MISS VOGEL IS OUTSTANDING CITIZEN FOR FEBRUARY

Valorie Vogel, daughter of Mr. and Mrs. Louis Vogel of 11437 Pleasant Lake Road is a junior at Manchester High School, is February Outstanding Citizen. Valorie has gained this exalted position through her various involvements, hard work, initiative, and her ability to get along and work with her peer group, teachers and church personnel. One wonder is how Valorie can maintain a 3.9 grade point average throughout her high school years and still be so active in school and church activities. Just relating her participation is exhausting - school activities: secretary of her 9th grade class, treasurer of her 10th and 11th grade classes, treasurer of German Club in the 10th grade, secretary of the German Club in the 11th grade, business manager for the Yearbook, secretary-treasurer of the Science Club, member of the Newspaper Staff for three years, member of the orchestra and band throughout high school, member of the girls basketball team for two years, member of the F.N.A. for two years, on all class float committees, presently working with the prom committee, and junior play committee, playing a part in the Junior Class play, member of the Pep Club, and participated in the Solo & Ensemble Festival the last three years. In 4-H work Valorie has been vice-president, reporter, and this year has received the K-Club award, a very important award in 4-H work. The Vogels are members of the Bethel United Church of Christ where Valorie has been president of the Youth Fellowship, secretary of the church cabinet, and sings in the choir. Valorie likes to sew, knit, and play the piano. Last summer Valorie studied German for six weeks at the University of Kansas at Lawrence, Kansas. Her experiences in traveling include the New York World's Fair, Expo 67 in Montreal, Canada, summers in Iowa and surrounding western state, and New York and surrounding states. Valorie will be going to college at either the University of Michigan or Albion, where she plans on receiving a teaching certificate in German and Science.

Can We Wave The Flag Too Much?

by SIDNEY L. DeLOVE
Is it possible to wave the flag too much? Provided, of course, that you wave it with integrity? Is it possible to study Lincoln or Shakespeare too much? Is it possible to read the Bible too much? The great, the good, the true, are inexhaustible for inspiration, example and strength. I believe that we are not waving our flag enough, not nearly enough waving the stars and stripes. Walk up and down the streets on July 4th and count the flags. It is our nation's birthday, a sacred day in world history, the most important day of America. Why isn't the flag flying on every rooftop and from every home and building? This complacent attitude is strong evidence of cancerous patriotic decay. The flag is a symbol of our national unity. It is the spirit of our undying devotion to our country. It stands for the best that is in us... for loyalty, character, and faith in democracy. Isn't our flag a symbol of the United States of America? Does it not represent man's greatest, noblest, most sublime dream? Is it not the result of achievement, the goal to which generations have aspired? Ladies and gentlemen, I believe it is time for us... for the mad, rushing Twentieth Century American... to stop for a moment and think. Let us revive our near reverential admiration of material success and return to the spiritual and ethical values. Let us imbue and rekindle in ourselves and our children the so-called old-fashioned way of patriotism, a burning devotion to the principles and ideals upon which our country was founded. Should not every home own and proudly display the colors on holidays and other such occasions? Isn't the flag Patrick Henry, Jefferson, Franklin, Washington, Nathan Hale, Gaysburg and Valley Forge, Paul Revere, Jackson and other great men and women who have given us our heritage. When you look at the flag can't you see the Alamo, Corrigdor, Pearl Harbor, The Monitor, The Merrimac, Wake Island, and Korea? Let us forget isn't the flag Flanders Field, Bataan, Iwo Jima, Normandy, Babe Ruth and Davy Crockett? The great events of our past and present are wrapped up in our flag. It is a symbol of this blessed nation, a giant in industry, education and commerce. Millions of fertile square miles, wheatlands, coal mines, steel plants. Our great republic, the chosen infant destined to be man's last and remaining hope for suffering humanity, a shining beacon of light, noble and glorious, the haven for the oppressed and persecuted, and truly God's gift to mankind. That is what the flag means to me. Can we wave it too much? I don't think so.

WHEN I HAVE TIME:

When I have time so many things I'll do. To make life happier and more fair...

When I have time, the friend I love so well. Shall know no more these weary, toiling days...

When you have time, the friend you hold so dear. May be beyond the reach of all your sweet intent...

Now is the time! Ah, friend, no longer wait. To scatter loving deeds and words of cheer...

TEN NEW COMMANDMENTS

We might also be interested in taking time . . . to give some thought to 10 new commandments suggested by an unknown author.

Thou shalt not worry . . . for by so doing thou shalt suffer the same disaster many times.

Thou shalt not try to dominate others . . . for it's the right of every man to govern his own actions.

Thou shalt not desire fame . . . for the burdens of greatness are an affliction of the spirit.

Thou shalt not desire great wealth . . . for there's no peace in the lives of the rich.

Thou shalt relax . . . for great tension is an abomination unto the flesh.

Thou shalt have a sense of humor . . . or thy years will seem much longer and painful in the land.

Thou shalt love the beautiful and serve the good . . . for this is according to the will of heaven.

Thou shalt harm no other person, by word, or thought, or deed, regardless of the cause . . . for to do so is to perpetuate the sorrows of the race.

Thou shalt not be angry at any person for any reason . . . for anger injures most the one who is angry.

Thou shalt never blame another for thy misfortunes . . . for each man's destiny is in his own keeping.

LIBRARY NEWS

SLOW days, long and dreary, with winter hovering and still too early in the year for hope of release.

If you are a book lover - you know what to do. If not, then do yourself a favor and read one good book this year.

Alistair MacLean, the gentleman who wrote The Guns of Navarome, and Where Eagles Dare, has written a new thriller - Puppet on a Chain - fast, exciting, and good for several hours of interest.

The Andromeda Strain - by Michael Crichton, the story of a strange illness fought back from outer space, presently being made into a movie.

Harold Robbins - author of The Adventurers and The Carpetbaggers, has written a new novel, The Inheritors - going well on the best seller lists.

Victoria Holt - the English authoress presents The Shivering Sands. A castle in England on the coast, with much suspense and enough romance to please the ladies.

My Life and Prophecies - Jeanne Dixon, the newest by the lady who so startlingly recasts the future.

Jane Trehear offers Pecked to Death by Killings, a funny account of moving and settling in a new area and becoming acquainted with new people.

Saul Bellow - author of Herzog, has written Mr. Sammler's Planet, the story of an old man, taking a clear look at the world about him and leaving us with the feeling he may be the only sane man left in the wild world.

For sheer interest and readability, The Godfather, by Mario Puzo is well ahead of most novels. The nature and hazards of life within the Mafia, with its friendships and rivalries, but mostly struggles for power. Appalling but interesting.

DUTCHMEN BEATEN BY HUDSON PRESS

The Dutch outscored Hudson in the first and fourth periods last Friday, but lost to Hudson 33-62. The Tigers played a zone press in the second and third quarters and outscored the home team by 31 points. Several times the Dutch couldn't get the ball past half-court as they had 28 turnovers as opposed to 11 for Hudson. Coach Poppink said "Hudson is a fine team and we did some things quite well against them, but we lost the game on the press. We'll have to learn to keep our poise better if we hope to beat Madison this week and do well next week in the District Tournament."

GOLF LEAGUE MAKES PLANS

Getting tired of winter? Well, it won't be too long, April 23 as a matter of fact, until the Manchester Golf League begins play at Greenbriar Golf Course. Hopefully everyone who wishes to join will be able to do so, but in case the response is more than can comfortably be scheduled for play each Thursday afternoon, those late signers will be put on the substitute list.

Those interested should contact Ted Tapping, Keith Reed, or Bob Swartz to be sure of being included. The league fee is \$10.00 per person. Official league competition will run each Thursday afternoon from April 23 thru Aug. 6, except for the days of the Pre-Broil Party and the Chicken Broil. All league activities will conclude on Aug. 13 with a special Fun Day Buffet Supper.

Members suggestions for league rules, daily prizes, etc. are welcomed.

Sign up now and prepare for a golf season of fun. Payment of league dues now will allow the league to purchase their prizes for the summer at low prices.

FANCY THAT!..... by THOMPSON

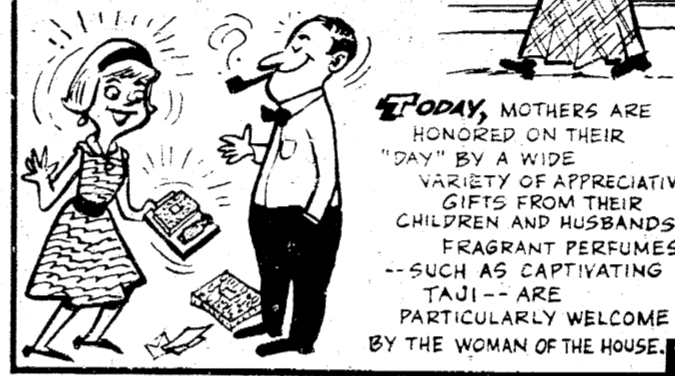

AN ANCIENT CURE FOR THE BITES OF SNAKES AND MAD DOGS WAS SAID TO BE THE BLOOM OF A FRESH FORGET-ME-NOT!

FANCY THAT!

BY AN OLD ENGLISH CUSTOM, MID-LENT SUNDAY WAS "MOTHERING SUNDAY" WHEN PEOPLE VISITED THEIR MOTHERS WITH FLOWERS AND OTHER GIFTS. SMALL RICH PASTRIES CALLED "MOTHERING CAKES" WERE POPULAR PRESENTS FOR MOM!

MOTHERS WERE FORMALLY HONORED IN THE UNITED STATES FOR THE FIRST TIME ON MAY 10, 1908, BY MISS ANNA JARVIS OF GRAFTON, WEST VIRGINIA. THE SPECIAL "DAY" SPREAD TO EVERY STATE IN THE UNION BY 1911, AND PRESIDENT WILSON PROCLAIMED IT A NATIONAL HOLIDAY IN 1914!

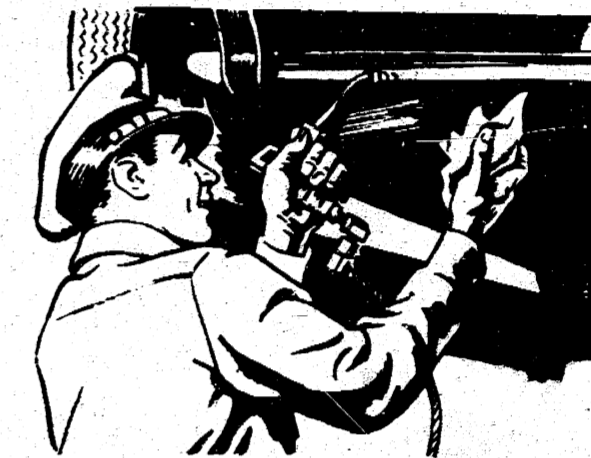

TODAY, MOTHERS ARE HONORED ON THEIR "DAY" BY A WIDE VARIETY OF APPRECIATIVE GIFTS FROM THEIR CHILDREN AND HUSBANDS. FRAGRANT PERFUMES -- SUCH AS CAPTIVATING TAU -- ARE PARTICULARLY WELCOME BY THE WOMAN OF THE HOUSE.

FOOD FOR THOUGHT

IN THE HUSTLE and confusion of modern times... it's well if we remember the importance of taking time. Taking time to think... for it's a source of power. Taking time to read... for it's a fountain of wisdom. Taking time to be friendly... for it contributes to happiness and opens new ways to success. Taking time to work... for it's the price of success in any worthy venture. Taking time to play... for it's the secret of perpetual youth. Taking time to give... for frequently a little giving has resulted in a lot of getting in the long pull.

Those miles really creep up in today's fast world. Better check how long since that last grease job.

In terms of maintenance, we're your car's best friend.

Pontiac announces the beginning of tomorrow.

The all-new Firebirds are here.

There are four. Why?

People have different ideas of what a sports car should be. Incorporating all of those ideas into one car is equivalent to putting an elephant's trunk, a camel's hump and stripes on a giraffe. You end up with a creature that doesn't do anything well.

So... four Firebirds. Firebird (1). An economical sports car.

Firebird Esprit (2). A luxurious model.

Firebird Formula 400 (3). The Firebird built for drivers.

Firebird Trans Am (4). Our ultimate.

Four distinctly different Firebirds for drivers who agree on only one thing. A sports car.

Comfortable seating for four. Period.

Three have always been a crowd. Especially in the back seat of a sports car. So the new Firebirds have two bucket-type seats in back. Plus two bucket seats up front.

Four comfortable passengers, each in an individual seat.

And a more comfortable ride.

The rear seats gave us room to raise the drive tunnel between them. Which gives the suspension room to travel when you hit a bump. Which, in the Firebird and Esprit, produces a ride that many a full-size sedan would be proud of.

Formula 400 and Trans Am don't have it quite as soft. Enthusiasts like a stiffer ride. Stiffer springs and shocks provide it.

A ride is nothing without quick handling.

We didn't compromise handling a bit. We made the Wide-Track wider. Made fade-resistant front disc brakes standard. And for improved cornering, we installed stabilizer bars up front.

And added rear stabilizer bars to Formula 400 and Trans Am.

Engines to match.

If you read our descriptions of the four Firebirds, the engine lineup makes supreme sense. The basic Firebird has a 250-cubic-inch six. Esprit—a 350-cubic-inch, regular-gas V-8. Formula 400 has a 400-cubic-inch V-8. And Trans Am features a 400-cubic-inch Ram Air V-8.

Endura bumpers that absorb bumps. Pontiac's Endura material is probably

the best thing to happen to bumpers since bumpers. It's a resilient, rubber-like material that looks like painted metal. It resists dings, dents and chips. And it positively won't rust.

A tough bumper. Covering the entire front end of each Firebird. The decisive victory of functionalism over faddism.

Instrument panels, for instance. Easy to read. With easy-to-reach controls. We even designed the panels so that any light bulb can be changed in 60 seconds. By you. Without lying on the floor.

But you'll undoubtedly want to look at what the troops are doing and what they're going to do. An area leader pointed out. As a relatively new program in Manchester, the girls themselves are setting the groundwork for the future Girl Scout program in this area.

GIRL SCOUT WEEK BEGINS SUNDAY, MARCH 8

by Carolyn Ahrens

Following the Girl Scout Cookie Sale the Manchester Girl Scout Troops go directly into another busy project, Girl Scout Week. With a busy schedule planned, directed to inspire and teach, the girls begin Scout Week on Sunday, March 8 as they attend the church of their choice with their scouting responsibilities in mind.

Monday is Homemaking Day and with it the girls are urged to try a new recipe or attempt some special home project. Tuesday is Citizenship Day and the girls are asked to express their feelings about being a Girl Scout either in school, to a friend or in some personal way.

Wednesday is Health and Safety Day with personal safety stressed; International Friendship Day is scheduled for Thursday and with it the girls are to add to their knowledge of the scouting program with Arts Day on Friday when they will demonstrate their knowledge of friendship toward family and friends. Saturday, the final day of Girl Scout Week will be spent out-of-doors as the girls observe and appreciate nature.

"Girl Scout Week is a good time to take a look at what the troops are doing and what they're going to do," an area leader pointed out. As a relatively new program in Manchester, the girls themselves are setting the groundwork for the future Girl Scout program in this area.

As the Manchester Girl Scout Brownies, Juniors and Cadettes reflect on this past year, they are also working together on a special project. The girls are collecting Betty Crocker coupons toward a kidney machine for the Michigan Kidney Foundation and in the name of "Red" Lamb. With Mrs. Lamb's permission, the girls have started their campaign and will continue through June, 1970, presenting their results to the Manchester Jaycees who will in turn send them to the appropriate center. The scouts have made and placed special coffee can canisters in various businesses in Manchester for the coupons or coupon donations may be given to any Brownie, Junior, Cadette or Troop Leader.

With the Cookie Sale, Girl Scout Week and the coupon campaign plus many individual troop projects the girls and their leaders have proven in a short time their ability to add to the welfare of the community as well as to themselves.

LIMPERT PROMISES REAL ASSET TO MANCHESTER IF LIQUOR BY GLASS PASSES

by Carolyn Ahrens

On Monday, March 9, 1970, Manchester Village residents will be asked to vote for several village officials as well as decide the outcome of a special proposal. This proposal will be written as follows: "Shall the Sale of Spirits in addition to beer and wine be permitted for consumption on the premises within the Village of Manchester under the provisions of the law governing same?"

Don Limpert was asked what he would do should the proposal be passed and how he felt Manchester would benefit if "liquor by the glass" was approved.

According to the present liquor law, as Mr. Limpert understands it, only one license is allowed per every 1500 residents but recently House Bill 2444 was passed by the Michigan Legislature and is now awaiting Governor Milliken's signature. Should the bill be passed several changes would result the Michigan Beverage News reported.

An important change would be the Senate Amendment stating that existing taverns in business for five years and if approved by the state and local channels could be upgraded to "Class C" liquor by the glass. Under this proposed bill however the present 1500 population count regulating the number of liquor licenses issued was not removed and any area under 2250 would still fall under this restriction.

Should the proposal be approved, Mr. Limpert said he would follow up a liquor license application on the state level then to the local government body for final approval. He feels the passage of this proposal would benefit the village economically because if passed, the law would permit him to expand his business and Manchester would benefit from another business. He would add a dining room to the Black Sheep keeping the atmosphere and period of history decor he now has. "This in itself has drawn a lot of business," he said. "People like history and I would promote my business that way. Manchester has a reputation as a quaint, history-laden village and I would expand on this." He continued that with his parking facilities and location the liquor by the glass would permit him to carry out these plans.

Mr. and Mrs. Earl Horning with Tricia and Jeffrey.

PARENTS CAUTIONED AGAINST ALLOWING CHILDREN TO WATCH SOLAR ECLIPSE SAT.

The solar eclipse of March 7 will begin at 12:16 p.m. for Detroiters, at 12:15 for Lansing, and four minutes before that for Chicagoans.

At maximum eclipse, weather permitting, Detroiters will be unable to see nearly 78 per cent of the sun.

Cautioning against looking directly at the eclipse, Prof. Hazel M. Losh, University of Michigan astronomer, urges that "the eyes must be well protected." Sun glasses allow no protection against the rays. The Smithsonian Institute recommends looking thru a double thickness of black and white photographic film, not color film, which has been completely exposed by sunlight and exposed to maximum density.

Another method is to use two pieces of cardboard. Put a pin point hole in one and let the image be directed through the pin point in the cardboard onto another piece of white cardboard and stand with your back to the sun.

Parents are advised to keep children inside during the eclipse to keep them from looking at the eclipse without ample protection for their eyes.

Total eclipse, which will cast a 100-mile-wide shadow on the earth, will be seen along the eastern edges of the United States. The last total eclipse visible within the U. S. occurred seven years ago, and no such major eclipse is expected until next century.

SALINE JUNIOR DEPUTIES TO HOLD DONKEY BALL GAME IN SALINE

The Saline Junior Deputies have scheduled a Donkey Ball game to be held at Saline High School in the gym. This game is played on the backs of real live donkeys and is scheduled for March 14 at 7:30 p.m.

The Junior Deputies have secured the services of the nationally-known Buckeye Donkey Ball Co. to bring their donkeys to Saline for the exhibition.

Tickets are now on sale and can be obtained from members of the Saline Junior Deputies or from Mr. I. Henes or Bill Taylor.

Proceeds go towards buying uniforms and equipment for the Junior Deputies.

Important principles may and must be flexible.

—Abraham Lincoln.

MANCHESTER COUPLE RECEIVES OUTSTANDING YOUNG DAIRY COUPLE AWARD

Earl and Diane Horning of 11834 Pleasant Lake Road, Manchester have been selected as the Michigan Milk Producers Association's Outstanding Young Dairy Couple of 1970 in the state.

The couple was selected on the basis of their efficient dairy operation, individual character and their community involvement, according to Jim Erickson, director of information for MMPA. Mr. and Mrs. Horning will be honored at the annual MMPA meeting set for March 24 at Michigan State University in East Lansing and will represent the state and the MMPA at various functions throughout the year including the National Milk Producers Federation meeting in Las Vegas in the fall. Mr. and Mrs. Horning will receive an all-expense paid trip to Las Vegas for this meeting.

Mr. and Mrs. Horning are the first outstanding dairy couple from Washtenaw County and were selected from 12 young dairy couples nominated and chosen from various MMPA Districts. The Hornings were chosen from District 1, which includes the counties of Washtenaw, Wayne, Monroe, Jackson and Lenawee.

The Hornings operate a 300 acre dairy farm in partnership with Mr. Horning's father, Alton. They are presently milking 55 cows out of a total herd of 110. Mr. Horning was born and raised on the farm he operates and has been milking cows for 15 years. He is a graduate of Ann Arbor High School and received his bachelor's degree in animal husbandry from MSU. He has been secretary-treasurer of the Saline Local of the MMPA for the past three years and is a member of the state nominating committee for District 1 for MMPA. He is also a former vice president of the district. He belongs to TelFarm and has headed discussions with the Farmers Au-Go-Go, a local Farm Bureau Group.

Mrs. Horning graduated from Saline High School and from MSU. She taught first grade three years in the Chelsea School System. She is a member of the Young Homemakers, an extension study group in Chelsea.

Both are former 4-H Club members, are members of the Washtenaw County Farm Bureau and the Zion Lutheran Church in Chelsea. They have two children; a boy, Jeffrey, age 2½ and a 10 month old girl, Tricia.

The Hornings use artificial breeding, raise their own replacement heifers, grow their own feed and use free stalls.

New, even for Pontiac.

(We take the fun of driving seriously.)

A set of triplets were born on the Frank Waikow farm on Sharon Hollow Road Monday. The 7 year old mother of these calves has had two sets of twins and two single births before these triplets according to Mr. Walkow.
