

WHAT DO YOU THINK ...
contd. from page one

they can build. Where do you send these people except out of town when there is nothing to offer them? Hardly a day goes by when I am not asked about available housing, apartments, land available, etc. and all you can tell them is see the local realtors and good luck. Most of our young people are forced to obtain housing elsewhere because they simply do not have the money to start a home and there are very few houses or apartments available for them to rent.

Earth Day proved the young people of Manchester are capable of great endeavors. These students carried through a project which definitely improved the town and showed the willingness of our young people of all ages the want of a clean, pretty town. I believe given an opportunity the student body of Manchester would enjoy the chance to do this sort of thing more often and it gives these students a sense of responsibility to help keep the town clean.

These are some of my own thoughts on problems in Manchester. They will not change today, next week maybe not even next year. It takes a lot of hard work from all members of the community working with, not against, the city governmental groups to accomplish this.

Some things I would like to see added to Manchester are police protection around the clock, another doctor added so we have medical facilities available at all times, a red light at the corner of Main and M-52, stores open Friday night instead of Wednesday and improved streets. Only the people of a community can make it improve.

AREA BOYS PARTICIPATED IN SCOUT-O-RAMA

The Cub and Weblo Scouts of Pack No. 421 helped make the 1970 Scout-O-Rama a great success. There were about 50 boys selling tickets. They sold 1078, which totaled \$539.00 and the local pack will receive 40% of this amount. Top salesman was Louis Ross who sold 232 tickets. Bob King was second selling 200 tickets and Stan Wellman sold 160. These three boys, by selling 100 or more tickets, won a 1970 Scout-O-Rama patch, a compass, field glasses, pack and their choice of a sleeping bag or instamatic camera. Other boys winning patches and compasses for selling 20 tickets were Chris Lehr, Frank Tomko, Michael Lehr, Joe Allan, Carl Townsend, Larry McCully, Paul Proffrock and Charles Hooten.

Other boys winning patches for selling 10 tickets were Tom Pratt, Mark Daniels, Gary Daniels, Paul Mahrie, Jim McEwen, Gale Bertke, Terry Rowe, Mike Lantz, John Benedict, Bob Weirich, Mark Beuerle, Gary Beuerle, Mike Wurster, Glen Benins, Alfred Sannes, Brian Little, John Olsen, Ryan Johnson, Mark Barker, Billy Walkow.

Robert Downey, Ken Achtenberg and Brian Schlicht.

Each booth at the Scout-O-Rama was judged according to creativity, neatness, if there were 3 boys in full uniform and an adult present at all times, the judges asked the boys to explain what they were doing, they had to have a fire extinguisher and first-aid kit in the booth, and originality of the display. Manchester Cub and Weblo Scouts took first, second and third place scoring as high as could be scored in all areas with a 94.5%.

102nd Year No. 32

WHAT DO YOU THINK OF YOUR TOWN?

by Carolyn Ahrens

Manchester is fortunate in many ways in location, natural beauty, peacefulness and the people who live here. In the respect concerning the individuals who call Manchester home is a minister of God, neighbor and friend, Rev. Oscar Cooper of the Manchester United Methodist Church.

A graduate of Coorse High School, Rev. Cooper received his B.T.H. Theology degree from Nyack, New York; his B.A. degree in education at Wayne State University; his S.T.B. graduate degree from Biblical Seminary, New York; and prior to his ministry he was Professor of Bible at Nyack. Rev. Cooper has been a minister for nine years and Manchester is his second Pastorate. He was previously located in Ypsilanti. He is current President of the Ann Arbor District Board of Missions and a member of the Detroit Conference Board of Ministry of the Methodist Church.

He and his wife, Ruth, a teacher at Manchester High School, have a daughter Ruth 13 and a son Kiel 8.

To Rev. Oscar Cooper, Manchester means:

I had been in town only twenty minutes and someone said, "You must be Rev. Cooper, welcome to Manchester!"

I found a small town that would not force itself on me, but one that would take me in if I wanted to be their friend. I sensed the spirit of the town when we attended a football game at Roosevelt High School and discovered that there were twice as many fans from Manchester as there were from Ypsilanti. The mood of Manchester seems to be reflected in the fact that on most any Friday night, during the football and basketball season, the bulk of the leaders of this community can be found at the football field or the gymnasium.

One of the bright spots in my day is the opportunity to sit down each morning

with some of the men from town and chat for a few minutes over a cup of coffee. Be assured, we solve all the problems.

Manchester is one of a dwindling number of communities that has a village green where the churches of the town are located. The close proximity of the church buildings is symbolic of the close relationship they enjoy. One of the regrets we have in the coming building program is the necessity of leaving the green. Manchester is seeing a Roman Catholic layman hurrying around helping get things moving again when the Methodist Ice Cream Social was interrupted by a torrent. Manchester for me was listening

to Miss Nellie Ackerson describing what many of you were like as prankish children. Manchester is a daily trip to the post office where greeting friends makes the trip worthwhile even if there is only junk mail in the box. Manchester is walking to the office and hearing twenty-five children holler as they pass, "Hi, Rev. Cooper."

Manchester is hearing the fire whistle and seeing volunteers race from every direction. It was standing dumb-struck to see your barns eaten up by the leaping flames. It was seeing your neighbors bring their trucks and trailers to help you care for the animals dispossessed by the tragic loss. It was standing beside you when in monumental losses you did not flinch but rather were just determined to start all over again.

One of my fond memories will always be the opportunity to greet nearly all of the thousands of people who share the Chicken Broil with us. It is being fined because the weather committee was caught advertising or because we did a poor job last year. It is being a part of the community where most every able-bodied man works in order to improve the facilities we can offer our children. It is going to Optimists and paying the endless fines for what I was certain no one had noticed.

Having just come from a new subdivision where there were no trees and no shade, Manchester is a picture of fall beauty; it is trees three and four feet in diameter. The atmosphere is reflected in a visit to a farm home where everyone is welcomed at the kitchen door rather than the very formal front door as required in suburbs. On occasions we have a tendency to be a bit hesitant about change but yet we have a great pride in the life of this little community.

At five a.m. on Sunday morning your streets are empty and everything is peaceful and quiet. It gives one a very clean feeling to just stand and listen. All you can hear are the birds chirping and water rushing over the dam. It is a small town where I have lived only five years, but it holds more friendship and memories than the place of my birth. It is a town with a rich history which can be a stumbling block to improvement if we are not extremely alert.

But perhaps one of the most meaningful things I can say about Manchester is that it is HOME.

W. Lockwood Martling (l) talking to Dick and Neil Knouase about restoring and painting their barber shop.

70 BUSINESS PEOPLE ATTEND CHAMBER MEETING ON STORE FRONTS

Comments after the meeting last Thursday evening ranged from excellent to very interesting. These were the reactions to a presentation including slides which was given by HUD representative W. Lockwood Martling a registered architect. His lively talk and interesting slides both of our town and others stirred much conversation both after the meeting and the next day as merchants took to the streets to view the store fronts and in particular the tops of the buildings.

The meeting was sponsored by the Manchester Chamber of Commerce as part of a project to adopt a central theme for the village.

Mostly discussed was a "Turn of the Century" motif. This was encouraged by Mr. Martling who pointed out that Manchester has the most beautiful, unspoiled buildings of any town he has seen.

Mr. Martling's first recommendation was to ask Sherwin Williams Paint Co. for a color scheme for Manchester. (This has already been arranged and the results should be back soon.) He also commented on the signs which clutter the Main Street now. He showed slides of other towns and the attractive signs.

On a tour Friday morning Mr. Martling talked with individual store owners and offered ideas for the restoring and fixing up of the buildings. He offered help in the future to any store owner who would like to restore their building. Steps to be taken by the Chamber in heading this project will be discussed at the next regular meeting in June.

MANCHESTER SPEEDWAY BY NANCY MARTIN

It just wasn't right without the "pool" in the grandstands and so the rains

might have been a little better than the wet track, the races were called until Sunday. It was cold, but at least it was dry. We had a good group of cars, with Mary Carmen the fastest in the Sportsman Modified and Bill Younklin in the Stockers.

In the Sportsman Modified class, Louie J. Stemen took the lead on the fourth lap of the first heat, Dick Thiede and Sam Hanson. The yellow flag was out twice in the second, for minor spins. Jerry Tyson stayed ahead long enough to take the win, chased by Chuck Moul, Jr. Gary, and Larry Blaisdel. The wheels were flying in the third heat as Jerry Evisler and Leonard Hale both lost

laps, causing the race to be stopped. On the restart, Jim Martin was in the lead and stayed there to take the checker followed by Jim Hurton, Dick Steghe, and Bill Carter. The fourth got a little hairy as Roscoe Stenton's gas pedal stuck and he climbed the first turn bank. Gerry Johnston lost an engine and Dick Taylor and Dan Castleman, trailing second and third, hit the front wall on the last lap.

Fred Warden took the win, with Jim Martin slipping through for second. Dave Marum, third and Taylor, fourth as six cars collided on the first lap. Thiede and Carmen, with identical lap times of 1:02.7, passed all the second, third and fourth laps (a field and a round).

Fred Warden took a bath and got his car fixed in the Sun, as he went over the bank on the back stretch into another pool of water. He was headed north and continued in the race. Jim Hurton took the win, with Staple joining him in the second place over Call Byrd, Cartel and Jim Bessell.

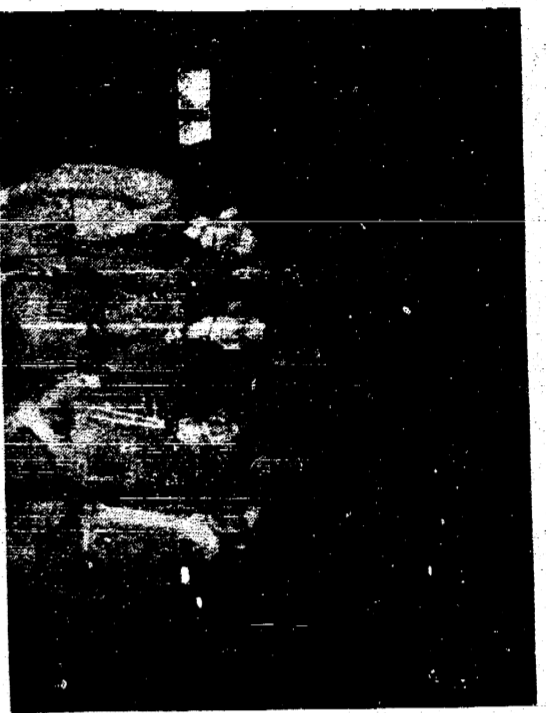

In the Feature, Burch Moul took the lead and was running so hard, he ran right out the pit gate. Louie J. took over and held out for the win over Thiede, Carl Kelly, Tryon and Gary.

In the Stockers, the "big man" was Bill Paxton, as he won the dash, the pursuit race, and the Feature. Following him across the line in the dash was Younklin, Harold Heister and Milton Wood. In the pursuit race Paxton eliminated three cars on the first lap, to take the checker over Younklin and Wood. The Feature was fast, going to Paxton with a big lead ahead of Ken Buchner, Heister and Wood.

It's got to stay warm soon, maybe Friday night. Don't forget our 20th Anniversary Day Trophy Race on May 23, 5am-7am at the racetrack!

Few young men realize what they are doing when a speed young thing matters the magical word, "Yes."

The eight changes will witness a lot of changes each year through a track and date a lot of children they do need.

Eagle Scout: Todd Armentrout, was presented the Gold Palm by his father A.D.C. Robert Armentrout. The Gold Palm is awarded for earning 10 merit badges in addition to the 21 badges required for the Eagle Award.

The last oar was pulled, the last canoe was paddled and the big race was over. The Fourth Annual Boat Race was a very big success Sunday and by the crowds both at the starting line, finish line and along the banks the spectators enjoyed the race as much as the contestants. There were a total of 66 entries in 7 categories.

All contestants were invited to the K of C Hall after the race for refreshments and then the trophies were given out.

Many people worked on this race to make it a success and the Chamber would like to give a special thank you to everyone, especially the contestants, judges, etc. that follow:

Starting Judges - Ted Stautz, Jim Hendley, Ray Tirb. Finish judges - Irvin Gill, Del Ludwig, Jerry Langowski, Harry Krauss, Red Huber and Bea Burlingame. Radio Operators - Willie Frey, starting, Wilma Frey, finishing and Buff Brown, Mid-Point. Eugene Bentschneider and Bob Clark for putting up the start and finish lines. The Manchester Jaycees for putting up the sign across Main Street. Neil and Dick Knouse for setting up the K of C Hall, Howard Heath for the radio spots, Ken Wolf for giving out the trophies, the people who helped at the barricades, and removing the boats from the water, also the Marine Division of the Washtenaw County Sheriff's Department who stood by in case of emergency.

"We have had a lot of fun putting this race on and hope you enjoyed it likewise." See you next May.

DUTCHMEN WIN FIRST MEET

The Dutchmen won their first meet of the year by getting past defending LCAA champion Adrian Madison 64 to 54 last week.

John Kress won the shot-put and Pat Roesch took a first in the broad jump to gain some valuable points in the field events. The 880 relay team of Mark Roberts, Mark Lentz, John Kress and Pat Roesch won also. All the times were very slow due to 6 inches of water on portions of the track, but it didn't hurt the Dutch. Pat Roesch also won the low hurdles and 100 yard dash, while Brent Powell galloped in with a win in the 880 yard run. Mark Lentz won the 440 yard dash and also the 220 yard dash (which clinched the meet for the Dutchmen).

Second places were awarded to Lentz in high jump, Haussler, shot-put; Riggs, mile run; Barber, 2 mile run; and Roberts, 100 yard dash and 220 yard dash.

Third places went to Kress for high jump, Gormley for pole vault, Bowers for 440 yard dash and shot-put, Walters for high hurdles and Randall for low hurdles.

WHAT DO YOU THINK OF YOUR TOWN?

by Carolyn Ahrens

What do you think of Manchester? What improvements do you feel are necessary and to you in what respects does Manchester excel? Why have you chosen to live here? Stop and think about it -- perhaps it's not as easy to put into words as it first appears.

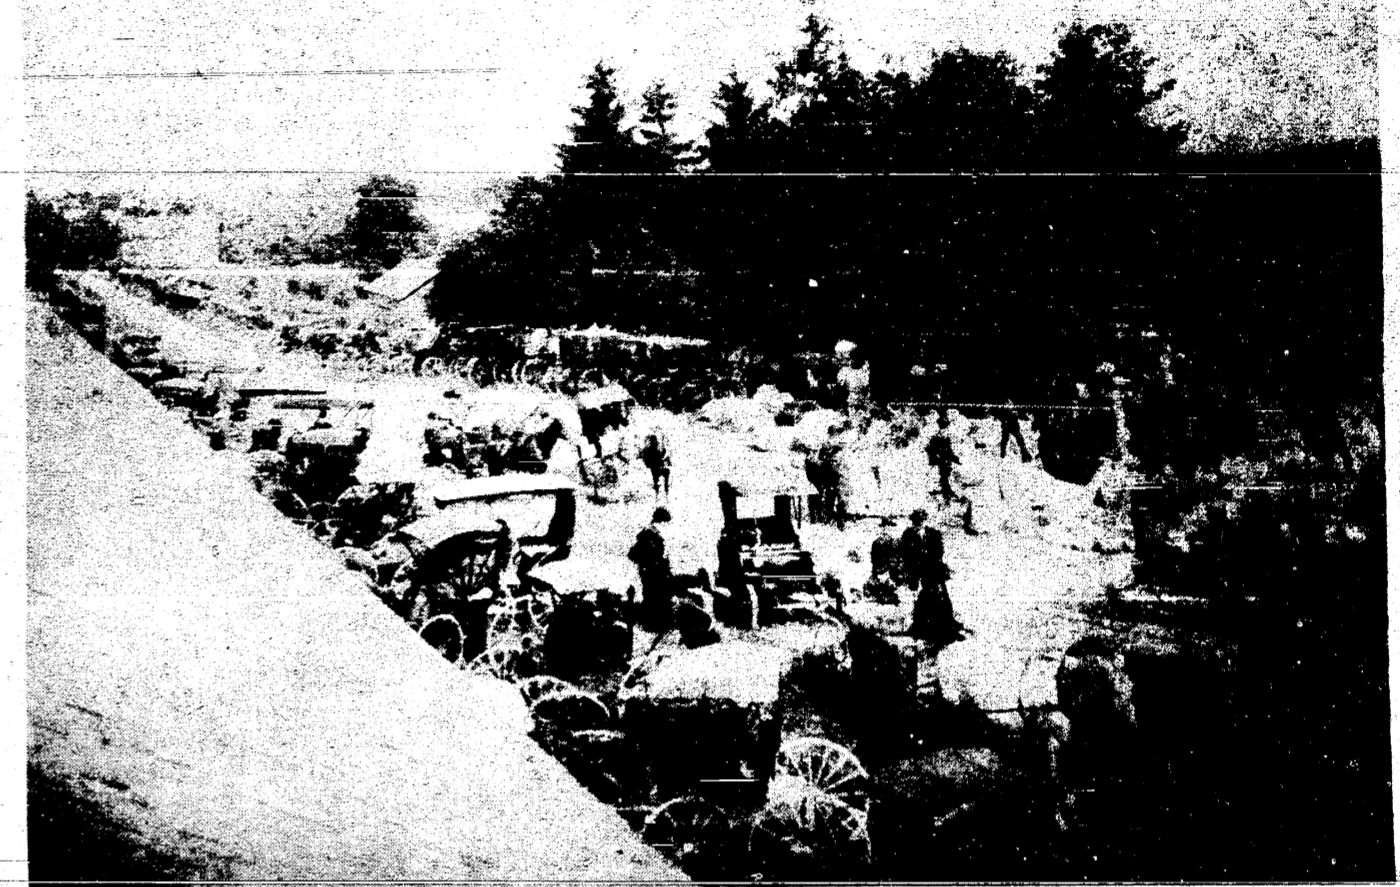

As a former mayor and life-long resident of Manchester, Gale Koebbe has seen many aspects of Manchester politically, socially and economically. As a member of the Planning Commission, Jaycees and Fire Department, he is in a position to view Manchester from several directions. He is concerned with Manchester's future because it is his home and that of his family which includes his wife, Sue and daughters, Mary Ann and Sally Ann. As co-owner of Koebbe Welding, he is also a businessman and is naturally concerned with the future business policies of Manchester.

To Gale Koebbe, Manchester means:

What do I think of Our Town? I can answer that in a very few words, I think a lot of it. Manchester has been my home all of my life, and I hope it will be for the rest of it.

We have a lot of things wrong with Our Town . . . bumpy streets, one bridge, flooded basements after a hard rain, inadequate youth recreation facilities, a dusty old feed mill and a junky old welding shop right on Main Street.

But let's look at some of the good things about Our Town . . . a very good school system, very well supported by the voters of this school district, a very fine fire department that is well-equipped due to a township board that has always provided the necessary equipment, a water supply and sewage treatment facility that are good for a town of this size, an active Jaycee Chapter and Optimist Club, a Main Street group that had signs welcoming the visiting mayor and his party to Our Town and then turned out along with many other citizens of Our Town to show them how we entertain our visitors. We have some pretty good industry in Our Town, not any Saline Ford Plant types but Manchester types where every-

May, 1909 at Bethel United Church of Christ. Note the bowler hats, fancy bonnets and long skirts as well as the variety of buggies and the one "horseless carriage" in the center of the picture. The car was owned by the building contractor of Bethel Church, C. A. Sauer.

body knows each other and the president of the biggest company in town still stops to talk with his neighbors.

We have a park that nobody can be ashamed of and if you don't think it is enjoyed by a lot of out-of-town visitors, try to get a pavilion on a Sunday in the summer. We have a Chicken Broil that tops them all and everybody works hard to see that it stays that way.

These are a few of the reasons I am proud to live in Our Town.

130 YEARS TO BE CELEBRATED BY BETHEL UNITED CHURCH

by Carolyn Ahrens

1970 marks the beginning of a new decade but it will also mark a special time in history for many area residents. Bethel United Church of Christ, Bethel Church Road, Manchester, will celebrate their 130th anniversary.

Founded in 1840 as the Evangelical Lutheran Church of Freedom by Pastor Friedrich Schmid, the date and change of the name to Bethel remains unknown.

The original log church became a wood frame church. Then in 1907, the decision to repair or rebuild brought about the beginning plans for the present stone structure. Bethel, which means "House of God", was built with stones, sand, gravel and rocks brought in by members of the church.

The official dedication ceremony of the present stone building was held on December 19, 1909. As pointed out in a book written by Emerson Hutzel in 1965 outlining the history of Bethel Church, "The beautiful stone building will long stand as a tribute to Dr. Mayer's pastorate at Bethel," in referring to Rev. Dr. Fredrick Mayer's contribution as pastor of Bethel Church during the years when the little wood frame church was rebuilt into today's stone structure.

The original cost of the church was approximately \$13,000 and was completely paid for with a remaining balance of \$200.00 by the time of the dedication. In 1965 a Christian Education Annex was added to the building costing \$51,000 which again was paid for within a short time.

Today Bethel United Church of Christ has 315 communicant members compared to the original estimated 25 families, of which it is uncertain just how many of these family members were communicant members.

Over the past years twelve pastors have faithfully served the little country church and the most recent, Rev. Roman A. Reineck, have contributed a great deal to the dedication and growth of Bethel Church, but as each would undoubtedly point out, without a generous and dedicated congregation, Bethel Church would not be today. As expressed by Rev. T. W. Menzel, a former pastor who served Bethel Church and the community for 21 years, "... we have been greatly blessed."

BACCALAUREATE THIS SUNDAY - COMMENCEMENT SUNDAY, JUNE 7

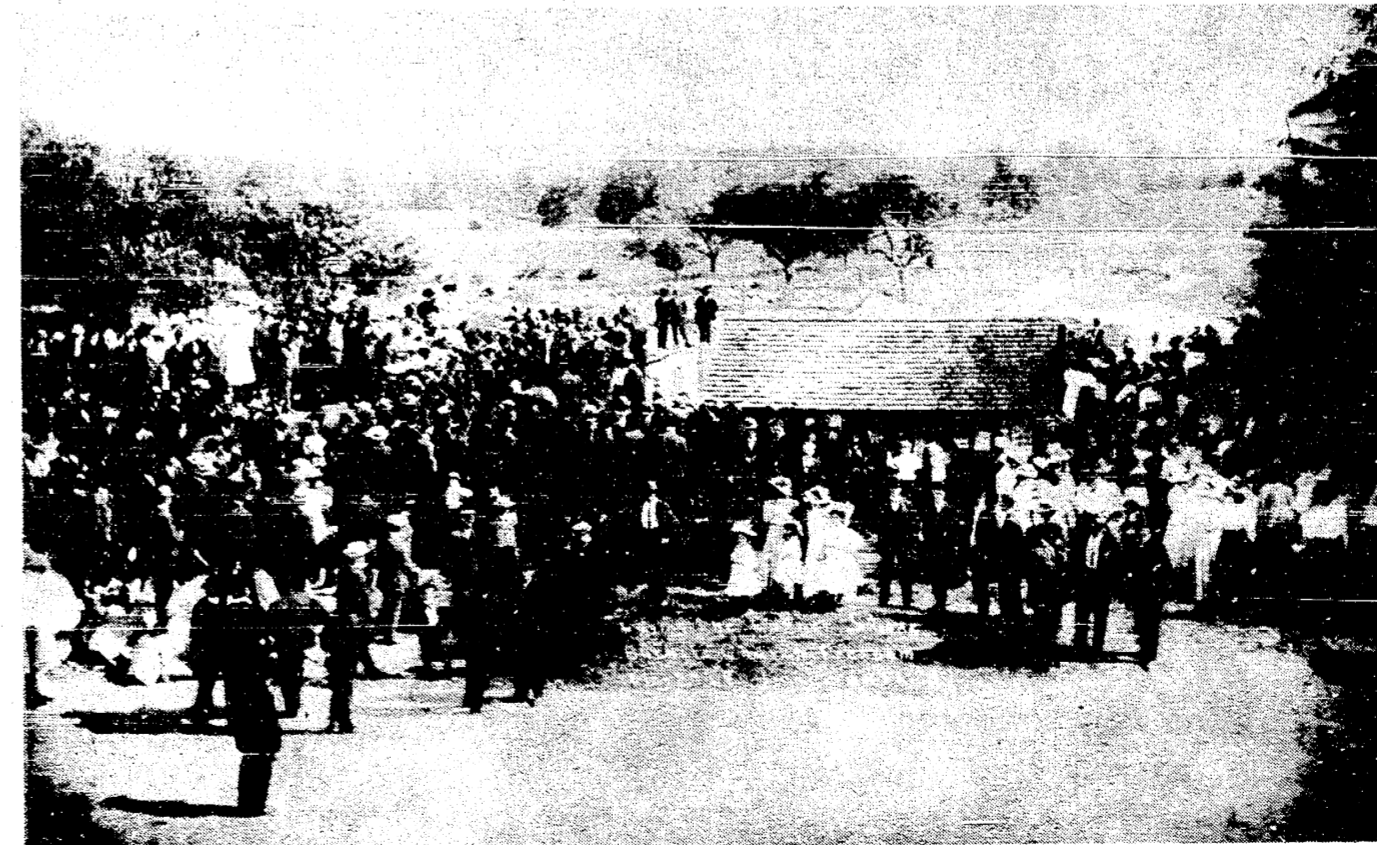

Baccalaureate Services for the graduating class at Manchester High School will be held at 8:00 p.m. in the High School gymnasium on Sunday, May 31.

McClusky, Professor of Educational Psychology and Consultant in Community Adult Education at the University of Michigan. Dr. McClusky will use as his topic, "Faith in the Future."

"Laying the Corner Stone - Bethel Church, Freedom. May 20, 1909 - Longman Photo" is inscribed on the above picture. The pictures belong to Mrs. Paul Feldkamp.
