WHAT MANCHESTER MEANS

by Carolyn Ahrens

Max Shinabery, a native of the Hillsdale County area of Waldron and Hudson believes, "Things don't happen - people make them happen" and, he added, putting this to practice will be most important for the future of Manchester.

A graduate of Waldron High School, Mr. Shinabery, his wife, Jan and daughters Terry Ann and Shawn Michelle moved to Manchester two years ago. Mr. Shinabery was an Insurance Agent for the Farm Bureau Insurance Group for 3 1/2 years prior to becoming the Agency Manager for the Ann Arbor Office.

The Shinaberis live on Sharon Valley Rd. and Mr. Shinabery is associated with the Jaycees, the National Association of Life Underwriters, Masonic Lodge in Waldron and was previously on the Hillsdale County Republican Executive Board.

To Max Shinabery, Manchester means:

Almost two years ago I was asked to move to the Ann Arbor office as Agency Manager. So, after deciding to make this move Jan and I began the task of finding an area we thought would be conducive to raising our children. Almost immediately we ruled out Ann Arbor and Ypsilanti, as we both have small town backgrounds. This left only about three or four towns. It appeared that Manchester and Saline were our first and second choices. We were lucky enough to find a suitable home in the Manchester area.

Now, although there are probably some changes we would make, we liked what we saw in the way of schools, churches, etc. We also felt that there was an air of friendliness here that even our previous community didn't have.

"This community seems to pull together with force that would make others astounded and envious; such as the Chicken Broil, Community Fair, Jaycee and Optimist projects, among many others.

However, I shudder a little when I read some of the articles and hear some of the comments that are made regarding changes that should or shouldn't be made. Don't misunderstand, I am for progress and I realize that changes must come about; but I also feel it must happen at a pace that the majority can stand. It appears that some of our younger people want drastic changes as of yesterday, while some of the older ones may be content to leave things as they are now.

Neither of these philosophies are going to get a very wide acceptance. Therefore, we are going to have to maintain patience to change a little slower at one end and have the ability to put up with some changes at the other. Fortunately this community seems to have the ability to do both of these, for the most part.

Various projects have demonstrated this, as we can see three generations promoting and helping side by side on them. This has certainly got to reflect a healthy community.

In the short time that I've lived here, I can see a substantial change, especially of attitudes. For example, drive through Main Street and compare it to memories of just a couple of years ago. Buildings have been worked on and painted. We must certainly commend the businessmen for cooperating to the extent that they have. They certainly have demonstrated community spirit, as well as self-pride and respect. This area does a great deal to maintain a good image.

On the other hand, there are probably some things that should be done. Personally, I'd like to see a traffic light at M-52 and Main Street - at least during peak traffic hours.

I also believe the community should get behind an idea for establishing some kind of teen recreation spot in town. We really can't condemn these youngsters for sitting on the corners when we aren't providing a place for them to meet. Not counting churches, there are three or four places in town where Dad and Mom can spend an evening now and then, and many of us do.

Maybe something like a bowling alley in town would help accomplish this. Many ideas could be investigated and I know that some have been and still are; but before any of them can become a reality we have got to make them happen. As the saying goes, "Things don't happen - people make them happen."

I would like to sum it up in this way: This is a swell community and my family and I are happy to live here. We have made several good friends and acquaintances, for which we are grateful. However, I hope the community doesn't feel that it can't become even better. I believe it can if enough of us believe that it can.

FALL FUN FESTIVAL THIS SATURDAY

by Carolyn Ahrens

The 3rd Annual Fall Fun Festival is slated for Saturday, Nov. 14 from 7 to 10 p.m. at Klager Elementary School and parents alike. Participating in the event are the Pleasant Lake, Middle School kindergarten and Klager elementary school children.

Games and events scheduled are fish ponds, cake walks, bowling, fancy hats, a white elephant sale, bean bag toss, dart balloon games and a food concession stand with hot dogs, popcorn, cotton candy, donuts, pop and coffee. One project will help even the Christmas shopper with baked goods and decorating ideas and gifts.

"And it is with the excellent cooperation of the parents, teachers and our pupils who are responsible for the enthusiastic response in preparing and attending this fun festival," Mrs. Birdella Flood, Klager principal pointed out. "As some people have been inquiring what we have done with our Elementary Fall Fun Festival money, I shall try to enumerate some of the many and varied uses we have made of it.

"First of all we stipulated that this money would be used for those 'extra' things our teachers like to have. Some of the items purchased were art supplies, kindergarten playthings, records, paint, permanent Christmas trees for some rooms, maps, puzzles, Supplementary Readers, math games, pictures, planters, etc." and she added, "this money was apportioned 'pupil-wise' equally to all the elementary grades."

Tickets for 10 cents each will be available at the main entrance of Klager school that evening and will cover all the events and food purchases. Also available and of special interest to the parents will be tickets for drawings scheduled every 1/2 hour throughout the evening. Merchants donating these varied and lovely gifts are Walt Schaible, Lannom's, Grossman-Huber, Marx & Marx, Gambles, Kopper Kettle, Krauss Pharmacy, Brown Radio & TV, IGA, Al's Plumbing, E. G. Mann, Sutton Agency, Widmayer Hardware, Earl Albers Standard Station, Burch's, the Cracker Barrel and Union Savings Bank.

Plan to attend the 3rd Annual Fall Fun Festival at Klager School this Saturday evening from 7 to 10 p.m.

He has also served on the official Board of the Emanuel United Church of Christ.

Mr. Reno Feldkamp, a native of the Manchester Community, represents the Pioneer Corn Company as District Sales Manager for eastern Michigan. In addition to this position, Mr. Feldkamp also operates his own farm north of Manchester, located at 8701 Smyth Road.

SENIOR CITIZENS TO MEET

Senior Citizens will hold their monthly meeting Thurs., Nov. 19 with a potluck dinner at 12:00 noon.

MANCHESTER AREA ACCOMPLISHES GOAL

Once again the Manchester area has accomplished its goal for the United Community Fund and Red Cross Drive, thanks to every citizen, hard work and "helpfulness". Ted Stautz, campaign chairman will have the figures for next week's paper as there are still a few follow-ups to take into account.

The house-to-house divisions have both exceeded their quotas. Mrs. Herbert Mahony reports slightly more than 100% of quota for the village and Mrs. Lynn Voegeding has 100% plus 30% over goal with 55 more people giving from the rural area than gave last year. Both chairmen are grateful for and proud of their teams of devoted solicitors and captains who have worked so hard to tell the story of the United Fund, Community Chest and Red Cross to everyone.

Knowing the hundreds of things this one drive does for neighbors, friends and relatives right here in the Manchester area not to mention the ripples of help to disaster victims, service men, research and social services elsewhere, gives the community that true feeling of the campaign slogan "Helping is Happiness."

Could we have prevented it? What are we doing to get a new industry into the building?

LETTER TO THE EDITOR

Dear Harry,

I would like to take this opportunity to thank those voters in the Manchester area who supported me in the race for Community College Trustee last week. Although I was unsuccessful in the election, the support from your area of the county was gratifying. The voters have elected two very able new trustees and with the approval of the village, I am sure that all of us can expect to see Manchester Community College go on to new successes.

Sincerely,
 Ernie E. Altra

WOODS & WATER
STORY BY LARRY DENNETT

Some will see another deer season open statewide for gun hunting in Michigan. White-tails in our Michigan deer are called, can be hunted from Nov. 12 thru 30. The White-tail deer is one of the greatest game animals on earth and the enjoyment of hunting them is well expressed in Michigan. Back in 1882, when Michigan first began to sell deer licenses, 14,477 hunters bought a deer license. In 1892, 271,533 licenses were sold. In 1895, you were allowed 2 deer of either sex, and this was reduced to three deer in 1907, of either sex, two deer of either sex in 1908, and one deer of either sex in 1912. With the White-tail season of 1907, the one-deer law was enforced and 22,000 licenses were sold. The first general license hunting season was introduced in 1952 with deer being allowed on a special permit for three days after the deer season. Applications for general deer permits were available prior to Sept. 30 with the purchase of a deer license. Exports are guessing that some 100,000 gun hunters will kill no more than 75,000

deer this year in Michigan. It will be among the heaviest ever made in a Michigan year.

A few points to remember when you are after the White-tail. Mounting a license on a deer rifle, and add another to your gun hunting bag. Because of its light gathering power, the scope enables a hunter to see deer and other animals in high contrast for the naked eye.

When you hit a deer, get near the difference between a quick death and a long, drawn-out death. Use a quick shot that will take care to die. The best aiming point is the neck, given a standing shot at some range and the shot dead is the most from the chest back.

Send your deer to a taxidermy to finish it off with a white can be dangerous if it suddenly falls about with its nooses or antlers. Unless you are positive the deer is dead, to save open and glass-looking, use a back and give it another bullet in the neck.

Check out your rifle and take a few practice shots if necessary. Be sure you wear bright red or orange clothing in the woods so you can be spotted easily by another hunter or by spectators if you become lost.

HOW SWEET IT WAS - DUTCHMEN 62 - REDSKINS 0

The Redskins know why they call them the Flying Dutchmen; because they were all over the field. The Dutch had 26 interceptions bringing their total to 26. Mark Roberts went 35 yards for a T.D. on an interception. Len Minor intercepted and went for a 50 yard T.D. Mark Lentz went 80 yards on an interception for a T.D. and also had a 10 yard run for a T.D.

Phil Nickerson and Don Tapping also had T.D.s on runs of 5 and 8 yards.

Dave Tapping scored on a 15 yard pass from Dave Bucholtz. Bucholtz also passed for three pointers and kicked another.

What a night it was for the Dutch. The Dutch will travel to Napoleon Friday night. This game will start at 7:30 p.m. Don't forget 7:30 p.m.

MIDDLE SCHOOL NEWS

The seventh and eighth grade girls at the Manchester Middle School put a lot of work into quickly preparing themselves to be able to cheer at the three Middle School home football games.

Of the forty girls who went out for cheerleading, each had an opportunity to cheer at one of the three games thus the reason for such large squads. The girls came out only a week before the first home game, put a lot of heart into their practices and came out with a lot of pep to cheer the team on even in the cold of Thursday afternoons.

Work will begin soon to prepare for basketball season.

Here is how that score looked to fans, cheerleaders and a couple of Dutchmen.

FOUR SETS OF TWINS REPORTED IN 1953

By Carolyn Adams

Four sets of twins in the 1953 three fourth grade classrooms of Kluge Elementary School was a rarity, largely because of the number of students as well as the size of the community. But, it seems Manchester had done this before. In 1953, there were four sets of twins in Mrs. Mabel Parise's second grade class and because there was only one section of second grade, it was a very confusing.

Constance and Constance Evisizer are now respectively, Mrs. David Wolf and the mother of a baby daughter Jennifer and Mrs. David Patsch, the mother of a five-year-old daughter Carrie and son Jeffrey. It seems the Evisizer twins both preferred "David" and both reside in Manchester.

Kay and Karen Buss, whose family now lives in Chicago, are also known as Kay and Mrs. Russell LaFarge of Ann Arbor and Karen is Mrs. William Polley of Saline.

The Kirk twins, Kathleen and Maureen, seem to have traveled the furthest of the four sets of twins. Kathleen, now Mrs. Homer C. Rose, lives in Denver, Colorado. Maureen, a Peace Corps Medical Technologist, is in Sanoff, Hawaii. In the Marian Islands in the South Pacific.

But the fourth set of twins in the second grade in 1953, Nestor and Nolan Pratt, are yet to be found. They lived in Manchester only a short time and there seems to be no trace of them in the area at present.

1953 was a year for twins in the Manchester School System. There were two other sets of twins registered that year also, Sally and Shirley Tase and Rex and Roy Pratt. The Pratt twins still reside in Manchester and the Tase twins, both married, live in Saline.

Manchester may be a relatively small community but nevertheless rates a high average on twins, especially all the same or near the same age. A special thanks to all who helped in locating or identifying Manchester's twin history.

103rd Year No. 5

SCHOOL BOARD MINUTES November 9, 1970

The meeting was called to order at 8:00 p.m. by President Klager. Present: L. C. Klager, President; Carl Pedersen, Secretary; Clarence Fielder, Treasurer; Trustees Andrew Luckhardt, Louis Vogel, Donald Walter, and Allen Alber; Superintendent Robert Swartz; Elementary School Principal Birdella Flood; Middle School Principal Theodore Tapping, Jr. Visitors included Mr. John Christensen, KMM Associates; Mr. Bruce Barton, Paul V. Engstrom and Company, Certified Public Accountants; Mr. Clare Knickerbocker, Band Boosters; Mr. Donald Wheeler, President PTO, Mr. Reno Feldkamp and Eugene Bentschneider were also in attendance.

Mr. Knickerbocker was introduced as the newly elected president of the Band Boosters. He expressed hope for more interest in the Band by the entire community. He explained a candy selling project being planned by the Boosters to start Nov. 21. The objectives are to purchase uniforms, purchase band instruments, scholarships and other projects. Mr. Knickerbocker excused himself and departed.

Mr. Wheeler, President PTO, expressed concern about the crossing guards at the Main Street and M-52 intersection and the entrance into the Luther Klager Elementary School. There was discussion about the possibility of a traffic signal at Main and M-52 and the installation of new sidewalks along the east side of M-52 leading to the Klager School.

Mr. Jack Christensen from KMM Associates, Architects for the Middle School renovation, gave a progress report indicating all work except roofing was progressing on schedule. He explained steps being taken to increase speed on the roofing and he was hopeful that progress would accelerate. Also discussed was carpeting for hallways. A motion was made by Fielder and supported by Vogel that carpeting for hallways be authorized. Carried unanimously.

Mr. Bruce Barton from Paul V. Engstrom & Co., Certified Public Accountants reviewed the annual audit (June 30, 1970) explaining in detail procedures relating to school accounting. He also went over each account, explaining them and answering questions. After completing the Annual Audit, Mr. Barton reviewed the monthly audit (October, 1970), again explaining it in detail and answering questions. It was moved by Fielder and supported by Vogel that the annual audit be approved. Carried.

It was moved by Alber and supported by Vogel that the monthly audit be accepted for filing. Carried.

Mr. Swartz reviewed the request from United Methodist Church for sharing the cost of water service relating to their proposed new building and the anticipated school athletic field on the Luther Klager site. Mr. Swartz had explored this with the architects from both Kingscott & KMM Associates and explained the general feeling that it was more feasible not to enter into the sharing because of costs, availability of funds, and possible future involvements. It was moved by Vogel and supported by Walter that the School Board not enter into cost sharing. Carried.

Mr. Klager discussed the PTO meeting

FALL FUN FESTIVAL SUCCESSFUL

The 3rd Annual Fall Fun Festival was a success in every respect, parents, teachers and students agree.

Mrs. Birdella Flood said, "The Fun Festival netted \$675.00, although our profit which we consider very good will be somewhat less this year due to higher costs of materials, food, etc. Each room will now receive a pupil-wise percent of the profit to be used for permanent assets for their rooms. The success of the festival is attributed to the hard work and cooperation of many people. We especially want to thank the roommothers, teachers and parents who helped in so many ways both prior and during the festival hours. Thanks also to the merchants who donated prizes for the lucky drawings. Without the efforts of many people the Fun Festival would not have been possible."

Mr. Klager read letters from Clarence Fielder and Allen Alber, both asking that their resignations be accepted due to their having been elected at the General Election, Nov. 3, 1970 as Township Supervisor for Manchester and Sharon Townships respectively. It was moved by Vogel and seconded by Walter that the resignations be accepted because of the conflict of interest and that deep appreciation be expressed to Mr. Fielder and Mr. Alber for their services to the School District. Carried unanimously.

It was moved by Vogel and supported by Pedersen that the proposed School Board members Reno Feldkamp and Eugene Bentschneider be appointed to fill the vacancies caused by the resignation of Allan Alber and Clarence Fielder. Carried unanimously. Mr. Feldkamp and Mr. Bentschneider were sworn in by Superintendent Swartz.

FINAL UNITED FUND TOTAL

It's a habit in Manchester! Once more the Manchester United Community Fund and Red Cross Drive has met its quota of \$16,222 and a bit more. Ted Stautz, campaign chairman, announced the final total of \$16,466.66 for this year.

Mr. Stautz said, "This just doesn't happen - it is the hard work of a hundred or more devoted citizens who sincerely feel that a drive for fifty-two agencies that can and will cooperate in sharing one campaign is really worth working for. These people are terrific and a joy to work with. I give each and everyone, workers and donors - all who helped with the drive in any way - my sincere thanks."
