

BASKETBALL SEASON HERE

The Dutchmen's first game will be here Tuesday, November 26th against Saline. The boys have been hustling in their training camp and all I can say is that all of the fans are in for a real good season.

Go Get Em Dutch "Lefty"

Here is coach Gulliver watching his boys going into their holds and he hopes some of them will be winning holds.

Ted Gulliver wrestling Coach going through some of the holds he wants his boys to know.

JV Coach Brian Schick showing the boys how it is done.

WRESTLING NEWS

Twenty two boys are out for wrestling and all 22 will be in action Nov. 22 at Chelsea and then back here at Manchester Nov. 29th at 3:30. There is no charge for these exhibitions.

SUPPORT THE "DUTCH"

COON HUNT

On Friday, Nov. 8, 1968 the scouts met at the Russ Wolff residence at 7:30 p.m., where we met the Heckaman brothers from Norville with their coon dogs. We proceeded then to our hunt. No sooner than the dogs were turned loose than we were immediately on a track and the excitement began. Within 25 minutes we had the first raccoon treed and spotted. We then proceeded through swamps, over fences and hot on the trail of an old swamp coon. The second raccoon was spotted in a tree. Jim Baker was given the opportunity to shoot the second raccoon; the shot missed the target. Then the gun was given to Scott Gormley, the Senior Patrol Leader. As he was handed the gun, the raccoon came down out of the tree down to the ground where all the boys, men and dogs were gathered around the base of the tree. The excitement which followed cannot be described in words - the wild shouting of the boys - the howling of the dogs - was really something to see and hear. The dogs caught the raccoon and proceeded to kill it. The problem then was getting the raccoon away from the dogs. In the process of accomplishing this, one of the boys was pulling on the raccoon one way and the dog was pulling in the opposite direction and the dog let go and the boy fell over backwards and crash! into the water, from which he was pulled out by Scoutmaster Ted Roberts.

The carrying of the raccoon was given to the boys to trade off. Because of its weight, it changed hands quite frequently.

The hunt ended with hot chocolate and cookies at the Russ Wolff residence. I am sure the outing will never be forgotten by any of the boys who had the opportunity to go on the hunt.

This weekend the boys plan to have a pack and camp out at the Ira Johnson farm about five miles out of town where they will pass their back packing and merit badge requirements.

Here are the JV's going through some of their plays.

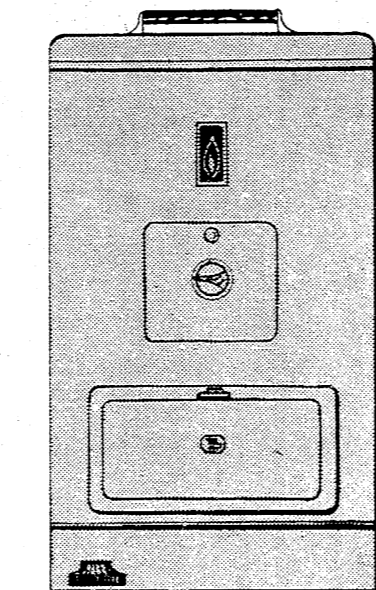

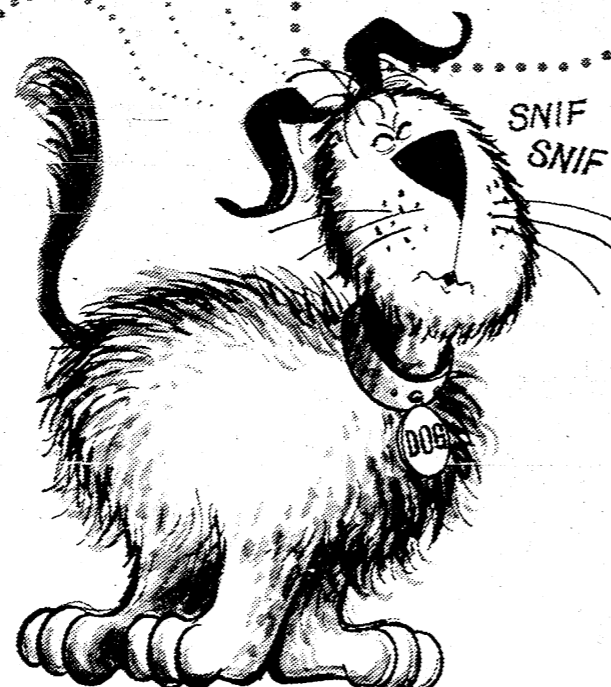

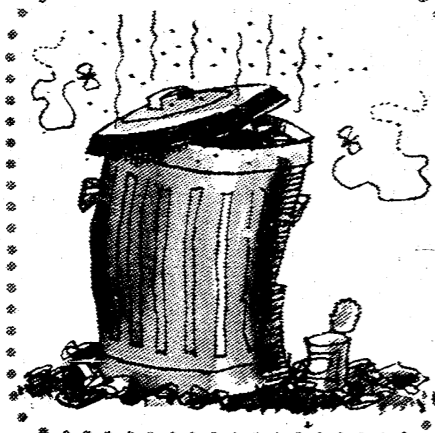

Varsity Coach Cal Poppink telling some of the players what he wants them to do.

Basketball is in the air but the Varsity team wants to know will it ever come down.

A GAS INCINERATOR TAKES THE FUN OUT OF LIFE!

IT DOESN'T SNIFF "GOOD" LIKE A GARBAGE CAN SHOULD!

A Gas Incinerator may not be an odorless invitation to pets and pests, but what a modern, sanitary, convenient way to get rid of all burnable refuse! Always at hand in your basement, garage or utility room, you can depend on a Gas Incinerator to consume your rubbish indoors. It can rain, snow, sleet, hail - your feet won't get muddied-up by weather... and your garbage won't accumulate either. The Gas Incinerator will quickly and quietly burn everything burnable - without smoke or odor. Costs only pennies a day to operate.

School Board Meeting

The regular meeting of the Board of Education was held at the Superintendent's office, with all members present.

The meeting was called to order at 8:00 P.M. by President Klager.

Mr. Kloocke, the architect's superintendent on the construction at Luther C. Klager School, gave a report on progress to date, and made explanation of some questions which have been raised, especially with regard to soil compaction and footings and concrete strength.

The proposed schedule on the Elementary School under construction is as follows:

- 1. Exterior grading and landscaping 55% complete.
2. Exterior masonry scheduled to be complete by Dec. 1st.
3. Structural Steel to be delivered by Dec. 15th and erected by January 1st, including metal roof deck.
4. Aluminum windows and exterior doors to be erected by the end of January.
5. Interior masonry completed in March and with the aid of temporary heat, other interior work to start at that time.

Minutes of the last meeting were reviewed and approved. The Superintendent explained the need for us to borrow \$50,000. It was moved by Pedersen, seconded by Luckhardt, that the resolution to borrow be adopted.

Mr. Dick Packard, representative of the McFadden Corporation, was presented to explain the lease/purchase plan for buses, to which we have been subscribing, and also certain ramifications of the original plan.

The motion was made by Pedersen, seconded by Albers, that the foregoing loan be requested from the Manufacturer's National Bank of Detroit. Unanimously approved, excepting Boutell who abstained from the vote.

Mr. Bruce Barton, the auditor, was present to discuss the annual audit. Because of the availability of current prices if buses are ordered at this time, it was moved by Albers, supported by Luckhardt, that we order two buses for summer 1969. Unanimously approved. (Order to be placed with the McFadden Corporation.)

Current claims were considered in the total amount of \$8228.62. On the motion by Boutell, seconded by Pedersen, they were unanimously approved and ordered paid.

Building fund claims: moved by Leeson, seconded by Luckhardt, that they be paid, as approved by the architects, in the total amount of \$48,328.07. Equipment for Luther C. Klager School.

Supt. Swartz presented a summary of bids. It was moved by Boutell, seconded by Pedersen,

that the bid of McFadden Corporation, of \$11,645.55 be accepted. Unanimously approved. The meeting was declared adjourned.

CAR PLATES ARE NOW ON SALE

License plates for Michigan passenger cars went on sale at all branch offices of the Secretary of State and at many AAA offices throughout the state on November 15.

All early-bird plate buyers are urged to bring along the prepared license plate applications sent out to virtually all of Michigan's 3.6-million passenger car owners.

"These applications make it much easier for the public to buy plates and are especially important this year because they have the new license plate fees listed on them," said Secretary of State James M. Hare.

He reminded that weight tax was increased by legislation during the extra session of 1967 as part of a "good roads" package of bills.

"Actually, the increase from 35 cents to the new formula of 55 cents per hundred pounds of vehicle weight is a roll-back to weight tax fees in existence in 1933," explained Hare.

"They were 55 cents before that time but were pushed back to 35 cents during the depression. And they have remained at the low rate until this year."

What do plate buyers need when they buy their plates? Certificate of title or previous year's registration.

Proof of liability insurance... insurance certificate, insurance policy, or other type of proof.

Cash to pay the plate fee. An extra \$1.00 if the vehicle is covered by liability insurance. If not, the person must pay \$35 into the Motor Vehicle Accident Claims Fund and register as an uninsured driver.

Slogan on all passenger plates remains the same as last year, "Great Lake State." Commercial license plates, on sale since October 1, have no slogan with the space used for the gross vehicle weight tax sticker.

The 1969 plates have white numerals on a red background. They honor Saginaw Valley College, which was founded in 1963 and became the 11th state supported college in 1965.

A Thanksgiving Day Observance with several area churches participating in a union service will be held at Emmanuel Church at 9:30 a.m. Thursday morning. Fr. Raymond R. Schlinkert of St. Mary's Catholic Church will give the sermon this year with Rev. Ralph Kuetner of Emanuel, Rev. Charles Fox of Sharon United Methodist, Rev. O. Wm. Cooper of Manchester Methodist and Bethel United Church of Christ participating in the service. The special offering will be sent to the Biafrain Relief program.

The Combined Thanksgiving Service is open to everyone as Manchesterites, friends and families unite for this service of prayer.

POST OFFICE MEMO

The Post Office Department today advised persons sending Christmas cards that all cards weighing one ounce or less must carry six cents postage.

In previous years, unsealed cards without a written message (only the signature of the sender) could be sent one cent less than first class postage. These would be delivered as third-class mail, without the provision for forwarding or return if undeliverable.

The postage rate legislation which went into effect last January raised the single rate - third class postage to six cents for the first two ounces.

Since virtually all greeting cards weigh less than an ounce, the first class and third-class rates are, in effect, the same.

Thus, the post office notes, all greeting cards bearing six cents postage which are undeliverable as addressed shall be forwarded if a new address is available.

The Department stressed the importance of a return address to assure that undeliverable cards will be returned. This allows mailers to keep their address lists up to date.

MRS. FIELDER HURT

Mrs. Fred (Gertrude) Fielder was seriously injured last Friday afternoon while on an area mail route on Schwab Rd. She is in serious condition and under intensive care at St. Joseph Hospital although her doctors have noted some improvement and are hopeful for a complete although lengthy recovery.

Mrs. Fielder suffered severe facial injuries including a broken upper jaw, a badly broken arm, broken ribs and internal bleeding which was corrected with immediate surgery.

She is allowed no visitors except her immediate family. Anyone wishing to send cards and notes may send them in care of St. Joseph Hospital.

Mrs. Fielder is employed at the Manchester Post Office, a member of the Sharon United Methodist Church, the Eastern Stars, BWP and Epsilon Sisters.

MEETING NOTICE

The Board of Education of the Manchester Public School District, Washtenaw & Jackson Counties meet in regular session on the second Monday of every month. The meeting place is the office of the Superintendent of Schools unless otherwise stated in a public announcement. The time of the Board of Education meetings is 8:00 P.M. All meetings are open to the general public.

Regular and special meetings of the Board of Education will be announced in the local paper if time permits, or notice of such meetings will be posted in the west entrance of the Manchester High School prior to regular and special meetings.

The Board of Education reserves the right to hold informational meetings where no official action is taken without posting notification of the meeting to the general public.

Regular meetings of the Manchester Board of Education will be held on the following dates throughout the school year 1968-69.

- Monday, Dec. 9, 1968
Monday, Jan. 13, 1969
Monday, Feb. 10, 1969
Monday, March 10, 1969
Monday, April 14, 1969
Monday, May 12, 1969
Monday, June 9, 1969 Annual Election

This notice required by Act 261, Public Acts of 1968, effective Friday, November 15, 1968.

VOICES FROM HOME FOR CHRISTMAS

Do you have a son, grandson, husband, brother or sister in military service, or know of someone who has? Your Red Cross extends an invitation to send a wonderful surprise to the serviceman far away overseas or hospitalized in the U.S. who cannot be with his loved ones at Christmas.

VOICES FROM HOME is the label on each 15 minute plastic disk which travels like an airmail letter. Families or individuals record in private, much like talking on the telephone -- just chatting about whatever they please. Children or adults can sing, read or recite poems. A helpful hint -- jot down reminders of what you want to say or do ahead of time and bring along.

A volunteer or staff member will assist you prior to recording. The record is furnished by Red Cross and sent without charge -- a Christmas gift money could not buy and only families can give. This is the sixth season for the project here in Manchester. The men overseas write Red Cross, "Record received in good condition --- playback performed well --- would like service continued --- it was a wonderful surprise --- it makes us feel closer together --- it makes a person feel good --- it was the best gift we could ever receive from home -- more servicemen's families should know of this Red Cross service."

For information and appointment, call either Mrs. D. D. Ludwig, 428-2471 or Mrs. Ron Whittington, 428-8172. We plan the recording sessions for Saturday, December 7, starting at 1 p.m. at the Manchester Township Library. The project is again sponsored by the American Legion Auxiliary as part of their Rehabilitation Program.

Send smiles across the Miles!

HIGHWAY DEPARTMENT ANNOUNCES AREAS OF RESTRICTED TRAFFIC

There are only three minor detours and one area of restricted traffic movement on the 9,207 miles of state highway in Michigan, the Department of State Highways reported today.

They are as follows: --- M-52 north of Stockbridge in Ingham County. Traffic is detoured on county roads around two miles of construction. The detour adds no additional mileage and will be in effect until next spring.

--- US-33 between Scottsdale and M-139 north of Benton Harbor. Traffic is detoured on M-139. The detour adds no additional mileage and will be in effect until late December.

--- The interchange of Interstate 75 and M-78 (Miller Road) in Flint. The interchange is open to northbound I-75 traffic only. Other interchange traffic is detoured to nearby M-121 interchange. The detour will be in effect until next spring.

--- Interstate 94 at the Huron Whitaker bridge near Ypsilanti. There is two-way traffic on the westbound freeway, in effect until late December.

James Pratt with his 9 point buck which he shot near Gaylord, Michigan. Also shown is part of the snow which fell the next day.

Second Class Postage paid at Manchester, Michigan

EDITORIAL

Council and Limpert are still negotiating. At present, Mr. Limpert has proposed that Council back up and separate the issues. They would not be backing up on their position on tax and water, but merely acting on the transfer separately.

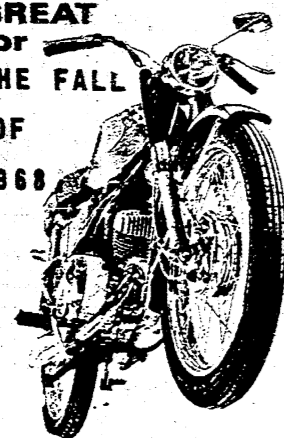

On Council's side, I am happy to say that two other Councilmen besides myself have seen that the real issue here is to establish a good future relationship with a man who can do a lot for the town. Mr. Mahony put it best; he said, "Even if Don paid both bills and Council gave him the transfer, nothing would really be solved."

I'm still optimistic that this will all work out. If we continue to stop progress with excuses, we won't ever grow. I think it's up to Council to quit being narrow minded and voting by how they feel about the individual doing the asking, and start planning how to get this town growing.

If you remember, I criticized some secret meetings held by past Councils. It was usually held to solve things (or prepare an excuse) before the meeting. In a sense we are doing the same thing now, but I think the stakes are high enough to warrant it.

I'm not letting off because I think the real issue is "are we going to work together for the best"

had his car back in the road he would say, "I can make it home alright now." I would follow him to make sure. Three times he was mistaken. Another customer couldn't see a wagon load of hay in the road. He didn't even know what he hit. This same person was using most of the road when he approached me once. I slowed down and got out of his way as much as I could. He knocked off my hub cap and didn't even know it. When you see what can happen to those you grew up with or did business with, because they drank too much you wonder why. When there are over 100 of these that killed themselves by doing it you don't wonder, you know.

When they voted to close all bars a little over 40 years ago it was for more reasons than a few drinking enough to kill themselves. Many thought that all it took to change some that were interested in sex, into a sex maniac, was a few drinks. Maybe they were right. Maybe this is the reason that since prohibition most children are unwanted. They don't know the real meaning of love or have respect for others. For children to feel secure they must be wanted and loved by both their parents.

LETTER TO THE EDITOR

When a wise person discusses other peoples mistakes he does it quietly and after he is sure they are mistakes. The people of Manchester better believe that their present council members are the best and it takes two to argue. I quit the council after six years. I think some of the present members are thinking about doing the same. I don't blame them. One of the reasons I quit was because of a discussion over water bills, for these same store buildings, that lasted several weeks. I was paid extra for this. It wasn't necessary to publish it or discuss it with others.

You may wonder why we didn't install another water service so each store building had one, when we had this trouble. We didn't think it was necessary to spend the taxpayer's money to keep someone from complaining. If they want to complain they will. It might as well be about the water bill as taxes or something else. I think the council members are doing a fine job. They have the right idea but don't go far enough with it.

If you think some of the things I sent to this paper, to be published, were too wild don't read this. I think the council should forget about transferring the bar license and cancel all of them, because people shouldn't have things that they don't know how to use. It would give the local people something different to talk about. After you read this you will say "he is too old to drink and doesn't want others to." You are right. Ill explain why. Children used to go places with their parents because there were no baby-sitters. We attended church regularly, also temperance meetings, dozens of them. I heard about the effects of drinking over and over. I wasn't interested at that time. We used to think it was funny when our neighbor would come home in the middle of the night singing. His horse was the only one that knew where they were going. There was no beer for beer but not for food. His neighbors helped feed and cloth his family. There is nothing wrong in drinking a glass of beer. When a state the size of Michigan uses 6.5 million barrels in one year, there is. Some are using too much. Sorry beer makes you feel good... and that it relaxes you. There are other things it does that are not so desirable. I had a customer that I pulled out of the ditch twelve times with our tow truck. I thought it was funny the first few times. After I

LETTER TO THE EDITOR

Let's see, where were we - oh yes - last week we left our family with a mysterious package on their hands, or you might say, "holding the bag." The mystery has been cleared up, the accusations made to wit -

- 1 - A smashed pumpkin (or pumpkins - quantity unknown) Oh shame of shames! 2 - Several eggs dropped on sidewalk(ye gods, perhaps they were trying that new egg stunt - (I keep telling those dam kids it doesn't work - but (sigh) who listens to mother?) 3 - Some yardage of you know what kind of paper, draped in artistically on bushes - (Tacky Way missed out on this one). 4 - Begging treats - (they're

too old for this I was told) Admittedly! - but have you ever tried to fill up a teen aged boy? Impossible! The kid probably was hungry - He always is! So what do I do about it? Good question! First may I explain my attitude about Halloween. In a word-UGH!! Why not forget it! I made a statement to that effect recently and was greeted with horrified expressions, as if I'd suggested abolishing home and motherhood. But hear me out - We have the parade for the younger children and UNICEF(great). The older crowd takes off in cars. (Good grief - I wonder what they were up to) Where does that leave the "Be-tween" agers? Doing all the pranks listed. No - I don't approve, but on the other hand, as I told the accuser, if that's the worst thing they ever do - my worries

All kinds of PRINTING

DONE BY EXPERTS AT LOW PRICES!

Good printing is an essential to most business men and to many private individuals. The Rymack Printing Company, equipped with fine, modern printing machinery manned by expert craftsmen, is in a position to offer fine printing at unusually low prices. You'll find printing done to the most exacting standards when it's done by RYMACK PRINTING, and you'll find also that it's done economically.

Call 428-8305 ask for Brian

RYMACK PRINTING COMPANY

are over. He claims it's stealing and destructive. Oh! how many times I've spent picking up icky pumpkin pulp and various assorted gobs, thinking meanwhile X?QB?!! thoughts about those teenagers. But the years passed and my own teens began doing the same thing to equally disgusted Moms in other neighborhoods.

To my "mail" friend - I can only say - I'm truly sorry this happened (but haven't you ever done anything wrong?) Investigate your attitude towards teenagers. We could make the boys work in your yard for a month, but that would identify you and unleash an unbelievable barrage of pranks next year. You shall remain mercifully unidentified and let's consider the matter closed.

I have a plan for next

year though (and admittedly it's a cop out) Halloween will probably fall on Friday next year - so I shall take my tribe and go to Hell (Mich.) Bet that's a swingin' place on Halloween!

Yours tongue in cheekedly Mrs. R. (Gwen) Way

REPORT OF FAITH COMMUNITY

Church Special Meetings of Oct. 27 - Nov. 3.
We wish to share our joy and praise to Jesus Christ for the wonderful results of this Evangelistic Crusade conducted by the Rev. Joe Morone of Ypsilanti, Michigan.

music and preaching which God has given us. We continue to bear the comments "The Morone's were such a blessing we wished the services could have continued. I hope they will come back to our community soon." The Morone's have two daughters, Laurel, 8 years, and Darlene 7 years. The girls joined their parents on the platform, Sunday Nov. 3 and presented a wonderful musical package.

The results of these meetings are of eternal effect for twelve of our neighbors and friends there in chose to accept Christ as their personal Savior. We also happily report that neighboring church friends who attended the meetings are now desiring such services in their churches. While within our church we are witnessing the birth of Revival Fire and so are still seeing souls saved and added to the church.

Manchester Churches and the Manchester Enterprise for helping us to publicize and extend these meetings. The special music presented by neighborhood churches was a rich blessing. We shall attempt to repay our indebtedness by pledging our assistance and support of your every evangelistic effort, for we "are one in Christ".

And neighbor, if you missed attending these services, we pray we shall enjoy your fellowship at the next services, where ever or whenever they may be.

Let Christian brotherly love continue,

Thankfully

IRON CREEK CHURCH

A Thanksgiving Service will be on Wednesday evening at 7:30 p.m. There will be several taking part in the service by way of musical and scripture readings. Each family is requested to contribute something to the program. Refreshments will be served afterward.

Sunday, Dec. 1 at 10 a.m. will be the beginning of a week of Evangelistic services with Rev. Joe Morone. Rev. Morone has a very timely and interesting manner of presenting the Gospel and will also bring musical numbers. Service time through the week is 7:30 p.m. and all are welcome.

The Fourth Quarterly Meeting and Annual election of officers will be Sunday, Dec. 1 following the Fellowship dinner.

There will be no Jr. or Sr. Choir practice this week.

TWENTIEETH CENTURY CLUB

The Twentieth Century Club met at the home of Mrs. Fred Leeman November 12, 1968. Roll call was answered with a Christmas idea exchange. Many lovely things were shown.

Miss Mary Pierce, art teacher in the Manchester schools gave a demonstration on gift wrapping and decoration. She presented many clever ideas.

Mrs. Henry Eames and Miss Diane Joldersma were guests for the evening.

Delicious refreshments were served by Mrs. Leeman and Mrs. Ronald Jenter, her co-hostess.

Next meeting will be the Christmas Party at Bauer Manor, December 3rd. Dinner will be served at 7:00 P.M.

TO HOLD MEETING

The Ann Arbor Chapter of the Michigan Diabetes Association will hold a Morning Coffee meeting on Wednesday, December 4 at 9:30 A.M. at the home of Mrs. Robert Thall, 953 Spring Street in Ann Arbor.

A "Holiday Recipe Exchange" will be featured on the program. Persons interested in Diabetes are cordially invited to attend. There is no charge. For information call 761-3910.

25th ANNIVERSARY

Mr. & Mrs. Tase will celebrate their 25th Wedding Anniversary, Saturday, Dec. 8th.

They were married at the Manchester Methodist Church. Rev. Bunney performed the Ceremony.

Mr. & Mrs. Tase had lived in the Manchester area, until moving to Saline last January.

They have three daughters and two grandchildren. The daughters are Mrs. Harold (Betty) Kuzelman, Mrs. Dick (Shirley) Shadley, and Mrs. Lonnie (Sally) Young.

"Darling," the mother asked her small fry, "why are you making faces at your bulldog?" "Well," the child defended himself, "he started it!"

YOU ARE INVITED TO HEAR

Rev. Joe Morone of Ypsilanti, Michigan Dec. 1-8th inclusive, at 7:30 each evening, at the IRON CREEK COMMUNITY CHURCH.

The timely and interesting Gospel messages of Rev. Morone, as well as the special musical numbers each evening, will appeal to young and old, so bring the youngsters, neighbors and all begin our Christmas preparation by making room in our hearts and lives for Christ.

FAITH COMMUNITY CHURCH

Wednesday, Nov. 27 - Thanksgiving Services at the Church at 7:30 P.M. A Fellowship hour will follow.

Sunday, Dec. 1st - Missionary Sunday, Observed during 11AM Sunday School hour.

MANCHESTER UNITED METHODIST CHURCH

Friday - Nov. 29 - 1:00 P.M. Junior Choir

Saturday - Nov. 30 - 11:00 A.M. - Cherub Choir

Sunday - Dec. 1 - 6:00 P.M. Old Fashioned Carol Sing, Sandwich and Dessert potluck.

ZION LUTHERAN CHURCH

Wednesday, Nov. 27 - Thanksgiving Eve Service 8:00 P.M.

Thursday, Nov. 28 - Bless the Lord O My Soul and Forget Not All His Benefits.

You hate to spoil a dog's fun, but after all you don't want to lead a dog's life either - make daily trips to a smelly, disease-infested garbage can - dashing through foul weather to the outdoor trash can! Not when a Gas Incinerator will do the disagreeable jobs for you... indoors. Put a smokeless, odorless Gas Incinerator in your basement, garage or utility room, drop in your garbage and trash, set the timer and walk away. Nasty weather, smoke, odor - forget it - for only pennies a day.

MANAGEMENT PROBLEMS IN DAIRY EXPANSION

Many dairymen get into trouble on their expansion projects because they don't allow for some of the hidden problems that often come up, according to Michigan State University agricultural economists.

In a recent study of 19 farms that expanded herds to 70 or more cows in the past five years, the economists found that the major reason for expansion was

to increase income because two families instead of one were in the business. Of the 19 farms, 12 had become farm partnerships -- primarily father and son.

As in most building or expansion projects, actual costs were larger than had been estimated. This often required additional financing.

Too many of those increasing their dairy operations put income expectations too high--especially in early years before full expansion could be completed.

Production per cow often dropped temporarily because of new housing environment. Also, with expanded facilities, dairymen did not carefully cull low-producing animals when they had plenty of barn room.

Extra land, needed to feed more cattle, often could not be bought or rented. This sometimes made it necessary to buy more feed for the herd at prices higher than it could be grown at home.

In short, dairymen learned that it was hard to increase one

part of the business without other parts getting larger. Complete results of the study are available in MSU Farm Science Research Report No. 68, available from county Cooperative Extension Service offices.

TOP MICHIGAN DAIRY HERDS IN DHIA

Michigan's highest producing dairy herds belong to Howard Schlicker, Route 1, Bay City, and Michigan State University's

W. K. Kellogg Farm, Hickory Corners.

Schlicker's 18-cow Holstein herd averaged 19,731 pounds of milk per cow, according to Michigan Dairy Herd Improvement Association records. Milk tested 3.59 percent butterfat and averaged 708 pounds per cow.

The 55 Guernsey cows on MSU's Kellogg Farm produced 14,532 pounds of milk per cow but tested 4.93 percent butterfat to produce an average 717 pounds of butterfat.

FEEDER SALE GUIDELINES ARE PROPOSED IN NEW BOOKLET

A new publication entitled "Proposed Standards and Guidelines for Cooperative Feeder Sales" has been prepared by the Cooperative Extension Service, Michigan State University. The 35-page booklet sug-

LEGAL NOTICE

STATE OF MICHIGAN

Probate Court for the County of Washtenaw.

Estate of Jocelyn Vera Freeman M. I.

It is Ordered that on January 8, 1968, at 9:30 A.M., in the Probate Courtroom Ann Arbor Michigan a hearing be held on the Petition of Loren W. Campbell, Guardian, for the allowance of his Seventh Annual Accounting in said estate.

Publication and service shall be made as provided by Statute and Court Rule.

Dated: November 19, 1968

Forsythe, Campbell & Vandenberg Attorney for Guardian By Loren W. Campbell 111 N. Main Street Ann Arbor, Michigan

Ross W. Campbell Judge of Probate

gests rules, regulations and eligibility requirements for participation in cooperative feeder sales. In addition, it proposed cattle health standards, operating procedures and advertising and promotion techniques. Also contained are number of sample forms including: an unloading dock receipt, scale ticket, pen sheet, purchase agreement and consignment form.

Some of the suggested rules and regulations are: (1) all cattle consigned must grade USDA Good or higher according to the official USDA feeder cattle grading standards; (2) all cattle consigned must weigh at least 300 pounds at the time of sale; (3) all cattle must be properly castrated; (4) all cattle consigned to the sale must be

healthy, sound and thrifty; (5) all cattle will be weighed and identified individually by ear tag number.

Sections dealing with sanitation of sale facilities, sorting and grading, calfhood vaccination for Brucellosis and parasite control also are included in the booklet.

The publication was prepared by a committee of nine MSU professors and Cooperative Extension agents. Cochairmen were David L. Cole, Department of Agricultural Economics, and Terry R. Greshouse, Department of Animal Husbandry.

Copies of the report may be obtained from the Bulletin Office, Department of Information Services, Michigan State University, East Lansing, Mich. 48823.

COUNCIL MINUTES

Council met in regular session. Meeting opened by President Althouse. Trustees present were Mahony, Reinhart, Macomber, Bauer and Lowery. Absent Koebbe, and Clerk Widmayer.

Prayer was given by Rev. Knether. Minutes of the previous meeting were read and correction made (letter written to Washtenaw County Road for repairs to be made to curb on Riverside). All Yeas, Carried.

Bills were presented and received from three proper funds.

General Fund Manchester Enterprise 28.80 Michigan Hospital Serv. 103.83 Tibb Gravel Co. 108.00 Ann Arbor Construction 313.44 Tom Marshall Inc. 37.10 Lenawee Tire & Supply 60.52

Sewer and Water Fund Ken's Restaurant Supply Co. 18.90

Moved by Mahony supported by Reinhart bills be paid as read holding check 1345 of the sewer and water fund. All Yeas, Carried.

Moved by Mahony supported by Reinhart be it resolved that Councilman Macomber is requested to desist from threatening other Council members with a "Front Page expose" in his newspaper unless they vote as he so dictates, that such threats may have the opposite result, which forces other Council members to vote against him, to prove they have nothing to hide, and that they can't be intimidated. also be it resolved that the Council is quite desirous of have Village Citizens well informed and to this end, that Councilman Macomber first report the facts without bias on Council decisions or deliberations in his newspaper before offering his opinion of said decisions or deliberations on the editorial pages, be it further resolved that the Council would appreciate in depth, unbiased, reporting of All Council proceeding every week as contrasted to the occasional editorial opinion given by Councilman Macomber when he finds himself in the minority. All Yeas, Mahony, Reinhart, Bauer, and Lowery, Abstained Macomber, Carried.

Moved by Reinhart supported by Lowery we adjourn.

HAND LABOR, NO THANKS

No matter how mechanized, it is plain that agriculture will always depend to some extent on hand labor. A case in point was the 150 tons of Michigan Navy beans left stacked on Fort Huron docks when the freighter "Vick-ling" sailed to other appointments on its route to Liverpool, England.

Although sold to English canners, the beans were left behind because there was no manpower to move them onto pallets which are slung by crane into the ship's hold. Another 14,000 tons of Michigan beans were scheduled for future loading, and weeks of local advertising has failed to turn up the unskilled labor (at \$2 per hour) needed, although long lists of jobless were known to be on the welfare rolls. Welfare recipients, some as young as 30 years, were reluctant to take temporary employment which might affect their eligibility status. Finally, after local efforts were exhausted, fruit pickers were brought from Michigan's apple orchards to help in the loading work.

FOR GREATER PROFIT

With plenty of low-priced corn now available, high-level grain feeding and rigid culling can mean greater production more profit for most dairymen.

"Milk prices are good, beef prices are firm and grain is cheap," reports Clinton E. Meadows,

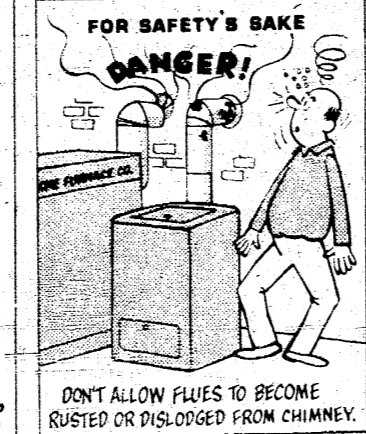

Michigan State University dairy specialists. "These conditions appear almost perfect for improving production in the dairy herd."

At its present price, the only practical limit to the use of grain is the possibility of lowered butterfat tests, says Meadows. Otherwise, dairymen can push for increased production by feeding cows up to production capacity.

Meadows adds that farmers need to know which cows are responding.

Since the new production testing season has just begun, he says dairymen should enroll their herds in one of three production testing programs available to them.

County Cooperative Extension Service offices have complete information on these programs.

SANTA IS COMING TO MANCHESTER

Starting December 18th he will be located in the Kopper Kettle.

The Optimist will have Santa in town on Saturday, the 21st. He will have gifts for all the kids.

The theme for this year's shopper is "Shop In Manchester." Complete story next week.

Tree For Romney

by Carolyn Ahrens

Each Christmas a number of outstandingly beautiful pine trees are selected for the capitol, various government buildings and other places of interest throughout Michigan. As a member of the Michigan Plantations Cooperative, the Douglas Sherman Christmas tree farm on Kendall Road, Manchester, this year provided an Austrian pine for Governor George Romney's home in Bloomfield Hills.

As pointed out by Mr. Sherman, members of the co-op report any outstanding trees available from their tree farms to the association who then decide where these trees will be placed. This past weekend Mr. Sherman, his sons Douglas and Bob (as pictured above, left to right) cut this beautiful nine-year-old Austrian pine for Gov. Romney and his family. The tree has a seven foot spread and is 8 1/2 feet high.

The Sherman Christmas tree farm, as in the past, have choice Scotch and Austrian pine trees as well as other pine trees for customer selection. Customers may select and cut their own tree or may be assisted in the cutting.

The farm is located approximately 8 miles northwest of Manchester on Kendall Road and is open every weekend. The Shermans invited you to stop by soon for a choice Christmas tree this year.

EDITORIAL

First excuse the editorial being on the front page. The inside was already pasted up when I decided to write this.

I had a very depressing day today (Tuesday) the issue is at a standstill. Don reported he intends to do nothing more; and after a talk with Mayor Althouse and Councilman Mahony, I sense that Council isn't going to act either. They say the fault lies with me, in part anyway, because of my editorials. I'm also told that the no vote has been sent to the Liquor Control Commission.

Where do we go from here.

If I understand correctly, all my fellow councilmen want to see in the paper is a factual story showing that they didn't do anything wrong. Then the issue with me will be closed. I agree and I intend to do just that. However, I cannot in good conscience back off in my assertion that they shouldn't have connected the 2 issues in the first place. They voted that way, and I think they should answer for it. If the majority of people agree with their no vote on Don's request, then I will shut up. From what I've been able to learn, a large majority feel he should have it. (and that council should collect the taxes and water bills)

As for wrong doing on Council's part, I won't even listen to anyone who says any member of council has done anything dishonest. If you have been reading my editorials closely you will remember I stated this before. I have said that they were advised wrong, in my opinion, from talking with those who were involved. I voted against the rest and lost. It happened before. However this is the first time I made issue of it in the paper. My reasons for doing so are as follows. 1. I think Don should have gotten the SDM license (our water bills and tax should have been collected before) 2. Bruce Daniels and I spent considerable time and effort on working up a plan for a high parking lot behind Don's stores, the Bank and utilizing the present village parking lot. The plan depended on Don getting the extra store and paving the area. and 3. It would have improved the town.

I did considerable thinking before I came out in the paper (it wasn't like Herb asserts, I got out voted so I ran down-stairs and started writing). And, I was forcing the issue. I was using public opinion, not to gain support for me, but to get Council and Limpert to settle this and not end up as another case of Don going away mad with another improvement lost. I thought I was making progress when Council held a meeting with Don while I was gone. However, things stopped when Council asked Don to pay either the water or tax as a

Voters To Decide On New School

by Carolyn Ahrens

All registered voters are eligible to vote on the ballot to request one(1) mill and which states: Shall the Intermediate School District of the County of Washtenaw, State of Michigan, come under the provisions of sections 330 to 330u of the school code of 1955, which are designed to encourage the establishment of area vocational-technical education programs if any annual property tax levied for this purpose is limited to one (1) mill? but only registered property owners may vote on the second ballot which requests permission to bond and which states: Shall the Intermediate School District of the County of Washtenaw, State of Michigan, borrow the sum of not to exceed Five Million (\$5,000,000) Dollars and issue its bonds therefor, for the purpose of erecting, furnishing and equipping an area vocational-technical building and acquiring, preparing, and developing a site therefor? both ballots to be voted by either a yes or no.

It will cost \$5,000,000 to build and equip the school (includes local and Federal monies) with an approximate \$800,000 to \$1,000,000 (includes local and Federal monies) per annual cost of operation. If the proposal is accepted by the voters, Washtenaw County property owners would pay approximately \$10.00 per year per a \$20,000 home for instance with Federal Funds supplying 1/2 the construction and equipment costs and 1/5 of the annual cost of operation.

To aid in this important decision by registered voters in this special election on December 18, the Manchester Public Schools, Office of the Superintendent, have recently issued a question and answer pamphlet. In the Huron Valley Ad-Visor, November 27th issue there is also an article concerning this proposed technical school. And Mr. Earl Shaffer, Clarence Fielder, Robert Swartz and members of the citizens' Committee are also available in answering any questions.

Citizens who are registered with Waldo Marx, Township Clerk, as voters in the recent state and national elections are eligible to vote in this special school election on December 18th.

OPTIMIST CLUB OUTSTANDING CITIZEN FOR THE MONTH

John Kress, son of Mr. & Mrs. James Kress, of 13450 Pleasant Lake Road, and a sophomore at Manchester High School, is the Manchester Optimist Club Outstanding Citizen Award winner for the month of November.

John likes school, music and athletics. During his two years in high school he has been a member of the Mixed Choir, Varsity Choir, J. V. and Varsity football teams, and Freshman and J. V. Basketball teams. John has helped his class build floats for the Community Fair and for Homecoming. His favorite subjects are science and mathematics. He is a lab assistant in science. John is in a college prep course and plans on becoming a teacher of mathematics and science.

John is an all around good boy. He attends the Manchester Catholic Church with the rest of the Kress family, mother, father, a sister and two brothers. For four years John was involved with the 4-H and won three blue ribbons in wood working in local contests. Last summer John made his first great civic effort by working five hours at the Chicken Broil, helping out with turning chicken and other jobs.

John plays the accordion when his dad isn't keeping him busy with farm chores. Mr. Kress finds it hard to believe that John doesn't mind doing farm chores.

John and his brother went to Isle Royale this summer on a camping trip with a Y.M.C.A. sponsored group.

John, you are held in high esteem by your class mates, faculty, administration and Optimist Club members. I congratulate you for being chosen for this high honor.

TO MEET

Fair meeting will be held Wednesday, December 11th at the K of C Hall at 8:30.

VILLAGE ELECTION

Petitions for Mayor and Councilmen must be in to the Village Clerk by January 1, 1969. There will be three seats on council, 1 for Mayor, 1 for Clerk, and 1 for assessor, for those who wish to run. Those terms expiring on council are Koebe, Bauer and Lowery. Petitions can be obtained from Lyle Widmayer, Village Clerk.
