

Irv Roberts showing the Hudson players how you spin a basketball on your finger tips.

The Hudson Basketball team waiting for Bob Pratt's shot come through the bucket.

Head Coach Cal Poppink showing the officials, it's not my stomach that hurts it's just the way they are handling the ball.

Here we have Rick Lowery going up for two of his 25 points, the only thing is what basket is it going in.

DUTCHMEN LOST TO HUDSON IN OVERTIME 61-60

The Dutchmen's winning streak came to a halt Friday night when Hudson upset the Dutchmen in overtime, the Dutchmen did not have the hustle in this game as they have had in the last five games. The Dutchmen try to stall in the last minute and lost the ball and that sealed defeat.

Rick Lowery played another one of his fine games Rick put 25 points on the score board. Jeff Stevens was next with 10 points. The Dutchmen play Adrian-Madison here Friday night.

Mike Ahrens going up for a shot and then all of a sudden all he saw was hands.

WRESTLING

Manchester's wrestling team suffered its worst defeat of the year at the hands of league leading Hudson at Hudson last Thursday. Although there was quite a wide point spread (35-11) in the team, scoring most of individual matches were close. Only three Manchester wrestlers scored points they were Dan Roberts by a pin, Tim Preston who won 9-2, and Pete Haessler who won 2-1. Mark Kaiden lost his first match of the year 6-2. The wrestling Dutchmen will travel to Adrian Madison who are led by state champion Fred Gateris, January 10 looking for their first league win.

FLASH

Manchester Varsity down Saline 60-37. Lowery 19 points and Niehaus 17 points. J. V.'s lose.

Company on the way up

by Carolyn Ahrens

Tom Marshall, Inc. Ford Sales & Service is the third Ford dealer in Manchester since the early 1900's when Fred Huber sold his first Model T. Originally located in a building at what is now the bank parking lot Adrian Street exit area, Huber then built a showroom at the village parking lot site. Then in 1936 Mr. Huber sold out to Carl Schabbe and his brother Clarence (Moe) Schabbe who built the present Ford Sales & Service in the late 1940's. In 1960 Tom Marshall bought out the dealership. Today the Manchester Ford Sales is considered one of the best in the area. Complete facilities for auto repair and service are available with competent mechanics on duty at all times. Serving satisfied customers from Jackson, Ann Arbor and the surrounding community, Mr. Marshall said, "The reason for this is because of the complete service facilities we have here and our experienced mechanics who include Jim Kensler, Service & Part Manager; Dan Wahl, Parts Manager and Larry Gonyer, Body Shop Manager. He added that they also have a large wholesale parts division. Lyle Widmayer, General Manager, said, "We have a large inventory of new and used cars and very often our customers are able to select a car on the lot and take it home that day." A total of fourteen employees, Ken Morris is Used Car Manager and Mary Francis Fielder, Office Manager and Secretary. The service department is open daily from 7:30-5; the sales department from 9-6 and Wednesday evening from 7-9 for customer convenience.

Tom Marshall, Inc. has also been awarded the Gold Car and Truck Award for eight years consecutively for sales leader—the Distinguished Achievement Award for five years which is awarded in recognition of executive managing, sales service and overall high quality standards. Mr. Marshall also won a number of Sales Achievement Awards from among men of alike size and lower than his wife Sally enjoy a yearly trip to Hawaii, Florida the New York World's Fair because of his sales management, Mr. Widmayer and Maxine enjoyed a trip

to Puerto Rico last summer. Mr. Marshall is also sponsoring a car in the Sports Car of America Club which will be entered in racing circuits through the world including the new Michigan International Speedway in Brooklyn next summer.

Tom Marshall, Inc. Ford Sales & Service invite you to stop by soon if you are looking for a new car or a good quality used car.

From R-L Jim Kensler, Ken Keezer, Dan Wahl, Bill Detling, Jerry(Buck) Kirk, John Kirk, Jim Wilde, Jim Rogers, Mick Spies and Larry Gonyer employees of Tom Marshall Ford.

CORN PRODUCTION SEMINAR TO BE PROVIDED

On Wednesday, January 22, Pioneer Corn Company, Inc. of Tipton, Indiana, will present a corn production seminar at Pleasant Lake School. The meeting will begin at 8:00 PM, and last for approximately two hours. The seminar has been organized and directed for farmers in this area by District Sales Manager Reno Feldkamp from Manchester. This meeting will feature Mr. Vance York, Manager of Pioneer's Sales Service Department, who is an authority on corn growing characteristics and methods. Mr. York is a graduate of Purdue University's School of Agriculture. He has been with Pioneer for 14 years, and has had much experience with corn growing practices. His primary objective is to furnish modern corn growing help and information to district sales managers, salesmen and farmer customers. Mr. York collects, evaluates and reports yield data on different tested hybrids. The latest research information dealing with corn growing practices is known by Mr. York because of his close work with the various state universities. The purpose of the meeting is to provide to farmers attending the most current knowledge of corn growing practices. Mr. York will present new thoughts on common topics such as fertility, population and hybrid requirements. He will discuss management factors and specific plant populations required for many different hybrids. Information will be provided to farmers concerning plant populations best suited for their soil type. A question and answer period will follow to allow farmers to discuss any areas not covered during the program. All local farmers in the area are invited. Pioneer is sure to send local farmers home with knowledge of up-to-date corn growing know-how.

MANCHESTER CHAMBER OF COMMERCE HOLDS SPECIAL MEETING

The Manchester Chamber of Commerce held a special meeting January 9 at the Methodist Church to which all the business, industrial and professional men and women of Manchester were invited. The guest speaker for this meeting was Mr. Carl Jordan, Manager of Public Affairs for the State Chamber of Commerce. Mr. Jordan gave an outline of the original history of the Chamber and emphasized the importance of projects for our Chamber to work on in 1969. Also present as guests of the Chamber were Mr. John Althouse Village President, Mr. Eugene Bentschneider, Planning Commission President, Mr. Herbert Mahoney and Mr. Wendall Reinhart, Councilmen. Mr. Roy Thornton of Thornton Industries, Mr. Conrad Gonyer of Sutton Agency Inc., Mr. Harry Kraus of Kraus Pharmacy and the Knouase Brothers of Riverside Barber Shop are new members of the Chamber.

Last Thursday's Chamber of Commerce meeting saw 26 people present. On the agenda was a speaker from the State Chamber of Commerce. He showed the local chamber how to go about finding the problems in towns and then working toward eliminating them. He broke the chamber into groups of 3 or 4 and then asked them to write down 3 problems they felt existed in town. These were then listed on blackboard. The groups came up with nine problems. In order of importance they are:

1. Additional Business Development
2. Additional Housing
3. Identification signs around area
4. Identify our assets and promote them
5. Parking in the business area
6. Beautify River
7. Rebuild Duncan St. Bridge
8. Repair streets
9. Investigate Parking tickets.

The speaker ended with the question, "If the chamber doesn't act on the problems, who will?"

PROGRESS REPORT ON THE WATER PROGRAM

According to Bruce Daniels, Village Superintendent of Public Works, the Layne Northern Company is scheduled to start the final installation of equipment designed to filter the rust from the Manchester Village water system the 20th of January. "I have called them at least one a week and according to Larry Write of Lansing, the filter tank has been shipped," Mr. Daniels added that two loads of filter media, piping and valving apparatus are in Manchester; the elevated tank is finished and all requirements as specified by Layne Northern are completed. "Two of the old filter tanks have been cleaned, painted and restored and are ready to be moved to the building located near the water tower. The new filter is in transit according to Mr. Wright. Our part is done. All we're waiting for now is Layne Northern to finish the filtering set-up," Mr. Daniels said.

....AND FROM THE MAYOR

The 1967 Water Improvement Program of the Village of Manchester is entering into its final phase. Some of the goals which have been completed to this point are:

- An improved source of supply which would include the Ann Arbor Street well, the reconditioning of the East Main Street well, and the rebuilding of the pump at East Main Street.
- An improved water pressure in all the village mains made possible by the new 300,000 gallon elevated water tank. This improved storage is also an asset to Manchester for fire protection and fire insurance rating.
- An improved volume of water to all property owners was made possible by the new 12" transmission water main from Macomb Street to Hibbard Street.
- This main relieves the smaller 8" river-crossing on Duncan west side of Raisin River.
- The final phase of water program is the iron removal plant on the Ann Arbor Street site. The building to house the filtering equipment is ready and the two filters which were at the Macomb Street building are reconditioned and ready to be moved to the new site. Most of the materials are now at the new site.

Mr. Larry Wright of the Layne Northern Company has informed us that the new filter tank has been shipped and is in route to Manchester. A target date of January 20 has been set to start installation of the filtering equipment. After the completion of this phase of the program, all the water in the water system will be filtered. The larger water system will make Manchester a better place to live and more conducive to industry and business.

John Althouse

MANCHESTER COURT

New Court System to hold court in Manchester Council Rooms every Tuesday Afternoon. Judge Conlita and staff will be at the Manchester Council Rooms to take care of all tickets except parking tickets. (The only parking tickets he will handle will be not-guilty). All other parking tickets will be sent to Village Council.

TO MEET

Iron Creek Study Group met with Mrs. Roy Randall, with 12 members present. Lessons were given by Mrs. Lawrence Bloom and Mrs. Virgil Mayer. The next meeting will be February 6, with Mrs. Maynard Leach.

COUNCILITIS

This is a fatal disease. It's found in all levels of government. It's in the form of an attitude. This attitude is formed by such things as, a small, close circle of friends, a non-caring public, long terms in office, etc.

Our village council has this disease, from Mayor on down. How did we get it? Mostly from a situation of "a small, close circle of friends" and "a non-caring public."

I was jolted out of my "councilitis" by some phone calls and personal comments from individuals whom I had never talked to before. They laid it on the line to me. They gave me H. and then threw in their ideas for good measure. It gave me a lot to think about.

It's easy to get "councilitis". No citizens attend the meetings. We come to expect that anything council wants to do will take forever, we accept what some council member tells us without questioning it. We begin to take as gospel truth the old phrase "there is no money so we can't do anything."

I've been on council less than a year but I had already been sicken with "councilitis" the phone calls I received, the new ideas I listened to, and the questions I couldn't answer, but only make excuses for, cured my "councilitis."

Those six council members are up there representing you. The money they spend each year is yours. The decisions they make will effect your pocketbook in the years to come. If each individual citizen doesn't let the councilmen know how he feels we aren't going to have a representative council.

If you've got something to say, whether its criticism or a new idea, get on the phone and let a councilman hear it. Don't let our village council make decisions while they have "councilitis". This disease if unchecked can smother progress in a small community like ours. Its happened in the past and it will happen again unless we have a more free expression of ideas. A phone call doesn't take much time. I enjoy getting calls even if it is to give me H.

I don't like what councilitis does to a town or to me as a councilman, but there is an easy cure, its called expression of ideas.

ESCH REPORTS

The 91st Congress began its Session last week with a wrangle over the seating of Adam Clayton Powell. After five hours of debate and numerous amendments, he was seated with the provision that he reimburse the government for the \$25,000 in federal funds which he misused. His seniority was also forfeited.

A North Carolina elector, Lloyd Bailey, switched his vote from Nixon to Wallace and thus stirred up the second controversy to face the House of Representatives this year. His failure to keep faith with the people of North Carolina, in my opinion, illustrates the failure of the Electoral College to reflect truly the views of the people. Congressional hearings on various proposals to change the electoral system are expected in the months ahead and it seems probable that a Constitutional amendment will be brought up for a vote later this year. While the specifics of

several wilderness areas in the Upper Peninsula. Most major conservation legislation was approved by the Congress last year and major attention will now shift to the administration of the programs.

FOREIGN AFFAIRS -- The predominant foreign policy issue, this year as last, will be the war in Vietnam. The Congress is expected to declare an informal moratorium on Criticism and debate in order to allow the new Administration time to arrive at a peace settlement in Paris.

EDUCATION -- The Elementary and Secondary Education Act will come up for renewal again this year. In line with the Congressional debate of two years ago and President-elect Nixon views, there is likely to be a shift in emphasis from many specific programs to the broad "block" grant approach, which I have stressed in my work on the Education and Labor Committee.

POVERTY -- A battle is expected to shape up between the powerful Chairman of the House Ways and Means Committee, Wilbur Mills, and the Nixon Administration on the use of tax incentives to private business to rebuild the inner city, provide manpower training, find jobs for the unemployed, etc. The involvement of the private sector in the solution of major national social and economic problems is expected to increase and legislation dealing with the problems of poverty will probably retain less control in the hands of Washington bureaucracy. I have proposed a number of bills along these lines which will be considered in the weeks ahead.

FARM PROGRAM -- Last year the Congress extended the current farm program for only one year to allow the new Administration to submit major farm legislation. There has been no clear indication from the Secretary of Agriculture-designate as to what shifts in programs are to be expected.

CONSERVATION -- Of interest to Michigan conservationists is legislation to create a National Seashore at Sleeping Bear Dunes and legislation I have introduced to set aside

ASSESSMENT OF MANCHESTER

The drawing at right is mine. I've been doing a lot of serious thinking about Manchester's future. I couldn't figure out why with such an active community, we weren't solving our problems. The drawing on the left is my answer as to why.

We're workers in Manchester. We're an active people, we sponsor, we support financially, we join in, but the trouble is we don't have a common goal. I think we pretty much agree on what we want. "A town that is progressive and yet retains the small town atmosphere." But no one has put it in writing, no one has drawn up a plan and said "this is what we want."

We're all going our separate ways. The planning commission along with the consultants are nearing completion of a master plan for the downtown business district. It will be ready some time in February. The commission members viewed a preliminary

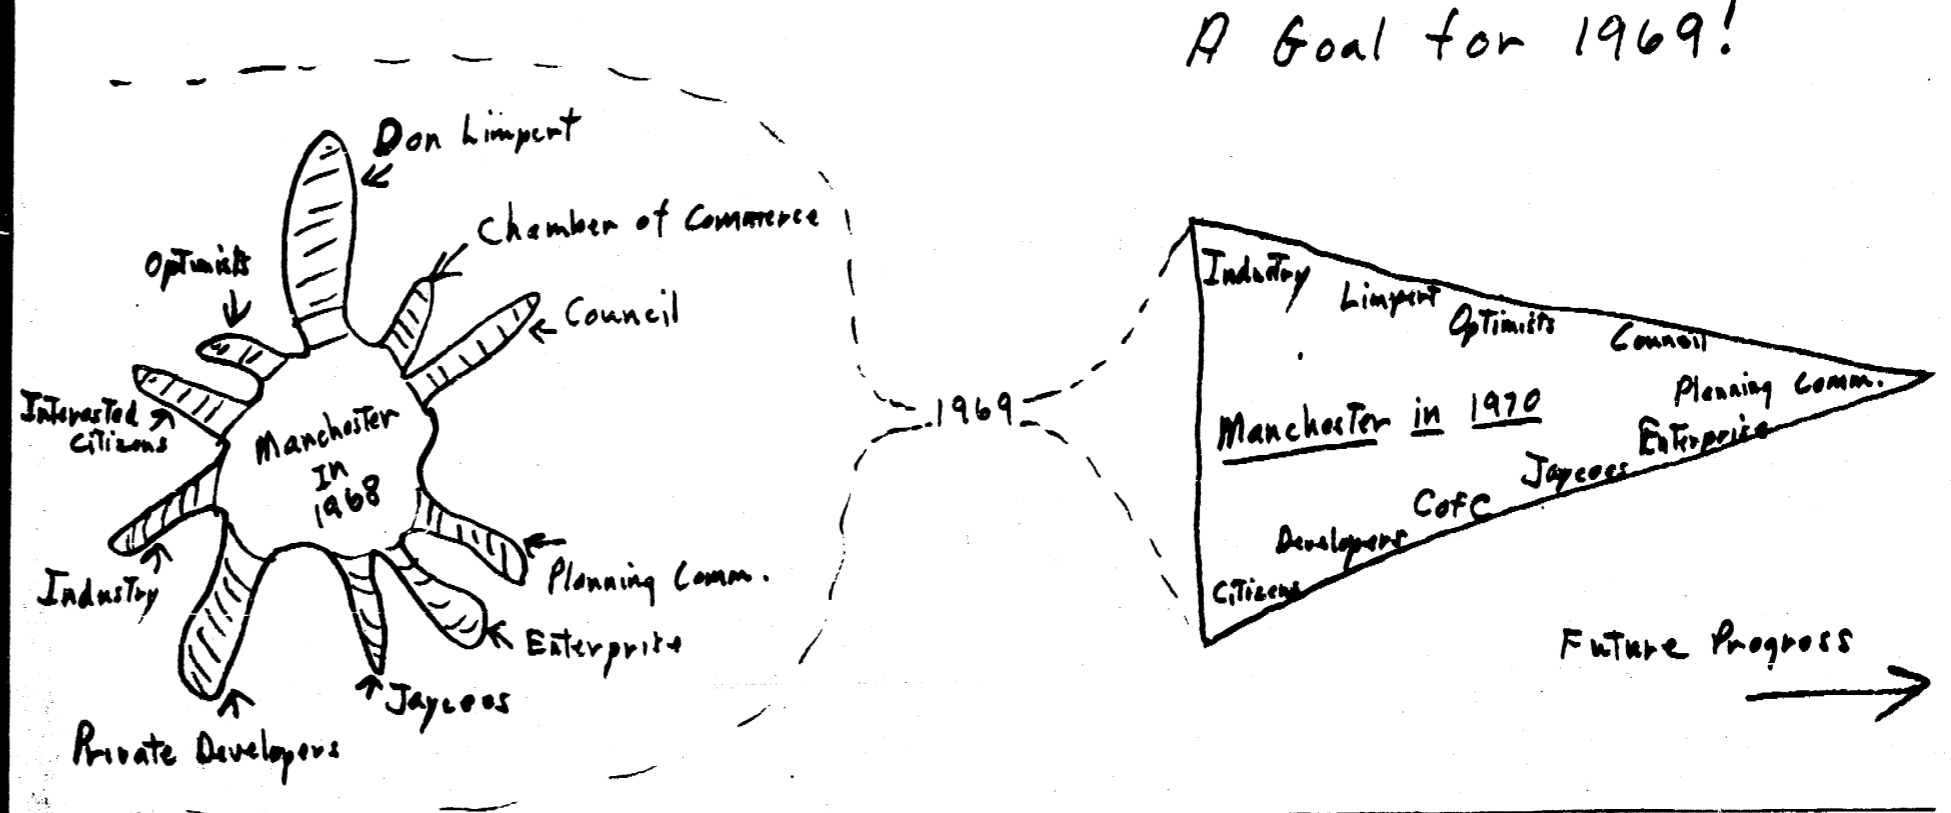

last week. It shows where all the parking will be, what could be done to the store fronts, where new stores are going to grow and develop, etc. When this plan is viewed by the citizens of Manchester, I hope they will assess it, offer suggestions if they want, but most important adopt a plan and then lets get together and accomplish it.

1969 isn't going to be the year we solved all our problems, but let it be the year Manchester citizens get together and all started going in the same direction. Lets get organized, from the council to each and every citizen.

We can determine our own future, we can solve our own problems. All it will take is working together toward the same goal and I for one want 1969 to be the year this happens.

A sound head, an honest heart, and an humble spirit are the three best guides through time and to eternity.

Gaylord - A Story of Wise Resource and Community Development

The Past - Ten years ago Gaylord, Michigan exhibited all the signs of a community "on the skids." The main street was drab and unattractive with fifteen or more vacant stores. The courthouse, schools and post office looked the same as they had a generation ago, except now they were showing their age. Perhaps most important, Gaylord's youth was not satisfied to live in a "declining area."

Division Manager at this plant. It was through Mr. Smith's efforts that Pontresina, Switzerland, has now been designated as a sister city to Gaylord.

At the same time that the Gaylord industrial base was being developed, a new program was under way to provide both the tourist and resident population with a new image for the community. Gaylord needed to create something about itself which would be considered unique. It needed to establish a star attraction which would draw the tourist off the highway and into the center of town. In like manner, it needed to develop the esthetic value of the community to a point where "home-owners" would be proud of Gaylord and "newcomer" feel they had made the right choice in selecting the employment here.

As is so often the case, success is contagious. Now Gaylord has attracted other industries, including national warehouses, a new auto sales agency, and several new restaurants. A new 80 room Holiday Inn with meeting facilities will soon be completed.

Gaylord Today - The 13 vacant stores have disappeared. A new Alpine Teen Center has been built for youth who now enjoy their hometown. In addition, new churches, hospital care facilities, and even the new Otsego County Courthouse and Post Office feature the Alpine architecture.

A rapid run-down of changes shows that 49 establishments have been built new, remodeled or have

adopted the Alpine motif. This represents an investment of 2-1/2 million dollars in private financing and individual enterprise. Property values for many businesses have doubled.

Employment is running at an all-time high. The merchants created a special assessment district and shared with the city in paying for a 222 car off-street parking facility.

During 1967 Michigan Week, Gaylord, as a result of state-wide competition, received the Community Pride Award.

A week-long Alpine Festival is held each July. Over 1,000 Gaylord citizens dress in Alpine costumes for the occasion. A visit to the community during festival time is like stepping into the "old country."

Gaylord's population has increased from 2,500 in 1958 to 3,200 at present. During 1968, 94 families have moved into Gaylord. Young people from all of Michigan and other states, after receiving their education and some work experience, are now attracted to Gaylord.

But, from Gaylord, all of Michigan can learn a lesson. Citizen action is important. At the State Chamber we have noticed an increased interest in citizen action committees in the past year.

However, if efforts are successful in developing a new technical school for this area, young men and women will not have to go elsewhere for their education.

Through the efforts of the Otsego County Chamber of Commerce, a slide set has been developed which shows all aspects of the Gaylord story. Up to the end of 1968, this set has been shown in 73 communities throughout the United States.

In Conclusion - Gaylord's community development program is a success story. The imagination and perseverance of its residents has seen to that. It is a story of how effective local and county government can be utilized fully when backed up by a conscientious citizenry. There was a challenge - it has been met and each year new innovations and improvements will be made. Other area cities can learn from Gaylord's lesson.

As we assisted in local, chamber-sponsored meetings regarding the passage of the Clean Water and Recreation Bond Programs this fall, we observed this interest. Local leadership groups were formed to insure to passage of these important proposals. As a result, Ingham County now has an Action Committee for Clean Water and Recreation. Key leaders in Cinton and Eaton counties soon will organize such programs.

The State Chamber, through its Departments of Public Affairs, Human Resources, Natural Resources, World Trade and Legislation, will be happy to work with local chambers and key community leaders to develop Community Action Programs. Gaylord's success story is just one of many - but the job is never done - what have you and your community done to provide for future Success Stories?

The only truly happy men I have ever known, were Christians.

REFRESHING OPTIMISM

There is a truly great future in store for Michigan farmers -- at least in the opinion of a majority of youthful farm couples attending a recent Young Farmer Conference on the campus of Michigan State University.

smallest was an intensively cultivated commercial vegetable farm of only 66 acres. The average couple operated 450 acres and maintained a dairy herd. Most admitted to "owning at" their operations -- meaning that they were involved in some form of partnership either with their parents or with the local bank.

Honorable Mention All Michigan Produce of Dam. These animals are owned by George Macomber & Sons on Sharon Hollow Rd.

on a cooperative source of economic feed and fertilizer supplies. This attitude hardly fits the mental picture many have of today's aggressive, single-minded young man, more concerned with his pocketbook than with public attitude and policy. But most were headed when they talked about their future, tempering enthusiasm with common sense.

LEGION SUPPORTS MARCH

The American Legion of Michigan is again lending its support to the March of Dimes. State Legion Commander Wayne E. Squire of Flat Rock urges all citizens to back this program which virtually wiped out polio and now seeks to help the hundreds of thousands of youngsters in the United States crippled by birth defects.

birth defects. The posters will be displayed in showing windows of business establishments in nearly every community in the state.

"March of Dimes funds are used to finance medical care, scientific research and education programs in an effort to overcome this serious national problem," states Squire. He asks all citizens to join the Legion in backing this fine cause.

Home is the resort of love, of joy, of peace, and plenty, where supporting and supported, polished friends and dearest relatives mingle into bliss.

ITCHMEN ON THE MOVE

The Dutchmen down Adrian Madison 75 - 62 but they had show some hustle to do it. Rick Lowery who fouled for only his second time, basketball, lead the Dutchmen with 15 points. Jeff Stevens and Lyle Jacobs each had 12 points. Bob Pratt had 10 points.

Go Get Em Dutch "Lefty"

RESTLING NEWS

Manchester might have avaged a moral victory in its 27-19 loss to Adrian Madison Thursday night. Last years scores were 42-11 and 16. This shows a marked improvement in just one year.

FRESHMAN BASKETBALL

The freshmen basketball team got on the winning track by beating Adrian Madison last Thursday by 58 to 34. High man was Don Tapping with 23 points, followed by Jim Roberts with 13. Wayne Tervo and Max Conley had 7 and 8 respectively.

MORE LIGHT OUTDOORS

LP-gas lights on the patio, front lawn and along the driveway are decorative and practical. The friendly glow welcomes guests and provides illumination for night-time cookouts and parties.

SHOWER-POWER! goes on and on... ELECTRICALLY SAVE \$25 ON INSTALLATION of a Fast-Recovery Electric Water Heater Offer Applies to Consumers Power Residential Electric Customers Only. Showering is a family affair with hot water to spare, when a fast-recovery electric water heater is on the job. Super-speed elements deliver hot water just about as fast as you can use it for shower after shower after shower. In fact, a compact, 40-gallon fast-recovery electric water heater puts out enough hot water to handle the needs of 97% of all families.

WOOL INCENTIVE PAYMENTS

The 1968 wool marketing year ended December 31, 1968. Frank Light, Chairman of the Michigan State ASC Committee, announced that all producers who sold wool or unshorn lambs during 1968 would receive an incentive payment on their sales of wool or lambs if they applied for the payment at their local ASCS county office by January 31, 1969.

Wool incentive payments were authorized by the National

Wool Act of 1954 which was enacted to encourage the annual domestic production of about 300 million pounds of shorn wool. The Act also provided that the Secretary of Agriculture would establish an incentive price each year which would be a guaranteed minimum price that producers would receive for the wool they sold during the year. The 1968 incentive price was established at 67 cents per pound.

Light stated that, due to the low price producers received for

wool this past year, the incentive payment would probably be between 30 and 35 cents per pound for 1968. The payment will be based on the average price producers received for their wool. The difference between the average price and the incentive price of 67 cents will determine the final price per pound that will be paid to producers who file an application on or before January 31, 1969.

The incentive payment rates will be announced in March, and payments to wool producers will be made about April 1.

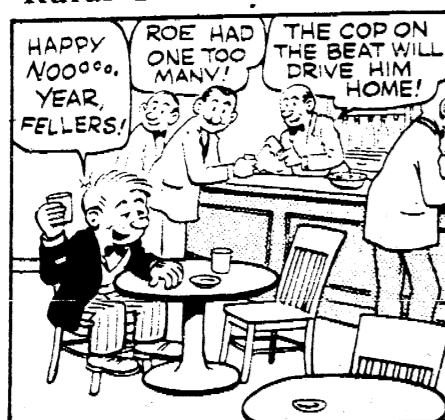

TRAINING PROGRAM

Farm Power Equipment Mechanic Training Program under the Manpower Development and Training Act for 20 trainees has been approved by the U.S. Secretary of Health, Education and Welfare, and U.S. Department of Labor.

Any person interested in taking this training should contact his nearest Michigan Employment Security Commission office and ask about this program. Applicants may qualify for training allowance, travel, and possibly subsistence allowances.

MANCHESTER OPTIMIST CLUB OUTSTANDING CITIZEN AWARD WINNER FOR MONTH OF DECEMBER

Beth Merriman, daughter of Mr. & Mrs. William Merriman, of 7780 Lamb Road, Manchester, and a freshman at Manchester High School, has been chosen as the Optimist Club Outstanding Citizen Award Winner for the month of December. She is being honored in January because the Optimist Club did not have an official meeting in December.

Beth carries a B to A grade average and participates in class projects. She is a member of the mixed chorus and girls junior varsity basketball team. Beth gets along very well with her teachers and peer group.

Beth lives on a 42 acre farm with her parents and five brothers and two sisters. Being the oldest of the children she has assumed much responsibility as a family helper. As a junior member of the 4-H Club for four years, Beth has earned awards for clothing and foods. Beth likes going to school; she likes to sew, she likes to ride horses, and she enjoys raising lambs. This last summer she came in 11th place in the Lamb Club Contest. Beth participated in the IGA Store Contest this last summer and won a four day trip to New York City, on which she was accompanied by her mother.

Congratulations for winning this very coveted award.

PRAYER FOR CHRISTIAN UNITY

The annual Service of Prayer for Christian Unity will be held at the Manchester U. Methodist Church on Sunday, January 26, 1969, at 2:30 P.M. The host pastor, Rev. O. Wm. Cooper, will speak on the topic: WHY BOTHER?

The service will be conducted by ministers from local churches: Rev. C. Fox, Sharon U. Methodist Church; Rev. R. Kuetter, Emanuel U. Church of Christ; Fr. R. Schlinkert, St. Marys Roman Catholic Church; Rev. Wm. Cooper, Manchester U. Methodist Church. The combined Jr. & Sr. choirs of the Manchester U. Methodist Church will sing Ralph Vaughan Williams arrangement of the hymn, FOR ALL SAINTS, by William W. How. The Choirs will be under the direction of Mrs. C. Ingraham. Mrs. P. Kappler will be at the organ.

This is the third observance of this service in Manchester. The congregations of the participating churches are sharing in a Week of Prayer for Christian Unity this week. The week of prayer will culminate in the Service of prayer for Christian Unity next Sunday. All are welcomed.

Whatever is worth doing, is worth doing well.

March of Dimes News

by Carolyn Ahrens

"Be a good scout--help the Boy Scouts fight Birth Defects" when Troops 426 and 436 sponsor a peanut sale for their donation in the Manchester March of Dimes Drive. On Wednesday, January 22 late afternoon and evening Troop 426 under the leadership of Scoutleader Ted Roberts will be at various places on the streets and Saturday, January 25, Lary England's Troop 436 will be located throughout the village.

This is their part in helping others. Won't you be a good scout and help them?

For their contribution to the March of Dimes, The A & B Market is going to give 10¢ of each dollar they receive for one day. This will take place today, January 23rd. Everyone shopping in the store today will also be contributing to the March of Dimes.

The village Mothers' March is scheduled for January 31, Village Chairman Mrs. Ronald Gonyer announced. A short meeting is scheduled for Wednesday, January 29 at the educational section of the United Church of Christ at 7:00 p. m. and all captains and solicitors are urged to be there. It will be brief Mrs. Gonyer said and solicitors will receive their campaign kits at this time.

This year, as in the past, a countless number of people are involved in the annual March of Dimes. The march has already begun in the area townships. Manchester Township Chairman, Mrs. Marvin Kirk; Sharon Township Chairman, Mrs. Leslie Chavey; and Freedom Township Chairman, Mrs. John Bihlmeyer have been working on the drive since January 18 and will continue through the 28th.

The areas are large. Please help them and their solicitors when they stop at your house. A return trip is often difficult to arrange.

Another event designed to add some fun while you help a worthwhile cause, is the Bridgewater March of Dimes Card Party. As announced by Bridgewater Township Chairman, Mrs. Leonard Davis, it's to be held Saturday, January 25 at 8:00 p. m. at the Bridgewater Township Hall. Bring your friends and do your part in the battle against birth defects.

The results of the well-established March of Dimes Coffee Day at the L & M Party Store proved again to be successful. An \$18, 15 donation was presented to Mrs. Hugh Sutton, Manchester March of Dimes Chairman.

Winner of the "free coffee for a week" was Conrad Gonyer who guessed closest the amount donated by the customers throughout the day. A special thanks to Larry

Gaige for donating the coffee and Dick Way for donuts and sweet rolls.

The Jolly Farmerettes and Cloverettes outdid themselves in their annual Balloon Sale for the March of Dimes. A grand total of \$123.55 was presented to Mrs. Hugh Sutton toward the Manchester goal. A number of young ladies were responsible for this and as Mothers' March Village Chairman, Mrs. Ronald Gonyer said, "It's wonderful. The Simmons scheduled the sale and did a wonderful job. We thank each and every girl who helped in this project."

LICENSE PLATES SALES WILL BE HERE

Again this year the Chelsea Branch of the Secretary of State will travel to the neighboring communities of Manchester and Dexter, for the purpose of issuing license plates for those area residents. The schedule this year will be as follows: January 25, 1969 Tith Chev. Sales, 131 Adrian St., Manchester.

February 15, 1969 Tom Marshall Ford, 512 W. Main, Manchester. The hours will be from 1PM to 4:30 PM on each date. Wallace Wood, Chelsea Branch Manager, says that delays in issuing the 1969 plates can be avoided by following a few simple rules.

- 1-Sign the new registration on the reverse side, especially in the center of the right hand section.
- 2-If the vehicle is insured, be sure that you have the CURRENT certificate of insurance, showing an expiration date sometime in the future.
- 3-If you do have a new registration that was mailed to you from Lansing, be sure it is complete, including the expiration date of your insurance coverages.
- 4-The drivers license number of the first named owner of the vehicle should be written at the bottom of the left hand section, as indicated.
- 5-Bring your 1968 registration for verification.

BOY SCOUTS PLAN DERBY

Over 1,000 members of the Portage Trails Council, Boy Scouts of America are expected to participate in a Klondike Derby to be held starting at 8 a. m. at Hudson Mills Metropolitan Park north-west of Dexter on Saturday, January 25.

One of the main projects of the boy scouts is making a sled and participating in a sled race over a 2 mile course with eight activity stations along the route. Activities will also include a snowmobile safety demonstration and water rescue procedures.

Members of the Portage Trails Council reside in communities through Livingston and Washtenaw Counties. For additional information persons

AUXILIARY POLICE BIG HELP TO COMMUNITY; NEED MORE MEN

by Carolyn Ahrens

The Manchester Auxiliary Police have been active in Manchester a relatively short time. Their primary function is to assist in night patrols, parades, school dances, ball games and a number of routine functions and as such man knows, are subject to emergency calls. As pointed out by Wendell Reinhart, Village Councilman and Chairman of the Health and Safety Council, "This is a non-paying volunteer basis job."

"We want to publicly thank these men, the citizens and the council for their fine support. The Auxiliary Police are contributing a great deal in this often thankless job," Mr. Reinhart said. The Auxiliary now consists of Jim Lyon, Dwight Eisenhauer, Lawren Bertke, Karl Gebhardt, Bill Dettling, Ed Hooten, Paul MacIure and John Ashley. So far these men have contributed over 1,000 hours of donated time per year toward the safety and welfare of Manchester.

A program established in several area towns, the Auxiliary is proving to be of great assistance to law officials in smaller towns where often, as is the case in Manchester, the Chief of Police does not have a full-time officer.

Working together, Mr. Reinhart and Chief of Police Larry Becktel are urging area men to support this program by seriously considering the possibility of donating some time toward their town. "We hope to have enough men on the force to schedule each man two nightly patrols per month and with these extra men, add to the number of nights we could assist Chief Becktel," Mr. Reinhart said.

A question and answer meeting for anyone interested in joining the Auxiliary was held last Tuesday at the high school. A second meeting is scheduled for next Tuesday, Jan. 28 in room 104, 7:30 pm at the high school, and individuals who were unable to attend the first meeting but are interested are urged to attend. Mr. Reinhart and Chief Becktel are also available if anyone wishes to contact them.

The future training program for the Auxiliary Police will include gun handling, how to stop and approach cars, car searching, individual frisking, tests on laws and full training of police work. These men will be trained by Chief Becktel and the Washtenaw County Sheriff's Department.

In times of emergency the Manchester Police may be reached by calling 428-8505; the Washtenaw County Sheriff's Department at 662-2504 and asking for car 38 will bring the Manchester Police to your home within moments; or the State Police in Clinton are within a few miles of Manchester by dialing Operator and asking for Enterprise 7248, a non-charge number.

These men, whether full-time or donated time, are working for you. Your consideration, as in many jobs, bring better results for everyone.

HOME ECONOMIC CALENDAR

Thursday - Klara Kueche-Home of Jean England, 107 W. Main, Manchester, Mich.

Many readers of the Enterprise don't know that the Koeber here it is a little warmer. If you wonder who he gives while in Florida, Here is a picture of a couple of them.
