DEVOTED TO A MORE PROGRESSIVE MANCHESTER

101st Year No. 40

July 24, 1962

Union Const. Is Low Bidder

The village council awarded contracts for the construction of the Duncan Street Bridge project and the Division Street sewer line installation projects to Union Construction Company at Monday's council meeting.

Consulting engineers McNamee, Porter and Seely had recommended that the Village accept the bid of Union Construction Company on both projects. Wendell Reinhart had reported at Council's July 7 meeting. Union Construction's bid for the bridge project was \$70,600 with the condition that they would also be given the Division Street project. Their bid in that project was for \$11,000.

The other bids for the Duncan Street Bridge project were: Walter Tobe Co., \$109,400; F. J. Siller, \$91,835; Argersinger, Morse, \$81,300; O'Laughton Construction, \$79,049; Red Cedar, \$78,500.

At the July 21 Council meeting it was decided that there would be money to finance the Division Street project from both the general and water funds.

Village president, John Althouse said that he assumed the Division Street project would be started fairly soon. With the bridge project, Althouse said he was unable to state when that project would begin because the water main would have to be re-routed and materials for construction must be delivered.

Will new Trailer Ordinance be easier to enforce?

The Manchester Township Board met July 14 for their regular meeting. At this time they passed the proposed ordinance on trailers. After some discussion, they decided to revoke the passage of the ordinance and call a public hearing instead. They will vote on the ordinance after the hearing is held July 28 at 8:00 p.m. at the Village Hall.

The ordinance prohibits the use of trailer coaches or other temporary structures for dwelling purposes until a permit is secured from the Township Board. An application for a temporary structure permit must be made to the Township Board and a fee of \$15 must be paid to the Clerk. No permit shall be renewed without a hearing and then for only six months if they prove they are a hardship case or can show just cause for living in the trailer.

Both Manchester township attorney Stanton G. Roesch and Chairman Clayton Parr maintain that according to the proposed ordinance, all trailers in this township are to be considered temporary structures. Roesch pointed out that "these trailers are not a permanent home unless so designed to remove the wheels and erect the structure directly on the ground."

Don Limpert said that in the State of Michigan all trailers are considered temporary residences. He said the new ordinance would be taking away power from the Board of Appeals and future permits would be issued through the Township Board.

"We have never turned a person down who has applied for a permit and complied with the regulations," Limpert said. "There are between 40 and 50 trailers in the township," Limpert added. "Lawrence Snyder of 15698 Elv Road, Mrs. Jay Hill of 20111 Boetger Rd., & Mrs. Johnson of Attends Convention

15442 Herman Road have all filed and complied with the regulations."

"Trailers that are licensed by the state," Parr said, "like travel trailers for example are exempt. Also the proposed ordinance is for unlicensed trailers and those which will have permits expiring in the near future." Parr said trailer owners must also come to the board if they have an unoccupied trailer and get a vacant trailer permit.

The proposed ordinance also states that no permit shall be granted by the Board unless there is adequate evidence showing that the proposed water supply and sanitary facilities have been approved by the Washtenaw County Health Department.

Limpert said the Board is changing the ordinance because too many people are pressuring them because he (Limpert) insists on compliance with the ordinance before a permit is issued. Limpert added that trailer owners pay only 25 per cent of what property and home owners must pay in taxes. He said that trailers have an adverse affect on land value in regards to resale of property. "No longer should the community," Limpert said, "allow people to ignore rules made long before I was here."

Parr said he favors this new proposed ordinance over the present one which he explained is vague and difficult to interpret. He also doubts this proposed ordinance if it is passed will be incorporated into the proposed new zoning act. He believes it should remain exempt from the zoning ordinance. Trailer parks, he added, would also be exempt because they are controlled by the state trailer park act.

Roesch said he would prefer to see this new ordinance incorporated into the new zoning act but added the final decision is with the zoning board.

The new zoning board which is appointed would probably include all the previous members, according to Parr. However, he did not include Limpert's name.

Limpert with the approval of Maynard Leach and Clayton Parr, board of appeal members, wrote a letter to the township

board asking for a legal opinion on the validity of our present zoning ordinance. To this date no legal opinion has ever been rendered. The present trailer ordinance is included under the present zoning ordinance.

Parr said he doesn't know how the Board is going to handle deviants. "We'll (the Board) have to do something after this (the ordinance) is passed," he said. He added they plan to ignore the trailers living near Iron Creek because they have been there so long.

"The new ordinance, Roesch said, would be enforced like any other law." He added the hardship provision, extending the permit in certain cases, will remain the same as in the present ordinance.

When asked if the new ordinance would exempt all trailers already in violation, Parr said, "I couldn't answer off hand whether previous noncomplying trailers would be exempt from the proposed ordinance, I would need my attorney's opinion on that." About people who have applied for a permit, Parr said, "I don't know whether these people would be subject to the new proposed ordinance because I don't know all the legal technicalities."

Roesch said noncomplying trailers will have to get a permit. "We can't refuse it to them on the basis that they have never complied before." "Probably all trailers," Roesch said, "will have to get a permit, I don't know what will happen if the court gets hold of those who do not file, or what kind of action the court will take. We've learned from the past that we've got to be more sophisticated in creating our laws."

Some of the present trailer owners strongly objected to the present trailer ordinance and are not happy to see the possibility of the new proposed one passing. One woman said that she applied for a permit before the present ordinance went into effect but was still required to file for a permit under the ordinance which then had not been passed. She also had to sign a statement saying she would remove the trailer as soon as circumstances permitted it.

Several people distributed petitions requesting a referendum vote on the proposed changes and the zoning ordinance in 1967 which were then given to the Township Board. They were not told by the Board if the petitions were acceptable or what was done with them. Another trailer owner asked how could the Board of Health okay a sanitary and water requirement if the trailer wasn't there first.

Editor's note: A letter written by a concerned party to the Attorney General about the handling of Manchester Township's present trailer ordinance appears in the letter to the editor column.

TOM MARSHALL FORD RECEIVES AWARD

Tom Marshall, Inc. of Manchester has been selected as one of the nation's outstanding Ford dealerships and will receive Ford Motor Company's Distinguished Achievement Award.

The Distinguished Achievement Award is presented "in recognition of progressive management... modern sales and service facilities... sound merchandising practices... high quality standards... and continuing interest in rendering superior service to Ford owners."

Tom Marshall has been a Ford dealer in Manchester since 1960. The dealership is located at 510 W. Main Street.

VILLAGE AGENCY EXPANDING

Hugh R. Sutton of the Village Agency, local real estate broker, has announced that Harold J. (Jim) Walkowe of Manchester has joined his agency as a licensed real estate salesman.

Mr. Walkowe is an employee of Double A Products Co., a division of Brown & Sharpe Mfg. Co. and has had several years of real estate experience.

CORRECTION

The correct date of the United Methodist Church Ice Cream Social is July 30.

Who, What, When, Where & Why

LETTER TO THE ATTORNEY GENERAL

July 11, 1967
 Dear Sir: Early this spring I wrote your office concerning the placement of trailers in Manchester Township and you referred me to our township attorney for legal aid.

In regard to this advice I'd like to bring to your attention the dramatic results we obtained from said attorney:

July 10: When asked how to word a petition to have an ordinance to a referendum vote, "I have about six volumes written on that subject." July 10: When asked about the number of names needed on said petition to be legal, "Gosh, I don't know." When asked the number of registered voters in the township, "I have no way of knowing." When asked if the Village of Manchester, which is in the township, would be allowed to vote in this referendum, "Off hand I would say no." We trailer owners were told that if we wanted to prevent an ordinance from being passed under which we would have to post a two hundred dollar bond in order to place a trailer on our property "which would be forfeited to the township upon the breach of any condition as the use of the temporary structure for dwelling purposes after expiration of any temporary permit granted," we should be at the township meeting in July. We were there but there was absolutely no consideration given to our points of view. The fact of the matter is that even our township clerk didn't even

know that such a meeting was to be held on the night of July 10.

This brings out another point. On that five man board only one is from the rural area the rest are residents of the village. Two of these men were elected - the supervisor and township clerk and our township attorney would not answer as to how the others were on the board. One of these men, the township supervisor holds a position on all three governing boards and on each one is allowed a vote; the township board, the Zoning Board and the Zoning Board of Appeals.

These statements are all true and have been witnessed by one or more persons.

FIRE DEPARTMENT CALLED TWICE LAST WEEK

The Manchester Fire Department was called to the farm of Mrs. Ida Frey of 12701 Pleasant Lake Road on July 16. A field of wheat was burned resulting from sparks which came from the remains of the barn they were cleaning which had two weeks before been burned. Damage was estimated at \$50.

The department also had one false alarm fire last week.

CORRECTION

Mrs. Ida Frey of 12701 Pleasant Lake Road was the owner of the barn which caught fire after lightning struck it on July 4.

YOU MAY NOT AGREE!

MICHIGAN LEGISLATIVE REPORT THOMAS G. SHARPE

One of the chief accomplishments of the current Legislative session was the enactment of legislation to provide a fair and effective distribution of funds from the \$335 million anti-pollution bond issue which was approved by the voters last November.

Grants are to be made to local governments from a \$285 million portion of this bond issue for the construction of sewage or waste treatment facilities, while the remaining \$50 million will be used to help finance the related connected sewers.

Originally, amendments were attached in the Senate that would have required an actual Legislative appropriation for each grant. This brought widespread criticism that the funds would be distributed on a "pork-barrel" basis of "politics rather than need."

I am pleased to report that the House of Representatives, in which I serve was successful in removing these amendments. Priorities for grant applications will now be determined on a point basis by means of a specified formula and scale that considers both the financial need of the local unit and the value of the proposed project in combating pollution.

Rather than make an actual appropriation for each grant, the Legislature will merely approve or reject a priority list of projects submitted by the State Water Resources Commission.

The Legislature may determine a "cut-off" point on the priority list, so that only projects ranking above that point will be funded in any given fiscal year. But the priority list itself will be compiled solely on the basis of value and need.

Communities can now receive, for the construction of planned treatment facilities or for existing facilities on which construction began after June 30, 1967, grants of 55% of the project costs.

Actually, under federal law, local governments are supposed to receive grants of 50% from the federal government, 25% from the state, and pay only 25% of the costs of the treatment facilities themselves.

The sad fact is, however, that the federal government has appropriated only a small portion of the funds necessary to implement its own law. (U.S.P.L. 84-660) The available federal funds can cover no more than 5% of the cost of the anti-pollution effort the Michigan electorate approved last fall.

Accordingly, the initial financing of waste and sewage treatment facilities will be on the following basis: state funds, 25%

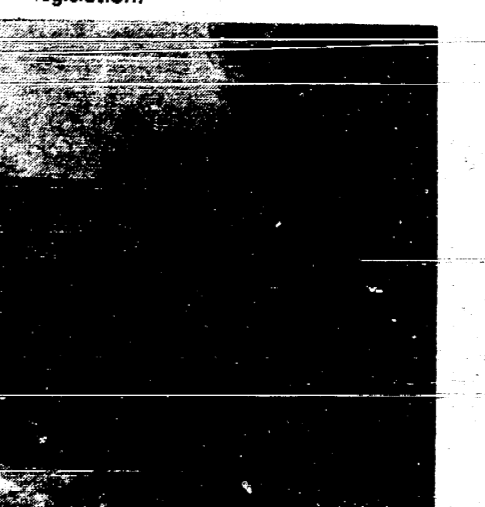

state advance against prospective federal funds, 25%; local funds, 25%; local advance against prospective federal funds, 20%; available federal funds, 5%.

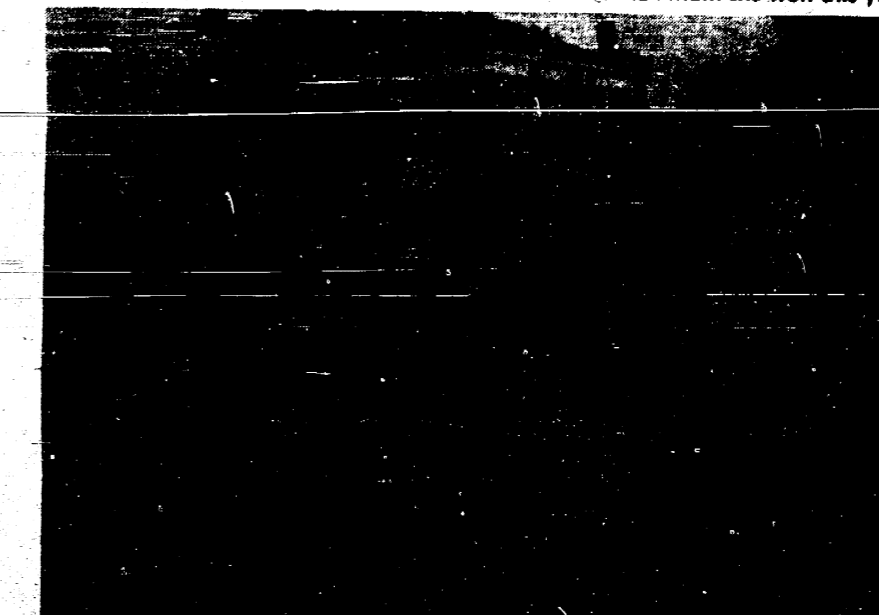

SHELLY CURTIS WINS FIVE AWARDS WITH COW

Shelly Curtis, 13, and her three-year-old Brown Swiss cow, Lillian Pink, had their day July 10 at the Southern Canton Show in Jackson. Shelly won five awards with her cow: first place in the three-year cow class from among seven other competitors, Sr. champion, Grand Champion, 4-H Cham-

Champion out of a class of 15 and first in junior showmanship out of a class of nine. Fifty head of Brown Swiss cattle were shown at the show.

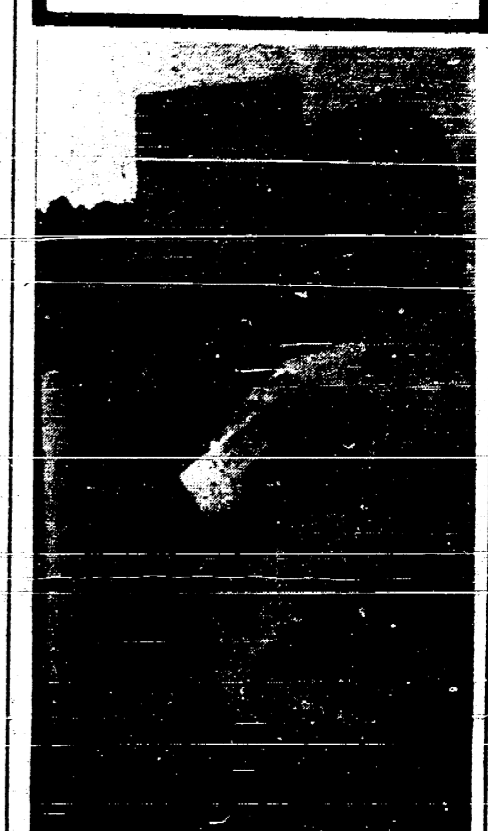

Shelly is the daughter of Mr. and Mrs. Robert Curtis of 3399 Sharon Hollow Rd. and she is an eighth grader at Manchester Junior High. She belongs to the Sharon-Manchester 4-H Club. Shelly's father said she had won awards before with her cow but never the maximum she won this year.

George Macomber & Sons of Manchester are shown with their Grand Champion bull, Whippoorwill Marquis King. He was Grand Champion at the Michigan State Show and White Show. The four trophies are from left, Jr. Champion, donated by E. G. Mann & Sons; Grand Champion District Show; Grand Champion State Show and Jr. Champion State Show.

JEAN FELDKAMP ATTENDS CONSERVATION CAMP

Jean Feldkamp, of 9980 M-52, Manchester, uses a slope finder to measure a hillside during an outdoor workshop at the 33rd annual State 4-H Conservation Camp held at Chatham, Michigan July 14 - 19.

Over 150 4-H teen leaders from all parts of Michigan attended the conservation education session that aims to provide them with an understanding of natural resources and the total environment.

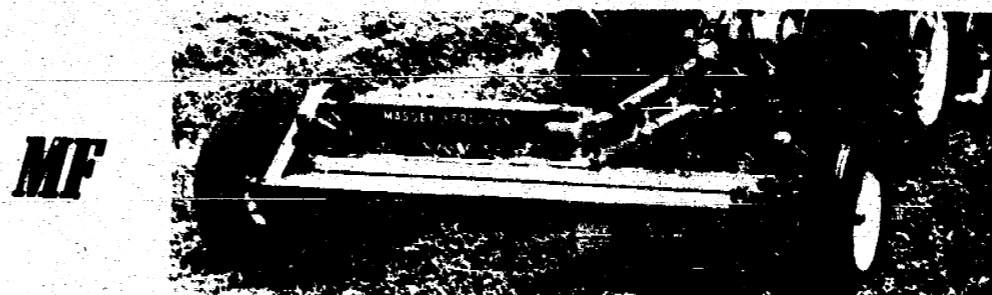

Highlights of the camp included a boat trip to Pictured Rocks, a visit to the Sney National Wildlife Refuge, an electrofishing demonstration, measuring water quality and a study of the Upper Peninsula's ecology.

SCUTTLEBUT

Chicken Broil Party guests at Max and
Twyla Sellers' home last Thursday were:
Mr. and Mrs. Coridale Doss of Indianapolis,
Indiana; Mr. and Mrs. Robert Nelson of
Lapeer; Leonard Elliott and Gene and
Hanke of Jackson; John Anderson of
Kentucky; Robert and Howard Hines and
their mother; Mr. and Mrs. Red Bracey, John
Burke, Ben Mcleod and Dean, long-time
employees of Seller's Sawmill.

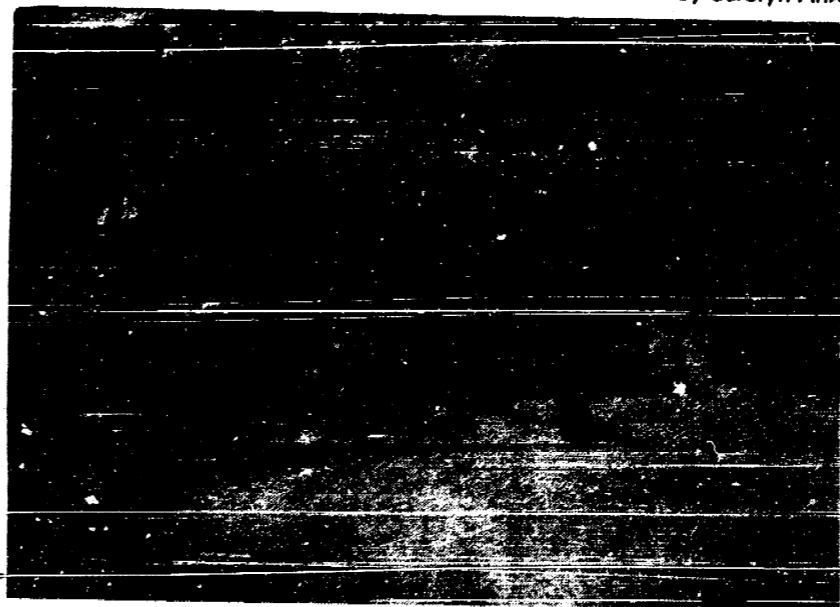

Dr. and Mrs. Vernon Rowland and
daughter, Susan, of Shaker Heights, Ohio,
arrived on Friday to help Mrs. Rowland's
father, C.W. Lamming of 220 S. Washing-
ton celebrate his 88th birthday the same
day as the Chicken Broil. A quiet family
dinner was held on Saturday at the sum-
mer home of a niece, Mrs. William Watson
at Pleasant Lake. Dr. Rowland and Susan
returned on Sunday and Mrs. Rowland
flew back to Cleveland on Wednesday. Ann
Rowland will visit her grandfather in early
August when she comes to Ann Arbor for
freshman orientation at the U of M.

Mr. Lamming was born in Lincolnshire,
England, and is the eldest of the U.S. Parr
family members here. Mr. Walter Parr of
Westmoreland, England is the eldest of the
family who remained in England, he was
also 88 this week.

A double cause for celebration for Mr.
Lamming, the Rowlands and other mem-
bers of the Parr family was the winning of
the British Gulf Open by the 25 year-old
English Tony Jacklin, the first Englishman
to win the Open since 1951. Tony Jacklin
is a friend and neighbor of a Gainsborough
Parr cousin, Allan Williamson who is also
Mr. Lamming's nephew. Mr. Williamson, an
amateur golfer visited Manchester in March
of last year.

RELIVING THE OLD WEST

by Carolyn Ahrens

"Relive the Old West" at Frontier City,
a replica of times gone by at the Long Horn
Saloon, Fort Dodge, Boot Hill, the Last
Chance Mine and stage coach robberies --
only a few of the authentic attractions of
the western town located on US 50 just
1 1/2 miles south of Cambridge Junction at
US 12. Manager Milt Sabin said, "Frontier
City is where the west comes alive because
it's a working town and not just a museum.
We have a sheriff, cowboys, horses, western
gun fights and hold-ups. Here you see the
west as it might have been in many western
towns years ago." He went on to say that
with live animals such as the near-extinct
Old Texas Longhorn, Scottish Highlander
cattle, buffalo, Ferdinand the Bull and over
200 various breeds of deer, Frontier City
is a unique city in Michigan.
Originally opened 9 years ago by May-
nard Manuer and Ivan Hunt, Frontier
City is rapidly becoming a Grand Ole
Opry and top tourist attraction in south-
eastern Michigan. Employing 22 people,
Manchester is also represented with Sherri

BONANZA LOT
Southern Gate to Manchester
Sells Pontiacs
Sells Chevrolets
Sells Trucks
Sells OK Used Cars
Stop and Shop

and Vicki Gormley on the staff. Frontier
City is open daily except Monday from
early summer through the end of Septem-
ber with one admission covering all the
attractions. On Sundays and holidays the
admission price includes a five 2 1/2 hour
Country and Western Show. Stars that in-
clude Johnny Cash, Del Reeves, Bill Ander-
son, Conway Twitty and Loretta Lynn
plus many such top professional enter-
tainers as seen at the Grand Ole Opry in
Nashville and on television.

Manager of the Stable of Stars Per-
ry Stauffer who is also largely responsible
for the major build-up of Frontier City
claims, "We get the biggest in the busi-
ness." With different bands and enter-
tainers each week, the audience often
numbers close to 2,000 from Ohio, Illinois,
Kentucky and as far away as Ontario.
"They come a long way to see their favor-
ites," he added. Mr. Stauffer also men-
tioned the \$47.50 bus trip to the Grand
Ole Opry in Nashville that is available in
the spring and fall. For further information
he may be contacted at Frontier City.

Another feature available at Frontier
City is the private rental of the entire city
for any day except Sundays, Manager Milt
Sabin said. He added that for a minimum
amount live entertainment may be arranged
also. "It's ideal for church groups, busi-
nesses or whatever as we have the western
attractions and picnic grounds plus enter-
tainment."

With cowboys and cowgirls, the capture
of stage coach bandits, Roy Boy the Cow-
boy, Jack Sloan and Sheriff Roy Helmski
performing a wild-west skit, Milt Sabin and
Perry Stauffer offer entertainment and a
fun-filled day for the entire family at
Frontier City. The gates open at 10:00
a.m. with the country and western shows
at 1:30 and 5:30 p.m.

LIBRARY NEWS
Gift of the Deer - Helen Hoover
In the farthest wilds of northeastern Minnesota, back in the Gunflint Range, the author of this book and her artist husband have a two room cabin home in the bush country. Beginning one Christmas day when they first watched the starvine

Deer they later named Peter, the Hoovers had many opportunities, a passionate inclination, and the nature skills to observe this whitetail buck-journal later by his mate, and finally by several of their offspring through the changing seasons of four years. Close as their relationship was to the generations of beautiful animals, the Hoovers did not consider them pets but fellow inhabitants of that wild country.

Adrian Hoover's drawings are from life, and they add another level of understanding to his wife's vivid prose.
A Walk in the Spring Rain - Rachel Maddux

This is a love story which, in its brief, lyrical passages, contains the tragedy and joy, the passion and pain of the great love stories of history.

This love is no respecter of persons and does not take kindly to logic. It springs from the hearts and souls of an inappropriate pair of lovers - a simple, unpolished mountain man and a sophisticated, urban woman destroying the disciplines of two lifetimes.

Clint Eastwood plays Richard Burton's cohort in MGM's "Where Eagles Dare," explosive drama of an Allied team parachuted into the Bavarian Alps behind enemy lines during World War II. Mary Ure also stars in the thrill-packed picture, filmed from a story and screenplay by Alistair MacLean and photographed on locations in the Austrian Alps in Panavision and color.

MESSAGE FROM A WEIGHT WATCHER

Hi! Would you like to lose a few pounds? Four years ago, I needed to lose forty, and someone said to me, "You want to lose weight? Have a malted!" Have a malted and lose weight, that doesn't sound real, does it? But that's absolutely right. Four years ago, I joined an organization called Weight Watchers. The first time I went, my lecturer said to me, "You can have two malteds a day, and still lose weight." I have been having those two malteds a day for the last four years, and I'm delighted to tell you that I have lost forty pounds and kept it off for two years. It sure makes life a lot easier when I know that there is something like a Weight Watchers Malted for me to take when I'm hungry. Hungry? Not only hungry, but when I'm miserable, when I'm angry, when something bothers me, and I want something so badly I could just . . . well, you know the feeling. This is exactly what the malted does for me. It soothes my nerves, it tranquilizes me, it makes me feel good, and on top of it, I'm getting slim. What a nice way to start this article, I felt, was to share this secret with you. This was the way the Weight Watcher Malted was given to me at my very first meeting:

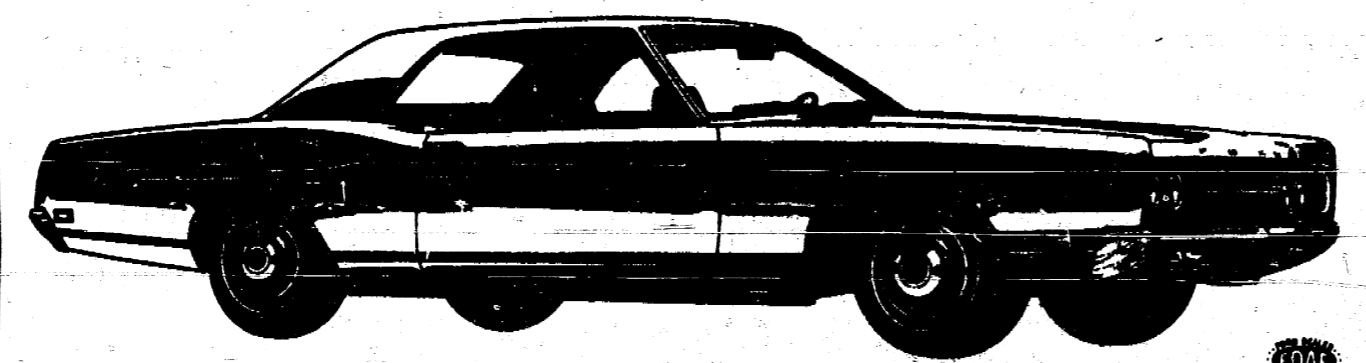

One glass low-cal Soda, any kind you want, my favorite happens to be Faygo Strawberry-Cherry. I pour this in my blender. Sometimes if I'm really hungry I'll use the whole bottle. I add 1/3 of a cup of powdered skim milk, any kind of liquid sweetener. Four or five ice cubes. I put my blender on high and let the whole thing sort of go, until the ice is chopped up and made into nothin' and the whole thing is foamy and rich and delicious. This makes about two glasses, of which I am entitled to both of them. It is very filling and I really enjoy it.

I hope that this week, after having read my little secret, that you will try it and maybe it will start you on your road to feeling better, and looking better. Weight Watcher classes are now being held in your area. Why not join and make life a lot easier for yourself.

COUNCIL MINUTES
June 23, 1969

Special meeting of Council as the Board of Appeals.
Trustees present: Mahony, Scully, Reinhart, Macomber, Fitzgerald, and Walton.
Absent: Mayor Althouse, Clerk Hughes.
Moved by Scully, seconded by Fitzgerald we adjourn and open as Board of Appeals.
Reported by Fitzgerald that \$50.00 fee had been received from S & W Builders for a variance on property on Macomb Street. All property owners within 300 feet had been notified by mail of the meeting. No one was present to object to the issuance of the variance.
Moved by Reinhart we grant the variance, seconded by Fitzgerald. All years, carried.
Moved by Walton, seconded by Scully that we adjourn as the Board of Appeals. All years, carried.
Moved by Scully, seconded by Walton that we adjourn Council meeting. All years, carried.
Respectfully submitted
Harry Macomber, acting clerk

COUNCIL MINUTES
July 7, 1969

Council met in regular session.
Called to order by President Althouse. Trustees present were: Mahony, Scully, Reinhart, Macomber, Fitzgerald and Walton.
Minutes of the previous meeting were read and approved.
Bills were presented and received from their proper funds.

Moved by Mahony, supported by Fitzgerald that bills be paid as presented, voiding check No. 520 and rewriting on proper fund, and voiding check No. 534. Yes: Mahony, Scully, Reinhart, Fitzgerald, Walton. Abstain: Macomber. Carried.

Mr. Philip Duckham was present to present a garbage disposal contract to Council. He requested a rate increase to \$2.00 per month for a ten gallon can, and \$2.25 per month for a twenty gallon can. Fitzgerald moved to approve the new rates, supported by Macomber. All years, carried.

Wendell Reinhart reported that McNamee, Porter, Seely's recommendation on the Division Street project and the Duncan Street bridge is to accept the bid of Union Construction. Mahony moved to table action on the Division Street project 69-sw-1 until the next meeting, seconded by Walton. All years, carried.

Reinhart was instructed to obtain estimates on repair at the sewage treatment plant.

Scully presented a proposal to make the alley east of the Main Street bridge a one way street away from Main Street. A proposal was also discussed to prohibit truck parking in the angle slots on Main Street. Both proposals were referred to the Health and Safety Committee and Ordinance Committee.

Police Chief Becktel gave the police report.

Moved by Scully, supported by Reinhart to approve the contract for Modern Disposal conditional upon proof of liability insurance and vehicle coverage. All years, carried.

Mahony moved to adopt the bonding resolution, supported by Fitzgerald. All years, carried.

Mahony presented the structure of the present water rates compared to the proposed rate structure. The proposal was passed on to the Ordinance Committee.

Moved by Mahony, supported by Reinhart to increase the village contribution to the Recreation Program by \$850.00 to \$1,950.00. The increase is to be earmarked for the evening program. All years, carried.

Macomber questioned whether the cars at Arnold's are being moved.

Fitzgerald gave the Ordinance Report:
New building applications - Owner William McCully - new home - \$17,950 S & W Builders
Applications for additions, alterations and improvements:
Owner: S & W remodel house on Parr Rd. \$4,000 Builder S & W
Owner: Maynard Blossom add \$2,500 Builder S & W
Owner: R. Schaible remodel bathroom \$500 builder self
Owner: S & W Builders install furnace \$800 Builder AI's Custom Plumbing
Owner: Ben Creech enclose back porch \$600 Builder self
Owner: Duffield Ball install windows and siding \$2,000 Builder self
Owner: Eugene Bentschneider siding home \$1,800 Builder Colonial Bldrs.
Owner: Double A Products install block wall partitions \$1,400 Builder - Bridgewater Lumber

A meeting was held on June 23, 1969 granting Maynard Blossom a four foot variance to construct a family room. - Permit money: \$156.50.

Fitzgerald requested that a letter be sent to Robert Downey stating that the village sewer is not available at his property at this time, so that he may apply for a permit at the Washtenaw Health Department to construct a drain field.

Bruce Daniels was instructed to repair the sewer at S. Washington when weather permits. Moved by Walton, supported by Reinhart to allow Jackson Gospel Hall to hold a meeting on Main Street on August 5. All years, carried.

Fitzgerald was instructed to obtain appraisals on certain village properties. Macomber moved to adjourn, seconded by Scully. Carried.

Douglas A. Hughes, Clerk

MANCHESTER SPEEDWAY RACING RESULTS

by Nancy Martin

With men on the moon, we had a beautiful night for our Mid-Season Trophy Races. After being rained out Friday night, Don Taylor's quick time of 18:94, fastest of 50 cars, won him his first trophy of the evening.

In the first heat, Taylor came from the back of the pack to take his second trophy for first place, over Bill Younkin, Dennis Carrier, and Dick Crup. The second heat win went to Ray Barnard, followed by Dick Slagle, Gary Rhoades, and Jr. Gary.

The trophy for the third heat went to Jim Martin from Manchester who jumped out ahead and held on for the win, second went to Roger Boyer, third and fourth to Larry Leidel and Dick Thiede. In the second lap of the fourth heat, John Weinhart went off the third turn and rolled.

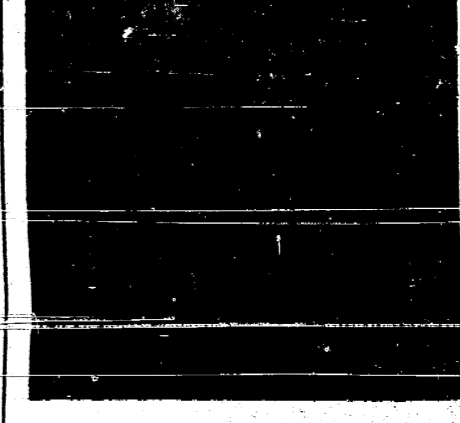

He was ok and was presented with his first upside-down trophy. Larry Gray was first across the line, in this one, chased by Jack Wirth, Dave Warren, and Nick Nichols.

The pursuit had a few anxious moments as Cal Bird lost control of his car and collided with Sam Henson, who ended up in the mud on the front straight. "Poor" Sam was unhurt but covered with mud. I think he holds the record for that. Younkin picked up the win and the trophy with

Taylor second, Carrier third and Paul Whitaker fourth.
The semi saw a couple caution flags, but nothing serious, as Jerry Johnstone picked up his first trophy in his first year of driving. Mike Havens and Jim Martin were right on his back bumper but had to settle for second and third, in that order. Wirth was fourth and Jerry Lippert fifth.

The 50 lap feature was racing at its best. Dick Crup, in his sleek red, white and blue No. 24 drove a beautiful race and took home a large trophy for the win, Don Taylor finished second and Bill Younkin third. All three are Ford powered, for you Ford lovers! Carrier was fourth and Howard Woodman fifth.

Come on out next Friday night and see how pretty and "zippy" our little cars are. You won't be disappointed I'm sure. Racing is good for the whole family so bring the kid's along!!!

BOARD OF EDUCATION MEETING NOTES

The regular meeting of the Board of Education was held at the Superintendent's Office on July 14, 1969 with all members present except Pedersen, who is ill with a broken leg.

Trustee-elect Louis Vogel was sworn into office by Trustee Leeson.

The meeting was called to order by Chairman Pro Tem Klager at 9:00 p.m.

Supt. Swartz assumed the Chair, and called for the election of officers.

Fielder nominated Klager for President, seconded by Alber. The vote 5 yeas, 1 abstention, 1 absent. Klager declared elected.

Pres. Klager accepted the Chair. Fielder nominated Leeson for Secretary, seconded by Luckhardt. The vote 5 yeas, 1 abstention, 1 absent. Leeson declared elected.

Leeson nominated Fielder for Treasurer, seconded by Alber. The vote 5 yeas, 1 abstention, 1 absent. Fielder declared elected.

The Board of Education for the year 1969-1970 was declared formed, as follows: President, Luther C. Klager; Secretary, Laurin F. Leeson; Treasurer, Clarence Fielder; Trustees, Carl Pedersen, Allen Alber, Andrew Luckhardt, and Louis Vogel.

Minutes of the two previous meetings were reviewed and approved.

It was moved by Leeson that a bond be purchased for the Treasurer, in the usual amount, through the Surton Agency. Seconded by Vogel, and passed unanimously.

The financial report for June was studied and explained, and on the motion by Fielder, seconded by Alber, was unanimously approved.

Current claims were considered, in the total amount of \$6,616.31. Supt. Swartz gave a summary of our agreement with the Emanuel United Church of Christ, for the use of the building and facilities as temporary classrooms for the past three years. He further explained the needs for final settlement of several items: chairs, repairs to parking lot, kindergarten rug, utilities, totaling \$1,541.16, (included in the above total amount). It was moved by Fielder, seconded by Vogel, and unanimously approved that they be paid.

It was moved by Fielder, seconded by Alber, that an inclinometer be purchased and installed at the Klager Elementary School, for the cost of \$1,653. Passed unanimously.

Claims on the building and site fund were considered and on the motion by Vogel, seconded by Luckhardt, were unanimously approved, and ordered paid.

Michigan Association of School Boards: Pres. Klager named Leeson as acting delegate to this organization, and Alber as alternate.

Regular Meetings: It was moved by Fielder, seconded by Luckhardt, that regular board meetings be held on the second Monday of each month, at 8:15 p.m. Passed unanimously.

Bank: It was moved by Luckhardt, seconded by Fielder, that the Union Savings Bank of Manchester be designated as the depository for school funds. Passed unanimously.

It was moved by Vogel, seconded by Alber, to request permission from the state to borrow \$100,000. (Amount allowable up to this amount to be confirmed by Supt. Swartz, with Attorney Thrun.) Passed unanimously.

It was moved by Leeson, seconded by Fielder, that the above loan be secured from the Manufacturer's National Bank of Detroit. Passed unanimously.

The problem of grading on the new athletic field adjacent to Klager School was discussed. Contractor Miller is to meet with the architects to try to determine the responsibility of the grade being too low for drainage. Other problems with these grounds were discussed: water hole at rear of site, and treatment for prospective parking lot area in front.

Supt. Swartz reviewed progress on negotiations with the teacher's union. In that Boutell has retired and Pedersen is ill, Pres. Klager volunteered to act in place of Pedersen on the Board negotiating team, and appointed Alber to replace Boutell. Fielder continues as the third representative of the Board.

Pres. Klager called on Leeson for a report of an inspection tour of some of the buildings made by Klager, Leeson and Fielder. Further discussion ensued on the need and prospects for a major renovation project at the Junior High Building. The report was ordered to be recorded in the minutes.

Honeywell Controls: Supt. Swartz gave

a summary of the costs of maintenance on the heating system controls and system. At the present time he feels that our costs would have been less on an individual call basis than on the contractual program. It was decided to continue the contracts as in the past.

Fielder called attention to a load of fill dirt which was dumped on the athletic field, and it was decided to spread it in the drive area, to open the drain.

Member Vogel presented a petition from a number of people in the Pleasant

Lake area for a blinker warning light at the school. Supt. Swartz has written to the County concerning this, and he will now follow up on this.

Supt. Swartz distributed copies of a revised School Calendar for next year. It eliminates half-day sessions and other minor changes. It was moved by Leeson, seconded by Fielder, that it be approved. Passed unanimously.

Man on the GO...

by Carolyn Ahrens

Charlie Schebor, an area businessman of many talents and tales, owns and operates the Schebor Greenhouse on a 90-acre farm on Logan Road. Handling over a million plants each year including garden, vegetable, cemetery and house plants, he travels weekly to the Ann Arbor Market which he says, "is the cleanest I go to", the Eastern Market in Detroit and in early spring ships several thousand dollars worth of plants to Alpena, Michigan. He pointed out that if the order is large enough they personally deliver within a 100-mile radius. Area landscaping done by Schebor Greenhouse include Double A Products, Hoover ex-governor John Swainson's summer home on Logan Road and many area homes.

1946 Mayor Carl Wuerthner asked Mr. Schebor if he would take the position of the first Chief of Police of Manchester, a job which began in 1946 and continued through 1958. "We had good kids then and we still do. There's no such thing as a bad boy, just that some need more talking and understanding than others. I doubt there's a kid I couldn't talk some sense into even now," he said. "In those days I worked alone and as the only law official I issued driver's licenses, was the health and truant officer, fire inspector and using a double-barrel shotgun, guarded the Double A and Ford Motor Co. payrolls (located where Thornton Industries is now) as it was transported from the bank to the shops in those days before checks were issued." He used his personal car for 11 years before the first official village police car was purchased.

just retired from a 23-year career with the Army and who is now selling Army insurance; Charles, Principal of the Washington High School in Cincinnati; Joe, a buyer at Lamson's Department Store, Toledo; Donald, an inspector at Double A; Kenneth, Cashier at the Union Savings Bank; David who has just returned after 2 years of service with the Army and who will return to his supervisors job at CPA, Ann Arbor; and their only daughter Becky, Mrs. David Shadley, have made them grandparents 14 times.

Schebor was at one time the President of the Dewey School District located in Bridgewater, drove a school bus and during the holidays a bewhiskered gant who often arrived via Allen Schaffer's airplane and was the store detective for Carlton Country Markets for 3 years. "I spent 32 years in uniform between the fire and police departments so when I retired from both I guess I'd done my share," he said.

Mr. Schebor is also a member of the Metropolitan Club, Dearborn; a past member of the Optimist Club, worked 16 years on the Chicken Broil and is a member of the United Church of Christ. A man of many talents and interests, he has bowled for 14 years on the Manchester Businessmen's League in Chelsea and also raises pigeons. He had at one time homing pigeons but now concentrates on 90 show pigeons which he enters in area fairs, last year taking 3 out of 3 prizes at the Manchester Fair. Schebor is also a member of the Down-Run Pigeon Club in Taylor.

His philosophy of life, "You don't own anything. You're just here to take care of it." Perhaps a thought for everyone.

AREA SCOUTS ATTEND JAMBOREE

Some 26 Boy Scouts from Washtenaw and Livingston counties attended the Seventh National Boy Scout Jamboree July 16-22 at Farragut State Park, Idaho. The group has seven boys from Iroquois District. Those from Manchester were

ACCIDENT CLAIMS LIFE OF YOUNG BOY

A two car accident on Pleasant Lake Road claimed the life of a four year old Manchester boy Monday afternoon. Terry Hassett, son of Mr. and Mrs. Gordon Hassett of 11955 Elm Dale was killed as the car driven by his mother, Vivian, slid on the wet pavement into an oncoming car driven by Roscoe Lannom. Lannom applied his brakes but both cars slid into each other and the impact forced the Hassett car into a spin and into a tree. Mrs. Hassett was reported to be in serious condition at University Hospital with a chest injury. Another son, David 2, was also a passenger; he was not hurt.

Both Lannom and his wife, Wali of 5224 Happy Hollow Road were injured and are patients at University Hospital. Lannom is listed in good condition with a fractured leg and chest injuries. His wife is in fair condition with a fractured ankle and arm.

PUBLIC HEARING DRAWS LARGE CROWD

The public hearing concerning the regulation of trailers was held Monday night at the Township Hall. Twenty-five people were counted as being against the passage of the proposed ordinance, with only a handful expressing no opinion either way.

Clayton Parr said the action was taken on the proposed ordinance after the hearing. He said they may have to call a special meeting and it may be possible the proposed ordinance may be changed. The board discussed the ordinance after the hearing and it was felt that possibly new wording (more clarification in the definitions) would be proposed later.

The consensus of the majority of people who were at the hearing was that more leniency in the ordinance was needed. Their biggest objection seemed to be the definition of trailers as "temporary." They do not want to have to renew a permit every six months to live in this type of home which many maintained is as good if not better than some of the areas houses.

Both Parr and Roesch claimed they did not object to trailers as long as they complied with the ordinance. Audience members maintained that the board failed to answer their basic question which was, why the township wanted to regulate and possibly prevent future trailers from entering Manchester township.

Robert Armentrout who is Assistant Scoutmaster for the Jamboree Troop and David Kraus and Todd Armentrout.

A total of 40,000 Scouts and Explorers participated in a week of Scoutcraft Activities, field sports and swimming. A day of sightseeing is planned at Glacier National Park, Montana to conclude the Jamboree. The group will return to Ann Arbor July 26.

The car haulers above stopped out front of the Enterprise for a picture. They said it was a follow-up to the one published during clean-up, fix-up week showing the wrecked cars behind Arnold's gas station. These men stated that they are slowly, but surely cleaning up that mess.
