Tues. - Sat. - Evenings by appointment

SOLICITATION TO BEGIN FOR UNITED FUND

The Businessmen's Division of the Manchester United Community Fund and Red Cross Drive will begin solicitation this week, according to the chairman, Mrs. Irvin Gill.

Members of Mrs. Gill's team include Mrs. Tom Marshall, Mrs. Don Sutton, Mrs. Duane Roller, Mrs. Allan Schaffer and Ray Tirt. All are veterans in this civic role, having individually served three years or more.

Mrs. John Bunney and Mrs. Lynn Voegeding, house-to-house chairman for village and rural divisions will announce their completed teams of solicitors next week, Wednesday, October 9 at the annual Kick-Off Dinner.

"One Gift Works Many Wonders" is this year's meaningful slogan for the single drive which includes 51 organizations.

AREA FAMILIES ENJOY WEEKEND CAMP-OUT

A group of 15 families, which included 13 campers, 22 children and 30 adults left Manchester at 6:30 p.m. Friday, Sept. 20 for a weekend stay at Sugar Loaf Lake in the Waterloo area.

During the weekend, the men enjoyed playing horseshoes while the women played Jarts and visited. The children spent the day swimming and several of the boys fished.

Each evening the group enjoyed a huge campfire, marsh-mallow roast and popcorn. They all sang with guitar accompaniment. On Saturday evening, several people from a camping club staying in the park joined the group for the evening.

A community picnic had been planned for Sunday but due to the "moisture in the air" everyone stayed by their own camper.

A very enjoyable time was had by all. If anyone in the Manchester vicinity would be interested in joining the group for the next weekend trip, definitely scheduled for October 11, 12 and 13, please call Steeles at 428-4761 or Marshalls at 428-8218.

Amounts of \$2 million or more were received by eight counties, one more than in the previous fiscal year, including Wayne, \$19.4 million, Oakland, \$6.7 million; Kent, \$4.4 million; Genesee and Macomb, \$3.9 million each; Saginaw, \$2.4 million; Ingham, \$2.3 million; and Berrien, \$2 million.

Amounts of \$1 million or more were received by seven cities, two more than in the previous fiscal year, including Detroit, \$15.3 million; Grand Rapids, \$2.9 million; Flint, \$2 million; Lansing, \$1.4 million; Dearborn and Saginaw, \$1.1 million; and Warren, \$1 million.

Following are amounts paid to Washtenaw County during each of the last two fiscal years and the village of Manchester. Washtenaw - 1966-67 - \$1,767,067; 1967-68 - \$1,915,390.

Village of Manchester - 1966-67 - \$20,310; 1967-68 - \$22,122.

The preacher is a servant of the congregation but the congregation is not the preacher's master - God is.

TIME RUNNING OUT FOR UNREGISTERED PERSONS

Time is fast closing in on unregistered persons for the November 5 general election, says the state's chief elections administrator.

Qualified persons have only until 8:00 p.m., Friday, October 4, to register for the election, says Secretary of State James M. Hare. Registrations are being taken by city or township clerks at designated places in most all communities.

INCREASE PRODUCED

State gasoline taxes and license plate fees produced a record \$309.9 million for Michigan's Motor Vehicle Highway Fund in the fiscal year that ended June 30, an increase of 9.6 percent, the Department of State Highways announced today.

Henrik E. Stafseth, state highway director, said the increase is due in part to a hike from six to seven cents a gallon in the state gas tax, effective last Jan. 1, part of the "Good Roads" tax package enacted by the Legislature last year.

The other revenue producing part of the tax package, restoring motor vehicle weight taxes to the pre-depression level, won't take effect until Oct. 1 and Nov. 15 when new commercial and passenger plates are placed on sale.

Stafseth said the gas tax produced \$219.7 million in the fiscal year, up 12.5 percent, while license plate fees totaled \$85.6 million, an increase of 3.6 percent. Miscellaneous revenue amounted to \$4.5 million, up 2.8 percent.

Collection costs totaled \$7.2 million, up less than one percent. The State Waterways Commission's share jumped 122.3 percent to \$2.1 million, mostly a result of a tax package provision boosting the Commission's share of the gas tax from .5 to 1.5 percent on Jan. 1.

Net revenue for distribution to the state, counties and municipalities was \$300.3 million, an increase of 9.1 percent. The Highway Department received \$139.7 million, up 8 percent; the counties shared \$103.6 million, up 7.6 percent; and incorporated cities and villages shared \$56.9 million, up 14.9 percent.

The percentage of increase for municipalities was greater in proportion to that for the state and counties, again a result of the tax package which hiked the municipal share from 18 to 20 percent on Jan. 1 and reduced the state and county portions from 47 to 35 percent, respectively, to 46 and 34 percent.

Amounts of \$2 million or more were received by eight counties, one more than in the previous fiscal year, including Wayne, \$19.4 million, Oakland, \$6.7 million; Kent, \$4.4 million; Genesee and Macomb, \$3.9 million each; Saginaw, \$2.4 million; Ingham, \$2.3 million; and Berrien, \$2 million.

Amounts of \$1 million or more were received by seven cities, two more than in the previous fiscal year, including Detroit, \$15.3 million; Grand Rapids, \$2.9 million; Flint, \$2 million; Lansing, \$1.4 million; Dearborn and Saginaw, \$1.1 million; and Warren, \$1 million.

Following are amounts paid to Washtenaw County during each of the last two fiscal years and the village of Manchester. Washtenaw - 1966-67 - \$1,767,067; 1967-68 - \$1,915,390.

Village of Manchester - 1966-67 - \$20,310; 1967-68 - \$22,122.

The preacher is a servant of the congregation but the congregation is not the preacher's master - God is.

A portion of the Jaycees who participated in the River Clean-Up last Sunday are shown above. The Jaycees would like to thank all those people who helped with this project. As there still remains about two hours work on the lower bridge, the Jaycees will meet there next Sunday afternoon and finish the job. Anyone wishing to help meet at the lower bridge at 1:00 p.m.

By Carolyn Ahrens

L. V. Kirk, General Electric Appliance dealer, has been in the business for the past 31 years. His original store was located at Mike Wolfe's township treasurer's office on Main Street. In 1943 he moved to his present location selling Hot Point Appliances. Then in 1946 he changed to General Electric products.

The main brand name items to be found at L. V. "Chick" Kirk's store in addition to GE are Siegler Gas & Oil Appliances, Hoover Cleaners and Youngstown Cabinets. Included in over 50,000 items are color TV sets, refrigerators, dishwashers, hair dryers and numerous small household appliances. He also has any number of items for "do-it-yourselfers" for home repair and upkeep. Appliance repair work is also available and a recent addition to his services are electrical heating systems for the home.

There are five employees at L. V. Kirk Appliance including Mrs. Joe VanDeGinste employed at the store. His wife Florence does all the bookkeeping and occasionally you might see their daughters Suzie and Monica at the store also. Three of Chick's employees and himself handle electrical service calls.

His mother, Mrs. Florence "Grandma" Kirk may still be found helping out during lunch hour. At 86 years young, Grandma Kirk has worked in her son's store since 1946. "She knows where everything is in the store," Chick added. "If you can't find something just ask her."

The agile little lady also handles all the fire and police calls and there is a fire whistle installed in the appliance store as well as in her apartment above the store. "A few years back she might get one call every ten or twelve days," Kirk added, "but lately she often gets that many in one night."

But to turn back the pages of history, L. V. has several old-time pictures recently acquired from the families of the late Bertha Huber and Mary Kern. One of these pictures is of the late Louie Kuebler (Red) when it was his plumbing shop. Mr. Kuebler had installed metal ceiling in two of the three stores for fire safety. In those days, milk cans, tub, range boilers for

washing clothes, eavestroughs and any equipment he or a customer needed was made in his shop.

Kirk's store nearest the bank was then a saloon, then Kuebler's plumbing shop and finally a harness shop. "In those horse and buggy days," Herm Kuebler, the son of Louie Kuebler, recalls, "there was a harness shop in Kirk's end store until Ferd Huber opened a car dealership there in 1912. He'd take out the big window, drive in six Model T's, put the glass back in and kept people wondering how he got those cars through that little door. Those Model

T's sold for \$299.00," Mr. Kuebler added. The other pictures on display at L. V.'s store, once belonging to Mary Kern, Morgan Kern's mother, include a picture of the Main Street bridge, the railroad depot, Main Street at the corner of Adrian, the Green Hotel once located at Alber's Standard station site and St. Mary's Catholic Church then on Macomb Street.

L. V. Kirk's appliance store has a little everything from color TV to old-time pictures and the stories to go with them. He invites you to stop in soon and look around more pictures page 6

75% INCREASE IN VOTERS REGISTERING

Manchester Township Clerk, reports a 75% increase of persons registering for the November 5 general election. A least 150 individuals, some first-time voters, others new families in the area, have registered. Marx added that approximately 50 persons had previously registered for the primary election in August which automatically makes them eligible to vote in the coming fall election. This brings a total of 200 newly registered voters in Manchester Township.

Manchester Township is divided into two precincts due to an 800 registered-voter-limit per each precinct. Precinct 1 includes residents within the Manchester village limits less Main Street and Ann Arbor Street. Precinct 2 includes all residents outside the village limits plus Main Street and Ann Arbor Streets. However, all voters will go to the polls at the fire hall on Clinton Street on November 5.

He also added that the Daylight Savings Time ballot will clearly state, "Shall the State of Michigan observe Daylight Savings Time?"

The November 5th general election includes township, county, state and national elections. As a vitally important election year, vote wisely and well by knowing the candidates before you enter the voting booth.

PUNT, PASS AND KICK CONTEST SATURDAY

The Ford Motor Co. sponsored Punt, Pass and Kick contest will be held Sat., Oct. 12 at 9:00 a.m. at the Athletic Field, Jaycee chairman is John Kortican.

The dinner for the Volunteers was paid for the Optimist Club. The Jaycees, Manchester Division of Hoover Ball and Bearing, and anonymous donors. Attendance at this dinner is very important for the volunteer, whether old or new at the business, because questions can be answered for everyone and problems ironed out for all.

T. H. Tapping, Jr., campaign chairman and local Junior High School principal, chaired the meeting which was a training session for all of the volunteers who work on this people-to-people program. He told the fact that most of these agencies have many more volunteers helping to carry out their various programs than they have employees. That the budgets in the fund are carefully scrutinized by a local budget committee after being made originally by a committee of citizens, like themselves, who are interested and working with each agency which presents a budget.

The kits which each volunteer carries were thoroughly discussed so that the solicitor may readily answer the questions of donors. It is every donor's privilege to designate an agency if he wishes.

The Michigan United Fund was represented by William H. A. Herbst of Grand Haven who spoke for the thirty-six agencies which are included in this one budget item. All of these are listed and described in the solicitor's kit.

The Red Cross was represented by the Director of the Washtenaw County Chapter of the American Red Cross, W. de St. Aubin who will be retiring this year and his successor, Donald Peak, who was introduced to the group. The Manchester Red Cross Blood Club which will be having a Bloodmobile in Manchester Tuesday, October 22, to replenish the local blood bank, has given out 94 pints of blood since September 1967, to 17 recipients. This club takes care of the blood needs of all Manchester School District residents, the employees and their immediate families of Double A Products, Manchester Tool and Die, Manchester Stamp and the teachers in the local school system even though they may not live in the area. Ninety-four pints of blood (there were three heart operations) re-present a savings to the area of over \$2000 at the \$20 to \$25 per pint the hospitals charge for blood. Contrary to what you may hear, Red Cross blood is never sold. The patient, of course, must request the blood from his club, as Washtenaw

County has over a dozen Red Cross Blood Clubs and each does its own "banking" with the Detroit Regional. Other Red Cross activities are Aid to Military Families, Vietnam Ditty Bag Project, aid to families' whose homes are burned out, disaster relief, training for Water Safety, First Aid, Home Nursing and many more. Over two hundred volunteers work for the Red Cross to one paid employee.

Mrs. Lynn Voegeding, Mrs. Irvin Gill, Mrs. D. D. Ludwick and Mrs. James Baker were in charge of the dinner planning.

NEEDS GREAT

When your doorbell rings this month, you will have an opportunity to meet a neighbor who can tell you about the 1968-69 needs of the Manchester United Community Fund and Red Cross. She is a volunteer for the fifty-one agencies included in this year's drive. Mrs. John Bunney is Division Chairman for the village house-to-house solicitations.

In the village, Team A, with Mrs. Paul Ernst, Mrs. Herman Boelter, Mrs. Dwight Below and Mrs. Douglas Higgins. Team B has Mrs. Harold Alexander for captain with Mrs. Claude Gage, Mrs. Stanton Roesch, Mrs. William Bunney, Mrs. Jean Wheeler and Mrs. Paul Wilde. Miss Mary Frances Fielder is captain of Team C for Mrs. Clarence Fielder, Mrs. Albert Gebhardt, Mrs. John Wallace and Mrs. Robert Chapin. Mrs. Herbert Maiony, Team D Captain, is working with Mrs. Richard Stein, Mrs. Charles Miller, Mrs. William Pierce, Mrs. Ray Gonyer and Mrs. Roy Pratt.

The fifth village team, Team E is captained by Mrs. Earl Koebbe whose solicitors are Miss Ella Kulekamp, Miss Margaret Schneider, Mrs. Webb Seeger, Mrs. Robert Kessler and Mrs. Norman Waltz. The Rural Solicitors for the annual campaign are designated by Townships, with Mrs. Lynn Voegeding the Rural Division Chairman. The captain for Freedom Township is Mrs. Robert Little. Those helping her are Mrs. Alger Clark, Mrs. Joann Barth, Mrs. Neal Devlin, Mrs. Gene Galling, Mrs. Alton Gehninger, Mrs. Ervin Haal, Mrs. Andrew Luchhardt, Mrs. Fred Mumson, Mrs. Charles Perry, Mrs. James Scott, Mrs. Richard Schneider, Mrs. Otto Timmerman and Mrs. Willis Uphaus. Bridgewater Township Captain is Mrs. Donald Mackintosh and her team is Mrs. Ervin Buss, Mrs. Jack Rowe and Mrs. Donald Wolfe. Mrs. Norman Bucholtz is captain of the Sharon Township team with Mrs. Leslie Chavez, Mrs. Thomas Harris, Mrs. Charles Kuhl, Mrs. William Paul, Mrs. Robert Padley, Mrs. Ellis Pratt, Mrs. Ruth Sodi, Mrs. Joe Tobias and Mrs. Paul Wahr. The solicitors for Mrs. LoRen Trolz, Manchester Township captain are Mrs. Lynn Carpenter, Mrs. Therman Green, Mrs. Herbert Johnson, Mrs. James Heshlip, Mrs. Michael Ressettie, Mrs. Ben Maurer and Mrs. Gus Baer, blood from his club, as Washtenaw contd. page 7 with picture

Second Class Postage paid at Manchester, Michigan

Last week just was not our week. We made so many goofs in Earl Koeber's letter that we felt it deserved repeating in this week's issue for those of you who may wish to save it.

LETTER TO THE EDITOR

I want to thank the editor and the readers of this paper for being so damned agreeable, and not finding fault with things that I sent in, that were pretty wild. If there were more editors that had the "guts" to publish things, like her house should be assessed as a place of business because she is a known prostitute, that an ADC mother came for extra aid for her school children in a white convert that they average \$500.00 each month, tax free. If they heard these things everyday maybe they would be careful of their conduct. If someone needed a girdle they should buy one. Not two for her children age 6 and 12. If she needs two girdles you can bet it is because she either eats too much or her home isn't assessed properly.

If you read this and disagree please save it and read it again in a few years.

There are many needy people that deserve and must have help. There are many also that think the world owes them a living. They want more and get more for doing less year after year. These are the greedy and the ones that are losing the respect of the taxpayer. They think when someone says "help yourself" that everything is free. It could mean that if you want it you better earn the money to buy it with yourself. The Lord helps those that help themselves, they say. Someone is helping those that don't. When this stops, and it will, the fun will be over. There are many that work, save, and expect to pay their share of the taxes. The way wages and fringe benefits are increasing everything should be just wonderful. It would be if we didn't also have the needy and greedy in this group. I'll try to explain this in as few words as possible. I'll take the needy first because I used to be one of them. In the early twenties when I was supposed to be going to high school I took care of my parent's farm for 5 years because my dad suffered a stroke and was unable to walk after that. We had 140 acres. We raised corn, oats, wheat and hay to feed our cattle, horses, sheep, hogs and chickens. Things that I sold bring only twice as much at the market now. This is why find it necessary to do something else for a living. They cannot afford to pay for things they must have and also their taxes which reflect the cost of organized labor. The best farm labor at that time received \$60 per month. Most hired men received \$500 per year including room and board.

They didn't work by the hour. If they had it would have been less than 20¢ per hour. Now the average farmer makes less per hour than a boy with a lawn mower. He isn't organized and cannot demand a higher price.

After going through the checkouts in our markets we think things are high enough now.

If isn't the farmer that is responsible for this. Its the ones that put all these things in the little cans or a little something in a big box with a fancy label. Also those that handle these things before we take them through the checkouts. These and millions of others that hear it stated by our leaders that we are wealthy nation and believe it. They organize so they don't have to decide how much they are worth but how much they can get for their services.

There were such things as the automobile with paved roads to drive them on, farm tractors with time-saving equipment to harvest our food, electric lights with thousands of appliances for a

better living, the airplane and most other before we heard about union labor. We need organized labor. We also need someone that is willing to work a little harder to produce something at a price someone else is interested in buying.

Because of the union we have such things as sit-down strikes, pickets, protesting, fringe benefits yearly wages and many others.

Also that is why we see many labels that say "Made in Japan, Germany, Hong Kong" and many others. When we first saw trinkets and toy soldiers at 2 for 5¢, that were made in Japan we felt sorry for them, and place the size of our finger nail on the map, half way around the world. We don't have to feel sorry for them any more. They knew they must work a little longer and a little harder and do it. The amount of things imported increases each year. I don't think it will be long before 25% of the steel we use will be imported. Its the same with meat. If you are in a hurry when you read this the amount of things that we import will not impress you. If I say of all the sewing machines on the market only one of them is a label made in U.S.A., I was told that they import many parts for them, also that in November there will be an import that is supposed to do all the things ours does, and it will sell for less, this should impress you. Go into any store and check the labels. You will

be surprised. Some stores import most of their merchandise. The sad part of it is that many prefer the imports because of the quality and price. These are the greedy and the ones that are losing the respect of the taxpayer. They think when someone says "help yourself" that everything is free. It could mean that if you want it you better earn the money to buy it with yourself. The Lord helps those that help themselves, they say. Someone is helping those that don't. When this stops, and it will, the fun will be over. There are many that work, save, and expect to pay their share of the taxes. The way wages and fringe benefits are increasing everything should be just wonderful. It would be if we didn't also have the needy and greedy in this group. I'll try to explain this in as few words as possible. I'll take the needy first because I used to be one of them. In the early twenties when I was supposed to be going to high school I took care of my parent's farm for 5 years because my dad suffered a stroke and was unable to walk after that. We had 140 acres. We raised corn, oats, wheat and hay to feed our cattle, horses, sheep, hogs and chickens. Things that I sold bring only twice as much at the market now. This is why find it necessary to do something else for a living. They cannot afford to pay for things they must have and also their taxes which reflect the cost of organized labor. The best farm labor at that time received \$60 per month. Most hired men received \$500 per year including room and board.

Quality should control the prices. When we see things listed as good, better and best we expect the best to cost more. When I attended school my teachers salary averaged less than \$700 each year for teaching all eight grades to about 20 pupils. If I had stayed on the farm with the same things being taxed, my township taxes for our schools alone would be more than \$700. The quality of our education hasn't increased like our taxes. Our school had a bible and used it daily. Our home had a bible and it was used twice each day

as long as my parents lived. The security we knew then was from the bible. Now it is Social Security. This refers to money. A new God for many.

We tell the young people to stay in school as long as possible. They are told how much more of this security they can have with a higher education. Higher education ended when they took the bible out of our schools.

You probably think this is getting pretty wild. You are right, it is. That is why I said, "please save and read later."

They took the bible out of our schools because the leader couldn't decide how to teach it. It was "do it my way or not at all." They have been arguing ever since about something. Even many that attend school are doing it. They don't know why, they just do. If you look at these you can see, if you can't see you can smell.

Daddy of them all

What remains to be said about Benjamin Franklin?

Insurance companies, magazines, sociologists, scholars, scientists, diplomats and businessmen all regard him as one of their own.

But Ben Franklin was a printer and newspaperman first, last and always.

Like so many newspaper publishers today—particularly publishers of weekly newspapers—he was apprenticed as a printer in the trade at an early age. At 24 he became sole owner of The Pennsylvania Gazette, the largest and most successful newspaper in the Colonies. Later he branched out into book and magazine publishing, started a chain of newspapers, and pioneered many publishing innovations (such as hiring newspaper correspondents) which have become common in the industry.

Ben Franklin always thought of himself as a printer and newspaperman. He never "lost touch" with the Pennsylvania Gazette. On his tombstone he directed that the words "Benjamin Franklin, printer..." be engraved. One of his many aphorisms about journalism still finds prominent place on the walls of newspaper offices: "That if all printers were determined not to print any thing 'til they were sure it would offend nobody, there would be very little printed."

Ben Franklin proved that a newspaper run on sound business principles can both make money and perform a public service. He and his newspapers were basically different from earlier Colonial publishers and their newspapers. He made American journalism respected, a respect which found formal place in the First Amendment to our Constitution.

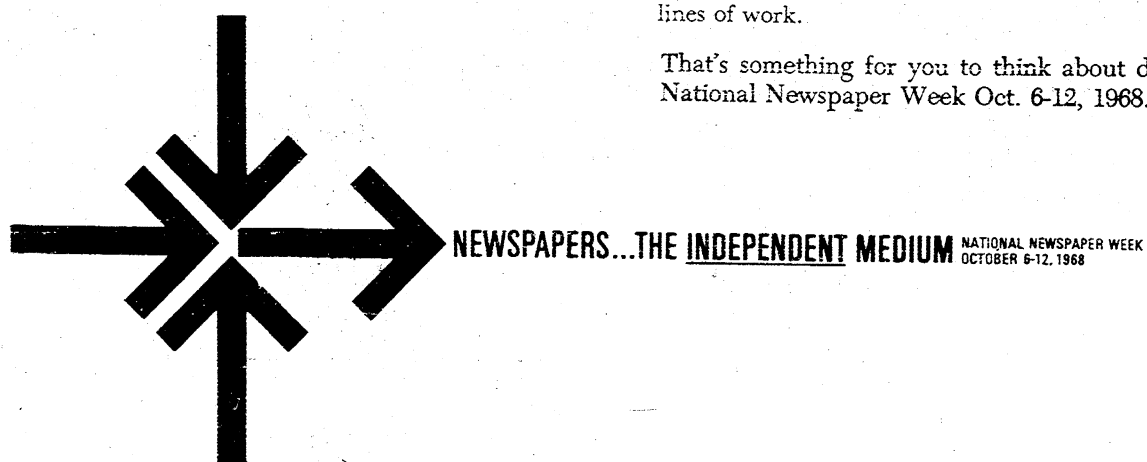

Franklin showed intelligent young men what they can do, in newspaper work. Ever since his time, newspapers have provided generations of young men with a rich and satisfying life.

These were Franklin's own words, for his epitaph: "The body of Benjamin Franklin, printer (like the cover of an old book, its contents worn out, and strips of its lettering and gilding) lies here, food for worms! But the work itself shall not be lost, for it will, as he believed, appear once more in a new and more beautiful edition corrected and amended by its author."

Newspaper work is fast-moving and demanding. Those who have the background, brains and interest to keep up with it, find it to be—as H. L. Mencken said—a "three-ring circus." And newspapers today still serve as essential stepping-stones for those who later branch out into other related lines of work.

That's something for you to think about during National Newspaper Week Oct. 6-12, 1968.

Now they are discussing sex and which grade to start teaching it. Unless there is a bible used in our homes and schools, and the children are taught respect for others, it doesn't matter which grade they start teaching sex or anything else.

The best education guarantees nothing. It is the way we use what education we have that counts.

Since I struggled through the eight grades nearly fifty years ago I have hired more than 100 different men. Some with a college education. One with less than the eighth grade I was told. Someone asked what he would be able to do. It wasn't what he could do it was what he wanted to do. He was the only man that I ever hired that stayed and helped me go over the days receipts to make sure everything we did was put down. He not only knew what he did that day but the rest of us as well. And I didn't have to ask him to do it. I guess we had something in common. We knew we had to work a little longer, a little harder and we did it.

With this kind of help being in business was a pleasure. Maybe some would like to know what happened to him. I was sorry when he decided to go into business for himself. He is married, has two children, built a new brick home and I'll bet his paid for. Also he is a credit to the community.

My teacher received less than \$700 per year. Now they are getting more than ten times as much, and some are complaining because they think they are underpaid.

I don't think my son will have to wait as long as I did

before he can say "When I attended school my teachers received about \$7,000 each year. Now they are getting ten times as much and still complaining." Not because of the money but because they are unable to find food to buy.

Where will it all end? Its a good thing we don't know. In the horse and buggy days there were some with long hair, the needy and greedy, and some that wanted more for doing less.

We might be surprised how easy it would be to change the "wanting more for doing less" to "wanting a little less for doing a little more." We better start doing it now.

By Earl Koeber

COMMERCIAL PLATES ON SALE AS OF OCTOBER 1

License plates for commercial vehicles and all trailers went on sale October 1 at all branch offices of the Secretary of State.

Plates for passenger cars do not go on sale until November 15, two weeks later than in past years.

Revenue from commercial licensing is expected to go up around \$4-million for the 1969 licensing year.

Unlike passenger plates, commercial license plates will not have the slogan "Great Lake State" imprinted on them. The space normally reserved for the slogan, has been set for affixing gross vehicle stickers on commercial tabs.

Other religions proclaim the "leaving" of this existence. Our religion proclaims salvation is not a transcendence over the present but the bearing of tensions, and the being involved in overcoming the world.

Some people are so heavenly minded- they are no earthly good. The Church is called to dirty its hands in the affairs of this world.

JAYCEES MAKE PLANS FOR BIG FALL BARBEQUE

Sunday October 13th is the date set for the Chelsea Jaycees 14th Annual Chicken Barbeque to be held at the Fair Grounds, in conjunction with the Chelsea Chamber of Commerce Fall Color Tour.

Preparations are being made to serve 4,000 half-chicken dinners. There will be three large 60 foot long pits and an added firing pit to provide faster service. There will be three serving lines this year. One line for advanced tickets, purchased before the Barbeque, another for drive-in service from your car and the third line for customers who purchase their tickets the day of the Barbeque.

Advanced tickets may be purchased by writing or calling the following: Tom Dunlop-615 Flanders St. Chelsea, Mich. (48118) Phone-475-8263; Ron Branham-258 Harrison St. Chelsea, Mich. (48118) Phone 475-8335.

As in the past, all proceeds will go for future community projects.

There will be two Color Tours this year. Color Tour One - approximately 30 miles long, winds through the Pinckney Recreation Area with its 9500 acres of scenic woodlands.

Color Tour Two - is for those who do not wish to drive such a distance. Both Color Tour Routes will be clearly marked and maps of these Tours will be available at the Fair Grounds.

Some people are so heavenly minded- they are no earthly good. The Church is called to dirty its hands in the affairs of this world.

Other religions proclaim the "leaving" of this existence. Our religion proclaims salvation is not a transcendence over the present but the bearing of tensions, and the being involved in overcoming the world.

LAW AIDS OUT-GOERS, AS WELL AS NEWCOMERS

Qualified voters moving in or out of Michigan who otherwise fail to meet residency requirements may still cast their votes for president.

These persons must apply for special ballots the same as they would for regular absentee ballots. Deadline for application is November 2, at 2:00 p.m.

Secretary of State James M. Hare reminded persons in these categories of the elections law which was passed in 1965 which provides this two-way liberalization of normal residency restrictions.

Hare explains that qualified Michigan voters who move to other states but who cannot qualify for residency because of

lack of time may now apply for the absentee voter ballots in Michigan and cast votes for president.

On the other hand, new Michigan residents of less than six months who are qualified to vote in another state may also cast their votes for president under Michigan law.

Hare listed another absentee voter law which provides ballots under emergency situations such as sudden illness or death in the family to qualified voters even though the deadline for applying for absent voter ballots may be past.

Because young people have no status as producers they seek their status and recognition thru fancy clothes, fast cars, hair styles, etc.

Sharon United Methodist Church. Rev. Charles Fox performed the ceremony.
Mrs. Whitaker is the daughter of Mr. & Mrs. Leonard G. Days. Mr. Whitaker is the son of Mr. & Mrs. Willie Whitaker.
The bride chose a floor-length, A-line empire gown of white bonded crepe; made by her mother. The gown and chapel train, decorated with two bows at the shoulders, was trimmed with chantilly lace and sequins with long sleeves with sequins throughout. The elbow length veil was secured with forward silk organza petal points. She carried white roses with a few red roses throughout.
Miss Val Widmayer, of Manchester, was the maid of honor. She wore a floor-length, a-line, sapphire blue, Rayon-Chiffon gown, trimmed with Acetate Satin bows securing the floor length train. The gown had a scooped neckline and low cut back. A bow of the same material secured her nylon illusion veil. She carried white carnations and Red Sweetheart Roses in a colonial style.
Bridesmaids were Mrs. Johnnie Cox of Jackson, sister of the bridegroom, Miss Gayle Arnold of Manchester, cousin of the bride and Miss Marsha Underwood of Manchester. Their gowns were identical to the maid of honor. They carried white carnations with a few red roses in a colonial style.
Clifford Whitaker of Chelsea, brother of the bridegroom, was best man. The guests were seated by Roger Eberly of Jackson, cousin of the bridegroom, Donald Eberly of Jackson, cousin of the bridegroom, and Scott Arnold of Manchester, cousin of the bride.
Ringbearer was Len Days, brother of the bride.
The organist was Mrs. Robert Pratt and soloist Mr. Roger Morrison.
A reception was held at the K of C Hall. Serving were Mrs. Dale Crank of Dunlap, Illinois, Mrs. Clifford Whitaker of Chelsea, Mrs. Floyd Johnson of Clinton, Mrs. Art Eldin of Manchester and Miss Diana Seimaway of Manchester.
Miss Judy Higgs was in charge of the guest book.
The couple plan a one week trip through the East.

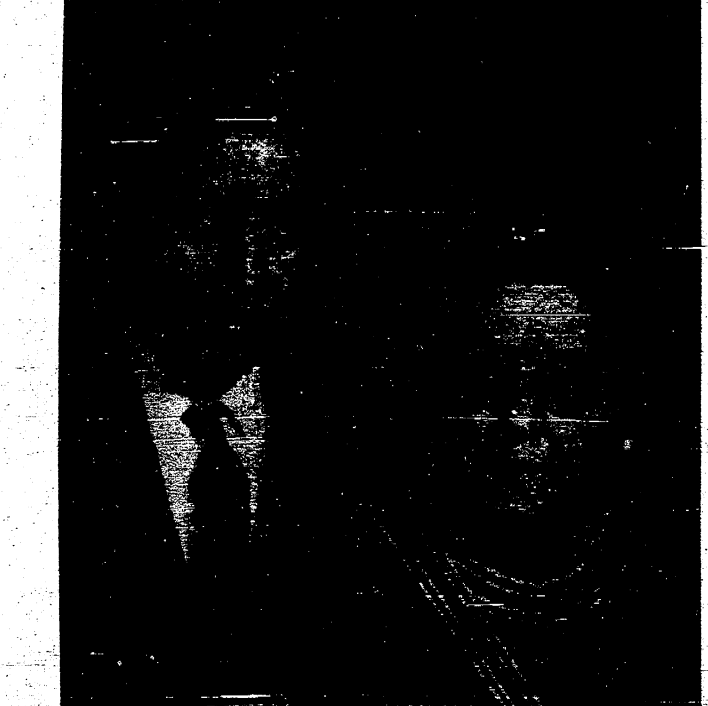

AUXILIARY FOR COUNTY MEDICAL FACILITY MEETING

"Medical Aid Goes Modern" will be the panel program topic at the Fall meeting of the Women's Auxiliary to the County Medical Facility to be held at the medical care facility on October 16, at 1:30 P.M. The program will be presented by the Medical Care Study Group of the League of Women Voters whose chairman is Mrs. Stephen Atwood. Other panelists will be Mrs. James Crump and Mrs. Steven Rice.
Musical entertainment is under the supervision of Mrs. Donald Lowe, professor of Music at Eastern Michigan University. Mrs. C. W. Carpenter is Auxiliary Program Chairman. Tea hostesses for the meeting are Mrs. William Monamus and her committee.

Since this is the regular fall meeting, a brief business meeting will precede the program, according to the president, Mrs. William H. Years.
In the work of the Auxiliary are most welcome to come and see if they would like to be members of the Auxiliary.

SHAKESPEARE CLUB NOTES

The Shakespeare Club opened its new year, Tuesday, Oct. 1st with a luncheon at Carver's in Brooklyn and then traveled on to Hidden Lake Gardens where a trip through the beautiful grounds and Conservatory was very much enjoyed.
The next meeting will be Tuesday, Oct. 15th at 2:00PM at the home of Mrs. Leslie Chavez. The Topics will be Denmark by Mrs. Roscoe Lamom and Kaj Mank by Mrs. Ralph Kuether.

Mr. and Mrs. Clinton Smyth observed their 50th Wedding Anniversary October 6 with an open house from 2 to 6 at the Sunset Inn at Owosso. They have been life-long residents of Sharon, Chelsea and Grass Lake until moving to Owosso five years ago. They have four children, Mrs. Joseph (Betty) Merkel, and Mrs. S. A. (Maxine) Moser of Owosso, Gerald and Roger Smyth of Chelsea, twelve grandchildren and three great-grandchildren.

IRON CREEK STUDY GROUP NOTES

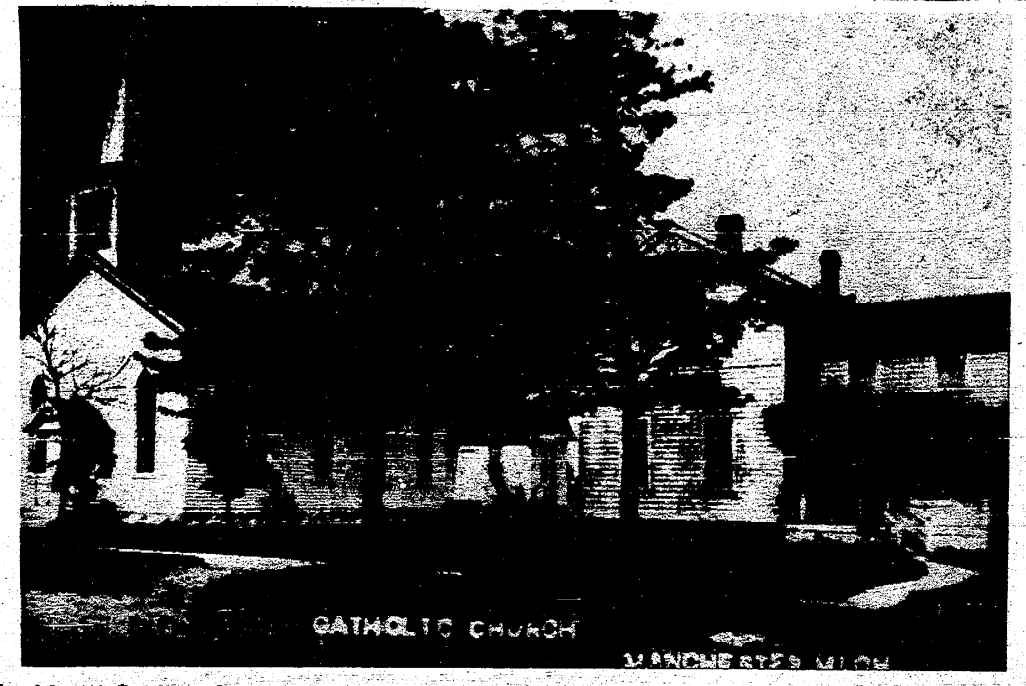

The Iron Creek Study Group met with Mrs. William Palmer with seven members present.
Next meeting will be with Mrs. William Brady, Nov. 7th at 1:00. Members are to bring stuffed animals, dolls, perfume, and jewelry for girls vocational school in Adrian.

'HOW GREAT IS YOUR FAITH?'

Rev. Charles R. Fox
In the Gospel of Matthew 17th Chapter, we have an account of a certain man kneeling before Jesus in behalf of his son who was vexed. Often times he would fall into the fire, and oft into the water as a result of demon possession.
This father had learned of those who professed discipleship in whom he had faith to believe, these being different could heal his son from the affliction which had seized him. After all to be demon possessed is to be sick spiritually as well as physically.
The father encountered a great disappointment in that the disciples in whom he had great faith could not cure the son or meet a frustrated need in his own life.
Jesus having heard this father's plea for help said, "O faithless and perverse generation, how long shall I be with you? how long shall I suffer you? bring him hither to me?" It was then Jesus "rebuked the devil; and departed out of him (the son); and the child was cured from that very hour."
Whatever the disciples had been able to do in other cases, they could do nothing whatever in this.
"Then came the disciples to Jesus apart and said, Why could not we cast him out?" Here, Jesus gave to them an answer in few words: "Because of your unbelief." Jesus went on to say "If ye have faith as a grain of mustard seed, ye shall say unto this mountain, remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you."
Dear Reader: had you ever thought, the time would come when you would be called upon by a friend, neighbor or loved one to relieve them of a spiritual problem, pray for them, that healing would come and peace might be theirs? Would

you in that moment feel helpless, frustrated, nervous, and speechless? Would the experience for that person be that experience which the father had in the above account, disappointment?
No greater rebuke could come to those disciples than that which came from Jesus when He said, "because of your unbelief."
How easy it is for us today to lose faith, and to doubt. It is dangerous to doubt, for it leads to unbelief. Jesus said to those disciples, because of your unbelief "this was hindrance to your victory? It was here the disciples were called upon to "Walk by faith and not by sight."
It is easy to believe Jesus and see the unusual while on the Mount of Transfiguration; but to come down into the valley where life in its differences, and where reality stares us, our faith often is called upon to display its words and fruits. Here, we capture life or lose, one way or the other.
Hebrews the 11th chapter verse 1 reads "Now faith is the substance of things hoped for the evidence of things not seen." But the 6th verse in the same chapter reads "But without faith, it is impossible to please him; for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him."
For what is this faith - this true faith of which God speaks? It is a principle of activity, like that "Grain of Mustard Seed." If there be any mustard seed spiritually speaking, that seed will grow in you, and this seed of faith will enable you to remove the greatest obstacles that confront you. Nothing in short, can be beyond the power of such true faith to accomplish and make you the victor.

We are only in the process of beginning to become.

St. Mary's Catholic Church, 1911, then a little wooden church on S. Macomb. The present Baptist church was then the church rectory.

Around 1915 the old Main Street bridge was the site for many Wednesday night movies. Sponsored by the village merchants, a movie screen was placed at the east end of the bridge. In 1929, the new bridge was dedicated and as L. V. Kirk recalls, "All the state of Michigan was dry except Manchester that day. There was a barrel of beer in the middle of the bridge and . . ."

The Green Hotel pictured above on Clinton and Main was originally a bath house along the river near the home of John Neuderfer. The once-grand hotel is now an apartment house on Territorial. Two other hotels used to house the many salesmen and travelers through Manchester were the Manchester Hotel and the Cory Inn.

WHO ARE YOUNG LADIES IN PICTURE AT RIGHT?
Louie Kuebler, Herm Kuebler's father, and two unknown young ladies in his plumbing shop in July (as the calendar in the picture tells us) 1902 now L. V. Kirk Appliance. If anyone knows the identity of the young ladies, Herm is interested.

Teenagers feel they are not part of the "establishment" because they feel they are ignored, disregarded, and suppressed.

Manchester United Fund Campaign solicitors for Double A Products Company are pictured above.

UF AND RED CROSS

contd. from page 1
the Red Cross solicitor for the Brooklyn School District portion of Manchester Township. Arrangements for the Red Cross solicitation for the Clinton School District area have been made with the Clinton United Fund Drive.

OFF THE CUFF

The Punt, Pass and Kick contest will be held this Saturday, October 12, 1968 at 9:00 a.m. at the Athletic Field, according to John Korican, chairman of this Jaycee run event. The contests is sponsored by Tom Marshall Ford.

A public card party will be held Oct. 17 at 1:30 p.m. at the Emanuel Church Hall. The party is sponsored by the Manchester Unit 48 Mom's Club. Proceeds for area men in service and V.A. Hospital, Battle Creek.

RED CROSS SEEKS YOUTH

Young people for fall volunteer service in hospitals and office work at the Red Cross Chapter are now being recruited by the Washtenaw County Chapter, Mrs. Richard A. Ware, Chairman of Volunteers, announced today. Cooperating hospitals are St. Joseph Mercy, Veteran's Administration and Washtenaw County Medical Care Facility.

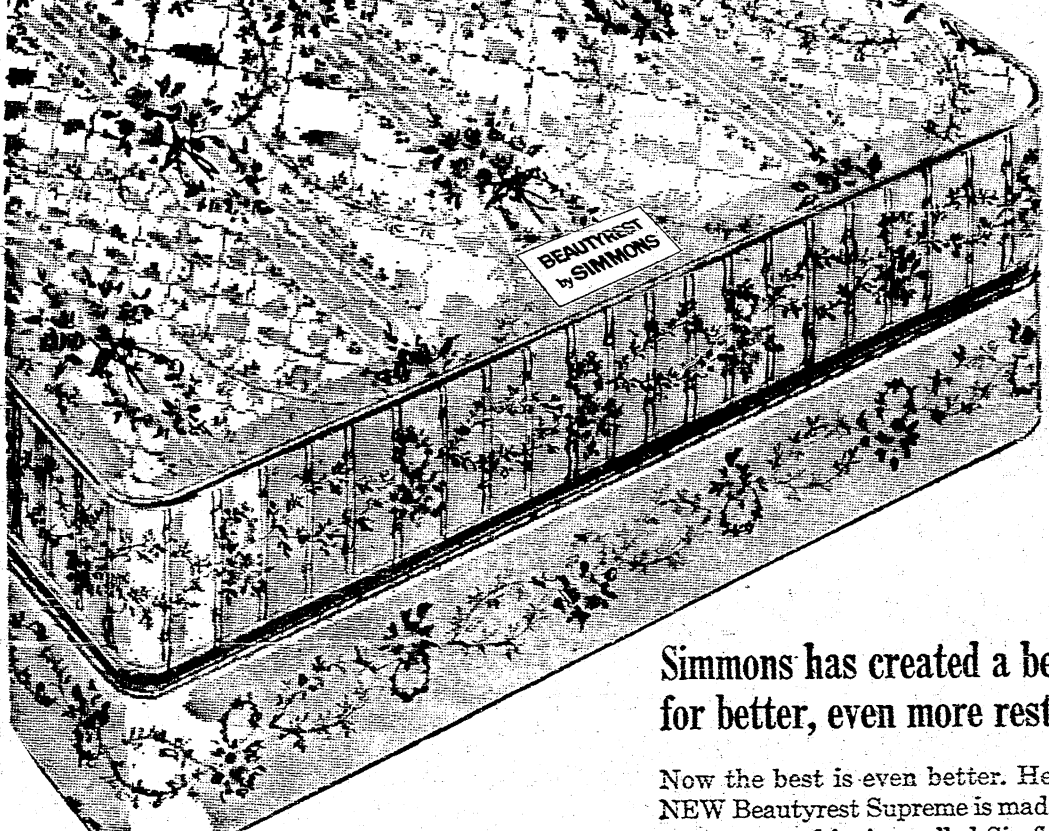

To serve effectively, Mrs. Ware said, each Volunteer receives intensive classroom and on the job training by means of a 20 hour program developed especially for successful completion a "capping" ceremony is held. The first meeting will be held Monday, October 14th, 1968, of which they may attend either a 2PM until 4PM, or a 7PM until 9PM Training Session, at the Red Cross Operations Center, 2729 Packard Road, in Ann Arbor. Any Student who will be age 14 by November 1st is eligible. Applications for this service may be obtained at the Red Cross Operations Center from Donald Peak, Director of Youth Activities for the Red Cross or at the Training Session on the 14th.

The Volunteers successfully handle such responsibilities as: Assisting a new patient to the correct ward or room, assisting in occupational therapy and recreation, assisting patients in dining room, carrying trays for disabled patients, distributing mail, handling in-hospital errands and messenger service as well as various other necessary tasks. Service is rendered only to the general medical and surgical patients excluding the isolated, the acute psychotic, and the actually ill patients. Because of the important tasks Volunteers are called upon to accept and for their protection, each Youth Volunteer must have a current physician's certificate (a chest x-ray is provided by the hospital).
Further information may be obtained by calling the Red Cross Operations Center, 971-5300.

FARM NEWS

THE FOSTER GRANDPARENT PROGRAM

Many people, men and women, aged 60 and over, need additional income from employment to maintain a minimum standard living.

provides new roles and functions for older Americans, creates new employment opportunities, stimulates new thoughts and ideas for institutional administration and gives children more meaningful lives.

A MATTER OF MOISTURE

Water - or its lack, is at the heart of hundreds of farming problems. With even modest water, the deserts would bloom.

Water plays a vital part in every farming operation everywhere -- including Michigan where it was much too wet this spring in many places.

Although modest amounts of water do not hurt the bean itself, it drastically lowers the sale value, in that price is largely based on whiteness (to the point where one unscrupulous broker bought the cheaper discolored beans and made them white by adding finely powdered oyster-shell lime to the bags.

Michigan agriculture is especially vulnerable to moisture, in that we are surrounded by the Great Lakes and thousands of acres of fertile flatland which leads down to them.

It was even tough on home gardeners who discovered that gathering vegetables or picking berries in the forenoon hours was a soaking task.

Scholarships, savings bonds, sewing machines, luggage, electric scissors, cosmetics, wool wardrobes in yardage,

Having been shorted at least an extra hour of sleep for months, many farmers feel exhausted as the summer season closes.

"MAKE IT YOURSELF WITH WOOL" COMPETITION

Enter the Make It Yourself With Wool competition and widen your world this year. Trap the ever-changing charms of Europe on your own memory tape and play them back for years to come.

Capital cities, classic sights and captivating extras will be packed in a prize itinerary for you! This trip is a first-timer's treat. See fountains in moonlight, London pageantry, castles in Germany and the Eternal City of Rome.

Your European vacation will be designed as a gilt-edged introduction to Continental delights. Sew now! Plan your get-away today!

Mrs. Harold Hannewald, 14886 M-52, Route 2, Stockbridge, Michigan 49285 will serve as district director of District Two for the Make It Yourself With Wool competition in Michigan.

The Junior and Senior winner of each district competition in Michigan will model their garments at the State Competition on Saturday, December 7, 1968 at the Union Building, Michigan State University, East Lansing, Michigan.

The State winner will travel to San Francisco, California for the National finals which will be held January 16, 1969.

Scholarships, savings bonds, sewing machines, luggage, electric scissors, cosmetics, wool wardrobes in yardage,

wardrobes of gloves, accessory items, hose, jewelry, magazine subscriptions, sewing aids and sewing books are offered on the district, state, and national levels.

Mrs. Harold Hannewald, is the contact for any girl between the ages of ten and twenty-one who is interested in entering the contest.

UREA FEEDING DOESN'T AFFECT REPRODUCTION

Research indicates that feeding urea to dairy cattle has no effect on the animal's reproduction, contends a Michigan State University dairy scientist.

"While none of the studies over the past 25 years could be termed 'completely conclusive,' they are unanimous in reporting 'no harmful effects' on reproduction from feeding recommended amounts of urea," states Lois J. Boyd.

Currently, MSU specialists recommend mixing 10 pounds of urea to each ton of silage at filling time as an inexpensive source of protein for dairy cattle feeds.

The feeding of "excessive amounts" of urea can have some sudden and rather pronounced effects on the dairy cow, comments Boyd.

"These harmful effects will not occur when urea is fed at recommended levels," says Boyd. "So, if the use of urea is an economical feeding practice for the dairyman, I see no reason why he should shy away from it."

Some people only live in the past - some in the dream world of the future. It is imperative that we live in the present!

The laity are the ones who must ultimately proclaim our faith to others.

WE HOPE IT'S CLEAR THIS TIME

The Double Daylight Saving Time referendum needs clarification in our estimation. It got us so confused, we wrote to Howard Heath to be broadcast this question!

by the first part of the referendum which states, the present law in regard to the time question which reads thus: Public Act 6 Provides that Michigan shall be exempted from observing Daylight Saving Time.

You cannot escape the world in which you live.

AVAILABILITY OF AERIAL PHOTOGRAPHS

Frank Light, Chairman of the Michigan Agricultural Stabilization and Conservation State Committee, has announced that aerial photographs are available for the entire State of Michigan.

Enlargements of aerial photographs are available to 12 inches to the mile and range in price from \$1.50 - \$8.00. Lower peninsula

photographs cover approximately 9 square miles and upper peninsula and National Forest photography cover approximately 4 square miles.

Sportsmen and the general public are urged to order their photographs early. Upper peninsula and National Forest photography takes 8 weeks for delivery and lower peninsula photos take 3-4 weeks for delivery.

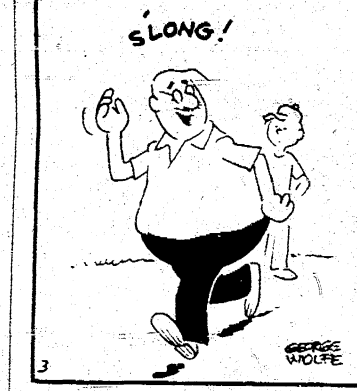

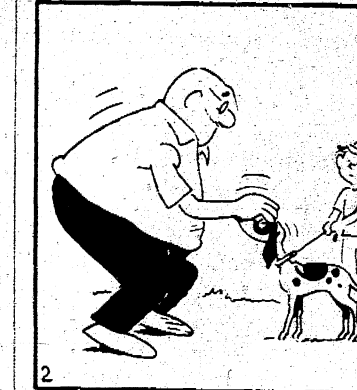

When submitting requests, it is advisable if persons indicate

the county, town, range and section numbers desired. All inquiries and order should be sent to Aerial Photographs, Michigan ASCS State Office, 1405 South Harrison Road, East Lansing, Michigan 48823.

TO MEET

Rogers Corners Farm Bureau Meeting, Friday, October 11, 8:00 PM at Mr. & Mrs Wilbert Koengert, Fletcher Road, Chelsea.

POPS

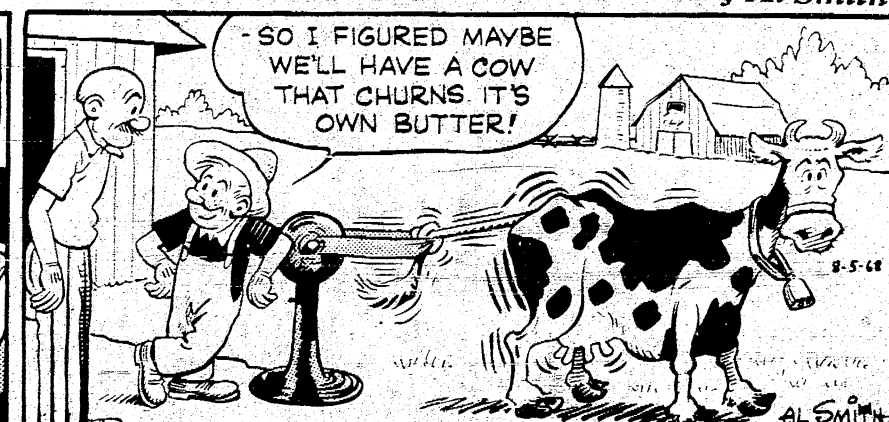

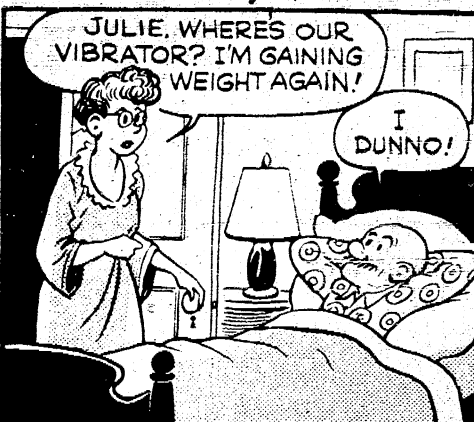

LOOKING AROUND

Russia has placed an order in London for bows and arrows worth \$1,400. They will be used to fire hypodermic-needle darts that will paralyze wild animals and enable doctors to take them alive for experimentation.

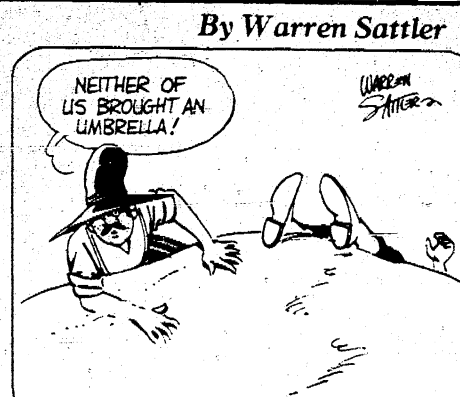

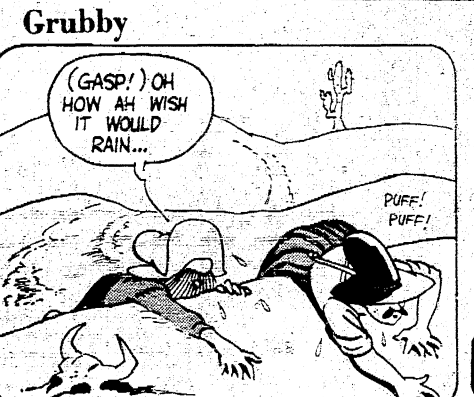

Florida, always believed to have the highest percentage of elderly people, is in second place. Iowa has 0.2 percent more.

Theodore Gasda, mailman in Taunton, Mass., quickly maneuvered his mail truck so that he hooked bumpers with a car starting to roll down a steep grade, and stopped it. Inside the car he found little Michael Potoczak, 5 who apparently had released the brake. At his mother's suggestion, when Mike says his prayers, he thanks God (and the mailman) for keeping him safe.

MOM'S CLUB

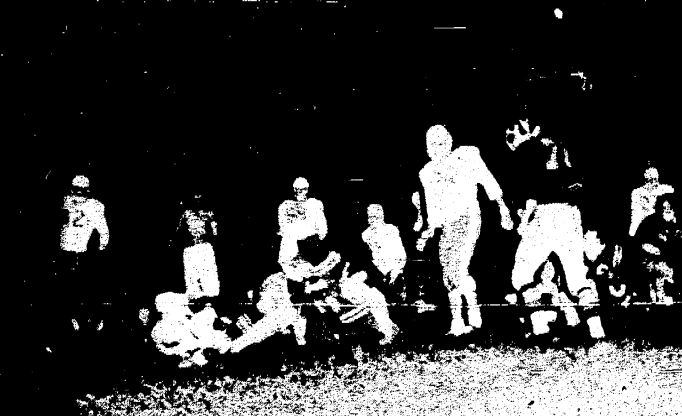

Hugh Haeussler shows this Adrian player how they do it down on the farm.

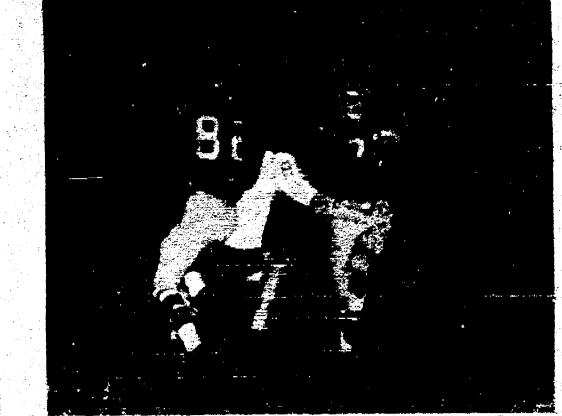

Here we have Mark Lentz the work horse of the JV's grinding out additional yards on this run, Mark also scored a touchdown a few plays later.

Tuff Roberts going around right end for 15 yards and the winning touchdown for the Dutchmen in last Friday nights game with Adrian C. C.

Steve Jacobs power driving 5 yards for the Dutch's first touchdown.

Richard Sutton has just caught one of Rick Lowery's passes for a 35 yard gain.

Full Back John Weidmayer shows Adrian C. C. his back on a 50 yard touchdown run.

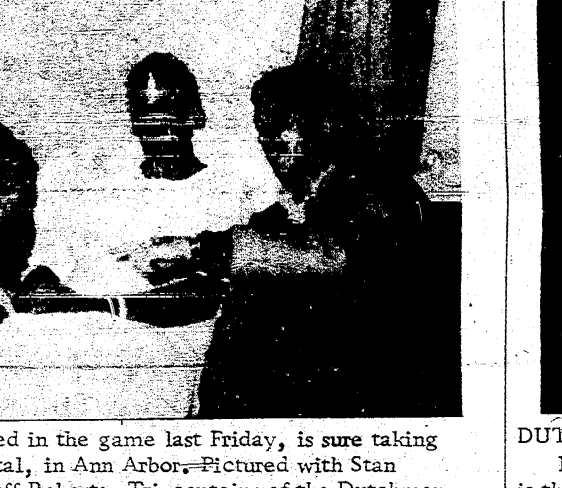

J.V.'S WIN NO. 3
4-6

The JV's showed Adrian C. C. some good football playing last Thursday at Adrian. Adrian C. C. has no match for our J.V.'s. The boys out played them right from the start.

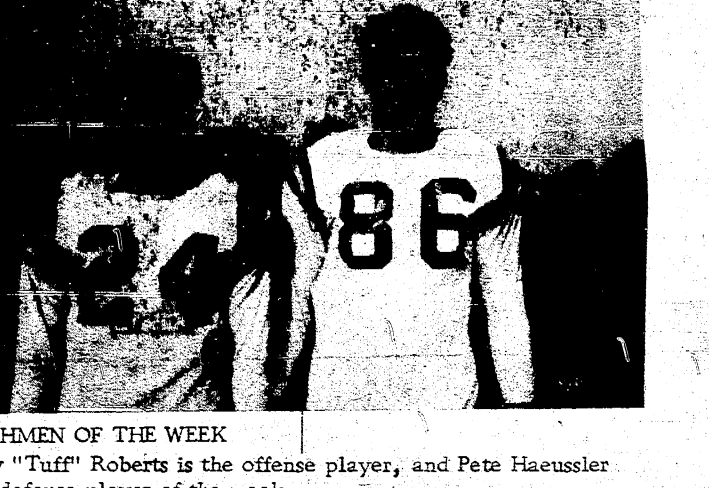

Dave Tapping was the defense player of the game. Dave was also last week defense player, nice work Dave.

John Weidmayer was the offense player of the game. This was John's first and last game for the J.V.'s, he is now on the Varsity squad, nice going John.

The boys play at Morenci Thursday, starting time 5:00 P.M. See you all Thursday. "Lefty"

Stan Parr who was injured in the game last Friday, is sure taking it easy at St. Joe Hospital, in Ann Arbor. Pictured with Stan are Rick Lowery and Tuff Roberts, Tri-captains of the Dutchmen.

DUTCHMEN OF THE WEEK
Irv "Tuff" Roberts is the offense player, and Pete Haeussler is the defense player of the week.

DUTCHMEN WIN NO. 4
20-7
ARE NOW IN FIRST PLACE

The Dutchmen relaxed a little in their game with Adrian C. C. Friday night, and had to hustle a little to pull this one out for a victory. Rick Lowery pulled off another one of those Quarterback sneaks and went 55 yards for a touchdown. Rick is so fast I didn't have time to set the camera and get a picture of him on his run. Ha, Ha.

The Dutchmen have lost the services of Mike Krzyzaniak and Stan Parr for the season, and John Culp for two weeks. Head coach John Korican has taken Tindall and Weidmayer from the J.V.'s and put them on the varsity squad, for some extra help. Due to the injuries to Parr, Krzyzaniak, and Culp.

Don't forget Friday's game with Morenci is Homecoming so don't miss it.

Sox it to em Dutch "Lefty"

HELP, HELP!

We are looking for someone local to develop our pictures. Lefty has found out how to operate the camera, but we have to take the film to Adrian to get the pictures developed in time for the paper. If you can help us, call Lefty Ross or the Enterprise.

We apologize for omitting the Bowling News. Lefty surprised us with a lot of good pictures and we didn't save enough space. They will be in next week.

INAUGURAL RACE SET FOR SUNDAY AT NEW INTERNATIONAL SPEEDWAY

Gordon Johncock has entered the inaugural race at Michigan International Speedway with

flying colors. He has set an initial lap record on the 2-mile oval of 182.92 M. P. H. Johncock, Michigan's claim to fame on the Championship circuit, set the time last week during tire testing for Goodyear

Tire and Rubber Company. The record run was made in the final days of testing when Gordon was attempting to better his mark of 175.86 M. P. H. set earlier in the week. The speed established is

over 10 M. P. H. faster than Joe Leonard's record breaking pole position qualifying time of 171.559 M. P. H. set at Indy this year.

Johncock will be driving his record making Gilmore Broadcasting Gerhardt Special, powered by a Turbo-Offy, on October 13 at the new Michigan racing plant.

"I expect that the qualifying speeds on October 12th will be higher than my first attempt", said Johncock. "It wouldn't surprise me if our times were closer to the 190 M. P. H. mark."

"The new Speedway is fast, smooth and safe, and has the best visibility - for driver and spectator - of any track I've ever been on in the country," he said. "I'll sure be going for that win on the 12th!"

Johncock, 32, a native of Hastings, Michigan, has had two major wins this year on the Championship circuit - Hanford, California and Langhorne, Pennsylvania. He also broke track records at Continental Divide Raceway in Colorado, and at Langhorne.

Already entered in the 250 mile premiere, to be run on the 2-mile 18 degree oval, are top Indy stars A. J. Foyt, Al Unser, Bobby Unser, Billy Vukovich and Gary Bettenhausen. They will be competing for a share of the record \$75,000 purse - plus accessory monies.

Good grandstand seats are still available in the \$12.00, \$20.00 and \$25.00 sections. All \$8.00, \$10.00 and \$15.00 seats are sold out. General admission tickets at \$5.00 are available and can be purchased in advance.

Information and tickets may also be obtained from the Speedway office at 2990 W. Grand Blvd., Detroit, Mich. 48202. (313)872-2200.

Tickets for practice and qualifying on Saturday, October 12 will be available at the gates only. Admission is \$2.00 per person - activity starts at 9:00 a. m.

We care where our product is served.

Beer served in pleasant and wholesome surroundings is the aim of the United States Brewers Association. And we are always striving to do something about it.

The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served.

This USBA effort means even more enjoyable places for America's great beverage of moderation.

Village Tap Has New Look

The Village Tap, formerly the Corner Bar, was recently purchased and remodeled by Mae and Claren "Doc" Knauss. "We made a clean sweep from front to back," Doc, said in referring to the remodeling.

The Village Tap now has a new 26' bar, complete kitchen for serving light lunches including french fries, hamburgers, hot beef sandwiches and coffee. It's decorated in olive green with barn siding wainscoting from Bill Waddell's barn. There are hand-split shingles along the over-hang at the bar and mocha cherry paneling along the wall behind the bar. A battery-operated clock above the bar was antiqued by Mrs. Knauss.

Mrs. Edna Knauss, Doc's mother, made a special wall plaque from a piece of barn siding and on it is an old-time wooden spigot once belonging to Doc's great-grandfather.

There are two employees besides Doc and Mae Knauss at the Village Tap which was designed by Doc. Aldrich Const. of Adrian did the actual remodeling work. L. V. Kirk the wiring and Al Gaige the plumbing. Doc has had previous experience in owning a tavern as he once owned the Sportsman Club in Adrian.

Doc and Mae Knauss extend their welcome and sincere appreciation for the flowers and well wishes from everyone.

ADC Growth

The most baffling phenomenon is the rapid growth in the number of ADC cases - from 38,500 cases to 48,000 cases in the past ten months. An increase of 9,500 cases.

Each ADC case represents an average of 4.1 persons and costs an average of \$185.58 per case each month - 196,800 women and children tied to a system of public handouts.

During these days of high employment, you may properly ask, "Why?"

The finger of suspicion, strange as it may seem, strongly points to the federal government's Office of Economic Opportunity (OEO), one of the many "Great Society" programs.

We know in many instances the great federal army of OEO employees have referred people to Michigan's Social Services offices to be placed on the ADC program -- "people who were somehow getting along without aid, but who are eligible for aid under standards imposed on the state by Washington. Thus, the unusual situation of the federal government actually recruiting welfare cases is causing an expense for Michigan that taxpayers can ill afford.

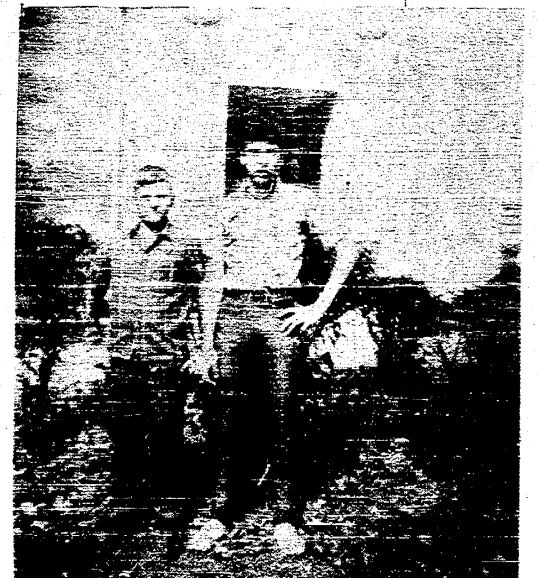

It is also a fact that, in some instances, Michigan Social Service employees drop people from ADC rolls who, in their judgment, are no longer eligible for aid. Those separated from welfare are coming to state Social Services offices with an OEO-paid lawyer to aid them once again in obtaining relief at public expense. As your Representative in the Michigan Legislature, as one who strives for economy in government, and as a taxpayer who today mails an income tax return, I am more than a little discouraged.

HOW ABOUT YOU!

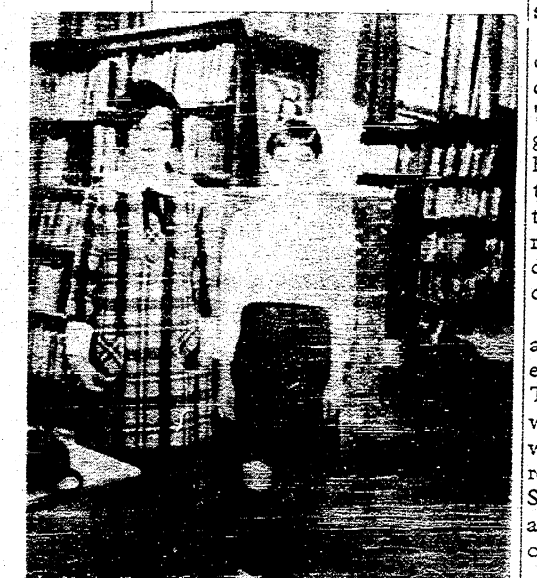

Thomas G. Sharpe

ELIZA MARTIN CELEBRATES 90TH BIRTHDAY

Mrs. Eliza Martin celebrated her 90th birthday on October 9 at the home of her sister Miss Lucy Cash where she now makes her home. Although a bit camera-shy, Mrs. Martin received many cards and best wishes on her birthday. She is a member of St. Mary's and enjoys frequent visits from Rev. Father Raymond Schlinkert.

The Manchester Jr. High Field & Stream Club Officers from left to right are Secretary-Treasurer Joe Kross and President Don Steele. Jack Raffalli is faculty advisor for the Twenty-member club.

Manchester Jr. High Library Club Officers from left to right are President Monica Curtis and Paula Johnson, Recorder. The library club has thirty members and Mrs. Celestia Ingraham is their advisor.

Public Works Department shown above grading ditches to allow water to run off streets.

THE NIGHT PEOPLE

Meet Michigan's new "night people" -- sleepy eyed boys and girls who stumble through the dark and chill of pre-dawn to meet buses which arrive as early as 5:50 a. m. to whisk them to school. If they are confused and irritated, it is with good reason, for most youngsters know dark-time as bed-time, and few willingly accept anything else.

"In winter I get up at night-- and dress by yellow candlelight. In summer, quite the other way, I have to go to bed by day..." laments the youngster in Robert Louis Stevenson's famed poem. So it has always been, and so it is in Michigan under daylight saving time. This past summer, mothers of younger children seldom found an evening for themselves -- for the struggle to get the children to bed while the birds are still hopping on the tree... outside is so great that it spoiled the few minutes of peace and quiet that most parents want and need.

Later, after summer "vacation" (for whom?) -- when sleep is so essential during the beginning school year, mothers were again faced with the task of trying to get the little ones to bed so they have the required rest before that 5:50 bus arrives.

Think then of the Michigan mother who drives a school bus, but must also exercise inordinate care in making her appointed rounds to the clusters of children huddled together in total darkness at street ends and road crossings.

Teen-age baby sitters have similar low opinions of daylight saving time. Their youthful charges continue to race up and down streets or find endless "chores" to do, to keep from going to bed while the sun remains high and every instinct works to take advantage of it. In the case of teenagers -- the impulse is to roam far and wide, sometimes with disastrous results as rising juvenile crime rates indicate.

All of which add up to arguments against permanent extension of Daylight Saving Time in Michigan. That issue will be on the November 5th ballot, where a healthy "No" vote will return Michigan to Eastern Standard Time -- all year around, and allow adults instead of little children to be our "night people".

How dangerous it is to look at ourselves: 1 to see how wrong we are; 2 to see our talents and know we are not using them!

COUNTY SUPERINTENDENTS SUPPORT AREA VOCATIONAL EDUCATION PLAN

At their regular monthly meeting, held in Ann Arbor on Friday, October 4, members of the Washtenaw County School Superintendents' Association voted unanimously to support the establishment of an Area Vocational Education Program for Washtenaw County high school students.

Plans for the vocational program call for courses to prepare high school students for more than 20 different occupations. Some of these courses would be offered in a vocational education skills center, to be located on the Washtenaw Community College permanent campus while others would be offered in existing high school facilities.

A member of local legislators and candidates for legislative posts were on hand at the Superintendents' meeting to discuss legislation involving educational needs and financing. Present were State Representatives Roy Smith of Ypsilanti and Ray Smit of Ann Arbor and Representative candidates Joseph Kolbe and James Cregor. Weston E. Vivian, candidate for U. S. Representative was also on hand to discuss needed Federal Legislation relative to educational finance.

Each of the representatives and candidates present expressed support for additional educational programs to prepare high school students for employment.

Said Representative Roy Smith: "I have always supported worthwhile educational programs, and you can count on me to give my support to this one."

Candidate for U. S. Congress, Weston Vivian, indicated the need for greatly increased Federal Aid for Vocational Education and Manpower Development Program.

On December 18, 1968, Washtenaw County voters will be asked to approve the establishment of a county-wide vocational education program and a one mill tax levy to finance its operation and the construction of any needed additional facilities. Two thousand Washtenaw County high school students are expected to be involved in the vocational education program by the mid-'70's.

STATE AID PAYMENTS

State Representative Thomas G. Sharpe, (Republican, Howell) announced that state aid payments will be made to Manchester school district on October 1 in the amount of \$51,110.
