Welcome To Manchester

By C. Chapin

The crisp cool air of fall brings the color to the countryside, and we who live in the village are blessed with a town that has trees, lots of trees. Main street is glorious with Maple in all shades. To really appreciate how fortunate we are one has only to talk with people who have recently moved here and are full of praise.

At 305 Main St., in the Carter Ray house live Margaret and Richard Boatwright, and Floebe, 18, Jane 16, Nelson 13, a former Mayor of Ypsilanti, is Elementary School Principal at Weller School in Dearborn Hgts. Margaret formerly taught and is full of praise for our schools.

Robert and Olga Nickels, of 704 City Rd. (the former Koemke House) and their children Aleta, Tim, Robert Jr., Douglas, Daphne and Fred, are delighted

to find a large house in a small town and happy to have a fine school system. Robert works in Purchasing and Inside sales at American Broach in Ann Arbor and Olga sells World Books as a part time hobby.

The gothic brick home at 607 City Rd. (Callaway's) now is owned by Ron and Karen Schaefer and 1 yr. old Erin. Ron travels a good deal selling sporting goods and in summers works at his parents Valley Farm Summer Camp in the Irish Hills. Karen attends graduate school at the Univ. of Mich. working on her masters in Education. Karen says they looked and looked all over and finally found the right house in the right town.

Bruce and Sharon Hunt live at 327 Schaffer Ct., with Scottie, 8, Kristina 4, and Andy 1. A Consumers Power Coordinator, Bruce and Sharon have moved often and when he was transferred here, they found a town they would love to stay in.

The Eliza Martin house at 212 Duncan now is the home of Damon and Nancy Crumb. The boys, Christopher 11, Tyler 9, and Sean 7, have joined Boy Scouts and are happy at school. A Cost and Budget Analyst at Bendix Aerospace in Ann Arbor, Damon belongs to the Hudson Club, and is an antique car buff. Fang, the St. Bernard is part of the family and is really a pussycat.

Back on Main St. at 115 W. Main is the Bedrosian family, Sidney and Pat and Dan 15, Julie 13, and Jenny 11. A toolmaker at Hydramatic in Ypsilanti, the Bedrosians formerly lived near Livonia and are delighted with our little town.

Donald and Judith Denhoff and Anne 13, Janet 11, and Margaret 6, will be moving into the Main St. Home that was remodeled by Dick and Mary Kouasse, in about 3 weeks. Donald works as Asst. Sales Mgr. at the Uniloy Division of Hoover. Working mostly in Saline but also at the Manchester Division, they feel they will enjoy living here.

Welcome neighbor and happy to have you here. We hope you will be happy and contented with our way of life.

Bloodmobile Friday, Oct. 20

Manchester Blood Club has used 102 pints of blood so far this year. You will have the opportunity to build up the Club's account when the Bloodmobile comes to the Emanuel Church of Christ October 20 between the hours of 12 and 6 p.m.

The Blood Club covers the needs of all residents of the Manchester School District. Also according to the 20% plan publicized for the February 12, 1972 clinic, the entire membership of the North Sharon Bible Church and the Iron Creek Church are covered as well as the parents, children under 18 and those children over 18 who are unable to give blood, parents-in-law, grandparents, grandparents-in-law and unmarried brothers and sisters of single members no matter where they live. Other churches in the area will have the chance to meet 20% of their family membership-goals at this Bloodmobile.

Industry is also covered by the 20% plan. Manchester Tool and Die and Stamping have met their quotas so donors from there may give to their church or for the club at this time. The other industries in Manchester are working toward having 20% of their employees as donors to meet their quota for the year.

Pick up a "1 in 5" folder at the Manchester Union Savings Bank to learn more about the program. Then sign up for your appointment to give October 20.

The next Bloodmobile scheduled for Manchester is to be March 30, 1973.

LETTERS TO THE EDITOR

Sir:
On November 7th we will vote on an extremely important issue--one which will have long ranging implications for all of us. This issue is abortion.

Surely, we would all agree that life is the most fundamental of rights. Until relatively recently, all human life has been jealously guarded by both law and tradition. Therefore, the current disregard for the developing baby is difficult to explain. Perhaps the creeping notion that pleasure is of utmost importance has made us more willing to accept extreme solutions to many unpleasant situations. At any rate, abortion has become a household word, regarded as a simple and complete solution to an unwanted pregnancy. It is frequently urged upon women by friends, counselors, doctors and even religious advisors as well as huge billboards sponsored by those in the abortion business.

In fact, abortion is neither a simple nor a complete solution. A singularly repulsive procedure to see or participate in, abortion is frequently complicated by the following: infection, hemorrhage, uterine perforation, increased frequency of premature birth, sterility, psychotic reaction and death. It is not a complete solution because the experience leaves emotional if not physical scars upon the woman for the remainder of her life.

Some say that a woman has a right to her own body but this right is not absolute. No doctor would remove a healthy organ simply because his patient requested it. It is widely taught that the freedom of one individual ends when it begins to infringe upon the rights of another. The developing baby is a separate and distinct being and although it is contained in its mother's body it is in no way a part of it. There is no other situation in which one individual could legally request and obtain the destruction of another just because it was inconvenient.

From the point of the union of the sperm and the egg a new and unique human being exists. As early as the seventh week after conception, the form of the child is unmistakably human and all body systems exist, needing only to grow and mature. Proposal B would destroy unborn babies up to 20 weeks. At 18 weeks the unborn child kicks his legs, moves his arms, makes a fist, sucks his thumb, swallows, sleeps and wakes, weighs approximately one pound and is one foot tall. This baby is no more a "parasite" than is the newborn infant or the five year old who needs adult care to survive in the world. Surely no one would condone the destruction of these slightly older children.

Some people believe that abortion would eliminate handicapped, retarded or otherwise imperfect children. It is grossly unfair to end the life of a possibly handicapped baby based solely on the fears of its mother. It is difficult to be certain that a developing baby is imperfect and therefore, abortion on this basis would kill some healthy babies. It is astounding that a society which zealously guards the lives of countless confessed murderers would freely permit the casual execution of innocent babies.

Current laws already allow preventive treatment for victims of rape and incest. They also cover cases where a decision must be made between the lives of mother and child, although with modern medical techniques, this almost never occurs. Proponents of abortion say that legal, sanitary, abortions would put the criminal abortionist out of business. Experience in places where abortion has been legalized indicates that this has no appreciable effect on the number of criminal abortions performed.

For those who find pregnancy a distressing situation for whatever reason, there is a network of organizations whose aim is to find the best possible solution for both mother and baby. This aid includes homes, jobs, legal aid, counseling and is available with the utmost privacy and the minimum cost. Such a group, Problem Pregnancy Help (769-7283) exists as near as Ann Arbor. It is important to consider where this initial disrespect for human life might take us in the next ten or twenty years. Perhaps by then we will have been led to accept the termination of the

lives of the retarded, physically handicapped, mentally ill, elderly and accident. Twenty years ago we might have said that abortion could not be widely accepted but in some areas, this has already happened.

We sincerely urge you to affirm your respect for the value of human life. Please vote NO to permissive abortion on November 7th.

NEWSPAPER WEEK '72

Do we, in the United States, really understand the significance of the thousands of local newspapers and the part they play in our everyday life?

The week of October 8-14 is National Newspaper Week. The week has been set aside to emphasize the importance of a free press and the many services newspapers offer communities.

There is really only one distinction between "our way of life" here in the United States and that of oppression-ridden countries -- The independence of expression. Local newspapers stand as proof that independence of expression is a living fact here in our country. It will continue to be so as long as our local newspapers remain an unrestricted medium of opinion and comment.

Local newspapers provide items concerning what is happening in our communities, state, nation and worldwide. Many scrapbooks have been filled with items clipped from newspapers about varied events and organizations. They help to fill a lot of churches, meeting places and auditoriums. They

keep us posted on the many sports events from the local school to outstanding nationwide events. Each week, many columns of space are devoted to club activities, fund-raising drives and the action of governmental bodies.

Newspapers must practice good business procedures if they are to remain in operation to provide the general public with information. Too often we criticize them for what they do not print, but fail to realize that someone has to determine just how many stories can be printed, and still retain advertising space to provide needed financial support.

We must continue to appreciate our local newspapers and the free press that we enjoy in this nation. Perhaps it's time we as readers should thank our local newspaper editors for their dedication and service to our communities.

Township Meeting

The regular meeting of the Manchester Township Board was held in the Village Hall Monday, September 11, 1972 at 8 p.m.

The members present were Clarence Fielder, Waldo Marx, Lyle Widmayer and Ambrose Lentz.

Clarence Fielder asked the clerk to read the minutes of the last regular meeting held August 14, 1972. It was moved by Lyle Widmayer and seconded by Ambrose Lentz to accept the minutes as read. Motion was carried. The report of the township treasurer Dorothy Burch stating the totals in each fund of the Manchester Township as of August 31, 1972 was then read.

It was moved by Ambrose Lentz and seconded by Waldo Marx to accept the report as read. Motion was carried.

Mrs. Claire Reck was present and described the record and accomplishments of the Manchester Township Library, which has reason to be proud of its record as described to the members of the Township Board by Mrs. Reck. Mrs. Reck had minutes and data from the Manchester Library Board with her of definite interest to all residents of Manchester Township whose tax money helps support the library.

For instance the past summers reading program for children had an enrollment of 69. It was also noted that Mary Boutell, Librarian reported that book circulation of 7,498 for the first 6 months of 1972 surpassed that of the entire year of 1967. Out of this number 1318 books borrowed were by residents outside of Manchester Township.

Although the surrounding townships are not asked to contribute to the maintenance of the library - there is a rebate to the Manchester Township Library through Federal Grant, for each book borrowed by an outside resident.

The following bills were presented by the clerk for acceptance and payment by the township board. Manchester Enterprise - \$32.80, Electronic Service Center Inc. for fire dept. - \$56.47, Beals Ace Hardware Inc. for fire dept. - \$11.64, R.J. Stevens Co for Penetro Wet Inc. for fire dept. - \$127.50, Equalization

and Property Description Dept. - \$184.47. It was moved by Ambrose Lentz and seconded by Lyle Widmayer that the clerk pay these bills as listed. Motion carried.

There being no further business the meeting was adjourned.
Waldo C. Marx
Township Clerk

Village Planning Commission

The regular meeting of the Manchester Village Planning Commission was held at the Village Hall, with members present: Curley, Widmayer, Leeson, Walton, Little, Kirk, and Krauss.

The meeting was called to order at 8:10 PM, by Chairman Curley.

Also present were Mr. Sang Nam, Planner with the Washtenaw County Metropolitan Planning Commission, and Mr. Bruce Daniels, Supt. of Public Works.

Minutes of the last meeting were read. Hour of call for regular meetings was added. On the motion by Little, seconded by Widmayer, they were unanimously approved.

The question was raised regarding scheduling of meetings in conjunction with the Village Council to discuss and perhaps modify the "Preliminary Manchester Village Zoning Ordinance", and Map. It was moved by Little that we hold such a meeting of Thursday, Sept. 14, at 8:00 PM, and set date or dates for further meetings at that time. The motion was seconded by Widmayer, and by a voice vote was unanimously approved.

In order to avoid confusion between the long range plan and the more immediate zoning map, and to assist in final development of the zoning map, Mr. Nam suggested that a separate public hearing be held on the long range plan. With reference to Mr. Nam's suggestion, noted above, it was moved by Kirk that a public hearing be called on the "1990 General Land Use Development Plan", in accordance with the Municipal Planning Commission Act, Act 285, 1931, as amended, and that said hearing be called for October 5, 1972, at 8:00 PM, at the Village Hall.

The motion was seconded by Walton, and by voice vote was unanimously approved.

These areas in question on the aforesaid mentioned "1990 Plan" were considered, and revisions to date were directed.

Adjournment was moved by Krauss, seconded by Little.

The meeting was declared adjourned, at 9:45 PM.
Laurin F. Leeson, Secretary

STRIKES 'N SPARES

THANK YOU
"LEFTY"

Just a public thank you Lefty for the work you've done in getting out the football and basketball programs for the past three years. It is entirely to your credit that Manchester has had the best looking program in the state.

And in our plastic and conformist world it's really a pleasure to have you walk through the front door and give me hell about something.

Almost daily in the papers you read how the financial affairs of this County are being handled. Deficits over several years, budget over-spending, co-mingling of funds, inaccurate or no figures, documents lost or misplaced, officials bickering about their responsibilities, and more. It is time for qualified people in positions of responsibility and leadership.

IS PROPERTY SELLING?

That's a question we are asked almost everyday. Frankly, the way a property "moves" when it is offered for sale depends a lot on how it's handled. For this reason, when you are buying or selling we suggest you give us a call. We are old enough to be experienced... young enough to be aggressive... small enough to be efficient... small enough to be personalized! Call Ellis Pratt at 428-8046 or Mary Rice at 761-8455.

UF Underway At Double A Products

Mr. Jerry Langowski, Double A Products Personnel Manager, is Plant Campaign Chairman of the 1972-73 Community Chest and Red Cross Drive. To contact the 310 employees of the Double A office and production areas, Mr. Langowski has chosen the following ladies (pictured above): Shirley Bower, Nancy Lamarand, Olive Hazen, Phyllis Baker, Marilyn Samonek, Bonnie Hertler, Olive Kappler, Mary Ann Sturdevant, Irene Wunster, Marjorie Scheid, Elaine Steele and Anne Pniowski.

The work of these Double A solicitors and management will make up a major portion of the total Manchester effort. The drive was kicked off on Wednesday, October 11. In plant solicitation is underway and they expect to be finished by October 20.

Double A Products Company is to be commended for many years of 100% participation in the United Fund campaign in Manchester. They are true believers in our theme: "United Dollars Make Common Sense".

Refreshments include hotdogs, hamburgs, cheeseburgs, ham and cheese, pop, potato chips, coffee, doughnuts, popcorn, cotton candy and more. Plan to come early and have a snack.

The games include: fish pond, kiddie bingo, bean bag toss, yum yum tree, two cake walks, knock over coke bottles, surprise pull, bowling, spook house and other surprises. Balloons, tote bags, and pom poms will be on sale. There are two areas that we could really use some help. If you would like to contribute anything to our white elephant sale we would be very happy to take it. The second area is our cake walk. There are never enough cakes for this event and we could use any contributions of a cake.

WE'LL SEE YOU SATURDAY!

Dutchmen Travel To Hudson Friday

The Dutchmen will travel to Hudson this week to take on the Tigers in the fourteenth meeting between the two schools. Hudson has won nine of the first thirteen meetings, though being hard-pressed in the 1968 and 1971 contests.

The series began in 1938 and continued through 1946 the first time. It was resumed in 1968 when the Dutch came back into the league. Manchester won the first four games played between them, two by shutout scores. The 25-0 Manchester victory established the top point production for the Dutch in their rivalry with the Tigers. Scores of those other Manchester wins were 13-6 in 1938, 19-13 in 1940, and 14-0 in 1941.

Since 1942 the Hudson Tigers have won all nine games between the two schools and have managed to shut out the Dutchmen just twice. The worst beating ever taken by a Manchester team at the hands of Hudson was the 56-6 trouncing in 1945.

Some of the more outstanding games in their rivalry would be the following games. The 1938 game which Manchester won 13-6 over the LCAA champion Tigers in a non-league affair. Then there was the 1940 game which Manchester won 19-13 enroute to a share of the LCAA title, their only one ever in the league. Certainly the 1968 contest would have to rate as one of the most outstanding in their series as Hudson was Hudson broke open a scoreless deadlock with a touchdown that came after time had run out on the score-clock. The officials ruled that the ball was snapped, however, before the time had run out and the TD stood. The extra point was

also added and the Tigers took an 8-0 advantage into second half play instead of a scoreless tie. Thus the Dutchmen had to fight back from behind through the second half and they never could quite make it. A key interception by Hudson's Jeff Sherman of a Manchester pass was perhaps the real heart-breaker as Manchester had driven steadily downfield to inside the Hudson 40. Then, of course, there was last year. The two played through the rain, mud, and snow and Manchester carried the play throughout most of the first half. The problem was in getting the ball over the goal line as the Dutchmen were halted three times inside the Hudson twenty yard line.

LATE GOLF LEAGUE CHANGE

At the meeting of the Manchester Mens' Late Golf League it was decided that the League will play at the Heart of the Lakes Golf Course for the 1973 season, and that to conduct the kinds of activities planned for 1973 the membership dues will be \$15.00, payable on or before the first day of League Play which will be announced in early spring.

Mike Simmons and Ted Tapping, co-chairmen of the league, also announced that the method of recording handicaps will be changed and a special Rules Committee will be formed to rule on items that come up during the season. Other information about League activities will be announced in March.
