Russell Wolf, Mrs. Roscoe Lannom, Mrs. Tom Marshall and Mrs. Wayne Trolz. The Lenten Breakfast was a combination of efforts of all the ladies of the various women's circles of Emanuel Church. Three ladies provided nursery care for the small children of mothers who attended the breakfast.

Good Friday Union Services

A Union Good Friday Service is going to be held Friday, April 12 at Emanuel United Church of Christ at 1:15 with prelude from 1:30 to 2:30 p. m. The Emanuel Church will provide special music.

Four churches will be cooperating for this special service. The pastors of each congregation will bring messages with a theme lending itself to Good Friday. A special offering will be received and given to Crop Program.

The life that we're livin' in is mighty hard to beat; You get a thorn with every rose, But ain't the roses sweet? Frank Stanton

AMERICA RUNNING SCARED

I can't believe that most Americans were so saddened over the death of Dr. Martin Luther King as our leaders would have us believe. Nor can I in good conscience classify as "white racism" the statements I've heard against the man.

I personally am appalled when anyone is killed in that manner. My own opinion of Dr. King was that he was a man who had the courage to do what he believed in. But, I am no more saddened by his death than I am when I read the names of soldiers who die daily in the rice paddies of Vietnam.

I think 90% of the grief and national homage paid to Dr. King is nothing but an attempt to quiet racial disorders. In other words, you and I are supposed to pretend sadness over his death and plead for his cause so that a mob won't burn our towns down.

I also think the equalization of negroes has been set back 50 years by the happenings of the last five years. People who ten years ago would have lived and worked with a Negro and thought nothing of it, today wouldn't associate with them no matter what law is passed. Ten years ago when I was attending Slauson Jr. High, a Negro was president of our class, not to achieve racial balance, but because everyone liked and respected him. If anyone had cried prejudiced, most students would have had to look the word up in the dictionary. There wasn't any such thing.

If we're looking for someone to blame for racial imbalance, perhaps we should look back a few years. I blame the state, city and the individuals who allowed any Southern gas station to put in separate restrooms for white and colored. I blame these same people for keeping quiet while Negroes were ordered to the rear of a bus or hung for crimes they didn't commit. I blame all people who think the constitution is to be used only when their rights are threatened.

What most white Americans have, they can't give to a Negro. To be happy, any man needs self-respect and the ability to feel pride in what he does. This can't be legislated, ordered, bought or sold. It has to be earned. This isn't a gift, but every man should be free to achieve it.

I can understand the frustration of seeing civil rights laws watered down until they don't mean anything, but let's not forget that we have a law. It's called a constitution. If we had morally strong men sitting in the U. S. Supreme Court and the President's chair, we wouldn't need any new laws passed.

The worst part of the current crises that faces this country is the majority of Americans who are running scared and thereby condoning law breaking on a national scale.

Before saying "never" remember "never" is a long, long time.

WASHINGTON REPORT - Congressman Marvin L. Esch

The people have every right to expect their lawmakers not to be lawbreakers and the House of Representatives last week took a first step in assuring that its members abide by high ethical standards.

Early last year I proposed the establishment of a Select Committee on Standards and Conduct here in the House of Representatives to draw up a code of ethics for House members and their employees. The House approved the establishment of this Committee by a unanimous vote nearly a year ago and since that time the Committee has held extensive hearings. I presented testimony in immediate enactment of enforceable and effective regulations.

The Committee has recommended a code of standards and conduct to the House for its action. While this is only a first step and further attention is needed in a number of areas, passage of the resolution will go

a long way toward assuring the public that its representatives in Congress are not swayed by conflicts of interest. I have urged immediate action by the Congress to approve this bill.

The code will establish a Permanent Committee on Standards of Official Conduct and will require each member of Congress and all their employees to file with that Committee a list of all companies in which they hold a substantial interest which do business with the Federal Government or which are subject to federal regulation. It will also require a listing of earnings of more than \$1,000 from any professional organization (such as a law firm) of which he or his wife is a member, as well as any source of outside income or capital gain exceeding \$5,000, and reimbursement for expenses exceeding \$1,000.

This list will be maintained by the Committee as a matter of public record so that information regarding possible conflicts of interest will be readily available. At the same time, each member and employee will also file a sealed and confidential list giving precise financial information and figures relating to the outside sources of income listed above. When any charge of misconduct or conflict of interest is lodged with the Committee, this information will be available to them. If a majority of the Committee feels that evidence of misconduct is substantial, such information will also be released to the public.

The code also requires that every employee of a member must be doing substantial and official work. No member or employee can accept gifts of any substantial nature and cannot be compensated for actions and contacts which would occur by virtue of influence improperly exerted from their positions in

the Congress."

Left untouched was the broad area of campaign contributions. However, the Committee recommended, and I strongly agree, that there is a need for a complete overhaul and updating of laws in this area. There is an urgent need for total disclosure of campaign receipts and expenditures and I have urged that legislation be approved in this field before the upcoming election.

Public confidence in the legislative process and in the integrity of members of Congress and their employees must be maintained and strengthened. I believe that this code will play an important role in ensuring that those who are elected and serve in positions of responsibility are in fact, as well as appearance, men and women of personal integrity who regard public service as a public trust.

When people fight over religion, it is a good sign that there isn't much of it.

MICHIGAN LEGISLATIVE REPORT - Thomas G. Sharpe

On March 1, in response to concerns expressed to me by various members of both the faculty and administration of the University of Michigan, I called attention, by means of this newsletter, to certain alarming conditions at that institution of higher learning.

I protested the fact that tax-supported facilities were scheduled to be used, on March 19, for a lecture by William Sloane Coffin -- who was and is under federal indictment for preaching and counseling draft-dodging.

I publicized the plight of many professors who feel that academic freedom has been turned into academic license, and that the radicalism of so-called "student activists" has dominated the campus to a degree

far out of proportion to their actual numbers. I passed on complaints I had received that faculty meetings were becoming obsessed with such subjects as Vietnam, or classified government research, rather than the proper process of education. I also quoted concerns expressed to me about overly permissive visitation policies in the dormitories.

The response to that newsletter has been strong and emphatic, even though abbreviated versions that appeared in many newspapers throughout the state were misleading.

A great many U-M alumni have thanked me for speaking out on this matter and informed me that they can no longer feel the pride they once knew in their University.

A Bay City citizen whose son was an honor student finishing 3rd in a high school class of 600

wrote me that he withdrew the young man from the U-M after a single semester. "He became anti-religious and anti-country," the father explains. "I can blame the boy, but I also can blame the university. Something is wrong."

Not everyone agrees. I've received some angry letters from students. And one U-M administrator has even informed me that he would rather have his daughter "get pregnant in a bed than the back seat of a car." I told him, simply and bluntly, that the taxpayers of my district don't care to pay for the bed.

Still, the great bulk of mail I have received on this matter, from all over the state and country, has been in strong agreement. A U-M graduate and former EMU professor in Laguna Hills, California, urges, "The Governor and the Legislature should take definite action."

I personally believe that action should more properly be taken by the elected U-M regents, who are supposed to be an autonomous governing body. William Sloane Coffin spoke on schedule, and once again urged students to defy the draft laws. A few days prior to his visit, a "Black Power" advocate spoke at the U-M undergraduate library and collected money in a wastebasket for the express purpose of buying arms and ammunition to be used in Detroit against "next summer's invasion by the police and national guard." "Once again, I must ask, "Are Michigan citizens really willing to support such activities with their tax money?"

One lady wrote me a long letter, vividly describing her last visit to the U-M campus, where her son is a student and also an ROTC candidate. She was shocked at the catcalls, abuse, and even obscenities that were shouted at him by groups of unkempt individuals whenever it was necessary for him to cross the campus in his uniform to attend an ROTC training session.

She asks, and I repeat, "Is this academic freedom?"

BOY SCOUTS BANQUET HELD

Iroquois District, No. 4, of the Portage Trails Council of the Boy Scouts of America held their Annual Meeting and Banquet April 3 at the North Campus Commons, Ann Arbor, Michigan.

The dinner was served in cafeteria-style in the East Room at 630.

Ronald McNally of Manchester was Master of Ceremonies for the program and meeting.

The welcome and introduction were given by Ted Roberts, District Vice Chairman.

Wendell Young, Whitmore Lake, and Robert Armentrout, Manchester, are the Assistant District Commissioners for the Boy Scout Roundtables.

Robert Armentrout and George Goodell are the Neighborhood Commissioners for Manchester.

They are to assist the leaders and members of the Cub Packs, Boy Scout Troops and Explorer Post. The leaders in Manchester are Alger T. A. Clark, Cubmaster of Pleasant Lake Pack 433, J. Neil Laats, Cubmaster of Manchester Pack 421, Ted Roberts, Scoutmaster of Troop 426, Larry England, Scoutmaster of Troop 436 and Robert Armentrout, Advisor of Explorer Post 404.

Wendell Young, Commissioner was one of the adult leaders to accompany the Dexter Troop to "Region 7 Canoe Base" in Boulder Junction, Wisconsin last summer. He showed the movies of this trip which is the same trip that members of Manchester Explorer Post will be taking this summer.

Recognized on the list of Awards for 1968 were Ronald McNally and Robert Armentrout for having completed their Wood Badge Training this year. They were presented their "Wood Badge Beads, Neckerchief and Woggles" by Assistant Council Scout Execu-

tive Lee R. Crail at the December Christmas meeting.

This training is an extended course taking up to three years to complete. Included is the eight days of concentrated training at "Region 7 Canoe Base", Boulder Junction, Wisconsin. Ron and Robert were there in August, 1965. The Wood Badge Training is considered the Ph. D. of Scouting. It is the highest level of training available to adult scouts.

Attending from Manchester were Mr. and Mrs. Ronald McNally, Mr. and Mrs. Ted Roberts, Mr. and Mrs. Claran Knauss, Sr., and Mr. and Mrs. Robert Armentrout and son Tod.

PROCLAMATION

I, John Althouse, by virtue of the authority invested in me as Manchester Village President, hereby proclaim the month of April of this year, 1968, as National Cancer Control Month and do call upon local citizens and organizations to join in this observance and to assist in any way possible, the fine work being carried on in this and other communities by the Wastewau County Cancer Association in its attempt to co-ordinate cancer education, prevention and research.

GOOD FRIDAY SERVICES TO BE HELD IN ANN ARBOR

The annual Good Friday Services sponsored by the Ann Arbor Washtenaw Council of Churches will be held at First Methodist Church, E. Huron and State, Ann Arbor and in the meeting room on the mall in Arborland. The service at First Methodist will begin at 12 noon and continue until 3 p.m. The service at Arborland will be held for one hour, beginning at 12:30. Preaching at the First Methodist service will be Dr. Ralph Piper, minister of Zion Lutheran Church; the Rev. Emmett Green, pastor Second Baptist Church; Dr. James Middleton, pastor, First Baptist Church; the Rev. Terry Smith, pastor First Congregational Church; Dr. Hoover Rupert, pastor First Methodist Church, and the Rev. Charles Gensheimer, pastor Westminster Presbyterian Church.

The service will be divided into half-hour periods with the ministers mentioned above speaking in chronological order. Worshipers may come and go as they please. Some will remain for the entire Tre Ore period. In charge of music at the central service will be Prof. Harold Hall, minister of music at First Methodist Church. Presiding will be the Rev. Armin Eizer, chairman of the Council of Churches' department of the United Services of Bethlehem United Church of Christ and Dr. C. Merrill Lenox the council's executive director.

At the Arborland service, there will be two ministers in charge, each preaching at one of the two half-hour periods with the other acting as liturgist. They are the Rev. Calvin Malfey of University Reformed Church, Ann Arbor and the Rev. Richard Cheatham, minister of Glacierway Methodist Church.

These services were planned by the Department of United Services of the Ann Arbor Washtenaw Council of Churches. Chairman of the Committee for the First Methodist service is the Rev. Charles Gensheimer. The Rev. Fred R. Holtfreiter, associate minister of Zion Lutheran Church is planning chairman of the Arborland observance.

In addition to the services sponsored by the Council of Churches, there will be some held under the auspices of local parishes and congregations. Persons of all faiths are welcome at all services.

TOWNSHIP ZONING BOARD MEETING AGENDA

The following is an agenda for the Manchester Township Zoning Board meeting which will be held April 17, 1968 at 8:30 p.m.

Call meeting to order: Purpose of meeting -- Application received from Mrs. Raymond Loucks, 17281 Ely Rd., Manchester, Michigan, requesting a conditional use permit to operate a home for the aged. (3 or less persons.) To establish regular meeting schedule and adopt proper forms to be used by applicants for zoning changes, or conditional use permits.

A home town booster is a man that helps make his home town better as well as bigger.

TWENTIETH CENTURY CLUB

The Twentieth Century Club held their last regular meeting of the season at the home of Mrs. Dan Boutell, Tuesday evening, April 2. Plans were discussed for a tour of Cranbrook with a luncheon at Fox and Hounds Restaurant on May 4. Mrs. Cecelia Ference of Saline gave instructions in decoration of Easter eggs in Ukrainian style. All members took part in coloring the eggs and enjoyed the fun. Refreshments were served

SAWYERS HONEYMOON IN EAST

Saturday, April 6, Mary E. Tremblay became the bride of David L. Sawyer.

Parents of the couple are Mr. and Mrs. Ronald A. Tremblay of 4316 Clark Lake Rd., Clark Lake and Mr. and Mrs. Plummer V. Sawyer of 8439 Oak Point Drive, Napoleon.

The Rev. Ralph L. Kuetter officiated at the service held at Emanuel United Church of Christ. For her wedding, the bride wore a candlelight gown of Silk Peau de Soie and hand-clipped chantilly lace. Fitted empire waist applied with lace feathered a Batteau neckline. The skirt was a-lined with lace applique with a fan-shaped chapel train extending from the center of the waist. A Peau pillow held a Swiss embroidered Mantilla in candlelight veil. She carried an arrangement of daisies with a yellow rose center.

Miss Janis K. McDonald of Jackson was the maid of honor. Bridesmaids were Miss Linda J. Todd, Clark Lake and Miss Patricia Griggs, Brooklyn. Miss Kathryn K. Tremblay, sister of the bride was junior bridesmaid. John Hansen of Brooklyn was best man and guests were seated by Raymond Boley, Brooklyn, William Hubbell, Brooklyn and Bruce Brundrett, cousin of the groom.

After the wedding, the newlyweds received guests in the Emanuel Church Hall.

The couple are honeymooning in the east and will make their home at 324 Austin Road, Napoleon.

David is the grandson of Mr. and Mrs. Herman Kuebler of Manchester.

ENTERTAINERS

Mr. and Mrs. Vearl Widmayer entertained for their son, Bradley's confirmation Sunday. Guests included Mrs. J. F. Laver, Mr. and Mrs. Wallace Widmayer, Mr. and Mrs. Lyle Widmayer and family, Mr. and Mrs. Richard Widmayer and family, Mrs. Lena Riedel, and Mrs. Harold Haarer all of Manchester. Guests from other areas included Mr. and Mrs. Edwin Finkbeiner and son Gary, Mrs. David Kempf and family, Mr. and Mrs. Rolland Laver, all of Bridgewater; Mr. and Mrs. Charles Curtis, Clinton and Mr. and Mrs. Marion Eggleston of Ann Arbor.

FARM NEWS

"LAST NIGHT AS I WAS PLOWING . . ."

The following are thoughts of Boyd Hastings . . . former FFA member in Ohio now majoring in ag education at college. Originally featured in the national magazine of the Future Farmers of America and reprinted by us from the Michigan Farmer . . . We are hopeful appearance here may add to the appreciative readers:

"Last night as I was plowing I had the feeling again; feeling which no cement-trodding, city-dwelling boy can ever experience. With each round I made, the sky grew darker and one by one the stars came out. The world, with all its roaring of factories, its honking of horns, and its chattering of people, slowly went to bed. The air was saturated with the aroma of freshly-turned sod, and the only sound was that of the tractor. It was doing in a matter of hours what would have taken my father and his father several days to accomplish with their teams of horses.

"When it's still and quiet on a night like this it's easier to think. Somehow it helps to look into the sky and see the stars. It helps to breathe the clean fresh air of the countryside.

"Although no one could be seen, I knew I was not alone. I only wished those philosophers who say 'God is dead' might have been there at that moment. They would have seen that God is very much alive.

"As I went from one end of the field to the other, I thought of friends who just a year or two ago were enjoying ball games, pest hunts, greased pig contests, and FFA meetings. Some are now fighting in the swampy jungles of Vietnam, even giving their lives for reasons many Americans feel less than sufficient to justify such a war. I thought of our achievements in space exploration and other fields where the quest for knowledge and the power of the human mind seems limitless. I thought of the race riots in our own country, and of the hunger which plagues so much of the world. It seems a pathetic situation that man, with all his knowledge, has yet to learn how to live in peace with his fellow man.

"I thought of the future -- the drama of my girl and me getting married, buying a farm, and having a family. No poet will ever be able to put into words these feelings.

"This morning I awoke early and went out to do the chores. As I gazed over the freshly-turned rolling hills, I could not help but imagine it being the night before. I envisioned His hand reaching from the sky and transforming the land with its dead debris and frost-bitten vegeta-

tion into a rolling carpet of deep, rich brown soil. It would now lie in rest, awaiting the coming spring when again this earth would give rise to a blooming blanket of green.

"Ah, if only everyone could share the experience I had last night as I was plowing."

FORD EXECUTIVE NAMED AGRI-BUSINESS DIRECTOR

Robert J. Eggert, Ford Motor Company marketing research executive, has been named director of Michigan State University's agri-business program.

Eggert will administer the new agri-business major which will be offered jointly through the College of Agriculture and Natural Resources, and the College of Business. He will also serve as academic advisor to agricultural business students.

The former Ford executive earned his B. S. degree in agricultural economics and his M. S. degree in economics, statistics and marketing, at the University of Illinois. He did advanced graduate work at the University of Minnesota.

In addition to administering the agricultural business major and advising students, he will work with MSU's Placement Bureau and industry for the placement of students in agri-business jobs and he will teach courses in agri-business jobs and he will teach courses in agri-business and marketing research.

LOCAL HOLSTEIN HAS LACTATION CREDITS

Leo Bur Emperor Lilly 4853799, an eight-year-old Registered Holstein cow owned by Leonard Burmeister, Leo-Bur Farm, Ann Arbor, has produced a noteworthy record of 19,290 lbs. of milk and 709 lbs. of butterfat in 305 days.

Michigan State University supervised the production, weighing, and testing operations, in cooperation with the official breed improvement programs of the Holstein-Friesian Association of America.

This level of production may be compared to the average U.S. dairy cow's annual output of 8,513 lbs. of milk containing 315 lbs. of butterfat.

MMPA FAVORS KEEPING CONTROL OF PESTICIDES IN AGRICULTURE DEPT.

The Michigan Milk Producers Association has taken a strong stand in favor of keeping control of agricultural pesticides in the Michigan Department of Agriculture.

The action came at the MMPA Annual Delegate Meeting, when 400 representatives of the 7,900 members of the state's largest dairy farmer cooperative adopted policy guidelines for the future.

Besides the position on pesticides, MMPA Delegates endorsed a proposed new advertising program to be paid for through a mandatory contribution by all Michigan dairy farmers, and strongly backed adequate state financing of research on cattle problems.

The pesticides matter, now before the Michigan Legislature, may be the most pressing question facing farmers at this time.

MMPA's policy states: "Under no circumstances should extraordinary governmental regulations or bans be imposed in response to uninformed even though well-meaning pressure generated by non-agricultural groups."

Strong moves advocated by conservationists in recent months may be needed, but they should be undertaken only with careful study and then by those who have long worked with pesticides, the MMPA Delegates indicated.

"We oppose any attempt to remove authority for control of pesticides from the Michigan Department of Agriculture, and we urge that Department to work closely with other agencies of government to assess effects of farm use of pesticides," the MMPA resolution said.

"We believe that programs of information and education on pesticides should be undertaken by the Agriculture Department, and that such programs should be directed to both urban and rural residents."

The resolution on pesticides also praised the work of the Michigan State University pesticides research center, established last year with backing from MMPA members, and noted that information concerning the "many unanswered questions concerning pesticides" can best come from such research facilities.

AGRICULTURE in ACTION

by M.L. Woell Michigan Farm Bureau

TIME AND TAXES

It now appears there may be two referendum issues before Michigan voters at the November election. One, for certain, will deal with a possible return to Eastern Standard time for our state, and the other may challenge the state income tax.

Most Michigan farmers have their minds made up on both issues. They give strong support to the state income tax as being the most fair method of providing state revenue, and urge that voters do away with "double daylight" saving time, by returning Michigan to Eastern Standard -- all year around.

Farmers make the point that since Michigan first moved to Eastern Standard time in 1946, (although 96 per cent of the state lies in the Central time zone) the state had already moved one-hour ahead of the sun.

To permanently accept another one-hour move ahead on the last Sunday of April every year, as is now required by federal law, could mean a two-hour loss for farmers and an exceptionally short work day. Dealing directly with nature as they do, they find it hard to believe that others cannot understand the hardships that "fast"

time brings them. Surrounded by lakes, they have the problem of heavy morning dews which, under the new time, do not disappear until 10:00 to 11:00 a.m. Dryness is necessary for hay-making, berry-picking, and most harvests. Despite their desire to take part in the social life of the community, farmers force themselves to use daylight hours to work until 10:00 o'clock at "night" -- and along with thousands of others in our state, end up feeling perpetually tired.

This November, all citizens will have a chance to vote to exempt Michigan from the federal law and return the state to Eastern Standard time, year-around.

There is also a possibility that a referendum on the state income tax portion of last year's tax-reform package will be subject to the same close voter-scrutiny. Should the tax be repealed, Michigan farmers predict that the state will be in deep financial trouble, with no chance of balancing soaring costs other than to again increase the present burdensome property taxes.

RIVER RAISIN FARM BUREAU

River Raisin Farm Bureau will meet Wednesday, April 17 at 8:15 p. m. Mr. and Mrs. Paul Feldkamp will be hosts.

SHARON VALLEY SADDLE CLUB MONTHLY MEETING

The regular monthly meeting of the Sharon Valley Saddle Club was held Friday night in the Sharon Town Hall. There were fifteen members and ten visitors present. The members answered roll call by naming a part of the horse.

Spring Round-Up programs and tickets were distributed among the members. These tickets are available from any 4-H Horse Club members. The 1968 4-H Spring Round-Up is scheduled for May 19 at the Farm Council Grounds on Ann Arbor-Saline Road.

A demonstration, "Grooming Equipment, Its Care and Use", was given by Debby Lantis. Debby, a second year 4-H member, explained the different kinds of grooming aids for the care of the horse's coat and hooves. Following the demonstration, Mickey Lantis gave a very interesting talk about his trip to Alaska. He had dozens of snapshots and a gold nugget to show everyone. Mickey is also a second year 4-H'er.

The members then looked at colored slides taken at the 1967 4-H County Show and the State 4-H Show.

New members, joining the club are Michael Hiser of Arkona

ROAD, CLINTON, GERALD SUOMALA AND RANDY THURTON OF WILLOW ROAD, SALINE.

The April meeting was adjourned and the next meeting date is set for May 10.

MICHIGAN DAIRYMAN ELECTED TO NATIONAL ADA EXECUTIVE COMMITTEE

Herman L. Koenn, Chelsea, Michigan, was elected Assistant Secretary-Treasurer of the seven man Executive Committee at the Twenty-Eighth Annual Meeting of the American Dairy Association in Chicago on March 27. He also will be seated on the

BOARD OF DIRECTORS OF THE NATIONAL DAIRY COUNCIL.

Mr. Koenn has for a number of years been the National ADA Board member representing the American Dairy Association of Michigan.

Mr. Koenn and his son Charles operate a 400-acre dairy farm on Hayes Road, Chelsea. They currently maintain a herd of 125 holsteins.

Mr. Koenn is active in the Michigan State Grange, is a member of the MMPA Market Committee, sits on the Dairy Advisory Committee of Michigan State University, and ADA of Michigan Board and Executive Committee.

One of the many hats of Consumers Power CONSTANT PLANNING. DOLLAR STRETCHER. Before you build a new home, you'd be wise to consult a Consumers Power "Dollar Stretcher." Or have your builder consult him. He's the man who can advise you, free of charge, about saving money by proper planning of utilities services in your home. He can show you how, by planning ahead, you can economize on home heating, water heating, air conditioning. Consumers Power consultants are out working every day, helping homeowners, architects, engineers and contractors to plan for the best economies in building homes and institutional, commercial and industrial buildings. It's part of our business as energy experts. We do another kind of planning that affects your pocket-book, too. Planning to keep our rates down. In the face of continuing inflation, that's not easy, because all of our costs are rising, too. Add to that our increasing taxes — local, state and federal — and you'll see that we have to plan constantly to find new ways to keep rates low. (Speaking of taxes, did you know that in 1967 alone, Consumers Power paid more than \$80-million in taxes? That's enough to build 12 modern public schools.) Constant planning. It's a way of life at Consumers Power.

PAINT AND BE FIRE SAFE

If a paint brush figures in your Spring Clean-Up plans, keep these fire safety pointers in mind, urges Fire Chief Jim Kessler.

1) For paint removing and brush cleaning, solvents labelled "non-flammable" are safest. If you must work with flammable ones, better use them outdoors. Indoors be sure windows are open, stoves are off, and no smoking in the room.

2) In storing paint materials, keep them well away from furnaces and also away from exits or under stairways - so you will not be blocked from escaping should these highly combustible materials catch fire.

3) Get rid of old paint and solvent containers and those with small left over amounts. Store paints and solvents only in capped metal containers -- glass jars and bottles break easily, creating a definite fire hazard.

4) Safest practice with rags used to wipe up paint or solvents is to dispose of them immediately outside the house. If you must store them, use a metal container with a tight cover.

Another fire safety tip for do-it-yourselfers is this: Any time you use mastics or adhesives -- to cement counter-topping or floor tiles, for example -- use extreme care. Some mastics are highly flammable, and they may involve you in a serious flash fire.

Read the labels. Mastics safer to use are marked "Caution! Combustible." If the warning label reads "Danger! Extremely Flammable" or "Warning -- Flammable" or "Caution, Inflammable Mixture," avoid that mastic.

And whenever you work with mastics, be sure you (1) shut off all open flame producing devices in the area -- like stoves and pilot lights; (2) don't smoke; (3) open doors and windows in the area.

Call your news to 428-8388

COUNTY HOSPITAL AUXILIARY ANNUAL MEETING APRIL 17

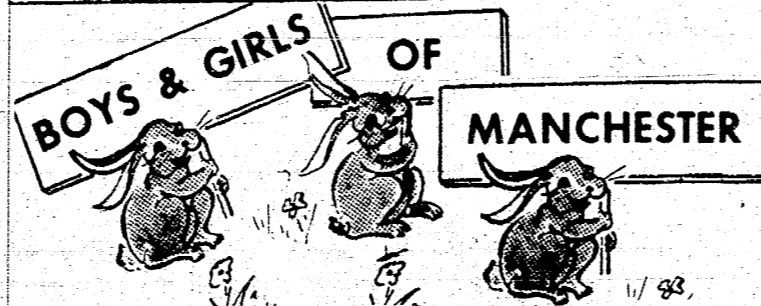

This year's annual meeting of the Washtenaw County Hospital Auxiliary to be held on Wednesday, April 17 at the County Hospital, 2960 Washtenaw Ave. will try to give members and guests an up-to-date picture of the future of the hospital. Opponents of the Hospital (County Medical Facility) Bonding issue a year and a half ago claimed that there were insufficient facts about the role of the county hospital in relation to new federal medicare legislation. Now, with the passage of time, we are asking the Administration Mr. Robert Reynolds, to tell us what his experience has been with the new program. Mr. Robert Harrison, Vice-Chairman of Washtenaw County Board of Supervisors from Saline, will discuss progress the board has made in its study of the problem. The program is entitled "Reassessment of the position of the Washtenaw County Medical Care Facility."

Many changes are being made in the old structure which are necessary to keep the facility from being shut down by the State Fire Marshall, and in compliance with other requirements. Those of you familiar with the wonderful atmosphere of personal caring for others that our auxiliary and other member groups has built up over the years, will be pleased at some of the changes said a spokesman. Those of you who have not toured this County Facility should plan to either attend this meeting, which is open to all interested citizens, or come out on your own to see and purchase some of the useful and attractive articles made by patients in the therapy workshop. Always a best-seller are the cutting boards, large wooden alphabet letters and hand-made ark animals.

Never overlook the fact that a free press and a free radio can be used to distribute propaganda.

The Class of 1958 Reunion Meeting will be held on May 2 rather than May 10 at the home of Leonard Ahrens.

As men of sense and genius say much in few words, so on the other hand the weak and foolish speak much and say little.

As your mothers and fathers have told you, this April 14 is Easter. As a special treat for all my friends, from tiny tots through the fourth grade I am having an Easter Egg Hunt on Saturday, April 13 at 2:00 p. m. at Carr Park. I will have prizes for the lucky girls and boys who find the prize eggs, but even if you don't find one of the prize eggs, I'm sure you will have loads of fun. So plan to be at CARR PARK, Saturday, April 13 at 2:00 p. m. Rain or Shine -- or Snow!!! Be real good and I'll see you when you are sleeping.

P. S. Your local Jaycees promised they'd help! Peter Cottontail

ORDER OF PUBLICATION

Order to Answer STATE OF MICHIGAN

File No. D 4764

In the Circuit Court for the County of Washtenaw. Bruce D. Hendrix, Plaintiff vs. Lucille A. Hendrix, Defendant.

At a session of said Court held in the Washtenaw County Building in the City of Ann Arbor in Courtroom Number 2 on the twenty-first day of March, 1968.

Present: The Honorable William Fager, Jr., Circuit Judge.

On the twenty-first of March, 1968, an action was filed by Bruce D. Hendrix against Lucille A. Hendrix, Defendant, in this Court to receive a judgment of divorce against the said Lucille A. Hendrix.

IT IS HEREBY ORDERED THAT the Defendant, Lucille A. Hendrix, shall answer or take other action as may be permitted by law on or before July 5, 1968. Failure to comply with this order will result in a judgment by Default against such Defendant for the relief demanded in the Complaint filed in this Court.

NOTICE

The Manchester Public School District will receive bids for the sale, dismantling and removal of a large barn-type structure located on a future building site. The main barn is a two-story structure with basement measuring fifty (50) feet by sixty (60) feet. A lean-to building directly adjacent to this structure of more recent vintage measures thirty (30) feet by fifty (50) feet. The older portion of this structure is approximately eighty to one hundred years old and contains old barn lumber. The newer portion of this building contains sound wood. A curved ceramic block silo stands in close proximity to the barn proper. The purchaser of this facility will be responsible for the complete removal of all indicated materials from the premises. Bids for the removal of these structures will be due in the office of the Superintendent of Schools no later than April 30, 1968 and the removal of said structure should be completed no later than June 1, 1968. The Manchester Board of Education reserves the right to accept or reject any and all bids. This structure may be viewed on the premises located at 329 1/2 Ann Arbor Road, Manchester, Michigan.

Inquiries or bids should be sent to the Superintendent of Schools, Manchester Public School District, 710 E. Main Street, Manchester, Michigan.

The Village Beauty-Land has moved into the remodeled antique shop on upper Main Street. There is still the atmosphere of a quaint little shop with a window display of cut glass items and kerosene lamps. The shop is decorated in shades of pink and olive green.

Mary Kay Schaible will continue the same beauty shop hours, Tuesday through Saturday and by evening appointment. She is assisted by Donna Randall on Thursday and Friday.

OBITUARY

Daniel B. Haessler 8370 Austin Road Saline, Michigan

Daniel B. Haessler, age 79, passed away Wednesday, April 3 at his home. Mr. Haessler was born November 26, 1888 in Freedom Township, he was the son of William and Adeline Feldkamp Haessler. On Feb. 15, 1916, he married Nora K. Mann in Saline. She preceded him in death Nov. 5, 1963. Mr. Haessler was a life-long member of the Bethel United Church of Christ, Freedom Township, a former member of the church board and also a longtime member of the Washtenaw County Farm Bureau.

Survivors include: two sons, Emerson of Lodi Township, Armin of Freedom Township; nine grandchildren; two sisters, Mrs. Ida Gramer of Saline, Mrs. Lawrence (Martha) Weber of Ann Arbor; two brothers, Oscar of Saline, Edwin of Manchester; and many nieces and nephews. Three brothers and two sisters preceded him in death. Funeral services were held at 2:00 p. m. Saturday, April 6 from the Bethel United Church of Christ with the Rev. T. W. Menzel officiating. Burial followed in the church cemetery.

100th Year No. 27

MANCHESTER, MICHIGAN

April 18, 1968

Here is Jay Lantis "behind the counter." Jay is also the President of the Chamber of Commerce this year.

Main Street Supermarket

by Carolyn Ahren

Seven years ago on April 22, Jay and John Lantis bought their second grocery store. As partners they acquired the Manchester IGA. Prior to that they owned and operated the Napoleon IGA for eight years. John now manages that store while Jay is manager of the Manchester IGA with both being partners in each store.

Managing a grocery store involves a great deal of work and requires dependable employees to function smoothly. There are eighteen full-time and part-time employees in the Manchester IGA with Mrs. Lavon Huddins having been employed there since shortly after Jay and John Lantis became owners of the store. Said Jay Lantis, "I depend on all my employees every day of the week and even more so when I'm not in the store. They all know their job and what is to be done."

There are three delivery companies serving the IGA -- the beverage, bakery and Super Food Services, the sponsor of IGA stores. Orders are made through an IBM system with each item listed in a code number. These orders are then mailed into the companies three times weekly. "We have good response from customers and we're in a good location," but Mr. Lantis added, "Parking facilities are a big problem because the lot is used by many customers of the other stores on this end of town. This could be handled if we had a larger parking area. Not only would we benefit but also the other shops on east Main Street would also benefit."

He added that there is little price difference in most stores today and they are really quite competitive. He feels the reason people shop one place rather than another is because of the location, "special" items, service, conditions and personal preference.

Store hours are 8:00 to 8:30 p. m. daily and since the first of the year are closed Sundays and Holidays.

Although the Lantis brothers own the Manchester IGA grocery business, the store is leased from the Manchester Development Corporation. The IGA, or Independent Grocers Association, is a chain of privately owned grocery stores throughout Michigan.

Mr. Lantis lives on West Austin Road with his wife Rachel and their five children; Debra, Michael, Dawn, Diane and Denise who range in age from twelve to four years.

Dollars For Scholars Drive

The annual drive to help Dollars for Scholars program in this area will be in full swing within the next couple of weeks. Working out the details with Dollars for Scholars' chairman, Father Raymond Schlunkert, is Robert Ross who heads the program committee, Mrs. Gertrude Fielder and Tadeusz Rybak.

This year, for the first time, there are no plans for sending out letters of requests for funds. The committee believes that it will be more effective if a representative goes to the various organizations meetings within the next two months and explain the Dollars for Scholars program.

Dollars for Scholars are opening doors to high education for thousands of deserving youngsters in cities and towns across America. Money earmarked for this project stays in Manchester. The program helps B and C as well as A students to go on to college. The money is loaned to the students - interest free and they can pay it back when they have received their education and are in the working field.

This is a grass-roots program of citizens of a community working together to help each other so that their children and their neighbors' children will have an opportunity to develop their fullest potential. Just a dollar apiece from many people - can make the difference. The support of the entire community is needed during the drive for funds. Those who wish to make contributions can contact any of the committee and proceeds will be used locally. More details will appear in next week's Enterprise.

Jaycees Offer Two Scholarships

For the third year, the Manchester Jaycees are offering a scholarship to some Manchester High School senior. This scholarship is given to some deserving student who might otherwise be unable to attend college.

This year two scholarships will be given. One for a boy and one for a girl. Academic achievement is not the main theme in judging the winners of this scholarship. A student who really wants to attend college and could use some financial help is most likely to be chosen.

Application blanks are available at the high school office. Parents will want to remind their senior to apply. Deadline is May 1.

School Board Meeting Minutes

The regular meeting of the Board of Education was held at the Superintendent's office with all members present. The meeting was called to order at 8:00 p. m. by President Klager.

Several items of the prepared agenda were set aside to study the preliminary budget for next year as presented by Supt. Swartz. Final action was tabled pending further consideration.

Minutes of the last regular and one special meeting were reviewed and approved.

Financial reports for February and March were studied, and on the motion by Leeson, seconded by Pedersen, were unanimously approved.

It was moved by Uphaus, seconded by Fielder, that \$15,000.00 of the 1966 Debt Retirement Fund be invested in time certificates at the best interest available. Passed unanimously.

Current claims were considered, and on the motion by Boutell, seconded by Leeson, were unanimously approved and ordered paid. Principal Koceski reported that he is keeping in touch with the travel agency with regards to possible changes in the unrest following the death of Dr. King.

PLANNING COMMISSION TO MEET THURSDAY

The Planning Commission will meet Thursday, April 18 in the Village Hall at 7:00 p. m. On the agenda is a request by D. E. Lampert Co. for a variance to erect an office building on the corner of Duncan and Hibbard. The Village Planning Consultants will also be present to discuss the master plan for Manchester.

2nd Annual Boat Race

The Second Annual Amateur Boat Race will be held Sunday, May 5, starting time 2:00 p. m.

Final plans have been made and everything is set for a Sunday afternoon of fun for all. If you like water sports and have access to a boat or canoe why not find yourself a partner or enter with your son; we even have a category for the ladies. A practice run over the course is permissible and may prove interesting if you have never travelled that part of the river.

The starting point will be Fellows Bridge and the finish line will be the Main Street bridge. Three judges will be stationed both at the start and the finish, along with judges periodically stationed along the course.

Entry forms and rules can be obtained at Gambles, 126 E. Main, Manchester. The Chamber of Commerce invites you to join in the fun Sunday, May 5!

Council Briefs

Called to order by President Althouse. Trustees present: Mahony, Koebbe, Reinhart, Macomber, Lowery, Absent Bauer.

Bills were paid from the pro-fer funds. Health and Safety Chairman Reinhart reported that he had notified S & W Builders about dumping of rubbish on Adrian Street. This is to be covered in the next two weeks. He is also going to notify other people along the river that dumping anywhere other than the village landfill is unlawful. Complaints had been received concerning the dumping of trash in the river. Reinhart also reported that the school will decide on a policy for law enforcement on school property. Until that time, no tickets are to be issued.

Public Works Chairman Gale Koebbe reported he has checked on the cracks in the paving of Torrey and Division Streets. These will have to be filled with hot tar to keep the street from further damage this coming winter. Prices for this work will be checked. Koebbe also reported that the village engineers have looked at the three bridges in town. The two smaller ones may have to have a new surface put on. The Main Street bridge was discussed. Further study will be made on the possibility of fixing up the curbing and cement work. Bids were received on the paving of those streets that were torn up and the base replaced last year. Low bidder was Washtenaw Asphalt Co. Contracts were not pending money being received for this project. A 90-day completion date was specified by the bidder.

Council adjourned and reopened as the Zoning Board of Appeals. The issue before the board was a request for a variance by William Paul to build a garage within 15 feet of an existing building on the adjacent property. The zoning code requires 20 feet. After some discussion a recommendation was made that we grant this variance. Carried.

Council reopened and acting upon the Zoning Board's recommendation, granted the variance. Planning Committee Chairman Macomber reported that the Planning Commission will meet Thursday night, April 18. He asked if the question of sewer hookup for the school was cleared up. It was reported that a meeting was held a year ago at which time the village engineers recommended

that hook-up be made on Ann Arbor hill. This sewer was intended to serve that part of the village when it was installed. Macomber reported that he and Bruce Daniels had made a complete study of the existing conditions of the streets in town. Each street was classified as to its condition. A map was prepared showing these conditions. Further study will include a detailed report of drainage facilities, soil borings, etc. This information will be used to draw up a five-year plan for street improvements. Also included in this study will be a recommendation changing Main Street to run down the railroad property. Macomber also asked who Manchester was going to change with on Mayor's Exchange Day. We will be visiting Ferrysburg and their officials will be travelling here. Macomber asked if the matter of Glen Lehr crossing Carr Park with his sewer line had been cleared up. A copy of the agreement was read to council and approved. Glen was at the meeting and reported that digging had begun for the foundation.

Bob Lowery, Chairman of the Ordinance Committee reported on the status of the building project for the well site building. This building may have to be put up a little at a time as money becomes available. This building will cover the new well site and hold the filters, etc.

Several building and plumbing applications were read. These were all approved pending approval of the proper inspector. Laurin Leeson and Bob Clark were appointed to the Planning Commission. Bob Clark is replacing Ed Galloway and Laurin Leeson has been put on for two more years. Council adjourned.

Home Burns

On their third run of the day, firemen were called to the Erwin Blumentauer residence on Lima Center Road. When they arrived, flames had already engulfed the entire property. Firemen saved a small building adjacent to the house. Manchester was assisted by the Saline Fire Department.

Mr. Blumentauer estimated the loss at \$15,000 for the house and \$10,000 for the contents. Cause of the fire was undetermined. No one was at home at the time. The home and contents were totally destroyed.

In the previous calls, firemen went to the Art Williams residence where a brush fire had gotten out of control twice. Firemen quickly extinguished both fires.

Here is the "finish line" which weary paddlers will be glad to see at the end of the Chamber of Commerce Boat Race. Be sure to attend.
