 tant announcement soon will concern  
 a big event at the Baptist Chapel  
 on Macomb Street, Macomb. Any-  
 one who may be interested in receiv-  
 ing the Manchester Messenger a free-  
 of-charge weekly devotional pub-  
 lic by Pastor Morris, may do so by calling  
 428-7146 or 428-5231.

### KINGS DAUGHTERS

The Kings Daughters Luncheon so-  
 cial will be held at 12:30, July 27 at  
 Cam Park, weather permitting. If bad  
 weather, it will be held in Fellowship  
 Hall at the old church.

Each member is asked to bring  
 a large dish to pass and the gift card  
 gift at prices.

Table service and coffee will be  
 furnished. Guests have been invited  
 from the Chelsea Methodist Home.

### IRON CREEK CHURCH

Several children of the Sunday  
 School have been attending Bible  
 Camp at Gull Lake the past two weeks.  
 The Junior Choir had a picnic at Wa-  
 shburn State Park and also toured the  
 Farm Museum recently.

Sunday, July 23rd, Rev. Joe  
 Morone of Ypsilanti will be the Guest  
 Speaker at the Morning Worship Hour  
 10 a.m. and in the Evening Service  
 at 7:30.

On July 30th the returned mis-  
 sionaries from Korea, Rev. and Mrs.  
 Glen Reavis will be with the Iron  
 Creek congregation. The Reavis  
 have been here of previous furloughs  
 and are always much enjoyed.

Vacation Bible School will be  
 held at Iron Creek with the  
 Rural Bible Mission director, Dave  
 Beard. There will be further announce-  
 ment in the Enterprise. Mark the date  
 on your calendar and get your child-  
 ren ready for August 7-11. This is al-  
 ways a big event at Iron Creek and we  
 hope for at least 100 children again  
 this year.

She was born February 19, 1889,  
 in Manchester, the daughter of Fred-  
 erick and Rosina Jedele Haarer.  
 She was married to Albert Arm-  
 bruster on November 23, 1910. He  
 preceded her in death on April 15,  
 1961.

She was a member of Bethlehem  
 United Church of Christ in Ann Arbor.  
 The Ladies Auxiliary of the Church  
 and the Lady Arbeter society of Ann  
 Arbor.

She is survived by 2 brothers,  
 George and Herman, both of Ann Ar-  
 bor; 3 sisters, Mrs. Amanda Widmay-  
 er of Manchester, Mrs. Matilda Hind-  
 erer of Chelsea, and Mrs. Lena Riedel  
 of Manchester; and several nieces and  
 nephews.

She was preceded in death by  
 4 brothers, Fred, Clarence, Lawrence,  
 and Harold and one sister, Mrs. Emma  
 Hildinger.

Funeral services were held Tues-  
 day at the Jenter Funeral Home in  
 Manchester. Rev. Richard L. Cle-  
 mans officiated. Burial followed in  
 Bethlehem Cemetery.

Recipients of the Manchester  
 Jaycee Auxiliary Scholarships for this  
 year are Susan Osborne and Donald  
 Brown.

Susan has finished one year of  
 a two year medical secretary course  
 at Clear College. Donald has al-  
 ready enrolled in an electrical engi-  
 neering course at Washtenaw Commu-  
 nity College.

To Sue and Don go our congrat-  
 ulations and to the rest of the students  
 who applied we give our thanks and  
 urge you to try again next year.

## Deaths

Mrs. Mary Armbruster  
 Chelsea Methodist Home

Age 83 years, formerly of 1404 East  
 Park Ann Arbor, died Saturday after-  
 noon at the Chelsea Community Hos-  
 pital.

She was born February 19, 1889,  
 in Manchester, the daughter of Fred-  
 erick and Rosina Jedele Haarer.

She was married to Albert Arm-  
 bruster on November 23, 1910. He  
 preceded her in death on April 15,  
 1961.

She was a member of Bethlehem  
 United Church of Christ in Ann Arbor.  
 The Ladies Auxiliary of the Church  
 and the Lady Arbeter society of Ann  
 Arbor.

She is survived by 2 brothers,  
 George and Herman, both of Ann Ar-  
 bor; 3 sisters, Mrs. Amanda Widmay-  
 er of Manchester, Mrs. Matilda Hind-  
 erer of Chelsea, and Mrs. Lena Riedel  
 of Manchester; and several nieces and  
 nephews.

She was preceded in death by  
 4 brothers, Fred, Clarence, Lawrence,  
 and Harold and one sister, Mrs. Emma  
 Hildinger.

Funeral services were held Tues-  
 day at the Jenter Funeral Home in  
 Manchester. Rev. Richard L. Cle-  
 mans officiated. Burial followed in  
 Bethlehem Cemetery.

Recipients of the Manchester  
 Jaycee Auxiliary Scholarships for this  
 year are Susan Osborne and Donald  
 Brown.

Susan has finished one year of  
 a two year medical secretary course  
 at Clear College. Donald has al-  
 ready enrolled in an electrical engi-  
 neering course at Washtenaw Commu-

## Bill Lamming Celebrates 91st Birthday

Mr. C. William Lamming's 91st  
 birthday was celebrated Saturday at  
 the Pleasant Lake cottage of a niece  
 and her husband, Mr. and Mrs. Wil-  
 liam Watson. Coming from Chagrin  
 Falls, Ohio, were Dr. and Mrs. Ver-  
 non Rowland, Mr. Lamming's daugh-  
 ter. Western College Sophomore Su-  
 san Rowland was here from Yellow  
 Springs, Ohio, where she is a summer  
 staff member of the Antioch College  
 Environmental Center. Case Western  
 Reserve University students, Mr. and  
 Mrs. John Shriver (Ann Rowland),  
 came from Cleveland Heights, Ohio,  
 to help Mr. Lamming celebrate.

Mr. Lamming's birthday did not  
 diminish his interest in the dedica-  
 tion of the bridge for he had worked on the  
 construction of the former bridge.

Dr. and Mrs. Rowland will leave  
 shortly, joined by Susan, for Boulder,  
 Colorado, where Dr. Rowland, a re-  
 searcher and professor in Case Western  
 Reserve University School of Medicine,  
 will participate and lecture in a Uni-  
 versity at Colorado Neuroscience sem-  
 inar. He will be paying tribute there  
 to the international scientist, Dr. A-  
 harn Katchalsky, who was among  
 those killed by Japanese terrorists in  
 May at the Tel Aviv airport. Dr. Kat-  
 chalsky was on his way from Boston,  
 where he and Dr. Rowland had been  
 co-chairman of meetings at the Amer-  
 ican Neuroscience Institute.

### AUGUST INDUCTION CALL

All available registrants with  
 lottery numbers 75 and below will be  
 called by Michigan local boards for  
 induction in August. It has been an-  
 nounced by Arthur A. Holmes, state  
 director of Selective Service.

The August induction call will  
 affect 1,447 registrants reported as  
 available by local boards. Approxi-  
 mately 800 registrants were ordered  
 for induction under the national call  
 for July with Random Sequence num-  
 bers 50 and below.

The August call will be filled  
 primarily with Class 1-A and 1-A-0  
 registrants who have lost their deferments  
 or whose postponements of induction  
 expire in August. Induction orders  
 must be issued by July 31. Non-vol-  
 unteers will receive at least a 30-day  
 notice in advance of their induction  
 date.

Under a recent change in regu-  
 lations registrants ordered for induction  
 are now permitted to enlist in the reg-  
 ular armed forces or in National Guard  
 and reserve units if enlistment action  
 can be completed at least 10 day pri-  
 or to induction date. Selective Ser-  
 vice has authorized this new program  
 in cooperation with the Department  
 of Defense to encourage enlistments  
 in the reserve and National Guard.

An additional 4,380 registrants  
 will be ordered for armed forces phys-  
 ical examination in August to deter-  
 mine their acceptability for military  
 service. Examinees will include regis-  
 trants born in 1952 with lottery num-  
 bers 100 and below, along with regis-  
 trants born in 1953 with lottery num-  
 bers 50 and below.

## New Minister At Manchester Baptist Chapel

Mr. Alan W. Morris, 33, was  
 born in Wilmington, North Carolina  
 and has come to Manchester from  
 Lynchburg, Virginia after having pas-  
 tored churches in both Georgia and  
 Texas. He received his Bible train-  
 ing at Piedmont Bible College in Win-  
 ston-Salem, North Carolina.

During the tenure of Pastor Mor-  
 ris, the Baptist Chapel intends to con-  
 struct a new house of worship on M-  
 52 north of the village limits.

### STATE HEALTH DEPARTMENT ENDORSES WINE'S HEALTH VALUE

Wine was the nectar of the gods during Greco-Roman times, and also a favorite of the common people. Today, wine holds its position as a favored potable, not only because it's an enjoyable beverage but also because it contributes to health and well-being.

Medically speaking, reports the Massachusetts Department of Public Health, wine is good for us — in moderation, of course. Uses of wine are increasing as more physicians are taking a look at its restorative qualities as aids to the ill and infirm.

The ancients knew wine as a safe and healthful beverage, providing vitamins and calories before scientific nutrition was born. Wine offered them tranquility and relaxation in relief of a physically strenuous life.

Wine contains many elements essential to energy and body maintenance, according to the state Public Health Department. Wines aid digestion, and when served to patients in hospitals and nursing homes, has lessened complaints and boosted morale, according to recent studies.

### Local Businessman Avid Race Fan

Mr. and Mrs. Ed Wurster of Manchester have long been known as the owner of the Wurster Greenhouse. Not many know of another activity of their auto racing.

Several years ago, the Wurster's entered racing actively as a sponsor of Harold Schill's car #65. This car was tops in its class for many years.

Since then Ed and Rowena bought race cars and have had Marv Carmen of Union City, Michigan, drive for them. There were many victories and some heartbreaks; but that all goes along with racing.

Now a new car was built for the Wurster's. A beautiful orange and white roadster #55. Marv is the chauffeur and doing a great job. A new racing club has been formed - TRISAC, Inc. - which has sprints and roadsters super modified racing throughout Michigan, Ohio, and Indiana. The #55 is usually tops on the track wherever it races.

Paid Political Adv.

Mrs. Burgoyne believes in the courts as the place where lawyers and judges help mend the ills of society.

VOTE  
**SHIRLEY BURGUYNE**  
FOR  
CIRCUIT JUDGE  
Washtenaw County

Lately the Wurster's and Carmen's went to Delaware, Ontario, Canada, International Speedway where Marv was fourth in timing and eleventh in the feature.

At Sandusky, Ohio, he was 4th in timing, third in Dash, ninth in heat, third in pursuit and Feature. At Angola, Indiana, for TRISAC, the #55 was third in timing, third in dash, second in pursuit and won the feature. Avilla Speedway, Indiana, another TRISAC race, Marv set second in timing, fourth in dash, and second in the pursuit after flying off the track to avoid hitting another car. The race was rained out so the feature was run on July 15.

On July 29, the TRISAC sprints and modified will be appearing at Berlin Speedway, near Grand Rapids, Michigan. Time trials 6:30 p.m. Come out and see the Wurster's car and several other of the Manchester drivers - Chuck Roumell, Jim Steimen, Fred Saltenright, and Bill Heeney.

Thanks to people like the Wurster's, racing is fast becoming the number one sporting event in the United States. Bring your family and enjoy the races. See you there.

"The railroads are moving ahead to meet their transportation obligations to the limit of their present capability. The capability could be vastly increased if Congress would move with equal dispatch in the field of transportation legislation."

Ask **Senator GRIFFIN**

By cutting through red tape, members of Congress can often lend a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

My father was completely disabled while serving in the military during World War II and has been unable to work since then. Although my mother has worked and has kept the family together, there was no money left to be set aside for my college education. I have worked and have put aside some money, but it is not enough. Is there any way I can obtain some additional funds to continue my education?

Yes. In addition to a number of other student aid programs, you are entitled to a special benefit by virtue of your father's service-connected disability. The Veterans Administration will pay up to \$175 per month for the college education of a wife, widow, son or daughter of a veteran who is completely disabled or deceased as a result of service in the armed forces. These payments are usually provided for sons and daughters between the ages of 18 and 26. Wives and children of servicemen who, for more than 90 days, have been missing in action, captured in the line of duty by a hostile force or forcibly detained or interned in the line of duty by a foreign government are also eligible for these educational benefits. You may apply by contacting your nearest Veterans Administration office.

The black I live on is slowly being taken over by pigeons. A few years ago we didn't have any, but now you can't take a step without being surrounded by these birds. They make a mess out of everything—isn't there some way I can control them?

The Department of the Interior has published a pamphlet designed to alleviate your avian misfortunes. Write to the Interior Department, Fish and Wildlife Service, Bureau of Sports, Fisheries and Wildlife, Washington, D.C. 20240, and ask for their free leaflet #409, "Bird Control Devices—Sources of Supply." Along with most other city-dwellers, I sympathize and wish you luck.

# COUNCIL PROCEEDINGS

July 12, 1972

Council met in regular session with the meeting called to order by Pres. Little at 7:07 p.m. Present were Benedict, Fitzgerald, Scully, Staur and Walton; absent Mahony. Minutes from the June 19, 1972 regular meeting were read. Moved by Fitzgerald, supported by Scully to approve the minutes. All yeas, carried.

A letter from the Village Planning Commission concerning G.E. Wacker's property on West Main Street and his request to erect a building for use in conducting an ornamental and candle business was read. The Commission recommended that Council deny the request for permission unless the area be rezoned to light industrial. Enter Mahony at 7:27.

Sam Beal was present with David Stier, his architect, to inquire into the necessary permits and procedures to raise a building as well as remodel the existing hardware building and convert the second story to apartments. The only problem would be with the proposed apartments since none have been in the building previously. This is a zoning problem and would have to go before the zoning board.

Bids for a new dump truck for the DFW were opened at 8:00 p.m. The Chevrolet bid a bid of \$6,691.00 for a 1973 truck. Tom Marshall Ford bid \$6,130. Chevrolet bid \$6,130. There were several items different from specifications on both bids. Moved by Scully, supported by Benedict to authorize the Public Works Committee to review the bids and then reach a decision. All yeas, carried.

Mr. Melik was present concerning an addition at 114 Riverside Drive. The owner wishes to finish the work in stages. He was advised to obtain a permit for the total job and after a year the permit would have to be renewed if the work were incomplete.

A permit application was submitted by G.E. Wacker and refused because the proposed structure would be in violation of zoning ordinance in a motion by Walton and supported by Benedict. All yeas, carried. Mr. Wacker was advised to file an application with the clerk for a conditional use permit to operate an ornamental shop. A public hearing of the Zoning Board of Appeals would then be set.

John Holland of McNamee, Pomeroy and Sealey discussed the order of the Water Resources Commission with Council. The stipulation requires study and a report before September 15, 1972. This study and report to be installed on Duncan Street from Riverside Drive to Adrian Street must be set out for bids. Mr. H. Lund will make arrangements for bids to be received by the Village for opening at 8:00 p.m. August 1 in the Village Hall.

Chief Becker reviewed the monthly report for Council.

Staur listed permits for electrical, Richard Burke for Charles Knorpp; plumbing, Sam Beal; hardware store; alterations, James Kensler; electrical, Sam Beal; electrical, L. Pat-Aubum Street; alterations, Robert Nichols-City Road; alterations, Marie Gaff, 106 E. Main; electrical, L.V. Kirk, Beal's Hardware, alterations, Mike Scully.

A letter from Mrs. MacLeod concerning the dust caused by an aircraft when taking off within the Village was read and discussed.

Some interest has been shown in purchasing the property which was at one time the old dump site. Since it must be sold at public auction, a discussion ensued over a lower limitation on bids. It was suggested that further discussion be carried on at the next meeting. Moved by Scully, supported by Walton to adjourn at 11:10. Motion carried.

Mr. H. Wacker, Clerk

## Meet Bob Evans

A Sunday afternoon drive through the country, with a short visit in Manchester, was all the persuasion needed for Mr. Bob Evans to decide to locate his business here.

Born in Mt. Clemens and growing up in Canterline gave Mr. Evans a knowledge of small town living. After four years Navy service during the Korean War, he moved to Ann Arbor nine years ago. Working as Credit Union Manager for University Hospital and also for King Sealey, he then joined State Farm Insurance Company.

Married to Marge, they have five children, Kevin, Brian, Karen, Sally, and Lynn.

The agent for this area, Taylor Gage, after 46 years, wished to retire and queried Mr. Evans about opening an office here. The answer was "yes", and he has located in the Edwards Building on the corner of Riverside and Duncan.

## LIBRARY NOTES

A beautiful new book, a memorial gift to the library, given us by Mr. and Mrs. Ralph Oesterley, Mrs. Anna Vogel and Mr. and Mrs. Louis P. Vogel. The title is "The Wise Garden Encyclopedia". A real Gardeners Bible, and with the weather improving, it may be a good time to get outside and work.

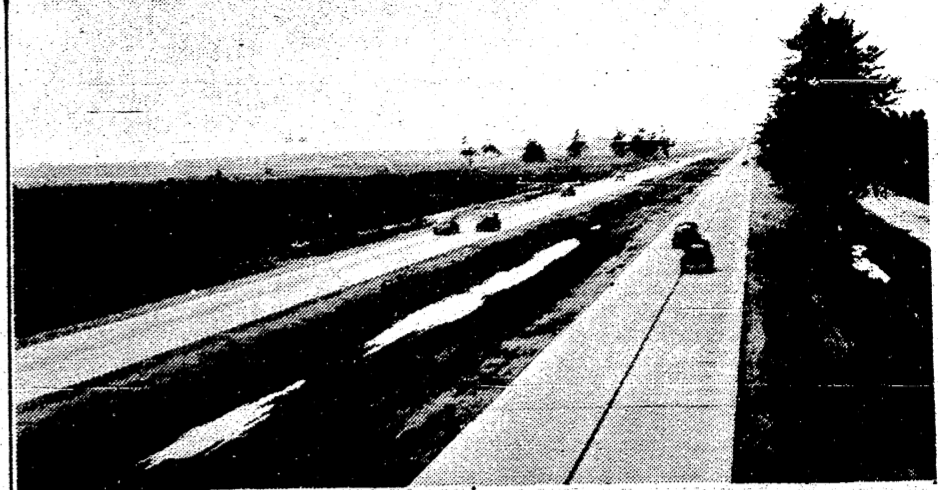

Here are some new titles on our shelves:  
First Blood - Morrell  
Walk in the Paradise Garden-Maybury  
The Terminal Man-Crichton  
The Friends of Eddie Coyle-Higgins  
11 Harrowhouse-Browne  
Defending the Environment-Sax  
The Night of Four Hundred Rabbits-Peters

On the Side of the Apes-Hahn  
Girl 20-Amsis  
An Accidental Man-Murdock  
Hail, Hail, the Gang's All Here-Hunter  
Citizen Nader-McCarthy  
The Dahomean-Yerby  
Revolt in April-Mercer  
Foxtay-Jestup  
Island in the Wind-Gerson  
Home for the Wedding-Cadell  
The Goddess Abides-Buck

## LOCAL CITIZEN RETIRES

Rudolph Boelter of 114 City Rd., Manchester, an employee of the Washitaw County Road Commission for the past twenty-four years, retired on June 30, 1972.

Mr. Boelter worked in the Ann Arbor District yard during his employment with the Commission, doing the many various road maintenance jobs on the County roads in the district.

Thirty years ago, in the summer of '42, Michigan entered the freeway era.

The Willow Run Expressway providing access to the sprawling Ford Motor Co. bomber plant near Ypsilanti was opened to traffic.

Work was under way on the adjoining Detroit Industrial Expressway, Michigan's first limited access facility with no grade-level intersections and no traffic lights to slow the movement of traffic.

Together, they enabled scores of thousands of war plant workers to drive easily from their homes in Detroit to Ford's River Rouge industrial complex and to the bomber plant farther west. Millions of cars and trucks have traveled literally billions of miles over the four-lane roadway in the three decades since then.

Now, the state is tearing up the aging Willow Run Expressway and building a new one to modern freeway standards. Work began last week on an \$8.54 million contract to reconstruct the freeway from Haggerty Road east to Ozga Road in Romulus and build part of the big interchange with new I-275 Freeway, which will provide a western by-pass of Detroit.

"The Willow Run Expressway performed its war-time duty with great effectiveness and has served Michigan well in the intervening years," said State Highway Director Henrik E. Staebeth. "Its construction in less than a year will always stand high among the achievements of Michigan's road-builders and state highway engineers."

Work was under way on the adjoining Detroit Industrial Expressway, Michigan's first limited access facility with no grade-level intersections and no traffic lights to slow the movement of traffic.

Together, they enabled scores of thousands of war plant workers to drive easily from their homes in Detroit to Ford's River Rouge industrial complex and to the bomber plant farther west. Millions of cars and trucks have traveled literally billions of miles over the four-lane roadway in the three decades since then.

Now, the state is tearing up the aging Willow Run Expressway and building a new one to modern freeway standards. Work began last week on an \$8.54 million contract to reconstruct the freeway from Haggerty Road east to Ozga Road in Romulus and build part of the big interchange with new I-275 Freeway, which will provide a western by-pass of Detroit.

**WASTEFUL STUDIES**

"Well, the federal government has come up with another one of its wasteful studies. And it is costing \$25,000. Believe it or not, but the Department of Health, Education and Welfare (HEW) has proposed a \$25,000 study to find out why toys fall off of tricycles. Title of the proposed study as reported by the Associated Press is: 'The Evaluation and Parameterization of Stability and Safety Performance Characteristics of Two- and Three-Wheeled Vehicular Toys for Riding.' We have a nut. He falls off of his tricycle. And it didn't cost us \$25,000 to decide he was too small to be on it. We would happily pass along this starting finding of ours—for nothing, if Uncle Sam wants it."

**THE BIG ONE THAT DIDN'T GET AWAY**

Don Snoele with a 4 pound 7 ounce large mouth bass caught in Watkins Lake near Manchester.

"It was interesting to note during the astronauts' stay on the moon that the lunar rover that carried them to their various destinations cost approximately \$10 million to develop and build. It has to be a consolation for those of us who struggle to keep an automobile running, that even at that price, a fender fell off the rover."

"Railroads are definitely not a dying industry. They carry 40 percent of all the nation's freight tonnage. If they didn't exist, we would have to invent them. Otherwise, we could not exist."

"There's a new doll on the market. It's called a welfare doll. You wind it up and it doesn't work. How true! How true. Certainly there are people who are deserving of welfare, and they should have it. But on the other side of the fence are those who do not need welfare but apply and get it just to keep from working. There should be some way of regulating this."

"America's highways may benefit from America's space program," observes The Elks Magazine. The publication went on to report that, "The California Division of Highways is testing a new rubber-like material which NASA developed originally as a binder for solid rocket propellants. It may prove to be an improved material for patching concrete roads, according to NASA."

**20 Century Club Players Needed**

**ATTENTION BRIDGE PLAYERS**

The 20th Century Bridge group is in the process of regrouping and would like to extend an invitation to all interested persons to take part. For details contact either Dorothy Mann or Mary Blossom.

Again this year there will be divisions for couples as well as the women pairs. Also the format of starting in September and ending in May will be continued as well as the arranging of matches by mutual consent of the involved persons.

Winners this past season in couples were Mr. and Mrs. Dan Boutell and Mr. and Mrs. Finn Olsen. The women's divisional winners were the teams of Mary Kortan-Cheryl Higgins and Ellen Pratt-Wanda Tirb.

Proceeds from the tournament will again be used for Community Improvements decided upon by the members of the 20th Century Women's Club. The following is a list of previous expenditure items: supporting the community Chest, purchase and maintenance of the Main Street hanging baskets, tennis court paving on the Athletic Field in conjunction with other organizations, two new high school band uniforms, eight Hitchcock chairs for the Public Library, and the cost of supplying four specially designed lamps which will soon be installed on the new Main Street Bridge.

**Easy Does It**

On hot summer evenings even the best cooks can lose their enthusiasm for fixing family suppers. At such times an easy-to-make main dish salad may be the perfect choice. The Summer Salad Bowl pictured above is an appetizing combination of tomatoes, crisp greens, butter-flavored mushrooms, julienne of canned luncheon meat accented with packaged herb seasoned croutons and tossed with a tangy lemon and oil dressing. As a variation add Swiss cheese strips or hard-cooked egg slices. To accompany Summer Salad serve seeded rye bread, thinly sliced and buttered. Easy does it!

**SUMMER SALAD BOWL**

- 2 quarts salad greens, torn into bite-size pieces
- 2 cups herb seasoned stuffing croutons
- 2 3-oz. cans chopped broiled mushrooms, drained, reserving butter broth
- 3 tomatoes, peeled, cut in wedges
- 1 12-oz. can luncheon meat, cut in julienne strips
- 1 cup vegetable or olive oil
- 1/2 cup bottled lemon juice
- 1 clove garlic, pressed
- 2 teaspoons Italian seasoning
- Salt and pepper

Place greens in large salad bowl. Add croutons, mushrooms, tomato wedges and luncheon meat strips. For dressing, place vegetable oil, bottled lemon juice, 1/4 cup of the reserved butter broth, garlic and Italian seasoning in a jar. Add salt and pepper to taste. Cover jar and shake well. Pour desired amount of dressing over salad; toss lightly. Serve immediately in chilled salad bowls.

Yield: 4-6 servings Summer Salad, 1 3/4 cups dressing

**Peanut Butter Plus Ice Cream Good Taste**

You may know the trick of stirring peanut butter into softened ice cream then refreezing the mixture. Or the good taste of a peanut butter sauce on ice cream. But here's a new twist on an old familiar recipe. Make up a peanut crunch with crisp rice cereal and use it in a variety of ways for ice cream desserts.

An ice cream dessert is made all the more nutritious by the addition of peanut butter, which in itself is one of our most nutritious foods. Peanut butter is a high energy food, rich in protein and an excellent source of niacin, a B vitamin. The oil in peanut butter is a good source of the essential polyunsaturated fatty acids. So you see, it makes sense to boost the nutritiousness of ice cream by the addition of peanut butter.

**Peanut Butter Crunch:** Mix together 1/2 cup light or dark corn syrup, 1/2 cup Skippy creamy or chunk style peanut butter. Add 3 cups crisp rice cereal and stir until cereal is well coated.

**For Ice Cream Bars:** Press the crunch mixture into a waxed paper lined 13 x 9 1/2 inch pan. Chill until firm. Turn out of pan, remove waxed paper. Cut in half, fill with ice cream and cut into bars. Wrap and freeze until serving time.

**For Ice Cream Cake:** Press the crunch mixture into 3 waxed paper lined 8-inch cake pans. Chill until firm. Unmold, remove waxed paper and fill with ice cream. Wrap and freeze until serving time.

**For Ice Cream Pie and Tarts:** Press crunch mixture into 8-inch pie pan or into 8 medium cup cake pans. Chill until firm. Fill with ice cream and serve at once.

**AGRICULTURE  
IN ACTION**  
*by Carl P. Kentner*  
**MICHIGAN FARM BUREAU**

Most of mankind's scientific progress has been made in the past 100 years. In fact, over fifty percent of the scientists the world has known are alive today. With the beginning of the industrial revolution in our country, farmers for the first time in history were offered modern agricultural tools.

As the farm industry of our nation grows, its need for new developments grows also.

Our nation's agriculture is engaged in a battle for survival. The outcome of this battle centers on a farmer's ability to use his resources, land and money to make an adequate income to sustain himself and expand his operation. Money must be available to pay for feed, seed, fertilizer and equipment.

Today, more than ever before, inventive technique plays a basic role in the development of farm machinery. Giant corporations earmark millions of dollars each year for research and development of new equipment for the agricultural industry.

What is not generally disclosed, however, is that the individual inventor, the farm shop mechanic and the basement workshop handyman, are contributing greatly toward farm implementation. Each year, equipment manufacturers are focusing more attention on this source for new ideas.

With our agricultural productivity taking an increased international scope in recent years, the search of new developments has been intensified.

It is not surprising to discover that many of the new farm practices, ideas and equipment have been devised by farmers. Ideas came largely from necessity or a means to cut costs.

Farmers have helped develop new pickers, shakers, sprayers, soil conditioners, sprinklers, weeders, diggers, dusters and many more, and in most cases, because what was available to them at the time did not quite meet their specific needs.

"Scientists agree that the earth is at least 4.5 billion years old. However, there are varying theories as to its origin. Some have suggested that it was created from a great cloud of dust. Others would have you believe that it was created from a piece of the sun. Frankly speaking, we still prefer the one that begins... 'In the beginning God created the heaven and the earth.'"

## "Feed Mill" Manchester Landmark

By C. Chapin

Standing on the ground near the Mill door is a Vertical Turbine, or mill wheel, a rare opportunity for everyone in the community to see what is happening underwater, to provide power for grinding.

When, in 1826 Major John Gilbert of Ypsilanti, took up this land from the United States Government, he promptly laid out a little settlement, first setting aside the property and water power rights on the river, designating the streets and planning city lots for buildings, then even allowing for a park on the main street, in the manner of the New England towns.

The location and water rights, that is, the right to maintain 12 feet of head water and power for running 2 stone having been sold, then in 1839 Stephen Fargo built the first flouring mill - 1841 and three men, Benjamin Ford, Cyrus Smith and Mr. Truhl held the property for one year, for in 1842 Charles Noble and Austin Wing acquired the property to hold it for twenty-six years. During this period the mill was destroyed and rebuilt at least once. James Fountain owned it from 1866 to 1877 when George Sedgwick ran it for 9 years then in 1886 Noah Holt bought it and had some little financial trouble for it became the property of the Peoples Bank. Lewis Lonier and Wm. Hoffer bought the property in 1902 and built the present dam at about 1912 when Mr. Lonier died in 1919 Mr. William Blass became a partner and then the final owner after Hoffer passed away in 1930. During these past few years much trouble had come upon the old property, for in 1924 a great fire swept the mill and nearly destroyed the entire downtown area. Rebuilt as a grinding mill at that time it has operated under the direction of Willard Mann & Sons since 1940.

For machinery experts we should say that in 1954 the operation was changed from an attrition mill process to a hammer type, and I'll not explain that. Ask Willard!

Below the level of the street and on the river side, lies the flume, which is under water, the depth of this is the

head water, always at the same depth as the pond on the other side of the bridge. There are really three of these wheels even though only one has been used for many years. Having been manufactured by a company in Ohio, still in business, the wheels are dated 1886, 1896, and 1903.

The unique quality of our town comes in large part from the fact that we have managed to be progressive without losing our ties to the past, and the sight of wagon loads of grain brought to the Miller for grinding into feed is a normal one for downtown Manchester.

The farmer who orders his bins automatically filled in the same way we order our oil tanks supplied, also takes part in a more modern service.

## 1972 Michigan Honey Queen

"Michigan Honey Queen", Miss Terri Lynne Sallows of Adrian, was one of the guests at the Chicken Broil last week.

Terri, an art and home economics major at Siena Heights College in Adrian, will be making several appearances through out the summer at various fairs. Among them will be the Michigan State Fair where she will compete for "State Fair Queen".

## Contemporaries Return July 28

On Saturday, January 22, 1972, a group of young people, from the Blue Water Youth For Christ, came to Manchester, and put on a very fine musical program for the people of Manchester.

On Sunday, January 23, this same group performed for two area churches during the church services.

After their departure from Manchester, many people expressed disappointment that they were unable to hear The Contemporaries on these two days.

For those people, and for the people who did hear the Contemporaries, they have asked to come back to Manchester, on Friday evening, July 28, to once again perform for the people of Manchester.

This will be their first stop on a ten day nation wide tour. From here they will be going to Iowa.

The Youth Fellowship and Sunday School Department of the Emanuel United Church of Christ will be sponsoring them. With tickets being sold at the door for a reduced price of just \$1.25 donation fee.

We hope those people who did not hear The Contemporaries as well as those people who did, set this date, July 28, at 8:00 p.m. aside and plan to come to the Manchester High School Study Auditorium to listen to an hour or so of very fine vocal music, to be enjoyed by both the young and young at heart.

With preschoolers free, you won't even need a babysitter, unless you want to find one, so come, everyone and find out that The Contemporaries, are a great group of kids trying to put across the message that pot, drinks, and smoking is not the greatest, Christ is!!!

## Celebrate Silver Anniversary

An Open House, in honor of the twenty-fifth wedding anniversary of Mr. and Mrs. Edward P. Steele, Jr., was held Saturday, July 22. Hosting the party were the couple's five children; Bobbie, Marcia, Edward III, Jackie and Charlene; Mrs. Cora Steele, Mr. and Mrs. Wm. Richardson, Mr. and Mrs. Robert Trent, Mr. and Mrs. Erving Kensler, and Mr. and Mrs. Charles Steele. Mrs. LeRoy (Alice) Dresselhouse cut the anniversary cake. Edward Parks Steele, Jr. and Maxine Jenter were married July 19,

1947 at the Emanuel Evangelical and Reformed Church by the Rev. H.S. Ragus.

Honor attendants were Mrs. Le Roy Dresselhouse and Mr. Charles Steele, sister and brother of the couple.

Bridesmaids were; June (Olson) Jenter, Francis (Lephis) Knauss, Mrs. Robert Trent, and Mrs. Erving Kensler. Ushers included Ronald Jenter, William Richardson, Richard Spaford and Robert Trent.
