Notice To Middle School Students

All Middle School students will begin classes on Tuesday September 4. Fifth and sixth graders should report to Nellie Ackerson building, locate their name on one of the room lists posted in the hall, and then report to that room. Seventh and eighth graders should report to the gym by 8:30 A.M. for a short assembly and further registration information.

Students new to the school district this year are urged to pre-register either by phone or in person at the Middle School office as soon as possible before the opening of school.

All students are advised to come to school on the first day with the basic necessities - notebook, paper, pencil,

Neither Stewart hot sandwiches or hot dogs will be available for purchase during noon hour on the first day of school, so bring a sack lunch. Students that live within the established noon hour boundaries of the school are again reminded that the school expects them to eat their lunch at home during the year, because of the even more crowded conditions then has existed in previous years. For the rural students, beginning on Wednesday, Stewart sandwiches will be sold every Monday, Wednesday, and Friday and on every Tuesday and Thursday (except Tuesday September 4) when the Field and Stream Club will sell hot dogs. Prices for the sandwiches and hot dogs have not been set yet, but will be more than they were when school closed in June. Milk and pop

will be sold each moon hour. The Middle School Student Council s again selling school calendars for \$1.00, having absorbed the increased printing costs. These may be obtained at Gambles Store, at any of the schools, and at the Merchants Tent during Fair Week during the evening hours only. Proceeds from the sale of the calendars in previous years has been used to purchase such things as ping pong tables, the lettering on the front of the Middle School building, awards for field day winners, pins and certificates for students that are consistantly on the academic or effort recognition honor roll during the year, cheerleader sweaters and vests, record players, etc. Next year the calendar will be enlarged from its present size to 11 by 14 inches so that there will be more room for people to make notations of their particular appointments on any particular day of the month. There will be a price increase then of course.

As in the past, each Middle School student will receive a revised copy of the Student Guide which contains all the important rules and regulations.

Parents are encouraged to become familiar with these items so that they will be knowledgeable of the kinds of responsibilities and behaviors the

students are held accountable for. The Middle School faculty and dministration are looking forward to a good year and sincerely hope each parent will feel free to contact us early if a problem with their child developes. Frequent and frank communication between home and school is the key to eliminating mis-understandings that after detract from the positive way we both hope your child will approach each day in school.

Manchester JC Membership Grows

At the August Jaycee general membership meeting conducted by President Ron Mann on Thursday, August 16, 1973, five local young men from the Manchester community were accepted for membership in the local Jaycee chapter.

These young men are David Walter, Gary Knauss, Larry Bowers, Jim Schook, and Gary Stoll. At the induction of these five members into the local Jaycee chapter, the Manchester Jaycees have surpassed last years membership totals and now have a compliment of 104 members.

According to President Ron Mann, this ranks Manchester as the 8th largest Jaycee chapter in the State of Michigan.

Other Jaycee dignitaries and guests present for the meeting and selection of new members were Jaycee National Director, Jerry Bell from Ann Arbor, and our own local State Vice-President, James Curley.

Mr. and Mrs. Jeffrey Stevens announce the birth of their daughter, Brandie Lynn. She was born in St. Josephs Mercy Hospital in Ann Arbor on August 12th, at 6:00 a.m. and weighed 7 pounds 13 ounces. The Stevens reside at 425

Lafayette Street in Manchester.

Dupler-Feldkamp Vows Spoken

On Saturday, August 18th, wedding your were exchanged between Miss Beverly Feldkamp, daughter of Mr. and Mrs. Reno Feldkamp, and Craig Dupler, son of Mr. and Mrs. Clyde Dupler of Royal Oak. The late afternoon ceremony took place on the lawn of the bride's home and was solemnized by Reverend Michael Peterlin of Sharon United Methodist Church. Music for the ceremony was furnished by a brass quartet of the couple's friends who played music of the Baroque period.

The bride wore a gown of white antique satin with lace bedice, sleeves and double ruffle at the hem made by herself. With this she were a white, wide-brimmed hat with a bow of daisies. She carried a bouquet of daisies and yellow roses. The bride's four attendants all wore long, yellow halter-type gowns with hats to match and carried baskets of daisies. The maid of honor was a sister of the brid Miss Lucy Feldkamp. Bridemaids were Miss Carol Boehler of Green Bay Wisconsin and Miss Kathy Feldkamp. another sister. The bride's youngest sister, Miss Jennifer Feldkamp was

tior bridesmaid. The groom's father, Clyde Dupler, acted as best man because of illness of the groom's friend. Ushers were Kieth Behm of Kalamazoo and Mark

Feldkamp, brother of the bride. A reception was held at the bride's home following the wedding. After a trip east, the newlyweds will live at their home near Kalamazoo.

COOPERATIVE NURSERIES

This is a place where pre-schoolers (3 and 4 year olds), teachers and parents learn, work and play together.

A financially reasonable way for your child to have good pre-school experiences, so necessary in this day

94,000 families have gone "Cooperative" internationally. This area has many of those parents. They have all choosen cooperative nurseries for many reasons:

The parent gains an objective view their own child as they watch their wn play with his peers. Parents grow as they become in-

olved in this experience. No where else can their child have pre-school experiences with a child

eacher ratio of 5-1. The parents have control over how the nursery is run and what their child will be learning. These are but a few of the many reasons

for the cooperative decision. The parent has a chance to teach, ork with the teacher, and help the children learn. All fan, especially for the parent who wants to know who is child plays with. The child too s glad to have "mom'or "pop" there or the few days they assist.

For applications, contact Manthester Day Care Center, Geneva Valkowe, 428-5565.

WHAT'S COOKING IN MICHIGAN

Quantities of fresh Michigan vegetables are appearing in market places as harvesting of late summer crops goes into full swing, according to marketing officials of the Michigan Department of Agriculture.

To get the most value for your noney, nutritionists warn that it's important not to overcook vegetables. Most of the mutrients and flavor in fresh vegetables is lost from overcooking and allowing them to soak for long periods of time in water during washing.

Most vegetables should be refrigerated until ready to use and not allowed to set at room temperature. For example, when sweet corn and peas are left at room temperature. the sugars they contain are quickly changed into starches and the sweetness and delightful flavor are lost.

Nutritionists suggest adding butter to vegetables after they are cooked because heat destroys the Vitamin A content in butter. Salt should be added to vegetables after cooking for another reason. Salt attracts moisture. When vegetables are salted at the beginning of cooking, many of their juices and minerals are drawn out and lost in the liquids

Thursday, August 23, 1971

used for cooking. That leads us to still another factor. Liquids in which vegetables are cooked should be used because they carry important nutrients and flavor. Yet this is impossible when vegetables are cooked in large quantities of water. Therefore, try adding only enough water to cover vegetables

and cook over low heat. The natural color of vegetables like bell peppers and tomatoes is preserved if properly prepared and cooked. When prepared and cooked quickly, little acid is released and the bright color remains. Hard water also destroys the attractiveness of fresh vegetables. So if you must use hard water, add a drop or two of vinegar.

SOCIAL SECURITY INCREASE TO BE MORE THAN ANTICIPATED

Social Security beneficiaries will ceive an increase in their monthly benefits of 5.9 percent next June instead of the 5.6 percent initially estimated when the benefit increase legislation was enacted early in July. Robert A. Kehoe, Social Security

anager in Ann Arbor said the 5.9 ercent increase represents the percenta increase in the consumer price index for June 1973 over the CPI for June 1972 the two months to be considered in fixing the amount of the benefit increase called for in the legislation (PL-93-66). The 5.6 percent figure was an estimate widely discussed during development of the Social Security amendments in a bill providing for the extension of the Renegotiation Act of 1951. The exact increase could not be determined until the CPI figure was calculated. This figure was announced n July 20.

The increase becomes effective with monthly benefit checks for lune that will reach Social Security beneficiaries in July 1974, Kehoe said. The Social Security Office 11 Ann Arbor is located at 2929 Plymor dr Rd, just east of Huron Parkway. Phone

TOWNSHIP OF FREEDOM

AN ORDINANCE TO REGULATE AND CONTROL THE BURNING OF WASTE MATERIALS, REFUSE, LEAVES, PAPER AND OTHER DEBRIS WITH-IN THE TOWNSHIP OF FREEDOM, WASHTENAW COUNTY, MICHIGAN AND TO PROVIDE FOR THE ASSESSMENT AND PAYMENT OF THE COST OF FIRE FIGHTING SERVICES RENDERED TO OWNERS OF PREMISES AND PROPERTY WITHIN SAID TOWNSHIP.

The Township of Freedom Ordains:

Section 1. BURNING OF WASTE MATERIAL. It shall be unlawful for any person, firm or corporation to burn or cause to be burned any waste materials, refuse, paper or other combustible debris within the Township of Freedom, unless done in accordance with the provisions of this ordinance.

Section 2. BURNING INSIDE BUILDING OR STRUCTURE. It shall be unlawful for any person, firm or corporation to burn or cause to be burned any waste materials, refuse, paper or other combustible debris inside a building or structure unless the same is done in a stove, furnace, fireplace or an

Section 3. BURNING OUTSIDE OF BUILDING. It shall be unlawful for any person, firm, or corporation to burn or cause to be burned any waste materials, refuse, paper or other combustible debris outside of buildings or structures in the Township of Freedom unless all of the following conditions

(a) LOCATION. No such burning shall be within (20) twenty feet of any existing building, structure or property line or within the boundry lines of any

(b) CONTAINER. All such burning shall be done in a container with solid or wire mesh sides having a suitable cover and so constructed as to prevent the dispersal of sparks and burning materials to neighboring or adjacent buildings or premises.

(c) TIME. No such burning shall be done prior to 7 A.M. and after 9 P.M. on any day.

(d) ATTENDANT. no such burning shall be done unless under the constant supervision of a person of mature years and discretion.

(e) SIZE. No such burning shall be done where its maximum size is not controllable by one person of mature years and discretion.

(f) NUISANCE. No burning shall be done at any time or place of any materials when such burning gives off foul or obnoxious odors or a dense smoke or wind conditions will create or be apt to create muisance to anyone or the property of anyone in the vicinity thereof.

Section 4. CHARGES. In the event the fire department of any other political subdivision renders fire fighting services to real property within Freedom Township or personal property located on real property in said Township, that portion of the cost thereof charged to Freedom Township as shall be established by resolution at the first meeting of the Township Board each year shall be billed forthwith to the owner of record of said real property as shall appear on the real property tax roll of Freedom Township.

Section 5. LIEN. Charges provided for in Section 4 above shall be a lien on the real property to which such fire fighting services are rendered, and in the event the same are not paid, the amount thereof shall be added to the next taxes to become due on said real property and collected in like manner as other taxes.

Section 6. CHARGES PERSONAL PROPERTY. In the event the fire department of any other political subdivision renders fire fighting services to personal property in a public highway within Freedom Township, the cost thereof as charged to Freedom Township shall be billed forthwith to the owner of such personal property, and in the event the same has not been paid within sixty (60) days after such billing, appropriate action shall be filed in the Township name against their owner thereof in the proper court.

Section 7. VIOLATION PENALTY. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and shall be punishable by a fine of not more than One Hundred (\$100.00) Dollars or sentenced to the Washtenaw County Jail for a period of not more than ninety (90) days, or both such fine and imprisonment in the discretion of the Court.

Section 8. INVALIDATION. Invalidation of any section or provision of this ordinance shall not effect the validity of the remaining sections or provisions hereof.

Section 9. EFFECTIVE DATE. This ordinance shall take effect thirty (30) days after legal publication thereof, and shall be published in the Manchester Enterprize, a newspaper having a general circulation of said Township within ten days after passage thereof.

Rena Girbach, Township Clerk

David Meinhart, Township Supr. I hereby certify that the within ordinance was adopted at a regular meeting of the Township Board at which five members were present on August 14, 1973, and that all the members voted for the adoption of said ordinance and none voted against the adoption of said ordinance, and that the same was published in the 1973 Manchester Enterprize, a newspaper having general circulation in said Township.

Rena Girbach, Township Clerk

Fact or fiction? Carbon dioxide from smoke stacks of the northern hemisphere is being "inhaled" by the North Atlantic and "exhaled" by the South Atlantic.

It's a fact, according to the prestigious Woods Hole Oceanographic Institute in Massachusetts. Just how it works and what it all means may not be apparent for some time. But that it happens at all is a revelation.

Tracing the path of carbon dioxide through the oceans of the world is one of the goals of an international project in which the research ship Knorr was involved. The Knorr surveyed the Atlantic, while other ships are said to be the most elaborate and highly computerized equipment of their kind ever sent to sea.

Carbon dioxide is absorbed by oceans as well as green plants. But there have been fears that current production of the gas by industrial activity could overwhelm the capacit of the oceans to absorb it. This could

THE MANCHESTER ENTERIRE

lead to excessive levels of carbon dioxide in the atmosphere that might even produce changes in the climate. Carbon dioxide in the atmosphere functions much like the glass roof on a greenhouse -- it permits sunlight to pass through it and generate heat but prevents the heat from escaping back into the atmosphere. Excess amounts of the gas could, conceivably, alter the earth's temperature.

The new finding by the researcher on the Knorr does not resolve any questions. But the information indicates that the oceans are still capable of removing quantities of the gas from the most polluted latitudes. However. oceans themselves are being defiled by all kinds or pollution. And the future of the airs and water -- and people -of this planet are a matter of grave

Find out how you can join the fight to reduce air pollution. Contact your regional TB and respiratory disease association. It's a matter of

VAILABILITY OF AERIAL PHOTOS

Anyone having need for aerial chotos may obtain them for any given area in Michigan by contacting the Michigan State ASCS Office at 1405 South Harrison Road, East Lansing, Michigan. Walter Wittenbach, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee, stated that USDA provides aerial photos of the lower peninsula of Michigan about every seven or eight ears. The upper peninsula is flown by the U.S. Forest Service at lesser

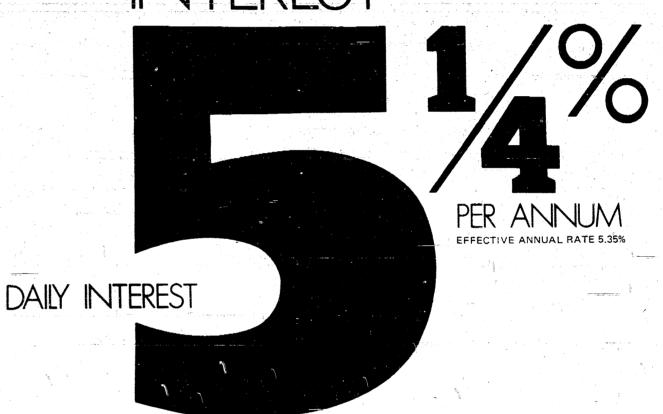

Anyone may obtain these photos it a nominal cost at any one of several scales varying from 3334' to the inch up to 300' to the inch. Prints cover four square miles unless a special order is filed. The costs are from \$1.75 for 1/2" X 9 1/2" up to \$9.00 for 38"

Wittenbach further points out that these photos can be ordered to an exact scale so that accurate distance between

given points may be obtained without

ground measurement. Also, exact creages may be determined for any given area such as fields, lakes, woods etc. Photos are used extensively for land-use planning, urban development. drainage projects, high layouts, etc. The total uses are too countless to name

Another interesting note, Wittenbach points out, is that the private sale of photos pays 80 percent of the overcost for aerial photography.

UNITED WAY OF MICHIGAN

Leukemia kills more children under age 15 than any other disease. That's why the outstanding leuke mia-fighting agency in Michigan was named the Childrens Leukemia Foundation. But leukemia really strikes more adults than children. The Foundation, with the help of your United Way contribution is providing medicine, blood and medical care for more than 300 leukemia victims in Michigan and well over half of them are adults.

The help's there for you, too. Just phone call will start it.

COMPANY D MARCHES

Members of the 156th Signal Battalion, Company D, Ann Arbor joined in the annual Manchester Parade on Tuesday, August 21. The detachment, which included a number of Manchester area residents, is part of a current National Guard program to participate in community activities. The program goal is to increase citizen awareness of the Guard and to spur nterest in the recruitment of new men bers. As the "Volunteer" concept of recruiting has replaced other forms, the Guard is increasing its recruiting efforts through such civic activities.

Current plans include marching in n the Armed Forces Day parade in Ann Arbor on November 11. Future ing manpower and equipment. The unit is currently participating in an Environmental Protection Agency program of water sampling.

Mr. and Mrs. Robert Hamilton, wners of the Manchester Locker Plant Association of Meat Processors Convendilton Hotel in Cincinnati, Ohio.

Bake a Fluffy Cheesecake

Cheesecakes are many and with or without a crust served plain or with a shining fruit glaze. In texture, too, they vary. Some are quite firm and somewhat dry. Others, like the one which appears below, have a souffle-

Fluffy Cheesecake 1½ cups dry or pot style cottage cheese

14 cup corn starch 4 eggs, separated

11/2 cups dairy sour cream % cup sugar

¼ teaspoon salt 1 teaspoon grated lemor

1 teaspoon lemon juice 1 teaspoon vanilla

Lightly grease 9 x 31/2-inch spring form pan. Put cottage cheese through sieve into large mixing bowl. Stir in corn starch. Add egg yolks, 1 blended Add sour cream. 1/2 cup of sugar, salt, lemon rind, heat until well blended Beat egg whites until foamy. Add remaining ¼ cup sugar, 2 tablespoons at a time, beating until stiff peaks form when whites into cheese mixture Pour into prepared pan. Bake in a 350°F, oven about 50 minutes or until top is golden brown. Turn off heat and let cool in oven with door open. Makes 1 (9-inch) cheese cake.

Michigan Farm Bureau

A recent poll indicated that the number one worry of over 60 percent of the people questioned is inflation's effect on the cost of living. However, inflation is like sin; deplored in word but practiced in deed. Everybody hates inflation, but loves the things it brings about. Working people hate inflation, but persuade politicians to vote for a higher minimum wage bill. Housewives want a price rollback for meat. but they don't want the empty meat counters that would result. Taxpayers hate high taxes, but love the government benefits these taxes support

The United States Chamber of Commerce has a "Federal Spending Clock" with rapidly-changing digital figures to indicate how much the government has spent since the beTHE MANCHESTER ENTERPRISE

ginning of the fiscal year. On July 1, when the new fiscal year began, they had to reset the clock to run at an accelerated pace to keep up with government spending. The clock's sweeping dial shows \$10,000 spent every 1.17 seconds; a flashing light ndicates \$100,000 spent every 11.7 econds, and a beeping sound means \$1,000,000 spent every one minute and 57 seconds. Each day the clock

If people, in addition to worrying bout inflation, would lay the primary blame at the doors of elected officials esponsible for massive government pending, and demand that it be curbed, he battle against inflation could be won.

registers expenditures of approximately

\$736 million.

Farmers, hard-hit by inflation, ecognize that the only way federal ending will decrease is for the major ity of taxpayers to insist upon it. individually and through their organization, Farm Bureau, they have consistently urged government officials o curb excessive and irresponsible ederal spending. They hope other citizens will join

them in telling their legislators to slow down the Federal Spending Clock. But, in making this demand, they must realize they can't have their cake and eat it, too. They have to decide

they love cheap dollars.

Tick, flash, beep, goes the clock. Will our elected officials allow it to slow down its headlong speed toward economic disaster? Citizens who diagnose their love-hate syndrome will letermine its speed....

FEDERAL CROP INSURANCE SIGN UP

One out of five farmers in Southern llinois, Indiana, Ohio and Michigan who insure their wheat in the U.S.D.A. ederal Crop Insurance program have eported damage to this years crop. is estimated that indemnities of over \$200,000 will be paid for wheat losses caused by excess rain.

The 1974 wheat insurance sign up started August 15 and closes September 30. The booming wheat market is creating a strong demand for seed wheat and a big increase in acreage is antic-

By cutting through red tape, members of Congress can often lead a hand to those with problems involving the lederal povernment, Through the columns of this newspaper, Senator Griffia answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffia, Senate Office Building, Washington, D.C. 20510.

Q.---I've heard talk that a drive is on in Congress to rate man's first landing on the moon with an

A - Several members of the House and Senate have introduced legislation which would establish a national holiday to recognize the day when man first landed on the moon-July 20, 1969. Some support for a national "Moon Day" has been reflected in the mail that has come to my office. However, I doubt that such legislation is likely to become law in this session of Congress.

Q.....As a student of American history and politics, my major interest is Contemporary America. I have read several times the classic work, Goals for Americans, prepared in 1960 by historians, political scientists and others in the academic community for President Eisenhower. I understand that no other study of its scope has been done since then. Is anything in the works? -G. W., East Lansing

A .- Yes. President Nixon is establishing a National Commission on the Future of America. That Commission will be assembled from the ranks of outstanding leaders in such fields as education, labor, the arts, the sciences, government, religion, etc. As a part of the Bicontennia observance, they will be asked to present a comprehensive study focusing upon goals for America in its third century as a nation. It is expected that the Commission will center its attention on socio-economic and political trends, and will obtline ways to continue improving the

Free moon light at NBJ!

Thursday, August 23, 1973

The light that went to the moon NASA never takes chances.

So when they wanted a foolproof flashlight for the astronauts to take to the moon, they went to ACR Electronics and said. 'Build us a foolproof flashlight.' And ACR did.

Astronauts need it

because the totally new and revolutionary Moon Light works equally well in space, on the surface of the moon or back here on earth. It's small ($3\frac{1}{2}$ in. long), light ($6\frac{1}{2}$ oz.), neat and has no external switches to corrode or break.

Husbands need it

when they go fishing early in the morning: look for tools and parts behind the workbench or to rattle around in their tackle box, tool box or briefcase.

Mothers need it

to put in the drawer next to the silverware in the kitchen since the flashlight in there now doesn't have any batteries,

for safe bicycle riding in the evening. reading comic books under the bed covers and finding their way to the bathroom

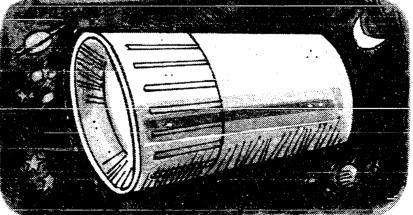

Glove compartments need it for a portable trouble light, map light or roadside emergency signal.

Everybody in the dark needs it.

If you're not in the dark now, store it away somewhere and forget about it until you are. The space age battery has a five-year shelf life and ten times the staying power of an ordinary flashlight.

Just \$200 and it's yours free!

Open a new NBJ checking or savings account for \$200 or purchase a \$200 Certificate of Deposit at either of our Brooklyn or Napoleon area offices. Or you can get one free by adding \$200 to your present NBJ savings account.

people in school and members of organizations several lovely floats were produced. Winners of these were: First - Class of 1976, Second - Class of 1977, Third - Class of 1978. The parade marshals wish to thank all participants for their efforts. The many beautifully and cleverly

decorated bikes entered in the parade made it a difficult task to choose the winners. From among these, Sue Smith won the first prize. Denise Kuebler, 2nd prize, Patty Miller and Lisa McGee, 3rd prize, Carrie Gregarson, 4th prize, Bobbie Ross, 5th prize, Tammy Huber, 6th prize, Suzanne Wheeler, 7th prize.

Donald Tassie Klager Principal
