Federal Tax Changes Affecting 1970 Returns

The Tax Reform Act of 1969 will have an impact on every taxpayer in the country. Although some of the provisions of the Act applied to 1969 calendar year tax returns, the great majority of changes will affect 1970 returns. Here is a brief look at some of the more obvious changes.

An estimated six million people will be pleased about the fact that they will no longer be required to file a Federal income tax return. The reason - the filing requirements have been eased.

The tax surcharge was reduced to 5% for the first half of 1970, and eliminated for the last half of the year. Thus, the surcharge is figured at the average rate of 2.5% for the whole of 1970.

A new "low income allowance" eliminates or reduces the taxes paid by many people.

Every taxpayer will benefit from the increase in personal and dependency exemptions from \$600 to \$625.

A great many taxpayers will find it is easier to compute their tax this year. The optional tax tables, which take into consideration the standard deduction, exemptions, and the new "low income allowance" have been extended from \$5,000 to \$10,000. In addition, the IRS will make the actual tax computation if certain requirements are met as well as certain portions of the form filled in.

Because of the many changes brought about by the Tax Reform Act of 1969 it will pay to carefully read the instructions that are included in the tax package, and start the preparation of your returns as early as possible.

Hold Annual Sauerkraut Supper

The Emanuel Church Sauerkraut Supper is scheduled for this Thursday, March 18 at 5 p.m. at the church hall, an annual event for many years, the supper was originally sponsored by the Sherwood of Emanuel and by the mid-60's was organized under the Adult Fellowship. A complete church project, Adult Fellowship, Senior Citizens and Youth Fellowship work together on an event which profits many church projects and extras such as new tables and moves for the church hall and cash or a donation toward a record player for the Sunday School and Youth Fellowship groups.

It's an event we all work together and some church members have served on the same committee for many years so most of us know just what our particular area needs for the supper will be each year, "a church member need not be afraid."

The menu calls for six cases of large size cans of sauerkraut which is served from mid-morning to mid-afternoon, mashed potatoes, seven pounds of knepfler which call for 10 dozen eggs to make, 250 pounds of ham, and from Haller's 50 pounds of Polish sausage, 35 pounds of hot dogs and 30 pounds of blood sausage. To complete the meal, a choice of over 100 pies, apple or lemon pies, rolls and coffee.

Because of the vast turn-out in past years, the dinner calls for reservations only at \$2.50 per adult and children under 12 years of age \$1. The entire family is invited and those who have small children the pastor has made arrangements for high chairs for their young guests. Year preparations are being made to accommodate 450 people.

AN OPEN LETTER TO RESIDENTS OF THE MANCHESTER AREA

The Ecology Club of Manchester High School wishes to thank all of those who have contributed to our glass recycling project. Because of the tremendous response we will conduct glass pick-ups on the last Saturday of every month. Remember to save your glass! On those days the number to call for a pick-up is 428-9421. (between 9:30 a.m. and 3:00 p.m.)

We would also like to express our appreciation to all of you who attended our first film festival. We are planning more showings in the near future. Please watch the Enterprise for dates and times.

With your cooperation and support we hope to make our community a better place in which to live.

Sincerely,
 The Ecology Club

FARM BUREAU

The Arnold Lake Farm Bureau Group met March 12 at the home of Mr. and Mrs. Emerson Haeusler with seventeen neighbors in attendance. A discussion on the use of pesticides brought out differing opinions. Two people felt that pesticide users should be licensed because liability for damage could be fixed more easily and proper application would be surer. Some felt professionals would be cheaper than the investment in so much costly machinery necessary for application. Others felt that the professional applicator would be more expensive than a "do it yourself" deal.

Some felt that there is too much licensing and control now, and that the professional might need attention due to weather, wind, and other factors. Some wondered if perhaps there weren't more acres of sprayed and fertilized lawns in our area than there were farmed acres so that perhaps the city people were more directly polluters of the rivers and streams than the farmers are.

The next meeting will be held at the home of Jack Steele on Textile Road.

PTO To Meet March 24th

The Manchester PTO will meet Wednesday, March 24 at 8:00 p.m. in the High School Auditorium.

The School Board will present the Millage Proposal and they will explain the 3 year projection on curriculum. The remainder of the evening will be spent with the School Board answering the questions presented at our PTO meetings. Below you will find a list of these questions. The first six were answered at the March 3rd, meeting. Everyone is invited to attend this meeting.

What Laws must the school run under? Examples:
 A. State Aid-Days in session
 B. Extra funds
 C. Attendance

How do teachers arrive at the marks the students receive?

How does the School Board determine if the Manchester School System is offering equal education to all of the students?

How are the priorities of the school budget determined?

What are the functions of the administration? How is the authority decided?

What agencies give support to our school district?

What changes would our students like to see in our system?

Is there any way we can help the high school age find recreation-a place to go?

Why is there a lack of classroom curriculum on Friday?

Are all teachers signed to one year contracts? Are they re-evaluated each year?

Explain tenure. Are they re-evaluated after they have achieved tenure?

Who evaluates the teachers? What source of information do you use to evaluate the teachers?

What is the percentage of children traveling by bus? by foot? If the town children have the greater percentage why do we call school off on "bad days"?

Has the board considered a lunch program? at parents' expense!!

How about having a better year book at a reasonable price so more people could afford and enjoy it? Couldn't it be printed in Manchester?

Could there be better communication to parents when school is called? Room mothers? Called at a standard time?

Shown above is one of the members of "Civart", a group of 5 university students who are in Manchester helping a newly formed Citizens committee develop ideas on what should be preserved in Manchester. Hoped for by the group is a new awareness of our town and applying these values and ideas to the Master Plan being drawn up by the Planning Commission. The next meeting will be March 23 at 8:00 p.m. at the high school library. It is open to the public.

Federal Income Tax Refunds

The Internal Revenue Service expects to issue over 50 million refund checks this year. If you are expecting a refund, proper use of the peel-off label on your tax package will help insure its early processing. This blue label will be found on the front cover of the income tax package. Check it to make sure that the name, address, and social security numbers are correct. The pre-addressed label should be peeled off the front cover and placed on the tax return that is filed with the Internal Revenue Service.

There are also several additional steps that should be taken to insure an early refund of your tax dollars. Check the following points before filing your return.

1. Use the preaddressed label.
 2. Check arithmetic.
 3. Attach a Form W-2 for each place of employment.
 4. Sign your return. Both husband and wife must sign a joint return.
 5. If you are computing your tax use the correct tax table or tax rate schedule.
 6. Total your deductions if you itemize them on Schedule A.
 7. Mail the return to: Internal Revenue Service Center, Cincinnati, Ohio 45298.
- And don't forget, early filers get early refunds.

Union Savings to Build Branch at Pleasant Lake

Cecelia Chapin

The "Little Red Schoolhouse, since '67 a landmark on the Pleasant Lake one will soon be gone.

Residents of the area, accustomed to the sight of the small red brick building at the corner of Pleasant Lake and Center Roads will lose one of the best buildings in the area.

The earliest records of the school site, describe a log cabin in which classes were held as early as 1837.

The present brick building, in use more than seventy years originally had three teaching terms a year. Fall, winter, and Spring.

The boys in a country school often absent a good deal in the spring and fall, for work on the home farm. Unhappily, therefore, that the winter term usually had the fullest attendance.

In addition to this, the chores of building fires, carrying wood, as well as the sheer difficulty of getting to work through snow drifts, made it necessary to hire a man teacher for this period. For this winter term the gentleman would receive \$150.00, the fall and spring terms, which were suitable for women to teach, \$140.00 per term.

The lady schoolmarm, of the one room school was a traveling agent. Usually a week at a time she would board with families of the village. This was often a pleasure as the good farm cooking, and family atmosphere helped her to feel "at home", however, she was also at the mercy of those who set a poor table or provided too little for her room.

Operating expenses of the interesting school in 1883 give us a year cleaning of the school-house \$1.65, \$.30 for rubbing black off the blackboards and a large supply of wood cost \$15.00.

The Union Savings Bank of Manchester will build a new branch bank at the site of the old schoolhouse.

Permission for the operation of the branch has been granted by the Commissioner of Banking of the Dept. of Commerce of the State of Michigan.

The new building will offer the full services of a branch bank including drive-in as well as walk-in services.

At the present time the site is undergoing engineering surveys and awaiting building permits.

According to Wm. Cray, president of Union Savings Bank of Manchester, director of the building program, the new facility will form a "Part of our new program for enlarged and better service for the people of this area."

The Little Red Brick Schoolhouse has been pronounced as unsafe. However the new building will be constructed to conform to the traditional style of architecture found in the western part of Washtenaw County, and with special emphasis being laid upon saving the beautiful large trees upon the property.

Fire Destroys Brown Home

Fire Chief Kensler is investigating the cause of a fire at the home of Wm. Brown, 15097 Kuhl Road. The seven room frame house was completely gutted and all personal belongings of Mr. Brown and his eight children were lost.

The alarm was turned in shortly after 8:00 a.m. Tuesday morning, and the fire department battled the blaze for three and a half hours.

Mr. Brown's wife recently passed away.

A HOUSE IS NEEDED NOW

A house is needed, preferably in the Manchester School District, for the Wm. Brown family as the result of the burn-out Tuesday morning a 15097 Kuhl Road. Mr. Brown and his eight children were left homeless as well as lost everything else that is needed to make a home and clothe a family.

Clothing may be taken to the Emanuel United Church of Christ, back door, room to the right. The sizes are for girls who wear 7, 10, 12, and 14 plus a 6 months old baby girl who wears size 1. The boys include a two year old who wears size 6 shirt and size 8 pants and a 14 and 19 year old, each of whom succeeded in getting most of his clothes out of the house. Remember when a fire wipes out a home it takes underwear, towels, linen and everything.

If anyone has household furnishings they would like to donate when the Browns find a house, please call Mrs. Franklin M. Reck, Red Cross contact in Manchester at 428-8852. Do not bring these things yet. A list will be made and they will be collected as soon as there is a place for them.

The Browns family is familiar with misfortune and tragedy. Mrs. Brown died suddenly just before last Christmas as she sat rocking the baby before a window of the old farm house.
