MEMORIAL SCHOLARSHIP

by Carolyn Ahrens

The Gertrude Fielder Memorial Scholarship, in memory of a lady who played an important part in organizing the Manchester Dollars for Scholars, has thus far totaled \$345.00. Mr. Philip Mains has reported that the response was wonderful with varying amounts contributing to this

We'd like to send each and every one a note of appreciation, he and Chester oceski said, but due to the overwhelming list of contributors instead can only publicly thank these wonderful people. Mr. Koceski went on to say that one envelope came from neighbors and friends, another from an organization. Contributions did not have individual names thus by sending notes we might overlook someone he said. However as complete a record as possible will be kept in the Dollars for Scholars folder and at a later date, a report of how the scholarship will be set up will be made, he

In addition to the Gertrude Fielder Scholarship, the annual spring Dollars for Scholars Drive will further aid deserving students in furthering their ducation, Mr. Koceski said.

Celebrate Ten Year History

At its Annual Dinner meeting month. The families helped on February 12, 1969, Catholic during the first 12 months of Social Services of Washtenaw County will celebrate its ten year history of service to the people of the county.

When the Agency copned its doors in 1959, it had one fulltime and one part-time staff member working with families. It is now twelve times that size. haveing 18 professional staff working with families, plus a seven-man business office and eight students from the Graduate School of Social Work at the University of Michigan. This growth has made it possible for Catholic Social Services to help many more poeple than could be offered service ten years ago.

Catholic Social Services has always given service to all who asl evening will be Mr. Kenneth whatever their race, religion or income. The breakdown of these families by religion illustrate who now resides in Saginaw and the Agency's claim that they serve all religious faiths. Of the 2.512 families served during 1968, 986 families were Proor at the Agency, 117 North testant, 957 families were Division Street in Ann Arbor Catholic and the remainder were mixed or other religious affiliations.

When the Agency opened s doors on May 1, 1969, the Agency was helping approximately 50 families a month. It now helps more than 1,000 per

during the first 12 months of operation totaled 336, as compared with 2,512 families helped

The Annual Dinner is to be held at the Sheraton-Ann Arbor Motor Inn. 100 South Fourth Avenue, on Wednesday, Feb. 12, 1969 at 6:30 in the evening. The dinner is not restricted to Agency members, or any other group. This dinner is open to all interested persons and everyone is invited to attend and learn nore about Catholic Social Services. The program at the dinner will be a pictorial story, 'The Anatomy of a Social Agency." The picture was produced by Dr. Walter Niemann. Master of ceremonies for the McDonald, one of the original Board Members of the Agency is the owner of WSAM Radio Station. Tickets for the dinner may be purchased from the ticket chairman in each area

CONFERENCE SET FOR FEBRUARY 18 ON WATER RESOURCES

In an effort to alert communities in the River Raisin basin to the critical nature of water resource problems in the area, the State Water Resources Commission, in conjunction with the State Department of Public Health, will hold a conference next Monday, February 10, at 1:30 p.m. in the Community Center Building, Tecumseh. All basin citizens are invited to attend this meeting, it was announced today by Ralph W. Purdy, executive secretary of

he Commission. Representatives of the two state agencies will present information on the growing problems of water quality and quantity in this area and will attempt to provide an insight into the need for adequate planning for future needs of the basin.

Although several communities currently are utilizing the River Raisin as a source of domestic water supply, state officials are becoming increasingly concerned about water quality. In some quarters it is felt that wastewater discharges to the Raisin, even after the most sophisticated treatment known, nay have an unfavorable impact downstream domestic water

The River Raisin and its ibutaries are rapidly approaching critical state wherein problems are appearing that relate to both the amount and quality of water needed for future expansion of the region. The amount of additional water necessary to support the predicted population and economic growth within the basin is expected to be considerable.

State agency representatives hope to impress upon those attending the conference that diligent efforts must be made to plan and manage the water resources for miximum multiourpose beneficial use in order to assure that the quantity as well as quality of water in the esh will be sciequate.

JACKSON OSTEOPATHIC HOSPITAL ANNOUNCES LARGE EXPANSION

JacksonOsteopathis Hospital will begin a one-million dollar expansion program within the next two weeks in Jackson which will more than double the size of the hospital. The addition will be constructed on the south end of the present structure.

jackson Osteopathic Hospital is located on Seymour Avenue, one block off of Michigan Avenue, on the east side of the city. According to John Strawbridge, their patients.

hospital administrator, the expansion program is scheduled for completion next year at about this same time

Coming in the twenty-sixth year of operation, this newest addition will be the third since the hospital was opened in 1943. The new structure will enlarge the hospital facilities by more than 20,000 square feet, bringing the total to over 35,000 square feet.

New facilities in the addition will provide both new and expanded services by the hospital. The ground floor will have admitting and medical records departments, emergency suite, clinical laboratories, pharmacy, radiology suite, dietaryreceiving and stores, and a new elevator.

On the first floor will be an additional major surgery room, surgical scrub facilites, surgeons' lounge, and locker room. The floor will also have seven medical-surgical beds and five obstetrical beds.

A completely new obstetrical department will be located on the first floor with a delivery fathers' waiting room, doctors' lounge, and locker room, and

VILLAGE OF MANCHESTER OFFICE OF THE VILLAGE PRESIDENT

A PROCLAMATION

BOY SCOUT WEEK FEBRUARY 7-13, 1969

WHEREAS

The Boy Scouts of America, the Nation's largest youth organization was founded February 8, 1910, and chartered by the Congress in 1916 for the purpose of promoting "the ability of boys to do things for themselves and others, to train them in Scoutcraft, to teach them patriotism, courage, self-reliance, and kindred virtues";

Since its founding 59 years ago, the Boy Scouts of America has given over 44 million boys unique training which has provided them with an appreciation of nature, conservation, and outdoor life, while instilling in them the principles of good citizenship so ably expressed in the Scout Oath and the Scout Law;

This year, the 6 - million adult and boy members of the Boy Scouts of America have launched a dynamic, long-range expansion plan known as BOYPOWER '76 that will extend to 1976, the 200th anniversary of the Declaration of Independence. Using as its theme "America's manpower begins with BOYPOWER", the Boy Scouts expect to reach out to serve one out of three boys and make Scouting more relevant to the needs and concerns of today's youth.

NOW THEREFORE, I John Althouse, President of the Village of Manchester, in recognition of its past achievements and its promise for the future of our youth, do hereby declare and proclaim the period of February 7 - 13 as Boy Scout Week in this city. All organizations and citizens are urged to conduct meaningful and appropriate observations in recognition of the material contributions of the Boy Scouts of America to the Nation and to this community.

Done at the Village of Manchester this second day of February 1969

proposed new building.

Second Class Postage paid at Manchester, Michigan

State Representative Thomas G. Sharpe (Republican-Howell) described himself today as "pleased with the design" but 'properly concerned about the ost" of the proposed new State Capitol Building.

"For the past two years, architects have searched for a new expression for Michigan' Capitol, "Rep. Sharpe Said.

"They have rejected the historical, traditional concept of placing the functions of government under a single classical dome.

"Their approach was obviously to find a new and contemporary design -- but still a design that would demonstrate to the public and particularly to the thousands of school children who visit the Capitol the nature and processes

of democracy. "In the respect, I feel the architects have been successful. They have developed a threebuilding concept to house the major functions of government Executive, Legislative, and Judicial. These buildings rise from a podium and are grouped around a beacon which, in place of the traditional lighted dome, will proclaim the seat of our state government.

"By means of this unified design, the new Capitol would clearly be the focal point for the entire state government

"Since I feel that Michigan

TO PRESENT FAIR

Once again the foreign students at the University of Michigan will present the World's Western Michigan University Fair, co-sponsored by the various nationality clubs and the Univerdifferent clubs will participate in this year 's Fair, entitled "Unity in Diversity," which will take place from noon to midnight on Friday, Feb. 7, and Saturday

The Fair features booths representative of the various nationalities and a variety show composed of songs and dances native to the various countries. The appeal of such an event is wide, reaching to both the University students and the families in and around Detroit.

FHA TO HOLD FIRST MEETING

The officers of the Future Homemakers of America for Region III have held their first executive council meeting at Saline High School.

Mrs. Fielder, Chairman of Home Economics Department at Eastern Michigan University, informed us that E. M. U. has offered it facilities for the 1969 Region III meeting, which has been set for November 8, 1969.

Mr. Darrell Thomas of will be the main speaker and a real treat will be in store for sity Activities Center. Over twenty all Region III girls who attend. It's not to early to circle this date on your calendar so as not to miss a dynamic meeting. Region III officers are working hard to provide a worthwhile and interesting experience for all.

Freshwater mussels, which filter about 60 galions of water a day through their bodies to extract food, are currently being used by Michigan State University scientists to determine the roportion of pesticide residue Michigan streams during and after pest control spraying in the areas. Pesticide concentrat in the mussel's body tissue is directly related to the amount of pesticide in the water.

IN HOSPITAL

Mrs. Harold (Julia) Steinaway, natient at Herrick Memorial Hospital since January 24, is progressing well her daughter, Mrs. Kenneth Wolf said. Mrs. Steinaway has been moved from the intensive care unit to a semi-private room although only members of her family are ermitted to see her.

Cards and notes may be sent her in care of Herrick Memorial Hospital, Tecumseh.

TRUCK WEIGHT RESTRICTION

The Washtenaw County Road Commission deems it necessary to preserve the roads under the jurisdiction of this Board and by virtue of the applicable sections of the Michigan Vehicle Code being Act 300, Public Acts of 1949 as amended, we impose springtime axle load restrictions effective, Monday, Feb. 3rd at 6:00 A.M.

The allowable truck loading are as follows:

MAXIMUM ALLOWABLE GROSS AXLE LOADING

BLACK-TOP GRAVEL 13,500 pounds 11,700 pounds 9 feet or over More than 3 1/2 feet, but less than 9 feet 9,750 pounds 8,450 pozods When less than 3 1/2 feet the combined weight shall not 13,500 pounds 11,700 pounds Maximum load on any wheel shall not exceed:(pounds per 525 pounds 450 pounds. inch of tire width)

MAXIMUM TRUCK SPEED

No truck, tractor or tractor with trailer, nor any combination of such vehicles with a gross weight loaded or unloaded in excess of 5,000 pounds shall exceed a speed of 45 miles per hour, which shall be reduced to 35 miles per hour during the period when reduced loadings are being enforced.

CAMP SITES AVAILABLE

The growth of the trailer and camper industry has led to a corresponding growth in campsites -- places you can go to park your trailer or set up your camper.

• Prospective owners of campers and trailers shouldn't be scared off by stories of overcrowded parks, say industry experts who will be on hand at the second annual Detroit Camper and Travel Trailer show Feb. 15-23 in the Detroit Artillery Armory on W. Eight Mile near Northland.

Michigan is fortunate in the huge number of public and private campgrounds available. Some are run by the state, some by counties, will be freely available at the some by cities and townships.

Sometimes the most popular of these are filled, particularly on holiday weekends in the southeastern area, at Holland and along the Lake Michigan Shoreline. But even at these times, many privately run campgrounds charging nominal fees are open, according to Dan Dowsett, show

In the nation as a whole, a 15,000 parks and campgrounds

vehicles. Canada has about 2,000 Total campsites in the United States number nearly a halfmillion, while Canada has

nearly 100,000. Some of the private campgrounds are downright luxurious, with big swimming pools, boat docks, facilities for all kinds of games, recreation halls, and full water, waste, and electricity

The typical campsite is leveled, often has a concrete pad on which the camping vehicle is parked, sometimes has a paved patio alongside, and nearly always has a picnic table and a fireplace.

Information on campgrounds Camper and Travel Trailer Show. Representatives of several outstate governmental units, including Mecosta County and Crystal Falls, will be on hand to boost their camping facilities.

Private campgrounds and lubs also will have display space. These include the Ojibwa Recreation Area at Weidman, the Tamarack Recreation Club near Ann Arbor, the Holiday survey shows, there are more than Park Campground, Timber Shores Resort, Borrowman's Grove, the accepting campers and recreational Park & Play Resort, and others.

NEW ESTIMATED TAX SYSTEM FOR 1969

Completely new estimated ax forms for reporting and paving estimated tax for 1969 will be mailed about February 1 to approximately 10 million taxpayers, A. M. Stoepler, District Director of Internal Revenue Service for Michigan, announced.

A taxpayer should not assume that he is required to file or pay estimated tax simply because he receives the new package, Mr. Stoepler said. Anyone eceiving the new forms package should read the instructions very carefully to determine whether he is required to file an estimate.

No declaration is required. in any event, if the estimated tax not subject to withholding can reasonably be expected to be less than \$40.

Many taxpayers, Mr. toepler said, choose to avoid filing declarations and making quarterly payments by increasing the amount withheld from their

He said that the distribution of estimated tax forms is being made somewhat later than usual because of the introduction of ome new features designed to reduce problems in crediting payments to estimated tax ccounts. The new forms and nstructions, which were previously a part of the income tax pamphlets, will be mailed separately this year.

SALT POISONING?

Salt -- hundreds of ousands of tons, costing undreds of thousands of taxpayer dollars, is shoveled, sprayed and spread each winter on Michigan streets and highways. The salt is spread in the name of safety, and no one can argue that through its application lives are saved.

But not all is on the plus side, for too much salt is poison o plant, man and animal. Rust damage caused by road salt makes automobiles more unreliable and does great damage to protective guardrails, cables, road-signs and bridges .

A recent newspaper story tells of the death of a young child who fell through the rusted-out floor of her mother's speeding car, to die on the highway. One study made by the Michigan Farm Bureau in urging new financing for local bridge replacement and construction notes that 62 percent of Michigan's bridges on local roads are now onsidered inadequate.

Ten Republican candiates and one Democrat are seeking posiions on the March General

In the mayor's race, two nen are running both on the Republican ticket. John Althouse, present Mayor is seeking re-election. Opposing him is Harry Macomber who has been councilman for the past year. The lone Democrat who is

eking a seat on Council is on "Lefty" Ross. He is unprosed on the Democratic ticket. The five Republican andidates for Council are Joe itzgerald, Morgan Kern, Jim Scully, Tom Walton and in-

umbant Robert Lowery. In Monday's election, which is only the primary. one mayor will be chosen. one clerk, one treasurer, hree councilmen from each party and one assessor

Something new this year s the separation of the politial parties. The Republican andidates are on one side and the Democrats on the reverse side. As in the state primaries, oters must either vote for their choice of Democrat or Republican, Voters cannot split their ticket.

The field of five Republicans for Council will be narrowed to three, the mayor's race to one, all other candidates are running unopposed. For Clerk is Conrad Gonyer,

Assessor, Russell Widmayer. The candidates were asked three questions. The answers are

for Treasurer Ed Kirk and for

below. The questions were submitted by three members of the Chamber of Commerce; Roscoe Lannom, "Chick" Kirk and Al Gaige.

1. Why are you running for office?

ALTHOUSE: My primary reason for running again for the office of Village President i basically the same reasons I published one year ago. That is, to provide continuity to important programs initiated in previous years. As an example,

Conrad Gonyer, R., is unopposed in his bid for Village Clerk. Mr. Gonyer is employed at Sutton Insurance Agency, a member of the Chamber of Commerce and American Legion

He and his wife Sharon and three-year-old daughter Shelley live on City Road.

the specific function of planning for Manchester's growth and Manchester is Stagnate! There has been too much future development was started three years ago when a local comidleness where improvements mission was established and a are concerned. They are needs consultant hired. This program almost everywhere. To name a must be continued and intensifew: water, sewers, roads and fied to insure the intended results parking. thought about. Where the answers lie, I don't know. With your help at the polls, will give it that Navy "can do" spirit. SCULLY: I am running for office because I am interested

talking about our problems, but being a member of the in the growth and future of our Village. I want to get ingoverning body gives me a chance to work with others to volved in the projects that we solve our community problems. have and see if I can contribute FITZGERALD: In answer to something to help make our Manchester more appealing to the question, "Why are you running for the office." The first outsiders. I want to help make reason that comes to my mind is Manchester a Village that we that I have an interest in the can be real proud to live in. growth and progress of Mancheste I want to help it grow, but make sure it grows in the right Having worked on some of the direction. We can't afford to projects of our town and knowing some of the problems, I bebecome what is called a bedroom community. I am willing lieve I can work toward solving to give whatever time is necessary WALTON: I have been a to help make Manchester a greater, more appealing comresident of Manchester for a

munity to live in. 2. What can you recommend for the improvement of Man-

MACOMBER: I think the most important thing I could recommend is a reversal of our attitude that a small town like ours can't do much with our limited funds. Other communities say it's impossible for us to feed 10,000 people at our Chicken Broil, but we do it. We need to apply this same type of enthusiasm to our problems of parking, main street appearance, streets,

ALTHOUSE: A five-year street improvement program was initiated three years ago under-Fugene Bentschneider and is on target at this date. The public continued page 8

Club, seemingly busy all year long, but more or less a summer club, is for all boys and girls who enjoy horses and ponies. Right now, some of these 4-H horse members are engrossed in

Don't miss a single event. (If there is no snow, the Festival will be cancelled until next year.)

AREA FARMER HURT IN ACCIDENT

John Bihlmeyer, 27, of Manchester, seriously injured in an automobile accident last Wednesday afternoon "is still in critical condition," a University Hospital spokesman reported. Hospital authorities reported his wife Sandra, 27, in good condition. Also involved in the head-on crash at Austin and Parker Roads. Bridgewater was Gary Paxton, 22 also of Manchester, who was reported in fair condition and then released from the hospital last Friday.

A witness at the scene of the accident shortly after it happened said both cars were facing the same direction after the impact. He added that the helicopter used to transport Bihlmever to the nospital landed in a field near the road and within minutes were air-borne with the injured man.

Roy Bihlmeyer, father of the injured man, said the couple was returning from Detroit where they had attended the prelimin aries of the Outstanding Dairy Farmers Award, an award sponsored yearly by the Michigan Milk Producers Association. Chosen as District No. 1 representatives, the Bihlmevers are among eleven other Michigan farmers, one of whom will be selected as the Outstanding Dairy Farmer in Lansing on

Mr. Bihlmeyer added that the response from neighbors and friends to help with the dairy farm and the couple's two children, a boy 3 and an infant daughter has been "just wonder ful and that the family appreciates and hopes to personally thank everyone who has offered to help.

Cards and letters may be sent to them in care of Univer sity Hospital, Ann Arbor.
