

CORNER COACHES

Last Friday's 36-0 win over Addison was delayed 15 minutes due to a flat tire on the team bus. Our bus was broken down in the last mile and after several hurried calls it was apparent that a long wait was due. But an Onsted coach came along and called his school, which hurried to our rescue with a bus and took us to Addison. Thank you Onsted High School.

Phil Nickerson gained 101 yards rushing 20 yards passing and did not score a T.D. Dave Bucholtz's hero accounted for 34 of our 36 points.

This week the Dutch take on the Onsted Wildcats at Onsted. The Wildcats are 0-1-1 for the season with a 12-12 tie last week against Grass Lake and losing 35-0 against Columbia Central in its opening game.

BOOSTERS DRIVE IS ON

The Manchester Athletic Boosters Club, with its Pres. Keith Reed, Vice Pres. Ron Panches, and Sec.-Treas. Chuck Steele, along with its members would like to make this club number one in the area.

The only way to do that is to have lots of members and workers. "We, Boosters can make a lot of big towns look at us." For one of the finest athletic programs around anyone who wants to join this club can buy their membership card at Keith's Barber Shop.

Keith said he would like to have his place the busiest place in town. Just to take on new members for the Boosters. A list of some of the things the Boosters have done will be in next week's paper. Wouldn't you like to be on this team. Join tomorrow! We want to be No. 1.

LEFTY'S LONG LYRICAL LOOK AT SPORTS

BUCHOLTZ STARS IN DUTCHMEN VICTORY 36-0

Dave Bucholtz, one of the most talented Dutchmen shows Addison how it is done. Bucholtz ran for three T.D.s on runs of 13, 10, and 25 yards and also completed two 5 yard passes to Dave Topping and Mark Roberts for touchdowns. Dave also ran for a pair of conversions. Dave certainly was the star of the game.

The Dutchmen had a total of 312 yds. and 15 first downs. Mark Roberts also intercepted two passes. Phil Nickerson ran for 117 yards for the Dutch. Mark Lentz scored on one conversion. The Dutch defense held Addison to 39 yards all on the ground and two first downs both by way of penalties.

The Dutch defense has not allowed a point in two games that surely deserves a little mention. Keep up the good work Dutch!

Coaches pick of the week - Mark Roberts.

The Dutch will go to Onsted this Friday, with one thing in mind "VICTORY!" If you can't make it to the game, see us report every week.

Tim Spiess is Lineman of the Week.

Dave Bucholtz is Back of the Week.

TIRB CHEVROLET CO.
MANCHESTER, MICHIGAN

COUNCIL MINUTES September 8, 1970

Council met in regular session with the meeting called to order by Pres. Little at 7:15. An invocation was given by Rev. Reineck. Trustees present were Scully, Reinhart, Curley, Fitzgerald and Mahony; absent Watson. The minutes of the Aug. 17, 1970 meeting were read. Fitzgerald moved and Curley seconded that the minutes be approved as read. All yeas, carried.

Police Chief Beards gave his monthly report. A motion was entered by Curley and seconded by Reinhart to accept the report. All yeas, carried. The four-way flashing red light again was discussed. Fire Chief Kersler asked that consideration of the light be dropped for the present time.

Mahony informed the council that the June statements had been delayed because of incorrect data given the computer.

Reinhart told the council that the DPW is waiting to put OP-1 down until the drive is over. The road had to be moved over about 6' in conjunction with the Duncan St. bridge. Duncan and Division are ready for blacktop and curb and gutter as soon as the strike is over. The fence was to be removed on the north property between the county and village so the gravel can be removed soon. The new pump for the treatment plant is here and is to be put in this week. There has been a request for 2 larger lights in the alley by Rumlars and Morgan Kern's. The cost of new street lights was questioned. Reinhart will find out actual cost. The new county landfill inspector wants a new layout. The lift station is all back together. Reinhart was delegated to work out a program to rewire lift station so it works in sequence as is supposed to. The new truck is here. Two purchase orders must be made out to TIRB Chevrolet. Bell Telephone has a new proposal to work on the East side of the street rather than the west side. This was to be approved subject to the conditions that no trees be removed and that sidewalks be replaced. Reinhart moved and Curley seconded that the council give their approval to this proposal. All yeas, carried. Mahony moved and Scully seconded that Reinhart's report be accepted. All yeas, carried.

Fitzgerald reported on permits issued. Chester Kocinski, Bob Lowery, contractor, remodel porch area \$250.00; Robert Page, Bridgewater Lumber Co. 24 x 24 garage \$2,476.00; Richard Knouese, Bridgewater Lumber Co. removal house; \$10,000. Electrical permits: Manchester Plastics L. V. Kirk; Bell Telephone L. V. Kirk; Amanda Schauble; Richard Burke, electrician; Mrs. Anna Thomsly.

There was a discussion about the Gulf Oil Co. lease being at our attorney's office. It was felt that the original should be filed with the village and a copy of it with our attorney. There was no information from our attorney in regard to McPherson Oil Co. It was suggested that Dave Little contact our attorney again to have McPherson either repair or tear down the tanks. They must comply with the ordinance. A permit form and check were received from Turner Electric for work done on the school. The check was to be returned via Supt. Swartz. Curley moved and Scully seconded that Fitzgerald's report be accepted. All yeas, carried.

Curley reported on the suggested program for ball diamond development. 1. On the map from Mr. Klager for the new ball diamond it is indicated that a 40' strip south of the road would be required from Ed Kirk to make the size regulation. It was proposed that the property be leased with first option to buy if the plot was sold. Kirk is willing to lease it for \$1 a year. 2. The group proposed to trade a lot on Clinton with a lot on Adrian - number 66 for number 1. 3. Chicken Broil will pick up the legal fees. 4. The village must take steps to close the street.

Mahony moved and Fitzgerald seconded that the council approve the projected plan. All yeas carried. Curley resolved that we vacate the 33' roadway southerly and adjacent to the village property between Clinton and Adrian Streets known as the Old Plat bordering lots 11, 12, 1 & 2, the north boundary of said roadway being 396' southerly of Duncan Street.

The resolution was supported by Reinhart. All yeas, carried. Objections to such proposed action of the council will be heard on Oct. 19, 1970 at 8:00 p.m. after having been filed with the clerk in writing previous to that time.

Dave Little reported that Lefty Ross inquired about the availability of funds from the recreation fund for a hockey rink on the tennis courts. Ted Curley was to approach the recreation department.

Dave Little suggested that a great amount of funding is available from the

Federal Government on DPW projects. For future budgets this should be considered. A letter was read from Richard C. Masten about the improvement of M-52.

A letter was read from the Manchester Jaycee Auxiliary concerning the council's approval of their proposed "Helping Hands Project." Scully moved and Reinhart seconded that the council extend its approval to this project. All yeas, carried.

Mahony reported that Mr. Krauss and Mr. Fisher on the day after the fireworks brought in fireworks that had come down in their yards. It was felt that there should be a certain amount of area designated in separating the place of detonation from homes. It was moved by Scully and supported by Mahony that Dave Little write a letter to the Fair Board advising them of the situation. All yeas, carried.

A list of vouchers was presented for payment. Mahony moved and Scully supported the motion that vouchers 1200-1260 be paid, voiding 1257 and returning the invoice to Roesch and Delhey. All yeas, carried.

102nd Year No. 51

October 8, 1970

MR. LEESON RESIGNED SCHOOL BOARD POST

Laurin F. Leeson, a member of the Manchester Board of Education for twenty-three years, resigned from that body on September 21, 1970 to accept a position on the high school faculty in the Industrial Arts Department. No stranger to the teaching profession, Mr. Leeson taught one year in North Carolina and spent eleven years in the Dearborn Public Schools. Prior to his acceptance of the teaching position Mr. Leeson was in charge of the drafting department at Double A Products in Manchester.

During Mr. Leeson's tenure on the Manchester Board of Education he served three years as treasurer and twenty years as secretary of the Board of Education. In that period of time Mr. Leeson attended 596 regular and special meetings and recorded the minutes the 528 meetings. His carefully recorded minutes of the many board meetings are a work of art and the Manchester Public Schools can well be proud of this man's outstanding work and dedication. While the Board of Education was most reluctant to accept Mr. Leeson's resignation, they were extremely happy that his services and dedication would not be lost to the school district.

In the twenty-three years that Mr. Leeson served on the Board of Education he was involved in a district consolidation, and the following building programs: The original Nellie Ackerson Elementary Building; the Nellie Ackerson Addition, the original High School; the high school addition, the special education addition to the Pleasant Lake Building, the Luther C. Klager Elementary Building and the Middle School Remodeling Project.

Mr. Leeson's last official act with the Board of Education was to sign the bonds on the Intermediate Building Remodeling Project. The Board of Education appointed Mr. Carl Pedersen, Board Trustee, to the position of Secretary. At a later date the board will appoint a school district resident to the vacancy that now exists on the Board of Education.

UNITED FUND DRIVE IN FULL SWING

Eighty volunteers for the 1970 United Community Fund and Red Cross Drive met at the Methodist Fellowship Hall for the official Kick-Off Wednesday night. Ted Stautz, campaign chairman, for the \$16,222 fund welcomed the campaign personnel and guests. "Helping is Happiness", the chairman pointed out, when the essential health, leisure time, character building, family and children's services are used by the people who live in the Manchester area as well as our share of the national emergencies and research.

The Reverend Father Raymond Schlinkert gave the inspiring keynote message for the drive. The main portion of the evening was spent in going over the kit material with each solicitor and hearing the reports of the Divisions already in progress.

The honor roll of volunteers this week includes Mrs. Erwin Huber whose name was missing from the Business Division team last week and the Rural and Village household solicitors.

Mrs. Lynn Voegeding announces her rural teams by the township in which they work: Manchester Township - Mrs. Ambrose Lentz, captain, Mrs. Otto Kulenkamp, Mrs. Clark Norgaard, Mrs. William Walkowe, Mrs. William Brady, Mrs. Harold Sutton, Mrs. Lynn Carpenter, Mrs. Grant Smith, Mrs. Erwin Paul and Mrs. Russell Braun.

Sharon Township - Mrs. Norman Bucholtz, captain, Mrs. Earl Daisher, Mrs. Michael Rosettie, Mrs. David Hocht, Mrs. Floyd Proctor, Mrs. Gerald Jacob, Mrs. Larry Kouba, Mrs. Ruth Sord and Mrs. Glen Feldkamp.

Freedom Township - Mrs. Robert

LANDMARK WILL SOON BE GONE

by Carolyn Ahrens

"The old landmark hill on Ann Arbor Hill will soon be gone," District Foreman of Manchester Yard 4 George Goodell said upon final plans to use the gravel in the hill that once supported the old Manchester Village water tower. "Within an estimated five years we will very probably have drawn 40,000 to 60,000 yards of gravel from that hill depending on how we use it and the needs of the county per year."

Goodell went on to explain that the decision to use the gravel was made recently in an agreement between the Village of Manchester and the Washtenaw County Road Commission who is paying for the digging, processing and piling of gravel.

Team B - Mrs. James Kenster, captain, Mrs. Claude Gage, Mrs. Gale Koebbe, Mrs. Paul Kemmer, Mrs. Paul Wilde and Mrs. George Wacker.

Team C - Mrs. Lauren Huber, captain, Mrs. Keith Reed, Mrs. Jerry Waters, Mrs. Carol Fransted, Mrs. Robert Padley and Mrs. Louise Huber.

Team D - Mrs. Duane Beuerle, captain, Mrs. Richard Rigney, Mrs. Cecil Arnold and Mrs. John Bunnay, Mrs. Cecil Arnold and Mrs. Everett Stockwell.

Team E - Mrs. Millard Uphaus, captain, Mrs. Duffield Ball, Miss Margaret Schneider, Mrs. John Schaible, Mrs. Lawrence Sullivan, Mrs. Charles Hough and Mrs. Duane Roller.

RESPONSE POOR ON HELPING HANDS PROJECT

The response to the Helping Hands Project of the Manchester Jaycee Auxiliary has been poor for all the support the group felt they had before beginning the project. They need more volunteer homes!!!!

The applications to become a Helping Hands holder will now be sent home with the school children in a final attempt to get more volunteers. The Pleasant Lake area is also included and volunteers are needed here also.

There is not much responsibility involved. The rules are listed below. Fill out a form today and return it to the school and help the children in your neighborhood.

1. Do not administer first aid
2. Do not give food or beverage (child may be allergic or diabetic).
3. Do not transport the child in your car.
4. Call the police immediately in any case, no matter how minor, involving a crime of an adult against a child or a malicious act of one child against another.
5. If you suspect the presence of a molester, call the police immediately.
6. When calling the police, be sure to write down the name and rank of the officer to whom you have spoken. Include time and date.
7. Post cards with an informational form on the back will be left in the home to be filled in and mailed to us whenever the hand is used.

8. HELPING HAND signs are not to be transferred to another person or another home. When and if you no longer wish to participate in the program, contact one of the numbers listed below. We have recommended replacement homes.

9. You are not expected to break up fights or give medical attention, etc., only to bring the situation to the attention of the proper authorities and the parents.

10. Children are not to use volunteer homes merely as toilet facilities.

11. When a HELPING HAND Parent is going to be out of their home for a short period of time or on vacation the sign should be removed from the window until their return.

RESEARCH BROUGHT ABOUT ADDITIONAL INFORMATION ABOUT THE ORIGINAL WATER TOWER.

Clayton Parr recalls that "the summer I graduated from high school they were digging trenches for the water pipes." Mr. Parr graduated in 1909 and Frank Lowery said that the work was not completed until 1912. The tower was built by John J. Crowley Boiler Works from Jackson, the old metal pipe states. George Champe was the Civil Engineer and L. R. Hatch, Superintendent. Village Council members were Lewis Lohier, village president, W. J. Hoffer, Clerk, Charles E. Seckinger, Treasurer and Trustees Howard Clark, B. C. Tracy, Henry L. Renau, W. A. Klopfenstein, Henry Landwehr and Lewis Koebler. Mr. Parr remembers several area boys who got jobs digging the ditches with shovels for 15 cents per hour "and they were in clover on payday." Leroy Marx recalls the bond issue to pay for the tower was voted on in 1912.

But the old water tower out-lived its usefulness and in 1939 the present 300,000 water tower was completed. Now, as a stately gentleman pointed out, "We can put the hill to good use for the people in Manchester Township."

WHO, WHAT, WHEN, WHERE & WHY

No World War III?

Robert Bendiner, writing in the New York Times Sunday magazine, raises an intriguing hope in suggesting that today's nuclear balance of terror has impressed itself as so terrible, on leaders of both sides of the Iron Curtain, that a third World War has been avoided largely because of its existence.

Bendiner notes there have been many international crises which could have produced another world war since 1945. Among them, he lists the Berlin airlift, the British-French invasion of Egypt, the Korean War, the Cuban crisis, the Vietnam war and others.

The theory is that leaders in both Washington and Moscow well realize what war under modern conditions, with nuclear weapons, means. Because it has offered such a shattering, devastating prospect strenuous efforts have been made to avoid it. And it has been avoided, at least for twenty-five years, even though lesser or conventional wars have occurred at various times and places.

The theory is an interesting one and warrants attention. If indeed existence of a balance of terror has been the main reason we have avoided another world arms confrontation it would seem to indicate that so long as there is something of a balance in the destructive potential between east and west chances will be good no leader will plunge the world into all-out war.

It should be remembered, in this connection, that the United States held a large edge in nuclear destructive potential for most of these twenty-five years and that something akin to a balance was probably achieved by Russia only in recent years. It is not certain what the outcome would have been, in some of the many crises of the past quarter century, had the Russian nuclear destructive potential been far greater than our own.

THE EAGLE... NOT THE OYSTER

When God made the oyster He guaranteed him absolute economic and social security. He built the oyster a house, a shell to protect him from his enemies. When hungry, the oyster simply opens his shell and food rushes in for him.

But when God made the eagle He said, "The blue sky is the limit. Build your own house." So the eagle built on the highest mountain crag where storms threaten every day. For food, he flies through miles of rain and snow and wind. The eagle, not the oyster, is the emblem of America.

American Citizen Magazine
FARM BUREAU TO MEET
Rogers Corners Farm Bureau will meet Friday, Oct. 9 at 8:30 p.m. at the home of Mr. & Mrs. Alfred Kuhl, 3400 Fletcher Road, Chelsea.

Cambodia

The irony of the crisis in Cambodia today is that the United States currently finds its hands tied because of public relations blunders and over-commitments in South Vietnam which have shell-shocked Congress and the public concerning U.S. Asian policy.

The obvious truth is that the same war is being waged in all. And the President should be free, so long as he continues to deescalate the war by reducing the number of U.S. combat troops in the area, to use small contingents in any of the three countries as circumstances require. This authority should come from Congress, though there seems little likelihood such authority will be given.

The result is likely to be indirect aid efforts, concealed aid efforts, which may not be enough to save either country from the communists. But that is what the majority of American voters, as represented in Congress, apparently want. That is what they are likely to get.

AGE LOWERED FOR JAYCEE SCHOLARSHIP

Due to lack of interest and applications for the "Adult Scholarship" the Manchester Jaycee Auxiliary Scholarship Committee has decided to withdraw the age limit on the scholarship in the hopes of finding a recipient.

Any high school graduate who is in need of extra college money due to rising costs of dorms, books, etc. please pick up an application at the Enterprise office or one will be mailed to you on request. Deadline for applying is October 30.

LEGION AUXILIARY NEWS

The regular meeting of the Legion Auxiliary Unit 117 was held on Sept. 9 with 16 members and one guest present. Installation of officers was held and the new officers assumed their new duties.

The next regular meeting will be held on Oct. 14 at 8:00 p.m. at the Legion Hall.

Refreshment Committee for Oct. are Fern Sutton, Gerri Huber, Gladys Fohler.

BIRTH ANNOUNCEMENTS

Mr. and Mrs. Thomas Burch of Sheridan Road are the proud parents of a baby daughter, born Oct. 3. Miss Cathy Anne Burch weighed 7 pounds, 7 ozs.

Mr. and Mrs. Jack Lockridge of Sharon Hollow Road welcome a daughter, Kimberly Elizabeth, born October 1 at 8 lbs. 3 ozs.

STUDY GROUP MET

The Iron Creek Study Group met Oct. 1 with Mrs. Loren Troiz for a dessert luncheon with twelve members and two visitors present.

SCUTTLIBUTT

Mrs. George J. Volker passed away suddenly last Sunday evening, Oct. 4 at St. Joseph Mercy Hospital. Mrs. Volker, the mother of Mrs. James Scott of Pleasant Lake, was 84 years old.

Dorothy Grothe, the daughter of Mr. and Mrs. Walter Grothe of Lima Center Road, Manchester was injured in an accident at the Onsted-Manchester football game last Friday night at Onsted. Mrs. Grothe said that her daughter suffered no permanent ill effects and has returned to school.

OUTSTANDING CITIZEN FOR SEPTEMBER

Bernard Roulo, son of Mr. & Mrs. Ralph Roulo of 19175 Lemm Road, and a senior at Manchester High School is the Manchester Optimist Club's Outstanding Citizen for the month of September.

Bernard enrolled in our high school as a junior last year. In October he worked on the class float and in the winter he went out for wrestling and became recognized as a fine person and as a potentially good wrestler. He quickly won the admiration of his team mates and the fans for the progress he made in wrestling. This year Bernard will be one of the captains of the wrestling team.

After the wrestling season Bernard turned to "cheerleading." He took the part of a cheerleader in the junior play, "Cheaper by the Dozen."

Bernard is on the Varsity Football team, and it looks like he will make a contribution to the team's success.

Academically, Bernard is carrying a "B" average and is planning on taking a five year apprenticeship in electricity to earn a journeyman's license.

Playing hockey and camping are his favorite past times.

**GOODMAN PLEAS VOWS
SPOKEN SATURDAY**

Mr. and Mrs. Thomas W. Goodman left Saturday evening for a trip to the East following their wedding which was performed by Rev. Roman Reinick in Bethel United Church of Christ.

The bride is the former Shirley L. Pfau, daughter of Mrs. Edna W. Pfau of Manchester. The bridegroom is the son of Mr. and Mrs. Walter Goodman of Plymouth.

Honor attendants were Mrs. Richard Stribley of Ann Arbor and Gerald Goodman, the bridegroom's brother.

Bridesmaids included Mrs. Richard Groves of Manchester and the Misses Roseyn and Jean Pfau, sister of the bride.

Ushers were William Pfau, a brother of the bride; Mr. Stribley and Mr. Graves.

Ann Marie Goodman, the bridegroom's daughter, attended as flower girl.

The wedding reception was held at the VFW Hall in Ann Arbor.

4-H NEWS

The Jolly Farmerettes 4-H Club held their organizational meeting Oct. 5 with 46 members, 5 leaders and 9 visitors present. The major business was election of officers. They were elected as follows: Senior Officers - Margaret Kemmer, Pres.; Jean Feldkamp, Vice-Pres.; Elizabeth McAster, Secretary; Valoria Vogel, Treasurer; Sue Vogel, Reporter; Beth Merriman, Song Leader; Lois Kemmer, Recreation Leader; Junior Officers - Marilyn Uphaus, Pres.; JoAnne Bruscia, Vice-Pres.; Nickie Lantz, Secretary; Karen Merriman, Treasurer; Kridie Kuntz, Reporter; Jill Bruscia, Song Leader and Cathy Nelhaus, Recreation Leader.

Other important business included setting the meeting dates on the first Monday of every month, discussion on dues and the coming Halloween Party.

WHO KNOWS?

1. What was Memorial Day first observed?

Making Life Better

I'm a customer service representative

Wendy Wheeler
850 Sawden Road

I take orders from you. When you call Consumers Power to apply for service to your new home, I'll be taking your application and asking you questions about the type of service you will need and when you will need it. In our department, we also keep tabs on the progress of your application as it goes through our engineering and construction departments. Any time you want to know where your job stands, I will be able to give you the answer. Whenever you have any questions about your service stop at our nearest office or give us a call. We'll do our best to be a you.

If you have any questions, call us.

WOODS & WATER

created by Lucky DeVant

I can almost smell the wonderful aroma of wild game cooking. Whether you fix it on an open camp fire or it is prepared in your home there is nothing more delicious than wild game if it is fixed properly. It can be prepared much like regular meat in a great variety of ways, broiled, baked, fried, boiled, roasted, etc. Venison marinated in wine is marvelous. Following is an excellent recipe for "Barbecued Duck."

Cut the whole breasts, bone in, from the birds, with or without the skin on, as you prefer. Broil the breast about 10 minutes or until brown. Now sprinkle them generously with salt and paprika. While these are browning, prepare a barbecue sauce by mixing 1/8 cup of water, 2 teaspoons of prepared mustard, 1 teaspoon of tomato catsup, 1 teaspoon of Worcestershire sauce, and 1 tablespoon of butter. Multiply these amounts by the number of birds to be cooked. Let the mixture warm slowly, not over direct heat, so the butter melts and mingles gently with the other ingredients.

Continue broiling for another 10 minutes, more if you prefer your meat well browned, and every couple of minutes baste with the sauce. A total of 20 minutes under the broiler (a little less for small ducks) produces meat that is medium-to-rare and juicy, but cooked through. Spoon or all of the sauce, spreading it evenly over the meat, when you place the duck on a pre-warmed platter, scrape the sauce drippings from the pan and pour them over the meat. This same recipe works equally as well on geese.

Next week we will have recipes on preparing venison. A quote from the Gun Owners Creed - "I will work to preserve from waste the wildlife and other natural resources of our country and for their wise use and enjoyment by all Americans."

The "Dutch" tied for 10th in State!

Here is their Powerful Dutch Defense getting their signal set up.

DUTCHMEN BOMB ONSTED 56-0

The Dutch just kept on rolling along who will be next? The Onsted game was no test for the Powerful Dutch offense or defense.

The defense played another one of its fine games. They are like the Rock of Gibraltar. They have not let an opponent cross their goal line yet. Not even a field goal try. That is some defense!

The Dutchmen scored at will. Don Tapping went 45 yards and ten yards for two touchdowns and both of them were nice runs. Mark Roberts bailed in one of Dave Buchholz passes for a 17 yard T.D. Phil Wickerson intercepted an Onsted pass and went 66 yards for a T. D. Dave Buchholz then threw a 57 yard pass to Brad Widmayer who made a beautiful catch and went for a T.D. John Widmayer went over from the one yard line for his touchdown. Buchholz ran 25 yards for another T.D. It was a great night for the Dutch.

Great Lake will be here Friday night to try and stop the Flying Dutchmen. Let's all get out and give the Dutch a big welcome home. They deserve it!

IMPROVEMENTS OF STORES DEFINITE ASSET TO THE COMMUNITY

by Carolyn Ahrens

Some improvements are obvious, some not so noticeable but all are a definite asset to Main Street in the Manchester Chamber of Commerce sponsored project to restore the village store fronts in a central decorating theme. With color recommendations from the Sherwin-Williams Paint Co. and suggestions by HUD representative W. Lockwood Martling a registered architect, the Chamber of Commerce adopted the "Turn of the Century" theme because, as Mr. Martling pointed out, Manchester has the most beautiful, unspoiled buildings of any town he has been in.

An idea only last spring but one which developed over the summer, a very noticeable improvement is the newly painted mill which is vertically completed. President of the Chamber of Commerce Harry Krauss pointed out that Bud England painted all the renovated buildings and did some work on the high parts of the buildings owned by Don Limpert.

"We've all worked hard to restore the store fronts," Mr. Krauss said, "and the results prove it. There are other major improvements to be made but the merchants are enthusiastic and by working together we hope to complete the project within a reasonable length of time."

Another recent project sponsored by the Chamber of Commerce was the planting of over thirty trees along the river bank. Mr. Krauss pointed out that the Boy Scouts did the actual work and area residents might especially enjoy those that were planted along the river bank by the IGA parking lot.

One major event sponsored by the Chamber is the Annual Boat and Canoe Race. The first race was held in 1967 and was sponsored by the Centennial Committee. The following year the Chamber picked it up and since the first race has doubled the number of contestants to 66 entries last May.

The most recent project under organization is an official Chamber of Commerce Information Center. Vice-President of the Chamber, Mrs. Donna Gill is in charge of this project which will eventually provide camp-site location information, golf courses, points of interest in the general area including the Irish Hills, maps of Washnaw, Lenawee and surrounding counties, a list of area real estate offices, area church and club information and generally as much information about Manchester as we can get." Mrs. Gill stressed. The center will be located at Gambles because it's centrally located, Mr. Krauss said.

The Chamber of Commerce, which is becoming more actively involved in the community as well as Main Street projects, is open for membership and President Krauss pointed out that any businessman, those in a profession, a contractor or self-employed tradesman, or anyone in business is eligible to join the Chamber of Commerce and that most emphatically includes those other than just our Main Street businesses.

The Chamber meets the second Thursday of every month for a luncheon-business meeting at one of the three village church halls at 12:30 p.m. Officers include Mr. Krauss and Mrs. Gill as well as Don Limpert, Secretary, Buff Brown, Treasurer and Board members Harry Macomber and Dick Knouse. For anyone interested in joining or learning more about the Chamber, they are invited to call Mr. Krauss or any of the Chamber members.

"The Chamber of Commerce can be one of the most important organizations in a community," Mr. Krauss said, "and we hope to make the Manchester Chamber of Commerce a definite asset to the entire community."

The Manchester Chamber of Commerce wishes to thank the following merchants and store owners for contributing to the betterment of Manchester and improving the looks of Main Street by painting and putting up new signs to fit in with the Turn of the Century Motif. The Chamber hopes next year will see more done to improve our community.

NEW BOARD OF EDUCATION MEMBER IS DONALD WALTER

Mr. Donald Walter, local business man and a life-long resident of the Manchester School District, was appointed by the Manchester Board of Education to fill the vacancy created by the resignation of Mr. Laurin F. Leeson.

Mr. Walter and his wife Mary reside at 19991 Boetger Road and are the parents of seven children. Don is a member of the St. Mary's Catholic Church and the Knights of Columbus. In addition to his church affiliation, Mr. Walter is active in the local American Legion Post having held numerous elective positions in that organization over the last twenty years.

Mr. Walter has shown a long and continued interest in the Manchester School System, and has faithfully attended the informational meetings held by the school system. He is especially interested in vocational and technical opportunities for young people and feels that school districts should provide as many of these offerings as they possibly can.

Mr. Walter has been a member of the Manchester Golf League since its beginning and indicates that his current hobby is golf.

NEXT WEEK IS HELPING HANDS WEEK, OCT. 19-23

The week of October 19-23 has been proclaimed Helping Hands Week. The Jaycee Auxiliary will be going to the schools and presenting the project to the children. They will go into each classroom and explain what Helping Hands is all about. The kindergarten through the third grade will be coloring hands and taking them home. The fourth grade will be cutting out hands and the fifth and sixth grades will be pasting the blue hands on the white background.

The Manchester Jaycees held their River Clean-Up on Sunday, Oct. 11 with 26 members participating along with some good hard workers from the High School. With all the talk about kids and happenings these days, these guys showed up and did one tremendous job. They were Mike Brady, Dave Roberts, Chuck and Larry Benedict, Tom Huber, Rick Burch, Mark Chapin, Don Barber and Harry Krauss. A special thanks from the Jaycees goes to K & W, Bill Schaffer, Tom Marshall Ford and E. G. Mann & Sons for the use of their equipment.

UNITED CAMPAIGN NEWS

The Union Savings Bank support for the United Community Fund and Red Cross Drive was evidenced in their sponsoring of the Kick-Off Dinner last week. Ted Stautz, campaign chairman, expressed the feeling of all volunteers who attended when he announced the Bank as host and thanked them for furnishing the one event which gives impetus to the annual fund raising drive for 52 different charities near and far -- from the Manchester Area playground to the USO in the farthest corners of the world.

Reports will be coming in from the Businessmen's, School and Industrial Divisions this week. There may even be reports from the House-to-House Divisions as many solicitors were on their "beats" immediately after the Kick-Off.

The thermometer in the Union Savings Bank window will reflect the results of these efforts. As Father Schlinkert remarked in his message to the volunteers, "the time to give to charity never comes easy." It is the solicitor who must point out the need and explain the breadth of the Drive to the public. For this reason a copy of the budget is being left at every house this year. Not many people are inclined to say I'll give a specific amount to each of the 52 agencies on the list. They are more apt to say, I'll really help this or that group with a worthwhile gift at this time -- this is the time for giving or pledging. A neighbor will undoubtedly be as deeply interested in another group or agency. This is why the list is so carefully gone over by a local budget committee, which evaluates the good each agency does for this area.

The true spirit of this annual drive is "Helping is Happiness."

RESOLUTION ADOPTED BY BOARD OF EDUCATION

Resolution adopted by the Manchester Board of Education at its regular meeting October 12, 1970.

Whereas, the Manchester Board of Education being cognizant of the many contributions made by former board member Laurin F. Leeson; and

Whereas, Laurin F. Leeson has served the Manchester Public Schools diligently, conscientiously, and with great dedication for a period of twenty-three years; and

Whereas, in that period of time Laurin F. Leeson has, by his active and regular involvement, contributed substantially to the physical and educational growth of the Manchester area; and

Whereas, the Manchester Board of Education would like to acknowledge that contribution on behalf of a grateful community with a tribute of high esteem and great respect.

Therefore, let it be resolved, that the Manchester Board of Education does hereby express gratitude to Laurin F. Leeson for a job superbly done and bestowed upon him the honorary title of Secretary Emeritus of the Manchester Board of Education.

Dated this 12th day of October, 1970.

FIRE REPORT

Lightning was the cause of a fire at 520 Parr Road last Friday night, Manchester Fire Chief Jim Kensler said, when it hit the electrical system at the old Bauer house, now part of Sutton Apartments. The two apartments in the building suffered minor damage, Kensler said, although it could have been more serious had no one been home at the time or the call had not come in soon enough.

A second fire on Sunday afternoon brought wide-spread interest due to the heavy billowing smoke. Fire Chief Kensler reported that it was a "practice fire" at the request of Charles Carlton, Sr. of 530 Adrian Street who wanted several old buildings destroyed. Burned was a house, barn and tool shed.
