

PRESENTS LECTURE

The Theosophical Society of Ann Arbor is presenting as their guest speaker, Dr. Richard W. Brooks, Assistant Professor of Philosophy at Oakland University, in Rochester, New York.

The lecture will be held on Sunday, March 2 at 3 p.m., at the Michigan League, in the Michigan Room on the second floor. The topic will be "Image of Man, East and West." It will be presented by Theosophical Federation.

You cannot weld cake-dough to cast iron, nor a girl to an old man.

Our Flag - Show It Proudly!

We Americans cherish our Stars and Stripes. It has given us heart and hope and strength ever since this nation was born.

American flag decal inserted in every one of its 18 million copies. The Digest will offer additional copies at cost to individuals and organizations.

When we fly the flag each day, we salute the blessings we enjoy in this great country. We express our support of the American credo: one nation indivisible, with liberty and justice for all.

Whether you have a full-sized flag or a small reproduction, display it proudly. If we all "show our colors" we shall also show that we know what a privilege it is to be an American.

JAYCEES HOLD SNOWMOBILE RACE

Despite the fact that there was no snow a week ago Sunday, the Manchester Jaycees went ahead and held their First Annual Snowmobile Race.

President Bob Rhee pointed out that the main reason for holding it was to get practice for next year. Jaycees worked Saturday spreading hay and straw completely around the track. Racers said it worked well and the speeds by racers prove this.

Twenty-eight snowmobiles entered and trophies were awarded to the winner. Both oval and drag racing events were held.

Everyone seemed glad the race was held and many of the racers promised to return next year. President Rhee said that the Jaycees learned a lot this year. They found they could hold the race snow or not and very good tips were offered by those competing in this year's race.

Doug Higgins in Underground Construction

by Carolyn Ahrens

Doug Higgins, Inc., dealing in underground construction is a relatively little known business in the sense that the work is done underground and usually prior to any ground-level construction, clearly seen by passers-by.

A type of work Mr. Higgins became involved in four years ago when he worked on an hourly basis digging footings with his one piece of equipment, a backhoe. A year later he established his own company with a 6 man crew—today a crew that varies between 20 and 25 men, several backhoes, bulldozers and endloaders plus other relating equipment.

Such equipment includes two laser beams, fairly new on the market, but which will speed up the pipe laying process as well as making it more accurate in the degree of slant necessary in drainage. It's a small beam of light similar to a transit which will set up an accurate target for the men.

It is hard work Mr. Higgins said and usually a lot of "not knowing what is underground" type of work. You think it may be sand and bid accordingly only to find more clay than sand or water to contend with. A business that involves sealed bids, it's often a risky business because of the ground conditions, he continued.

A year ago his company was contracted to do the underground work for the Earhart Subdivision in Ann Arbor. This led to acceptance of his sealed bid for work in Kalkaska, Saginaw and more work in the Ann Arbor area. With a better knowledge in bidding through experience, he is rapidly doing bigger jobs besides receiving a number of repeat calls from satisfied contractors.

The time involved for each helping mother is one hour (Monday through Thursday), 4 days a week every 3rd week thus over a 6 week period one will have contributed 8 hours of time. There will be a need for more mothers and if you feel you have the time and would like to help you may receive further information by calling Mary Munson at 429-7108 or Genevieve Lemon at 428-5836, Kelly.

DUTCH WIN CHAMPIONSHIP

Here we have Coach Cal Poppink and his Dutchmen just after they had won the Lenawee County Athletic Association championship. The very first thing they did was put Coach Poppink in the shower, and he enjoyed every bit of it from the look on his face and that of his championship team.

ARNOLD'S GAS STATION ROBBED

Last Sunday evening the Texaco station at 500 Ann Arbor Street Cecil Arnold owner, was broken into and robbed at approximately 8:00 p.m. Neighboring witnesses reported the theft when a light colored Volkswagen with a large daisy on the driver's side of the car caused a disturbance near their home. At first they believed it was someone taken ill and signaling for help and were about to go to their aid when two young white men were seen running from the station toward the car with a large cardboard box and tire. The Washtenaw County Sheriff's Department was notified as the second witness ran outside in an attempt to identify the car through the license number.

Within minutes the two men on duty in Manchester were at the scene and called Chief of Police Larry Becktel and an investigation roadblocks and fingerprinting was started. The thieves had obtained entry into the station by breaking a window in the back door. Mr. Arnold reported a loss of approximately \$75.00 in cigarettes, lighters, a number of small items and the used tire.

Investigation is continuing and anyone seeing the car involved or any information are asked to call Chief Becktel or the Washtenaw County Sheriff's Department.

ANNUAL ELECTION NEXT MONDAY

Voters will choose three councilmen from the four seeking office. There are three Republican candidates running, Joe Fitzgerald, Tom Walton, and Jim Scully. On the Democratic ticket is Don "Lefty" Ross. Voters may split their ticket in this election.

For mayor is John Althouse, unopposed as are Clerk, Conrad Gonyer, Treasurer, Ed Kirk, and Assessor Russell Wildmayer.

A turnout of about 100 voters is expected.

MOTHERS HELP SCHOOL CHILDREN

by Carolyn Ahrens

Three years ago several mothers and teachers in and around Pleasant Lake School area set up a special program to help a number of children who needed extra help in their school work. This soon involved reading, drill work in numbers, alphabet and vocabulary. A program designed with no more than 4 children in each section, the mothers were able to work closely with each child using the teachers guideline with an evaluation at the end of each 6 weeks period for several reasons including whether the program would be continued. This program has continued the past three years and with the help of interested mothers has more than proved its value.

The time involved for each helping mother is one hour (Monday through Thursday), 4 days a week every 3rd week thus over a 6 week period one will have contributed 8 hours of time. As pointed out by one mother, in a program such as this there is always a need for more mothers—for anyone interested in helping children. There will be a need for more mothers and if you feel you have the time and would like to help you may receive further information by calling Mary Munson at 429-7108 or Genevieve Lemon at 428-5836, Kelly.

FIREMEN AGAIN BUSY ON WEEKEND

Last Saturday, firemen were called to the Fred Grossman farm on Grossman Road where flames were spreading across a field. Before they could get it under control, approximately 25 acres had burned. Two fire trucks became mired in the field while trying to follow the flames. Wind kept the flames high enough to make it impossible to beat out the fire with brooms.

As firemen were snuffing out the last of the stubborn flames in a corn field, the fire whistle blew again. The No. 1 truck was rushed to the Waster farm on Austin Road where other firemen had taken the No. 4 truck which is kept in the barn for such emergencies, to the scene and had the fire under control. Sunday firemen were called to Madison Street to extinguish a small grass fire which was set by children with matches.

Fire Chief Jim Kensler expressed thanks to all those young men who helped extinguish the Saturday fire on Grossman Road. Chief Kensler also reminds residents that all burning permits have been cancelled until some damp conditions reduce the fire hazard.

Further investigation is continuing and Chief Becktel reports they do have a suspect.

NOTICE

Mayor Althouse reports that last Friday he was in contact with the Layne Northern Company, under contract to install the filter system in Manchester Village. A spokesman said that the company has been delayed for several reasons but have assured Mr. Althouse they will make every effort to send a crew within a short time.

STATE 4-H LEADER MEET

The thirteenth annual Leadership meet was held Saturday and Sunday, March 1 and 2, at Kellogg Center, Michigan State University in East Lansing. The Leadership is sponsored by the State 4-H Council, the Cooperative Extension Service of Michigan State University and the 4-H Club Foundation

BREAK-INS REPORTED

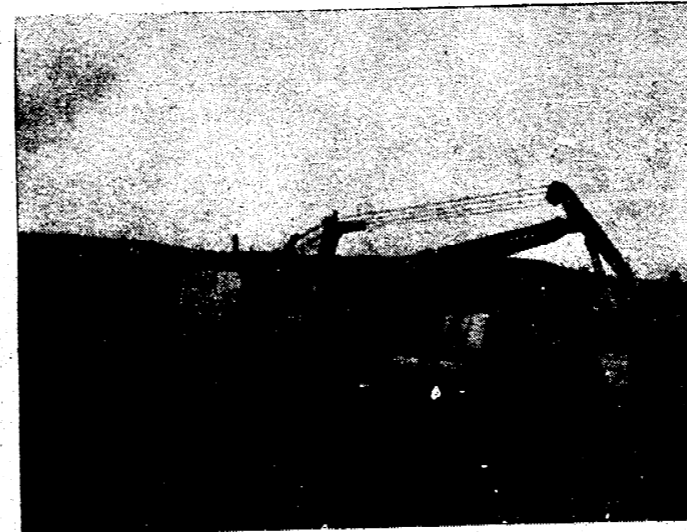

On January 26, Mrs. Harold Arnet of 207 S. Clinton called the State Police in Clinton to report a broken picture window. Investigation showed that a stone had been thrown through the window and the guilty party apparently had cut his hand before or during the incident. The incident occurred at approximately 12:30 a.m.

That following morning Mrs. Eleanor Gumper of 208 S. Clinton reported a broken blood spattered window in her kitchen. She had called the Manchester Police although she did not know when the damage was done. Until a few days later the two departments were not aware of the closely related incidents. It was first believed Mrs. Gumper's window had been broken by a bird because of the blood and the height of the window.

Further investigation is continuing and Chief Becktel reports they do have a suspect.

IT ISN'T THE TOWN -- IT'S YOU!!

If you want to live in the kind of a town like the kind of town you like, You needn't slip your clothes in a grip and start on a long, long hike. You'll only find what you left behind, for there's nothing that's really new; It's a knock at yourself when you knock the town, it isn't the town -- it's you!! Real towns are not made by men afraid lest someone else gets ahead; When everyone works and nobody shirks, you can raise a town from dead, And if while you make your personal stake your neighbor can make one, too. Your town will be what you want it to be. It isn't the town -- it's you!!

EDITORIAL

A new bill has been introduced in the legislature. Senate Bill No. 57.

"Assessors shall not add to value of property for tax purposes cost of repairs and maintenance made on property for upkeep or general appearance."

I favor this bill and I hope many citizens will take the time to write their representative voicing support for this bill.

At present a home, business, or farm can only look forward to larger taxes if he improves the appearance of his property.

I feel this bill is a step in the right direction of rewarding instead of penalizing those people who take pride in their property and continually up-grade it.

Please let your representative hear from you.

TAX SURCHARGE TRIPS UP MANY TAXPAYERS

Many local taxpayers are making mistakes in computing the new tax surcharge on their 1968 Federal income tax returns, A.M. Stoepfer District Director of Internal Revenue for Michigan said today.

Some taxpayers are forgetting to add the surcharge to their regular tax while others are figuring it incorrectly, Mr. Stoepfer said. If the taxpayer is expecting a refund, it will be delayed until the mistake is corrected.

To avoid mistakes and refund delays, Mr. Stoepfer suggested that taxpayers read the instructions that come with the tax forms. The tax surcharge is explained in both the 1040 and 1040A instructions.

Mr. Stoepfer said the tax surcharge on 1968 income amounts to 7 1/2 percent of the taxpayer's regular tax. For example, if a person's tax was \$1,000 before the surcharge, it would be \$1,075 with the surcharge taken into account.

Although the surcharge is generally described as a 10 percent tax, it did not become effective until April 1, 1968, Mr. Stoepfer said. To simplify calculations for taxpayers, Congress specified that taxpayers pay 7 1/2 percent of the tax on all of their 1968 income rather than 10 percent of the tax on income earned after April 1, 1968.

TAXPAYERS ASK IRS

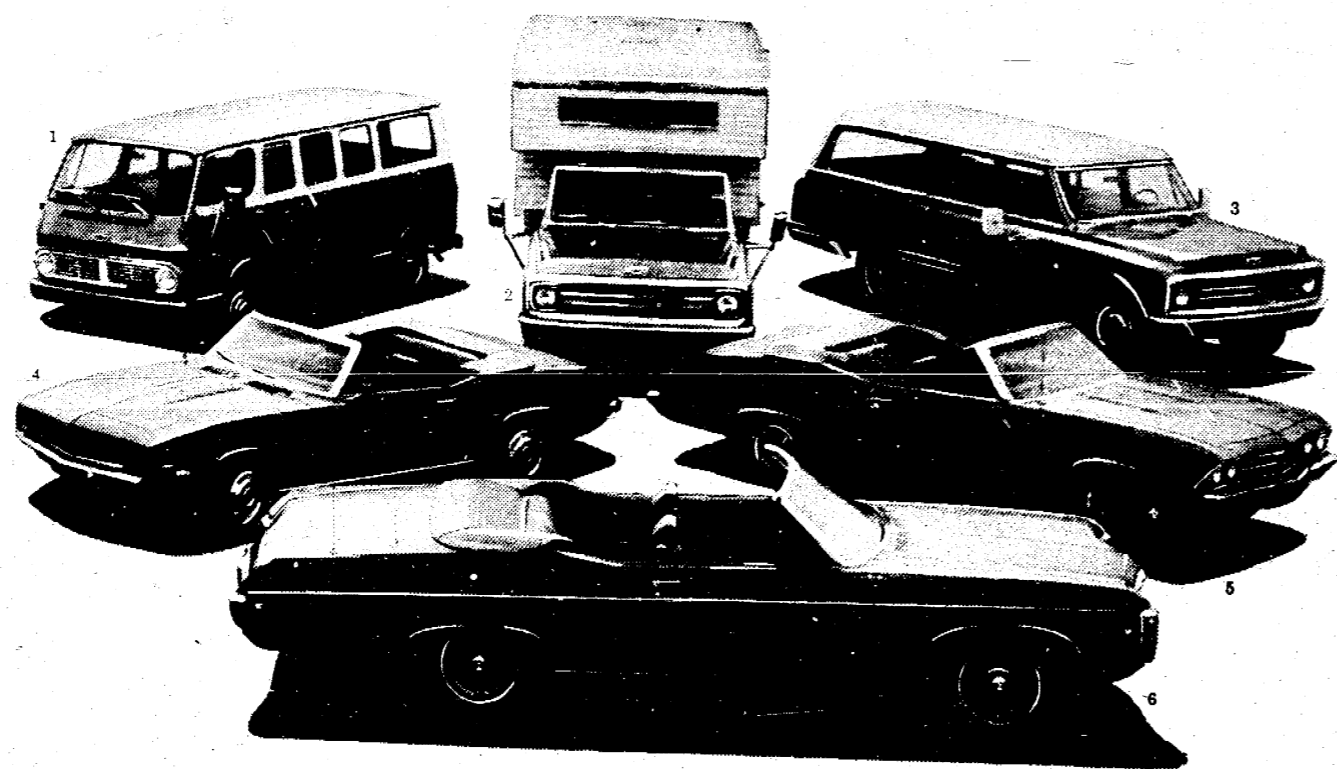

Q. I just received a bill for taxes I paid last month. What should I do?
A. Write the office which sent you the bill telling them when you made your last payment and where it was sent. Be sure to give your name, address and Social Security Number. It is possible that your payment got separated from the return or notice accompanying it.

To make sure payments are properly credited, always put your Social Security number on your check or money order. It will also be helpful to write on the check what it is for and to enclose any bill or notice you may have received.

Q. If I send in my return now, how long will it take to get my refund?
A. Refund claims filed now can be processed and the check issued in 5-6 weeks. Returns filed in April take longer to process, because of the high volume of returns received at that time.

Q. No, the law generally does not permit deductions for assessments for local benefits that tend to increase the value of your property. The amount of the

TAX TIPS

allow you any deduction for taxes and interest paid for someone else if you are not legally liable. If the mortgage was in your name, you may deduct the interest when you itemize your deductions.

Q. I cashed in some U.S. savings bonds last year. What do I report as interest on them?
A. Report as interest the difference between what you paid for the bonds, the issue price, and what you received when you turned them in. Some cash basis taxpayers elect to report the interest earned each year on their bonds rather than all at once when they redeem the bonds. Either way of reporting this interest income is acceptable. However, once the election to report the increment each year is made, you must continue to do so for all discount bonds you own or acquire later.

Q. I'm a farmer and I would rather file early than pay the estimated tax. When do I have to send in my 1968 tax return?
A. The filing deadline for farmers who have not made an estimated tax declaration return is February 17. Be sure to attach a schedule F to your form 1040 and pay in full any tax that is due.

Q. I have a stock sale report. What form do I use and where can I get a copy?
A. Stock sales and other sales or exchanges of property should be reported on Schedule D. The net profit or loss from these sales should be entered on line 5, Part II of your form 1040.

Copies of Schedule D are available at local IRS offices as well as many banks and post offices.

Q. My refund was held up last year. What can I do to avoid the same thing happening this year?
A. File a complete, accurate form and send it in early. Refund claims filed now can be processed

TIPS

the refund issued in 5 to 6 weeks.

A major reason for refund delay last year was incomplete returns for one and one-half million returns were received with a missing or incorrect social security number. Other common errors were failure to sign the return and failure to include W-2 statements.

Missing supplementary forms, such as those to claim the sick pay deduction or a moving expense deduction, also delayed some refunds.

Q. My paycheck has been smaller the last few weeks. Have taxes gone up?
A. The Social Security tax for individuals increased from 4.8 percent to 4.8 percent in January. This may account for the increased withholding from your paycheck.

Q. A W-2 form came last week for my son who is now in the Army. Does he have to file a tax return?
A. Yes, he does if his income was \$600 or more last year. A return would also have to be filed to claim a refund of tax withheld even if income was less than \$600. However, if he is stationed overseas he has additional time to file his return.

Q. Taxpayers out of the country have an automatic extension from April 15 to June 15 to file 1968 return if due until 180 days after he leaves that area.

Q. I am a widower. Does the fact that my nephew now makes his home with me allow me to file as head of household?
A. If your nephew also qualifies as your dependent then you may be able to file as a head of household. Check your 1040 instructions for details.

Q. Social Security tax was taken out of my pay on both jobs last year. Is there any way I can get part of this back?
A. If more than \$343.20 was withheld from your wages last year for Social Security taxes, then the excess can be claimed as credit on your income tax return. The amount of the credit should be entered on line 13, page 1 of the form 1040.

Be sure to attach W-2 forms from both employers showing the amounts that have been withheld.

Q. How much can a self-employed person deduct for contributions to a retirement plan?
A. A self-employed person can set aside up to 10 percent of his earned income in an approved plan with a maximum of \$2,500, and deduct this on his return. This is explained on Publication 560, "Retirement Plans for Self-Employed Individuals". Send a post card to your District office to obtain a free copy.

Q. What taxes can I deduct on my return?
A. You may deduct state and local taxes, income, sales, gasoline, personal property, and real estate taxes.

Deductions are not allowed for: Federal taxes, drivers licenses, state and local taxes on alcoholic beverages, tobacco and certain miscellaneous taxes. Also, the cost of auto tags are deductible only to the extent they are based on the value of your car.

Q. Does it make any difference whether I file the red, white and blue tax form I got in the mail or one of the plain ones the Post Office has?
A. Either form is acceptable, but the colored form is preferable. However, if you do not file the return mailed you, please be sure to remove the name label and put it on the return you do file. Use of the address label will properly identify your return and speed any refund due.

The use of color on some of the 1968 tax returns is an experiment to determine whether the use of color to highlight certain sections of the form will reduce error.

Q. Where can I hire someone to help me with my tax return?
A. Call your local accounting, legal or tax practitioner association and ask them for the names of qualified people.

In choosing an advisor, here are things to look for: (1) avoid the man who "guarantees" you a refund, (2) be on guard, if he suggest the refund be sent to his address.

You should never sign a blank tax return or one that has been prepared in pencil. You are legally responsible for every item on the return even though someone else has helped you prepare it.

Your advisor should sign the return, too, indicating that he helped you with it.

Q. Are gifts ever taxed?
A. The recipient has no Federal income tax to pay but the

giver may be taxed if the gift is sizable. The law generally requires a gift tax return to be filed by the donor when a gift or gifts to any one person during the year exceeds \$3,000.

However, income earned on gifts is taxable to the recipient.

Q. I sold my house just before my 65th birthday. Does it mean I won't be entitled to the special benefits for the elderly on those sales?
A. The law requires you to be 65 or over before the date of sale or exchange to qualify for these special benefits.

Q. I was married last month. Since my name has changed do I have to change my social security number?
A. When your name changes, notify your local office of the Social Security Administration as soon as possible. Your number will not be changed, but your record will be corrected to reflect your married name.

Q. Who can file the short form, 1040A?
A. This form can be used in the following circumstances: (1) income is under \$10,000; and (2) income consists entirely of wages subject to withholding and not more than \$200 from dividends, interest, and other wages.

The form 1040A cannot be used by taxpayers who either itemize their deductions or who claim special tax credits or deductions such as the retirement income credit, sick pay exclusion, or moving expense deduction.

Further details on filing requirements are given in the instructions that accompany both the 1040 and 1040A tax forms.

Q. Where can I get a copy of the new 1040 ES tax form?
A. About 13 million new estimated tax form packages will be mailed to taxpayers February 1. If you filed an estimated tax declaration last year or owed more than \$40 when you filed your 1967 return, you will receive a 1040 ES form. Declaration of Estimated Income Tax for Individuals, in the mail.

The new forms are preaddressed to assure proper identification of estimated tax credits. Be sure to use your preaddressed form when you file. Others filing for the first time should get a Form 1040 ES from their District Director.

Q. When parents are divorced which one gets to claim the children as dependents?
A. Generally the parent who has custody of the child for the greater part of the year is entitled to the dependency exemption. However, if the other parent contributes at least \$600 during the year to the support of the child he or she may be entitled to the exemption. There is also a special rule for a parent who furnishes more than \$1200 of support during the year but does not have custody.

These rules apply only if the divorced or separated parents together provide more than half of the child's support and have custody for more than half of the year. For further details get Publication 501, Your Exemptions and Exemptions for Dependents, from your District Director.

Q. I operate my farm on a cash basis. Does this mean I won't have to figure out my inventories for tax purposes?
A. Farmers using the cash method do not have to report the value of their inventories for tax purposes. However, you should keep good records so that income and expenses can be accurately reported.

Q. If I file my return now, how long will it take for me to get my refund?
A. The normal processing cycle for refunds mailed now is 5-6 weeks if the return is accurate and complete. Send your return to your regional service center.

If there is a delay beyond the usual 5-6 weeks period due to the large volume of returns being received or missing or inaccurate information, you should hear from IRS about your refund within 10 weeks from the time you filed. Taxpay-

ers should wait at least 10 weeks from the time they filed before writing about their refund.

To avoid delays, be sure your Social Security number is entered accurately, all W-2 forms are attached, and the return is signed. Both husband and wife should sign if it is a joint return. Where the wife has income, her Social Security number and W-2 forms must be included.

Q. I'm paying back a loan I took out for my son's college education. Can I deduct these payments on my 1968 return?
A. No, only that part of your repayments representing interest on the loan will be deductible when you itemize.

THE FEAR OF THE LORD IS THE BEGINNING OF WISDOM

Years ago people used to talk about the fear of God much more than they do today. The term has been almost removed from the religious vocabulary of modern man. He may acknowledge that he should believe in God, love Him, and serve Him; but he likes to think that God is to be feared. But because of His righteous judgments and great power, frail mankind might well stand in awe at the thought of living contrary to His law.

Our forefathers had a vastly different conception of God. They maintained that a truly pious man was a God-fearing man. The liberal religionist and modern philosopher considers this out of date and dangerous to our spiritual life. Perhaps some may reason that in view of the fact that we live in a world of fear, and find so many reasons for mistrust and dread among men and nations, we ought to discard any thought of fear of God. The Scriptures declare that if we truly fear and reverence God, we need not fear what man can do to us.

Moreover, the Bible abounds with statements which exhort us to live in obedience to the law of the Lord, stating also the consequence of disobedience. We should consider who He is and what He is.

The very fact that we cannot comprehend His greatness is cause for us to tremble for all that man has dreamed through mighty telescopes cannot begin to describe the majesty and wonder of His creation.

Yet this is not the kind of fear that God delights in. Rather He would take pleasure in our reverence and love to the extent that we would fear lest we displease Him. The Bible states that "The fear of the Lord is the beginning of Wisdom also 'the beginning of knowledge.' " Prob. 1:7. It is said of Noah that he moved with fear and built the ark, Heb. 11:7.

Wherefore, "let us have grace and serve the Lord acceptably, with reverence and godly fear." Heb. 12:28. One of the very tragic conditions of the times in which we live is the truth of the statement of the Bible which declares that there is no fear of God before their eyes. When a man loses his fear and reverence for God, he loses his regard for that which God has to say to us through His Word, and consequently loses his respect for the authority and dignity of man and his laws. Let us then hold fast to the truth in faith, in teaching, and in practice, to serve the Lord with reverence and Godly-fear, for the fear of the Lord is clean, enduring forever. Psalm 19:9

MAN ON THE MOVE

A. Frank Brewer, Division Manager, Consumers Power Jackson Division

The Consumers Power division manager has a big area to serve. But some of the ways in which he serves it may surprise you. Yes, he manages office operations. Supervises the people who perform their various jobs. Keeps a tight rein on expenses. Troubleshoots in emergencies.

It's an eight-hour day, plus. Plus Crippled Children's Society and Tuberculosis Association; plus service club and Chamber of Commerce and industrial development projects . . . plus urban problems and rural problems. Study committees, civic projects, advisory groups — all have a claim on this man's time.

The division manager is on the move, participating in community affairs, representing Consumers Power as a good citizen and neighbor. His example is followed by many other Consumers Power people, too. Besides working at their jobs, they work in their communities to help make them better places in which to live.

It's all part of the high standards of service that Consumers Power sets for its people. Plus the recognition of an old truth: what's good for the community is good for the businesses in it.

RED CROSS AID

Over 107,000 U.S. servicemen and women turned to the American Red Cross for help with personal and family emergencies each month last year with the result that expenditures for services to the armed forces and their families were the highest since World War II.

The total cost came to over \$46,440,500 - 40 percent of all American Red Cross expenditures for the 1967-68 fiscal year, President James F. Collins, Red Cross President said today.

The record outlay was attributed to requirements for service generated by the Vietnamese conflict and increases in the U.S. Armed Forces. Over 400 American Red Cross workers provided needed help for an average of 27,500 servicemen in Vietnam each month. Tens of thousands others were reached through American Red Cross recreation programs.

Noting that the organization is charged by Congress to "act as a medium of voluntary relief and communications between the American people and the members of their armed forces," General Collins forecast that the cost of these services may jump to over \$53 million in the fiscal year beginning next July 1, during which total ARC expenditures are expected to top \$128 million.

Red Cross volunteers and staff last year were on duty in 30 countries around the world where U.S. forces were stationed, providing such help as financial assistance, emergency communication with their families at home and counseling.

AGRICULTURE IN ACTION

"The trustees and officers of the Freedom's Foundation at Valley Forge, announce with pleasure" stated the formal note reporting the recent selection of the Michigan Farm Bureau to receive one of the Foundation's coveted awards. Basis for the honor was an unusual "Citizenship Seminar" involving selected high school Juniors and Seniors invited each year to take part in almost a solid week of experience in citizenship training.

To assure lively participation the arriving youngsters are split into two "political" parties (the "Planeteers and the Stellites") with one-third of the group declared to be "independent" and an appropriate target for vote-winning by both sides. Then the fun begins as the youngsters go through all of the complicated motions of an intense political campaign.

They have voter registration drives, hold rallies, select slogans. They hold caucuses, designate candidates, organize political "conventions" (complete with signs, noisemakers, posters, balloons and confetti) -- and before the seminar is over, conduct a complete campaign from primary through general election.

They will have used paper ballots in their mock primary, and real voting machines in the general election. Much of the time they will have been guided through this course in practical politics by famed local government expert, D. Hale Brake, former State Treasurer and member of the State Senate.

In between will be course studies of our country's political and economic systems compared to other governments of the world.

This year, the five-day learning experience will be held July 21-25 on the campus of Central Michigan University, Mount Pleasant, with student selection already underway in many Michigan communities. Service clubs, civic and patriotic organizations join local businessmen and county Farm Bureaus in sponsoring scholarships to pay tuition and living costs for the estimated 200 youngsters expected to take part. All of which adds up -- in words of the Freedom's Foundation officials, to "An outstanding accomplishment in helping to achieve a better understanding of the American way of Life. . ."

SHEEP SHEARERS MEET

On February 22, 1969 the annual Sheep Shearers meeting was held at the Pulaski Community Hall.

There were about 60 people at the meeting, consisting of shearers, wool buyers, extension people young interested men in shearing and a few retired shearers.

Graydon Blank introduced to the guests the President of the Ohio Shearers Association and his two brothers, one from Ohio and one from Missouri, whose father, Mr. Weston took charge of showing how to sharpen knives and the general care of equipment.

Officers were the same as last year: Pres. Ron Kuhl, V. Pres. Larry Roehm, Sec., Treas., Dale Weidmayer.

After the business meeting a discussion followed on the State Fair shearing contest. Judges this year are Alan Faulhaber, Cliff Bahne and Roy Raider.

Dr. Clifford Beck talked about drugs given to sheep so they will lose their wool, but as yet they have not been very successful.

Mr. Seymour talked on grades of wool and different ways to tie it. He encouraged us to write to our Congressmen and Senators to raise the imports on wool and increase its price in this area.

The meeting was adjourned about 3:00 p.m.

SPRING A LITTLE LATE THIS YEAR

Spring will officially arrive on March 20 at 2:08 p.m., some six hours later than last year, according to a University of Michigan astronomer.

Prof. Hazel M. Losh says that that hour the sun will arrive at the vernal equinox, the equator, in its way north.

The six-hour time lag is traced to the difference between the number of days in our calendar and the

time used by the earth to travel around the sun.

On the 20th the sun will rise and set almost exactly at the east and west points, and the day and night are said to be of equal length. But in reality the day is longer.

Although the sun is above the horizon for 12 hours, it may be seen a few minutes before it comes up and for a time after it has set, since the light rays are bent as they pass through the atmosphere.

The day and night are more nearly of the same length about

three days before the equinox, Prof. Losh says.

The spring stars and the constellations are beginning to make their appearance, but Venus continues as the bright "evening star" in the western sky. Jupiter, rising almost directly in the east and visible all night, dominates the sky. According to Prof. Losh, it will reach the meridian on March 21, around midnight.

Spica, called "Queen Star of the Spring," can be located by continuing the sweep of the Big Dipper's handle past Arcturus.

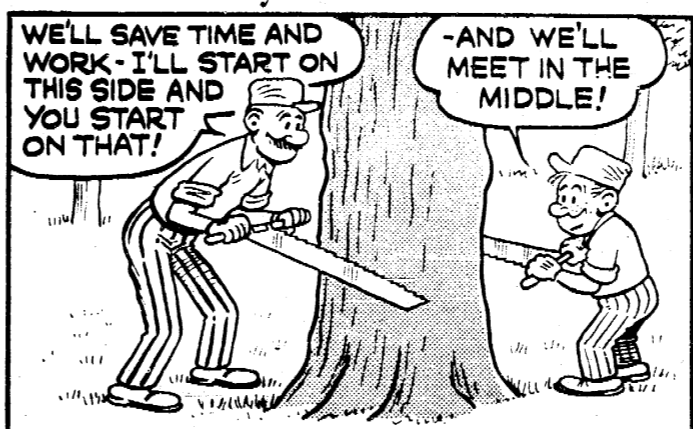

PETITIONS FILED BY STATE BAR

In response to two petitions filed by the State Bar of Michigan requesting certain suggested rule changes which would affect the bar's grievance procedures, the Michigan Supreme Court has ordered that spokesmen for the bar appear for an open, public hearing on March 4, to present these petitions to the Court.

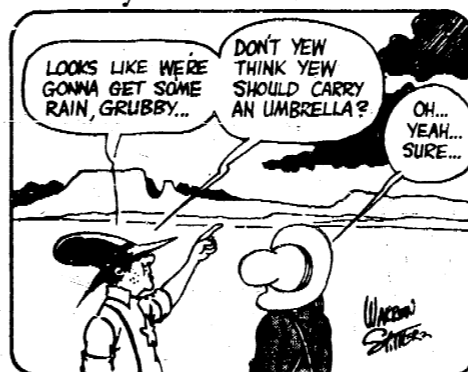

State Bar President Gilbert H.

Davis, Royal Oak, stated that through these petitions the bar seeks to 1- propose that formal disciplinary hearings held by the State Bar Grievance committee on matters of misconduct be opened to the public; 2- be authorized to petition the proper Court to order any member of the bar unable to appear for a formal hearing before the Grievance Committee due to physical or mental disability, to show cause why he should not be suspended from practice until able to appear for a proper hearing.

THE EPIC OF DUTCH VICTORIES

November 25th, our first home game, after this it was never the same. The Dutchmen of Manchester vs. the Homets of Saline, Gee, we were the best team you'd ever seen. Then Addison came, Uncle Cal's old flame. We whipped the tar out of them that game. Victory number three when we went to Onsted. Now we're tied for first, Mr. Poppink said. But on Friday the 13th A.C.C. was here. So the spectators watch the best game of the year. But Manchester's Dutchmen were first--4 and 0. At Morenci High, everyone was seated, to watch the Dutchmen stay undefeated. But the Tigers came to Manchester on January third. The Dutchmen were defeated everyone heard. Then Manchester went to Saline High. We murdered that team and that is no lie. Now Adrian Madison was played at home. The Dutchmen scored the points and the ball didn't roam. On January 17th, the Dutchmen and Redlands met. But everyone knew that they were no threat. January 24th that unlucky day, the Dutchmen were defeated by Addison away. We played Chelsea in our only Saturday game. And burned the Bulldogs in a maroon and gold flame. Coated at home was victory number 10. Thanks to our Coach and eleven big men. But panic attacked the Manchester team, when Adrian Catholic Central was on the beam, a few fans waited to show their esteem, but they don't seem to know, "We're proud of our team," Morenci at home the time was at eight, against the Bulldogs the Dutchmen looked great. We won by one at Hudson away. Our twelfth victory, a wonderful day. At Adrian Madison we won without a moan. Now Manchester's Dutchmen were first all alone. Clinton at home was our last league game. We're the L.C.A.A. champs, flying in fame. That concludes our season, 68-69. Everyone will agree we looked mighty fine. Cal Poppink is worth all gold and myth. And the MANCHESTER FLYING DUTCHMEN IS THE GREATEST TEAM ON EARTH.

DUTCHMEN BEAT CLINTON FOR CHAMPIONSHIP

The most exciting game of the year took place Friday night as the Flying Dutchmen took the championship of the Lenawee County Athletic Association by beating Clinton 75-67. Rick Lowery was high point man of the evening with 15 points. Bob Pratt and Jeff Stevens made 14 and 13 respectively, while Mike Ahrens scored 10 for the champions. As the final seconds of the game slipped away the fans chanted "We're number one!" which was certainly true. When the game was over, the fans and cheerleader mobbed the players. Many of the people who helped with the team this year got a shower after the game including the coaches, managers, Mr. Kocesid, Don Stockwell and yours truly. CONGRATULATIONS TO THE CHAMPIONS OF THE L.C.A.A.

Bob Pratt says, "Boys this is my ball."

DUTCH SEND TWO TO STATE WRESTLING MEET

Dan Roberts and Pete Haustusler at 95 and 175 pounds respectively, will represent Manchester at the State Wrestling Finals to be held at Lansing Sexton, Friday, March 7 and Saturday, March 8. Dan placed fourth and Pete placed third at the regional meet at Haslett last weekend. The team finished eighth out of eighteen teams in what Coach Gulliver called the toughest regional in the state. Both of these boys have good chances to take state honors and are to be congratulated for their achievements thus far.

of Michigan. There were over 340 4-H leaders and teen leaders in attendance from all over Michigan. These leaders met to exchange ideas and to work on youth problems and programs. The theme of the Leadership was "Focus on 4-H Teens and Adult Advisors".

The four adult 4-H leaders from Washtenaw County who attended were Clifton Fisk, Manchester; Mrs. H. C. Powers and Nancy Nihar of Chelsea; Holly Powers of Chelsea and Mike Lewis of Ypsilanti were the teen leaders attending. Mrs. Kenneth Neal of Willis was also scheduled to attend, but the flu bug kept her away.

Dr. Leroy Augenstein, a member of the State Board of Education and chairman of the Michigan State University Biophysics Department was the main speaker at the Saturday luncheon. A special banquet, a Hawaiian "popourri" was held on Saturday evening with Mr. Jeryl Manchester, a Michigan State University Junior and an outstanding 4-H'er as the speaker. His topic, "Youth's Role—4-H's Goal".

Dr. Gordon Beckstrand, the director of the 4-H Youth program, was the featured speaker at the luncheon on Sunday.

There were other speakers, many different workshops, song fests, informal visits with M. S. U. students from other lands, 4-H idea exchange sessions and campus tours, one of which included a visit to the planetarium.

Fair Share Program

By Carolyn Ahrens

Information recently received from State Representative Roy Smith, Ypsilanti, and the Wayne Community School District, presented a Fair-Share Program for adequate and equal opportunity of education for Michigan school children. An education that would be equal for all rather than an education that depended largely on the property valuation of the school districts. This proposed program is now under a statewide petition drive which would call for a vote of the people in 1970 to determine how they want to finance their schools—continuing with the present property tax program or calling for basic changes in our tax structure as is recommended in the following:

This newly proposed program would remove all operating mileage from the real and personal property tax rolls and replace it with an increase in the state personal property and corporate income tax. As stated in the Fair Share Program information sheet, based on last year's costs, this would require an increase of about 3.4% in the personal rate, with the corporate rate increasing proportionately. They added that it is safely anticipated that the costs of education will continue to increase as in the past whether financed through the property or income tax.

At present, this program contends, the current property tax is outdated however, and unrelated to ability to pay as well as placing a heavy burden on retired persons, low-income homeowners with companies and businesses taxed the same rate without regard to financial loss or gain. Municipalities would still be permitted to levy property tax.

within their charter limits, while counties and townships would be limited to 8 and 2 mills respectively, unless the voters approved larger amounts, as the program states. Under this program, bonding proposals for school buildings would still be included in the property tax, since only property owners are allowed to vote on such proposals. This program would deal only in the financing of education and have no effect on local control of schools. Also any additional funds over the "adequate" education program would be raised by the local school districts through voter approval.

Under this Fair-Share Program, as in all tax programs, individual income determines the tax dollar.

TRAVELOGUES

Chelsea's own Don Turner presents two exciting travelogues on March 29 and April 26. They are entitled, "Highway to Alaska" and "Alaska Rambles".

The program will be presented at the Chelsea High School Auditorium and there are only tickets left for the 6 p.m. performances. You may purchase tickets from any merchant in Chelsea. The price is \$2.00 for both shows.

LIQUOR SOLD TO MINORS

VILLAGE ELECTION

The annual village election turn-out was higher than expected last Monday with 155 ballots cast.

For mayor unopposed John Althouse, 143; Harry Macomber 2 write-in votes; for the three vacant council seats Tom Walton 140; Joe Fitzgerald, 139; Jim Scully, 137; Don Ross, 16; and 2 write ins for Morgan Kern.

Unopposed in the following were Clerk Conrad Gonyer, 144; Treasurer, Ed Kirk, 144; Assessor, Russell Widmayer, 131.

MICHIGAN STATE POLICE REPORT

Michigan had 146 traffic deaths in February, only one less than 147 killed in the same month a year ago, according to the State Police provisional figures.

It was 10 more than February's average of 136 in the five-year period 1964-68. Michigan's all-time high for that month was 159 in 1964.

The February fatalities brought the state's road toll to 281 so far for this year, compared with 277 in the same period in 1968. Delayed death reports will add slightly to the provisional February and two-month totals.

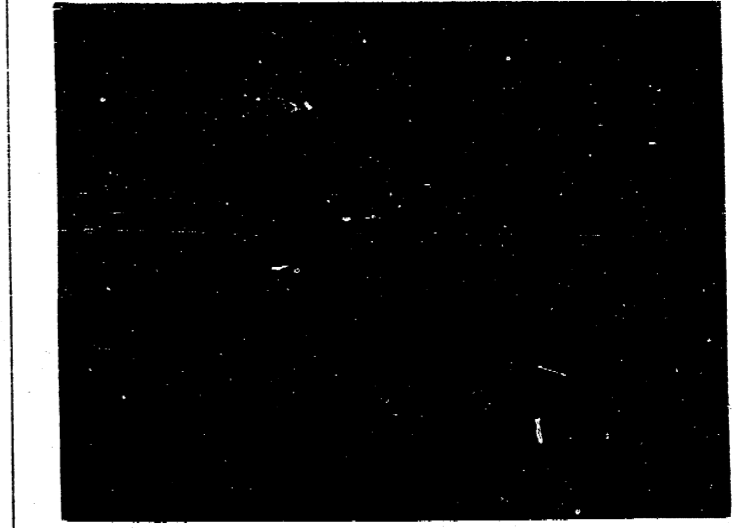

BATTLE OF BANDS CONTEST

The loudest battle ever heard in Washtenaw County will be held on April 19, April 26, and May 3, and it may produce the best sound in the country. The preliminary battles will feature guest bands at intermission time including "The Original Charging Rhinoceros of Soul" and "The Toad." The final night will feature Tom Shannon, America's number one DJ from Detroit's CKLW. All battles will begin at 8:00 p.m. at the Ann Arbor A GO GO (Farm Council Building) at the corner of Saline and Ann Arbor Road and Pleasant Lake Road.

The third place band will receive \$50. The second place band will receive \$75. The winning band will receive \$100 plus a trip to state competition in Muskegon, Michigan on May 17 and possibly a trip to the national contest. As an added plus, the winning band will also receive a personal appearance on the Tom Shannon TV show.

If you have a band who's members are at least thirteen and not over nineteen years of age, residents of the state for at least two months, and are not professional in the sense that playing in the band is their sole and full time occupation or their main means of livelihood, then write or call: Jim Mullins Band Chairman 581 Crestwood Circle, Saline Michigan. 48176. Phone: 313-429-7795.

No band entering the contest may have a relative or manager as a Jaycee in the Saline Battle of Bands program. The deadline for entering your band is April 10, 1969.

LIBRARY NEWS

Warm and wonderful, March in like a lamb and the snowdrops and daffodils are thrusting clumps or hard earth aside and very straight and stiffly announcing that spring is soon here. Two inches above ground at the library steps if the March lion is gentle we will have early blooming.

New books this week: The Bitter Woods, John S. How to Make Yourself Miserable - Greenburg.
Here at last is the frank report you have been waiting for. Every one of the determined martyrs of the world have a handbook to supply knowledge in the areas they had previously neglected. Of course, even the master of the self inflicted punishment is able to learn and this little book is guaranteed to give insights in how to lose friends and make yourself miserable.

It's All News to Me - Bob Conside

One of the best known syndicated columnists in the country today, Bob Conside has described the travels and experiences of a reporter from Moscow to Washington. A fine, experienced reporter relating personal impressions of such men as Kruschev, Nixon and the Duke of Windsor.

The Good Life, Wallop
Albert Miller was a victim of the affluent society. Until he conceived a plan. He and his wife would unload all their possessions and hire out. As a live-in couple they would savor all the delights of the capitalist system with none of its grinding responsibility. The plan progresses and comes fruition. This is sardonic rib-tickling humor at its best, a comic fable for our time.
