Kick-Off For United Fund

Representing Manchester Tool & Die is Mr. Gene Bentschneider pictured above with Mrs. Donna Gill and Mr. Clarence Fielder.

The Industry Campaign of the Manchester Area Community Fund and Red Cross Drive will begin on Sept. 25 according to Clarence Fielder, Division Chairman. "United Dollars Make Common Sense" has been a by-word of the Manchester Tool & Die and the Manchester Stamping Plant for many years. Pictured above is Donna Gill, General Campaign Chairman, and three of the most energetic young men in Manchester. Clarence Fielder, Gene Bentschneider and Ted Stautz have all been very active in the Manchester UF drives and other community projects for a number of years. Clarence served as General Campaign Chairman in 1961 and is on the Board of Directors of the UF at the present time. Gene acted as General Campaign Chairman during the years of 1962 and 1963. Ted played the same role in 1970. All campaigns were very successful and these three men are to be commended for their efforts.

The Business Division will also begin solicitations of September 25. All Manchester and Pleasant-Lake area businesses are included in this part of the drive which hopefully will be completed by the middle of October. Mary Fielder, Chairman, has chosen the following team to assist her in contacting all area businessmen and women: Mrs. Brian Alber, Mrs. Allen Clark, Mrs. James Curley, Mrs. Roscoe Lannom, Mrs. Dennis Steele, Mrs. Richard Widmeyer.

Mrs. Gill has mailed advance letters to area businesses informing them

Lightning Strikes "Spikes"

At 10 p.m. Sunday, September 17, lightning struck Spike's Mobile Service causing extensive damage to the interior. Spike said he would be pumping gas just as soon as the electrical hook-up to the gas pumps could be made. He expects to be back in full operation some time next week.

We Have A New Teacher

Mrs. Agnes Gevas is the new instructor for the Manchester Cooperative Nursery School. She was selected by its board on the basis of interest, personality, and experience. She brings to this position teaching certificates in Elementary Education and Music Education from Eastern Michigan University with graduate work from both Eastern Michigan and the University of Michigan. She has previous teaching experience in both music education and at the kindergarten level.

Will You Help?

To offer a greater variety of experiences for Middle School age youth activity programs are offered each year -- one each in the fall, winter, and spring.

The fall program will be on each Thursday from October 12 through November 9 from 11:00 a.m. to noon. Regular morning classes are shortened somewhat to accommodate the Activity Period. Many various types of activities have been offered in previous years, such as: Mod Podge, Chess, Sewing, Tennis, Paper Tole, Cribbage, Crocheting, First Aid, Weaving, Photography, etc.

In addition to the talents of the faculty, parents and other interested members of the community, have volunteered their services for this brief period of time.

Again this year we need help. If you think you could devote an hour a week for five weeks to share your enthusiasm in a particular interest area with a small group of Middle School students who might also become interested in your hobby, etc. please call Mr. Ted Tapping (428-2341). Your call puts you under no obligation but might just turn out to be a most rewarding experience for you and a very educational and interesting experience for some of our students.

Won't you please call -- soon!

Dutchmen Play Addison Friday

MANCHESTER VS. ADDISON September 22, Away

Coach John Korican will lead his 1972 Manchester Dutchmen into LCAA play this Friday night at Addison. This will be the tenth year for the Dutch in LCAA competition as they were members of the league from 1940 through 1945 and then reentered the league in 1965.

Those first six years in the LCAA were rather dismal with the exception of that first season (1940) when Manchester shared the title with Blissfield. Their overall record in league competition during that six year span was 6-19-3. It has been quite a different story these past four seasons as the Dutch have won 18 while losing just six and tying one in LCAA play. They have had to play in the shadow, however, of some great Hudson teams and consequently have had to settle for two second places and a tie for third.

The formal business meeting was brought to order by Past President Mrs. Del Ludwick. Standing committee reports were read and President Ludwick reported that the Unit had participated in contributing to the Jerry Lewis Telethon for Muscular Dystrophy which was held on Labor Day. The Unit voted to sell place mats and Mrs. Claran Knauss was appointed to take charge of the project. The Unit also voted to serve

Roehm-Arnold Wedding

A Nuptial Ceremony performed by Rev. Joseph Wise united Gayle Lynn Arnold and Herbert Carl Roehm Saturday evening in the Emanuel United Church of Christ.

Parents of the couple are Mr. and Mrs. Clare E. Arnold of Manchester and Mr. and Mrs. Lovell N. Roehm of Ann Arbor.

Mr. Thomas Shill was organist and Miss Cheryl Lemon soloist. As she approached the altar with her father, the bride wore a gown of polyester organza with maize venise lace and maize rose bud headpiece. Her bouquet was of roses, daisies and baby's breath tinted aqua to match her dress.

Bridesmaids included Mrs. David Goodell, Mrs. Rene Le Blanc and Mrs. Clifton Whitaker. Rhonda Young of Ann Arbor, niece of the groom served as flower girl. Their gowns were identical to that of the matron of honor.

Mr. Robert Roehm, brother of the groom, attended as best man, while Mr. David Goodell, Mr. Rene Le Blanc, and Mr. Scott Arnold, Brother of the bride, seated the guests. Brad Finkbner of Saline, a nephew of the groom carried the rings.

At the reception, held at the church hall, the brides aunts, Mrs. Willard Days, Mrs. Roland Miller and Mrs. Thomas Iwanicki cut the wedding cake. Miss Betty Gross and Miss Patti Hughes poured coffee and punch while Miss. Debbie Beach was in charge of the guest book. A dance followed at the Freedom Township Hall.

After a honeymoon to New Orleans the couple will reside at 9986 Bethel Church Road in Manchester.

Evangelistic Services

Evangelistic Services set for September 20th through October 1, 7:30 nightly.

Rev. Becker has received his training at Moody Bible Inst., St. Paul Bible College, Nyack Missionary College and Taylor Univ. He has been a pastor many years and now in full time evangelism. His messages are direct from the Bible and carry God's answers to the problems besetting modern man. Your time will be well spent if you will avail yourself of the benefit of these meetings. Bring the children and come worship with your family and friends.

Dutchmen Play Addison Friday

Addison is a team which Manchester has maintained complete dominance over by winning all nine of the games between them through the years.

They met for the first time in 1928 and played twice that year with Manchester winning a couple of close contests 12-6 and 13-7. The 1931 game was also a thriller as Manchester edged out the Panthers 7-0.

Addison had troubles fielding a football team during the late 20's and made an attempt to get something going during the early 30's, but it never materialized for more than a couple of seasons and it was during this period that the two teams next met. The 1931 game ended up with the Dutch taking a 24-0 victory and in 1932 the final score stood at 19-7.

The two did not meet again until Manchester joined the LCAA for the second time in 1968. That first game in 1968 was the only one which has been anywhere near close as Manchester took a 15-0 decision. The scores for the last three games were 20-6 in 1969, 36-0 in 1970, and 42-20 last year.

Last Season's game was the first time in their rivalry that Addison had ever scored more than one touchdown against the Dutchmen. Over the years Manchester has tallied a total of 188 points to 46 for the Panthers.

HOUSEWIVES UPSET

Some Chicago housewives are more irritated with the butchers' union than food prices these days.

It all started when several chain stores decided to keep stores open until midnight every day to accommodate women with full or part-time jobs who cannot find time to shop during regular hours and Saturdays. One chain in the Chicago area even keeps its stores open 24 hours a day, including Sundays.

The response from consumers has been great, but then many shoppers discovered that the butchers' union contract with Chicago area stores prohibits the sale of fresh meat after 6:00 p.m. This regulation prevails even though most of the meat is pre-cut and packaged during regular working hours by union members and is on display in self-service refrigerated counters.

The union contract which prohibits sales of meat after 6:00 p.m. was first made back in 1919 before the era of supermarkets and when union meat customers were seeking shorter hours. The contract is out of date with our modern marketing system and consumer-oriented sales approaches.

In 1957, the Jewel Tea Company brought suit against the unions for conspiring to restrain trade, but finally lost to the unions in a 1964 U.S. Supreme Court ruling. The Jewel Tea Company had filed its suit against the unions under the restraint of trade provisions of the U.S. anti-trust laws in an attempt to terminate the union's dictation of market hours.

The butchers' union is now engaged in bargaining for a new contract with the Associated Food Retailers. More and more meat is being cut and packaged in packing plants or in central packaging centers. The packinghouse workers belong to the same union as the meat cutters, which may lead to some interesting developments.

It will be interesting to see if consumers or unions win this battle in this era of "consumerism protection."

AGRICULTURE IN ACTION by Carl P. Kentner MICHIGAN FARM BUREAU

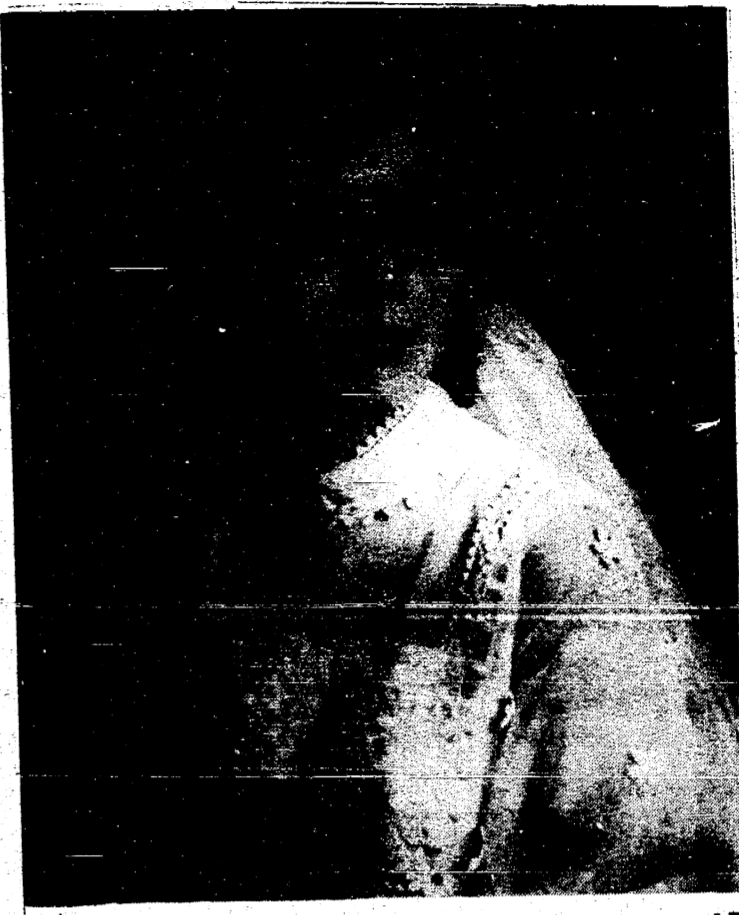

When you're driving the highways, you will notice something affixed to the rear of farm equipment and slow-moving vehicles.

It's only a triangular piece of metal measuring 16x14 inches, covered with orange and red highly reflective material, but it is designed to protect you, your family and the farmer. It is a visual warning to you as a motorist that the vehicle you are approaching is traveling at less than customary road speed. And it is a life saver, too!

The slow-moving vehicle emblem (SMV) is now visible on more and more vehicles traveling our nation's highways. Slow-moving vehicles, by definition, include those having a maximum potential speed of 25 miles per hour upon the public highways. The SMV emblem has been in use here in Michigan since 1967, but nationwide use has been required only recently by a provision of the federal government's Occupational Safety and Health Act of 1970.

Studies by the national Safety Council show not sighting the slow-moving vehicle is a secondary factor in accidents. Rather, it is that motorists are often unaware that the vehicle they are approaching is moving so very slowly, which results in this inability to react to the situation quickly enough. Surprisingly, the Council reports, the overwhelming number of rear-end collisions between slow-moving and conventional vehicles occur during daylight hours on dry, open, level highways. Occasionally, some people stretch the law and place the SMV emblem on equipment or trucks which can and do exceed 25 m.p.h. Such misuse takes away the effectiveness of the emblem designed to make our highways a much safer place to travel and perhaps save a life.

Maid of honor Becky Reed wore a long gown in light pink accented with hot pink ribbon. Bridesmaids Debbie and Kay Gross-

man, sisters of the groom, and Francis Hill, wore identical gowns of deep purple accented with lavender. Mike Wiener of Houghton was the best man. CROSS-COUNTRY PROFILE

"These two boys have proven to me the value of electing captains for an athletic team". These highly praising words were voiced by Manchester High cross-country coach Larry Steeb about his 1972 Co-Captains, Senior Jeff Bruestle and Sophomore Joe Arana.

Jeff Bruestle, who also co-captained last year's squad with his brother Jim, has lettered the past two seasons. "Jeff is the ideal captain as far as I'm concerned", stated Steeb, "he's more like an assistant coach. I've often discussed how the other runners feel with him so that I can better plan our workouts". Bruestle who has excellent endurance as

witnessed by his fine 35:48 clocking for 6 miles last spring. Jeff also lettered in track last spring and was the team's top 2 miler.

In addition to his running, prowess Jeff also played on the varsity basketball team last winter so it should be obvious that he has considerable athlete ability. Jeff is also a fine student and will continue his education in college and hopefully expand on his running ability.

This year's other co-captain Joe Arana was Manchester's number one runner last fall and was voted by his teammates the "Most Valuable Runner". "Joe" also lettered last year in both wrestling and track where he was both

a top quarter and half miler. This is only Joe's second year of cross-country as his family only moved to Manchester a year and a half ago from Santiago, Chile.

According to his coach Joe is an excellent leader by example and he has often amazed his teammates with his power running. A good example is the first meet of this season against Chelsea. Joe because of a foot injury was unable to participate in pre-season practice, none-the-less with only one days practice he was the first runner to cross the finish line.

In summation Coach Steeb stated that, "the success we achieve this season will in a large part, be because of these two fine athletes."

CROSS-COUNTRY TEAM RECORDS FIRST FALL SPORTS VICTORY

Before the new cross-country season opened this past week, Manchester High's second year coach Larry Steeb was quite optimistic, and he had reason to be. Steeb had lost several key runners from last year's squad and his number one returning man, Joe Arana, had only one days practice before the opener. The result, Manchester swamped Chelsea High 22-34 by taking the first places.

Co-Captain Joe Arana led the victory parade with a fine 16:57 time, a "fantastic" accomplishment with only one days practice.

Finishing second at 17:01 was another pleasant surprise, Junior Tom Guenther. Guenther finished last season

as the seventh man on the varsity, but his summer running has paid off handsomely.

The third placer was Senior Co-Captain Jeff Bruestle. Bruestle finished at 17:10 for a neat thirteen second spread between first and third, a very strong grouping.

Sophomore Joel Tobias was the next Manchester runner across the line in a good time of 17:39. The next Manchester finisher kept the crowd waiting a little longer as he finished in 19:12. But this is understandable as Freshman Tom Opal was taking part in his first varsity competition.

Completing the varsity squad were Junior Dave Benedict in 12th place and Senior Delvius Wolff who finished 13th.

All-in-All it was the best start for a Manchester cross-country team in many years and it certainly pleased coach Steeb.

JUDGE S. J. ELDEN

Commenting on the 36.6 per cent increase in the crime rate in Washtenaw County since 1970. . . Judge S. J. Elden, of the 15th District Court, says it indicates a need for realignment of community attitudes on law enforcement, and for a comprehensive County correctional program. Judge Elden points out that the major increase was in burglaries and larcenies, crimes of a high correlation with drug abuse.

"In spite of the fact that the State Legislature passed a Controlled Substances Act, effective July 1 of this year, which is among the most enlightened in the country and which has greatly reduced the penalty for possession of marijuana, Ann Arbor saw fit to pass its own ordinance reducing the penalty," Judge Elden notes. "Not too surprisingly, Ann Arbor has acquired a nationwide reputation as a center and sanctuary for the drug culture. With both the public and underground press carrying this message, small wonder that

Washtenaw County gets more than its share of the pushers, the users and the hangers-on of the criminal fringe."

Judge Elden concedes that community attitudes are likely to be brought into question and conflict in any town with a large university population.

"In our area, the students should have good reason to support the police and the Courts, because students are among the most frequent victims of casual crime and are a natural target for well-organized narcotics traffic."

It is not unusual for the drug habit to cost an addict \$50 a day, and he may have to steal \$300 worth of goods to raise the \$50, Judge Elden points out. He believes it is essential that the County cooperate with the State to control drug traffic and avoid creating situations where different jurisdictions approach the problem in different ways. At the same time, he proposes changes in the County correctional program.

"Probably most County residents are aware of the deficiencies in the Washtenaw County Jail," says Judge

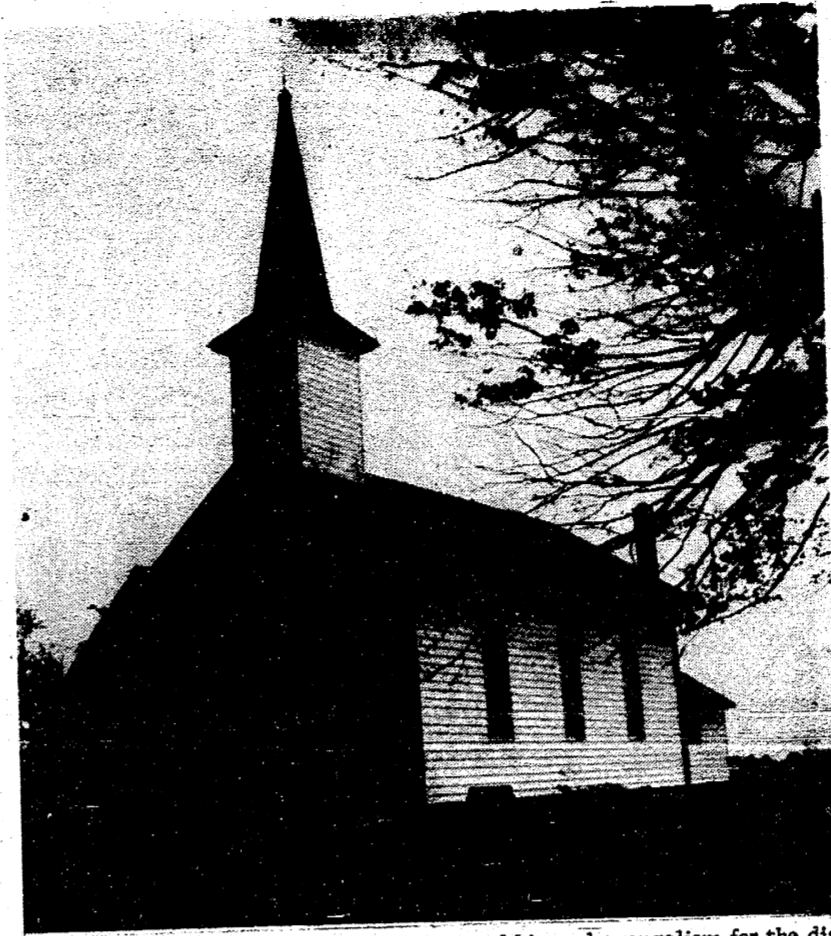

Elden, "but these are merely the most obvious of the many indications that our entire approach to criminal justice in Washtenaw County needs modernization. So long as we think only in terms of incarceration, we are taking one of the most expensive and least effective modes of correction. The FBI estimates, nationally, that over 70 per cent of convicts released from prison eventually slip back into some form of criminal activity."

Judge Elden proposes immediate screening of any arrested person, not only for previous records of arrest, but also in education, family background and medical history. Prompt medical attention for drug or alcohol withdrawal symptoms and other health problems or mental problems would be made available. The screening report would follow the individual through the correctional system for reference by the Judge, detention institution, parole board, probation officer, and any other agencies with responsibility for that individual.

In many cases, the screening report would indicate that the accused person is a youth with no previous record

of arrest, and no serious medical or mental problems requiring treatment. In the 15th District Court, where Elden is a Judge, use has been made for some years of a deferred sentencing procedure under which first offenders contribute a prescribed portion of their time to one of several community service or rehabilitation programs. This helps youths who are rebelling or experimenting with their relationship to society to experience the effects of a constructive role. Successful completion of the assignment results in dismissal of criminal penalties.

Judge Elden also supports training, work-release programs and educational release programs to prepare convicts for their return to society. Says the Judge, "We can't expect the ex-convict to stay away from crime if he has no other skill to live by. The emphasis has to be on rehabilitation rather than confinement. Even if this were not dictated by common humanity, our society is finding that the costs of crime are impossible to bear and that the traditional correction procedures are ineffective in controlling them."

St. Thomas Lutheran Church, 10001 W. Ellsworth Road, Ann Arbor, will celebrate the 130th anniversary of its founding during special services on Sunday, September 24. Festival services will be held at 10 a.m. and 8 p.m., and a dinner for members and friends of the congregation will be held at noon. Speaker at the morning service will be Pastor Richard L. Schlecht, president of the Michigan District of the Lutheran Church-Missouri Synod. Pastor Paul O. Foust, director of stu-

wardship and evangelism for the district will speak at the evening service.

The public is invited to all the activities planned for the day.

St. Thomas was founded in 1842 by the pioneer German Lutheran missionary Friedrich Schmid. Sent to the United States as the first missionary to America from the Basel Mission Institute, Pastor Schmid arrived in Detroit, August 10, 1833. In a ministry extending over the next 50 years, he preached to the scattered settlements of Germans

In such widely separated places as Ann Arbor, Monroe, Saginaw, Lansing, and Marshall, to name only a few. The enormity of Schmid's accomplishment is pointed out by the fact that Schmid was too poor to afford a horse during the first seven years of his ministry in America -- his salary was \$100 per year at a time when a bricklayer was receiving \$1.50 per day -- and most of his journeys were made on foot.

Pastor Schmid was also active in starting mission work among the Indians of Michigan, and during the course of his ministry he regularly trained students for the Lutheran ministry in America. From his family of twelve children, some grandchildren and their descendants still live in the Ann Arbor area.

Other churches in the area founded by Pastor Schmid include Bethlehem United Church of Christ and Zion Lutheran Church in Ann Arbor; Bethel Church (UCC) in Freedom Township; Salem Lutheran Church in Scio Township; and other congregations in Saline, Bridgewater, Manchester and Chelsea.

St. Thomas Lutheran, formerly known as "Thomasdörche" received its name from Thomas Roth, an early hunter and farmer, who donated the land on which the church building is located.

The congregation's present pastor, Daniel L. Mattson, has served the congregation since 1968.

Dutch Play At Onsted Friday

The Dutchmen will travel to Onsted this week for the tenth meeting between the two on the gridiron. The current series began in 1964 and the two met prior to that time once, in 1950. Manchester won that first meeting back in 1950, when Onsted was pioneering in football, by a score of 19-2. When the series resumed in 1964, Onsted won the first three games by scores of 26-0, 13-12, and 26-12. Manchester has won the last five in a row now and holds a six and three edge in the series.

In these past five games the Dutch have crossed the Wildcats goal line for 155 points while yielding a paltry 12 to Onsted (6 each in 1967 and 1968). The scores of the last five games (1967-71) were 34-6, 20-6, 16-0, 56-0, and 29-0. The 56 points scored by Manchester in the 1970 contest was the highest ever in this series and represents one of the best offensive performances in some time by the Manchester squad.

Perhaps the outstanding game in this rivalry is one which Manchester lost, that being the 1965 contest which Onsted won 13-12.
