

### HOW KIDS CAN HELP ON SUMMER RECREATION

The summer night recreation program needs the support of everyone including the young people. Mayor John Althouse said, "We are just scratching the surface for activities now but there are night baseball games, dances and the two movies." He added there are

many organizations working for the youth especially during the day. Soon the chicken broil will also donate its proceeds to the improvement of student recreation facilities. Althouse said there may be other roads we could take to improve our program for the youth but the summer recreation is doing a fine job. Time and finances, he added, don't allow us to have an outstanding program right now. Clarence Fielder representing the community chest on the summer recreation program, said the night program is going

fine. He added that everyone should be concerned, youth, adults and the Village Council in this community effort. He believes the program will prove itself as it goes along. Fielder said he didn't appreciate the pictures of the Athletic Field two weeks ago. He said the grass is mowed every week and the baseball diamond is used. He doesn't like the way the paper is always tearing down and not trying to help us build this town up. Fielder said the youth are doing no-

thing to help and that there is not enough to do around here. He asks that they cooperate by coming up with suggestions because the older generation would like to know exactly what the young people want. They could also help in getting chaperones for the dances, he added.

Mayor Althouse agrees that the young people ought to make their desires known to the summer recreation program. He said the young people ought to attempt to come to the summer recreation meetings. However, Fielder said it may be more convenient if they would come in a representative group. After the committee has its program in full swing, Althouse added, there may be some responsibilities the youth can handle. He added that it is tough to entertain people without an active program. He would like to see a commercial establishment for the kids which would be open until 10 or 11 p.m.

The problem in a small town, the mayor said, is that there is a limited number of people who are able and want to work on a program like this. He believes there are more people available who could help.

## DELICIOUS CHICKEN THURSDAY....

by Carolyn Ahrens

"It's here to stay; the biggest event of its kind in the mid-west; come once and you won't miss it again"—all claims heard about an annual event in this small community in southeastern Michigan.

This year the Manchester 16th Annual Chicken Broil is prepared to serve 11,500 guests within an estimated 4 hours. Averaged out this means serving 55 dinners per minute, a project termed "impossible" by many towns and villages who have tried and failed. "Impossible for some but not here in Manchester," Luther Klager and Rollie Grossman, co-chairmen said. "Out of town guests continually comment on how a community of 1800 can put on a dinner for 10 to 12,000 people in such a short time. They just don't have the togetherness that we've got in Manchester

when it comes to something like this," they added.

From the first 1500 dinners served in 1954 to the near-12,000 expected this year, guests will travel from all over Michigan, Ohio, Indiana, and Illinois with many vacations planned to coincide with the event. "And we get a lot of Detroit area people largely due to the Bud Guest and Marshall Wells radio program announcements," Mr. Klager added.

A project planned a year in advance, the first meeting of many for next summer's broil will take place within a few weeks of today's broil. "Each year there's some changes made as we find more efficient methods and of course the expected yearly increase necessitates changes also," Mr. Klager said. This year several major changes will speed up the process; he continued, with 171 metal-frame grids: built by Koebbe Welding and put together by

volunteer help. These new grids will enable 1 worker to turn the grids that once took 8 men per pit to handle. With 50 grids per each 100-foot pit and 30 chickens on each, one man will be able to turn 1500 chickens within a few minutes. This year a special sprayer will be used to butter the chickens. Also the Manchester Tool & Die have built and donated a semi-automated belt for take-outs. "It's this kind of effort that makes a broil success," the co-chairmen pointed out. "And with the distance people travel and the number of dinners served it has to go like clockwork," they added.

Again this year Dr. Howard Zindeil and his associates from Michigan State University will supervise the broiling process as they have done since the first broil some 16 years ago. Also WPAG will be broadcasting from the Athletic Field and on hand to greet the guests will be Bud Guest, an-

other long-time supporter of the broil.

Although the broil is sponsored by the Optimists and Jaycees, the entire community is involved in the event with 381 area men working together. "This is the one time we really have to work side by side," Mr. Klager said. Regrettably, the dinner price has been raised from \$1.50 to \$1.75 it was pointed out but this is the first price change since the original broil. Mr. Klager also added that this year's proceeds will help to defray the costs of the new Athletic Shelter now under construction in the southwest corner of the Athletic Field. As reported earlier by Ted Stutz, chairman of the shelter project, hopefully it will be completed in time for the broil.

Planning a picnic? Try planning for 11,500 guests—better yet bring your guests to the 16th Annual Chicken Broil, Thursday, July 17th starting at 4 p.m.

### Come back next Wednesday for ...

## SIDEWALK SALE

#### SIDEWALK SALE

The Manchester Sidewalk Sale is a gala and colorful event enjoyed by everyone. Goods are piled out on the street to remind you of the good old days when the day in town to shop was an important event enjoyed once every week by all the family.

This has been the character of the sale and Manchester Merchants would like to keep it that way, even though it grows each year as more merchants participate and more goods are offered for display.

This sale is not a routine effort by merchants to merely meet another's price or sell a few cents cheaper. The beginning of the end of the Summer selling season is approaching and seasons' goods will be

slashed in price much below cost in lots of lines. Every effort will be made to move goods now and avoid carry-over to next year.

You will also find an abundance of new attractive merchandise stocked in for this event, all at low Sidewalk Sale prices. Also when Merchants clean out the stock room, you may find some very interesting object you have wanted for a long time. This is the nature of such a sale in Manchester.

Meanwhile business goes on inside the store, with some merchants offering good discounts with no sales tax on any sales.

The Sidewalk Sale represents considerable effort of the people of Manchester to maintain and preserve village tradition. You are cordially invited to help celebrate the event, and your suggestions and criticisms are most welcome.

#### STOP LIGHT INSTALLED ON M-52

A flashing caution and stop light will be installed soon on M-52 at Austin Road, east of Manchester in Washtenaw County, the Department of State Highways said July 8.

The light will show yellow for traffic from the west, and red for traffic from the south and east.

The decision to install the light was made after several motorists from the south ran an existing stop sign and went off the road on the north side of the "T" intersection.

The Highway Department will pay two-thirds of the cost of the light and the county will pay the balance.

Two recent graduates of Manchester High, Janet Reinhart of 207 Riverside Dr. and Sue Blanchard of 5160 Happy Hollow Road were instrumental in obtaining the blinker light through the work of a high school government class project.

#### NEW DEADLINE

Beginning next week, July 21, we shall have a new deadline, Fridays, for weddings, engagements, anniversaries and all other church announcements, only.

Let it be impressed upon your minds, let it be installed into your children, that the liberty of the press is the palladium of all the civil, political and religious rights.

Who, What, When, Where & WHY

## IN MY OPINION

By Lefty Ross

### EDITORIAL

To whom it may concern:

In regards to the statements made by your honor, Mayor John Althouse and Mr. Clarence Fielder in last week's Manchester Enterprise, pertaining to the Athletic Field and the recreation program. First of all, I'd like to talk about the Athletic Field. Mr. Fielder has said the grass is mowed every week, and I for one must disagree with him, because I know that I have had to have my ball team cut the grass on two or three different occasions on Sunday afternoons before we could play ball with an out-of-town team. The Athletic Field as for being taken care of weekly, has not been done for the past four years since Homer Kappler took care of it.

If Mr. Althouse and Mr. Fielder had attended some of the high school base ball games they would have seen the boys playing in grass that had not been mowed for over a week.

As for the pictures appearing in the Manchester Enterprise, three weeks ago, they must have told somebody something was wrong because within a week the trash, barrels were emptied and the grass was mowed. Also the whole Athletic Field was given a thorough cleaning.

The Athletic Field has always had three good house cleanings a year, the week before graduation, the week before the chicken broil and the week before the fair. After that it's a hop-skip-and-a-jump.

The bathroom facilities can be open if you find the right key and the right individuals who have the keys. Sometimes its hard to find anybody that has a key. Why can't the bathrooms be open all day when the kids are down there.

Also I would like to know what Mr. Althouse means when he says 'night Baseball'. The only night activity under the lights are the church league and our newly formed slow pitch league, and these are adults.

Mayor Althouse and Mr. Fielder say the young people ought to make their desires known to the recreation committee. I believe that if the young people and old were aware of the time and dates of these meetings, instead of just a few people knowing, maybe they would be willing to take on some responsibility for a summer NIGHT program.

I, Lefty Ross, do not believe that the Manchester Enterprise is always tearing down something or somebody. I think the facts speak for themselves. If anybody would like to talk to me about this editorial, all they have to do, is call the Enterprise and arrange a date with me.

### STATE HIGHWAY DEPT. OPEN FOR BIDS

The department of State Highways will open bids in Lansing July 16 on 31 highway construction and maintenance projects in 22 counties. Estimated cost of the projects is \$20.3 million, including paving on 5.2 miles of M-52 between US-12 and Austin Road. The estimated cost is \$10,000. The project is scheduled for completion September 15, this year.

taxpayers may not be in a position to give you the taxes. The revolt is now in the making. What do the taxpayers have to do to make you listen?  
George Wilson Welsh

### LETTER FROM VIETNAM

From a letter by Sgt. Jeff Davis of the 101st Airborne Division, to his wife, before his death in Vietnam.

"Well if you're reading this, my short but full life has ended. However, I'm not sad or hurt I'm happy where I am now. I am free of the great responsibilities that life puts upon a person. It is too bad I had to die in another country, the United States is so wonderful, but at least I died for a reason, and a good one.

I may not understand this war, or like it, or want to fight it, but never-the-less I had to do it and I did.  
I died for the people of the United States.

"I died really for you, you were my one real happiness.

"I died also for your Mom and Dad so that they could go on working at Grant's and Chevrolet. For your brothers that they could play sports in freedom without Communist rule.

"I died for my parents that they could enjoy Dad's retirement in freedom, go on vacations and have fun, Nancy, so she could raise her sons to be morally and physically straight in a free world, or country at least. For Duke whom I admired my whole life. For others also who enjoy this wonderful country, and who appreciate what they have and thank God every day for it.

"I died for the guys with long hair and continued page 4

### IMPORTANT MEETING DATES

### ESCH SEEKS END TO CAMPUS UNREST

Rep. Marvin Esch has said that he is deeply concerned that federal legislation may terminate funds to colleges and not zero in the troublemakers.

He also is concerned because college administrators are not developing explicit standards of conduct and orderly processes in disciplining students.

"The second thing we must do is to encourage more participation by the students in campus affairs. We have to hold the middle ground students and encourage them to be more responsible," he continued. "We've got to show them that our problems can be solved within the system and keep them from siding with the radicals."

"The integrity of the classroom is in

jeopardy," Esch said. "We must do something to protect this integrity from the militants who are out to destroy our colleges."

Esch is convinced that there is a small group of militants, bent on violence and disruption, who are traveling from campus to campus in an effort to destroy the college system and society in general.

"I'm convinced there is such a group, he emphasized, "although they may not be strongly organized, and we haven't moved against them. They are just using the colleges as a vehicle to destroy our society. They are parasites feeding on our nation's problems. Many of them aren't even students."

Unlike some of his colleagues on the ideologically-split House committee on education and labor, the former college professor is quick to take note that col-

### Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts. This is our land. Let's treat it right.

UNITED STATES BREWERS ASSOCIATION, INC.

Governor William G. Milliken signs into law three bills sponsored by Senator Gilbert E. Bursley which brings Michigan laws into conformity with the Federal Truth in Lending Act. From left to right are Senator George W. Kuhn (R-Birmingham), Senator Bursley (R-Ann Arbor), Governor Milliken, William Wickham (Legislative counsel, Michigan State Chamber of Commerce), Robert Parry (Executive Manager, Michigan Bankers Association), and Thomas Cordell (Executive director, Michigan Retailers Association).

lege administrators haven't sufficiently handled the problem.

"I could never condone violence and would be very much against any kind of amnesty being granted the rioters," said Esch, in indirect criticism of the acts of some college officials early this spring.

"I would appreciate the great frustrations and pressures these college presidents are under," Esch said. "As Bob Fleming (president of the U of M) said, college administrators aren't used to having people spit in their face."

"But college officials have got to work on their weaknesses and admit that they have them," Esch said. "They've got to develop these plans of action and they have to be given assistance because they just can't handle the militants."

Esch was critical of the justice department for not moving quicker on the campus rioters, using sedition laws and the recently-passed measure that bans interstate travel to incite riots.

"There is a new fascist left in this country," he continued, and we've got to move against them. They're using tactics that Hitler employed. They're bent on destroying the system, not in solving problems."

### MILLIKEN SIGNED LAWS TO CONFORM WITH TRUTH IN LENDING ACT

Three Senate bills bringing Michigan laws into conformity with the Federal Truth in Lending Act were signed into law by Governor William G. Milliken on July 10.

"This legislation," said Senator Gilbert E. Bursley (R-Ann Arbor), sponsor of the three bills, "will reduce paperwork for the consumer and lessen bureaucratic harassment of the businessman. Essentially it means that one piece of paper and not two will suffice to conform with both state and federal statutes."

The state laws amended," Sen. Bursley added, "are the Home Improvement Finance Act, the Retail Installment Sales Contract Act, and the Motor Vehicle Sales Finance Act."

"There has been an urgency to this legislation because the federal Consumer Credit Protection Act became law July 1, 1969. It was obviously desirable to have state action completed as soon as possible."

### SECOND BAT FOUND WITH RABIES

A second case of rabies in bats has been discovered in Washtenaw County within the past two weeks. Dr. Otto K. Engelke, county health director has been notified by the Michigan Department of Public Health Laboratories that bats submitted from the Whitmore Lake (Northfield Township) and Ann Arbor Township areas were found positive for rabies.

The seriousness of this discovery lies in the possibility of transmission of rabies from bats to domestic animals, especially dogs. An unvaccinated dog may become rabid and bite human beings. Rabies in humans can result in painful death.

Dr. Engelke asks that all known bat roosts be reported to the health department and cautions parents to make sure that their children are instructed not to handle bats if they are found. If a bat is discovered and it acts peculiar or becomes involved with other animals it should be carefully captured, in order to avoid the risk of bite, and placed in an escape proof container. The animal can then be submitted for laboratory analysis.

### DISTRICT PROMOTES WATER SAFETY

Orrin Girbach, Saline, a member of the Washtenaw County Soil Conservation District board of directors, reports that the District is making deep-water warning signs available to landowners who have ponds, pits and other water hazards.

The green and white signs are 9 inches by 12 inches in size and are made of 30-gauge steel and holes punched for easy mounting. Each sign carries the statement: WARNING! DEEP WATER

The warning signs are available at cost (50 cents each) as a service to landowners in the interest of promoting water safety in and around the growing number of ponds in Washtenaw County.

Persons interested in obtaining the signs can stop at the District Office at 6101 Jackson Rd. on Tuesdays and Thursdays from 8:00 - 12:00 noon.

### MANCHESTER METHODIST CHURCH

The Manchester Methodist Church has 18 teenage members of which to be proud. They along with eight adults including Rev. Oscar Cooper, Rev. John Huhtala and their counselor, Mrs. John Knapp decided to help the underprivileged people of the Appalachian region of Kentucky. The following is the report of their trip compiled by Mrs. Knapp.

After all the money making projects, planning sessions and packing, we were finally ready to shove off. By we, I mean the Sharon and Manchester United Methodist Youth Fellowship. It seemed so good to see a year of talking and planning, now put into motion. We met at the Manchester Church at 5:45 a.m. on June 29 to pack the cars so that we could meet our departure time for Beverly, Kentucky at 6:30. We had devotions in the fellowship hall, closing with prayer and were on our way to the Red Bird Mission in Beverly, Kentucky approximately 600 miles away.

The Red Bird Mission is a United Methodist mission serving the Appalachian region. The mission fulfills four basic purposes, to meet the mountain people's 1. spiritual needs, 2. economic problems, 3. educational problems, 4. medical care. We were there to help the people indirectly, through helping the mission. We can account for no great deeds but we do pray whatever was done was for Christ and His church. We scraped and painted two fire escapes, scraped paint off of part of a girl's dormitory, made a sidewalk, tore down an old barn, cleaned the vester bowl, white washed and rearranged stones which read Camp Red Bird on a mountain side with a large white cross on the back of it, repaired cabins, cleared weeds, and mowed lawns. You may wonder if it is really worth it. The jobs we completed while at Red Bird were only a part of our total mission. We lived for one week as a small community which in itself was a wonderful experience. Through this experience we became aware of each other's individual needs. The reports of the group was marvelous, and what transpired cannot be measured in dollars and cents.

Time flew by, the week was over and we had to come home on Saturday, July 5. We pray that we can in some small way put into practice in our community what we have learned from our experiences at Red Bird.

**ENGAGEMENTS**

Mr. and Mrs. Clarence Koehnlein of 524 North Locust Street, Adrian, Michigan are announcing the engagement of their daughter, Madalyn to Gerald E. Kirk of Wampers Lake, Michigan. Mr. and Mrs. Edward R. Kirk of Manchester, Michigan are the parents of Mr. Kirk. The marriage will take place on October 25, 1969 in the St. Joseph Catholic Church in Adrian, Michigan.

Miss Koehnlein is employed at First Federal Savings and Loan Association of Lenawee County. Mr. Kirk is employed at Tom Marshall's Ford Garage in Manchester.

Mr. and Mrs. Jesse Walker of 7021 Lamb Road in Manchester have announced the engagement of their daughter, Nancy Ellen to Frank Charles Kramarczyk.

Mr. Kramarczyk is the son of Mr. and Mrs. Stanley J. Kramarczyk of Allen Park. He is a graduate of All Saints High in Detroit and Michigan Technological at Houghton where he is affiliated with Alpha Phi Omega fraternity. Mr. Kramarczyk is presently associated with the Fleetwood Division of General Motors Corp. as a specifications engineer.

Miss Walker is a graduate of Manchester High and attended Michigan State University. She plans to attend Eastern in the Fall.

An August wedding date has been set.

**ENGAGEMENT REVEALED**

Mrs. Robert F. Kirk of 14180 Schleweis Road has announced the engagement of her daughter, Kathleen Elizabeth, to Homer Cameron Rose of Denver, Colorado.

He is the son of Mrs. Julia Smead Rose of Denver. Mr. Rose has just finished a tour of duty with the United States Marine Corps. Miss Kirk is a graduate of Henry Ford Hospital School of Nursing in Detroit.

An August 23 wedding date has been set.

**LIBRARY NEWS**

Chicken Broil Time! Manchester Township Library has good reason to appreciate this event.

Back in the early years of sponsorship by the Optimists and Jaycees, funds from the Chicken broil were allocated for a card catalogue in 1959 and 1961. Again in 1968 double faced shelves for the adult non-fiction room were donated.

Richly laden with history, our Library is one of the oldest in the country having been a matter of public record as early as 1838 and continuously in operation since then. Housed at various times in the township clerk's office, in store buildings and finally in the lovely Lynch home on the town square. One hundred and thirty years of care and attention to books - an obvious expression of the cultural attitudes of the people of our town.

Open every day but Thursday the library is available to every age group and has available the service of the County and State Libraries, making it possible to provide almost any information desired.

New adult books recently acquired:  
For Mystery lovers a new Agatha Christie - By the Pricking of my Thumbs  
Science Fiction - Andre Norton's the Dark Piper

Biography - Ralph Martin's Jennie - Mother of Winston Churchill  
Psychology - Haim Ginott's Between Parent and Teenagers  
Education - James Conant's Education of American Teachers  
Novels - Albert Camus The Stranger and the Plague  
Norah Loft's The Lost Queen  
Phyllis Whitney's The Winter People

protest signs. The draft card burners, the hippies, the 'anti-everything' people who have nothing better to do. The college kids who think they shouldn't have to serve because they're too good...I died so these people could have a little longer time to try to get straightened out in life. God knows they need it.

"Yes, I died for the so-called 'younger generation' of which I was a part but for some unknown reason I never became an active member. I guess I was a 'square' or something with short hair, no police record, didn't drink or smoke (pot included) and volunteered-for service. I died for the parents of these kids also, God forgive them.

"I died so these members, active members, of the 'younger generation' could have the right to do what they do. To protest, have long hair, go to the college of their own choice, wear weird clothes and run around mixed up with no direction at all.

"I died so they (could) protest the war I fought and died in. Without it, what would they protest? But, I also died for the many thousands who died in this war and other wars before, for these same reasons. For the men who fought gallantly on the many battlefields of many wars to keep this country free. I guess that in order to gain freedom there must be war. I died for the United States.

LT JAMES E GALARDI

Lt. James E. Galardi, who graduated April 1st from Artillery Officers Candidate School at Fort Sill, Oklahoma, is now serving with the 4th Infantry Division near Pleiku, Vietnam. This first five months, Lt. Galardi will serve as a forward observer. With each infantry Company, there is assigned one artillery officer, whose job is to radio in artillery support for the men in the fields. This is the job of the forward observer.

Lt. Galardi, before entering the service, was a senior accountant with the Hall and Hines CPA Firm in Jackson.

Lt. Galardi's wife, the former Sandra Troitz, is residing with her mother, Mrs. Marvel Troitz, 220 South Washington.

**SCUTTLEBUTTE**

Carl Pedersen of 13560 Schleweis Rd. was injured in a farm accident last Thursday afternoon when a fertilizer spreader knocked him to the ground, breaking the upper bone of his right leg. Mr. Pedersen was pinned beneath the implement until a neighbor summoned by his wife, freed him.

Mrs. Pedersen said her husband, also a Manchester mailman for the past six years, is expected to undergo surgery sometime this week. He is a patient at St. Joseph Hospital, Ann Arbor. Room 317.

Ralph England of Main Street is a patient at St. Joseph Mercy Hospital in room 302.

His family reports that he will be hospitalized for several weeks.

Mark Beuerle, 8-year-old son of Mr. & Mrs. Duane Beuerle of Auburn St. was seriously injured in a fall last Friday morning. He is a patient at St. Joseph Hospital, Room 466, Ann Arbor and is reported "somewhat improved".

Mr. and Mrs. Thomas Roberts were in Syracuse, New York and Washington D.C. attending the funeral of his father, Col. C.H.M. Roberts who died June 25. He was 74 years old.

ESKIMO WILLIE IMUDLUK SAYS:

**A NICE IDEA!**

**Frost-free Refrigerator WITH Automatic Ice Maker**

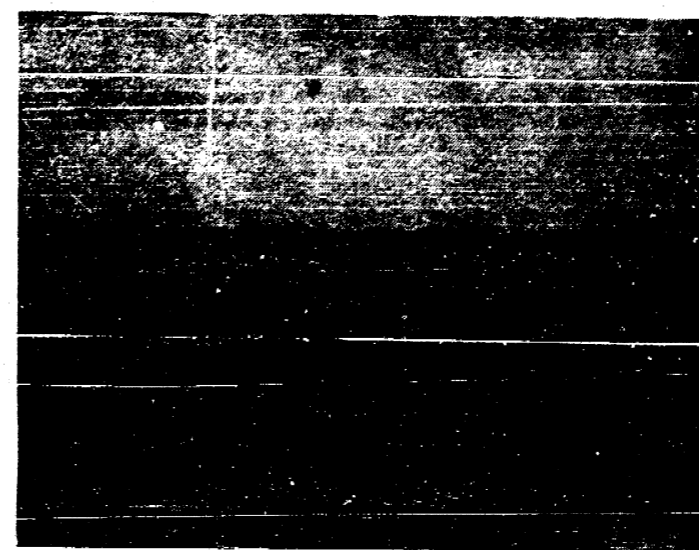

Willie Imudluk, who recently visited Michigan, really lives on the edge of the Arctic. Even though his family enjoys the convenience of a modern refrigerator, Willie nearly lost his cool when he saw the new frost-free model with the automatic ice maker. We know you will, too. Every man will love the luxury of a never-ending supply of ice cubes, the convenience of no more ice tray filling or spilling. And wouldn't you like to forget that dreaded defrosting chore — the chopping, slopping and mopping — with a refrigerator that defrosts itself automatically? See the new frost-free refrigerator with the automatic ice maker today. You'll agree with Willie — it's a very nice idea for you and your family!

**WHAT MANCHESTER IS REALLY DOING FOR THE YOUTH**

What is being done for the youth of Manchester? Many things have been done, are being done and are planned for the younger generation of Manchester. We don't feel that the community has been lax in activities but instead have been negligent of publicizing these activities so that everyone in the community realizes what is being done.

We wonder if any other community of equal size of Manchester is doing as much for their youth. Here is a resume of many of the activities that are being carried on for the benefit of the youth of the Manchester area:

1. The Manchester Recreation Program is made up of many parts and includes different youth in each of these parts to try to involve as many as possible in this program.

The playground is divided into a senior and a junior playground. The senior playground is made up of children 9 to 16 and is held on the athletic field. Archery, badminton, tennis, horseshoes, softball, tether ball, ping-pong, darts and board type games are played. Also included are bike races and a soap box derby, and a track and field day. Trophies are awarded to the winners of various events. Trips are also taken, such as to Tiger Baseball games and to Bob-Lo. Forty to fifty kids attend daily.

The junior playground is held on the Jr. High playground and is made up of children from five to eight years old. Crafts, field trips, and games make up the daily activities for 50 to 60 children.

Qualified personnel are hired to direct and supervise these playgrounds.

The swimming program is a big part of the recreation program. An extra bus and two volunteer helpers had to be added this year to take the more than 120 young people to Wampers Lake. The beginners leave on two buses and are given swimming instructions. Once they can pass their

test they are allowed to ride in the second bus for supervised swimming.

The core of the Summer Recreation is the Little League Program. It consists of six little league teams of twelve players each and five Farm league teams of fifteen players each (one new team added this year). They are all given uniforms and equipment and are coached by volunteer men from the community. They use the softball diamond, Carr Park, and the varsity diamond five days a week.

A Junior League program of boys 13 to 16 make up two teams which represent Manchester in a league including Chelsea, Norvell, Stockbridge, and Dexter. This includes 26 boys for the summer.

Manchester now has four girls softball teams. Two from ages 10 to 12 and two from ages 13 to graduation from High School. They play competition from area cities. These four teams have all been added within the last two years.

The new part of the Manchester Recreation Program is the night program for young adults from high school age up to 21. They enjoy summer dances and movies (which are open to the public) on a program that was initiated just this year and is expected to grow in the following years.

2. Athletic Boosters hold a meeting each month with the primary idea in mind to assist and improve athletic activities. In the past year there has been several things added through their efforts:

- a. A time clock for the wrestlers.
- b. A large improvement and repair done on all of the ball diamonds.
- c. An Audio Visual equipment purchased for use in school activities.
- d. Partial payment on new baseball uniforms.
- e. Sponsor a "Fun Nite" in Feb. which always has the Gym filled with kids.
- f. Held a fall banquet for recognition of Football, Cheerleaders, and Cross Country

**MANCHESTER TOWNSHIP**

**Notice of Public Hearing**

A special meeting of the Manchester Township Board will be held July 28, 1969 at 8:00 p.m. at the Village Hall, 120 S. Clinton, Manchester, Mich. for the purpose of hearing any interested party on a proposed ordinance to regulate the use of trailer coaches or other temporary structures for dwelling purposes. The proposed ordinance prohibits the use of trailer coaches or other temporary structures for dwelling purposes in Manchester Township until a permit therefore is secured from the Township Board. Such permits may be issued for one year and extended in cases of unusual hardships.

Continued from page 9

teams. A Mid-year banquet for recognition of Basketball, (both boys and girls) Wrestling teams. Cooperated with Optimist for "All Sports Banquet".

g. Partial payment for two Senior girls to attend Cheerleading Seminar.

h. Started a Slow Pitch league for the summer. If you think it is easy to schedule more games on our softball diamonds, per week, I wish anyone would take hold and i. Free dance for Manchester youth was sponsored this year to show the youth that they are appreciated.

All the activities have been provided with no charge, or minimum fees, for all kids who could participate.

3. The American Legion is an organization that could perpetuate itself by helping its own members, but they take the time, efforts and assist monetarily the youth of Manchester. The American Legion sends a Manchester Junior to Boys State each year for two weeks leadership training. This year they have taken on sponsorship of a 15 to 18 year old boys basketball team which uses the varsity diamond on Saturdays and Sundays. They have to practice on the Norvell diamond because the Manchester diamond is so much in use.

4. The Jaycees, besides running many other service projects, take time out for youth by sponsoring the lamb club, which underwrites the 20 members each year for the purpose of raising lambs to sell at the auction at the community fair. The Jay-

cees also give two scholarships annually to deserving graduating seniors to help them in their financial efforts for future education. The Jaycees also sponsor a Halloween party for 400-500 area children and furnish cider, doughnuts, and prizes.

The Easter Egg Hunt also attracts many area children. More than 500 were in attendance last year.

This group also has a representative on the fair board like the optimists, and assists at the fair carrying out activities beneficial to the youth.

5. The optimist club was very happy to honor sixteen students a year as outstanding students. The students were selected by their teachers and fellow students for outstanding achievements.

The steer club, much like the lamb club, helps youth to purchase and raise a steer to sell at the Manchester fair. This effort is a part of the optimists.

The optimists also holds an oratorical contest and help co-sponsor the annual Christmas party for the youth of the community.

6. The Manchester Chamber of Commerce also does its part for the youth of this community. They co-sponsor the Christmas party with the optimist club. The boat and canoe races which have become an annual event are participated in and watched by many of the young people of Manchester.

been provided by the chicken broil. All the time and work that goes into earning this money is donated by men from the Manchester area, but the money goes for youth activities.

8. The Fair involves a large number of our youth which is held in August of each year. They are bust several months ahead preparing for various activities such as:

a. The queen contest, for selecting a Fair queen with 12 girls competing. There is also a large number required with other preparations and in band to make things complete.

b. The senior food tent which is a big operation and helps provide funds for their class.

c. The parade which is the big "Kick Off" for the fair and anyone viewing from the sidelines can see a large number of teenagers participating (All high school classes and area youth groups construct floats for prizes) and also decorated bike contest.

d. Fireworks  
e. Exhibits are lamb club and steer club also for 4-H and open class exhibits.

A permanent building is being built on the athletic field to be used for the Fair and will be in use during the Chicken Broil. We are sure that the kids will find plenty of use for it during "Summer Recreation" and at various other times.

9. Other organizations that are donating time and money for Manchester youth are: The Boy Scouts, Girl Scouts, Clovers, 4-H, and the churches who have youth groups and have even opened up their doors for the activities of young people.

We ask again if any other community of equal size is doing as much for their youth.

**FARMERS CAN BE TRUSTED**  
Farmers that are participating in the wheat and feed grain programs can save money by being very accurate in certifying their crop acreages stated Nicholas Smith, Chairman of the Michigan Stabilization and Conservation State Committee. The deadline date for reporting the feed grain and diverted acreage and certifying to program compliance is July 15 for the southern part of the lower peninsula and August 1 for all counties in the northern part of the southern peninsula and in the upper peninsula.

There were approximately 66,000 farms that participated in one or both of these programs last year. All of these producers certified they had planted and/or diverted the necessary wheat or feed grain acreage and that they were in compliance with all program requirements. Approximately 12,000 of these farms were spot checked by county offices. These spot checks showed that less than 2% had reported acreage increases incorrectly.

## MANCHESTER SPEEDWAY RACING RESULTS

BY NANCY MARTIN

The "Pursuit" night here was full of excitement from start to finish. Don Taylor, from Brooklyn, in his pretty pink 25, was the fastest qualifier over 51 cars timed in. He also came from last place to first to win the first heat. Bill Younkin followed closely for second, with Duane Valentine third, Louie J. fourth.

In the first pursuit (2nd heat) the caution flag was thrown as Cal Bird ran completely up and over Dick Thompson's car. Bird's car was out for the night. Four cars finished the race with Dick Siede from Hillsdale first, over Don Macey, Jr. Gary, and Thompson.

The second pursuit saw Dick Theide from Jackson pass everyone in eight laps for the win. Butch Moull was second, Jerry Evilsizer 3rd and Lincoln Hall 4th. In the third pursuit, the checkered flag went to Gary Rhoades from North Adams, followed by Leonard Hale, Jack Wirth, and John Schaffer.

Taylor, again, passed everyone in the regular pursuit, taking only eight laps to complete. Dick Crup was second with Don Earles and Howard Woodman, third and fourth.

Starter, Jim Birchfield, had a slight problem with the Semi. such as two restarts and several caution laps for spins, etc. Through all the melee, Larry Leidel from Adrian, held on for the win over Moull, Curtis Kelly and Allen Teubert.

The feature followed suit for the evening as on the eighth lap, Louie J. Stern had taken the lead when his car was engulfed in flames. he steered it off the track and jumped out. He was taken to Herrick Hospital in Tecumseh for burns. We hope they are not too bad as Louie is one of the best and a favorite to many of the fans. Billy Younkin, from Jackson, did a good job of driving to take the win, his first feature here, Valentine finished second, followed by Taylor, Dennis Carrier and Crup.

The Destruction Derby was a slam bang affair with Ben Powell from Dexter taking home a huge trophy.

Don't miss the Mid-Season Championship trophy races, Friday, July 18!! The boys really run for those trophies!! See you at the races.

### SLOW PITCH

In last weekend's play the Koceski Old Stars beat Hoover Ball, Double A defeated Iron Creek and Fred's Follies won over Jim's Pizza. At this point Fred's Follies are 4-0; Koceski Old Stars are 3-0; and Double A is 3-1. The other teams have no victories.

This weekend the schedule of games is as follows: Saturday, July 19-Fred's Follies vs Koceski Old Stars at 4 p.m.; Iron Creek vs Hoover Ball at 6 p.m.

Sunday, July 20-Double A vs Jim's Pizza at 4:30 p.m. An attempt is being made to have the Octaves play Fred's Follies. If this game materializes it will be played at 3 p.m. on Sunday.

101st Year No. 40

July 24, 1962

## Union Const. Is Low Bidder

The village council awarded contracts for the construction of the Duncan Street Bridge project and the Division Street sewer line installation projects to Union Construction Company at Monday's council meeting.

Consulting engineers McNamee, Porter and Seely had recommended that the Village accept the bid of Union Construction Company on both projects. Wendell Reinhart had reported at Council's July 7 meeting. Union Construction's bid for the bridge project was \$70,600 with the condition that they would also be given the Division Street project. Their bid in that project was for \$11,000.

The other bids for the Duncan Street Bridge project were: Walter Tobe Co., \$109,400; F. J. Siller, \$91,835; Argersinger, Morse, \$81,300; O'Laughton Construction, \$79,049; Red Cedar, \$78,500.

At the July 21 Council meeting it was decided that there would be money to finance the Division Street project from both the general and water funds.

Village president, John Althouse said that he assumed the Division Street project would be started fairly soon. With the bridge project, Althouse said he was unable to state when that project would begin because the water main would have to be re-routed and materials for construction must be delivered.

## Will new Trailer Ordinance be easier to enforce?

The Manchester Township Board met July 14 for their regular meeting. At this time they passed the proposed ordinance on trailers. After some discussion, they decided to revoke the passage of the ordinance and call a public hearing instead. They will vote on the ordinance after the hearing is held July 28 at 8:00 p.m. at the Village Hall.

The ordinance prohibits the use of trailer coaches or other temporary structures for dwelling purposes until a permit is secured from the Township Board. An application for a temporary structure permit must be made to the Township Board and a fee of \$15 must be paid to the Clerk. No permit shall be renewed without a hearing and then for only six months if they prove they are a hardship case or can show just cause for living in the trailer.

Both Manchester township attorney Stanton G. Roesch and Chairman Clayton Parr maintain that according to the proposed ordinance, all trailers in this township are to be considered temporary structures. Roesch pointed out that "these trailers are not a permanent home unless so designed to remove the wheels and erect the structure directly on the ground."

Don Limpert said that in the State of Michigan all trailers are considered temporary residences. He said the new ordinance would be taking away power from the Board of Appeals and future permits would be issued through the Township Board.

"We have never turned a person down who has applied for a permit and complied with the regulations," Limpert said. "There are between 40 and 50 trailers in the township," Limpert added. "Lawrence Snyder of 15698 Elv Road, Mrs. Jay Hill of 20111 Boetger Rd., & Mrs. Johnson of Attends Convention

15442 Herman Road have all filed and complied with the regulations."

"Trailers that are licensed by the state," Parr said, "like travel trailers for example are exempt. Also the proposed ordinance is for unlicensed trailers and those which will have permits expiring in the near future." Parr said trailer owners must also come to the board if they have an unoccupied trailer and get a vacant trailer permit.

The proposed ordinance also states that no permit shall be granted by the Board unless there is adequate evidence showing that the proposed water supply and sanitary facilities have been approved by the Washtenaw County Health Department.

Limpert said the Board is changing the ordinance because too many people are pressuring them because he (Limpert) insists on compliance with the ordinance before a permit is issued. Limpert added that trailer owners pay only 25 per cent of what property and home owners must pay in taxes. He said that trailers have an adverse affect on land value in regards to resale of property. "No longer should the community," Limpert said, "allow people to ignore rules made long before I was here."

Parr said he favors this new proposed ordinance over the present one which he explained is vague and difficult to interpret. He also doubts this proposed ordinance if it is passed will be incorporated into the proposed new zoning act. He believes it should remain exempt from the zoning ordinance. Trailer parks, he added, would also be exempt because they are controlled by the state trailer park act.

Roesch said he would prefer to see this new ordinance incorporated into the new zoning act but added the final decision is with the zoning board.

The new zoning board which is appointed would probably include all the previous members, according to Parr. However, he did not include Limpert's name.

Limpert with the approval of Maynard Leach and Clayton Parr, board of appeal members, wrote a letter to the township

board asking for a legal opinion on the validity of our present zoning ordinance. To this date no legal opinion has ever been rendered. The present trailer ordinance is included under the present zoning ordinance.

Parr said he doesn't know how the Board is going to handle deviants. "We'll (the Board) have to do something after this (the ordinance) is passed," he said. He added they plan to ignore the trailers living near Iron Creek because they have been there so long.

"The new ordinance, Roesch said, would be enforced like any other law." He added the hardship provision, extending the permit in certain cases, will remain the same as in the present ordinance.

When asked if the new ordinance would exempt all trailers already in violation, Parr said, "I couldn't answer off hand whether previous noncomplying trailers would be exempt from the proposed ordinance, I would need my attorney's opinion on that." About people who have applied for a permit, Parr said, "I don't know whether these people would be subject to the new proposed ordinance because I don't know all the legal technicalities."

Roesch said noncomplying trailers will have to get a permit. "We can't refuse it to them on the basis that they have never complied before." "Probably all trailers," Roesch said, "will have to get a permit, I don't know what will happen if the court gets hold of those who do not file, or what kind of action the court will take. We've learned from the past that we've got to be more sophisticated in creating our laws."

Some of the present trailer owners strongly objected to the present trailer ordinance and are not happy to see the possibility of the new proposed one passing. One woman said that she applied for a permit before the present ordinance went into effect but was still required to file for a permit under the ordinance which then had not been passed. She also had to sign a statement saying she would remove the trailer as soon as circumstances permitted it.

Several people distributed petitions requesting a referendum vote on the proposed changes and the zoning ordinance in 1967 which were then given to the Township Board. They were not told by the Board if the petitions were acceptable or what was done with them. Another trailer owner asked how could the Board of Health okay a sanitary and water requirement if the trailer wasn't there first.

Editor's note: A letter written by a concerned party to the Attorney General about the handling of Manchester Township's present trailer ordinance appears in the letter to the editor column.

## TOM MARSHALL FORD RECEIVES AWARD

Tom Marshall, Inc. of Manchester has been selected as one of the nation's outstanding Ford dealerships and will receive Ford Motor Company's Distinguished Achievement Award.

The Distinguished Achievement Award is presented "in recognition of progressive management... modern sales and service facilities... sound merchandising practices... high quality standards... and continuing interest in rendering superior service to Ford owners."

Tom Marshall has been a Ford dealer in Manchester since 1960. The dealership is located at 510 W. Main Street.

## VILLAGE AGENCY EXPANDING

Hugh R. Sutton of the Village Agency, local real estate broker, has announced that Harold J. (Jim) Walkowe of Manchester has joined his agency as a licensed real estate salesman.

Mr. Walkowe is an employee of Double A Products Co., a division of Brown & Sharpe Mfg. Co. and has had several years of real estate experience.

## CORRECTION

The correct date of the United Methodist Church Ice Cream Social is July 30.
