FIRELITE INN TO HOLD GRAND OPENING

Carolyn Ahrens

The Firelite Inn, located at the intersection of M-52, City Road and Austin Road, Manchester, is scheduled for a grand opening celebration September 5, 6 and 7. The new owner and manager, Fred Johnson, announced.

Food, dancing and entertainment is planned with Don Powers and the Spoiler's scheduled to appear September 5 and 7 and Bruce Green and the Branded Men the featured band on September 6. Johnson also announced that after the official opening there will be live music Saturday nights, Sunday afternoons and on special occasions only will feature a band on Friday nights.

Originally opened in 1961 by Laura Huber and Jim Walkowe as the J & L Bar, the Firelite Inn will undergo several changes. Johnson said, "I'm going to make more changes after the official opening and many future plans will depend on the people of Manchester. If and only if the liquor-by-the-glass proposal is passed in the fall of 1970, I will remodel the entire building inside and out." His plans include a new bar which would be necessary if liquor-by-the-glass is served, carpeting, new furniture, air

conditioning, a paved parking lot and a general Thompson's of Saline atmosphere. "But," he continued, "it all depends on the people of Manchester. Whether or not they want such a place will depend on the liquor ballot."

Current plans following the grand opening call for a daily hot-plate special, hamburgers, hot beef and ham sandwiches as well as Jim and Nancy Yungkans' pizza speciality on Friday and Saturday nights from 5 p.m. to 1 a.m. Other employees include Beverly Brookhart and Bruce Green.

The Firelite Inn is open daily from 11 a.m. to 2 a.m. and Sunday noon to 2 a.m. with the telephone number for pizza orders 426-8924.

Mr. Johnson is a member of the Manchester American Legion and VFW Post and at present he and his family reside in Dexter although they hope to eventually move to Manchester.

BLOODMOBILE HERE SEPTEMBER 12

One hundred fifty units of blood have been given to nineteen Manchester area residents and industrial members of the local Red Cross Blood Club since August 1, 1969. The amount per individual has varied from one to fifty-four units during this time.

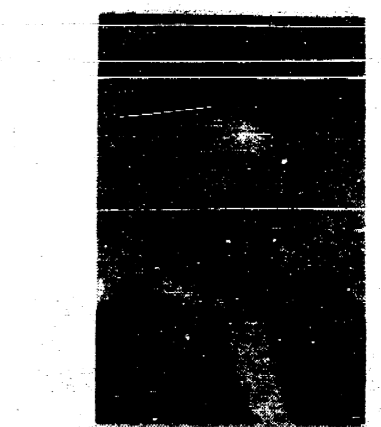

The Red Cross Bloodmobile will be at the Emanuel Church of Christ on Friday, September 12 from 12 to 6 p.m. to give the area the opportunity to replenish the local club's "bank." (The next Bloodmobile scheduled for the area is July 14, 1970.) Simple mathematics shows the number of people who will be needed on the twelfth to carry the area through a normal year of need. The age for donors is now 18 through 65. Those under 21 should bring a parental release unless they are married or in the armed forces.

Manchester has had a Red Cross Blood Club since they were first organized in 1951. Stanton Roesch, the Red Cross branch chairman at that time, the American Legion Post and the Legion Auxiliary combined with Dr. Arthur Holstein to hold the first club clinic with a Red Cross Bloodmobile on March 19, 1951. One hundred and twenty-seven pints were donated. Mrs. Rolland Grossman was Chairman-of-the-day and remained in that capacity for 19 of the 22 clinics held since then. She's vacationing this September 12 and Mrs. Eugene Bentschneider will be her substitute.

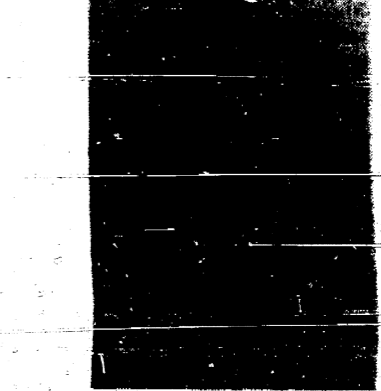

One thousand nine hundred eighty-five pints of blood have been donated by club members at local clinics in the past 18 years, and all but fifty of them have been used by the club to date. Statistics did not reveal how many different families and individuals in the club had been assisted, but all of those families could give testimonials for the worth-whileness of one of Manchester's many outstanding civic ventures. Mark Sept. 12 on your calendar NOW.

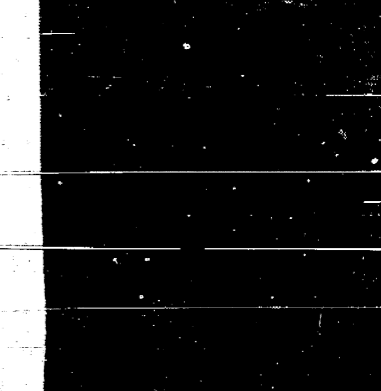

Mrs. Betty Gulliver, a graduate of Theodore Roosevelt High School in Wyandotte, Michigan and Western Michigan University, Kalamazoo, Michigan will teach second grade in the new elementary school. Mrs. Gulliver who is the wife of Ted Gulliver, local high school teacher and coach, taught previously in Brooklyn, Michigan.

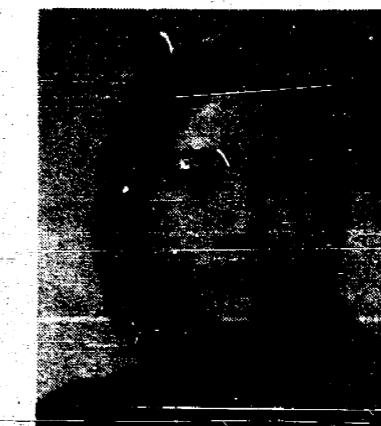

Mrs. Kristin Schick will teach third grade in the Luther C. Klager Elementary School. Mrs. Schick attended Bloomfield Hills High School and received her Bachelor of Arts Degree in Elementary Education from Albion College. Mrs. Schick's husband, Brian, is a teacher and coach in the upper middle school.

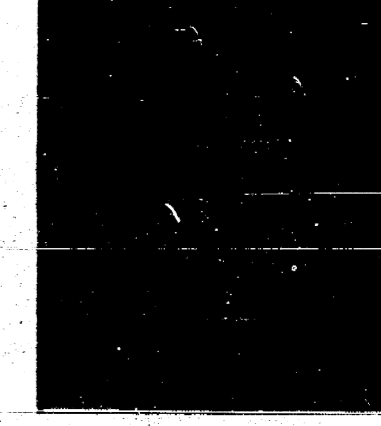

Mrs. Sharon Jean Chapman Hankamp, a graduate of Hammond, Indiana High School and Hope College, will teach a first grade section in the Luther C. Klager Elementary School. Mrs. Hankamp has taught previously in Flossmoor, Illinois, and Whittier, Calif.

Miss Patricia Dempsey, a first year teacher, will teach 6th grade in the Middle School. Mrs. Dempsey is a graduate of Adrian Catholic Central High School and Sienna Heights College in Adrian.

Mrs. Sheri Maeda Wolff, a native of Honolulu, Hawaii and a graduate of Cornell University will teach high school English in the Manchester system. Mrs. Wolff is a first year teacher. Her husband is connected with the University of Michigan.

Mrs. Kathryn Groves who earned her Bachelor of Science Degree from Eastern Michigan University will teach 5th grade in the Manchester Middle School. Mrs. Groves attended Manchester High School and is the daughter of Mr. and Mrs. Willard Mann of Manchester.

Who, What, When, Where & WHY

LETTER TO THE EDITOR

I am in agreement with the Enterprise in stating that the assessment and tax rolls

are public documents and as such are available to the citizens for inspection; but, no one is obliged to get the information for you. You must do your own homework.

For anyone not familiar with these documents this is quite a task as the Manchester assessment roll is a large book consisting of 247 pages with over 3000 individual entries in it. Several of the farms are divided into as many as eight different descriptions which are placed in the assessment roll in relation to their location in sections or parts of sections. With farms along the township border or extending over the border into the adjoining township or even another county makes the getting of a complete tax record rather complicated and it could be easy to miss or omit part of the record.

This is exactly what happened in the table in the August 14 issue of the Enterprise on several of the farms listed in the table. On the Parr III farm a parcel of 3.72 acres containing all of the improvements and having a tax bill of \$169.73 or \$45.62 per acre was omitted which gives a different look to the comparison table. Several other farms had omissions also

which makes the entire table of little value.

Several reasons could be the cause of these omissions, to name a few:

- 1 - Carelessness and indifference in gathering the information thus not getting a complete record.
- 2 - Inability to properly use the information because of lack of knowledge or information about the tax roll.
- 3 - Deliberate omission of important figures to give an incorrect impression. This is in no manner an accusation of anyone and each reader must draw his own conclusions.

I appreciate this opportunity to express my few remarks in an attempt to clear up the confusion that has been in existence for the last few weeks. My concluding remarks are not directed at anyone in particular but are my observations as to the change in the trend of conditions throughout the entire country today.

In the not too far distant past under the Constitution of the United States every citizen had a reasonable right to expect himself to be considered innocent until he had been proven otherwise but today it seems times have changed.

Today irresponsible troubleseeking individuals seem to claim the right to challenge the integrity and innocence of anyone without proof or fact that by implication and insinuation thus placing him in the position of having to defend his innocence a condition which violates our conception of American tradition. This is of real importance to me and I am very concerned about it.

Clayton H. Parr

EDITORIAL

We decided to print this second letter of Mr. Parr's which attempts to point out an alleged error on our part, because it will give him the opportunity to have his say while we continue looking at the rates in Manchester Township. He now says we were in error on all the figures we had in, but he refuses to prove it.

The letter in essence is giving us at the paper a "way out." We have the opportunity to clarify the tax paid on Parr III (which we did last week) and to apologize gracefully (which we won't). He also gives us several choices as to why we printed the

story in the first place and he outlined the duties of a newspaper.

This is all well and good but in the first place, we never accused Mr. Parr of any wrong doing. Both his letters and his attack on us sound like a man with a guilty conscience. We're not responsible for this.

Our investigation and resulting story came after a visit to Ann Arbor by my father and me to see if farms near his were paying approximately the same as he was. We found that on either side they were similar but when we checked today it seems times have changed.

Today irresponsible troubleseeking individuals seem to claim the right to challenge the integrity and innocence of anyone without proof or fact that by implication and insinuation thus placing him in the position of having to defend his innocence a condition which violates our conception of American tradition. This is of real importance to me and I am very concerned about it.

From our visit that first day, we concluded that my dad's tax was reasonable, but a few others seemed to have reason to complain.

This led to our decision to publish the story. Since then several people have called and stopped in to show us their tax bills. They range from Mr. Higgins at approximately \$11.00 per acre to E. P. Smith at over \$6.00 per acre. But even with the figure Mr. Parr asserts is correct, Parr III still pays only \$2.46 per acre, the lowest we've seen so far.

ANN ARBOR LEAGUE OF WOMEN VOTERS EXPLAINS COMING MILLAGE REQUEST ELECTION - SEPTEMBER 9

The Ann Arbor League of Women Voters reminds all registered voters in Washtenaw County that there will be an election on Tuesday, September 9. Voters will be asked to vote Yes or No on two separate proposals. The formal wording which will appear on the ballot means essentially the following:

Proposal Number One requests permission to levy a one-mill tax for three years to improve the quality of law enforcement and the administration of justice. These funds are requested to pay for a carefully planned program of quality law enforcement and criminal justice, with primary emphasis to be placed on the administration of justice, to meet the growing problems of a rapidly expanding population in Washtenaw County. Parts of this program can be financed through federal grants under the national Omnibus Crime Control Bill. The program includes:

- A coordinator - to plan and administer the use of federal funds, and to coordinate all local level research and planning in the field of law enforcement and criminal justice.

- A training academy - to provide more and better training for police, prosecutors, and corrections personnel. (This is expected to be paid for with federal funds.)

- A Crime Prevention Department - which would emphasize prevention of crime by developing and implementing crime prevention programs.

- Study grant - to find the most effective way to consolidate all local police services. (This will be paid for with federal funds.)

- A criminal intelligence section.

- Consideration of a "public defender" system.

- Maintenance of present level of operation for county sheriff's department.

- Improvement of jail facilities.

- Reimbursement to city and village police departments for service outside their area.

- Centralized radio communication.

- Contingency fund to meet emergency situations.

- Quarter master stores for centralized

inventory of equipment.

- Furnishing and equipping new district courts.

- Friend of the Court assistance of children of divorce.

- Improved data processing system.

- Plans for a rehabilitation center.

Proposal Number Two requests permission to levy a 1/4 mill tax for three years to maintain and develop the park lands in the county and to acquire land for new park and recreation areas. These funds are requested to pay for carrying out a comprehensive program which would meet the fast-growing demands for more parks and recreation areas in Washtenaw County. This plan includes:

- A "Land Bank" - Necessary land areas would be acquired as they become available at reasonable cost, and held for future development. The county would be expected to take advantage of state and federal matching funds for this purpose. As the land is developed, the cost of operating and maintaining many of the parks would be assumed by local communities. Others, appropriate to county-wide use, would be developed and maintained by the county.

- A system of scenic roads and roadside parks - This would preserve and enhance the beauty of many county roads which will become more and more heavily used as population increases and urban areas expand.

- Access roads to major recreation areas - These are a necessary part of the development of any large park land.

- Maintenance and development of present recreation areas - These areas are very heavily used, their use is increasing, and the cost of maintenance has risen steadily.

MISS KIRK MARRIES THOMAS OWEN MOFFITT

St. Mary's Church was the scene of the August 30 marriage of Karen Ann Kirk and Thomas Owen Moffitt of Cedar Rapids, Iowa. Father Umberto of the St. Louis School for Exceptional Boys officiated at the ceremony uniting the daughter, Mr. and Mrs. Marvin J. Kirk and the son of Mr. and Mrs. Paul Moffitt of Jackson.

The bride's gown, of her own design, was of white brocade with a wedding ring neckline and lace edging the long sleeves, A-line skirt and short train. A camelot cap held her short veil. She carried a Victorian nosegay of white roses with one pink rose.

Her attendants wore empire gowns of strawberry pink pop-corn violet and carried baskets of multi-colored star flowers. Their camelot caps of the violet had rose streamers

with the honor attendant's being olive green. Miss Karen Ann Schuman was maid of honor, and the bridesmaids were the bride's sisters; Misses Renee M. Kirk, Anita C. Kirk and Janel S. Kirk as junior bridesmaid, all of Manchester.

Mr. Curtis F. Meyer of Jackson was best man and the ushers were Mr. Joseph M. Szalay of St. Joseph and Mr. Roger J. Bowman of Jackson. At a reception at the K of C Hall, Miss Susan Kirk was in charge of the guest book and Miss Mary Kruse, Mrs. Curtis F. Meyer and Mrs. William Connors assisted at the reception.

For her daughter's wedding, Mrs. Kirk wore a dress of turquoise lutesong with matching accessories and Mrs. Moffitt wore olive lace with ivory accessories.

Following a trip to Northern Michigan and Minnesota the couple will reside in Cedar Rapids, Iowa.
