SPEEDWAY

Earl Alber was presented with a plaque from Homelite for 15 years of outstanding service to their company.

Runners-up in the Pursuit were Dale Moor, Ed LaRoe, and Harold Heisler. Trailing him in the Feature were Dutch Taylor, Moor, Heisler and Mike Crindle. Taylor won the heat, followed by Clave Eley, Dave Stabieton and Haskett. Our wishes tonight for a quick recovery go out to one of our most promising young drivers, Larry Blaisdell, who suffered a heart attack after competing here last Friday night. He is in room 124 in Herrick Memorial Hospital, Tecumseh, Mich. and would appreciate cards from everyone. Also to Bill Kopka, driver of car 16, who was injured in an auto accident before the races tonight. He is in Foote Hospital in Jackson. Get better fast fellas, we miss you! June 19 will be the date for our first Destruction Derby of the year. Trophies will be awarded. These are always lots of fun. Don't miss it.

Long-winded talkers are today out of their age.

102nd Year No. 36

WHAT DO YOU THINK OF YOUR TOWN?

Cal Poppink head basketball coach and teacher of math, economics and sociology at Manchester High School is giving his impression of Manchester. He and his wife live at 614 Parr Road, and are expecting their first child in August.

Mrs. Poppink teaches physical education, science and is cheerleading advisor at Manchester High School. Mr. Poppink is in his second year of teaching at Manchester.

Hoorah for the citizens of the village for passing the millage election. I understand that the Manchester School District has never turned down an operational millage request. That is a record the community can be proud of. This probably has several implications, but basically it means to me the people agree with what's happening in their school system and are willing to support it financially. As a teacher I appreciate (as I'm sure all the school personnel do) this vote of confidence in our effort to provide a good education for the youth of the community. Now, if we can get a few more adults in active participation, (speaking for the high school) the school-community relationship will be even better.

Manchester is a unique little community with a lot of desirable characteristics, and, to my mind, with a few characteristics I'd like to see changed. The good features of our village have been pointed out time and time again in various articles in this newspaper, and I won't mention them all again, except to say that I wholeheartedly agree with them (i.e., little crime, lots of room, know everybody, close to Ann Arbor, etc.). The thing that amazes me the most, however, is the great number of clubs and activities an adult may participate in. My wife and I have joined in several, but we couldn't possibly fit into our schedule all of those in which we have an interest. To us, and I'm sure to most adults, Manchester provides a busy, but comfortable and peaceful way of living.

But while the adults are satisfied to live here, I think a large number of the youth (adolescent at least) are being short changed. And I do not mean because of a lack of activities for them. I don't advocate that more dances, more teams or even a teen center will answer the problems of our restless and searching youth. Too often, it seems, these ideas are proposed to fill the short time gap between other similar activities. I believe the youth need some new and different activities (with and without the family) away from Manchester. I wish a greater number of our youth would spend a summer in other environments, and that more of our high school graduates would go out of our county for additional study and training. What better way could we think of for gaining an understanding of their hometown both its strengths and its weaknesses.

Just because as adults we enjoy our town, we can't become stagnate and impose the same ideas on our youth. If, in the long run our town is a desirable place to live, the youth will come back; but at least they have been realistically exposed to the alternatives. And maybe they will return, along with other new people, with some ideas that will improve the town and make it an even better place to live.

With its unique features, Manchester can have a great future if we keep the best of the old, and also constantly make room for the best of the new.

P.S. I'm enjoying the current controversy in this paper. I think these exchanges of ideas are healthy. Sydney Harris, who's article appears in this issue, has a lot to say to both sides.

Members of the Manchester High School graduating class of 50 years ago are front row l. to r. Mrs. Madelyn Holten, Mrs. Margaret Dietle, Mrs. Ruth Sanford, Mrs. Laura Thompson and Mrs. Betty Eggleston. Back row l. to r. Mr. Orin Heselshwerdt, Miss Amanda Schable and Mrs. Ruth Mahrie. Unable to attend were Mr. & Mrs. Rex Sturdevant, Mrs. Hazel Kennedy and Mr. Lynn Hubbard.

UNION SAVINGS BANK PRESIDENT RESIGNS

Union Savings Bank of Manchester announces with great regret the resignation of President Dan J. Boutell. This resignation, at Mr. Boutell's request, is to become effective July 1, 1970. The future plans of the Bank call for the hiring of an executive officer to assume full responsibility for the Bank Management.

The Bank is making arrangements for proper interim management personnel covering the period from the time of Mr. Boutell's leaving until an executive officer is employed.

FUND ORGANIZED FOR RICHARD WAY FAMILY

A fund has been established to help the Richard Way Family. Dick and Gwen suffered extensive loss to both their home and its contents as the result of a fire on June 15.

Contributions are being accepted at the rectory of St. Mary's Church and the Union Savings Bank. Checks may be made payable to the St. Mary's Church, Way Fund.

VICKIE SMITH RECEIVED BACHELOR DEGREE

Vickie Smith, daughter of Mr. and Mrs. Russell C. Smith, Henzie Rd. was one of 1,433 seniors receiving Bachelor Degrees at Eastern Michigan University Saturday, June 6. She received a BA in Library Science.

Vickie graduated from Manchester High School in 1966, and while at EMU earned accumulative points for her four years of 3.21. She will attend the University of Michigan for graduate studies in Library Science.

This summer Vickie will be working at the EMU Library, which will be her third summer as a full-time assistant.

SUMMER DANCES TO BE HELD ON WEDNESDAY NIGHTS

Again this summer, the Manchester Recreation Department is sponsoring Wednesday night dances for area youth.

Six dances will be held during the course of the summer, all at Manchester High School Study-Auditorium. The first two dances will be held on June 17 and June 24, from 8:30 to 11:30 p.m. Tentative plans call for other dances to be held on July 8, 15 and 29 and August 5. Further announcements concerning these later dances will be made periodically throughout the summer.

VOTERS TO USE VOTING MACHINES AT AUGUST 4 PRIMARY ELECTION

At the Primary Election to be held August 4, Manchester Township will be using automatic voting machines for the first time.

On Friday, June 26 from 1:00 p.m. to 9:00 p.m. (closed between 6 & 7 p.m.) and Saturday, June 27 from 9 a.m. to 6 p.m. (closed between 12 & 1 p.m.) there will be a public exhibition on how to operate these machines at the Manchester Town Hall, 120 S. Clinton Street.

All voters of Manchester Township are asked to come during this time and learn how to operate these machines. It will save much time for yourself and others on Election Day.

ATTENDING BOYS STATE

David Bucholtz, son of Mr. & Mrs. Norman Bucholtz, 19442 Bethel Church Road, Manchester is Manchester's representative to the 33rd Annual American Legion Wolverine Boys State Assembly at Michigan State University campus in Lansing.

David will leave Wednesday, June 17 and will participate in Boys State until June 24. David is being sponsored by the Manchester Optimist Club. David was chosen by his class and the high school faculty.

SPAULDING FOR CHILDREN NEEDS OUR HELP TO FIND HOMES FOR "UNWANTED" CHILDREN

by Carolyn Ahrens

With over 8,000 children in Michigan in need of permanent homes due to broken homes, illegitimacy, the death of one or both parents, or other such circumstances, adoption agencies, foster homes and other such agencies geared to help these children, have placed thousands of children in adoptive homes. Until a few years ago only those children who were normal, well-developed youngsters, usually infants with no mental or physical defects, were "eligible" to be adopted.

But what would become of the "less-than-perfect" children? Those of mixed racial heritage, those with a physical or mental defect or the old-timers over 10 years of age? Prior to a relatively recent effort and with a great deal of credit due to the Ann Arbor News in bringing this problem to light in this general area, these children had little or no chance to ever be placed in a permanent home. At best they would find some permanence in a foster home for perhaps a couple of years. Having seen first-hand a number of years ago the love and trust these "less-than-perfect" children could give and the love that was returned to them, it was heart-breaking to learn that this particular child could never be adopted. Her crime, a severe speech defect. Today, however, the story is quite different due to a number of "special" adoption agencies.

One such agency is located within minutes of Manchester. Spaulding for Children is a cluster of buildings and a farm house remodeled into an office between Manchester and Chelsea on Waltrous Road. Donated by Mr. Warren Spaulding, it is operated with one purpose in mind - "To place children previously thought to be 'implaceable' in permanent, loving and adoptive homes."

Although there are no children at Spaulding for Children, it is rather the headquarters or go-between for adoption agencies who have a "less-than-perfect" child in need of a permanent home and a family who wants such a child. With pictures and paper work, phone calls and application forms, Spaulding for Children coordinates the operations, rarely seeing the child or family involved. "Our sole purpose is to place these "special" children for regular adoption agencies and we bring them together from all over the state," a spokesman for Spaulding for Children explained. Rev. Warner Seibert, President, Board of Directors for Spaulding for Children noted in a letter that "It costs about \$1,850 to care for a child in a foster home for a year. It costs about half that amount to bring a child into a permanent adoptive family." The benefits, however, from helping such agencies not only alleviates the burden of costly foster-care but more important gives a homeless child the permanence, security and love of a real home.

Financed through private donation, community groups, a Child-a-Month Club and by "purchase-of-service" fees paid by referring agencies upon placement, Spaulding for Children has helped many children previously labeled "unwanted." For as little as \$5.00 per year anyone can become a member of Spaulding for Children or the Child-a-Month Club for \$10.00.

Manchester is no stranger to adoption and Spaulding for Children, known throughout the state, is within 10 miles of our front door. They need help to further give previously thought "unwanted, less-than-perfect" children a chance. If you cannot give them a home yourself you can find them a home. Write Spaulding for Children, 3660 Waltrous Road, Chelsea or call 475-2500.

Today so many ask, "What can I do to help?" Perhaps Spaulding for Children can be "your thing."

WHO, WHAT, WHEN, WHERE & WHY

LETTER TO THE EDITOR

Sir:
 I seriously question the credibility of the recent letter to your newspaper by some students of Manchester High School. They claim to represent youth, but seem to ignore the facts. In this nation of over 200 million persons, approximately 50% are people under 25 years of age. On the other hand less than 5% of the population have ever demonstrated violently for either extreme. They certainly don't represent the majority of youth who have faith in this country and our president. They say in their letter that the establishment, namely anyone who opposes their ideas, refuses to allow them to take part in the policy making of this country. They ignore the fact that after Kent State and Cambodia, thousands of young people have undertaken a campaign to elect peace candidates and are meeting with success.
 On the subject of long hair their

definition of long seems to be unclear. I consider Bobby Kennedy and Albert Einstein to have had reasonable hair length. What I can't see is the shoulder-length hair or the wild flowing locks of the student radicals.

I agree that man should get together as a world, but the fears and prejudices which have accompanied man since the dawn of time are difficult to erase in a period of a few short years.

They deplore the loss of American lives in Vietnam as we all do, but they say nothing about the 50,000 or more Americans who die every year on our highways as compared to the 42,000 who have died in 6 years of Vietnam.

In response to the comments on Earth Day, it was a good idea, but these same people made only token efforts to get the community involved; besides how can they expect the people of this town to leave work for an entire day to come to the Earth Day ceremonies.

In reply to their wish to negotiate with the communists, in the past this nation and others have repeatedly tried to negotiate peace with the communists and have been repeatedly ridiculed, ignored and figuratively spit on. As long as there is a group of countries who have set as their goal the complete domination of the world by violent overthrow of the free nations, this world will never know peace.

It is true that the Russian people were oppressed before 1917, but never were so many people murdered, exiled, or jailed as there were during the early 1930's. Literally hundreds of thousands were murdered and millions simply disappeared all in the name of communism.

They ignore the fact that in the first few years of World War II the Soviet Union was allied with the Nazis, and fought with them to take Poland. It was not until 1941 when Germany invaded Russia that they asked for our help. They seem to think that all of the

money the Defense Department gets goes into Vietnam. It does not. The bulk of the funds allocated to the military goes to the maintaining of the freedom of countless nations, who without the security of our military being there with them would have collapsed long ago to be colonized by the communist nations. They seem to think that Russia is not a threat to us because they aren't openly attacking us. They don't realize that if communism is not stopped, it is only a matter of time before we are the only free nation left, with aggression from them on our very borders. Furthermore, some of the persons who signed the letter are members of the S.D.S. who have openly announced their intentions of fomenting a violent overthrow of our democratic government and installing a communist style system.

They seem to think that money alone will solve the problems of poverty, and pollution, but they ignore the failure of programs in the past which simply gave out money without offering solutions.

In closing, I believe these people who wrote to you should make a serious effort

to learn the truth, rather than to rely on rumors, and the mouthings of other uninformed people. I believe that I represent the opinion of the majority of students in this town who have not expressed themselves.

Sincerely,
 Timothy Price

CONFORMITY LURES CHILDREN TO DRUGS

by Sydney J. Harris

(Editor's Note: This article was called to our attention by a teacher at the high school. After unsuccessfully trying to locate its author, we felt the article was good enough to risk reprinting it without his permission.)

Speaking of young people, as I was yesterday, reminded me of the statement by a 12-year-old heroin addict in New York: "I started using dope because my friends were using it, and I didn't want to be left out."

Most kids begin experimenting with pot as a way of demonstrating that they belong to the "in group," that they are "with it," that they march in the vanguard of young modernity. Children are the greatest conformists in the world, and nonconforming to the Establishment is the way they now conform to each other.

In commenting on this problem, Prof. Raven McDavid of the University of Chicago, makes an interesting and pertinent point in a recent educational bulletin. He suggests that our emphasis on "group activities" has stimulated the tendency of youth to copy one another even more than they normally might.

"It seems to me," he writes, "that one of the shortcomings of present-day education, on almost every level, is the emphasis on groups at the expense of individuals. Part of the process of growing up . . . is learning to take groups with a certain amount of skepticism, and acquiring the power to walk away from them (those who are loudest in asserting nonconformity are often the most tyrannical in imposing their own kind of conformism)."

I was struck by much the same thought not long ago, when I attended a film showing at my children's school. Five high school youths were standing up in the aisle behind me, talking to friends, and each was identically barbered and attired in hippie style, so that they resembled ludicrously overgrown quinquets. They were just as regimented as if all had been wearing the same Brooks Bros. suit or military school uniform.

It is hard not to agree with Prof. McDavid that our educational (and social) emphasis on "group activities" has unwittingly subordinated the individual to his peer-group and made him more ashamed than ever before to be his own person.

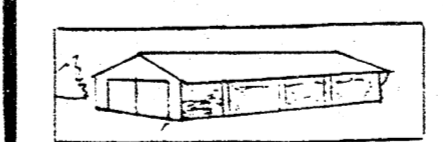

Admittedly, there are many other factors moving young people to pot, and its even more dangerous sequelae. But the high sanction we confer on "group activities," and the censure we give to the individual who prefers to go his own way, surely must contribute to the growing problem of addiction as a form of imitative peer-conduct.

It is ironic that a nation that preaches "individualism" so ardently in the marketplace is so intolerant of individualism in any other area of social life, looking with approval upon the "joiner" and with suspicion upon the "loner." Since all revolutions take on the color of the regime they want to overthrow, it is scarcely an accident that our youth dissidents enthusiastically "join" in the pot parade.

MANCHESTER SPEEDWAY RACING RESULTS

by Nancy Martin
"Lady Luck" was smiling down on Manchester Speedway tonight, with hard rains all around, there was not a drop here. The track was in excellent condition, and the top five qualifiers were in the 18 second bracket. Last year the track record was in the 19's, and just three weeks ago was broken down to 18:78 Curt Kelly, the second one out to qualify tonight zoomed around the track at 18:49, setting a new record. Looks like a good year for breaking records. They are really moving, faster than ever.
In the Sportsman Modified class; Louie J. Stemen worked his way up to take the lead on the seventh lap of the first heat for the win over Dick Slade, Fred Saltenright, and Curt Kelly. The second heat was a see-saw battle between Butch Moull and Howard Woodman, with Jim Bissell sipping between them at the finish line. It was Moull, Bissell, Woodman, and Den Mastey. The caution flag was out in the third as Doug Harvey did a little bouncing on the front stretch, but stayed on all fours, and ended up in the mud against the front retainer wall. The winner was Rob Hoskins over Gary Rhoades, John Weinhardt, and Jim Slade. Jerry Evislizer came from the back to the front, in the fourth heat, to take the checker, followed by Gene Gilbert, Bob Clemons, and Ron Pittman.

The Pursuit was a wild one with four cars left in the fifth lap, three spun on the back stretch, hailing the red flag. After the restart, Louie J. stayed just ahead of Kelly for the win, Farmer Budwitt was third, Saltenright fourth.
In the Semi, Ron Pittman tried to join the cars on the parking ramp, by climbing the hill the hard way. After several caution flags, spin-outs, etc., Jim Stevens was first across the line followed closely by Paul Whitaker, Rhoades, Dick Beazley, and Floyd Dillon.
The 25 lap Feature saw almost as many yellow flags as it did green! Dick Slade had a good lead, but Kelly caught and passed him on lap 15 and held on to take the win over Louie J., Slade, Bissell, and Ray Barnard.
In the Stockers it was Skip Haskett's night again. He took up where he left off last week as he was fastest qualifier, won the heat race over Harold Burnham, Harold Heisler and Paul McNamara. The pursuit lasted exactly three laps as several cars spun, and Haskett came down the front stretch all alone for the win over Dale Moor, Burnham, and McNamara. The Feature was Haskett, followed by Bob Heitzel, Dale Brenner, and McNamara.
We have several cars signed up for our Destruction Derby Friday night, and many more expected. See you there!!!!

7 WEEK SUMMER RECREATION PROGRAM TO BEGIN MONDAY

The seven week summer recreation program for the Manchester youngsters will begin on Monday, June 22, with activities at both the Junior and Senior Playgrounds. This year's summer program will include such playground activities as volleyball, baseball, etc., swimming trips to Wampiers Lake with instruction, and field trips to such places as Bull's and a Tiger ball game.

Children who will be free by December 1, 1970 to those who have finished the third grade are invited to the Junior Playground, which will be held at the Kiger School this year. The hours will be from 9:30 a.m. to 11:30 a.m. Monday thru Friday. There will be no afternoon playground for this group. Mrs. Brian Schick will be the Junior Playground director with Nancy Davis, Susan Westfall, and Mary Commons assisting her. Mrs. Schick presently teaches third grade here in town. She will give instruction in arts and crafts, direct playground activities, and run a few field trips.

Jim Fielder will head activities at the Senior Playground and direct the entire program. Assisting Jim this summer will be Doug McLeod, who teaches science at Manchester's Middle School. Jim Fielder is a recent graduate of Eastern Michigan.

where he studied education. He has also been involved in coaching basketball and baseball the past three years. This past year Jim was in charge of a recreational program to provide activities for our high school age people. In addition to teaching "Games" at the Middle School, Doug McLeod also coaches, being involved in Jr. High Football and basketball for the past couple of years. Doug will assist Jim on the Senior Playground and help in the afternoon with the swimming program.

All children who have finished the fourth grade to those who will not be sixteen before August 1, 1970, will be welcome at the Senior Playground. Senior Playground activities will run from 9:30 a.m. to 11:30 a.m. Monday thru Friday and from 1:00 p.m. to 3:30 p.m. Tuesday and Thursday at the Athletic Field. Swimming trips will be made every Monday, Wednesday and Friday afternoons beginning June 24. For those who are interested in taking beginning swimming instruction, the bus will leave the Athletic Field at 12:30 p.m. Only those people taking beginning swimming instruction will be able to ride the 12:30 bus. The bus for the advanced swimmers will leave the field at 1:30 p.m.

A bus will make one round-trip a day to Pleasant Lake School to pick up those people interested in the swimming program. The pick up time is 12:10 p.m. and

the drop-off time is 3:40 p.m. The bus will pick up anyone along the route between Pleasant Lake and Manchester.

Children who are going into the third grade and those above are eligible for swimming. The Manchester Recreation Department will provide swimming instruction three days a week. Permit forms for swimming will be issued during the first day of playground. The forms must be signed by the parents of the children and returned to the supervisor, before the child will be able to ride the bus for the swimming program.

The Manchester Recreation Department is looking forward to another good summer. The success of our program depends on you as a parent and as a community cooperating together. If there is any additional information that you would like to have, please contact Jim Fielder at 428-4371.

Smoking Dogs Get Cancer

Twelve of 86 beagles that were taught to smoke cigarettes came down with lung cancer, it has been reported by two scientists who say it is the first time malignant tumors have been produced in large animals by exposing them to cigarette smoke.
The scientists are Dr. E.C. Hammond, associated with the American Cancer Society, and Dr. Oscar Auerbach a pathologist at a V.A. hospital in East Orange, New Jersey.
The scientists say their findings "effectively refute" claims by cigarette manufacturers that cigarette smoking and cancer have not been effectively linked by positive studies and evidence.
The Tobacco Institute, speaking for the tobacco industry, denied the work of the two scientists on dogs was a positive link applying to human beings, though expressing interest in the study.
But anyone who reads the report of the scientists and how their three-year test was conducted will be impressed. Each dog in the test was put to death at the end, and its lungs carefully examined and it was found that a very high percentage of dogs taught to smoke, and to like it, developed cancer while non-smoking dogs' lungs were found to be free of cancer.

WHAT DO YOU THINK OF YOUR TOWN?

by Carolyn Ahrens

"It takes a heap o' livin' in a house t' make it home," said the late Edgar A. Guest and to one area resident Manchester might be described as just that when she said "...it's a town you feel-not just see."

To Mrs. Ralph (Myrtle) Roulo of Lemm Road, Manchester has come to mean many things. She sees it through the enthusiasm of her children, the peaceful quiet of the countryside, a small squirrel watching curiously as she passes by and the friendships she and her family have found since moving to Manchester. Members of St. Mary's Church and Mrs. Roulo a member of the Altar Society, she has also become involved in the Iron Creek Extension Club. Members of the Roulo family include sons Bernard and Bradley and two daughters Gay and Joy.

To Mrs. Myrtle Roulo, Manchester means... I am so proud of our Manchester address I write it out in full very carefully on every letter I mail. I've never seen another town like Manchester... it's a town you feel-not just see. (The Kansas State song thrilled me when I was a grade school kid-things like that-and President Ike and knowing Glenn Cunningham-made me proud to be a jayhawk and to have been born in Elkhart, Kansas.)

I liked the towns okay where my childhood was spent such as Oklahoma, Texas and Arkansas before coming to Michigan after 12th grade but they didn't affect me as Manchester which I want for my hometown for the next 65 years. For several years I've liked the way it looks--each home has its own personal appearance. The river is a treasure. I like the stores so much better than a "shopping center", all glass and marble. It feels good to open a door that looks like a door not a section of the glass wall!

The "urban renewal" bug hit Wayne a few years ago and it has been a torn-up mess ever since. They removed large trees and big beautiful houses that were

people's homes and they had to go find whatever kind of apartment they could to live in. The whole south side of town looks like disaster.

About Manchester...schools, good; interested people, informed people; industrious; they see a need and fill it; they help people when they can; friendliness and genuineness and good cooks! I'm amazed at how many people volunteer for work projects. It makes working with them a pleasure. I really enjoy the Altar Society, the Extension Club and everything I've attended at school. In lots of places it's such a chore to get help on a committee that it's just an ordeal for the poor committee chairman. It's heart-warming to witness how Manchesterites care about each other.

The roots people have here-that's good. Besides being interesting it's a good foundation for your children. I agree with Mr. Earl Koebbe, home is the proper place to teach children about human relations in the natural environment--love each other according to God's plan and many problems will be avoided.

Moving school boys from one school to another can be tricky and upsetting so I was holding my breath. I "let it out" with great relief after two days of school when I could see the boys were really pleased with the schools, the kids and the teachers. Ralph and I certainly enjoyed the Sports Banquet. We saw what makes the boys want to win and Mr. Gulliver has a lot to do with it. Any boy has won a lot (the most) when he learns good sportsmanship.

And that fantastic Chicken Broil! We enjoyed that a few times before moving out here. I envied the people who were a part of it. Now we'll be privileged to help.

I look forward to getting the Manchester Enterprise out of my mailbox -- I read almost every word of it. I could go on and on listing privileges and advantages of Manchester including numerous interesting things for young people to do. Who could prefer the hot grey concrete of Detroit to these roads lined with wild flowers and animals or a chlorine pool at the Y rather than these lakes and rivers? There's horseback riding, trails for bikes, scenes to paint; ice skating in winter and plenty of places to dance.

The business section looks comfortable as it is but if enough people want a change it's okay I guess but the mention of it scares me. There's such a difference between improvement and progress.
