**MICHIGAN FOODS**

No one has greater reason to rejoice during Michigan Week May 19 - 25 than those of us who love to cook, and eat! From the Upper Peninsula to Monroe County, the state of Michigan produces more than 50 important food crops. And what we produce is scrumptious!

Did you know, for example, that Michigan is the nation's largest producer of cucumbers for pickling? Of hothouse rhubarb? Of red, tart cherries? Michigan beef, poultry, and dairy products are unexcelled anywhere in the world.

May 23, 1968

NEW PLANNING COMMISSION OFFICERS - l. to r. John Anning, Planning Consultant; Robert Clark, Secretary; Eugene Bentschneider, President; and L. V. Kirk, Vice-President.

**New Speedway Will Benefit Area**

by Carolyn Ahrens

On October 6, 1968 the first scheduled race on the Michigan International Speedway will be an event which will draw many Manchester Speedway racing fans. Located within a few miles of the Manchester Speedway, many Manchesterites are already planning to attend the opening of this new speedway, already referred to as the world's finest motor racing complex.

The Michigan International Speedway is now under construction on an 800 acre site near Cambridge Junction on US 12 and M 50 Brooklyn. For the October opening race, 25,000 reserved seats will be available with unlimited space in the infield for additional spectators and cars. There will also be a parking area for 30,000 cars and eventually space for as many as 75,000 cars. Concession stands will be completed for the opening race to serve hot and cold food and beverages.

Granted sanction by the United States Auto Club for a 250 mile National Championship race for Indianapolis cars, the event will be run on the two mile banked oval track. All the major Indianapolis contenders plus international drivers are expected to compete for the coveted overall victory and lap record at this new and modern track which is built for speeds which are expected to be attained in excess of as much as 10 miles an hour over those of Indianapolis.

Lawrence H. LoPatin, President of the 4.5 million dollar Michigan International Speedway said, "Our new racing plant will become the yardstick by which every other circuit in the world will be gauged."

According to the M.I.S. newsletter The Inside Track this is the first major racing complex to be built from the ground up meaning that in the past, road circuits were added to the original oval track such as Daytona as the need arose rather than as the four in one circuit as the M.I.S. will be upon completion.

The M.I.S. will be a four circuit in one combination featuring a two mile "D" shaped banked oval designed by world-renowned race track designer Charles Money penny of Daytona, Florida; a three mile Grand Prix course designed

by World-Champion Driver Stirling Moss of Great Britain; a 2 1/4 mile road course used for Regional Race Meets and Road Testing; and a 1 1/4 mile interior road course within the confines of the oval track which will be used for high speed competitive driving instruction by Motor Racing Stable American Branch, testing by major companies, show events and also within this 1 1/4 mile track will be a Skid Pan for teaching and testing. This track will provide competitive racing for all types of races except drag racing.

Within six months of the grand opening, a branch of the Brands Hatch Motor Racing Stables International Drivers' School will open at M.I.S. as the first European driving school branch in North America. Instructors will include world champion Grand Prix Driver, Peter Arundell and Trevor Taylor as well as Canada's leading woman auto racing and rally driver, Diana Carter as Director of Information for the M.I.S.

Although far from comparison with the new M.I.S., the Manchester Speedway will undoubtedly benefit from the ultra-modern speedway as well as the Jackson Speedway. Racing fans in the area for the Sunday and holiday events at M.I.S. may also take an interest in the smaller speedways for a much different type of racing program.

Veryl Schill of the Manchester Speedway Corporation added that "there are several new racing programs planned for this season." One in particular is the hobby stock class which is a "car off the road" with a \$150.00 limit value. Drivers have come from as far as Indiana, Chicago and northern Ohio to drive in the Manchester Speedway events. The 1/2 mile oval track features 12 events every Friday night for a crowd capacity of 3,000 enthusiastic fans.

Michigan is the motor-state of the world, Detroit the motor capital and now Michigan International Speedway, the racing circuit of the world.

For advance ticket information for the 250 mile championship race fans may write to Michigan International Speedway, 1101 Washington Blvd., Detroit, Michigan 48226.

**Sex Education Program**

On Thursday, May 23, Miss Esther Middlewood will once again be guest speaker at the High School Library on the topic which involves a sex education program for grade school children. Her topic has drawn controversy to Manchester and the proposed ideas for a program of this sort.

Opinions and questions must be answered and parents-to-be, today's parents and grandparents must decide if such a sex education program is to be taught in the Manchester Public Schools. As school representative, Chester Koceski pointed out this is a general information meeting to find out more about such a program and if the parents want it in the schools.

This meeting involving such a topic is an important decision for everyone in Manchester as it involves all the public school children. Please plan to attend this Thursday at the High School Library at 8:00 p.m.

**Poppy Day**

"Lest we forget... wear a poppy!"

The American Legion and Auxiliary will distribute poppies May 24 and 25. All contributions received go to assist veterans and their families.

The red crepe paper memorial poppies worn throughout the nation on Poppy Day are made by veterans in hospitals and workshops in 40 states. These disabled servicemen are paid for each hand-made poppy they make and the materials are furnished free by the American Legion Auxiliary in the states where the hospitals are located.

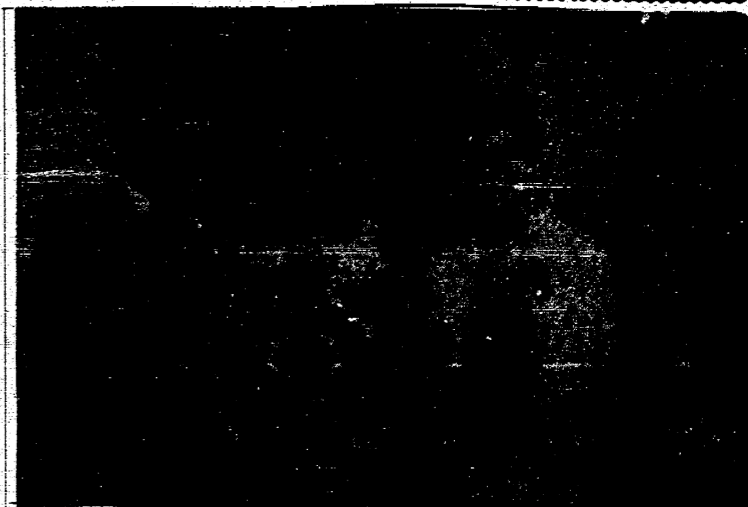

Manchester has always given generous support to our Poppy Day program and this year's observance provides all of us with a timely opportunity for reaffirming our heartfelt appreciation for the sacrifices made by our armed forces in the defense of America's freedoms.

The poppy posters distributed around town were made by Emil Jacob's Post Junior Auxiliary girls. Poppy headquarters will be held in Sutton's Insurance Office.

The Poppy Committee of Emil Jacob Post 117 would like to thank the Gambles Store for letting them use their window for their Poppy Display.

Miss Poppy 1968 has been chosen by the American Legion. She is Jackie Steele, daughter of Mr. and Mrs. Edward P. Steele, Jr. and a member of the American Legion Jr. Auxiliary.

VISITING DIGNITARIES - l. to r. Councilman Jack Robinson, Mrs. Robinson, Mrs. Gene Babcock and Mayor Babcock visited Manchester Monday, May 20 from Ferrysburg.

**Town Gives Visiting Mayor A Royal Welcome**

"Very successful" would best describe Monday's festivities as Mayor Babcock and Councilman Robinson and their wives paid a visit to Manchester.

The visiting dignitaries came from Ferrysburg, Michigan. This city is located on Lake Michigan near Grand Haven. The population is near that of Manchester and they became a city in 1963.

Co-chairmen for the day were Gale Koebbe and Lyle Widmayer and their wives. Sunday evening, our mayor, John Althouse and Mrs. Althouse and councilman Her. Mahony and Mrs. Mahony and Mr. and Mrs. Gale Koebbe and Mr. and Mrs. Lyle Widmayer left for Lansing. They met the Mayor from Ferrysburg in Lansing. Early Monday morning, our mayor and party left for Ferrysburg and Mayor Babcock and party came to Manchester.

The days activities started at the library. Coffee and rolls were served to the guests. Then, a tour of Main Street was made. They stopped at the Enterprise office to meet Carl Wuertner who couldn't attend the dinner later that evening. A walking tour was made of Main Street and several business places visited.

The party then went to the home of the Ed Kirk's where Mrs. Kirk had prepared a delicious lunch.

After their meal, the group toured Chrysler Proving Grounds and also the Michigan Gas Storage Co. at Pleasant Lake. They then came back to Manchester and toured Double A Products Co. From there they went up the street to Manchester Tool and Die. Next on the list was Manchester Plastics and the last stop was Hoover Ball and Bearing.

The guests then went to the home of the Lyle Widmayer's for a brief rest and then to the home of the Gene Bentschneider's for what Gale Koebbe termed as a "pre-cocktail, cocktail party." That evening at the K of C Hall, 100 guests were present to partake of a delicious meal served by the K of C. Dan Boutell was master of ceremonies and had everyone laughing at his jokes. Welcome to the visiting mayor were given by members of the various clubs in town. Donna Gill for the Chamber of Commerce, Gary Brokaw for the Jaycees, Clarence Fielder for the Optimists, Harry Macomber for the Council and Luther Klager for the School Board.

Mayor Babcock and his wife were presented an outdoor barbecue grill by the Jaycees, Optimist and Chamber of Commerce.

He was also presented with an album of pictures taken during the day and both of the guests were given a Centennial Book. We will have a report next week on how Mayor Althouse and party spent their day at Ferrysburg.

**St. Mary's House Tour**

by Carolyn Ahrens

St. Mary's House Tour will be held on Wednesday, May 29 from 1:00 p.m. to 5:30 p.m. Tickets may be purchased for \$1.00 at any of the homes the day the tour is held or at Gambles and include the five homes open for tour and refreshments. The refreshments will be served throughout the afternoon at the Ed Kirk residence. The high school home economic girls are invited as guests of St. Mary's.

The five homes on the House Tour are the Ed Kirk's, Herbert Bersuder's, Irvin Gill's, Leon Ball's and James Robert's.

Interesting notes about the Kirk home at 413 W. Territorial include a gas-log, two-way fireplace which is brick in the living room and cobble stone on the family-room side. It's a three bedroom home with a large kitchen and washroom on the main floor and a recreation room in the basement which was completely finished by his teenage son, John. He did the paneling, wiring, encased the floor beams with Ron McNally, built a bar as a school project and then aided by Mr. McNally installed it in the Kirk recreation room.

The Leon Ball's two story wood frame house at 325 S. Macomb was completely remodeled by Mr. Duffield Ball and Mr. Harold Townsend. This particular house was once the old Wildcat Bank and was moved from its original location, the Dr. L. C. Kent residence, to its present location many years ago. Cement nails were used because of the age and hardness of the wood in the beams when it was remodeled. It's now a modern three bedroom home with an L-shaped living and dining area, family room, large kitchen, utility room and two bathrooms.

The Irvin Gill resident at 112 Beaufort follows a red, white and gold color scheme and was recently completely carpeted. The

### LETTER TO THE EDITOR

Dear Editor: In your article in the May 16 issue of the Enterprise you state that area Townships have been lax in enforcement of their Zoning Ordinances. I would like to question where you have received information enough to make a statement such as this valid? The Zoning Ordinance in Sharon Township was adopted by the Township Board on June 24, 1960. For the past seven years I have been Clerk of Sharon Township and I have been very closely associated with enforcement of this Zoning Ordinance. I can truthfully say to you and the people of the area that it has been enforced and it will continue to be enforced. I am certain the Township Board and the Zoning Board will agree with me in this statement. The Ordinance has been enforced as it pertains to Commercial, Residential, and Temporary Dwellings or House trailers. Our Ordinance allows these temporary dwellings for an indefinite time if certain qualifications and regulations are maintained. It is not a violation or lax enforcement simply because we have house trailers. We have house trailers only under conditions of our Zoning Ordinance.

As for lax adoptions which you speak of, our Zoning Ordinance was published in its entirety in the Manchester Enterprise and it did not take effect until thirty days (30) from publication as required by Act 191 of the Public Acts of the State of Michigan 1939 as amended. (Editor's note: We were not referring to the 1960 Ordinance adopted by your township. We were referring to the interim ordinance adopted in 1957 which according to our records was not published.)

In the past five years the Sharon Township Board has adopted a Junk Yard Ordinance, Garbage Feeding Ordinance, and a Fire Ordinance. These are all independent of the Zoning Ordinance, have been 100% enforced and have worked out very well for the township.

I hope I have made the position of Sharon Township and its Zoning Ordinance somewhat clearer to you and the people of the area. Thank you.

Duane R. Haselschwerdt

### LETTER TO THE PARENTS OF MANCHESTER

Perhaps many of you aren't fully aware of the "hot" little topic now under consideration at the High School Library these past few weeks. If you were, the school would be overflowing with everyone in Manchester, parent or not, who care about what our children may be taught in a public school.

The topic I refer to? Sex education from start to finish for the kindergarten children. How do you feel about it? Me? I hit the roof!

My first thought was unrepeatable. But here are a few of my reasons as to why I'll fight this all the way to keep such a pro-

gram out of our public schools. First of all, I feel the school teacher, nurse or public educator has no business in such an area. I as a parent am responsible for some education of my children and I firmly believe their sex education, questions answered as they are asked when still too young to understand it completely, is my business and my business alone. Yes, I'll agree with the brief films and special classes for parents with their boys or girls respectively is fine and good for eleven or twelve year olds as was done in the past. Perhaps this program could be updated, but with the parents consent if it becomes a possibility.

Second, I believe the school is touching on morals and religious beliefs. The Lord's Prayer is forbidden to be repeated in school. To me this proposed sex education program is by far a much more personal thing than any prayer could ever be. Is our nation, our society so callous, so carefree that sex will one day be discussed like the weather? Are we becoming pagans who have no morals or modesty?

When such a program becomes an accepted thing, I wonder how we as Americans, Christians, parents and individuals will live. What do some people have against a five-year-old enjoying a swing, sand box, paper dolls, trucks and the pure joy of being young? It's getting so casual that soon a child will learn to walk then jump in bed before he climbs a tree. When a young fifteen-year-old girl comes to her mother with heartbreaking news that she is pregnant we ask why; how could such a thing happen, she's a mere child. Yes, but a child who has been pushed toward sex and boyfriends since she was eight years old. Where are her memories of that

first date, new party dress or high heels when she's had all this since she was old enough to walk. Today if a girl or boy isn't going steady by eight years old they're out of the crowd. It's got to stop and I'll do my best to stop it and I believe we can once more let our children know the joy of being young, discovering life and its beauty without pushing and stressing sex to the point that it's all they are conscious of. I think we can start with this five-year-old sex program.

I don't believe that I'm alone in my feeling. Perhaps my words are stronger than necessary but I believe this sex education program calls for strong beliefs and the courage to stand up for our children and grandchildren. Don't you? Don't just sit at home and grumble when it goes through. Attend the next meeting and let your feelings be known. If you don't, who will defend your children?

A Concerned Parent

### LETTER TO THE EDITOR

After reading last week's letter to the editor, I decided that I am what is known as one of Manchester's old drosses. When you read this you won't have to guess who is trying to explain something. Last week's "Mystery Man" said he had lived around here for 19 years. I have socks that are older than that. This sock joke is an old one. Another old one is, any fool can complain and usually does. Someone will say, "Who complained?" I don't know, but whoever told about having seen 10 or 12 businesses or industrial changes in 19 years, including a barber shop, beauty shops and The Bull Pen, and forgot the changes at Double A and Brown & Sharpe, surely wasn't bragging. If you haven't noticed this improvement, you have missed something. There isn't a city, large or small, that wouldn't like this inside their corporation.

If I didn't intend to sign this I might explain things differently. Manchester is a good place to live. When everyone here believes this, it will grow. It's as simple as that. I didn't come to Manchester as a "retiree" to settle down, spend their pension, and watch the world go by. I was here many times before I came here to live. We came here by horse and buggy. There were no cars at that time. There were more places where you could get a glass of beer than I could count. I could only count to 10 at that

time. I suppose "the young people that must act as a group and make plans that the older people will approve of and then carry out these plans" would like to know how high I can count now. Let's say I can count higher if given enough time. This was the period that Manchester was really moving, by leaps and bounds and stagers. I was told that they came by train, horses and on foot because what they wanted wasn't sold in their town. No one ever told how they got home. I don't think many really knew. For some reason the places that were doing this business all closed at the same time. Imagine, Las Vegas closing all their gambling places at one time. It's these little things, not the retirees, that can slow a town down. After all these years and an increase in population there are exactly 1/2 as many places where you can buy this product.

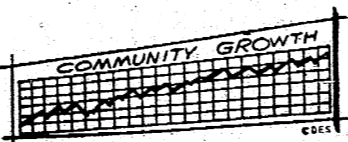

In 1929, there were two of our better business places that closed the same day. Don't ever think that this didn't slow things up for a while. Here again, we have only 1/2 as many now. No one blamed the retirees for these problems.

I have listened to civic groups since 1930. These groups were made up of business and professional men from Manchester. There were many ideas of how to improve business in Manchester. They didn't care for mine. I don't think they wanted it that bad.

The trouble we had with business was that we had too much, and we didn't find it necessary to run an ad in the paper or have a sale to get it. I think we had more customers that were willing to drive a little farther for what they wanted than all the other business places in Manchester put together. After nearly 40 years, real long ones because for several years we had the only tow truck (wrecker) in town. Also for over 20 years we stayed open

OPEN WEDNESDAY EVENINGS 7:00 to 8:30 o' CLOCK

bill. It provides about \$65,000,000 more in state aid to local school districts than during the current year. This includes more money for special education, transportation and intermediate districts. Most important, however, is the refinement into four different formulas to enable "poor" school districts with a low property value base to receive proportionately more than the "richer" districts. However, every district in the state will get some increase. Early passage of the bill was important because school boards will now be able to handle definite fiscal plans and handle teacher negotiations without waiting until late summer.

The most controversial education issue was the so-called "parochial aid" bill which would have provided direct grants of public funds to parents of children going to non-public schools. Although I oppose this proposal I concede the contribution made to society by private schools and I further realize that they are in dire financial straits. Our Senate Education Committee will be studying this question in depth during the summer and fall.

During this session the Legislature has received a massive report on the financing of public education. It was prepared by Dr. Alan Thomas of Chicago -- and a competent staff -- during the past two years in response to a legislative appropriation and state board of education directive in 1965. This report will be carefully evaluated in order that we can come up with the soundest possible method of financing public schools. The public understandably is fed up with property tax increases to meet educational needs.

The Legislature has passed two bills to allow public schools to move into the field of sex education under controlled conditions.

Still pending on the floor of the Senate is a bill affecting the rights of public employees to strike. H.B. 4161, introduced by Representative Swallow and others, would create public employment-relations panels and institute fact-finding procedures in case of labor disputes involving public employees. This, of course, greatly interests teachers.

Whenever the question of the intermediate school district is debated on the floor of the Senate great controversy arises. Many legislators are wondering what the proper role of the intermediate school district should be. As a result, we have a complete evaluation of this subject as one of the highest priority study subjects for the Senate and House Education Committees this fall.

Another area of special study where I will be personally involved is the field of educational television. I introduced three bills on the subject in the present session. They were presented on behalf of the Department of Education and as an outgrowth of a detailed feasibility study on the educational TV subject. The legal ramifications and the major policy decisions were such that we are holding up action until the next session. The subject is of great importance, however, and properly handled can mean a great deal to the future of education in our state.

There are a great many more school bills before the current Legislature. They cover such subjects as transportation and busing, psychological services, a mandatory school opening date, emergency school district reorganization, teachers retirements, etc.

As can be noted most of these bills involve money and there just isn't enough to do all the things some friends of public education would like. It is our job as legislators to determine priorities within our available resources and to see that we get

the most for our money. Education is the most expensive -- and just about the most important service provided with public funds so I personally expect to spend a major part of my time working in this area.

### LEGISLATIVE HIGHLIGHTS

**Lower Court Middle** ... After several years of studies and a full year of wrangling, the Senate killed the district court plan, designed to meet the constitutional mandate to abolish the fee-paid Justice of the Peace system by next January 1. The chamber then whipped out a hastily-drafted substitute which bears little resemblance to previous plans and hoped to get it into a House-Senate conference committee for a compromise. The new bill, Substitute House Bill 2763, would keep the state out of the lower court system entirely, would maintain all existing municipal courts, would allow counties to set up a vaguely-defined county court to cover areas not covered by municipal courts and would order the Probate Judges to act as lower court judges in counties which have no municipal courts. The bill is not clear whether judges would have to be attorneys; some Probate Judges now are not. It would allow the appointment of "commissioners" to accept pleas, fix bail, issue warrants, etc., and "determine facts" in contested traffic cases. A county court, created by the Board of Supervisors, could be vetoed by a referendum. The bill would not cover any city which has a Common Pleas Court, in other words, Detroit.

**LOW BIDDERS ANNOUNCED ON HIGHWAY CONSTRUCTION**  
The State Highway Commission today announced the low bidders for 40 highway construction and improvement projects in 22 counties. The bids must be approved by the State Administrative Board before contracts can be awarded. Total of low bids was \$18.4 million, including \$10.7 for extension of M-78 Freeway east

of Flint, and \$2.8 million for paving of the Jeffries Freeway between Michigan Avenue and Myrtle St. in Detroit.

The projects, completion dates and bids for Washtenaw County are:

Paving on M-124 between M-50 and US-12, and on M-52 between Manchester and I-94. Scheduled completion date, July 31, 1968. Lower of two bidders, Ann Arbor Construction Co., Ann Arbor and Ayling-Cunningham Asphalt Paving Co., Tecumseh, joint bid, \$25,047. The other bidder was Saginaw Asphalt Paving Co., Saginaw, \$29,885. 36.6 miles of roadside mowing on I-94 between the east and west county lines, and on M-14 between I-94 and Huron River Drive. Lowest of three bidders, Van's Pines, Inc., West Olive, \$8,151 with completion date of Sept. 15, 1969.

32.2 miles of roadside mowing on US-23 between the north and south county lines, and on M-14 between US-23 and Plymouth Road. Lowest of three bidders, Van's Pines, Inc., West Olive, \$8,489 with completion date of Sept. 15, 1969. 2.1 miles of reurfacing and erection of right-of-way fence on the US-12 by-pass and on M-17 between Kansas Ave. and the Washtenaw-Wayne County line. Lowest of three bidders, O.E. Gooding & Co., Ypsilanti, \$49,485 with completion date of Sept. 30, 1968.

### CONGRESSMAN ESCH WILL TOUR DISTRICT

Congressman Marvin L. Esch will make some 18 stops in three-day trip back to the Second Congressional District May 24-26. The tour, which is his 16th this year and 41st since taking office in January, 1967, will take him to each of the four complete counties he represents.

Included on his schedule are office hours for meeting with citizens in Ann Arbor, Milan, Carleton and Brighton. He also has speaking dates in Ann Arbor, Blissfield, Fowlerville, Plainfield and Riga.

### "TEACHING JOHNNY TO SWIM"

The Washtenaw County Chapter of the American Red Cross recently announced a new type of class, "Teaching Johnny to Swim," being offered to parents of pre-school children or children of elementary school age who cannot swim.

Sanford Dombos, Chairman of the Water Safety Committee of the local Red Cross Chapter, indicated that today more people than ever in our country's history are taking to the water.

Each year brings an increase in swimming and boating facilities, with a correspondingly large number of people using them. To insure safe enjoyment of these facilities, the ability to swim is imperative, and more and more people annually seek training in swimming and life saving. This factor, coupled with the comparatively limited number of instructors available, has created a need for an additional approach to teaching the funda-

mentals of water safety, particularly to the under-nine-years-of-age group.

The Red Cross believes that one solution lies within the family itself; that every household contains an adult who, with a little guidance, can teach the young members of the family the basic elements of swimming.

The classes are open free of charge to all adult residents of Washtenaw County and will be held at the Red Cross Center, 2729 Packard Road in Ann Arbor. One class has been scheduled for Monday, May 27 from 7:30-9:30 p.m., and the other for Tuesday, May 28, 9:30-11:30 a.m. Lecture, demonstrations, films and work with Resuscitators (a manifold for practicing mouth-to-mouth resuscitation) will compose the course. Richard Muhs, Director of Safety Services for the Red Cross, will instruct the class. Enrollment is limited. To enroll, call 971-5300.

### Fill Your Home With SUMMER COMFORT

Get Central Whole-House Electric Air Conditioning

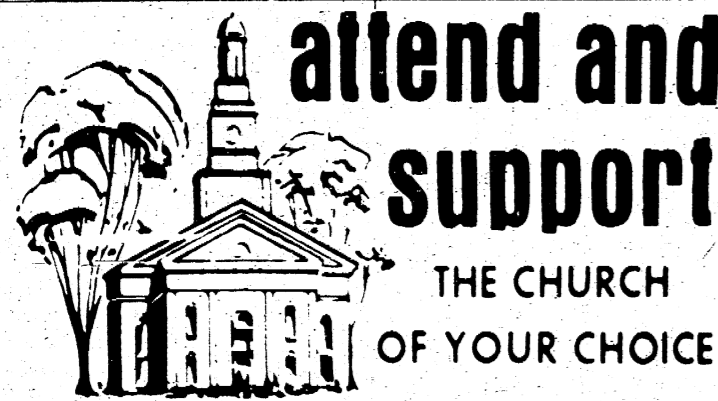

Husbands are happy to come home to a house where the coolness of a shady lakefront breeze is just a step inside! A home where summer's heat, humidity and noise is shut out and only cool silence is his to relax in -- to sleep in. Wherever he moves in his home, he's always refreshed. That's what a home is like with central whole-house electric air conditioning.

Why let yourself in for hot, sweltering days and sleepless nights again this year? Be smart... install central, whole-house electric air conditioning now. Start the summer with a house that's cool -- cool -- cool.

THREE CHEERS

by Rev. Thomas E. Hicks
Faith Community Church
Is it true that the applause and/or rebuke of those you love has been a major determinate on your individual performances? Yes, try as you may to be an independent (self-sufficient) creature you are by nature dependent on the opinions of others.

It's possible that a great number of you have been at Olympia Stadium in Detroit to watch the Red Wings Hockey Team play, and have experienced the moment when Gordie Howe got the puck on a break away and closes in on the oppositions net for the shot. But tell me, did you stay in your seat calmly or self-consciously afraid that your neighbor might not appreciate your bombast? Why no, you cheered for you had something to be cheering about. It is wonderful to have a reason to cheer.

But, tell me, did you ever realize that the Christian has something to cheer about, and would stimulate by his cheers his fellowmen, too. Are we in our society today if the Christian be enthused in the press of conflict for victory, he's seldom called a fan, rather disrespectfully dubbed, "fanatic." It should be apparent by now that from historical records that Christians expect such response and succeed best under persecution.

You know I've never met a true (blood bought) believer of the Lord Jesus who was sorry for a moment that he had been chosen and so cheered for Christ's every victory.

I will tell you why I'm so excited about my team, and why I'll never stop cheering. I've seen him perform before yet I see Him in action right now. "In Him is fullness of joy and at His right hand are pleasures for evermore." Psa. 16:11 Listen to but three cheers of the Greatest Cheerleader: 1) Matt. 9:2, "Be of good cheer thy sins be forgiven thee" Yes, it's "The Cheer of Forgiveness." 2) Matt. 14:27 "It is I, be not afraid" Yes, "The Cheer of Companionship." 3) John 16:33 "I have overcome the world" Yes, the Cheer of Victory!

Some say, "Why get so hot and bothered, there are a lot of games and a lot of different cheers." Yet, I stand upon history which proves that there is but one resurrected cheerleader and so but one cheering crowd which has and will down all others out, for their victory has been secured already for their star performer's triumph at Calvary.

And this I know that if you are on the team which loves pleasure more than God (II Tim. 3:4) then I also know that you are often subdued and will be, for you can only enjoy the pleasures of sin for a season. Hebrews 11:25.

Thus, I recommend the three eternal cheers and testify that if you want joy, real joy, wonderful joy, let Jesus come into your heart. I Thess. 4:13-18.

MANCHESTER UNITED METHODIST CHURCH CALENDAR
Thursday, May 23, 6:30 p.m. Chorus Choir, 7:30 p.m. Senior Chorus and Education Commission.
Saturday, May 25 at 9:00 a.m. Work on new church site.

LOCAL BPW MEMBERS ATTEND CONVENTION

A delegation from the B. P. W. Club of Manchester attended the Golden Anniversary Convention of the Michigan Federation of Business and Professional Women's Clubs held at Traverse City on May 17-18-19. More than 700 club women were in attendance from the 131 B. P. W. Clubs in Michigan.

Miss Theresa Staal of Grand Rapids, state president, conducted the business sessions of the convention.
The honor of being named Young Career Woman of the Year was awarded to Mrs. Patricia Ann Rathum of Cadillac, who was honored for her outstanding work in the field of education. She is a Spanish teacher and will attend the Y. M. C. A. conference in South America this summer as a group discussion leader.

Two new clubs have been chartered in Michigan this year: the Petoskey club with Mrs. Frances O'Heren as president and the St. Charles Club with Mrs. Lori C. Surowka as president. The convention program was well-laced with musical entertainment by local groups, including the Madrigal Singers from the junior high school, and various groups from the Interlochen Arts Academy, who presented a play, a short opera, a ballet and a violin solo during the convention events.

Those attending the convention from the Manchester B. P. W. of Michigan were Madamames Gertrude Fielder, Olive Hazen, Margaret Kappier, LuVerne Armstrong. Olive Hazen was honored with other club presidents at a banquet in the Dome Room at the Park Place Hotel on Saturday May 19.

M.Y.I. NATIONAL NEWS

MYI sponsors an annual summer tour in cooperation with the people-to-people program. On June 29, the ninety-eight teenagers from fifty nearby high schools will leave Metropolitan Airport for Merida, Mexico. They will live in local homes and give concerts in all the major Mexican cities, coast-to-coast, and return through the central United States. Two concerts are scheduled at HemisFair, San Antonio, Texas, on July 25 and 26. The final concert of the season will be at Whiting Auditorium, Flint, Michigan on August 5.

Star Commonwealth for Boys, Albion, Michigan will host an annual pre-tour concert on Sunday, June 23. At this concert, Michigan People-to-People officers will present membership pins to student members, as official Michigan People-to-People Ambassadors.

On June 27, MYI will present their final pre-tour concert at Tretton High School. Members of the tour from Manchester are Judith Simmons, daughter of Mr. and Mrs. Amelto Simmons and Douglas Keasal, son of Mr. and Mrs. Harold Keasal.

MOTHER-DAUGHTER BANQUET

There were 83 mothers and daughters present for the Mother and Daughter dinner held at Iron Creek Church, May 16. Twenty men served the delicious dinner at 7:00 p.m.

Mrs. Tom Lushman was the toastmistress. The theme of the program was "Buttons and Bows." Mrs. Sam Wilson read the tribute to the daughters and her daughter read the response to the mothers. Several recitations were given and a solo was sung entitled "Mother" by Debra Claus. After the solo Mr. and Mrs. Charles Gorton of Britton showed their collection of symbols of crosses. Prizes were given to Mrs. Mina Trolz, Mrs. Hattie Green, Mrs. Ron Mason, Mrs. Haber Johns, Mrs. Sam Wilson and Marie Judkins.

Miss Blumenauer

VALEDICTORIAN AND SALUTORIAN CHOSEN FOR CLASS OF 1968

Joyce Marie Blumenauer has been named the Valedictorian of the class of 1968 from Manchester High School.
During her four years of high school, Joyce has maintained a 3.968 academic average on a four (4) point scale. While in high school Joyce has been active in F. H. A., 4 years, German Club, and Junior and Senior Proms.

Joyce is the daughter of Mr. and Mrs. Walter Blumenauer of 12100 Bethel Church Road, Manchester. Upon graduation Joyce plans to attend Automation Institute for computer training.

Frances Mary Eckles has been named the Salutatorian of the class of 1968 from Manchester High School.
During her four (4) years in high school, Frances has maintained a 3.928 academic average on a four point scale. Frances is the daughter of Mr. and Mrs. Clark Eckles of 710 Parr Road, Manchester.

While in high school she has been active in the Student Council, German Club, Newspaper Staff, Band, Varsity Choir, Chorus, and Junior Play. Frances will attend the University of Michigan in the fall for a degree in liberal arts.

### FARM NEWS

#### 4-H NEWS

Rainy, cold weather didn't seem to dampen the spirits of the riders who competed in the 1968 4-H Spring Round-Up on Sunday. One hundred and fifty-six contestants from Washtenaw, Wayne and Lenawee Counties were on hand to vie for ribbons and trophies. Spectators, numbering about 1200, watched the show and tried to keep warm by wrapping themselves in blankets, even horse blankets. Later in the afternoon, the sun decided to put in an appearance and the day turned out to be quite nice after all.

Nine members of the Sharon Valley Saddle Club and their horses braved the uncertain weather. Of all the riders, Joel Tobias had his day. Joey and his pony, Patches, placed fifth in the Pony, 52" and Under, Fitting and Showing Class. Joey also received a sixth place ribbon in both the Pony Horsemanship and the Pony Pleasure Classes for Ponies, 52" and Under.

There were ten prizes offered, by Mrs. Barbara Miller of Schneider's Western Supply, to the 4-H'ers who sold the most Spring Round-Up tickets. Michael Fisk was one of the winners in the contest. Mike won a seventh place prize for selling 25 tickets. Mike is a member of the Sharon Valley Saddle Club.

Three members of the saddle club participated in the Share-The-Fun contests which were held Monday evening at the Little Theatre of the Ann Arbor High School. For his saxophone solo, Wayne Wellhoff of South Stoney Lake Road, Jackson, selected the tune "Yesterday." The tune was written by John Lennon and

Paul McCartney of the Beatles. Wayne was accompanied by Mr. Clinton Fisk. Anna and Joel Tobias of Kendall Road, Grass Lake, presented a comedy-dramatic reading entitled, "Murder." After some technical difficulty, the reading was presented, much to everyone's delight.

There are fourteen acts in all. While the judges were busy making their final decisions, everyone enjoyed an impromptu "sing-in" led by Miss Barbara Kemner and Miss Gail Girsch. The acts that will be going on to the district competition are "These Boots Are Made For Walking", a jazz dance done by Janet Feldkamp of the Busy Workers 4-H Club; a ballet presented by Karen Woodward of the Geddies Shamrocks 4-H Club and done to music from "The Sound of Music"; a family group from the Inside-Out 4-H Club, the Sanford Kids singing songs from "The Music Man" accompanied by their mother, Mrs. Mary Lu Sanford; a vocal novelty number entitled "A Lesson on the Unicorn" presented by the members of the Learn and Save 4-H Club and last, but not least, another vocal novelty number, "The Unicorn Song" complete with ark and animals, was done by the members of the Happy Hands 4-H Club. The five acts will be competing again in the district competition which will be held at the Tappan Junior High School in Ann Arbor on July 8.

The judges for the Share-The-Fun contest were Mrs. Alice Pratt, 4-H Leader in Lenawee County; Miss Diane L'Roy, Music Teacher at Chelsea Junior High School and Miss Kathy O'Gorman of the Chelsea Standard.

The next meeting of the Sharon Valley Saddle Club will be held June 7.

#### ZONING BOARD OF APPEALS

May 29, 1968

The Zoning Board of Appeals will hold a meeting May 29, 1968 at 8:30 p. m. at the Village Hall.

On the agenda is an application for temporary trailer permit for Mr. and Mrs. Frank J. Kuhn, 19500 Bowers Road, Manchester; Application No. 12.

### Nation's Outstanding Young Farmers

DES MOINES, IOWA — The nation's four Outstanding Young Farmers for 1967-68, chosen annually from among the outstanding young farmers from each state in a program sponsored by the U.S. Jaycees and the National LP-Gas Association. From left to right are Cecil Zahnow, 31, of near Raub, North Dakota, a grain farmer and cattleman, and his wife Audrey; Ross K. Albon, President of the National LP-Gas Association; Patricia Kerbis and her husband Richard, 30, who raises half a million bushels of potatoes on acreage leased from the Fort Hall Indian Reservation near Blackfoot, Idaho; and Carolyn Stone and her husband Charles, who has a dairy operation and raises cotton, corn and soybeans on his 1600-acre farm near Huntsville, Alabama.

#### POST OFFICE TO BE CLOSED MEMORIAL DAY

Postmaster Marvin Kirk wishes to announce that the Manchester Post Office will be closed Memorial Day, May 30, 1968.

#### DON'T FORGET TO JOIN US!

Everyone is invited to attend the Memorial Day picnic to be held after the parade at Carr Park. The Manchester Jaycees have

agreed to sell food and drink on the grounds and a band concert by the Manchester High School Band will be presented at 1:00 p. m. Sound like fun? Join us.

### NEW PRODUCTION RECORDS REPORTED FOR AREA HOLSTEIN DAIRYMEN

Milk and butterfat production levels established by Registered Holstein cows in this area have been reported by Holstein-Friesian Association of America. All cows are from herds enrolled in the Dairy Herd Improvement Registry (DHIR) official testing program.

Cows recognized in this area, and their owners are as follows: Leo-Bur Election Niper 5494404, a five-year-old, produced 24,290 lbs. of milk and 914 lbs. of butterfat in 365 days. Leo-Bur Emperor Lilly 4853799, an eight-year-old, had 19,510 lbs. of milk and 717 lbs. of butterfat in 315 days. Both are owned by Leonard Burnmeister, Ann Arbor.

Whippoorwill Baron Nina 5990088, a three-year-old, produced 19,650 lbs. of milk and 662 lbs. of butterfat in 310 days. Shar-Har Pontiac Ellen 6339803, a two-year-old, had 16,550 lbs. of milk and 598 lbs. of butterfat in 355 days. Whippoorwill Blackcap Lindy 5794381, a three-year-old, had 16,370 lbs. of milk and 580

lbs. of milk and 589 lbs. of butterfat in 362 days. All are owned by George Macomber & Sons, Manchester.

Ro Al Canary Treeta 5462665, a six-year-old, produced 18,080 lbs. of milk and 698 lbs. of butterfat in 307 days. Emmons Ginger Ideal 4778532, a seven-year-old, had 20,170 lbs. of milk and 643 lbs. of butterfat in 365 days. Both are owned by Ellery & John Rouser, Grass Lake.

These new production figures may be compared to the estimated annual output of 8,513 lbs. of milk and 315 lbs. of butterfat by the average U. S. dairy cow, notes the National Holstein Association.

Michigan State University supervised the sampling, weighing and testing operations in cooperation with the Holstein organization's herd and breed improvement programs.

### AGRICULTURE IN ACTION PESTICIDE SANITY

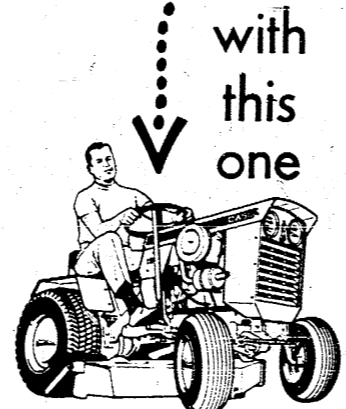

People everywhere have been bombarded by a steady stream of emotional articles shouting that pesticides used by man are poisoning his environment. These attention-getting features present an almost completely unbalanced picture, and seldom report what pesticides do for people.

Now, a new book, "That We May Live," written by Congressman Jamie Whitten, from Mississippi, helps set the record straight. Whitten interviewed 185 scientists and 23 physicians for the book, which has this quotation from an article in "Today's Health," February, 1966, published by the American Medical Association on the cover:

"The enemy is already here - in the skies, in the fields, and waterways. It is dug into every square foot of our earth; it has invaded homes, schoolhouses, public buildings; it has poisoned food and water; it brings sickness and death by germ warfare to countless millions of people every year.

"The enemy within -- these walking, crawling, jumping, flying pests destroy more crops than drought and floods. They destroy more buildings than fire. They are responsible for many of the most dreaded diseases of man and his domestic animals: malaria, yellow fever, dengue, sleeping sickness, and many others. Twenty-one classifications of insects are now in active existence. Some of them eat or attack everything man owns or produces -- including man himself..."

"Of the two million deaths recorded in the United States in

#### AMERICAN LEGION POPPY DANCE

May 25 8:30 p.m. - 2:00 a.m.

\$1.00 per couple American Legion Hall

Includes lunch, live music and juke box.

Door prizes "Members bring your friends"

a recent 12-month period, insects were the direct or indirect killers in an estimated 60 percent of them: 1. As direct carriers of the disease; 2. As carriers of pathogenic micro-organisms; 3. As indispensable hosts (or incubators) and transporters of the specific pathogen to man.

"...In the words of one famous epidemiologist, 'If people understood the mortal danger buzzing around the kitchen on the body of a housefly, they'd do nothing else until it was dead.' Committee who then forwarded its recommendations to Mr. Ball's office. At a later meeting between Mr. Ball and the Agricultural Commission, a decision was made to conduct a referendum of all Grade "A" dairy farmers in the state.

At the Lansing hearing, George Austin, president of the American Dairy Association of Michigan, testified that the program was the result of a two-year study by the A.D.A.M. board. He also stated that the program was explained to Grade "A" dairy farmers at the local meetings during the winter months and 84% of those dairy farmers attending the meetings indicated they favored the principles of the proposed program.

Ballois will go out to every Grade "A" dairy farmer in Michigan not later than Wednesday, May 22, and must be returned by June 7. Since individual production is a consideration in the vote, each Grade "A" producer must indicate his "Base" on the ballot (or April, 1968 production), sign and return it in order to have his vote counted.

If approved, the new advertising and marketing program would be administered by a 15-man dairy farmer committee, appointed by the Governor from nominations submitted by Michigan dairy farmers' cooperatives throughout the state and the Michigan Dairy Herd Improvement Association.

\*\*\*\*\*

The man who does not work for the love of work but only for money is not likely to make money nor to find much fun in life.

### FARM QUEENS BOOST MICHIGAN PRODUCTS

A trio of agricultural queens, representing farm products for which the state is one of the nation's top producers, are spending Michigan Week, May 19 to 25, promoting apples, beans and cherries by press, radio and television.

A whirlwind tour will take them to Chicago, Kansas City, New Orleans, Washington, and New York City before returning to their home state. All of the points to be visited are markets for the queens' products.

The tour is the 15th annual Michigan Week agricultural queens' trek. It is sponsored by the Michigan Department of Agriculture in cooperation with commodity groups. Queens making the 1968 trip and their commodity groups are:

Apple Queen Brenda Sanford, 18, daughter of Mr. and Mrs. James Sanford, of Shelby, Michigan State Apple Commission.  
Bean Queen Sheila Westall, 19, daughter of Mr. and Mrs. Gerald Westall of Ithaca, Western Michigan University freshman, Michigan Bean Commission.  
Cherry Queen Linda Kave

Christie, 19, daughter of Mr. and Mrs. George D. Christie, formerly of Alpena, now of Toledo, Ohio, Michigan Cherry Commission.

As on previous Michigan Week queen trips, the tour manager is Joe E. Wells of the Michigan Department of Agriculture's information staff, assisted by his wife, Marjorie, as chaperone.

On hand to wish the party well as it left on its good will mission for Michigan Week was Lt. Governor William C. Milliken, representatives of agricultural organizations, and the press. The group left Lansing last Friday on the Grand Trunk Western Railroad, using for the trip into Chicago the private car of the line's vice-president and general manager.

Appearances were being made by the queens at Chicago and Kansas City, and in addition a press conference for the girls and their products was set for New Orleans. The party attended the Michigan Society's annual breakfast in Washington before continuing on to New York City for television and other appearances.

**SCHOOL BOARD MINUTES**  
May 13, 1968

The regular meeting of the Board of Education was held at the High School with all members present.

The opening of the meeting was postponed pending a meeting with members of the Senior Class, and their faculty advisor, Mr. Ron McNally, and some parents.

Gary Neuderfer, President of the Senior Class, introduced the members of the class and parents, and then addressed the Board on the question of why they may not draw out the residue of their class funds, approximately \$300, after all known expenses are paid and leaving \$100, in the fund, to use for a final class party.

Also mentioned was a question as to the advisability of a special school band playing at graduation.

Supt. Swartz, members of the class, Principal Koceski and Mr. McNally stated their thinking on this matter.

The Seniors and most of the other guests were excused.

Mrs. Wilma Lentz was present and raised a question as to the dismissal procedure in the event of a severe weather warning.

Supt. Swartz explained what is

being done and promised a study and re-evaluation.

The meeting moved to the Superintendent's Office, and was called to order at about 9:00 p. m. by Pres. Klager.

Mr. McNally was asked by Pres. Klager to state his views on the Senior Class money situation. It is the Board's recommendation that any surplus monies be returned to the class sponsor and the High School.

Principal for equal distribution to individuals as the sponsor and Principal see fit. So moved by Dan Boutell, seconded by Alber, and unanimously approved.

Minutes of the previous two meetings were reviewed and approved.

Current claims in the amount of \$8,206.49 were considered, and on the motion by Pedersen, seconded by Uphaus, were unanimously approved, and ordered paid.

After explanation by Supt. Swartz, it was moved by Fielder, seconded by Alber, that \$1,150.46 of the Site Fund (residual funds) be transferred to the General Fund, to be applied as partial payment of the paving costs at the High School. Passed unanimously.

Present from Louis C. Kingcott and Associates, Architects, were Ed Jennings, Brooke Godfrey, and Constantia Minda.

Bids were opened by Secretary Leeson, and read by Mr. Minda. Copy of summary in file at high school.

**ANNUAL ELECTION** It was moved by Boutell, seconded by Fielder, that the annual election be held June 10, 1968, from 7:00 a. m. to 8:00 p. m. Passed unanimously.

**SCHOOL CALENDAR:** It was moved by Uphaus, seconded by Pedersen, that the school calendar for the year 1968-69, as presented by Supt. Swartz, be adopted. Considerable discussion ensued, followed by roll call vote: Fielder, no; Uphaus, yes; Alber, no; Pedersen, yes; Boutell yes; Leeson, yes. The motion was passed. (Copy of calendar may be obtained by Mr. Swartz.)

It was decided to make a further study of the wishes of all concerned, particularly with regard to spring vacation, prior to setting up the calendar for the year 1969-1970.

The public meeting was recessed at 9:30, and called into Executive Session at 9:55, with Mr. Glenn Lehr, Mr. Herbert Mahony, and Mr. Eugene Bentschneider, of the Citizen's Committee.

The meeting was reconvened at 11:00 p. m. for business.

**BARN:** After discussion, it was moved by Fielder that we have the Fire Department burn

the barn on the former Rybak property, site for the new elementary building. Seconded by Alber, and unanimously passed.

Pres. Klager declared the meeting recess continued until after opening the new building bids on Thursday, May 16, 1968.

**WASHINGTON REPORT - Congressman Marvin L. Esch**

Recently it was my privilege to host some 100 students and teachers from 25 area high schools at the first annual Congressional Youth Forum held on the campus of Eastern Michigan University. I was very pleased at the response to this first effort and very encouraged and impressed by the intelligent and rational discussions these young people generated about our national problems.

Vietnam, the Selective Service, and the crises in our cities were the subjects of workshop sessions conducted by professional discussion leaders and addressed by expert source persons in each area. During the discussion periods the students examined and debated existing national policy in these areas and possible alternatives to be utilized in the future. Although no definite positions were taken or encouraged, the forum offered students an opportunity to become involved in our great national debates and gave me an opportunity to learn first-hand the views of our young people.

On Vietnam, the students explored three alternatives -- stepped up military effort to achieve a military victory, immediate withdrawal, and gradual withdrawal. Most students agreed that this was the most publicized war in history and that more people know more about it than any other war involving this country. The sentiment was expressed by some, however, that we being told only what the government wants us to hear. The need for better education for the South Vietnamese people and better communication between them and the people of the United States was stressed. Also mentioned was the desirability of channeling our efforts towards helping the South Vietnamese to help themselves.

The young people in the draft workshop heard the history of conscription in this country dating back to the Civil War and an explanation of how the present system works. Then they critiqued the Selective Service and brought forth various alternative policies of their own design. Among the alternatives discussed were the development of an all-voluntary military, utilization of a lottery system, substitution of social service such as in VISTA or the Peace Corps for military service, self-determination by young men to serve their time prior to age 35, and the development of an all-mechanized army. Most of the students agreed in the need for better public dissemination of information about the draft and the benefits of a military career and for computerization of and uniformity in the functioning of local draft boards. Considerable interest was expressed in the idea of classifying young men according to ability and interest rather than physical condition or mentality and drafting individuals according to the need for specific tasks.

The students in the urban problems workshop were confronted with the overwhelming number of problems facing our cities. They concentrated their attention on the ghetto dweller, the causes of his problems and possible solutions. They generally agreed that his problems resulted from long standing social conditions which have brought on inhibitions to change and progress, plus the existence of a political system which tends to exclude the

**DUTCHMEN DOWN GRASS LAKE 6-1**

Gary Stautz threw a two-hitter against Grass Lake last Thursday and did not allow a run until the sixth inning. Nice pitching Gary! Lyle Jacob had two hits for the Dutch and played a very fine ball game at first.

Above are the two stars of the game and some very happy Dutchmen.

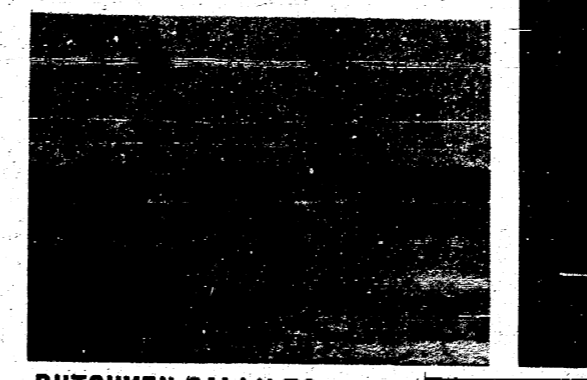

**SPORT FLASHES**

Don't forget the Athletic Banquet Monday, May 27 at 7:00 p. m. at the K of C Hall. The main speaker is Ted Lindsay.

In next week's Sports Corner we will have the Little League opening date and more information on all the teams.

Also, starting in next weeks issue we will have some stories on the Manchester Speedway results. Lefty

**FRESHMAN BAKE SALE**  
Saturday, May 25 9:00 to 3:00  
McGuire's Store

**DUTCHMEN RALLY TO BEAT ONSTED 6-4**

The Dutchmen had their work cut out for them Monday at Onsted. With the score 4 to 1 in favor of Onsted going into the fifth inning, the Dutch caught on fire and there was no stopping them.

They scored one run in the fifth, two in the sixth, and two in the seventh to beat Onsted. Lyle Jacob had two hits, Rick Lowery had two hits, and Big Scott Sloat had two hits. It sure was a big win for the Dutch.

In the pictures above you will see Rick Lowery scoring the go-ahead run and the other stars of the game. Lynn Niehaus went back for a long drive and caught it, then threw a perfect relay to Big Scott Sloat who threw to Lynn Jacob to double off a surprised Onsted player. This was the big play in the sixth inning. The Dutchmen are hustling and that is what wins ball games.

Don't forget, the boys play here Thursday and next Monday. Thursday's game is against Ypsilanti-Roosevelt. Monday's game is with Clinton. So - why don't you fans get out and cheer these kids on? Go Get 'Em Dutch!!!!

**STATE HIGHWAY FUNDS**

The State Highway Commission has started distributing first quarter Motor Vehicle Highway Fund collections to Michigan counties, cities and villages.

Henrik E. Staefeth, State Highway Director, said net Highway Fund receipts during January, February and March totaled \$110,764,968, an increase of \$10,941,771 compared to the same period of 1967.

(Washtenaw County's share is \$709,183 while Manchester received \$8,201.)

The Highway Fund includes all state gasoline and diesel fuel taxes, and license plate fees. After deductions for collection costs and the State Waterways Commission's share, the money is distributed to the state, counties and 524 incorporated cities and villages for use on state and local highways and streets.

Under the formula, the Highway Commission will receive \$51,284,185, counties \$37,992,389, and the cities and villages \$21,488,394.

Distribution is based on one month under the old formula of 47 per cent to the state, 35 per cent to the counties and 18 per cent to the cities and villages, and two months under the new formula of 46, 34 and 20 per cent, respectively.

It is not helps, but obstacles, not facilities but difficulties, that make men.

poor from representation and decision making. Most agreed that an attack on our urban problems must be a cooperative venture involving the total community as opposed to government involvement alone.

effort would be to pull the ghetto dweller into the mainstream of American Society. The five hours we spend looking at this nation's pressing concerns were extremely worthwhile both for the students and for me in representing them in Congress and I intend to make the Youth Forum an annual event.

VETERANS LOANS

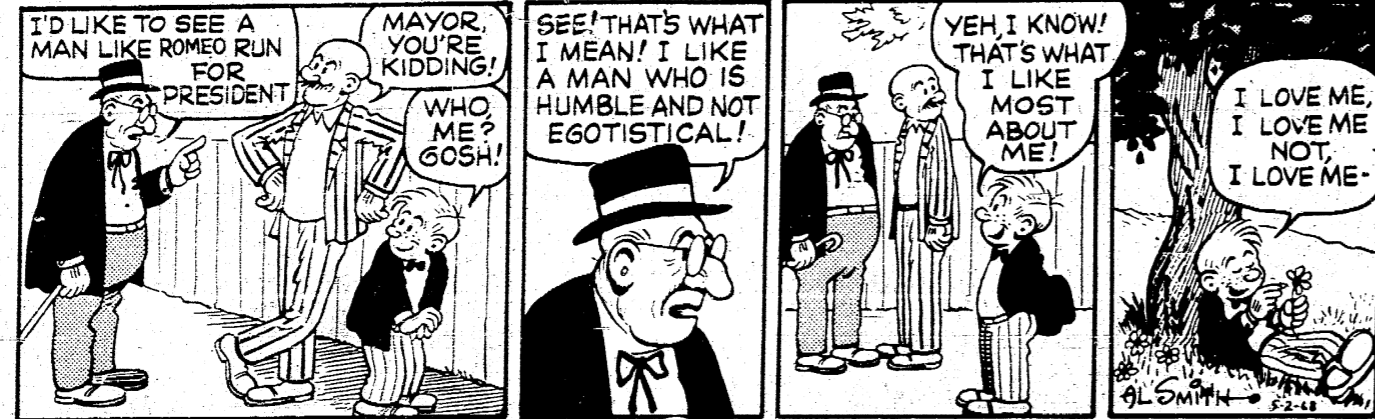

Some World War II veterans still have more than two years to obtain Veterans Administration guaranteed or insured loans, Robert M. Fitzgerald, Manager of the VA's Regional Office in Detroit said today.

Final deadline for World War II eligibility is July 25, 1970, he said. This applies particularly to veterans discharged from the service because of service-connected disability. Also retaining maximum eligibility to the final July 25, 1970, cutoff are widows of veterans who died from service-connected disabilities.

Actually, eligibility has been expiring for World War II veterans according to a formula that adds 10 years to the date of their service discharge, plus one year for each 90 days of service, plus four days for each additional day of active duty.

Thus, eligibility has already expired for many veterans and must terminate for all World War II veterans in 1970. The VA will process any loan application reaching it before entitlement expires. Since these loan applications usually are sent to the VA by private lenders, the veteran must take this into consideration.

LOOKING AROUND

Five men cooked up an elaborate scheme to embezzle \$12 million from Chase Manhattan Bank but slipped up on one word. They were indicted on conspiracy charges when their cable to a Swiss bank called for the money in dollars instead of francs.

Volunteer firemen of the Kanarrville, Utah, Women's Fire Department, are all females. Men of the town work in nearby Cedar City, so the girls, keeping in contact over the 12-family party lines, handle the rickety pumper in an efficient manner. They built the fire house with money raised at cake sales.

While having his car refueled, a motorist in Portland, Oregon, remembered an appointment and took off before the attendant could remove the hose nozzle. The gas pump was ripped loose and a \$600 fire started.

Gills have a new type carpeting in the bathroom that looks like a sponge in a brick design of gold and white; a nylon gold tweed carpet in the kitchen and dining area; a bright red living room carpet; a sandalwood brown color scheme with snow-white carpeting in the master bedroom with knotty pine paneling with gold carpeting in the second bedroom. The recreation room is done in gypsum and orange with the basement bathroom in bright orange, white and chocolate brown.

At 10975 Sooten Road is the Herbert Bagules residence. A newly-built house, it features a two-way fireplace on the living room and family-room side with an open wood box from the outside for convenience; a pantry off the kitchen which is seldom seen in the new homes today, three bedrooms and a green color scheme throughout the entire house. One item to watch for is the antique hall lamp of cranberry quilted glass which is over 100 years old.

The fifth house is in Clinton and is the home of Ted Robert's brother, The James Roberts home covers 1/2 of an acre, features three fireplaces, a housewife's dream kitchen with cupboards galore, an ironing and/or sewing room, washroom, kitchen nook overlooking a spacious yard; an elegant living room which required two sofas to fill it properly; a basement which is described as looking like the K of C Hall because of its size; three bedrooms and three bathrooms.

From Manchester it is a fifteen minute drive to the Roberts' home which is located approximately 2 1/2 miles west of Clinton off US 12, turning right on Arkona Road to 8041 Arkona.

Directions for all of the homes will be available at the homes on tour when you purchase your ticket.

MERCHANTS PLAN BIGGER AND BETTER SIDEWALK SALE

The Merchants Division of the Manchester Chamber of Commerce is busy with organization for a bigger and better than ever Sidewalk Sale this year. The promotion has grown each year to such proportions that it is now assuming real identity and becoming a genuine Manchester tradition.

Merchants say goods are so sharply reduced that they make little or no profit, but the sale enables them to move surplus and get ready for seasonal goods and it makes for a fun day everyone enjoys.

Arrangements are being made for the street carnival to return this year, and merchants will furnish tickets to kiddies for the rides at bargain prices.

A special invitation is going out this year to all local organizations with anything to show or sell to participate in the fun. Women's Clubs, Scouts, churches, 4-H, ceramics and any others interested are cordially invited. Those interested can inquire more information from merchants or this paper.

There will be plenty of room on the sidewalks of Manchester for everyone. Wednesday, July 24 is the date.

TO MEET

The Freedom Evangelical Memorial Cemetery Association will hold its annual meeting at the cemetery Sunday, May 26 at 3:00 p.m.

The next Citizen's Committee meeting will be held May 28 at the High School.

The task of a teacher is to take a lot of live wires and see to it that they're well grounded.

DOLLARS FOR SCHOLARS CAMPAIGN NOW OPEN

Father Raymond R. Schlinkert, pastor of St. Mary's is this year's Chapter Chairman of the "Dollars for Scholars" campaign. Working with him is Robert T. Ross, a retired Ford Motor Co. executive and former FBI agent, as the financial chairman. The campaign is now under way to raise funds in the annual drive, which makes possible financial aid to deserving students to continue their education beyond high school in the Manchester School system.

Philip Mains, high school counselor and Chester Kocesski, high school principal, point out that the deadline for students to return applications to have them considered for the program this year will be May 24. Students are reminded that their applications should be based on the need of the student for money to further education not covered by scholarships or other funds.

Primarily students applying for the funds use the money to go to trade school or community college.

Recipients are asked to repay the loan as soon as possible after the student is at work. The loan is interest free. The "Dollars for Scholars" program is a community project made possible by dollars contributed during the annual drive which is under way at this time. Canisters have been placed in various business houses for donations and checks can be made out to "Dollars for Scholars"

and can be sent in care of the local offices. "Dollars for Scholars" is a national organization, known as Citizen's Scholarship Foundation, Inc. with headquarters in Boston, Mass. To date, 15 students have received financial help through the local organization. Grants average \$300 per year. "Dollars for Scholars" was locally organized by the Man-

chester Business and Professional Women's Club with Mrs. Lillie Ann Ayres, formerly of Manchester, now of Ann Arbor, as the person directly responsible in founding the local organization.

The applications for aid will be reviewed by an eight-member board on whose shoulders rest the responsibility of deciding who is to receive the aid. Work-

ing on this board are local citizens in the community. People in the community are asked to be as generous as possible in gifts to the foundation. In this way, they can help students to help themselves prepare to take an active place in the community.

The ways of the heart, like the ways of providence, are mysterious

VOTE FOR YOUR FAVORITE GIRL

IGA GIRLS CONTEST

800 GIRLS AND THEIR MOTHERS

WILL WIN an all-expense-paid trip to...

NEW YORK CITY

OFFICIAL IGA GIRLS CONTEST RULES

- 1. Contest is open to any girl between the ages of 10 and 14 years inclusive. Girls who receive the highest number of votes in each store will win.
2. Vote for your favorite girl by writing her name on the back of each Gold Cash register tape you receive at all participating IGA Food Stores.
3. The total value of each tape will be determined by the total purchases shown on each Gold tape you receive. You will receive one vote for each 10¢ purchase. For example, a \$10.00 purchase shows on your Gold Cash register tape would be worth 100 votes for your favorite girl.
4. All girls must be registered by the 5th week of the contest at one store of her choice, and votes are not transferable between stores.
5. Votes must be placed in the official ballot box provided in each store. Each store will have the number of girls they are sponsoring posted in the store.
Date of Contest: Eight weeks beginning Monday, April 8, 1968 and ending Saturday, June 17, 1968.
6. Mothers and daughters will leave on their 3-night, 4-day vacation the week of June 10th (Michigan only), week of June 17th (Ohio only), week of June 24th (New York and Florida only).
7. Employees of Super Food Service Inc., WA Stores and their Agencies are not eligible to participate.

Third Graders Tour Industries For Michigan Week

Third graders of the Nellie Ackerson School, along with their teachers, Mrs. Mary Blossom, Mrs. Judy Mann and Mrs. Sarah Hanif, toured many different businesses in and around Manchester. These tours were held in conjunction with Michigan Week. The third graders learned much about the great state of Michigan and their own town of Manchester.

On Monday, the children visited the Manchester Plastics plant with Mr. Fisk as their guide. They learned that the plant opened in 1964, the same year they started kindergarten. They found that many different plastics are used in many products. The raw plastic is heated, and under pressure, is forced into a mold. This is called injection molding. Some products made at the plant are hospital buzzers, refrigerator caps and automotive parts.

Tuesday was highlighted by a visit to the office of the Manchester Enterprise. The boys and girls saw the printing presses. Mr. Macomber explained how a plate was made for the paper. After this, the plate is taken to the off-set printing machine where ink and water are used to finish the printing of the paper. Two machines are off-set and one is hand fed. Each person who takes the paper has a name-plate. Thirteen hundred papers are sent out each week.

The Chelsea Milling Company was visited Wednesday morning. Wheat is bought from the area farmers. It is ground into flour and stored until ready for use. Sixteen different products are made here; however, Chelsea is the only place where Jiffy Mixes are made. Two by-products are sold to Kellogg's; middlings and bran. The boys and girls watched as the boxes were filled with Jiffy Mix.

After the boxes were filled and sealed, they were stored ready to be shipped on a train or truck anywhere in the United States and United States Army bases all over the world.

In the afternoon, the youngsters visited the Union Savings Bank with Mr. Dan Boutell as their guide. They saw the vault and learned that the vault doors weigh 2,000 pounds and are on balanced hinges. The vault has a time clock and can be opened in the mornings. The walls of the vault are one foot thick. It would take six hours to break through the wall. A bag of \$200.00 worth of nickels weighs 30 pounds. After the tour, the bank treated all the boys and girls to sundaes and sodas at the Dairy Queen.

Thursday afternoon, the third graders were shown through the E. C. Mann and Sons feed and grain mill. The grinders were in operation. They learned how they were run and that the feeds being made had to be done in a certain way. Mr. Mann said all the feeds are balanced according to the animals' needs. Certain grains plus vitamins, minerals and medications are added as needed. They also learned a great deal about the 72-year-old water wheel that supplies power for one of the grinders.

The Manchester Post Office was another place of interest

visited. The mail is delivered to the back of the post office, sorted and delivered to the people in the Manchester area. Some mail is shipped out again to various places in bags weighing 70 lbs. The boys and girls found that the mail goes all over the world. They also saw the cancelling machine in operation.

On Friday, Hospitality Day, the third graders had invited their parents to attend open house at their school. After a short program in the gym, the parents were asked to look at the exhibits made by the boys and girls. The exhibits ranged from hand-drawn copies of the state flag and maps of Michigan showing where the various products of the state are produced to drawings of the places visited during the week's tours. The boys and girls really enjoyed learning about their state. They learned that the state bird is the Robin, the state flower is the Apple Blossom, the state tree is the White Pine, the state song is "Michigan, My Michigan", the state fish is the Trout and the state motto is "Si quaeris peninsulam amoenam, circumspecte" which, when translated means, "If you seek a pleasant peninsula, look about you." They also learned that Stevens Thomson Mason was the first governor of Michigan and that George W. Romney is now the governor.

This was a very exciting week for all the third graders and their teachers. The boys and girls learned a lot about Michigan and hopefully they will grow up to be very proud to live in this great state of Michigan. (Impressions of the visits to each local industry were taken from accounts written by the students.)

Former Postmaster Dies Wednesday

George E. Merriman, age 72 years, died Wednesday, May 22 following a long illness. He was born April 16, 1896 in Manchester, the son of William and Grace Elliot Merriman. On June 5, 1926 he was married to Louise Cuvallier. She survives. He was the postmaster in Manchester from 1942 until his retirement in 1964.

Mr. Merriman served in World War I as Lt. in Ordnance. He was a member of Emil Jacob Post #117 of the American Legion a life member; Ann Arbor Barrels WW I Veterans; National Postmasters Association; and a member of the State Fair Commission for twelve years.

In addition to his wife, he is survived by a son, William of Manchester; two daughters, Mrs. Robert (Yvonne) Huber of Manchester and Mrs. Eugene (Suzanne) Kent of Coming, N. Y.; fourteen grandchildren and two sisters; Mrs. Ruth More of Marshall and Miss Marie Merriman of Jackson.

Funeral services were held Saturday, May 25 at 1:30 p.m. at the Jenter Funeral Home, Rev. Fr. Raymond R. Schlinkert officiated. Military grave-site services were conducted by Emil Jacob Post. Burial was made in Oak Grove Cemetery.

All who know their own minds do not know their own hearts.

Loren Trolz found five morels in a wadout on his farm. One weighed 1/4 pound and was 9 inches long. See picture.

MEMORIAL DAY PARADE

Plans are now complete for the Memorial Day parade, according to Don Stockwell, commander of Emil Jacob Post #117, American Legion.

The parade will form at 9:30 a.m. at the Main Street bridge where flowers will be thrown in the Raisin River in memory of those who gave their lives in the navy. Leading the parade will be the High School Band, Legion Members, Boy Scouts, Cub Scouts, Clovers, Manchester and Pleasant Lake and Junior Auxiliary members.

There will be a short service at Wurster Park with a few words by Commander Stockwell and a prayer by Rev. Stanley McKenzie of Lansing, who is pastor of the Norvell Baptist Church. The flag will be raised at Wurster Park. The parade will continue to Oak Grove Cemetery where Rev. McKenzie will deliver the address. The firing squad will be under the direction of Don Walters during the absence of John Bivins, Sgt. at Arms.

James Kemler, custodian of the graves will have some 210 flags placed on the graves in the various area cemeteries prior to Memorial Day.

After the memorial service at Oak Grove, the Legion members will go to Norvell Cemetery where they will decorate the graves of soldiers.

Around noon, when the Legion returns to Manchester, a family picnic will be held at Cam Park. The public is invited. The band and chorus will participate in a concert at 1:00 p.m. The Jaycees will serve food on the picnic grounds for those who do not wish to bring a lunch. Be sure to attend.

INVOLVED IN ACCIDENT

Jerry Lee Service, 20, of 8900 Neal Road, Manchester and John Stuart Club, 18, of 7447 Hasley Road, Manchester were involved in a head-on collision at 130 E. Main Street on Sunday morning at 2:28 a.m., May 19.

Estimated damage to the cars was \$500.00. Jerry Service was thrown from his car but no one was seriously injured.

Jerald Hauesler and Dave Kemmer were passengers in the Kemmer car.

SPEEDWAY RACE SET

A special Memorial Day Race will be held Wednesday, May 29 at Manchester Speedway.

It is a 50-lap feature with a trophy for each event. There is a guaranteed \$1,500 purse.

Area Churches Unite

By Carolyn Ahrens

In April, 1968, the Evangelical United Brethren Churches and the Methodist Churches across the nation united into one as the United Methodist Church. It is now the largest protestant denomination in the United States with over 11 million members.

The idea for this merger began fourteen years ago and serious planning began seven years later.

For instance, the Evangelical United Brethren Church had a Women's Society of World Services and the Methodist Church a Woman's Society of Christian Service. Now the society has become one organization with over one million membership.

The Church School or Sunday School membership now totals 7,110,708; there is now a total of 33,004 ordained ministers, 14 seminaries, 78 hospitals and 217 special homes for the aged and children in need.

An important consideration of the United Methodist Church will be a World Service Mission Effort with the churches contributing 25 million dollars annually for four years to finance this important work. There will be a great emphasis on mission candidates and they will be required to have a BA degree from an accredited college and seminary.

As a new church, representatives will meet at three annual conferences in Michigan until July, 1969 then continue as two annual conferences. "If you draw a line through the lower peninsula of Michigan, from top to bottom, with Manchester the dividing line, this is the dividing line of the Detroit Conference and the West Michigan Conference," Rev. Cooper noted. There are 526 churches in the Detroit Conference. A Quadrennial meeting will take place in two years at Baltimore, Maryland and in 1972 at Atlanta, Georgia. "This is a mark toward church unity and complete integration in every respect as they will meet in an integrated conference in the south by their invitation," Rev. Cooper said.

1) Why do men climb mountains? Because the mountain is there to climb. There is a job with a challenge to be done. I say, "Let's be about it."

2) When considering this in the singular, it has to be adequate and equitable funding. For a comprehensive discussion of this problem, I refer you to "The Report Card" released by the school on May 25, 1968.

3) As distasteful as an increase in taxes is, I am convinced there is no logical alternative. The increase is the only way the school system can be maintained at its present level. I do not believe very many want program cuts and I am sure there would be much disagreement as to where they should be made if they should be required. Finally, do you have a better investment than to help 1200 plus local youngsters?

Donna Gill 1) I wanted to run for School Board for many reasons. The education of our children is one of the most important aspects in their lives and no one has more to do with a child's education than a mother. It has been many years since a woman has had a voice on the School Board yet they are the number one educator from the time a child is born. I would like to see the best possible education we can afford for them in increased curriculum, top-notch teachers, up-to-date libraries and equipment to work with, etc. with a constant move ahead attitude in the educational opportunities of our youth.

2) Right now the budget and increase need for millage is a very big problem for everyone to consider very carefully. Along with this, getting the new elementary school built and our students moved around with the first grade back in a regular school. I also feel we need much improvement in communication between school officials and the people of the school district on matters pertaining to the school.

Except for a name change, the Sharon United Methodist Church and the Manchester United Methodist Church will not be combined at the moment but rather they will remain as two separate churches similar to Emanuel and Bethel Churches.

Although there are no immediate plans for a merge between the two area churches, a Union Commission Service was served jointly by Rev. Cooper and Rev. Fox last Sunday evening at the Manchester United Methodist Church in celebration of the last supper and as an expression of gratitude concerning the union of the two denominations.
