

SPRINGTIME PLANNING

Nothing is so delightful as spring-time on the farm! First a crocus-then a shower of springtime flowers. Baby lambs and litters of cute, pink piglets - grass trying to shake off the severe effects of winter, and overhead, the raucous cry of the crow. It's get-ready time on the farm.

Machinery is oiled again, and repaired, plans are made for each field, and expensive seed is secured and treated against the day of planting. In spring more than any other time, farmers depend upon a long list of farm chemical tools to assure a fall harvest. Pests capable of causing serious economic loss to farmers and to consumers through higher costs of food, if they are not controlled, include 10,000 kinds of insects,

600 weed species and 1,500 varieties of plant disease! If the farmer is to stay one jump ahead, both the seeds and the soil must be treated prior to planting. Pre-emergent chemicals kill off the cutworms and grubs and prevent germination of weeds. Seeds receive direct chemical protection from worm, beetle and rodent, and germination levels are assured through other treatment which knocks out molds and a long list

of killer-fungi. The farmer who skips even one treatment may have empty bins at summer's end. Obviously, agricultural chemicals are poisonous, or they wouldn't be effective, and they can be dangerous when carelessly used. For that reason, the springtime topic for discussion by 1,100 community Farm Bureau groups will include an examination of proper handling methods for pesticides and herbicides, including a review of how

best to use these products in ways which will not harm fish and wild life. A four-point program is recommended to include: Read everything on the label and follow instructions to the last word. Thoroughly plan application programs to assure use of right chemical for the right job. Store all pesticides in a locked cabinet, room or building, and dispose of all chemical containers and leftover amounts immediately.

Our Kind of Man

One of the best programs we've ever seen, was on television last Friday night when reporters were talking with "Ike". Ike was our kind of man. His belief, his morals, his self-discipline seem old fashioned and out of place in today's world, and yet he saw that without these basics man can never really achieve anything, not even happiness, and that this is as true in 1969 as it was in 1809. He enjoyed the kind of home as a youngster that brings out the best in a man. He developed ideals, religious convictions and learned self-discipline. He became acutely aware of his own rights as a man by not encroaching on the rights of others. He learned that pride comes from self-survival and that real happiness doesn't always mean taking the easy route. He mentioned that a man had become old fashioned. Families no longer believed in doing for themselves, and he couldn't understand that. Ike was not a politician. He said what he thought and felt. He cared deeply and this made him easy prey for the politician who was so busy manipulating one force against another that he forgot that he was representing the people who elected him. Ike never forgot. He was a man of the 19th century.

We were to young when Ike was President to worry about politics, yet we are thankful that a great man's thoughts and beliefs were preserved on film for us to enjoy. We will miss Ike but we hope and pray that his passing will not mean the passing of an era where religious and moral convictions and self-discipline are what gave freedom in America its real meaning.

This story of Scouting began quite sometime ago. Tim was 6 weeks old when Robert told him that when he was old enough, he was going to go into the Boy Scouts and I'm going with you. When Tod arrived home from the hospital he was given the same promise. Tod joined Cubs in October 1958 and Tim also joined in April of 1957. Robert was a Cub Committeeman for 1958, 1959, 1960 and a Don Dad for 2 1/2 years. Tim went into Boy Scouts in June 1960, and Robert became the Assistant Scout Master. In January 1961 he became the full time Scout Master but was registered as the Assistant in 1961 and 1962. He was registered as Scoutmaster in '63, '64, '65, and '66 and as Explorer Advisor in April

1967. He has been the Neighborhood Commissioner for Manchester Roundtable leader in charge of the Boy Scout division for District 4 and is now Assistant District Commissioner. Camping is Scouting and there has been a lot of that. A good deal of planning goes into a successful trip. Robert has been the Scout Master on three major trips - an 1800 mile trip through Upper and Lower Michigan in the summer of 1962, a trip to Gettysburg Pa., and Washington DC in 1966 and a week long canoe trip at Region Seven Canoe Base in Boulder Junction, Wis. in July 1968. In addition to a good many "Five miles" there has been three "medal" hikes. A 23 mile hike - The Wilderness Trail near Flint, Mich. and the 16 mile Potawatomi Trail Hike near Bruin Lake. He has gone to summer camp 5 times and on overnights too many times to keep track of. Robert has had the honor of accompanying the Scouts to the University of Michigan Stadium two times. Once to see Lyndon Johnson, May 22, 1964 and again to see Astronauts McDivitt and White, July 3, 1965. This July he will be one of the Scoutmasters elected by the Council to go on the National Jamboree Trip to Farragut, Idaho. He received a certificate "In Appreciation and Recognition of Achievement" in the Region Seven Boy Scouts of America 1962 "Open Door for More" program, May 31, 1962. This was signed by Governor John B. Swainson. Received a "Certificate of Appreciation" from the Portage Trails Council December 1, 1964. Awarded the Vice Honor Order of the Arrow, June 10, 1966. This is the highest honor in the Order of the Arrow. He was given a Delaware Indian name, Amangi Ganshapuchk, meaning Big Boulder. Received a "Certificate of Appreciation" from the Portage Trails Council December 1, 1964. Received the Wood Badge in recognition of his completion of the Wood Badge Training Dec. 26, 1967. DENOUNCE STATE AID

A Catholic group called Catholics for Public Education (CFPE) has begun a petition campaign asking for signatures from fellow Catholics against aid for Catholic schools. "It is ironic," reads the group's position paper, "that many non-Catholics fear state aid would help the Catholic Church at public expense, while we Catholics fear that state aid would harm our own church."

How harm it? The group contends that state aid would give financial support and reinforce Catholic schools at a time when there is greatest need to question the whole direction of present programs of religious formation. State aid would harm the Catholic Church by diverting our attention from the real problem.

Instead, Catholics for Public Education insist, the Catholic Church should be working for increased and more equitable distribution of state funds to all our public schools.

The Catholic Church's position should be one of openness and cooperation with the community, according to CFPE: "The real task by humanizing, uplifting, and energizing all of our social institutions like yeast in dough rather than ministering to its own and taking financial aid from the community."

Besides diverting funds, the group notes, the parochial schools particularly in the inner city, divert the interest of concerned parents to the parochial schools - "interests, concern, and leadership that is so vitally needed to work for the improvement of public education for all citizens."

CFPE contend that the Catholic Church, because of its involvement in Catholic schools, provides religious formation to a rapidly diminishing percentage of Catholics with only token efforts being made to influence adults, pre-school children and children in public schools. "Programs involving the family, the real center of religious formation, are relatively non-existent," Catholics for Public Education claim.

An enterprise, when fairly once begun, should not be left till all that ought is won.

Rep. Sharpe's legislation to regulate the legal profession, House Bills 2115 and 2116, is currently being held in the House Judiciary Committee, where a large majority of the members are themselves attorneys.

Sharpe was particularly critical of a press statement made by State Bar Commissioner Lawrence B. Lindner that his new legislation would "loosen rather than tighten" control over lawyers.

"Exactly how control over lawyers can get any looser than it is under the present system is completely beyond my comprehension!" Sharpe said.

Say you're in a Chevrolet Kingswood or Concours Walk-In Wagon, when suddenly the road becomes nothing but chuckholes and ruts. Only you can't tell it's rough.

You see, Chevy wagons float along on computer-selected coil springs that smooth even the meanest road.

Maybe you're a bit more serious about the great outdoors. So are we. That's why we offer the Chevy Sportvan and Suburban. To an outdoorsman, they're like clear skies and no mosquitoes.

SCOUT AWARDS

In earning the Scouter Key and Wood Badge he has participated in all the training sessions available to all Cub and Scout Leaders. In the last few years he has been an instructor in the Cub Training Sessions, The Boy Scout Program, The Patrol Method of Scouting and the Outdoor Program and others.

Robert has had the privilege of helping the Scouts in Manchester grow. The average attendance at a troop meeting was 3-5 boys in

Jan. 1961. It grew steadily until by fall of 1966 there were will over 50 boys in the charter with attendance each week of 30-35. With a lot of help from Bill Windle of the Council, a heap of work locally and just plain bullheaded determination, Explorer Post 404 was founded and the remaining boys were divided up into two groups. This year a new Boy Scout Troop has been formed at Pleasant Lake.

Oh Yes, . . . he is responsible for the Girl Scouts getting started

LIBRARY NEWS

Royal Road to Fotheringay - Jean Plaidy. One of England's outstanding novelists, has here written an absorbing novel of the fascinating and tragic Mary Stuart, Queen of France, Scotland and the Isles.

A Queen in her cradle, Mary was from the moment she was born the center of the storms which swept her turbulent country. She was little more than a baby when escape to France was necessary, and there she grew to love the young Dauphin who was to be her first husband. The most beautiful and beloved child of France and had the reason to believe that her life would be as delightful as it was in those first years.

When Henry II died, Mary became Queen of France and while still in her teens she left the land she loved and returned to her own country. There followed the ill-fated marriage with the dissolute Darnley, the encounter with the bold and lustful adventurer Both-

well, the outcome of which was murder and the speedy descent to disaster.

Mash - Richard Hooker
A roaring hilarious novel about the 4077th Mobil Army Surgical Hospital (Mash) and the heroes, Cap. Hawkeye Pierch, Duke Forrest and Trapper John McIntyre. These three have two things in common: They are the best surgeons in the Far East Command and they are certified lunatics.

A story of how men survive war and maintain their humanity in the midst of waste and destruction.

CHURCH EDITORIAL

A Christian is, by the world's standards, a strange and, at times foolish man. The Christian knows that he is alive today and in this place yet he also knows that he was not meant to be only flesh which is alive today and which decays tomorrow. The Christian knows that God is his Creator: that as he has come from God so he turns back to God at the end of his earthly journey.

The non-believer must be content with the here and now and knows that as all earthly things decay so his body must decay and return to the dust from which it came.

Science attempts to answer the question of spiritual life, immortality, by looking at nature and observing that after a seed-time there is usually a harvest. So the man of science thinks that man may live again.

The philosopher, with all of his deep thinking hopes that man may live again. Man's unrequited longings demand satisfaction if not today then in another life. The philosopher presents immortality with an "if".

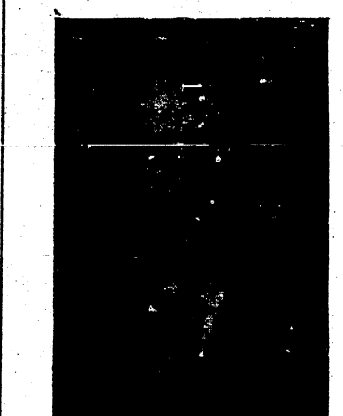

Ethics would say that man ought to live again - that the grave ought not be the end of all living. There are wrongs to be righted, penalties to be paid, and prizes to be won.

It is the knowledge of the Christian that the grave is not the victor, not the end of all living. The Christian is confident that as Christ rose again from the grave so will he. The Christian says, "I shall live again."

This is the message of Easter morn - "Christ lives and so shall I."

PRODUCT OF THE YEAR

Can Washtenaw County recapture state recognition? This is the question posed by Jim Cullip, this year's chairman, as he makes the annual appeal for entries for Michigan's Week product of the year competition.

Back in 1963 the Paradome Portable Building, manufactured by Outdoor Fibre Products of Chelsea, Michigan was judged best in the State. Since that time: zero from our county.

To enter the Washtenaw County competition, the product must be manufactured in the county and must be a consumer product.

"For purposes of this competition a consumer product is defined as any product made available for sale to the general public—either as individuals or business firms—through normal distribution channels, Cullip explains.

"The entry may be either an end product, or an accessory, but cannot be a product sold to another manufacturer for use in a larger finished product."

It should be relatively new or have a record of outstanding development recently. A product entered in any previous year or years is eligible for resubmission," Cullip said.

The County Award Contest will be judged April 7 through 12. No special preparation is necessary for county judging. Submission of prepared sales brochures, technical manuals, operating instructions, or photographs to the contest judges will be sufficient.

Judges look at the products' meaningfulness more than its novel features, Cullip advises. Its acceptance and its potential in sales and jobs, as well as any other impact the product may have on the community will be favorably considered.

Firms interested in entering, should contact Cullip at National Bank and Trust Company of Ann Arbor - 663-3331 or Ken Wolf at Union Savings Bank of Manchester 428-3811.

MICHIGAN'S OUR LITTLE MISS PAGEANT

Parents... do you have a daughter who is charming as well as pretty? Is she between the ages of 3 and 6 or 7 and 12? If so, she could well become Michigan's Miss LaPetite or Michigan's Our Little Miss for 1969.

As there was no preliminary pageant held in the city of Manchester or Washtenaw County, contestants to represent the city and county at the state pageant will be selected by photograph (8 x 10 preferred) by a committee.

Official state entry blanks and information forms will be sent to the top 5 chosen in each division by the state Board of Directors of the Michigan's Our Little Miss Pageants. The State Pageant is to be held July 17-19 at the Civic Auditorium in Grand Rapids.

The new state winners will be crowned by last year's Little Miss, Dawn Marie Phillips of Lowell. The two divisional winners and the state talent winner will then prepare to take part in the International "World's Our Little Miss Pageant" to be held in Dallas Texas, the week of August 15-20.

The winner of which will receive \$1500 cash college scholarships, wardrobes, national publicity and many other valuable prizes.

LaPetite - ages 3 thru 6 - competes in sportswear and party dresses.

Our Little Miss - ages 7 thru 12 competes in sportswear and party dresses and talent.

Talent winner - selected from 7 thru 12 age division. Presentation should not exceed 3 minutes and may include singing, dancing, musical instrument, pantomime, poetry or dramatic reading, baton twirling, etc. Winner will be eligible to compete at the international level.

Awards - State winners will receive official "Our Little Miss" trophies, gold leaf certificates,

crowns, banners, bouquets of official "Our Little Miss" flowers, the peppermint carnations, and entry fees to the international pageant to be held in Dallas (which includes basic meals for contestant, private room for contestant and one chaperone, at the luxurious Royal Coach Inn). First and second runner-up and talent winner will receive trophy, and official certificates.

Interested parents may send photographs, resume, and letters of recommendation by the April 15, 1969, deadline to:

TRIP TO JAMAICA

Mr. and Mrs. Kenneth Wolf of Pleasant Lake and Mr. and Mrs. Wm. Spokes of Ann Arbor recently returned from an 8 day vacation in Montego Bay, Jamaica. An island of mystery and intrigue, native legend and myth, the travelers enjoyed many sights including a 2 day trip to Port Antonio; deep sea fishing; coral and shell diving; a rafting trip down the Rio Grande; a visit to the Friendship Pimento Plantation and Dunns River Falls.

Jamaica, home of the Chiquita Banana, citrus fruits, coconut, sugar cane, ginger and many other tropical fruits is an English speaking people although at times their English is far from understandable the travelers soon discovered. With over 2 million people on the 4,411 sq. mi. island the cities are large although not the sky-scraper cities of America. In the inner region is a native tribe completely separated, by choice, from the remaining island people, government and custom.

A people of many nationalities, the flag of gold representing the sun, black for the people and green for the island itself, expresses the motto and background of the Jamaican, "Out of many, one people."

STATE JOBS OPEN The Michigan Civil Service Department is now accepting applications for a wide variety of state jobs, according to State Representative Thomas G. Sharpe.

ment levels, with annual salaries ranging from \$8,150 to \$10,800. Applications are also being taken for labor safety engineers, with pay for that position set at \$14,400 to \$18,200 annually.

Representative Sharpe suggested that anyone interested in more complete information on the qualifications, work responsibilities and salaries of these and other state employment opportunities should contact their local state employment office or write to the Michigan Civil Service Department in the Lewis Cass Building, Lansing.

POPS Looking Around In medieval Germany, if a fugitive reached a ferry that did not leave until his pursuer arrived, they both were allowed to travel across the stream, the fugitive in the bow, the pursuer in the stern, with the ferryman standing between them. When the ferry landed the chase would be continued with the fugitive getting a head start equivalent to the lead he had when he reached the ferry. REFUNDS DELAYED

A total of 10,389 Michigan taxpayers waiting for refund checks are getting their Federal income tax returns back instead because they failed to sign them.

An income tax return is a legal document and to be valid must be signed before the IRS can process it and issue a refund, Mr. AM Stoepler, IRS District Director said today. On joint returns the signatures of both husband and wife are required, he added.

To help reduce the number of missing signatures, IRS has added something new to the forms this year, Mr. Stoepler remarked. Some 30 million taxpayers nationwide are receiving tax forms that highlight the signature line in red ink, he explained.

Incorrect or missing Social Security numbers are also holding up tax refunds. So far this year 10,215 refunds of Michigan Taxpayers have been delayed because they failed to include the correct Social Security number.

Use of the pre-addressed label, which includes the Social Security number, will insure proper identification and prompt processing, he noted.

A total of 1,030 taxpayers in Michigan made errors in figuring their surcharge last week. These taxpayers either forgot to add the surcharge or figured it incorrectly.

The 7 1/2 percent surcharge must be figured and entered on the return on the line provided for it. To avoid errors, taxpayers should follow the instructions for making surcharge calculations and enter all required information.

Other taxpayer errors or failures to follow instructions that accompany tax returns are also holding up refunds.

So far mistakes in arithmetic have caused delay in sending 11,455 refunds to Michigan taxpayers. Another 29,351 persons used the wrong tax table, he said.

The IRS Service Center in Cincinnati, Ohio has processed 822,240 refunds so far this year worth \$193,211,371, Mr. Stoepler reports.

Baseball at last!!! Baseball Coach Jack Raffaelli is taking a good look at these Dutchmen. He is hoping that they all will carry a big bat once the season starts.

Here is how some of the bowlers react when the game is close.

SPRING ACHIEVEMENT

con't from page one

Leathercrafters and Wilbur Winkle. Mr. Fisk also furnished the background music at the dress revues. The organ was furnished by the Apollo Music Company in Ann Arbor.

The theme and the decorations for the 1969 4-H Spring Achievement was "Up Up and Away" the look of 1969 and well done by the Lucky Cloverettes 4-H Club and Mrs. William McCalla of Ann Arbor.

LEATHERCRAFTERS

The Sharon Leathercrafters spent a busy weekend at the Chelsea High School. The school was the scene of the 1969 4-H Spring Achievement. The event included two dress revues, woodworking and leather projects.

In the Apprentice group, Joe Tobias of Grass Lake, Michael Fisk, Paul and John Young of Manchester, all received an A rating on their projects. David Flint of Grass Lake and Brian Teachout of Saline received a B rating. Ruth Curtis of Manchester, Louis Frey and Anna Tobias of Grass Lake, Cheryl and Mark Teachout of Saline received A ratings on their projects in the Handyman group. In the Craftsman division, Larry Bowers and Tim Ebersole of Manchester received A ratings. The Honor group awards went to Anna Tobias and Cheryl Teachout. These awards are given to a project of outstanding construction.

The Apprentice group includes those boys and girls 9 to 12 years old; the handyman group, the 12 to 14 year olds and the Craftsman group are those members 14 years old and over. All projects are judged on construction, selection of patterns and suitability and finish.

Most of the Sharon Leathercrafters were busy elsewhere during the weekend. Michael Fisk, Paul and John Young were ushers at the Saturday dress revue and they opened the afternoon's program by leading the audience in flag pledges. They also assisted the dress revue judges. On Sunday, the ushers were Joey Tobias, Brian Teachout and Michael Fisk. The boys again assisted the judges by picking up the tabulation sheets. Larry Bowers and Mark Teachout led members of the audience in the flag pledges and acted as escorts for the Senior Miss girls.

Mr. Clinton Fisk of 20151 Bethel Church Road, Manchester is the leader of the Sharon Leathercrafters 4-H club. For information about the Leathercraft project, please contact Mr. Fisk.

4-H LEADERSHIP

Each state names a winner and delegates to National 4-H Congress in Chicago. The Sears Foundation provides funds for the trip expenses. Up to four members per county are awarded county medals of honor.

"Parents are necessary to the success of the program," Miss Nelson said, "because younger 4-H members depend on them for encouragement, assistance and judgment in the development of leadership skills."

"Adults are always needed to volunteer as 4-H club leaders, because they are the backbone of the entire 4-H program," she added. "Training sessions are conducted for adult volunteers too."

Anyone wishing to work with 4-H youngsters ranging in age from 9 to 19 years can contact the Washtenaw County Extension 4-H office.

SWIMMING IS FUN

It is fun to swim the Y's way. 2,245 boys and girls successfully passed the YM-YWCA beginners' swimming test during 1968. 13,563 individuals passed other advanced swimming tests.

Everybody can learn to swim. No matter whether young or old, one can have the fun of making progress.

There is no limit to the fun and excitement of swimming! At every level of achievement one can learn something new that will help improve one's skill. Basic lifesaving methods are learned as a beginning swimmer which later can lead to qualifying for YMCA lifesaving.

There is also synchronized swimming, swimming and diving competition for all ages at the Y. Later one can advance to a skin diver or a scuba diver.

There are classes for physically and mentally handicapped persons; tot classes for three months to three years old; youth and adult classes.

"Swim for fun through progress; practice at safety always; share what you know as service to others. Help drownproof America."

FFA DELEGATES ATTEND STATE CONVENTION

Two members of the Manchester FFA Chapter attended the 40th Anniversary FFA Convention at East Lansing, March 19-21. They met with some 1000 other Michigan FFA students for the 2 day session on the Michigan State University campus.

Daryl Plasters and John Weidmayer were chapter delegates who helped conduct the business of the 10,000 member State Association.

A highlight of the convention was the conferring of the State Farmer Degree on 196 boys and the naming of Tom Albertson of Marlette as Star State Farmer.

There were many fine speakers who were present at the convention. Henry Schriver, Ohio's Farmer Philosopher, spoke at the convention banquet. Other convention speakers were Norman Brown, College of Agriculture and Natural Resources, Michigan State University and Tom Johnson, National FFA Vice President, Ashland Illinois.

All of the speakers dealt with and helped to prove that there are opportunities available in agriculture. Thus helping to maintain the theme for this year: FFA-An Opportunity for Youth.

TO MEET

Regular meeting of the Manchester Community Fair Board to be held Wednesday, April 9 at the Kof C Hall at 8:30 p.m.

TAXPAYERS ASK IRS

Q. Taxes were taken out of my pay on the summer job I had last year. How do I get this money back?

A. You must file a tax return to obtain any refund that may be due. Tax forms and instructions are available at local IRS offices as well as many banks and post offices.

Q. I've read where a lot of people are making mistakes on their tax returns because of the surcharge. What are they doing wrong?

A. Taxpayers are either forgetting to add the surcharge or they are figuring it wrong. Mistakes like these delay processing as well as any refund that may be due.

To avoid these mistakes check your instructions which explain how the surcharge should be handled.

Q. Can I deduct the federal tax I pay on my phone bill?

A. No, this is an excise tax and excise taxes are not deductible.

Q. My brother has just been sent to Viet Nam by the Army. Does he have to file a tax return?

A. Military personnel in Vietnam do not have to file tax returns while stationed there. Your brother may wait to file his 1968 return until 180 days after he leaves Vietnam.

Q. Where can I buy a copy of "Your Federal Income Tax"?

A. Most local offices of IRS have copies of this guide, Pub. 17, or you can write the Superintendent of Documents, US Government Printing office, Washington DC 20402. It costs 60 cents.

Q. How long should it take between the time I send in my return and my check comes?

A. If the return is accurate and complete, it takes five to six weeks to receive an income tax refund. To avoid delays, read the instructions that accompany the tax forms carefully.

If you are expecting a refund, file your return now for prompt

attention. Our offices are flooded with returns in April and refund claims filed then take longer to process.

Q. I can't find my W-2. Is there any way I can get another one?

A. Let your employer know what has happened and ask for another copy of your withholding statement.

Q. Is a tax refund income that has to be reported?

A. Federal tax refunds do not have to be reported.

A state tax refund has to be reported as miscellaneous income if the taxpayer deducted the tax in a prior year.

Q. I don't provide over half of my grandfather's support but when you add what I contribute to my brother's contributions, it does amount to over half. Can either of us claim a dependency exemption for this?

A. If each of you contributed over 10 percent of your grandfather's support and the combined total adds up to over half of this total support then either of you may claim him as a dependent. A special declaration must be completed by the one not claiming the exemption and sent in with the return of the one who claims the exemption. Use Form 2120, Multiple Support Declaration.

Q. I paid off my home mortgage early and was charged a prepayment penalty. Is that deductible?

A. Yes it is deductible as interest if you itemize.

Accurate knowledge is the basis of correct opinions; the want of it makes the opinions of most people of little value.

Idea Sparks Horse Association

by Carolyn Ahrens

About four years ago Mrs. Lorraine Foster and Mr. William Hart decided something should be done about the limited number of people financially able to own an extremely expensive Arabian horse. With a cross breed of stock came the half-Arabian horse, and soon after the Half Arab Association of Michigan. The main purpose of this organization, a 70 member group which is rapidly expanding, is to promote the use of half-Arabian stock and to encourage a separate class and special events in horse shows.

To qualify for association membership, individuals need only be interested in this breed and not necessarily an owner. Mrs. Richard Carlson, Director and Futurity Chairman for the past two years pointed out. Regular meetings are held during the off season months until May brings a busy schedule for those interested or participating in the many horse shows throughout Michigan. Then an Annual Awards Banquet is held in November to present trophies and recognition to high point winners during the past season.

As a special bonus this year members of the association who own a pure-bred stallion are donating one stallion fee to the association and members or non-members may send in their name and the stallion they want to breed to. At the awards banquet one name per stallion will be drawn. The selected party will then pay the full stallion fee and as a bonus will get full mare and foal nomination for the Futurity and a one-year membership with the association.

A number of Special Half Arab Association sponsored events are scheduled and open to the public. On April 12 the Half Arab Clinic at Shamrock Stables, E. Grand River, Owosso; April 20, a trail ride in the Chelsea Waterloo Area; and Sept. 28, the Half Arab Futurity and Open Horse Show is open to any registered part-Arabian horse.

Shir Rich Arabian Farm, owned by Mr. and Mrs. Carlson and 5 miles southwest of Manchester, has 2 purebred Arabian stallions, 2 purebred mares on lease, four 7/8 Arabian fillies and 3 geldings used for pleasure riding. Others in the Manchester area involved in this relatively new breed are Mr. and Mrs. Steve Halchishak, Mr. and Mrs. Clinton Fisk, and Miss Carol Boehler.

For a complete schedule of the many horse shows this summer or for further information concerning the above mentioned events call Mrs. Carlson at 428-4344.

SPECIAL BLOODMOBILE HERE MAY 13

An extra Bloodmobile has been scheduled to the Manchester Red Cross Blood Club for May 13 at St. Mary's Church Hall. With only one pint to go we are fortunate to have the opportunity now—the regular clinic has been scheduled for next fall and will be retained. The Club balance would have been minus ten if the Chelsea Red Cross Club had not filled the needs of a Manchester resident whose business connections were in Chelsea.

The hours will be from 12:00 to 6:00 p.m. with the slow down coming between 3:00 and 4:00 p.m. as usual. This is an open clinic for donations to any Red Cross Blood Club or to individual credits at a hospital as well as for the Manchester Club.

Please mark your calendar NOW for May 13, 1969.
