Jaycees Support Crime Prevention

will be kept confidential.

President, James Curley of the Manchester Jaycees announced that our local chapter has given full support to last years United States Jaycees project for the prevention of automobile car thief in America.

Mr. Curley pointed to the lock-it and pocket the key program for all automobiles operated by Manchester residents. He further stated that unlocked cars or vehicles with the key in the ignition, serve as an open invitation to young people.

Thus, our main responsibility as both lavcees and young men of action, by the Jaycee Auxiliary, the Boy Scouts, is to encourage ourselves and our fellow citizens to channel youthful exuberance in constructive channels rather than a one way ticket to a possible life of crime.

Mr. Curley, the Manchester Jay-cees, and all responsible citizens of our community, are looking forward to a successful, crimeless, and happy future for all young people.

Remember, lock-it and pocket. The automobile key should be the key phrase when we park our car either at home, work or visiting. Young people need our help and assistance. Let us not let them down.

Bloodmobile To Be Here March 30th

The first Bloodmobile for the Manchester Community Blood Club this year will be March 30 at the new Uni-ted Methodist Church on Ann Arbor Robert Little is Chairman - of-the-day with Mrs. Ica Schaffer co-chairman, The professional staff will come from Southeastern Michigan Blood Center.

Local industries participating in the clinic are Double A Products, Manchester Tool & Die, Manchester Stamping and Plastics. Churches in the area and the Jaycees are working on the 20% Plan which was introduced over a year ago. This is a plan whereby the blood needs of all members, as well as all group members spouses, children under 18, children over 18 unable to donate, parents, parents-in-law, grand-parents, and grand-parents-in-law living anywhere in the United States or Canada are covered if 20% of the membership of the group gives blood during the year.

Families which may not be included in these groups may assure themselves of similar coverage by donating blood at a Red Cross Bloodmobile once or oftener during a year. Of course residents of the Manchester School District and Manchester Township are automatically covered by the local club as they have been the past 22 years. When blood is needed at a hospital the family should contact the Releasing Committee, Mrs. Franklin Reck, Mrs. Rolland Grossman or Mrs. Millard Uphaus. In the various industries the Personnel Depart-

ment will process the requests. Recruiters who will be conducting the phoning campaigns and who have een named to date are Mrs. Fred Mun son for Bethel United Church of Christ. Mrs. Norman Fielder for Emanuel United Church of Christ, Mrs. Ralph Janofski for Iron Creek Church, Mrs. Robert Novess for Manchester United Methodist Church, Reverend Enslen for North Sharon Community Bible Church, Mrs. Joseph Lozler for Sharon United Methodist Church, Mr. Donald Bauer for St. John's United Church of Christ, Mrs. LeRoy Armbruster for St. John's Evangelical Lutheran Church of Bridgewater, Mrs. William Schwab for St. Mary's Catholic Church, Reverend Daniel Mattson for St. Thomas Lutheran Church and Reverend John Morris for Zion Lutheran Church.

There will be a Bloodmobile in Saline, April 9 and 10, at which Bethel and St. John's of Bridgewater can easily add to their quotas.

MICHIGAN FARM BUREAL

Thursday, March 8, 1973

The nation's biggest assembly line, designed just for you, rolls out about 1500 pounds of food per person each year. It consists of producers, buyers, processors, shippers, wholesalers, restaurants and supermarkets and turns out meat, poultry, vegetables, fruit, cereals, bread products, dairy products, seafoods and many

About 1.3 billion acres of land and the 4.3 million people who work it, supply the raw materials.

Behind this outpouring of food products stand some 3.3 million farm people and one million hired workers. Add to that, about two million other people who work in industries that supply goods and services to the food producers. Food producers invest more than \$40 billion a year in machines, ferti--lizers, chemicals, animal foods, petroleum products, interest on loans, labor and a host of other goods and services to start this large process.

First stop along this vast assembly line is about 10,000 local businesses. that buy, store or assemble and ship

the raw materials. Most foods then travel through one or more of the 23,000 food processing plants located across the country. These firms employ around 1.5 million people

At the end of this \$130 billion food assembly line are approximately 300, 000 retail stores staffed by nearly one and three-quarter million employees. The assembly line also ends at

nore than a half-million restaurants and other away-from-home eating establishments. These are operated by ome three million workers.

One in every seven workers, inluding food producers, waiters, processors, truckers and grocery clerks, makes his living on the food assembly line. With 13 million employees, the food assemble line is the nation's biggest business, accounting for more than one-tenth of the total value of goods and services.

The next time you sit down to eat, hink of all the people you are helping to earn their living.

The little country church will make you feel welcome as you enter to worship with those who gather each Sunday. The gift of New Doors on the church is in memory of Mrs. Mina Trolz and what could be more appropriate, as it would be her desire that many would "Enter into His courts with singing and into His gates with praise."

Young and old alike are given a warm handshake and friendly greeting with the prayer that those who enter may find strength and encouragement from the ministry of God's Word, In days such as we are experiencing of frustrations, anxiety and problems both moral and material, where else can we turn but to the One who said, "Come unto me, all ye that labor and are hea vy laden and I will give you rest."

The Iron Creek Church is proud to announce that a fine group of students from New Tribes Bible Institute of Jackson will be assisting in the service Sunday morning March 11, at the Worship service at 10 a.m. and the following Sunday School hour. Kennedy, President of the Huron Valley Girl Scout Council.

Thank you projects range from painting a mural for a school library in Ypsilanti and making hand puppets for kindergarten students in Dexter, to giving banquets, luncheons and teas for devoted troop leaders, volunteer troop services directors and school of-

Largest of the projects will be a Girl Scout clean-up of Curtis Park in Saline, where high school Senior troop 229 is organizing 264 Brownies, Junior and Cadette Girl Scouts to pick up debris from the 50 acre recreation area Saturday, March 17. Troop Advisor, Mrs. James Hatfield, reports that two representatives from each of the 14 Saline troops will meet with Senior Scouts to plan the work.

"The girls wanted their hometown to know that they realize how much its United Fund, schools and churches and so many individuals have done for them The best way to do that, they thought, was to do something nice for them in return. So they went to the city and asked what would be the biggest help. This was their suggestion, " Mrs. Hatfield reports.

Other major events during Girl Scout Week include the annual meeting of the Huron Valley Girl Scout Council, Thursday, March 15, with dinner at 6:00 p.m. and business meeting at 7:30 p.m. in Clague Middle

School in Ann Arbor. At the meeting, which is open to the public, 101 delegates will elect board members and officers and set new three-year goals for the organization.

Area Girl Scouts join over three million other Girl Scouts in this country, as well as Girl Guides in 91 foreign countries, in marking Girl Scout Sunday, March 11 and the Girl Scout Birthday, Monday, March 12, the 61st anniversary of the founding of the first troop by Juliette Low in Savannah,

Friday, March 16, is the twentysecond anniversary of the Congressional Charter conferred upon Girl Scout of the U.S.A. by a special act of Con-

The Huron Valley Girl Scout Council directs activities of over 12,000 Girl Scouts and 3,000 adult volunteers in this area. The Council operations are partially supported by 12 United Funds and Community Chests in the three-county area it serves.

By cutting through red tape, members of Congress can often lend a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

My wife and I have been interested in visiting the Soviet Union ever since the President went there last year. Can we visit there and how do we go about getting the necessary permission and visas?

It's not easy-but perhaps it's not as difficult as you might think. First, the Soviets require that you plan your itinerary in detail. Then, make all travel arrangements and pay in advance for your hotel, transportation, and meals through one of the 100 U.S. travel agencies accredited by Intourist (the Soviet travel office). The travel agency will give you a tourist voucher. This must be presented to the Soviet consulate at least ten days prior to your date of departure, and you should then be issued a visa to enter the Soviet Union upon payment of a \$2 fee. The address of the Soviet consulate in Washington, D.C. is 1609 Decatur St. N.W. Of course, you will also have to have a U.S. passport, which you can obtain by making application at the office of the nearest clerk of a state or federal court. Allow at least two weeks to obtain your passport. To provide additional information and assistance, I am sending you a pamphlet published by the Passport Office of the U.S. Department of State explaining some of the do's and don't's when visiting the Soviet Union

I read somewhere that bean soup is served every day in the U.S. Capitol restaurants. Can't you people find a chef with some imagination? What gives?

There are many uncertainties about Congress but you can be absolutely sure of one thing—bean soup will be on the menu whenever you visit the Capitol. It's a long, long tradition. On the House side, the origin goes back to 1904 when Speaker Joseph Cannon ordered bean soup one day, only to be told it was not on the menu. "Thunderation," roared Uncle Joe Cannon, "I had my mouth set for bean soup. From now on, hot or cold, rain, snow or shine, I want bean soup on the menu every day!"

It should be of special interest that only Michigan beans are used to make the soup. I'm sending you a copy of the recipe printed each day on the official restaurant menu which a Capitol visitor is permitted to take along as a souvenir. And don't knock the bean soup-it's very good.

"Public cooperation with earlier roadside surveys was very good," says James Henderson, ASAP director for the Washtenaw County Health Department, and we hope it will be even better this

A recent analysis of the 1971 and 1972 Roadside Alcohol Surveys showed that males did more drinking and driving than females, blue collar workers did more than white collar workers, and persons age 25 to 34 more than persons of other ages.

River Clean-Up Successful

The Manchester Jaycees would like to thank all of the organizations and individuals who helped make Saturday, March 10th, a success in cleaning up the banks of the Raisin River here in Manchester.

The help of the Knights of Columbus, the high school Ecology Club, Girls Scouts, Boy Scouts, and Jaycee Auxiliary, were instrumental in making this one of the most effective clean-up programs in the history of Manchester.

The Jaycees were so impressed with the clean-up that Chairman Bill Kem ner has scheduled a Marchester Jaycees follow-up cleaning program for this coming Sunday, March 18, 1973, at

All Jaycees and interested people in the community are encouraged to meet at the Knights of Columbus Hall on Sunday afternoon at 1:00 p.m., so that we can finish the work that was started last Saturday.

Bloodmobile To Be Here March 30th

The Red Cross Bloodmobile will be in Manchester March 30 at the Manchester United Methodist Church, 501 Ann Arbor Street from 12 to 6 p.m. Local volunteers will assist the professional staff as usual.

Uniloy has contracted to join the 20% Club in cooperation with the Saline Blood Club. This makes the industrial effort to reach the 20% plan in Manchester 100%.

Manchester Blood Club meets the blood needs of all residents of the Manchester School District and Manchester Township. It also meets the blood needs of all organizations, churches and industries that have met their 20% quota and have contracted with the local club. This extended coverage means that employee's or member's spouses. children under 18, children over 18 unable to donate, parents, parents-inlaw, grandparents and grandparent-inlaw no matter where they live in the U.S. or Canada are covered.

Manchester Community Blood Club has been serving the area for 22 years and donors during this time have given 2535 units of blood almost all of which has been used to date by themselves or their neighbors. Any healthy man or woman between the ages of 18 and 65 can donate blood at a Red Cross Open Clinic. Thanks Citizens Of Manchester

To the Citizens of Manchester

I would like to take this opportunity to thank each and every one of you who contributed to the 1973 March of Dimes. Whether as an individual, a businessman or club, your support is the life-line of the National Foundation March of Dimes.

Every day over 700 babies are born with a defect and with your support. this appalling figure may someday be greatly reduced. The generousity of the people of Manchester has proven once again that knowledge brings success. The more we know about the March of Dimes the more we realize the importance of the research sponsored by our dimes and dollars. If we look, we can all find someone near who has bene-

fited from the March of Dimes. This year the Village of Manchester March of Dimes Campaign reached the total of \$1,583.35. The following is break-down of that figure. Mothers' March--\$613.04, Mailers--\$42.00, Business, Industry & Professional \$311.00, Canisters -- \$30.85, Clubs & Organiza ions---\$141.00, Special Events--\$445.46

I would like to add a very special thanks to the chairman of the various areas, the captains and marchers and to Mrs. Mary Gonyer, last year's March of Dimes Chairman. My thanks too, to Mr. and Mrs. Steele for their very generous support in the Enterprise. It takes many people working together to succee and I am most grateful to all who once again made the Manchester March of Dimes Campaign a success.

> Carolyn Ahrens, Chairman, Manchester 1973 March of Dimes.

March of Dimes Sets New Record

Final results of the 1973 March Of Dimes Campaign are now being tabulated and complete figures for the entire county will soon be released.

Mrs. Walter Breuninger, Rural Townships Chairman for Washtenaw County reports a total of \$12,123.39. Although this figure represents a decrease of \$425.86 from the amount collected in the rural areas last year the four townships surrounding the village of Manchester reported marked increases as shown

Bridgewater Township Mrs. Milton Weidmayer, chairman, 1972--\$392.91, 1973--\$431.38. Freedom Township Mrs. Earl Huehl, chairman, 1972--\$490.52, 1973--

\$600.76. Manchester Township Mrs. Danny Caywood, chairman, 1972--\$290.09, 1973 -- \$387.68. Sharon Township Mrs. Reno Feldkamp, chairman, 1972--\$212.56, 1973--

\$367.39. Mrs. Brauninger credits the success of the campaign in this four-township area to the enthusiasm and dedication of the four chairmen involved and to their individual solicitors. Congratulations

are in order for a job well done! March Is Kidney Month

Life depends upon well-functioning kidneys. Consequently, when the kidneys fail, death is inevitable without a transplant or treatment on an artificial kidney. To save the lives of victims of kidney failure, the Kidney Foundation of Michigan, a United Way service, and the Transplantation Society operate a kidney donor program with the help of the Michigan Department of Health. By signing a uniform donor card pledging your kidneys for transplant surgery after your own death, you may someday help save two lives. Legally valid donor cards can be obtained by writing to the Kidney Foundation of Michigan, 3378 Washtenaw, Ann Arbor 48104. Your continued support of your United Fund makes the work of the Kidney Foundation possible.

Life depends upon well-functioning kidneys. Your United Fund urges you to learn the warning signs of kidney disease. See your doctor if you detect puffiness around the eyes, unusual swelling in any part of the body, lower back pain or any change in the pattern of urination. These could be symptoms of kidney disease. For additional information write the Kidney Foundation of Michigan, a United Way service, at 3378 Washtenaw, Ann Arbor 48104.
