FAMILY SERVICE TO MEET MARCH 3

The fourth annual meeting of Manchester Family Service will be held Monday, March 3 at the Methodist Church Fellowship Hall at 8:00. This local volunteer Community Fund agency was incorporated to coordinate established social and health agencies to meet the needs of the area; to give temporary emergency assistance and to be a source of reference and information for families and individuals. Everyone living in the Manchester School District is a member of this agency. There is no paid staff and all services are volunteered by the nine citizen board and anyone who can give his time to helping others.

Twenty-five families were assisted by the 1968 Christmas Project of which sixteen were referred from the County Christmas Bureau. Fourteen of the families had children (40 were 12 years old or under), three were Senior Citizen couples and seven were individual adults making a total of seventy-six individuals assisted during the holiday season. The total report for the year will be released at the annual meeting to which all interested citizens are invited.

Because of the wide purpose of Manchester Family Service a gift of \$200 was made recently to the agency from the Huron Valley Night Hawk Charity Fund through the Detroit Area Associated Motorcycle Clubs, Incorporated. The agency is supported by the Community Chest and donations.

During the Christmas season cash donations were made by St. Mary's Altar Society and the United Methodist Church W.S. C. S. and Lydia Circle. Service and material donations were made by the Emanuel United Church of Christ, Sharon United Methodist Church, The Optimist Club, Manchester High School FFA and Student Council, and Manchester Tool and Die, Inc.

The Salvation Army which is in charge of the Christmas Bureau for all the social service and health agencies in the County furnished a new toy for every child 12 years old or under, as well as used household equipment for emergency cases. The Ann Arbor Kiwanis also assisted with emergency household equipment needs. Many individuals in the area gave much needed new bedding, used furniture, clothing, toys and food which was processed by the agency for the Christmas Project.

Nine "retired" dolls which were given to the group sans clothing and often without hair were refurbished and beautifully dressed by Mrs. Clyde Gieske, Mrs. Paul Lemon and Karen Jenter, and added to the Christmas boxes.

PLATE DEADLINE NEAR

If you are among the 1-million plus Michigan vehicle owners who has not yet purchased your 1969 license plates, it's later than you think. Sales are running constantly and quite heavily behind last year, says the Secretary of State James M. Hare, with long lines in prospect for later this month. All 1968 license plates expire February 28.

NEW BUSINESS OPENS

This week a new business opens on Manchester's Main Street. The Village Agency, 150 E. Main, owned by Hugh R. Sutton will offer complete insurance and real estate service to this community.

Mr. Sutton disclosed plans for extensive remodeling of the building recently purchased from Basil McGuire. The proposed changes will bring a new look to the north side of the business district. The multi-paned bowed window and paneled entrance will be reminiscent of the commercial architecture found in the eastern part of the United States in the late 18th and early 19th centuries. The traditional facade is intended to compliment the existing low roof line of the structure. Renovation will begin as soon as possible in the spring.

A native of Manchester Mr. Sutton graduated from the public schools of this community, attended Michigan State University and served in the United States Army with overseas duty in Japan. He was employed by the Tecumseh Products Company in Tecumseh, Michigan for twelve years and has sold insurance and real estate in this area for the past ten years. He is married to the former Doris Schlicht of Manchester and is the father of two daughters, Laura 14, and Martha 12. The Suttons live at 308 E. Main Street, Manchester.

Mrs. Dorothy Burch will be serving as the new agency's secretary. No newcomer to Main Street, Mrs. Burch together with her husband Lynn, owned and operated the Manchester Drug for nineteen years until they sold the enterprise to Mr. Larry Gaige. In assuming her new position Mrs. Burch is returning to a type of work with which she is very familiar. She was employed as a secretary for the drug firm of McKesson and Robbins in Detroit for ten years before coming to Manchester.

Office hours at the Village Agency will be from 9 a.m. to 5 p.m. on weekdays, with the exception of Thursdays and Saturdays, when it will close at noon. The agency will also be open on Wednesday evenings from 7 to 8:30 p.m. for the convenience of its customers.

Today the inventory includes 17 Speed Queen washers, 8 new Frigidaire Top Loaders, 12 dryers, 2 dry cleaning machines, 2 double washers and as an added convenience for the customers, the Gonyers have added a hot chocolate and coffee machine.

The laundromat will be open from 7 a.m. to 9 p.m. daily.

NEW BROKER

Mr. Hugh R. Sutton, of 308 E. Main Street, Manchester, has been certified as a qualified real estate broker by the State of Michigan, Department of Licensing and Regulations. Mr. Sutton has for the past eleven years been associated with Hanna Real Estate of Tecumseh as a salesman.

LAUNDROMAT SOLD TO GONYERS

"I'll miss the contact with people," is how Mrs. Bettie Schaible expressed her feelings about selling the laundromat she and her late husband Clarence (Mose) had purchased in January, 1962. "This would have been the beginning of the eighth year and naturally a lot of time and memories are connected with it. It took me six months to decide to sell it," she continued.

Originally started in March, 1960 by James Mitchell, the 24 Westinghouse Day and Night Laundry was then sold to Albert Haller in 1961, a year later to the Schaibles. By this time the inventory included the 24 Westinghouse washers, 12 dryers, 1 cold wash and 2 Hammond dry cleaning machines. Bettie and Clarence then added several new machines in 1964 when 16 well-used Westinghouse machines were replaced by 17 Speed Queen washers and one Milnor or rug washer.

After Mr. Schaible's death in May, 1966, Mrs. Schaible continued to operate the laundromat until the January 25 sale to Conrad and Sharon Gonyer. "There's a lot more to owning a laundromat than most people realize. You're on call during the hours it's open and always the daily cleaning after closing," Mrs. Schaible added.

Conservative Board Liberal With Own Pay

The newly organized 13-member government body, the Washtenaw County District Supervisors, are granted by a law passed last year, the right to set their own salary. They have set it at \$6,000 per year plus per diem which is an additional \$25.00 per day for any special meetings. They are the only legislative body in the state of Michigan allowed to do this.

The required number of meetings per year is two annually, therefore for these 24 meetings they are receiving \$250.00 per meeting. As stated by Jack Bradbury our district supervisor, "it's been necessary at the start for additional four to five weekly meetings which at \$25.00 per diem averages out to be another \$100.00 per week." But as pointed out this additional \$25.00 is a daily rate no matter how many meetings these supervisors attend each day. The \$6,000 salary was based on the average pay of 20 township supervisors which came to \$5,075.00 last year. We feel it's a fair wage, the supervisor added.

"And I say it's ridiculous!" declared one well-informed party. "There's no more business now than before and a lot of their work still depends on the township supervisors." He went on to say that last year the 39 supervisors under the old system averaged 50 meetings with each member receiving an estimated \$4,200 to \$4,300 including the \$20.00 per diem.

He continued to point out that the new salary base is a 2 1/2 times increase over last year to run the county board of supervisors with 28 less men; 7 times the pay per member for 1969; the total cost, if the state legislature does not amend this "do-it-yourself salary law" will exceed \$120,000 for this 13 member board, a job not considered full-time and not the only source of income for these individuals.

Last year salaries for the total Board of 39 men cost the taxpayers \$42,000.

In addition to this, those members no longer assess property or any of the other duties the old board members were required to do.

Washtenaw County is the only county of the 7 counties in the 9th District to exceed \$4,000 plus per diem with the exception of Macomb County which set their's at \$4,500. Jackson County have set a \$3,600 wage plus per diem with a large percentage of residents still unhappy with this amount. Lenawee, \$1,700 plus per diem; Livingston, \$1,600 plus per diem; and Monroe, \$4,000 plus per

diem. Wayne County, although not in the 9th District, has lowered their salary from \$12,500 to \$4,000 after a great deal of public criticism and a court order restraining the Wayne County Treasurer from paying over \$4,000 during the term of the order and / or until the state legislature amends this "do-it-yourself salary law."

This law is still under possible change in Lansing if enough citizen opinion and support as well as the interest of Governor Milliken continue.

RECORD 322 VOTE

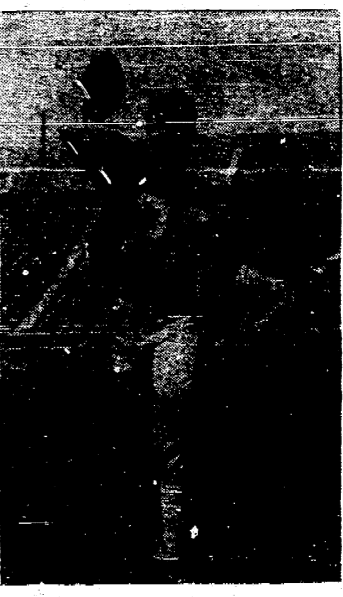

In Monday's election voters returned the incumbent mayor, John Althouse by a big majority. Defeated with the lowest total of the candidates vote was incumbent councilman, Robert Lowery.

Republican councilmen chosen were Tom Walton, Jim Scully, and Joe Fitzgerald. On the Democratic side Don "Lefty" Ross was automatically put on the March ballot.

Twelve ballots were void because people split their tickets. In the March general election they will be the three republicans and one democrat seeking the three available seats on council.

The mayor's race as well as clerk, treasurer, and assessor were all decided in Monday's primary.

ALL-BIG TEN QUARTERBACK

Dennis Brown of the University of Michigan, will speak at the annual Father and Son Banquet at Emanuel Church on February 27 at 7 p.m.

Dennis led the Wolverines to an eight and two record this past season and was selected all-big ten quarterback. He is a speech major at his home in Lincoln Park, Michigan.

Tickets for the banquet may be obtained at Marx and Marx, Grossman-Huber, and Mann's Hill. The sale of tickets will end at noon February 24th.

THE LANSING REPORT

Gilbert E. Bursley

Michigan tourism will be given a big shot in the arm if many proposals in the works are approved by the legislature and adopted by state departments.

Michigan residents last November. This money, along with federal and city matching funds, will be used to expand and improve recreational facilities at all levels of government.

The legislature is seeking legislation to prohibit camping, organized group meetings, and picnics in highway rest areas and 100 road-side parks.

A move is under way to broaden present industrial development bond act provisions to include development of tourist and resort recreational facilities and attractions.

Another move is on in the legislature to establish Washington's and Columbus' birthdays, Memorial Day and Veterans' Day as week-end holidays to coincide with federal law, which goes into effect in 1971.

In an effort to make highway more attractive (and save taxpayers money), the highway department also is seeking legislation to ban throwaway beer bottles.

The legislature, which last year passed legislation making reduced bridge tolls possible, this year will consider a bill to reduce the daily park fee for non-residents from \$2 to \$1 in hopes of encouraging more non-residents to visit Michigan and its state parks.

MICHIGAN REPORT

Thomas G. Sharpe

As most of you realize there are many "ups and downs" in being a state representative. In this week's report I'd like to talk to you about circumstances of the past week which will exemplify my point.

One of the high points was the stand of our new Governor in regards to the problems on our college campuses. Governor Milliken has taken a firm, yet responsible position toward the "disruptive minority" on the university campuses.

The effects of having someone take a positive stand on the issue at hand was obvious at Michigan State University. In his farewell address President John Hannah, even though he is leaving this month, echoed many of the positions taken by Governor Milliken.

Now for the low point. I was shocked and deeply concerned after reading the February 12 issue of Michigan State University's newspaper. In this issue of the State News there were verbal atrocities to be obvious to be repeated. These offensive "Quotes" leave me with just one impression: They were an exhibitionist's attempt at sensationalism.

It's time those who are paying for higher education to take a stand. No one cares to have their children stopped from going to classes by the "radical few," no one wants to

LEADING THE WAY UP

Providing jobs for the hard-core unemployed in productive private enterprise is gathering momentum.

The program of the National Alliance of Businessmen has spearheaded the effort on a nationwide basis. But, in larger cities, the inspired work of individual companies to open the doors of opportunity offers the best evidence of the deadly seriousness with which top businessmen are tackling social and racial problems.

"Every child has a right to be wanted; every woman should be spared the anguish of unwanted childbirth. It is not the unborn who suffer, but the unwanted."

"No One is Turned Away" the Washtenaw County League for Planned Parenthood launched this week the most ambitious fund drive of its history.

In announcing the 1969 goal to raise \$34,000 locally, Robert K. Richards, president of the League, explained how contributions are used locally and identified some of the increased demands faced by the organization.

"A dramatic example of our needs was revealed by the line-up of patients in the office, along the hall, and down the stairs of the Planned Parenthood Clinic in Ypsilanti one night recently."

It is obvious that we need additional clinics, sessions, which means more space, physicians, nurses, and office staff. At present, we maintain two clinics, at 122 1/2 Liberty St., Ann Arbor, and at 38 1/2 Michigan Ave., in Ypsilanti.

Bring unexpired Robies Certificate for Dog License, Male & Unsexed \$3.00, Female \$5.00. Unexpired Robies slips and proper amount of money may be mailed with taxes or alone to: M. H. Wolfe, Twp. Treas., Manchester, Mich.

JAYCEES SECOND ICE FISHING CONTEST

The Chelsea Jaycees have announced plans for their Second Annual Ice Fishing Contest, to be held February 15 through 23. Two major improvements have been made in contest rules as a result of experience gained during last year's contest. The contest has been extended from one day to nine days to minimize the possibility that severe weather will handicap the fishermen, as was the case last year. This year's rules also permit entries to be made by mail, rather than at Jaycee weighing station.

Any fish caught in Washtenaw, Lenawee, Jackson, Livingston, and Ingham counties during the contest period may be entered in this contest, provided that the fisherman has purchased a Contest Entry Form for \$1.00 prior to catching the fish.

Prizes and trophies valued at over \$150 will be awarded to contest winners. Trophies and \$5,00 cash prizes will be awarded for the heaviest fish in the following classes: Perch, Crappie, Bluegill, Northern Pike-Line, and Northern Pike-Speared. The same awards will also be given for the heaviest catch of up to 25 panfish, and special Junior Class trophies will be awarded to best catches made in all

classes by fishermen under 12 years of age. Junior Class fishermen will also be eligible for regular class awards and for the Grand Prize. A Grand Prize Trophy and \$50. Savings Bond will be awarded for the fish closest in weight to the State Record for that species. The State Records are 3 lb., 10 oz. for Perch; 4 lb., 2 oz. for Crappie; 2 lb., 10 oz. for Bluegill; and 39 lb. for Northern Pike.

Last year's Grand Prize winner was Brad McGibney of Chelsea, with a 1 lb., 7 oz. Crappie taken from West Lake. This fish would score 34.9% under the system used this year for determining the Grand Prize Winner. The largest Pike taken last year, an 11 lb., 15 oz. fish speared in Ellsworth Lake by Kenneth Bunker of Fitchburg, would score 30.6%.

Entry forms for this contest are available at Gambles - Manchester and Haab Brothers Hardware - Pleasant Lake.

The Jaycees will use income from the Ice Fishing Contest for various community improvement projects.

To the disgrace of men it is seen, that there are women both more wise to judge what evil is expected, and more constant to bear it when it is happened. -Sir P. Sidney.

NO PLACE FOR BLACKMAIL

For months the press has carried stories of the dispute between California grape growers and farm workers. The dispute has become a national issue that involves principles that go far beyond a difference between employers and employees. Intense pressure from various groups has been brought to bear on food stores and supermarkets all across the country to dissuade them from marketing California grapes. The pressure has taken the form of real or implied threats of violence, business disruption or strikes.

Mr. Clarence G. Adamy, the president of the National Association of Food Chains, has issued a statement on the moral question of whether parties at dispute have the right to coerce a person or business, not a party to the dispute, to become an active participant in it. He most emphatically believes that they do not. He makes three well-taken points. Individual store managements should act freely in a way that best expresses their convictions in any matter. The wisdom of their action can then be judged by shoppers who are free to grant or withhold their patronage. His second point is that coercive action to force stores to withhold a product from the market denies consumers the opportunity to express their own opinions through purchases. His third point is that freedom of action of retail food stores should in no sense indicate lack of interest in social problems.

The retail distribution industry, according to a recent government report, is the second largest cooperator with federal programs in providing training and jobs in supermarkets and other food chain facilities for hard-core unemployed. The industry is also making extra efforts to bring low-cost food distribution facilities to inner-city locations. The grape dispute brings into focus the vast difference between peaceful persuasion through dissemination of information and attempts to impose the will of a group on the public by coercion and threats of force. The latter cannot be tolerated in a free society.

There is a woman at the beginning of all great things.

An open letter to the people of the Manchester area: Long ago, when the first settlers came to this part of the country, business was conducted in a simple manner. Most commodities were traded rather than sold. Property often changed hands with no more formality than a handshake. A person's character was considered more important than his prestige or financial worth. "A man is as good as his word," was a common phrase in the old days--and with good reason--many times a frontiersman could not write his own name. By comparison, business today is extremely complicated. Fantastic increases in population threaten to reduce the individual to a series of numbers or perforations on a computer card. Down through the years the basic ingredients for success in private or public life have remained the same. The code of ethics practiced by our forefathers is still valid today. There can be no substitute for honesty, integrity or courtesy. At the Village Agency every effort will be made to use the most modern methods available to serve the customer with speed and efficiency but never at the expense of his identity. During the past ten years I have found the relationships formed in business to be continuing source of personal pleasure and satisfaction as well as profit. I look forward to renewing old associations and making new friends at my new business location. Sincerely, Hugh R. Sutton

In Memory of Cindy
"I'll lend you for a little while, a child of mine". He said, for you to love the while she lives and mourn for while he's dead.
It may be six or seven years, or twenty-two or three, but will you "till I call her back, take care of him for Me?
He'll bring her charms to gladden you, and shall his stay be brief, You'll have her lovely memory as solace for your grief.
I cannot promise she will stay, since all from earth return, but there are lessons taught down there, I want this child to learn.
I've looked the wide world over in My search for teachers true, and from the throngs that crowd life's lanes, I have selected you.
Now will you give her all your love, nor think the labor vain, nor hate me when I come to call to take her back again?
I fancied that I heard them say: "Dear Lord, Thy will be done." For all the joy Thy child shall bring, the risk of grief we'll run.
We'll shelter her with tenderness, we'll love her while we may, and for the happiness we've known-forever grateful stay.
But shall the angels call for her much sooner than we've planned, We'll brave the bitter grief that comes and try to understand."

FIREMEN KEPT BUSY

Six fires in four days including three on Monday have kept Manchester firemen on the go. Last Saturday a fire on Manrie Road was extinguished. Sunday firemen were called to the Duane Beuerle home on Ann Arbor Hill. Monday the whistle blew about 2:00 p.m. and firemen rushed to Wellwood Road where an unattended fire had spread to about 10 acres. While at the scene a fire was reported at Pleasant Lake. This one was extinguished before firemen arrived. As the trucks were being put away, a fire was reported near the cemetery on the edge of the village. Firemen quickly brought it under control. On Tuesday, at about 3:15 p.m. firemen were called to the farm of Mrs. Rollis Hockstetter where a grass fire was put out.

Through the Catholic Relief Services, St. Mary's Altar Society have adopted four year old Nguyen-Thi-Yen. Each month \$10.00 is sent to this Vietnamese child to help feed and clothe her. Her parents and two sisters were killed in June by the VC. Since then she and relatives, also refugees, have been living in a temporary camp until they are able to return to Nam Hai.

LEGISLATIVE REPORT

Thomas G. Sharpe Legislation will be introduced at the current session of the Michigan Legislature, requiring university officials to withdraw state-supported scholarships from students who participate in violent demonstrations or otherwise interfere with the right of other students to attend classes and receive an education. I have long urged the enactment of such legislation, and I was extremely pleased, very recently, to see Governor William Milliken take a firm and responsible position toward the disruptive minority on the university campus. It is wrong for us to permit our students to live under two standards of conduct--one for the campus and one for the outside world in which they must spend the rest of their lives. I was also pleased to see Michigan State University President John Hannah, in his farewell address, echo many of the very statements made by Governor Milliken. This was one of the few times that a high-ranking official of the university has taken a corrective stand on the issue of disruption. In another facet of the same problem, I was shocked and deeply concerned after reading the February 12 issue of Michigan State University's newspaper. In this issue of The State News there were verbal atrocities too obnoxious to be repeated. These offensive quotes leave me with just one impression: they were an exhibitionist's attempt at sensationalism. It's time for those who are paying for higher education to take a stand. No one cares to have their children stopped from going to classes by the radical few. No one wants to live with the fear that their children will be exposed to narcotics and orgies and no responsible parents desire to have their son or daughter subjected to this abusive language. I sincerely hope that our new Governor will continue his efforts to establish true academic freedom on our campuses.

4-H HORSE JUDGING CONTEST HELD

The annual Washtenaw County 4-H Horse Judging Contest was held on Saturday, February 22. Thirty-four horse members from Washtenaw, Monroe, and Lenawee Counties competed in the contest. The 4-H'ers left the Rural Activities Center on Saline-Ann Arbor Road at 9:00 a. m. and traveled by car to Hy Crest Farm in Brighton, Michigan where they judged a class of Morgan Arabians.

The next stop was Lancer Arabians, also located in Brighton, where a class of Arabian Mares was placed and score cards marked. The third stop was the Everett Riding School back in Ann Arbor. Here a class of Thoroughbred Geldings was carefully studied and judged. Back to the Rural Activities Center for a lunch break and study time. Oral reasons were given and also a written test was taken. Scoring was done very quickly and the results were as follows: Washtenaw County's Junior Horse Judges were - 1st place Denise Way of Manchester, 2nd place Jennifer Carlton of Manchester, 3rd place, Eileen Hinermann of Ann Arbor, 4th place Lori Smith of Saline and 5th place Amy Creason of Manchester. Denise Way, Jennifer Carlton, and Amy Creason are all members of the Sharon Valley Saddle Club. Other members of the club who participated are Ruth Curtis of Manchester, Anna Tobias of Grass Lake, and Gwyn Teachout of Saline.

The Washtenaw County Senior Horse Judging team is comprised of Richard Nixon of Willis, 1st place; Mike Lewis of Ypsilanti, 2nd place; Maureen McGinn of Ann Arbor 3rd place; Carol Rowe of Willis, 4th place; and Bonnie Besch of Saline 5th place. RESIDENTS WARNED ABOUT LAST MINUTE PLATE RUSH

Raincoats and umbrellas are advised for persons waiting until the deadline to buy 1969 auto license plates, point out Automobile Club of Michigan secretaries. They base their advice on the mid-west weather forecast from the "Old Farmer's Almanac" which indicates three inches of rain for February 27-28, the last days for legally driving passenger cars with 1968 license plates. Traditional long lines are expected across the state Thursday and Friday, with the longest lines on Friday. Auto Club secretaries wearing rain dresses also point out that those who wait till the last minute for their plates should be sure they have the following necessary items when they finally reach the window: 57% more money than last year; a certificate showing proof of insurance plus \$1 for the uninsured motorist fund; \$35 for the fund if no certificate or other acceptable proof of insurance is shown, and either a prepared license application from the Secretary's office or current car registration or title.

Marriage is a very sea of calls and claims, which have but little to do with love.

Gay Ninties At Black Sheep Tavern

by Carolyn Ahrens The Black Sheep Tavern, recently remodeled in a turn of the century decor, will revert back to the days when proprietors used symbols instead of printed names to identify their businesses. As pointed out by Don Limpert, new owner of the history laden tavern, years ago many people couldn't read hence the shop owners used pictures to identify their shops. Mr. Limpert intends to use a black sheep as his trademark. Originally opened as a saloon in 1873, it has survived several owners and a history just short of a century itself including a supposedly non-existing saloon during the prohibition days. Before then however, "dry" counties lack son and Lenawee had many thirsty residents traveling by train to Manchester to pack home battered and often dripping suitcases with purchases from the local saloons. The large double building that houses the Black Sheep Tavern and Village Beautiland was built by Grandpa Kirshgessner and Conrad Lehr (pronounced Lane), great-grandfather of Glen C. Lehr. Mr. Lehr opened the saloon, as it was simply called, almost 100 years ago followed by owners William Duke Lehr, Mr. Lehr's paternal grandfather; in the early 1900's Ada Sloan and Leota Schwab's father and uncle William and Frank Sloat; Bill Hann and Biddie Hahn of Tecumseh; Fritz Schill, late husband of Bertha Schill; then Henry Ahling, Mrs. Richard Britten's father; Morris Malodie, Russ Widmayer, Harry Havalin, Albert Haller, Lawrence "Lum" Ross and original partners Allen Alber then Eugene Culp; and now Don Limpert.

One of the few existing stand-up bars in Michigan, the original brass rail has rested many-a drinker's feet and the chestnut framed mirror, dating back to the 1890's or very likely the opening of the saloon itself, has eyed many early Manchesterites as they stood along the original 21 foot walnut counter-top recently retrieved from the tavern cellar. The base of the front of the bar was found in the L & M Party Store basement. Handmade in either 1887 or 1897, Mr. Limpert also noted the carpenter's pencilled initials although these were not as legible. With the exposed faded brick and beaming wainscoting; parchment light fixtures; two tables from another old-time Manchester saloon owned by Carl Wuerthner's father in the early 1880's; a brass wooden barrel tap with a patent date of 1873; and a homecollar mirror made by James Pratt all add to the general atmosphere of an exciting scene from Manchester history. Mr. Limpert went on to say that he hopes residents will bring in pictures or items to help build a complete history around this quaint old German-style tavern. With pitcher beer, clay mugs, homemade pretzels from Way's Bakery on Wednesday and Saturday, he hopes to preserve a touch of Manchester history for residents and visitors alike. "It sure looks different," Junk Ross said about the remodeled Sportsman's Tavern. "I'll miss the people mostly cause I got along good there," he added, "but now I'm going to enjoy myself when the weathers right." Whereas Mr. Ross depended on several people including Mrs. "Pete" Kirk, Mr. Limpert called Norman Myers his right-hand man with Mr. Myers's wife Rosa to provide coffee and sandwiches and Juanita Jose, waitress. The Black Sheep Tavern will be open daily from 10 a. m. to midnight and Sunday from 1 p. m. to 12 midnight.

RESIDENTS FINED FOR GRASS FIRES

Jim Kensler, Fire Chief announced that bills are being sent to three property owners in Manchester Township. These bills of \$50.00 each are a result of those property owners having a fire get out of control on their land. Last year Manchester Township passed a new ordinance whereby residents burning without a permit are subject to a \$50.00 fine if firemen are called to the scene. Chief Kensler warned residents to be sure and get a permit before burning to avoid the \$50.00 fine.
