**LETTERS TO THE EDITOR**

On presidential election days we always hear "May the best man win". After listening to winners I didn't think they had what they needed to make them the best. I'll try to explain this in a way you will remember. When I started school over sixty years ago I thought everyone there listened to their parents, read from the Bible and got on their knees when they prayed every morning and evening. I knew they didn't, after telling them about something that happened while my mother was praying. They thought it was real funny. They didn't laugh at what happened but at what my mother did.

My parents did this because they wanted their children to have the best reason to do what is right. Our future was shaped by the way they lived, not by what we learned in church or school. They were able to set an example worth following because they were poor. Those with plenty of money usually can't have time to really use their Bible or to live by its simple rules because they are so busy thinking about what it will buy and the easiest way to get more.

Most people don't mention God in public because they are afraid someone might laugh at them. The sad part is, this includes our leaders. They helped shape the future of this country by the way they lived. If they would have mentioned God as often as they did

money they also would have set an example worth following. People that don't have enough faith in God that it shows shouldn't tell others what they are going to do because they don't have the best reason to do it, or the best reason to do what is right.  
 Earl Koebbe

**Village Planning Commission**

A special meeting of the Manchester Village Planning Commission was held at the Village Hall, with members present: Curley, Widmayer, Leeson, Albhouse, Kraus, Walton, and Kirk. Also in attendance were Bruce Daniels, Supt. of Public Works, and Mr. Robert Lawson.

The meeting was called to order at 9:00 P.M. by Chairman Curley. Mr. Lawson announced his purchase of the former United Methodist Church property on the corner of Main and Washington Streets, and his expectations for its use. He showed architectural sketches and explained his plans for converting the former parsonage into a single home, the newer portion into offices, and the main sanctuary section to be maintained in its present condition. He also plans to modify the Washington Street facade to be compatible with the surroundings.

It was moved by Widmayer that we recommend to the Council that a Conditional Use Permit be issued to Mr. Lawson. The motion was seconded by Kraus, and the voice vote was unanimously "aye".

Mr. Kraus has received some bids for improvements to the north parking lot. Action was tabled pending further consideration between the parties principally involved.

It was decided that regular meetings will be held on the first Thursday of each month.

Adjournment was moved by Kraus, seconded by Widmayer.

The meeting was declared adjourned.

## AGRICULTURE IN ACTION

Michigan Farm Bureau

Success in the effort to control inflation is basic to virtually every other problem facing our nation. Too much time and effort has been placed on trying to correct the problem through "make-do" controls rather than directly attacking the real cause.

William J. Kuhfus, president of the American Farm Bureau Federation, said, "We have repeatedly informed the Administration that the root cause of inflation and high prices is excess government spending and that sound fiscal policies would make unnecessary the temporary and politically expedient measures now being promoted in an effort to deal with the symptoms of inflation rather than its cause."

Every American should be concerned about our country's fiscal policy. It is predicted that government spending will jump to a new peak of \$250 billion in fiscal 1973, which ends next June 30. Spending climbed to \$233 billion last year, from \$211 billion the year before. There is doubt among some fiscal observers that the budget can be held within the \$250 billion mark since the Administration estimates of spending were based on a five percent increase in Social Security benefits. Congress passed an increase of twenty percent in

benefits.

Kuhfus also points out, "Farmers have made an outstanding contribution toward combating inflationary pressures through their amazing increase in productivity. Labor productivity per man hour gained 11 percent for crops and eight percent for animals in 1971 over 1970. This represents new gains in productivity over record increases in the past 20 years, and is several times greater than the gain in productivity in U.S. manufacturing during the same period."

### ESTIMATED INCOME TAX DUE

Detroit, Michigan--Individuals filing 1972 declarations of estimated federal income tax must pay the third installment of tax by Friday, September 15, 1972.

Taxpayers who first met the requirements for filing an estimate after June 1, 1972, but before September 2, 1972 are required to file on Form 1040-ES and pay at least half of the tax by September 15, 1972. These persons should use declaration-voucher No. 3.

Thomas A. Cardoza, District Director of Internal Revenue for Michigan, said today that taxpayers whose anticipated income during 1972 has changed may be required to amend their declarations.

Space to compute an amended estimate is provided in the estimated tax package received by taxpayers.

Publication 505, "Tax Withholding and Declaration of Estimated Tax," which furnishes detailed information on this subject, can be obtained free from your IRS district office.

# Ask Senator GRIFFIN

By cutting through red tape, members of Congress can often lead a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

While in the Army, my son spent two years in Japan. He currently is attending college under the G.I. Bill, but wants to return to Japan for a year to pursue his major in Asian studies. Is there any financial aid available for veterans who wish to study overseas?

—G. G., Detroit

Indeed there is. Your son should be able to continue to receive monthly payments under the G.I. Bill while attending college in Japan. If necessary, he may also be eligible for a student loan under a program administered by the U.S. Office of Education which makes loan funds available for foreign study. Enclosed are additional information and the necessary forms which should make it possible for your son to be on his way.

My brother lost a leg in Vietnam. Fortunately, the injury doesn't keep him down. He has a good job, but he can't drive a car without a lot of expensive equipment. Isn't there a special benefit so he can buy a car?

—M. R., Ecorse

Yes, if he applies for it, the Veterans Administration will pay up to \$2800 toward the price of an automobile for a veteran who suffered service-connected permanent loss of one or both hands or feet. The V.A. will also provide, free of charge, special equipment necessary to adapt the car to the individual's handicap. The \$2800 benefit is obtainable only once, but the V.A. will provide adaptive equipment for any present or future car bought by a disabled veteran.

## Question-Marks Cross Countrymen Future

There are several big question marks in Manchester High's harriers future that will have to be solved before they will be able to improve on last year's performance. One large question mark is how long will the foot injuries to St. Co-Captain Jose Arana, last year's Most Valuable runner, and Junior letterman Dave Benedict impede their progress. Another key question mark is how the loss of several key runners from last year's team will effect the efforts of the team to improve on last year's 5th place finish.

These are just some of the questions second year coach Larry Steeb will try to solve in preparing his team for their league opener Sept. 19th against league champion Addison. Pre-season practices indicate the team will have its work cut out for them. On the positive side Coach Steeb has been impressed with the fine improvement shown by Junior Tom Guenther, who finished last season as the number 7 man. Also running well, have been senior Co-Captain Jeff Brustle, who will most likely hold down the number one spot, and freshman Tom Opal. Rounding out the varsity hopefuls are Senior Letterman Delruss Wolff, Junior Brad Frey who was a fine Jr. Varsity runner last year, Sophomores Kurt Kensler, a First Yearman, and gutty Joel Tobias, who lettered last season as a Freshman, and Freshman Dan Schaible the holder of the middle school cross-country record.

## 1973 WHEAT PROVISION

Raymond Girbach, Chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee announces that the basic provisions for proven wheat yields are continued under the Agriculture Act of 1970. A producer may elect to establish a yield for his farm based on actual production rather than use a yield established by the County Committee on a judgement basis only. The base period for establishing 1973 farm yields is 1969, 1970 and 1971. To prove a yield, a producer must have produced wheat on the farm in each of these three years and be able to provide reliable proof of production. In order to assure consideration a written request must be filed by September 22, 1972.

## Kick-Off For United Fund

Representing Manchester Tool & Die is Mr. Gene Bentschneider pictured above with Mrs. Donna Gill and Mr. Clarence Fielder.

The Industry Campaign of the Manchester Area Community Fund and Red Cross Drive will begin on Sept. 25 according to Clarence Fielder, Division Chairman. "United Dollars Make Common Sense" has been a by-word of the Manchester Tool & Die and the Manchester Stamping Plant for many years. Pictured above is Donna Gill, General Campaign Chairman, and three of the most energetic young men in Manchester. Clarence Fielder, Gene Bentschneider and Ted Stautz have all been very active in the Manchester UF drives and other community projects for a number of years. Clarence served as General Campaign Chairman in 1961 and is on the Board of Directors of the UF at the present time. Gene acted as General Campaign Chairman during the years of 1962 and 1963. Ted played the same role in 1970. All campaigns were very successful and these three men are to be commended for their efforts.

The Business Division will also begin solicitations of September 25. All Manchester and Pleasant-Lake area businesses are included in this part of the drive which hopefully will be completed by the middle of October. Mary Fielder, Chairman, has chosen the following team to assist her in contacting all area businessmen and women: Mrs. Brian Alber, Mrs. Allen Clark, Mrs. James Curley, Mrs. Roscoe Lannom, Mrs. Dennis Steele, Mrs. Richard Widmeyer.

Mrs. Gill has mailed advance letters to area businesses informing them

## Lightning Strikes "Spikes"

At 10 p.m. Sunday, September 17, lightning struck Spike's Mobile Service causing extensive damage to the interior. Spike said he would be pumping gas just as soon as the electrical hook-up to the gas pumps could be made. He expects to be back in full operation some time next week.

## We Have A New Teacher

Mrs. Agnes Gevas is the new instructor for the Manchester Cooperative Nursery School. She was selected by its board on the basis of interest, personality, and experience. She brings to this position teaching certificates in Elementary Education and Music Education from Eastern Michigan University with graduate work from both Eastern Michigan and the University of Michigan. She has previous teaching experience in both music education and at the kindergarten level.

## Will You Help?

To offer a greater variety of experiences for Middle School age youth activity programs are offered each year -- one each in the fall, winter, and spring.

The fall program will be on each Thursday from October 12 through November 9 from 11:00 a.m. to noon. Regular morning classes are shortened somewhat to accommodate the Activity Period. Many various types of activities have been offered in previous years, such as: Mod Podge, Chess, Sewing, Tennis, Paper Tole, Cribbage, Crocheting, First Aid, Weaving, Photography, etc.

In addition to the talents of the faculty, parents and other interested members of the community, have volunteered their services for this brief period of time.

Again this year we need help. If you think you could devote an hour a week for five weeks to share your enthusiasm in a particular interest area with a small group of Middle School students who might also become interested in your hobby, etc. please call Mr. Ted Tapping (428-2341). Your call puts you under no obligation but might just turn out to be a most rewarding experience for you and a very educational and interesting experience for some of our students.

Won't you please call -- soon!

## Dutchmen Play Addison Friday

MANCHESTER VS. ADDISON September 22, Away

Coach John Korican will lead his 1972 Manchester Dutchmen into LCAA play this Friday night at Addison. This will be the tenth year for the Dutch in LCAA competition as they were members of the league from 1940 through 1945 and then reentered the league in 1965.

Those first six years in the LCAA were rather dismal with the exception of that first season (1940) when Manchester shared the title with Blissfield. Their overall record in league competition during that six year span was 6-19-3. It has been quite a different story these past four seasons as the Dutch have won 18 while losing just six and tying one in LCAA play. They have had to play in the shadow, however, of some great Hudson teams and consequently have had to settle for two second places and a tie for third.

The formal business meeting was brought to order by Past President Mrs. Del Ludwick. Standing committee reports were read and President Ludwick reported that the Unit had participated in contributing to the Jerry Lewis Telethon for Muscular Dystrophy which was held on Labor Day. The Unit voted to sell place mats and Mrs. Claran Knauss was appointed to take charge of the project. The Unit also voted to serve

Manchester P. T. O. will have a family pot-luck and teacher recognition, Wednesday, Sept. 27, at the Middle School Auditorium at 6:30.
