Local Area Men Retire

December 29, 1972

BE IT KNOWN that the Village of Manchester greatly appreciates the six years of loyal service given by its employee, Homer Frank Dennis. His progress from the position of General Maintenance man to Class

D Waste Water Plant Operator in that period of six years has been a valuable contribution to our community.

We take this opportunity to extend our heartfelt best wishes for a full and fruitful retirement. David L. Little, President, Village of Manchester

Lee A. Allan of 305 Wolverine Street, Manchester retired December 31 from the Introl Division of Chrysler Corporation (formerly King Seeley) after 35 years service. Mr. Allan had worked at their Scio plant as a sheet metal worker in the maintenance department. His retirement is possible through the 30 years and out plan. He enjoys several hobbies including hunting, fishing, walking, bird watching, gardening, reading and traveling.

Lee is shown in the photo above with the lei of 104 dollar bills presented to him by his fellow workers. Lee and his wife Elnora will vacation in Florida sometime in February for a few weeks. Congratulations and a happy retirement

Dutchmen Win Tournament

Last Saturday night the Manchester Dutchman Varsity Basketball team won their first trophy of the season by beating Stockbridge at the Christmas tournaments held at Stockbridge.

The Dutchmen beat Haslett the previous Wednesday night which qualified them for the final playoff on Saturday.

The game started with a quick Stockbridge lead but after proper appraisal of the situation the coach and his boys lead with a narrow margin in the balance of the first three quarters. In the fourth quarter the Dutchmen marched to a 10 point lead winning with 80 points to Stockbridge's 70.

Our team has depth with many players contributing in some way or another to the team effort. This balance and depth along with their desire to win will bring the Dutchmen more success on the basketball court before the season ends.

Congratulations Dutchmen! Let's beat Addison Friday and smash Clinton on Saturday. Both games are scheduled at home.

The Rev. Roman Reineck, Bethel United Church of Christ R. D. 1, Manchester, Michigan 48158

Dear Mr. Reineck:

As president of Penn Central Conference, I wish to express sincere thanks for the \$150 gift for food relief in Central Pennsylvania.

We in Penn Central Conference sustained very severe losses as our conference area covers most of the Susquehanna and Juniata River basins. Five of our pastors had to be evacuated, and all of them suffered personal losses ranging from \$5,000 to \$15,000. Quite a few of our churches were damaged, and literally thousands of our church people face losses beyond calculation. The treasurer of one of our congregations lost her life in the flood.

The real loving concern shown by the churches of the Manchester community through their Union Thanksgiving Service is indeed an inspiration to all of our people and will give hope and new courage to begin again.

Be assured that your contribution will be used at the point of greatest need within our conference as well as in ecumenical ministries.

Please convey to the good people of the Manchester community the deep thanks of Penn Central Conference for the wonderful thing they have done in lightening the burdens of this year.

May God richly bless you and your people through the years ahead. Herewith enclosed is the August issue of our conference news which tells only a part of the story in our conference area.

I am sure you have met Joe Wise who recently accepted a call to the Emmanuel Church in Manchester. He came from Emmanuel, Hanover, within our conference.

With deep appreciation and wishing you the season's joys, I remain

Cordially yours,
 James W. Moyer, President

LAUNCH TV SPECIAL FOR KEY 73

On Saturday night, January 6, 1973, a Key '73 launch television special entitled "Faith in Action" will be telecast into nearly every community in North America. And, hundreds of thousands of Christians will be gathered in home groups to listen, watch, discuss and pray about the meaning of Christian witness in the 1970's.

You are invited to join the millions viewing this television special. Your own congregation may have already planned small groups to watch and discuss the telecast. If not, date your calendar for this important event. Invite friends into your home or plan a get-together with other members of your church.

The Launch Television Special is the beginning of Key '73, a voluntary movement of more than 140 denominations and Christian groups cooperating in a massive attempt to reach every person in North America with the Gospel of Jesus Christ during 1973.

In Key '73, Christians will be working together to share Christ with millions of persons. The effort will include concurrent Bible studies in a million Christian homes; continent-wide radio and TV linking hundreds of thousands of participating small groups; massive lay witnessing programs; coast-to-coast mass media evangelism; creative resources for implementing local church programs; and thousands of area-wide evangelistic endeavors.

Plan today to be a part of the broadest evangelistic thrust in the history of North American Christianity. Set aside Saturday evening, January 6, 1973, and join with millions of Christians in launching the Key '73 movement.

AGRICULTURE IN ACTION

by Carl P. Kentner
MICHIGAN FARM BUREAU

"There is no such thing as an operation manual for a farm or any substitute for close personal involvement."

The author of that statement is Dan Cordtz, author of the "Fortune" magazine article dealing with corporate farming, which he describes as "a tough row to hoe."

Cordtz finds no evidence whatsoever of a corporate threat to family farming. He noted, instead, that corporate farming as a profit-maker has been a spectacular failure, with overhead costs growing much more profusely than the crops. In fact, corporate farming "...has turned out to be so profitless and trouble-filled that many of the corporations which involved agriculture in the 1960's are now in full retreat," Cordtz said.

If big corporations with adequate financial backing, tough management know-how and a long string of industrial successes to their credit can't make a success of farming, how can Mr. and Mrs. U.S. Farmer make a go of it? More often than not, Mr. and Mrs. U.S. Farmer not only makes a go of it, but also raise and educate a family, support their church, pay substantial taxes for schools and other government programs, and put something away for the time when they can no longer work a 50 or 60 hour week producing food and fiber.

The owner of a family farm must be ready to make countless management decisions right on the spot in order to adjust his farming operation to meet weather, soil, price, labor, transportation, mechanical failure and other variable conditions.

Most of all, his success is due to his personal involvement in both management and labor input.

SWINE RECORD ASSOCIATION

McCalla Bros., Chester White breeder(s) from Manchester, Mich., have entered 1 boar and 2 gilts in competition at the National Chester White Spotlight Congress, scheduled for January 18, 19 and 20 at the University of Missouri Livestock Center, Columbia, Mo.

Competition at this national event will be strong, according to Larry L. Rus, executive secretary of Chester White Swine Record Association, Rochester, Ind., sponsor of this annual swine conference.

Approximately 85 top Chester White breeders from 15 states have entered over 300 head of breeding animals for this annual show and sale.

"We've had tremendous interest in our annual Spotlight Congress this year, with a large number of breeding animal and market hog entries," adds Rus, "and competition promises to be very strong."

Breeding animal show activities begin at 9:00 a.m. Friday, January 19, with Everett Forkner, Horton, Mo., doing the judging of the seven classes of boars and gilts. Prize winners selected by Forkner will go into the auction ring on Saturday at noon, January 20.

DECEMBER-JANUARY ARE LAST TWO MONTHS FOR FILING FOR 1972 WOOL PAYMENTS

January 31 is the latest date on which 1972 wool applications may be filed in order for producers to receive incentive payments in April, according to Raymond Girbach, Chairman of the Washtenaw County ASC Committee.

To file for incentive payments on 1972 marketings of wool and unshorn lambs, a producer need only provide sales documents and fill out a short application form, Mr. Girbach said. Sales documents should include name and address of the seller, date of sale, net weight of wool sold, number of head and liveweight of unshorn lambs sold, gross and net proceeds, and name, address, and signature of the buyer or

the marketing agency making the sale. The incentive payment price is 72 cents a pound for wool marketings with payments based on a percentage of each producer's returns from sales. The percentage will be that required to raise the national average price received by all producers up to the 72 cents incentive price.

The ASC Committee Chairman also said that the U.S. Department of Agriculture has announced that the wool payment program will continue unchanged for 1973, with the same level of incentive prices. These prices are in accordance with the law which required that support shall be at these levels for each of the three marketing years through 1973.

ESTIMATED INCOME TAX DEADLINE FOR FARMERS NEARS, IRS SAYS

Farmers who earned at least two-thirds of their 1972 gross income from farming should file their 1972 declaration of estimated Federal individual income tax and pay the tax by Monday, January 15, 1973, using Form 1040 ES.

However, farmers do not have to file a declaration if they fele their 1972 tax return and pay all the tax due by

March 1, 1973, according to Thomas A. Cardozo, District Director of Internal Revenue for Michigan.

Publication 505, "Tax Withholding and Declaration of Estimated Tax," furnishes information on this subject. It is available free at your IRS district office.

Fishermen who expect to receive at least two-thirds of their gross income from fishing follow the same rules as farmers, Mr. Cardozo said.

HINCKLEY, ILL., REVIEW: "A little item from the tragic flood in Rapid City, S.D. caught our eye.... People in the higher portions of the city opened their homes to the homeless. To coordinate such efforts the radio stations broadcast emergency announcements. One family opened the doors of their home, along with their hearts with a rather unusual but pointed statement, "the icebox is full". Those four words are certainly not very poetic, and will surely not go down among the great quotations. Could you imagine, however, the chord they must have struck with somebody, whose entire worldly possessions had been destroyed. Maybe it is time for us to check and see if the 'icebox is full.' If it is, then it is time for us to stop complaining."

GLENDIVE, MONT., RANGER REVIEW: "A story which originated in The New York Times says there is little doubt but that a federal income tax increase will go into effect next year. (We never get tax increases during election years, of course.) The tax boost is seen 'as a means of financing the spending on big new programs, such as day care and health insurance, that the public seems to be demanding.' I don't know about the day care program, but the main ones who seem to be demanding federally financed health insurance are a few of the vote-hungry politicians, who probably are not nearly as interested in the health of their constituents as they are their votes."

4 Retire From Post Office Combine 110 Years of Service

C. Chapin
One Hundred ten years of service at the United States Postal Department. That's the astonishing total amassed by the four Manchester residents who retired December 31st of last year.
Mrs. Deolores Richardson of 128 Riverside, wife to William, mother to Wm. E. and Kathleen, grandmother to Julie Ann, has totaled 31 years of service.
Born in Pennsylvania, she has lived here since 1930, first working for Bert Lowery, then George Merriman and Marvin Kirk as a Distribution Clerk. She hopes to do a bit more camping and baby sitting with the grandchild.
Mary Smith, of 425 LaFayette, is a native of Manchester, born Mary Weinlander, graduated from Manchester High School in 1940 and attended Jackson Business University.
Working for Ford Motor Co. during the war she was married to Russell Van Smith and is the mother of Sara, Dan, and Julie, grandmother to Sara and Daniel Clay Rigg, she is also active in the American Legion Auxiliary.
Mary expects to visit Florida this spring and hopes to have more time with the grandchildren.
A Husband - wife team who together gave 52 years to the Post Office are Bob and Yvonne Huber of 351 Schaffer Dr.
Both born and attending school here. Bob attended Business College in Ann

Arbor and then joined the U.S. Army Infantry, doing a tour in Europe.
Yvonne attended Michigan State University for one year and then worked in Washington, D.C. at the Pentagon for a period of time during the war.
Parents of three boys, Jan, Tom and Rob, the Hubers have plans for simply enjoying a bit of free time at the present.

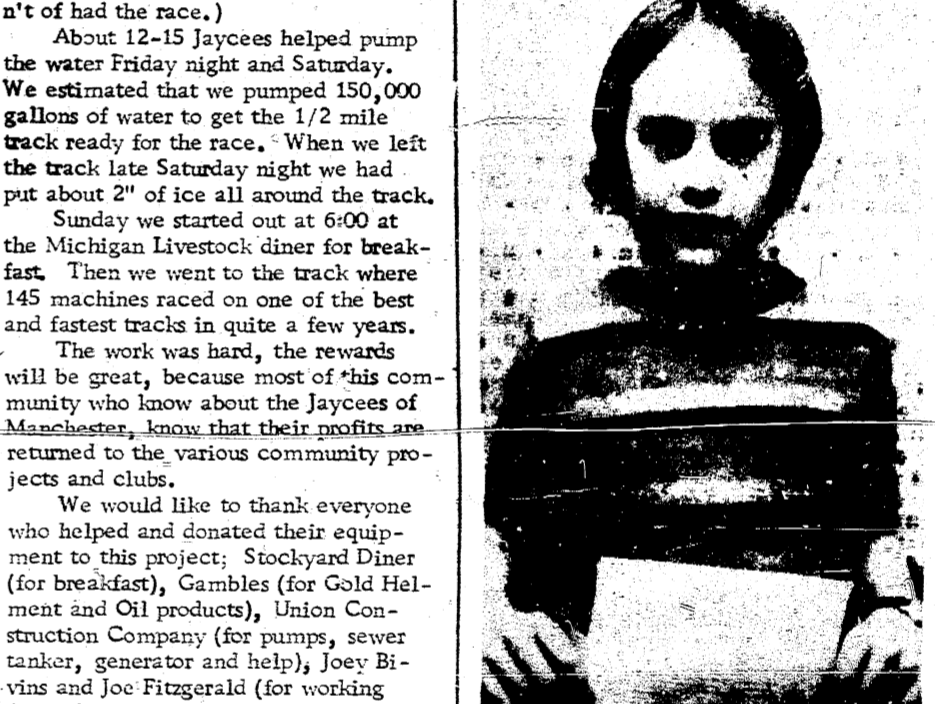

"Extra Dollars" for March of Dimes

Realizing that individual contributions alone are not enough to maintain the fight against birth defects, two Main Street business establishments are going all out to show how easy it can be to raise "extra dollars" for the March of Dimes, and have fun in the bargain!
Trickey's, Inc., together with the March of Dimes are co-sponsoring a fantastic "50-50" merchandise drawing on January 31st. Purchase of a 50¢ ticket brings the opportunity to win \$50 worth of clothing for any member or members of a family at either of Trickey's two locations, Manchester or Tecumseh. Tickets for the "50-50" drawing can be obtained at Trickey's, Inc., 104 E. Main, Manchester or by calling Mrs. Robert Burkhardt at 428-8083.
Mr. and Mrs. Charles King, owners of Donut Time, USA, will sponsor the traditional March of Dimes Coffee Day on Monday January 15th. The Kings hope that by providing free coffee and a hospitable atmosphere the "regulars" and all dedicated coffee drinkers will drop their coffee money into a special container for the March of Dimes. To add enthusiasm a contest will be staged on Tuesday, January 16th, enabling all customers to register a guess as to the amount of money collected in the container on the previous day. The winner of the guessing game will be entitled to one free cup of coffee and a roll each day of the following week, January 22-27th.

Use 150,000 Gallons of Water For Snowmobile Race

The Manchester Jaycees held their 5th Annual Snowmobile race, January 7, 1973.
First of all the biggest problem we had was that we didn't have any snow. The week before the race all we could do was hope and pray that we would get snow. The closer the race came the chance of snow became less and less.
So after thinking about the problem we decided to pump water from the infield onto the race track. We had the Union Construction Companies sewer truck to pump the water onto the track. (Who I would like to thank most of all, because without Allen Schaffer we would not have had the race.)
About 12-15 Jaycees helped pump the water Friday night and Saturday. We estimated that we pumped 150,000 gallons of water to get the 1/2 mile track ready for the race. When we left the track late Saturday night we had put about 2" of ice all around the track.
Sunday we started out at 6:00 at the Michigan Livestock diner for breakfast. Then we went to the track where 145 machines raced on one of the best and fastest tracks in quite a few years.
The work was hard, the rewards will be great, because most of this community who know about the Jaycees of Manchester, know that their profits are returned to the various community projects and clubs.

Receives Letter From President

By C. Chapin
Lisa Huber, 10 year old daughter of Mr. and Mrs. Lauren Huber of 520 West Main was this past fall, a campaign manager for the re-election campaign of President Nixon. Mrs. Godby's 5th grade at the Middle School was following the election closely and learning of the democratic process, when Lisa wrote to Mr. Nixon and invited him to visit Manchester to meet his voters, during his trip to Michigan.
Not able to take time to stop in Manchester he wrote a personal letter to Lisa.
Dear Lisa,
No matter how busy the day is I always enjoy hearing from young friends! I am especially pleased by your generous expression of confidence and support.
You are never too young to take part in working for a better America. I have great faith in our Nations young people and I hope you will always feel the commitment that you do now. With your spirit and energy we can meet the challenges of the 1970's
With my best wishes to you and for the years ahead,
Sincerely,
Richard Nixon
Congratulations Lisa! You have reminded all of us that he is our president, duly elected, and however busy, will have time to hear us. A lovely message for the entire community.
