ON THE OUESTION OF PARENTS BUYING CLASSROOM BOOKS

Recently the question has been brought before the Michigan Legislature on whether the parents or the public school system is responsible for the purchase of classroom books.

A spokesman from the Manchester Public School System replied that as of yet the final decision has not been reached. "It's not legal yet but if it does go through it will apply to every public school in Michigan. However, we have not received official word yet."

As to whether or not this will apply to parochial schools since they may now apply for state aid is not yet known. Details of this decision will be published Superintendent's Office and/or the State. day during the Fair.

VOTING RIGHTS OF NON-PROPERTY OWNERS

by Carolyn Ahrens

Recently the U.S. Supreme Court reversed the voting rights of non-property owners concerning bonding issues. Previously non-property owners could not vote on bonding issues but in a 5-3 decision involving an Arizona case the Court said, "The difference between the interests of property owners and nonproperty owners are not sufficiently substantial to justify excluding the latter from the franchise."

Since many area people expressed concern over this decision and how it would affect Michigan residents, four questions were submitted to State Representative Roy Smith. He acknowledged the letter and felt that since State Rep. Thomas G. Sharpe represented Manchester via the 51st District his opinions would be of more value to the residents in this area.

State Rep. Thomas G. Sharpe sent the following answers:

 Q: Why should non-property owners be allowed to vote on bonding issues when property owners must be taxed and

A: I personally am very strongly opposed to permitting non-property owners to vote on bonding issues when only property owners are taxed to pay for them. However, the best we were able to do in drefting the Michigan Constitution was to limit voting to property owners on bonding issues of more than three years duration. It would take a twothirds vote of both houses of the Legislature to change this provision, and the votes simply are not there. The rationale for permitting non-property owners to vote is contained in the Supreme Court decision you quote in your article. I personally disagree with that rationale.

Q: What would the State of Michigan do to provide for or in what way would property owners be protected from overtaxation?

A: Limitations are placed on the total amount of millage that can be assessed in the Michigan Constitution. However, these limitations do not apply to debt retirement and are far too high to be meaningful. I am hopeful that the legislature in its brief August session will pass House Resolution WWW and place before the voters this November the question of limiting school operating millage to somewhere between 12 and 16 mills as com pared to a present state-wide average of about 26 mills.

Q: What do some of these other states who have non-restricted voting on bonding issues do to protect property owners

or provide a more fair-share tax base? A: In states that presently have nonrestricted voting on bonding issues, there Thursday, August 20 at 2:00 p.m., a are no safeguards other than the action of the legislature from year to year. Most states, however, now have income taxes and find this an easier form of tax to increase than the property tax.

Q: Would Michigan stipulate a special tax for non-property owners to carry more of the tax burden than they do through rent since most of these individuals have family members using the facilities provided for in bonding issues?

A: Michigan could not stipulate a special tax for non-property owners as such since the constitution requires any type of tax be levied equally upon those to whom it applies. In other words, we could tax property owners, we could put a tax on rents if enough members would support such a tax, or we could tax any number of specific items; but we could not place a special tax on non-property owners. I personally feel that the answer lies in greatly reducing our dependence upon the property tax and shifting the burden to the income tax concept.

MYSTERY MANCHESTER MAN BEING SOUGHT BY KNORPP FAMILY VISITOR

A chance meeting thousands of miles from Manchester shortly after WW II in Karisruhe. Germany has remained a mystery to the Knorpp family for many years. Now their cousin Marie Kleinert of Karlsruhe is visiting the area and hopefully the long-time mystery will be solved... who was the Manchester soldier Miss

Kleinert met so long ago. "After the war when the Americans came into Germany and whom we were gled to see because they were very good to us," Miss Kleinert recalls, "two fellows (American soldiers) were walking down the street speaking to everyone they came to. But there were some who were still frightened of any soldier," she explained,

"and because they could not understand their language no one understood what it

was they wanted. "They went from house to house until they came to mine. They asked if anyone could speak English and I said I did. They were pleased that someone finally understood them so we talked a few minutes and then one soldier asked if there was someone in the village who would give him a glass of milk. Well, gave him the milk and while he drank it I told him I had relatives in the United States. When I told him they were in Michigan he asked where and I said Manchester. 'Oh,' he said, 'I'm from Man-

"He knew my cousin Toss Knorpp was an insurance salesman and another member of the family was a teacher (meaning Linda Knorpp)," Miss Kleinert continued, "but he didn't live in town but somewhere nearby so he didn't know them personally. I never knew the soldier's name and for many years my family has wondered who the soldier was."

Now perhaps as a visitor to the community, Miss Kleinert will meet that soldier or at least speak to him once again. Should he recognize the incident Miss Kleinert described she and the Knorpps would appreciate it if he would call Miss Linda Knorpp at whose home Miss Kleinert is staying until September

THE MONEY SAVER AT UNDERWOODS

MANCHESTER SPEEDWAY RACING RESULTS

With nice warm racing weather and a large group of cars on hand, our annual "Kiddies Night" was a big success. The kid's brought Mom and Dad along too, and a good-sized crowd was in attendance. With more cars of each class coming in each week, the races are better and better. In the sportsman modified class to-

the fastest qualifier was Curt Kelly. The heat races were run quickly and with very little trouble. The first heat win going to Don Macey from Hillsdale, who was celebrating his birthday the right way. He was followed across the by Mary Carmen, Dick Slade and Kelly. Farmer Budwitt took the checker in the second heat over Ken McLaughlin, Gary and Jim Beissel. The third heat saw Roscoe Stetton

take the lead and hold on until the last ap when Bud Elting took over for the win. Stetton finished second, Robert Ringer from Canada, third and L. J. Bumpus, fourth. Leonard Hale came from near the back of the pack to the front in the fourth heat, for the win over, Rex Kreig, Tim Driscoll, and Jim Martin.

The pursuit was fast with only four cars left when they crossed the line for the third lap. Dick Slade was just barely ahead of Carmen at the finish, for first and second. Third and fourth places went Curt Kelly, who dropped out, and Gary

Nineteen cars started the Semi and it was wild for a while, with the yellow out for spins on laps 10 and again on lap 11. When they stretched out, Elting took the lead and held on for his second win of the evening. Following him single file across the line were Hale, Stetton, Martin, and John Weinhardt.

Mary Carmen took the lead in the Feature on the eighth lap and stretched out a half track ahead for the checkered lag. Dick Slade was running a good second when he blew an engine on the iest lap, but still finished fourth behind Sam Henson, second; and Macey 3rd. Jr.

In the stockers class, Bill Paxton was fastest and also took the first heat over Larry Hinkle, John Williams, and Ray

Shafer got revenge as he took command of the feature and built up a big lead which Paxton could not close. The checker went to Shafer, Paxton was second followed by Cress, Hinkle and

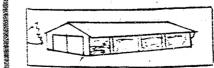

More of the sportsman drivers are building stockers, which should prove interesting to our regular fans. So come on out and watch for them.

August 14 will be our TRI-STATE Championship Trophy Races, when any newcomer can qualify for a trophy. See you at the races!

We also deeply appreciate the letters from the many, many friends who sent their best wishes. After bucking traffic, attempting to park, waiting at the checkouts, etc., it's a downright pleasure to shop in Manchester. And, on yes, did you eyer try to cash a twoparty check in Ann Arbor. Forget it. You can't. Ever paw thru 1,000 pairs of trousers in a large department store only to find they don't have your size? Try Walt Schaible. He will have them. Ever try to find a set of spark plugs in that same department store. Ten thousand spark plugs and not one for a Chevy 6. Try your local merchant. He'll have what need; and your car will run on them. These are a few reasons I appreciate a

Being able to "go swimming" is one of the greater pleasures of life to a child. I think it's a shame the kids of the area don't have a place to swim. God bless these corpsmen for their sacrifices to perform this great and needed service. We tax our people to death to pay architect fees, engineers, surveyors, etc., and get boggeddown in red tape and build a \$70,000.00 bridge across a 40-foot wide river. I have often wondered why there aren't more homes built in Manchester. Many individual homes and whole subdivisions have sprung up in surrounding towns. Why not here? What don't we have to attract residents? What do we have that repels them? Maybe some village official could answer this. This is one more thing I believe in.

If you want your school, community, village, township and county to function as you would have it, get involved! Maybe we have grown too complacent. We have been inclined to "let George do it." We don't realize George isn't doing it just as we would. Take a good look at your village, township, county and school authorities. You may think you know them but you might be surprised to see them in action. Do they decide the issues as you would have them? Or are the really important decisions made by a handful of persons bent on making a name for themselves under the guise of being interested in your welfare or your children's welfare or that of the community? In writing it seems that I have offered more criticism than praise. Let me say however, I do like Manchester. We should be thankful to be a part of this community and strive to keep it the kind of place we would like our en to inherit.

RED CROSS SHOPS EARLY

Christmas is coming early to the Washtenaw Chapter of the American Red Cross - in the form of filling "ditty bags" for our soldiers in Vietnam.

The bags are already sewn and need only to be filled by donations from our town people. Two years ago we were asked to fill 45 bags and we had to sew them. The quota then was 975 bags to be filled. This year the quota is only 250 bags to be filled, and we are asked to fill only 20! Last year we contributed nothing. The deadline is Sept. 15 so we don't have much time.

Some of the boys receiving these small items at Christmas may be all the Christmas remembrance they will receive. This year the bags will contain only 8 items instead of 10. Some of the items may be gift wrapped if anyone wished to. The items needed are ballpoint pens, pensized flashlights with batteries, small pen knives, windproof-type cigarette lighters with accompanying package of lighter flints, plastic soap case, small package of writing paper with self-seal envelopes, small address book, plastic toothbrush holder, terry cloth washcloth (other than white or red), nail clipper, plastic cigarette case, comb, mailing-size voice tapes (reels of 3" tapes - 150" length), small tins of nuts or nonmelting candies vacuum packed, small plastic snapshot holders, small kitchen size and sandwichtype plastic bags (minimum of 3 - not wax paper type), "wipe and shine" packet black shoe polish, pocket games (small enough to put in pocket or plastic bag, i. e., small decks of playing cards, chess, pinochle, etc.), pocket or diarytype calendars, "wash & dries" premoistened towelettes, adhesive bandages approximately 1" x 3", "C" batteries (long-life type) for transistor radios, white cotton socks, soap holders (suction type) and stainless steel mirrors.

I'm sure our community will help all they can on this small project, which will bring a little bit of Christmas to some of our soldiers and let them know we haven't forgotten them. For further information please contact Mrs. Ben Creason, 714 Granger St., 428-8136 or Mrs. Franklin Reck, 428-4491.
