104th YEAR NO. 34 10 CENTS PER COPY June 24, 1971

Walt Schaible Local Businessman Succumbs

Mr. Walter W. Schaible, lifetime resident of Manchester, died June 20th at the age of 63 at Herrick Memorial Hospital, Tecumseh.

Born March 20, 1904, son of Fred and Ida Ulm Schaible, he attended school in Manchester, and remained in business here for the rest of his life.

Accepting a job in the Wuerthner Bros. clothing store, he later purchased the business although retaining the old name for some years.

It was during these younger years that Walt became known as a fine musician. Playing the trumpet, he developed his ability, playing in surrounding towns, including the Hayes Hotel in Jackson. Within the past few years he had received his Gold Card from the Jackson Federation of Musicians, a membership he had kept even though not actively playing in the later years. Considered a "professional", he was interested in the Jazz movement.

Always active in community affairs, Mr. Schaible was for many years chairman of the take-out section of the Chicken Broil. A member of the Michigan Retailers Association, the Chamber of Commerce, and of the Board of Education for nearly 10 years.

Mr. Schaible was also a member of the St. Mary's Parish, the Knights of Columbus and the Ushers Club. Succeeding generations of young men were employed by Mr. Schaible, and the generosity and dignity with which they were treated will remain as vivid personal memories for them.

He is survived by his wife Vera Wursler Schaible, a daughter, Mrs. Joyce Fasoli of Southfield and three grandchildren as well as a brother, Milton, of Ottawa, Illinois.

Burial was at the Catholic Cemetery of Manchester.

LIBRARY NEWS

A Long Cold Winter or a Long Hot Summer--it's said One Season makes the next. Good for the Corn though. In any event, if the garden is in and you have a small amount of time, read a good book. Summer reading program "Fishing for Fun" has started. All children are invited to join. The reading skills developed during the winter months should be kept sharp and reading for fun during the summer helps a good deal for the winter school room performance. Story hour for the pre-schoolers starts

Thursday, July 8th at 10 a.m. under the supervision of Mary Sue Moore of Pleasant Lake, the little ones truly love this time for reading aloud. You can deliver them and pick them up later. Jim Houton's book Ball Four is on the shelf, for all baseball lovers. Charles Collingwood, the newscaster has turned his talent to writing and has produced a book of intrigue, "The Defector". Ray Bradbury, writer of spooky stories, gives us a collection of them, this time Science Fiction. He is very good and scary too.

Onion Popovers

Popovers are popping up in new flavors.

Some foods never lose their appeal, and some recipes change little over the centuries — like popovers, once hawked on the streets of merrie old London and still a favorite. Today, a package of onion soup mix transforms this classic into a bread with real 21st century taste and convenience. Serve Onion Popovers anytime a ho-hum meal needs rescue. Try this trick: split popovers and fill the hollow centers with creamed vegetables, seafood salads or scrambled eggs. There is no danger of overmixing this steam-leavened bread, so let your mixer go to work on that thin batter. A vigorous beating develops the gluten in flour and creates the elasticity necessary for "popping over."

Popovers have another old fashioned but up-to-date virtue — nutrition. Thanks to the modern enrichment process of flour, all homemade bread contains essential B vitamins, thiamine, niacin and riboflavin, and the mineral, iron.

ONION POPOVERS

- 6 large or 11 small popovers
 - 3 eggs, well beaten
 - 1 cup milk
 - 2 tablespoons dry onion soup mix
 - 1 tablespoon oil
 - 1 cup enriched flour*
- *Combine eggs, milk, onion soup mix and oil. Blend in flour until smooth. Beat 1 minute with electric mixer on medium speed or 3 minutes with rotary beater. Fill greased popover pans or custard cups half full. Bake in preheated 425° oven 40 to 45 minutes, or until brown and firm to touch. For crispier popovers prick sides to release steam and reduce oven temperature to 350°. Bake 20 minutes longer.

*Spoon flour into dry measuring cup; level. Do not scoop.

Our primary business is savings and home loans. We have been doing these two things for eighty one years, so we do them well. Because we have specialized, we have been able to refine our techniques to the point where we offer the broadest, most sophisticated savings and loan services available in Washtenaw County.

SAVINGS
We have consistently paid the highest rates on passbook savings, so your money builds faster at Ann Arbor "FED" than it does at banks. This can be especially significant when you have a long range savings program. Too, we offer more savings opportunities; passbook savings, and hundreds of perpetual money savings plans. With the perpetual money savings plans, you can save lump sums of twenty, forty, fifty thousand dollars and in addition have monthly income for your lifetime and for your children thereafter during their lifetime. We have college education savings plans, retirement plans, home savings plans and at the "FED" you reach your savings goals sooner because your money earns more.

MORTGAGES
Because savings dollars go primarily into home loans at the "FED", we have more money available for mortgages. Ann Arbor "FED" is always the first place to go for a mortgage whether you're building or buying a home. We offer conventional loans, HUD (FHA) and VA home loans.

We also have HomeSav plans. You can buy your home and a ten, twenty or thirty thousand dollar savings nestegg at the same time. Ask our money managers about these plans when you are arranging your mortgage.

SAFETY
At the "FED" your capital is completely safe. It never shrinks as some investments do. It just grows and grows. Your savings account is insured to \$20,000 by the FSLIC and backed with solid local mortgages. We make it easy to save. You can make your deposits easily and safely by mail. Just send us the coupon below and we'll send you a supply of save-by-mailers and details on our save-by-mail program.

Bloodmobile 20 Percent Plan Report

The Manchester Red Cross Blood Club automatically provides needed blood without charge (upon request to the releasing committee) to any resident of the Manchester School District. This service has been available to the community for the past twenty years because of the generosity of the hundreds of blood donors in the area and the Red Cross Blood Program.

This year an extra service has been added for the groups and industries that met their "20 percent plan" contracts. This extra service means that the blood needs are covered for every employee, his family, his parents and grand parents, his parents-in-law and his grandparents-in-law no matter where they live in the United States or many parts of Canada (wherever Red Cross blood is accepted at hospitals). This additional coverage is also available to all member-families of the churches that made their contracts or do so before the end of this year.

Manchester Blood Club records for the June 7th clinic show that the following groups met their "20 percent" contracts so far for this year:

- Manchester Tool and Die & Stamping Corporation 40%
- Iron Creek Church 32%
- Deeble-A Products 20%
- St. Mary's Catholic Church 20%
- North Sharon Community Bible Church 20%
- Manchester United Methodist Church 17.5%
- Manchester Plastics 15%

Two Bloodmobiles have been held in Manchester since January 1, 1971, to make the 1971 percentages for the participating groups. People who have given blood this year from the area and are not members of these groups are covered by the extra service automatically, through the Family Plan.

In order to have blood released, the individual or his family contacts the blood chairman of the group or industry to which he belongs or directly to the Releasing Committee - Mrs. Franklin Reck, Mrs. Roland Grossman or Mrs. Millard Uphams.

The Manchester Methodist Church needs five more donors to meet its quota and Manchester Plastics only needs two more.

Anyone wishing to add to these quotas and make the groups eligible for the extra services for their entire group may do so at any Open Clinic operated by the Red Cross. Make an appointment with the Red Cross at 971-5300 for any clinic in Washtenaw County and when donating design it as the pint of blood for the Manchester Blood Club and the group in which you are participating. The information will be returned to the Manchester Releasing committee and credited to the proper account.

Scheduled Open Clinics in the area in July are at:
 Monday, July 19, Second Baptist Church, 216 Beakes Street, Ann Arbor, 2 to 8 p.m.
 Tuesday, July 20, Towsley Center, E. Hospital Drive, Ann Arbor, 2 to 8 p.m.
 Monday, July 26, Ypsilanti State Hospital, Occupational Therapy Bldg., Ypsilanti, 9:30 to 3:30 p.m.

BRIDAL SHOWER
 Mary Frances, Susan and Cecilia Fielder were hostesses at a Bridal Shower on Sunday honoring Miss Mary Anne Barlage. Guests were present from Willis, Milan, Plymouth, Belleville, Jackson, Brooklyn and Manchester.

HONOR AMERICA DAY

June 28 through July 4
 Independence Day

Editorial
 ***** July 4, 1971 *****
 A DAY TO HONOR AMERICA

The 4th of July weekend offers time for a taste of recreation, a bit of fun popping off fireworks, maybe a thought or two about that old-fashioned virtue patriotism, and innovative ways to HONOR AMERICA.

Pondering over patriotism—real patriotism—we inevitably reach the conclusion that this country just didn't happen to flourish. Much of the toil and struggle that helped make the United States strong and free represented someone's contribution in self-sacrifice, either in peace or in war.

Carrying this train of thought a bit further, many of us can't ignore the indications that America didn't wax robust from material sources alone. The idea of reverence for a Supreme Being is intertwined with the nation's development since the day the country was founded 195 years ago.

On this comfortable, lazy weekend, the churches and synagogues will have their doors open as usual on the Sabbath. If we juggled the family schedule a bit, and perhaps arranged the family picnic or golf date or trip to the beach an hour later, we could slip into our chosen church or temple and listen to the men in the pulpits reading the Scriptures and discussing the truths that weathered the test of time for centuries before 1776.

Obviously, most of us are aware—often, we're not allowed to forget—that separation of Church and State is a fundamental principle in the United States. This premise in an official sense, and undoubtedly has steered the nation away from some grave pitfalls.

But individually, throughout the country's history most leaders have been influenced by the Judeo-Christian ethics, the source of the Ten Commandments. Anyone familiar with American tradition will observe the concept of divine guidance was seldom far from the minds of those who played significant roles in shaping United States' destiny.

Here are a smattering of instances in which reverence for Sacred Providence was indicated. The list could be much more extensive.

On the day of this country's birth, the Founding Fathers wrote into the preamble to the Declaration of Independence ". . . and to assume among the powers of the earth that separate and equal station to which the laws of Nature and of Nature's God entitle them . . ."

As school children or adults, when we pledged allegiance to the flag we recited the words "I pledge allegiance to the United States of Amer-

ica and to the republic for which it stands, one nation under God . . ."

Since then we've seen the motto "In God We Trust" on our money so frequently, we've virtually forgotten it exists.

On the Tomb of the Unknown Soldier in Arlington National Cemetery is carved the inscription "Here rests in honored glory an American soldier known but to God."

So the idea of a religious observance on this Independence Day weekend assumes validity. Both Church and State today are confronted with new perplexities that the Founding Fathers never dreamed of. Consequently, religious bodies are assuming increasingly activist roles.

The questions leap out at us. What can we do about peace in Vietnam and the world? Threats to the environment? Drug addiction and disillusioned youth? Disadvantaged minorities? Unemployment? Poor housing? Hunger? Education?

These problems cry out for innovative approaches and hard work. Perhaps, as has been said about New York's vast, interrelated difficulties, they can't really be solved, but must be managed. On the other hand, maybe you hold the magic key to certain solutions.

There is an ironic footnote to current religious activism. Karl Marx contended that organized religions—particularly Christianity—diverted man's attention from the problems at hand by insisting that suffering was mankind's lot on earth and salvation could be found only in the hereafter.

But events in recent years have shown that religion is abandoning this ostrich posture and is trying to cope with temporal affairs. There is room for you to share in these programs.

Theologian Paul Tillich observed that in weighing the price of space exploration, with its effect upon social priorities, a tendency toward cynicism often follows. "These spiritual factors, however," he continued, "should never lead to a decision to give up either the production of technical tools or attempts to penetrate into outer-terrestrial spaces . . . For danger is not a reason to prevent life from actualizing its potentialities."

And in this matter of priorities, let's make a list of our own. Putting first things first, the allotting of some time for religious contemplation this holiday weekend should be tops on the schedule.
