

POSTED NO HUNTING
Johnnie Barber Bradford

The listening woods hold lovely sights,
In awe I gaze and wait about.
And if I walk without a sound,
The woodland children will come out.

I hear a stir, a rustle in the deep
By someone small or someone big,
A white-tailed buck or timid squirrel
Is nibbling at a tender twig.

A cautious doe is keeping on,
A half-grown rabbit stamps by;
I hear a cardinal and a blue jay
A dot of red takes flight.

We share our woods with city boys,
They read our signs, they understand.
We welcome friends but only when
They walk without a gun in hand.

FRIENDS

Pat Lemboke

See how he gallops, graceful and free,
Striding along so effortlessly.
See how he raises his head high and
proud,

Challenging all in a voice clear and loud!
Yet when I whistle, he stops and turns
And comes to me with eyes that yearn
For a handout sweet and a bite to eat...
And the love shines out of those big dark
eyes.

He's not really wild, he just likes to pretend.
He's my yearling colt and I'm his friend.

104th Year No. 13

KERI KNICKERBOCKER IS MANCHESTER'S MARCH OF DIMES POSTER GIRL

By Carol Ahrens

Rubella, more commonly known as German measles, the dread disease of expectant mothers, always happens to someone else, not you. But an estimated 50,000 children died in the womb or were born with birth defect because their mother contacted German measles while pregnant during the 1964-65 epidemic, a clinical report from the National Foundation, March of Dimes states. Today, after years of research and dedication of thousands of people, from those who give to those who study, a vaccine has been discovered that can ultimately eliminate that threat. It must be done however through children researchers claim because that are the main source of rubella infection and inoculation of women of childbearing years could still be dangerous to the fetus, the foundation report continues. An innocent enough sounding disease with mild symptoms as a short period of discomfort but one with lasting effects such as loss of hearing, impaired vision, congenitally damaged hearts and mental retardation are common if a mother contracts German measles during pregnancy. Why? Because the placenta offers no barrier against German measles virus. The first three months of pregnancy is the time this disease poses the greatest threat to the growing embryo, the foundation discovered.

An area woman who contacted Rubella in her sixth week of pregnancy said, "I can only say, everyone should do everything that can to get the vaccination for prevention of Rubella or at least keep any suspected carrier or exposed individual away from public places and most importantly, expectant mothers until the incubation period or disease has passed."

Keri Knickerbocker, the blue-eyed, brown haired five-year-old daughter of the Hollis Knickerbockers of 9200 Sharon Hollow Road, is a victim of Rubella. With an enlarged heart artery which was corrected within the first two months of her life, it was learned some time later that Keri was also deaf. Mr. Knickerbocker first suspected his daughter was deaf but to what extent was not discovered until she was two years old. "Many children won't talk at an early age especially when older children in the family talk for them," the Knickerbockers were told at first. A short time later and at the insistence of her parents, it was finally confirmed that Keri not only had a defective heart artery which was completely corrected but she was also deaf...Rubella.

LOCAL BLOOD CLUB ADDS 62 PINTS

In spite of bad weather January 14, seventy-five people came to the local Bloodmobile to offer their gift of life for the Manchester Community Blood Club. Sixty-two pints of blood were donated to the local bank and most of the thirteen who were deferred will be able to give in the future except hepatitis victims who are still banned. With the average use of the bank now at 10 pints per month, the committee is hoping to be able to schedule another Bloodmobile in June, July or August. The date will be announced as soon as possible. Besides the blood donors thirty local volunteers assisted the professional crew that attends the unit from the Red Cross Southwest Regional Blood Bank in Detroit. Mrs. Millard Uphaus was Chairman-of-the-Day and Dr. Wm. Purfield and Dr. D.M. Petersen shared the hours of responsibility. The Emanuel Church of Christ furnished the facilities for the clinic.

Registrars were Mrs. Finn Olsen, Mrs. Dan Boutell and Mrs. Ina Ayers. Registered nurses from the area who volunteered their time were Mrs. Stanton Roesch, Mrs. Amelto Simmons, Mrs. Alvin Kappler, Mrs. Harold Settles and Mrs. Floyd Parr.

Nurses Aides included Mrs. James Pratt, Mrs. Morgan Kern, Mrs. John Wallace, Jr., Mrs. Robert Achtenberg, Mrs. Ronald Jenter and Mrs. Ralph Englund. Volunteer drivers transporting donors from Double A Products were Millard Uphaus, Joseph Schwab and Herman Kuebler. Manchester Tool and Die and the Stamping Corporation also gave the clinic full support.

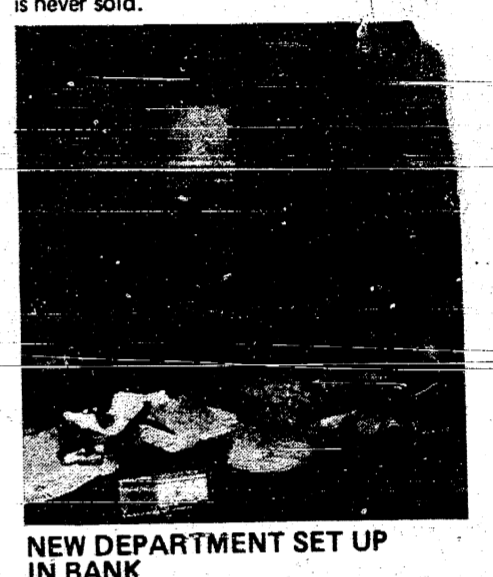

Canteen helpers for Mrs. Lorenzo Steele were Mrs. Harry Sutton, Mrs. Ernest Kemmer, Mrs. D.D. Ludwick, Mrs. Oscar Eschelbach, Mrs. Earl Alber, Mrs. Basil McGuire, Mrs. Duane Braun, Mrs. Walter Vogt, Mrs. Edward Steele and Mrs. Mable Acton. The sandwiches and cookies were furnished by the Emanuel Women's Fellowship and the juice for the donors was given by the American Legion Auxiliary.

The Manchester Red Cross Blood Club honor roll of gallon donors has now reached 70 with the addition of Mrs. Ardis Scheid, Harry Sturdevant, Gerald Randall and Albert Hoeff, Jr. A new 2 gallon donor bringing that group to ten, was Alfred Strang. Two more 3 gallon donors joined Edward Galloway. They were Rolland Grossman and Laurin Leeson.

Most of the 70 on the honor roll as well as other in the area have given more pints of blood than their credits show. Records are hard to keep because many donors give to more than one club, they lose their cards or often carry two or three. Complete records for the Manchester Club are on file with the committee since March 15, 1957, but the Club has been in existence since 1951. Many had given before the Red Cross Community Blood Club Program was established to Michigan Department of Health which held clinics following World War II for Veteran's Hospital

negads, and they were called upon by local families to meet a crisis when blood was needed. Many in the area give to the Red Cross Club at their place of employment and they may draw their needs from that club or their community club. All are coordinated by the Red Cross to meet the needs of all the people. Everyone in the Manchester School District, all of Manchester Township and employees and their immediate families of Double A Products, Manchester Tool & Die and the Stamping Corporation are covered by the Manchester Community Red Cross Blood Club. This is why it is so important that everyone able to give in these categories attend a local Red Cross Bloodmobile or one more convenient to him.

NEW DEPARTMENT SET UP IN BANK

Mr. Ray Rasey, Jr. has been given the position of installment loan manager at the Union Savings Bank of Manchester. Mr. William K. Cray, President, stated it was necessary to set up a separate loan department because of the growth and volume of business being handled at the bank. This could be handled more efficiently and give better customer service by setting of a separate department and under the supervision of highly trained and skilled personnel.

Ray is 39 years of age and has for this length of time had a great amount of experience with which qualifies him for managing for a manager of a bank installment loan department. He attended college two years and graduated from many American Institutes of Bank courses, such as money and banking, commercial law, negotiable instrument law, principles of banking, analyzing financial statements.

He was with the Ohio Citizens Bank and Trust of Toledo for 12 years. During this period of time he was in the installment loan department and dealing with Consumer credit. He was later promoted to assistant manager of collections, then collections manager. Subsequently he was assistant manager of the entire small loan department, which had about \$23,000,000 in loans. This gave him charge of dealer loans and floor plan financing.

Ray and his family are no strangers to Manchester. His wife, Barbara, lived in Manchester the first three years of her life. Ray was born in Napoleon, Ohio, and they have three sons age 18, 10 and 6. All of them are looking forward to being in Manchester area when housing is obtained. They now reside at 924 Hawthorne Avenue, Temperance, Michigan 48182.

Ray is a two year veteran of the Korean War. He and his boys enjoy outdoor life and he has been very active in local community and civic organizations.

769-2300 FOR SUPERIOR AMBULANCE SERVICE

Superior's number is not listed in the yellow pages under ambulance or the white pages under Superior. It is listed under Ambulance Service by Superior in the white pages with the Southfield number. If you need an ambulance and can't remember 769-2300 or its listing, call the operator, the Sheriff's Dept. or the Ann Arbor Police Dept.

All other ambulance Companies that operate in Washtenaw County are listed in the directory.

WOODS & WATER created by Lucky DeVant

Br-r-r that air is cold!! In sub-zero temperatures no one feels like stirring away from the warm fire, especially just to play outside. Be sure to dress warm enough for the activity and length of time you plan to be out. Snowmobile suits are suitable clothing for hunting, fishing or snowmobiling.

If you enjoy rabbit hunting and many fellows do here are a few tips which may come handy sometime. Rabbits are much better eating if their innards are removed as soon as they are shot, but cleaning them in the field is such a messy job most hunters would rather wait until they get home.

Next week we will dedicate our article to the care of your hunting dog. Tell them you read it in Woods and Water

Dr. Manfred J. Laun, United Church of Christ medical missionary assigned to India, will speak Sunday morning, Jan. 21st, at 10:30 a.m. at Emanuel United Church in Manchester. His itinerary of speaking engagements includes about six other churches in the area.

Dr. Laun is director of the Evangelical Hospital in Khariar, Orissa. Last year the hospital treated 9,072 out-patients, performed 1,268 surgeries and cared for more than 125 in-patients per day - with accommodations for only 100. In addition to his duties at the hospital, he supervises roadside clinics for villages and participates in a school-building program.

Khariar, where Dr. Laun directs the Evangelical Hospital, is the lumber and rice center in East Central India and has a population of more than 5,000 people. The United Church of Christ Board for World Ministries under which the Launs serve is the overseas agency of the United Church of Christ. The Board's overseas staff includes more than 400 missionaries - teachers, doctors, nurses, social workers and evangelists. They are working with some 16,000 nations in 1,200 schools and colleges, 80 hospitals and clinics, 35 social service centers and 3,000 churches in 29 countries.

There will be a pot-luck dinner immediately following the service so that members and friends can meet Dr. Laun personally.

There will be a pot-luck dinner immediately following the service so that members and friends can meet Dr. Laun personally.

JUDGE SWAINSON TO SPEAK ON DRUG ABUSE

The Manchester PTO will meet Wednesday, Jan. 27 at 8 p.m., at the High School Auditorium. Judge John B. Swainson will be the speaker and topic is "Drug Abuse in Contemporary Society". The whole community is invited to attend this meeting. Regardless, if you have school children or not, this program should be of great interest to you.

After Judge Swainson speaks, you will be able to ask him questions and surely everyone must have many questions about one of the most serious, if not THE most serious problem that faces us today.

Wed., Jan. 27 - Mid-Week Exploration at 7:30 p.m.

LIBRARY NEWS

A small space of quiet after the holidays. The after-Christmas letdown, with a sort of dreadful boredom, the cold days stretching on, with very little new or exciting to think about. A sort of restlessness and irritability. What we can do besides think of interesting food, like hot, homemade vegetable soups, crusty loaves of fresh baked bread and hot eggnog in the morning.

The children can skate, for the ponds are frozen and in fine shape. A sense of nostalgia is present at this time of year. Do you realize that on our basement shelves (because they are so seldom used) are volumes of the Tarzan Series, Edgar Rice Burroughs famous, and now classic adventures of the ape man. We have several tales of his adventures you may never have read.

Does anyone remember The Girl of the Limberlost by Gene Stratton Porter? Well how about Freckles, Daughter of the Land, Keeper of the Bees? All by the same author.

Zane Grey wrote an enormous number of good westerns, and we have lots of them not being read. These are action filled and the good guy always wins.

Grace Livingston Hill, the popular romantic writer of a generation ago has at least a dozen of her best offerings still available.

For the the campiest, heart stopper of all please try the Sheik, by Edith Hull, which, as you may remember was made famous by the movie version portrayed by Rudolph Valentino.

For a little fun, some lighthearted escape, come in and try an old book.

BIRTH ANNOUNCEMENT

Born on January 18 a daughter, Marjorie Jean to Mr. and Mrs. Donald Sharp of Flint. Mrs. Sharp is the daughter of Mr. and Mrs. Lynn Cooper of Grass Lake.

COMMUNITY CHEST ANNUAL MEETING FEBRUARY 3RD

Plans for the annual meeting were formalized at the January Community Chest Board meeting. This year's event was scheduled for Wednesday, Feb. 3, at 8 p.m. at the Franklin M. Reck Memorial Library in the High School. The public is urged to attend, to make its wishes known to the board and to elect four board members. If necessary the meeting will convene in the auditorium to accommodate attendance.

Reports will be given by Community Chest Agencies and representatives from these agencies will be present to answer questions (barring impossible weather, which has happened in the past).

Four members of the twelve on the board are elected by ballot for three year terms at the annual meeting. The ballot for four members is supposed to have at least eight nominees. All nominees must have given their permission for their names to be used on the ballot. Nominations from the floor must have the consent of the nominee also. Names for the ballot will be welcomed by the nominating committee, Clarence Fielder, chairman, Mrs. Victor C. Wurster and Mrs. Robert C. Little or Mrs. James Baker, president of the board.

The four members whose terms expire at this time are Mrs. Dal D. Ludwick, Mrs. Franklin M. Reck, Robert T. Ross and Louis D. Vogel. Others on the board besides those already mentioned are Luther Klager, Harry Krauss, Mrs. William Schaffer and Robert Swartz.

The new board meets following the annual meeting to elect officers for the coming year.

Refreshments will be served.

MOTHER'S MARCH TO BEGIN JANUARY 25TH

Mrs. Ronald Gonyer, chairman of Manchester's 1971 March of Dimes, has announced a change in tactics for this year's Mother's March. Six days, instead of the usual one or two, have been designated for the Mother's March, the largest single fund raising event in the March of Dimes campaign strategy.

Mrs. William Bunney, as chairman of the Mother's March, is in command of a veritable army of Marching Mothers and other volunteers. Serving her, as captains are, Mrs. Joseph Fitzgerald, Mrs. Richard Rigg and Mrs. James Scully. These women have recruited an additional thirty (30) volunteers to canvass every house in the village on behalf of the March of Dimes.

The additional time set aside for the Mother's March this year will be used to better acquaint Manchester residents with the work being done with March of Dimes funds and to take a "Rubella Count". The "Rubella Count" will be a systematic census or head count of the number of children in each household and the number of those children who have been inoculated against Rubella or German Measles. This survey is being made with the approval of the Washtenaw County Health Department which hopes that the figures obtained will aid that department in locating weak areas in their overall inoculation program.

Please give your contribution and your cooperation to these determined and dedicated women.

FIGHT BIRTH DEFECTS... GIVE TO THE MARCH OF DIMES

JOLLY FARMERETTES TO HOLD MARCH OF DIMES BALLOON SALE

On Saturday, January 23rd, the Jolly Farmerettes' 4-H Club will conduct their annual Balloon Sale for the benefit of the March of Dimes. Approximately fifty (50) girls aged 9-18 will work in 45 minute shifts between the hours of 9 a.m. and 3:45 p.m., in Manchester's Main Street shopping area.

Beth Merriman and Laura Sutton are co-chairmen of the event which is a part of the Jolly Farmerettes' yearly program of leadership training and community involvement.

4-H clubs around the world encourage their members to lead lives of personal commitment and public service and the Jolly Farmerettes find the March of Dimes a rewarding project.

WEIGHT WATCHERS

Open House for Weight Watchers. Anyone may come to visit at 7:30 in Emanuel Church on Monday, January 25. You do not have to join if you go.

SCUTTLEBUTTE

House guest at Mrs. Franklin Reck's this past week was her son-in-law, John B. Wakefield, Director of Bands at the University of Maryland. Mr. Wakefield was one of ten graduates from the University of Michigan Music School who returned to Ann Arbor to conduct the University of Michigan Symphony Band at Hill Auditorium January 14 for the concert honoring William D. Revelli.

Next Tuesday night, January 26, Mr. Wakefield's University of Maryland Symphony Band of 80 musicians will give a concert in the Saline High School. This is the first tour for the Maryland Band to the mid-west. They will stop in two other Michigan locations, Fraser and Owosso.

The former Sarah Reck is Mrs. Wakefield. The family lives in Adelphi, Maryland and includes two children, Amy and John Franklin.

Mrs. Roger Troiz, Jeff and Angie of Brooklyn recently returned after traveling by car to Arizona with Mrs. Troiz mother, Mrs. Roy Bertke formerly of Chelsea, now of Tucson, Arizona. Mrs. Troiz and

her children spent 11 days visiting and sightseeing until their return by plane January 13th.

While there they visited Old Tucson where they watched the filming of a Johnny Cash Special to be aired February 3rd. Mrs. Troiz also obtained a picture and exchanged a few words with Mr. and Mrs. Cash and their infant son and Kirk Douglas. Old Tucson is also the filming site of the High Chaparral TV program. They also visited the Arizona-Sonora Museum, Tucson; the Saguaro National Monument and Colossal Cave; they spent a day in Mexico; took a trip to Boot Hill, Tombstone and Bisbee, Arizona where they saw an open-pit copper mine; and Davis-Monthana Air Force Base in Tucson.

Hugh Haussler second place at Heavyweight.

Chuck Benedict 155 pound champion. Chuck was selected as the Dutchman Wrestler of the Week for his effort.

DUTCHMEN CAPTURE MEDALS

Six out of the twelve varsity wrestlers won medals at the Leslie Invitational Tournament last Saturday. In order to win a medal, you had to place in the top three of your weight class. Even with the great number of awards won, the team was only able to score 50 points and finished fourth in the tournament out of eight teams so failed to win the team trophy that they were seeking.

Thursday night the wrestlers travel to Adrian Madison to see if they can knock the Trojans out of their state rating. On Saturday it's tournament time again. This time the wrestlers will be in Vandercreek Lake. The wrestling starts at 10:00 a.m. and continues through the day with the finals starting at 6:30 p.m.

DUTCHMEN LOSE TO HUDSON 46 - 66

The Dutchmen had a lead of 10 pts. but could not hold it and lost their sixth game of the season. Dave Bucholz was high scorer with 15 pts. Dave Tapping had 14 pts. The Dutch will host Whitmore Lake here Friday night.

The JV's also lost to Hudson 47 - 64. High scorer for the JV's was Brad Roberts with 18 pts.

MEETING SCHEDULED TO DISCUSS EXPANSION OF SALINE HOSPITAL

Mr. William Hayes, Chairman of the area planning and advisory Council of Saline Community Hospital, Saline, Mich. has flown back from a Florida vacation to preside at a very important meeting regarding a discussion of the hospital expansion. The meeting will be held Tuesday, Jan. 26 at 7 p.m. in the banquet room of Leutheuser's Restaurant in Saline. The public is urged to attend.

Snow is white, right? And light? An ephemeral sight? Well, each of these ideas is less correct than it sounds. Scientists say that snow is usually colorless, or off white. And some snow had been known to be red, green, even black depending on the dust particle around which the snowflake is formed. Sur-

prised? You may well be. Snow is full of surprises. The wind and sun that bounce off the snow, for example, may cause painful sunburn, report the makers of Q.T., a product which safely tans the skin in three to five hours with or without the sun.

Leaving A Delicate Problem Behind!

To many young mothers, diaper rash is a frustrating, difficult-to-solve problem. To their babies, of course, the problem is even more painful.

A simple explanation of the cause of diaper rash, plus some valuable suggestions to help eliminate it completely, were made this week by William O. Elson, director of research for the Curity division of the Kendall Company, one of the nation's largest makers of regular and disposable diapers.

Cause is Ammonia - The true cause of diaper rash is ammonia - NOT the kind of ammonia you may use in your wash, but the ammonia which is formed by bacteria in wet diapers," said Elson.

"When diapers are not properly laundered, this bacteria builds up in them, further aggravating baby's rash, and the pain and discomfort. Soap or detergent left in diapers, through improper rinsing, will also cause a rash - or worsen an existing problem.

There are several ways to prevent diaper rash," said Elson. "Most important of all is to change the baby as soon as he needs changing. If this is not done, all the other precautions against diaper rash will be wasted.

Disposables Solve Problems - "Next, mothers can eliminate all risk of soap or detergent build-up in diapers by

using the disposable kind. Disposables solve many problems - and they don't need washing, rinsing, folding, or storing. Disposable liners for regular diapers are also good. Like the disposable diaper, these liners are made from a new, non-woven, soft cloth, such as in Curity liners - and baby's skin never touches anything but a clean, cloth, diaper surface," Elson said.

"Cloth diapers," explained Elson, "are still perfectly fine for the baby whose mother will remember to use very warm water, and to rinse the diapers at least four times if her wash water is hard."

The family doctor or pediatrician should be consulted immediately. Elson recommends, if a painful rash can't be quickly cleared up.

Another suggestion for treatment of diaper rash is suggested by the U. S. Department of Health, Education and Welfare, in a booklet published by its Children's Bureau. Exposing a child's rash to light and air, by leaving off the diaper for a while, will usually cure mild cases, the booklet states.

Whereas, the United States Jaycees is an organization dedicated to our youth and our community, for improvement for us all.

local chapter, has always been active and dedicated in its many good works; Now, therefore, I David Little, Mayor of Manchester do hereby designate January 17 through January 23 as National Jaycee Week.

AN OPEN LETTER TO THE COMMUNITY

For those who may not be aware of it - January 17 through 23rd is National Jaycee Week. In view of this, we would like to take this opportunity to make known to the people of Manchester just what your Jaycees have accomplished. Because the Jaycees have existed in Manchester for many years, the complete list of their achievements is far too long to list here. But . . . did you know:

-That the Jaycees are responsible for putting up and taking down the flower baskets and Christmas decorations every year? And this year they helped buy new ones.

-That the Jaycees bought and installed the new toys at Carr Park? -That the Jaycees give scholarships to two graduating seniors every year? This is the purpose of the 50-50 tickets.

-That twice a year the Jaycees clean the river bank of trash and debris? -That the Jaycees give a Halloween party every year for the children of Manchester? Also an Easter Egg Hunt?

-That the Jaycees helped build the shelter on the Athletic Field? -That the Jaycees donated half the money needed to buy new street signs for the village?

-That 80% of all money earned on Jaycee projects you support goes right back to the community in one form or another? The balance is used to defray expenses and in some cases to give awards to deserving Jaycees and/or towns-people. For this reason all Jaycee parties are self-supporting and no project money is used for them in any way.

-And, of course, the Jaycees are a big part of the crew that puts on the Chicken Broil.

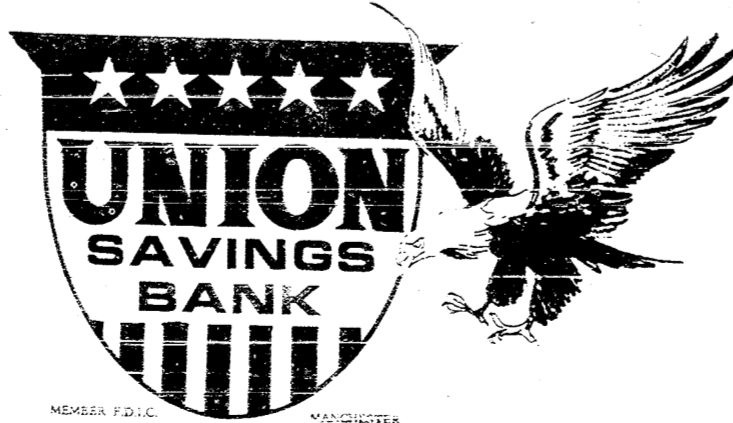

-That the Jaycees sponsor Boy Scouts, Brownies and Girl Scouts. The Manchester Jaycees are a hard-working but fun-loving group of young men who put the needs of the community ahead of everything else. For this reason we are proud to say we are Jaycee wives!

104th Year No. 14

ROSES AND RACE CARS

by Carolyn Ahrens

"...his hobby and her headache," is how Mrs. Roena Wurster describes Wurster's Greenhouse, a business that started as a hobby over 28 years ago when Ed Wurster, who had always been interested in gardening and flowers, nurtured endless beauty in his garden. He specialized in growing gladiolus and "soon neighbors asked him to "just put something together," supplying him with whatever flowers they had and hopefully asking him to use some of his gladiolus. "Finally the business just came natural," he said. "We were building a garage but it seems it never got that far. Instead our garage turned into a greenhouse."

In 1943 Wurster's Greenhouse was officially opened, the first order for the Grossman sisters for a funeral floral arrangement for a member of their family. In those years often a funeral was held at the home and many times the roads either choked with snowbanks or so deeply rutted or muddy it was almost impossible to get through, the Wurster's added, "But we always managed to get the flowers delivered."

Back then, they continued, floral trucks didn't deliver to small community florists either. Mrs. Wurster spent hours driving to Ann Arbor, Jackson or wherever they could get the flowers they wanted. Eventually the large dealers would send the orders by bus to Chelsea or Napoleon and she would pick them up. Now however, delivery is made to small shops and at Wurster's, delivery is made daily. Flowers arrive from throughout the United States including one particular order from Hawaii several years ago. "A flower picked this morning in California can be here by this evening," Mr. Wurster added. He also pointed out that they buy from several distributors including those in Ann Arbor, Detroit and Toledo "to get the best quality at the best price. Usually we pick the flowers we want from the de-

livery truck unless we have a special order." A talent Mr. Wurster always had, Mrs. Wurster had to learn by relying on an expression her Grandmother often said, "... steal all you want with your eyes but never with your hands." and Mrs. Wurster added, "I did just that. I learned by looking." But until this past year she let her husband set up the floral arrangements, preferring the business end including ordering, the bookwork, etc. She does set up a beautiful arrangement however although she still insists, "I only do it when I can't get out of it," but found that a foundation for an arrangement is all-important. "We're like a poor farmer everything is wired together in a floral arrangement too".

Employees at one time included the late Mrs. Charles Eisenhower and Miss Katherine Pfeiffle. Occasionally Mrs. Florence Parr works on a part-time basis but at present the Wursters mainly rely on Mrs. Ginny Neuffer and at times Mrs. Jane Kern. "And we never know when we'll be called the Wursters added. "An 8-hour-day is unheard of in the florists business. When your services are

needed you just do it." Available at Wurster's Greenhouse are potted plants, cut flowers, floral arrangements of every size, price and flower, unusual flower vases, over 3,000 of their own geranium plants, holiday decorations, artificial arrangements, outdoor plants and during the spring and summer months a wide variety of vegetables, most of which Mrs. Wurster retails however. Their reputation is widely known in southeastern Michigan as proven by their orders. As in most florist shops, a courtesy service is an order-by-phone to a reputable florist with the assurance to the area customer that the order will be promptly and beautifully filled. Wurster's are open daily from 9 to 12 and 1 to 5.

Mr. Wurster, employed at Tecumseh Products for 29 years, his wife and daughter Mary and son Ray also find time to combine the floral business with an exciting hobby, stock car racing. Although Michigan doesn't have an official state stock car champion, the car owned by the Wursters appears to be the undisputed champion of the 1970 season as proven by the trophies won by their driver, Marv

Carmen of Union City. Many of the Wurster trophies were won before they actually owned a car during their sponsorship years. Carmen says, "You can't drive a winning race without a good car." He and his crew consist of head mechanic Larry Bible of Union City and Nick Brown and Chuck Rhodes both of Coldwater, who completely rebuilt the Wurster-owned car and then proceeded to drive it for top honors at both the Manchester and Butler Speedways this past summer.

"Most people think racing is a little less than the perfect hobby but we've found it to be very interesting, the people involved no different than the average Manchester family and our mechanic in fact, has a son studying for the ministry. Racing is fast becoming an interesting and more acceptable sport across the country." Mr. Wurster added.

How to combine a delicate rose and a rugged race-car--the Wursters have and enjoy both. The family members of Emanuel Church of Christ.
