TEVOS WIN FIRST PLACE OUTSIDE CHRISTMAS DECORATIONS

Carolyn Ahrens

On Sunday evening, Dec. 28, four Ann Arborites were invited to Manchester to perform a difficult task -- to choose the most outstanding Christmas-decorations. "We were novices at this," Mrs. Arthur Schleede said. "We didn't realize (Manchester) had so many homes decorated or so beautifully done. We were very impressed with the town."

Mr. and Mrs. Arthur Schleede and Mr. Mrs. Armin Dorow were escorted through Manchester "to be sure no home was missed" a hostess of the escort committee pointed out. A number of homes were selected as outstanding with the four judges making notes as they went along. The guidelines were originality, meaning, preparation such as the amount of lights required to put up the display, light effects, etc. "There were so many to choose from," Mrs. Schleede added.

Their final decision -- 1st place to Mr. and Mrs. William Tervo of 512 Duncan; 2nd place to the Charles Knorpps of 630 W. Main; 3rd place to Mr. and Mrs. Al Gaige of 410 Adrian; and Honorable Mention to Freddie's Island decorated each year by Freddie Graboski.

The main theme of the Tervo home was a manger scene with eight Biblical figures against a hand-painted background of animals and a tree. The artist, Mrs. Tervo, also used a number of lights and other Christmas decorations such as candles to complete her setting. The Knorpp home also featured a manger scene with the words "Peace On Earth outlined against the house using blue and green lights throughout their theme. "Ours is a piece by piece collection," Mrs. Knorpp said. The star on the chimney was made by their son. The Al Gaige's, 3rd place selection by the judges, was made "because of the beautiful contrast of lights." The Gaiges had used blue and silver lights in decorating their home. The Honorable Mention to Mr. Graboski was made "because it was so beautiful against the reflection of the water," the judges decided.

Chairman of the committee was Councilman Tom Walton with the Willard Manns and Rolland Grossmans acting as hosts. The prizes, compliments of the Village Council are 1st place \$15.00; 2nd place \$10.00 and 3rd place \$5.00.

ATTACK AGAINST RUBELLA SCHEDULED IN AREA

A campaign to immunize over 16,000 children in kindergarten through the third grade in Washtenaw County against Rubella (German Measles) will begin in the third week of January. The drive is being sponsored by the Washtenaw County Health Department, the schools, the Michigan March of Dimes and the County Medical Society. The drive will involve 50 elementary schools throughout the county and the vaccine will be given to youngsters at no charge.

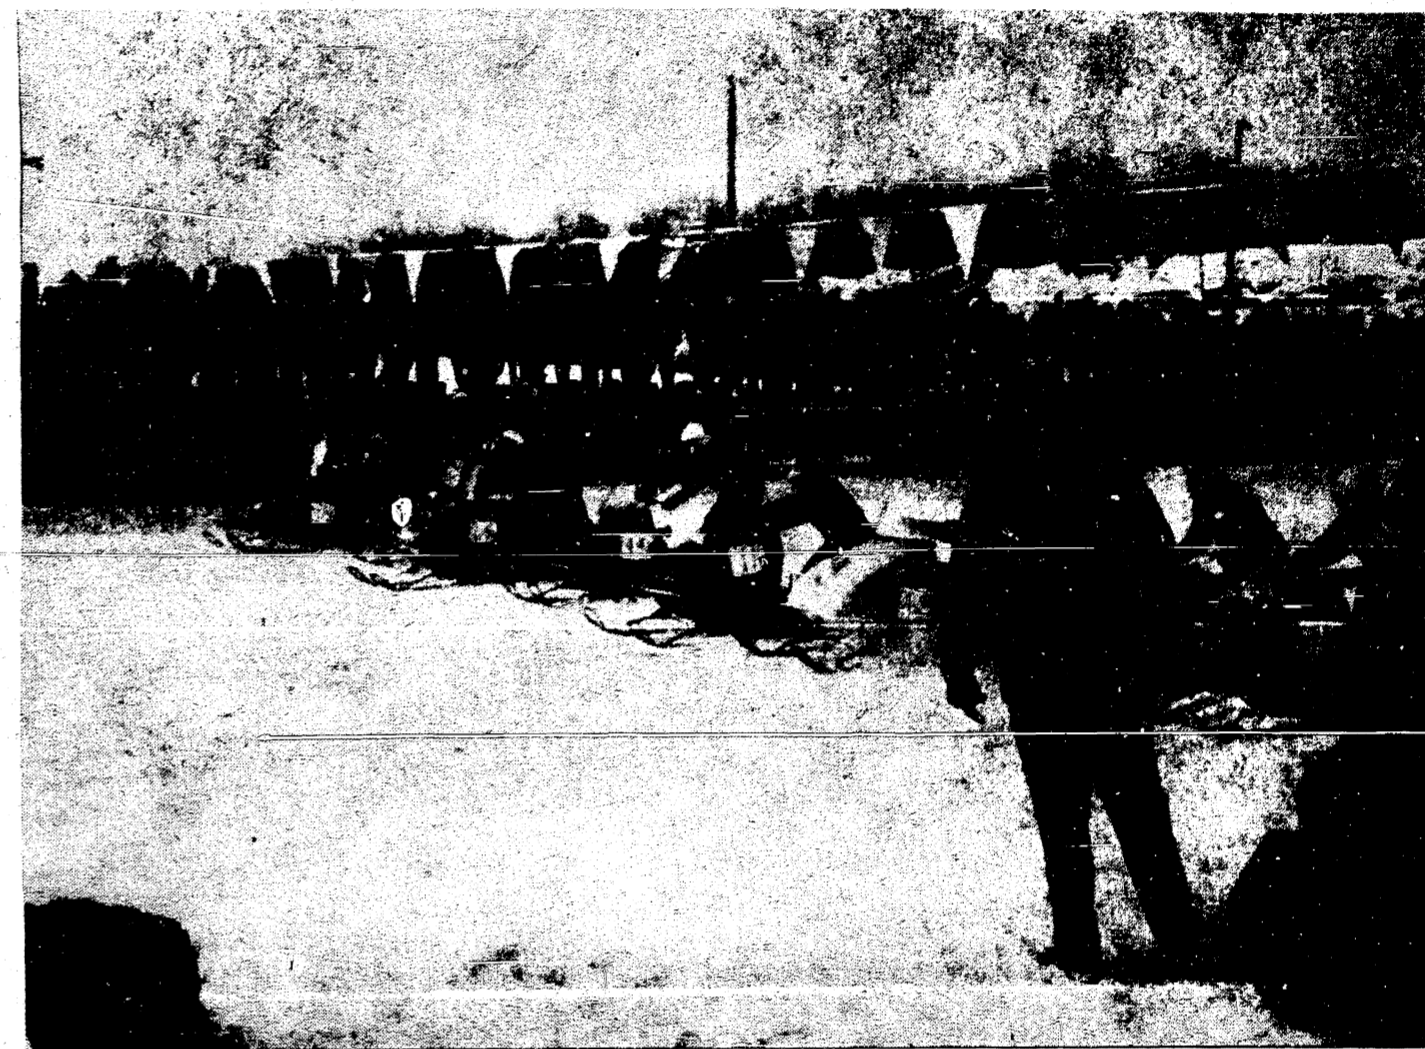

Dr. Otto K. Engelke, County Health Director, said that the parents or guardians of the children in the kindergarten through the third grade age must give written authorization to have their children participate in the clinic.

The free anti Rubella clinics are possible because the Michigan Legislature voted to spend over a million dollars to purchase vaccine for immunization of all Michigan children in kindergarten through the third grade.

The Rubella clinic will be held January 26, 1970 at Manchester and Pleasant Lake.

FIRE DESTROYS HOUSE

A truck, a tractor, a large quantity of fuel and 200 chickens were lost in fire Sunday afternoon which destroyed a 2-story structure located at 4402 Jacob Rd. in Sharon Township, owned by Morgan Esch, reported James Kensler, Fire Chief.

Full details on a most successful Snowmobile Race which offered thrills for both drivers and spectators will be featured in next weeks Enterprise.

1970 MARCH OF DIMES UNDER WAY

The proclamation by Mayor Althouse announces the arrival of March of Dimes Month.

During the last week almost every household in the Manchester mailing area received an envelope containing brief information on The National Foundation and its March of Dimes along with a request for a contribution.

From past experience The National Foundation has found the "mailers" to be a vital part of their fund raising effort. Although the mail campaign does not usually bring in large amounts of money, it provides a very inexpensive way to bring the problem of birth defects to the attention of large segments of the population who cannot be reached in any other way. It also provides a simple direct way for people to contribute by mail.

The "mailer inserts" (the little picture story included in the mailer envelope) were once again printed free of charge by Mr. Walt Leonard of Chelsea who for many years has volunteered his services to the March of Dimes in Washtenaw County.

The Kulenkamp sisters of Hillside Terrace, Ann Arbor (formerly of Manchester) did not let distance prevent them from preparing the "mailers" for delivery in Manchester.

Mrs. Hugh Sutton, chairman of Manchester's March of Dimes, would like to remind everyone that the symbol of the New Year is a baby -- a happy, healthy baby. So, as we wish one another a Happy New Year, let us help to give every baby a happy, healthy new life! Please join the March of Dimes today!

PAT ROESCH TO PERFORM IN GREAT BRITAIN WITH MUSICAL YOUTH INTERNATIONAL

Pat Roesch, son of Mr. and Mrs. Stanton Roesch of Manchester has been chosen to tour the British Isles with Musical Youth International. The 1970 itinerary will include selected cities in England, Scotland and Wales. A group of one hundred students from the Great Lakes area have been selected to form both a concert band and chorus. Approximately half of the students are instrumentalists, half are vocalists.

They will leave Detroit for London on or about June 28 and return on or before August 8. Rehearsals are being held on Saturdays in Saline Area High School, Saline.

Musical Youth International is a non-profit membership association organized to foster good international relations through experiences in the arts and family living. The organization sponsors an annual tour for selected high school students from ages sixteen to eighteen. These young people hail from Michigan as well as neighboring states and the province of Ontario, Canada. Their objective is to present to other countries a vivid demonstration of the regions public school music program while experiencing for themselves the family and community life of their host nation. Organized in 1965, Musical Youth International has received acclaim throughout Europe, Mexico, Japan as well as the United States.

Pictured from l. to r. are Cherie Mayer of Saline, Michael Stewart of Milan, Carol Kraushaar of Saline, Pat Roesch of Manchester and Carol Myers of Ypsilanti was also chosen to tour the British Isles but is not pictured.

PROCLAMATION

WHEREAS, the objective of the National Foundation-March of Dimes is to prevent birth defects and their mentally or physically disabling aftermath, and

WHEREAS, birth defects strike more than 250,000 babies in the United States every year, and

WHEREAS, research financed by the March of Dimes and others points the way toward prevention, and

WHEREAS, more than 111 March of Dimes Birth Defects Centers across our nation demonstrate that mounting numbers of young birth defect victims can be returned from hospitals to their loved ones to lead useful lives, and

WHEREAS, this outstanding voluntary health organization, which led the way to conquer polio, placed unremitting stress on pre-conceptual and prenatal public education programs for the well-being of future mothers and their infants, and

WHEREAS, our community of enlightened citizens cannot in good conscience close its eyes to a continuing tragedy of such magnitude,

NOW, therefore, I, John Althouse, president of the Village of Manchester, do hereby proclaim January, 1970 as MARCH OF DIMES MONTH, and call upon and appeal to all our thoughtful citizens to contribute generously to this fight against birth defects.

I hereby set my hand and seal.

John Althouse

NO COURT TO BE HELD IN MANCHESTER DURING MONTH OF JANUARY

Patrick J. Conlin district judge of the 14th Judicial District has been assigned by the State Supreme Court's Office of Court Administration to serve as judge of the Recorder's Court in the city of Detroit for the month of January, 1970.

This assignment was made in pursuance of the Supreme Court's effort to reorganize and up-date the courts in the city of Detroit.

Recorder's Court is the court of general criminal jurisdiction in the city of Detroit. No court will be held in the Village of Manchester during the month of January, but the Clerk of Judge Conlin's Court will be available at the usual times to accept traffic violations and civil pleadings.

Judge Conlin wishes to apologize to the people in the 14th Judicial District that may be inconvenienced because of his assignment by the Supreme Court.

MANCHESTER'S ELEMENTARY BUILDING TO BE DISPLAYED AT NATIONAL CONVENTION

Manchester's newest elementary building, The Luther C. Klager School, will be presented in the Architectural Exhibit at the national convention of School Administrators as one of the outstanding new elementary schools built during the past year. This convention to be held in Atlantic City, New Jersey during February will host approximately 30,000 school administrators school board members and guests during its five day run.

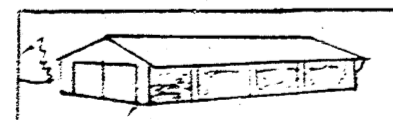

Architectural drawings, schematics and color photographs will portray the building to the visiting school men. This is an honor not only for the architectural firm of Kingscotts & Associates but also one for the Manchester School District.

Local Board members planning to attend the convention at this time are Luther C. Klager, Clarence Fielder, Laurin Leeson, Allen Alber, Andrew Luckhardt and Louis Vogel.

LIBRARY NEWS

Now that the holidays are over and life has slowed a bit, consider reading a fine book can be fun and after all we can't shovel snow all day.

For mystery lovers and for those who might become so - the Manchester Township Library has currently on its shelves, at a rough count, three hundred and thirty separate volumes of mystery stories. Try that for a snowed-in cold spell.

If you don't care to read but like music, we offer three hundred and twenty separate albums for your pleasure, everything from Songs and Dances of the Great Lakes Indians through Shakespeare's plays up to and including Abbey Road by the Beatles.

Selectively speaking - Biographies are not everyone's cup of tea, but if you enjoy reading the life stories of famous people, we have, in the adult section alone, more than two-hundred volumes available.

An entire section of shelves has been set aside for the Classics, and if you have in the years past resolved to some day read a few of the "Great Books", now is the time.

This past year we have inaugurated a small paperback shelf, stocked with some fine and some fair donations. Help yourself.

The Adult Fiction room is always up to date with the best sellers as well as not so best and just fine reading material.

And after all that if you really don't want a book - come and see our lovely building and browse in the fascinating historical room.

Library hours are Monday 1 to 9; Tuesday 1 to 5; Wednesday 1 to 9; Closed Thursday; Friday 1 to 5 and Saturday 9 to 12 noon.

BOYPOWER TO AID MARCH OF DIMES

The Boy Scouts of America are going all out to prove that Manpower begins with Boypower. Scout leadership is dedicated to the principle that a boy who learns to accept responsibility will not shrink from it when he becomes a man.

To promote responsibility and a sense of public service, Scouts work actively on many community service projects. The community benefits from the efforts of the boys and the boys gain credit toward their scouting careers.

Manchester's Scout Troops consider the March of Dimes one of their public service projects. Approximately 25 Boy Scouts under the leadership of Mr. Ted Roberts and Mr. Roger Kaopier will be selling peanuts for the March of Dimes in downtown Manchester on Saturday, Jan. 10. They are asking you to remember that it takes more than peanuts to fight birth defects!

So be a good scout and help the Boy Scouts join the March of Dimes this coming Saturday.

Sports Tips

SKIING

Unless you favor cross-country skiing, most of your time on skis will be spent in downhill running which requires attention to these four cardinal points: 1. Keep skis close together. 2. Keep body vertical (at right angle to slope), knees bent, loose, relaxed. 3. Hands low, firmly gripping poles. 4. Gaze fixed ahead of skis to watch the snow contours. After a day on the slopes every skier enjoys a hot relaxing bath. A few drops of Desert Flower beauty bath oil in your tub will help ward off that bane of all skiers—dry skin. (NP Features)

No Business Like Sports Business

Rising sports interest and participation is making for great capital growth. An example is Sportsotron, Inc., which this year became publicly-owned. Started by college chums Michael Roth and Richard Karjo several years ago, this sporting goods firm originally specialized in golf and swimming accessories. Recent acquisitions in the skiing and scuba diving fields, in response to increased popularity, are now paying off. Sportsotron, Inc., whose shares are now selling in the \$5.00 range, is moving into a large new, modern Long Island plant. Equipment will include a tank for scuba diving demonstrations and instruction and a Billy Casper demonstration putting green, for the line of golf equipment designed by Casper, one of the nation's ranking golfers. With concentration in these fast-growing sports areas, Sportsotron executives expect sales to triple next year, from \$1 million this year to \$3 million, with a proportionate sizable profit gain. This series of photos from Ford Motor Company's Automotive Safety Research Center dramatically demonstrates the value of wearing seat belts. At top left, a new Ford is mechanically induced into a roll over at 50 miles per hour. As the car rolls (lower left), the dummy flies high into the air, landing (right) 50 feet from the overturned car. A study of film from movie cameras mounted both inside and outside

the car showed that the unbelted dummy was ejected from the right front passenger seat through the open side window after being shoved by the unbelted driver dummy. Accident statistics from rural areas indicate that 85 per cent of those killed in roll-over accidents had been ejected -- lives that might have been saved by use of safety seat belts. These belts have been standard equipment in Ford Motor Company cars for more than five years.

Who, What, When, Where & WHY

UNBELIEF

Elizabeth York Case

There is no unbelief;
Whoever plants a seed beneath the sod,
And waits to see it push away the clod,
He trusts in God.

Whoever says when clouds are in the sky,
"Be patient, heart; light breaketh by and by,
Trusts the Most High.

Whoever sees neath winter's field of snow,
The silent harvest of the future grow,
God's power must know.

Whoever lies down on his couch to sleep,
Content to lock each sense in slumber deep,
Knows God will keep.

Whoever says "Tomorrow,"
"The unknown,"
"The future," trusts that Power alone
He dares disown.

The heart that looks on when the eyelids
close,
And dares to live when life has only woes,
God's comfort knows.

There is no unbelief;
For thus by day and night unconsciously
The heart lives by the faith the lips deny,
God knoweth why!

COLLEGE FINANCIAL AIDS TOPIC FOR DISCUSSION AT JANUARY 20 MEETING

A program on "College Financial Aids for Junior and Senior Parents and Students" will be held on Tuesday, January 20 at 8:00 p.m. in the high school study auditorium.

The program will cover the National Defense Student Loan, Guaranteed Student Loan, College Work Study Program, Educational Opportunity Grant, State of Michigan Competitive Scholarship and State of Michigan Tuition Grants as well as college costs.

YOUTH SQUARE DANCE TO BE HELD SATURDAY

The Manchester Recreation Committee is sponsoring a youth square dance to be held on January 17 at the K of C Hall from 8:30 to 11:30 p.m.

All young people from the area are invited to the event. There will be a small admission charge to cover the cost of the caller.

STRICTLY FRESH

The only families without skeletons in the closet are those with more ample storage room in the attic.

Of course it pays to keep your house in repair. Just ask the plumber, the carpenter, the electrician. . . .

The one thing most people need for breakfast is time.

If dolphins are as intelligent as suspected, they'll refuse to communicate with man.

Instinct prompts one to action, discretion urges caution, experience reinforces discretion and instinct upsets the applecart the next time the same situation arises.

With the increase in apartment living, they now call it "home, suite home."

Scientific Belief

Scientists believe that the magnetic pole — the point where the compass loses its directive force — is found inside the molten core of the earth.

First Plan

The Articles of Confederation were the first plan for a government of the United States, written shortly after the signing of the Declaration of Independence.

Still in Existence

The Emancipation Proclamation as written by President Lincoln is still in existence. In 1864 the document was sold at a bazaar to benefit wounded soldiers. Later, the New York legislature appropriated funds to buy the proclamation and added it to historic papers in Albany.

Named for Hats

"Tar" is a shortened form of tarpaulin. Sailors once wore broad-brimmed hats made of this material and received the name "tars" from this practice.

Dear Lord, I do not ask that life
May always easy be,
But that I always may have strength
For all that comes to me.

I do not ask for worldly wealth,
But this is my earnest plea,
That I may know how best to use
What has been given me.

I do not ask to make new friends
But humbly, Lord, I bow,
And ask that I may faithful be
To those that I have now.

I do not ask that I may live
Where rough winds never blow,
I only ask that in my heart
Thy peace and love may glow.

JUST FOR TODAY

Esther Baldwin York

Life is a series of todays which so quickly turn into yesterdays that some of us spend our time looking regretfully backward. Still others, through worry or procrastination, are always waiting for tomorrow. In either case, there's the real danger of overlooking a very important day . . . today. For this is the place and the time for living. Let us live each day abundantly and beautifully while it is here.

RESOLUTION

At a meeting of the Board of County Road Commissioners of the County of Washtenaw, Michigan, held on the 23rd day of December, A.D., 1969, on motion of Commissioner Frisinger, supported by Commissioner Koch, the following resolution was adopted:

WHEREAS, this Board has prepared regulations and a fee schedule for the installation of driveways onto roads under its jurisdiction within Washtenaw County pursuant to the provisions of Section 5 of Public Act 200 of the Public Acts of 1969 to be known as the "Specifications and Procedures for Driveway Installation"; and

WHEREAS, in accordance with the aforesaid Act, a hearing was held at 10:00 A.M. Local Time, on December 23, 1969, at which time there were no objections, and

WHEREAS, from said hearing and the findings of fact submitted by the County Highway Engineer, it is deemed necessary to adopt such specifications and procedures to assure that driveway installations are constructed with sufficient approved materials and by appropriate methods so as not to jeopardize safe and effective traffic movement on county roads.

NOW, THEREFORE, BE IT RESOLVED that:

- The Specifications and Procedures for Driveway Installations, dated December 23, 1969, as filed with this Board on this date, be and the same are hereby adopted.
- All prior specifications and procedures of the Board conflicting with this resolution are hereby repealed.
- The effective date of the aforesaid "Specifications and Procedures for Driveway Installation" shall be the 1st day of January, A.D., 1970.

DUTCH WRESTLERS TO MEET MADISON HERE THIS FRIDAY

The Dutch Wrestlers will go against Madison at home this Thursday at 7:30.

WRESTLERS BEAT HUDSON

Manchester scored a mild upset, by defeating league-leading Hudson 27 to 18 last Thursday night. The Tigers were previously unbeaten in the league.

Winners for Manchester were Dan Roberts at 107, Dave Roberts 115, Tim Preston by a pin at 123, Dan Spiess at 137, Gary Weidmayer at 145, John Weidmayer at 175 and Pete Haeussler at 185.

Dan Roberts and Pete Haeussler are undefeated so far this year. The win was a real team victory. Many of the matches were won in the final seconds. Better conditioning and a real desire to win were the deciding factors in the victory according to Coach Gulliver.

The next match will be Thursday, Jan. 15 with Adrian-Madison at Manchester.

For three Saturdays, Jan. 31, Feb. 7 and Feb. 14 there will be wrestling instruction for boys eight through Jr. High age. This will be held at the high school at 1:00 on these days. No advance registration is necessary.

JR. HIGH TEAM TO PLAY MADISON & MORENCI

The Jr. High Basketball Team will meet with Madison on Thursday, January 15 at Madison at 4:30 p.m.

They will play Morenci on our home court on Monday, January 19 at 5:00 p.m.

America's future will be determined by the home and the school. The child becomes largely what it is taught, hence we must watch what we teach it, and how we live before it.

Mark Chapin suffered the only loss, but was congratulated by Coach Gulliver for a good job. Mark is only a sophomore and is wrestling at 20 lbs. over his weight, but still has picked up "7" team points so far this year.

98 lbs. Bob Preston; 107 lbs. Dan Roberts; 115 lbs. Tim Preston; 123 lbs. Dave Roberts; 130 lbs. Dan Ganzhorn; 137 lb. Dan Spiess; 145 lbs., Gary Weidmayer; 155 lbs. John Weidmayer; 165 lbs. Gary Blossom; 185 lbs. Pete Haeussler; and Heavyweight Ken Tindall.

On Thursday, Dec. 18 the wrestlers defeated Jackson Lamen Christi 51-5. It is the first year for the Titan wrestlers and reminded some of Manchester's boys of their own first year in 1967. The eleven winners for Manchester were:

DUTCHMEN RECEIVE RUNNER-UP TROPHY AT NAPOLEON INVITATIONAL

Manchester's Wrestling Team closed out 1969 with its first trophy and an impressive win.

Saturday, December 13 the Dutchmen captured the runner-up trophy at the Napoleon Invitational Tournament. Three boys took first place, three took thirds and one took a fourth to give 70 points for the trophy. Boys taking first place honors were Dan Roberts 107 lbs., Tim Preston 115 lbs., and Pete Haeussler at 185 lbs. Third place finishers were Bob Preston at 98 lbs., Dave Roberts at 123 lbs., Gary Weidmayer at 145 lbs., and Ken Tindall at Heavyweight, the lone fourth place was won by Dan Spiess at 137 lbs. The team and coach Gulliver are very proud of the trophy and would like to add a few more.

COMMUNITY CHEST ANNUAL MEETING SET FOR FEB. 4

Manchester Community Chest annual meeting was set at the January Board meeting for February 4, Wednesday evening at 7:30 at the Franklin M. Reck Memorial Library in the High School.

The public is urged to attend this meeting to hear reports and to clarify the business of their Community Chest. All drive personnel and representatives of organizations and industry are especially invited to take part in the program.

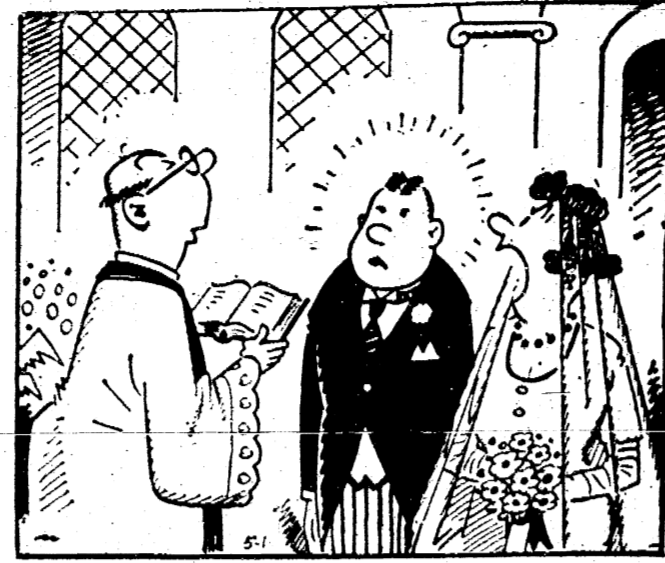

Four of the twelve board members are elected for three year terms at this meeting. Those whose terms expire this year are Mrs. James Baker, Edward Galloway, Floyd Green and Mrs. Lynn Voegeding. The nominating committee is Mrs. Del

Ludwick, Clarence Fielder and Mrs. Victor Wurster.

The Community Chest Board is made up of representation from the entire school district and legally at least eight names must appear on the ballot for the four officers. Please contact any member of the nominating committee with your suggestions for members.

Other members of the present board are Luther Klager, Mrs. Franklin M. Reck, Robert T. Ross, Robert Swartz and Louis Vogel.

Roy Harrison lost his driving job in Stoke-on-Trent, England, when he forgot that he had switched to a double-decker bus and jammed it under a low bridge.

Q Why have power pools become necessary?

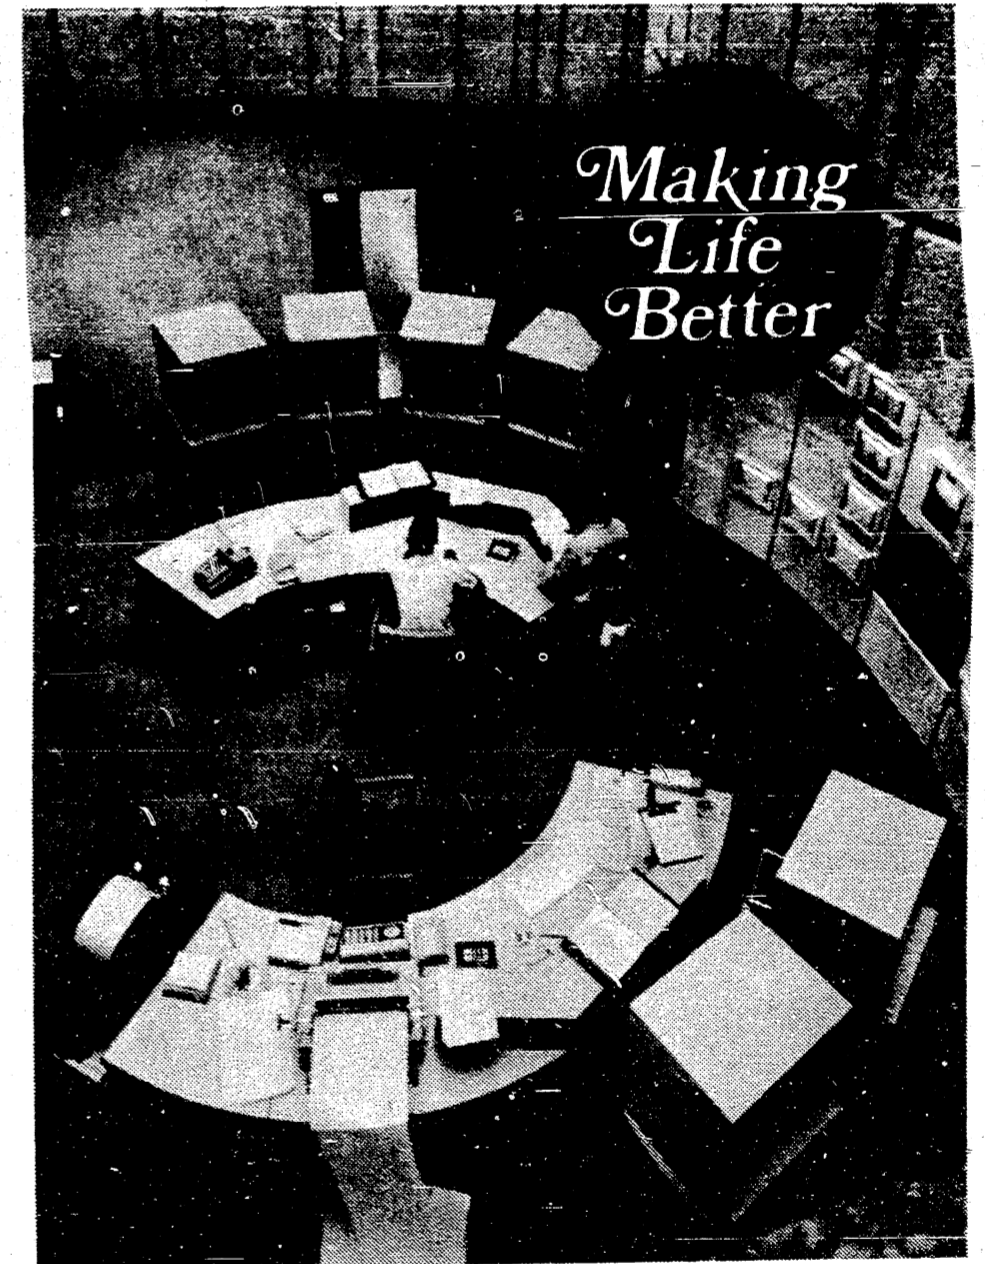

A Power pooling is the most economical way to achieve complete electric service reliability. Electricity has to be generated at the exact moment it is used. During periods of peak power demand, therefore, it is vital to be able to draw on the generating capabilities of neighboring electric companies. This is the reason for and meaning of a power pool.

Q Isn't Consumers Power itself able to meet the growing power needs in its service area?

A Yes — to the extent that any individual power company can meet its customers' needs. We are continually planning and building for the future. We use the most efficient and economical ways to meet these needs. That is why we built the Big Rock Point nuclear plant near Charlevoix in 1962, and near Port Sheldon, the James H. Campbell coal-fired units in 1962 and 1967. The Palisades nuclear plant, 35 miles west of Kalamazoo, begins operations in 1970 with 10 times the capacity of Big Rock Point. A third nuclear plant, near Midland, at twice the capacity of Palisades, will be fully operational in 1975. It is still vital, however, to be completely prepared for seasonal or unexpected peak demands and for emergencies. The Michigan Power Pool — and our interconnections with Indiana, Ohio and Canada — assure this utmost reliability.

Q Just how fast is the need for electric power growing?

A In 1958, the average American family used 3,384 kilowatt-hours of electricity per year. By 1968, the average family used more than 6,000 kilowatt-hours of power. This is a reflection of our growing standard of living and of the many electrical appliances and devices that have made our lives more convenient and enjoyable. Before 1980, this demand for electricity is expected to double again. It has been estimated, for the country as a whole, that within the next 10 years electric companies must add more generating capacity than has been developed since the invention of the light bulb.

Jack and Ray watch TV to guarantee reliable electric service to Michigan customers.

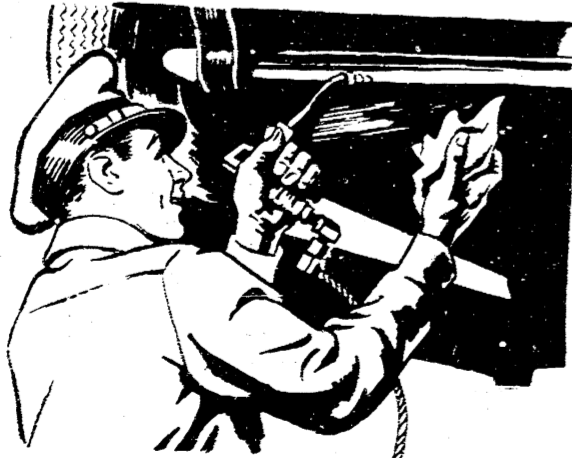

Watching six TV sets is all in a day's work for operations controllers at the Michigan Electric Power Pool control center near Ann Arbor. There's no entertainment on these screens. Just information — part of a complex, computerized system that constantly monitors the entire systems of Michigan's two major electric companies, Consumers Power and Detroit Edison. This new control center makes it possible for our two companies, at any instant, to draw on the generating capacity of power plants serving the Michigan Power Pool... and draw on additional power from Canada, Ohio and Indiana in times of emergency. Consumers Power Company (and Detroit Edison) are building today for Michigan's tomorrow. Because we care about making life better for all of us.

VOCATIONAL EDUCATION CENTER PROPOSAL BEING STUDIED AND DISCUSSED

About sixty Manchester area residents met Monday evening, January 12 to continue a study of the Vocational Education Center proposal which will be presented to Washtenaw County voters in June, 1970. Although it was defeated in 1969, supporters felt it was due only to lack of information and facts known to the voters and feel a complete presentation to the public will merit the validity of such a center.

To ensure complete presentation of all the facts concerning this matter, the Washtenaw Intermediate School District, at the request of all the schools in the county, has collected information from each area and is assisting the local information committees in the study of the proposed project. Mr. Chester Koeski, Manchester High School Principal has been appointed as area contact and will work with a county planning group. Clarence Fielder is Manchester's General Chairman of the Washtenaw County Vocational Education Center Project and Mrs. Louis Vogel, trustee of Washtenaw Intermediate School Board, is assisting the local committees in Manchester and Saline.

A proposed county project endorsed by all twelve school systems in Washtenaw County, the committees will thoroughly study the plans for the proposed center and then present the facts to area clubs and organizations during March, April and May.

Mr. Earl Schaffer, Consultant for Vocational Education for Washtenaw County pointed out that the plans call for a \$5 million complex, with taxation of 1 mill on the county \$1,006,623, 391 evaluation. In comparison the 1 mill would be levied on a state equalized valuation of \$21,569, 531 in the Manchester School District. This would raise \$21,570 per year in Manchester. The center would provide Manchester students as well as all Washtenaw County students with 25 vocational programs.

The center plans call for a 2,000 student enrollment who would be spending one half day in their local school and the other half at the center which would be located at Washtenaw Community College, population center of Washtenaw County. The center would permit all high school students as well as high school dropouts to enroll. Manchester students expressed an interest in attending such a center if one were available according to a survey. For the students who do not plan to attend college, this would provide courses in learning basic skills of a meaningful vocation it was pointed out. Under the proposed center the local high schools would continue to offer some industrial arts programs in preparation courses for the advanced studies offered at the center.

It was also pointed out by Mr. Schaffer that schools would not forfeit state aid because students would be registered at local schools also. He added that local control would come through representation to the Controlling Board by the local superintendents.

A question brought up a number of times by interested citizens: "I thought Washtenaw Community College was taking care of vocational-technical education; why do we need another program?" It was answered as follows: "Washtenaw Community College is developing an excellent post high school technical education program. Their technical program is not available to high school students. Furthermore, technical programs normally continue where a good vocational program leaves off. Most students from this county who wish to enter the technical program at W.C.C. have not had access to a good vocational program. More important, however, is the fact that all students who do not finish high school and at least 60% of those who

do graduate go immediately into the labor market. They must have saleable skills in order to compete for available jobs."

This question and answer plus many others will be discussed and thoroughly examined by area representatives and interested citizens before the June ballot. Manchester citizens will have an opportunity to ask questions and become familiar with the proposal at the planned March, April and May meetings.

To further observe an operating center in Genesee County, a bus trip is planned for the near future for anyone interested in learning more about such a project, (date and details to be announced) or for further information please contact Mr. Koeski, Mr. Fielder or Mrs. Vogel.

MOTHER'S MARCH TO BE HELD JANUARY 29 and 30

Mrs. Hugh Sutton, village chairman of the National Foundation's March of Dimes has expressed satisfaction with the progress of this year's fund-raising effort. "If the half-time score is any indication of the final outcome - the 1970 March of Dimes should set new records," Mrs. Sutton said.

The Marching Mothers account for a large percentage of the total funds collected each January for the March of Dimes. Manchester's Mother's March, under the direction of Mrs. Ronald Gonyer, will take place on January 29 and 30. Two days have been set aside for the Mother's March to allow for the bad weather usually experienced at this time of year.

Mrs. Gonyer has recruited approximately 30 women who will canvas every house in Manchester, spreading the word about the work being accomplished with the dimes and dollars given to the March of Dimes and to solicit your contribution. Please welcome your neighborhood's Marching Mother!

LIFE-LONG RESIDENT OF MANCHESTER PASSES AWAY

by Carolyn Ahrens
 Carl F. Wuerthner, a life-long resident of Manchester, passed away Friday, Jan. 16 at the age of 96 at the Evangelical Home, Detroit. He was born October 28, 1873 the son of John and Caroline Yeutter Wuerthner.

Mr. Wuerthner attended Manchester High School and Brown Business College. Adrian then returned to work in his father's clothing store. In 1909, he and his brother bought an interest in the store, adding a wholesale business in 1942 and operating the business until 1952.

During his lifetime, Mr. Wuerthner played an active part in Manchester's development. In 1907 he was instrumental in organizing the Young Men's political party, organized the Progressive Party in

1924 and was elected Village Mayor in 1944 then served three terms. He played a major part in bringing Double A Products to Manchester in 1939; was a major force in the development of Carr Park; was a member of the United Commercial Travelers for over 75 years; an honorary member of the Rebeccahs; active in the Washtenaw County Historical Society; served as Mac-cabee Supreme Lieutenant Commander in the U. S. and Canada and a former vice president of the Municipal League of Michigan. He was also a member of Manchester's Senior Citizens Group and the Emanuel Church of Christ.

Widely traveled the world over, Mr. Wuerthner was cited for his continued community service in civic, religious and political activity in June, 1966 by the Michigan House of Representatives. In 1956 he was appointed Vice-President of the Union Savings Bank at the age of 83, a position he held until the time of his death. His activity continued as long as Mr. Wuerthner remained a resident of Manchester as well as his interest in the well-being of Manchester.

He is survived by a daughter Mrs. Gladys Rague of St. Joseph, one granddaughter, a brother Julius of Great Falls, Montana and several nieces and nephews. Funeral services were held Monday at Emanuel Church of Christ with Rev. Ralph Kuether officiating. Burial was made at Oak Grove Cemetery, Manchester. Memorials may be made to Emanuel Church or the Evangelical Home in Detroit.

SCUTTLEBUTTE

Mr. and Mrs. Glen Bertke were Sunday dinner guests of their son and his family, the Lausten Bertkes.

Shown above is one of the reasons why we were late with our paper this week. It is called a Royal Zenith 30" Press. It took three days just to install and set-up this press. A man from Chicago engineered the set-up. This press will run at 6 1/2 x 11" sheet six up and is designed mainly for long run 2, 3 and 4 color process.

In addition to this confusion of setting up the press, our typewriter broke down and the part that was broken had to be ordered and would not be received for two or three days. Thus you will find three different styles of type in the paper.
