Bloodmobile At Rawsonville Staffed By Manchester People

Twenty-four Manchester Red Cross volunteers staffed one of the five blood clinics at the Ford Motor Company in Rawsonville last week. It was the largest clinic of the week covering the 9 a.m. to 3 p.m. shift, receiving 187 pints of blood for the Ford blood bank. Three registrars were Mrs. Ray Kerr, Mrs. Ica Schaffer and Mrs. Charles Spensley. Mrs. Rita Limpert was a prescriber assisted by Mrs. James Fielder, RN. Other registered nurses on the staff were Mrs. Carl Pederson, and Mrs. Aaron Nathan who took medical histories and Mrs. LeRoy Breitenwischer who was the observer for the canteen. Nurses Aides included Mrs. James Pratt, Mrs. Ralph England, Miss Agnes Kent and Miss Amanda Schaible. Escorts were Mrs. John Wallace, Jr., Mrs. Morgan Kern, Mrs. Ira Johnson, Mrs. Ronald Jenter and Mrs. Birdella Flood. First Aiders who took temperatures were Mrs. Don Walter and Mrs. William Tervo. Canteen workers were Mrs. Charles Knorpp, Miss Annette Breitenwischer and Mrs. Basil Schwab. Mrs. Franklin M. Reck was chairman of-the-day with Mrs. Millard Uphaus, co-chairman. The Manchester Red-Cross volunteers staff at least two corporation Bloodmobiles per year besides the two local ones. They are scheduled to do the Chrysler Proving Ground clinic Wednesday, Sept. 5 and the next Manchester Clinic on Monday, Oct. 29. There are over sixty volunteers listed in the Manchester Unit. Anyone wishing to participate should contact Mrs. Reck or Mrs. Uphaus about their training for this work. RNs are always in demand because, in general, their volunteer time is limited because of the heavy demands on the nursing profession. Mrs. Pauline McKenna, director of the Blood Program for the Washtenaw Chapter of the American Red Cross commends the Manchester Unit for their consistent support of the blood program for the past twenty-two years. Actually, Manchester has been involved with bloodmobiles since October 1942, when the Michigan Department of Health combined with the Red Cross began their wartime clinics here. Mrs. Raynor Haessler is the chairman-of-the-day. The 130 donor record is still one of the highest for the area.

Poppy Days May 17-18-19

May 17 - 18 - and 19 are Poppy Days in Manchester. On these days members of the American Legion and American Legion Auxiliary will be on street corners offering to the public replicas of the bright red wildflowers which were so prevalent in the fields of France during World Wars I and II. Jack Weir, American Legion Poppy Chairman, Mary Smith and Helen Hosmer, Poppy Co-Chairmen of the American Legion Auxiliary Unit #117, emphasized that all funds donated for the poppies are directed toward rehabilitation of veterans. The poppy was chosen by the Auxiliary in 1921 as the memorial flower of the sacrifice made by men and women for America. Each year, more than 12,000 Auxiliary Units across the country offer poppies. Veterans benefit not only through rehabilitation from poppy funds, but also from making poppies. Each veteran is paid for each poppy. Poppies to be offered here were made by veterans at Veterans Hospital in Battle Creek.

It was announced this date, that the Manchester Jaycees would be installing their officers elect for the 1973-74 Jaycee year, at their installation dinner on Saturday, June 2, 1973, at the Tecumseh Country Club. President Elect, Ron Mann; Internal Vice-President Elect, Jim Mann; External Vice-President Elect, Dick Rigg; Secretary Elect, Dick Wolf; Treasurer Elect, Ken Buss. Directors are, John Ball, Ron Panches, Len Minor and Bob Bunney. The program will be cocktails, dinner and an interesting Jaycee guest speaker to continue the great program instituted by Manchester during the 1972-73 year.

LETTERS TO THE EDITOR

After reading C. Chapin's article about re-cycling bed springs and what she went through to get rid of them, I believe this is another such problem.

A few weeks ago we had to replace a hot water heater. The plumber was asked as what to do with the old one, he shrugged his shoulders saying, he didn't know.

After bumping into it for days in the laundry room, we dragged it to the patio where it remains.

To my knowledge we cannot take it to the dump in its present stage.

Our's is not the only heater as the neighbors have rolled one down back of their house not knowing what to do with it.

Inquiring about, in the area, we discovered many other homes with the same problems.

Any helpful suggestions would be appreciated.

The dinner was given in honor of Girl Scout leaders, their assistants and anyone who has benefited the organization. Chelsea, Saline, Dexter and Manchester were represented at the dinner.

Kay Roesch is 1st Vice President of the Huron Valley Girl Scout Council. Joan Reinhart, our cadet leader received a five year pin.

Brownie troops wish to thank Principal, Jack Raffaelli for their meeting place, the Luther C. Klager Elementary School. And our junior troops are grateful to the Knights of Columbus for the use of their hall.

The order of the Eastern Star and the Jaycees both contribute financially to Manchester's Girl Scout troops.

Brownie leaders and their assistants are as follows: Donna Stengel and her assistant Kay Martin; Lois Rodriguez and Mary Gonyer as her helper and Joyce Watson is Ann Wright's assistant.

Manchester has two junior troops with Doris Bersuder as leader and Betty

MANCHESTER COMMUNITY FAIR BOARD MEETING

The Manchester Community Fair Board met May 8 at Spear & Assoc. office in Manchester. Mrs. Judy Adams was present at the meeting to request a horse show for the 4H members in the Manchester area. The physical as well as financial problems of boarding horses on the fair grounds was discussed at length. Mrs. Adams was asked to contact other 4H sponsors to determine how many riders might be participating and the type of classes needed for a good show, etc. She was invited to report back to the board as chairman or co-chairman of the Horse Show Committee.

The Board is still trying to find someone to chair the Antique Car Committee. There seems to be interest in the events, but no one as yet is willing to get it organized. The Compact Tractor Pull has been rescheduled for Friday night, and will run consecutive with the Pony Pull.

Revisions are being made in the Premium List offering a further breakdown in ages for the sewing and painting competitions. The Fair Book will go to print at the end of May.

The next Fair Board meeting is scheduled for June 12, 1973, at Spear & Assoc. Office in Manchester. Committee Chairmen and interested parties are urged to attend.

STATE MEET NEXT FOR TWO DUTCH TRACKMEN

Cold, windy weather couldn't stop Scott Gormley and John Savage from soaring to 2nd and 3rd place finishes in Saturday's regional meet at Bronson.

The top 3 finishers in regional competition gain the right to compete for state meet honors and Gormley's 11' 6" pole vault, and Savage's 5' 6" high jump both qualified them for the state meet held this Saturday at Mount Pleasant.

PLEASANT.

Although the track team only qualified 2 for the state meet, there were several other fine performances turned in Saturday.

In the 2 mile, Tom Guenther and Jeff Brustle pushed their way through 20 mph. winds to 10:42.4 and 10:49 clockings. The former, a new school record and the latter, a personal best. Guenther finished 6th while Brustle was 9th in a 30 man field.

FIVE MEDAL WINNERS

Five Manchester High trackmen come away from Saturday's Albion Invitational with medals to show for their fine efforts.

The first Dutchmen to gain a medal was Junior, 2 miler, Tom Guenther. Guenther gained his 4th place medal on the strength of a solid 10:54 clocking.

The next medalist was Dan Beach as his 11 foot pole vault was also good for a 4th place finish. The 11 foot vault was a personal best for Beach.

John Savage scaled 5 foot 8 inches in the high jump to gain a personal best also, and to cop a fifth place medal.

Another fifth place finish and medal was gained by Bruce Cray in the half-mile run. Cray was timed in 2:10.8.

The top Dutchmen finisher was Mark Spencer. Spencer finished a strong 3rd in the 220 yd. dash which was run into a strong 30 mph. headwind. Spencers time was 24.1.

MORENCI DOWNS TRACKMEN

Our Manchester High track team last Tuesday opened up a 28 1/2 to 7 1/2 lead over Morenci after the field events only to lose 46 1/2 to 76 1/2. Again, as in most of the last few meets, illness doomed the Dutchmen almost from the start.

Without the aid of the teams top 3 sprinters; Co-Captain Mark Spencer, Kurt Kensler and Dave Guenther, and top distance runner Tom Guenther our Dutch Thinclads could only gain 18 points of the remaining 86. Eight of these points came in the 2 mile as Co-Captain Jeff Brustle and Freshman Tom Copal took first and second.

Remaining point scorers are: 880 - Bruce Cray, 2nd; Phil Krzyzanski, 3rd; Mile - Jose Arana, 2nd; 100 - Eric Bentschneider, 3rd; 180 Low Hurdles - Scott Gormley; 220 - Brad Frey, 3rd; PV - Scott Gormley, 1st; Dan Beach, 2nd; SP - Scott Gormley, 1st; Randy Seeger, 2nd; Bill Mann, 3rd; HJ - Dan Beach, 1st; John Savage, 2nd; Bruce Cray, tie 3rd; IJ - Scott Gormley, 2nd.

For the first time in the seven-year history of the Medicare program, people under age 65 will be eligible. Robert A. Kehoe, District Manager of the Social Security Office in Ann Arbor, announced that effective July 1, all individuals of any age who have been receiving Disability Benefits under Social Security for at least two years will be eligible for Medicare. This also includes those individuals who are receiving payments as Disabled Widows and Adult Disabled Children. He estimated that about 1,300 will be eligible in Washtenaw County.

Kehoe also explained that the procedure for enrolling in Medicare has been changed, beginning with all those people whose eligibility will begin in July. In the past, enrollment for Part A, or hospitalization, was automatic, but the individual had to take the initiative in order to enroll in the voluntary Part B, or Medical Insurance portion, which requires payment of a premium. Since it was found that 96% of all eligibles do sign up for Part B, the procedure has now been reversed. Medicare cards showing eligibility for both Part A and Part B will be mailed out to all eligibles 3 months in advance of the effective date, with a notice that the Part B premium (\$6.30 per month effective July 1) will be automatically deducted from their Social Security benefit checks. Only those people who do not want Part B need to get in touch with Social Security. Everyone who will be eligible for Medicare beginning with July (the Disabled and those reaching 65 that month) received their Medicare cards about mid-April.

Kehoe pointed out that there have been many questions about the necessity of Medicare from those individuals who already have Medicaid or private insurance. He commented that there is reason to expect that these other insurances will become only supplementary to Medicare, as they already are with those people over age 65. He cautioned against anyone declining Medicare because of other insurance, without first contacting his Medicaid case worker or private insurance agent for advice about possible coordination between the 2 programs.

He explained that anyone can always drop out of Medicare at any time if he finds that his other insurance is really completely adequate. However, if a person declines it initially, he can't sign up again until the first 3 months of the following year, it won't be effective until July of the following year, and the premium costs will be 10% higher. Any questions should be referred to the Ann Arbor Social Security Office at 2929 Plymouth Road. Telephone: 769-7100.

MICHIGAN MY MICHIGAN

"Michigan—What You Seek Is What You Get," Michigan Week's new theme this year, has a 1973 ring to it. Derived from Michigan's state motto, "If you seek a pleasant peninsula, look about you" (Si Quæris Peninsulam Amoenam, Circumspice), the mod theme is just a word and a letter different from the slogan popularized by TV entertainer Flip Wilson.

Theme emphasis is on Michigan, subtly hinting that Michigan has what you want, if you just take the time and effort to go after it. The theme implies that everything good in industry, educational opportunities, recreation, culture, agriculture and natural beauty can be found in Michigan. It ties Michigan into today's mainstream in today's idiom.

Michigan is what Michigan Week is all about. The 20th annual Michigan Week has the same three goals that the first one and each succeeding event has had—to give Michigan citizens a greater knowledge and appreciation of their state; to tell the nation and the world about Michigan's advantages and resources for industry, business, education and recreation, and to foster a spirit of cooperation among all communities and people so that all of Michigan will work together to make the state even more livable and attractive.

Another Michigan Week is upon us—not that Michigan Week is the only time of year we pay attention to our state. But Michigan Week reminds us of our goals, prods us to be aware of what we have going for us in Michigan, invites us once again to tell others about Michigan's good points.

Chiropractic Results
Our Chiropractic Children

"To Whom It May Concern:

Because of regular chiropractic adjustments, we no longer find it necessary to give our three children any type of medicine, shots or pills! What is even better is that they all love taking adjustments from our chiropractor and there is no more crying when we go to the doctor. It all started when I began taking adjustments from the chiropractor. Robert, my middle son had been sick constantly ever since he was a baby with diarrhea, sore throats, and allergies. The Chiropractor examined him one day after I had my adjustment, and he found the cause of all Robert's trouble.

After taking adjustments for a short time, Robert's health greatly improved and today he rarely ever suffers with even a slight ailment. My chiropractor also adjusted my oldest son, Tim, for headaches and they began to disappear after the first adjustment. Robin, the baby, has been adjusted ever since he was born! You will not find a healthier baby anywhere and it is all due to chiropractic. I urge all parents to take their children to the chiropractor first so that medication will not be necessary."

MANCHESTER BOARD OF EDUCATION

The regular meeting of the Manchester Board of Education was held in the High School Library, May 14, 1973 at 8:00 p. m. All members were present. Also present were Superintendent Swartz, Principals Kocessid, Tapping, Raffaeili and McGuire. Visitors present were Mr. and Mrs. Harold Settles and Scott Gormley, Nancy Simmons and Nikki Lentz representing the Student Council.

that this plan had the support of the present Junior Class and Student Council representatives from the Freshmen and Sophomore Classes. Scott Gormley, spokesman for the group, recommended that the board adopt this proposal for future implementation. The board will make a decision at a future meeting.
President Klager resumed the regular order of business. It was moved by Lou Vogel, supported by Don Walter, that the secretaries minutes from a previous session be placed on file. Passed unanimously.

A recommendation was made by the board to Mr. Vogel, the board representative to the Washenaw Intermediate School District, and this recommendation will be given at the June 4 election.
Superintendent Swartz spoke on the ramifications of the mandatory special education act. The local district will be forced to carry more of the program and the financial load of special education programs. It was indicated that Manchester, Chelsea, Dexter and Whitmore Lake should co-operatively hire a special education director who will direct and guide the local special education programs in the various schools.
The proposed election for the County Voc-Ed Facilities and Program was discussed. A resolution to place this proposition before the electorate was adopted by the board. This resolution was moved by Lou Vogel and supported by Andrew Luckhardt. Passed unanimously.

A report on the Building Trades Program was given by Superintendent Swartz. A brief discussion relative to the funding of this program was discussed.
A progress report on negotiations with the local teacher's association was given.
A resolution for the annual June election was presented by Reno Feldkamp, supported by Don Walter, and passed unanimously.
Checks from the Building Trades Program and one check from the Building and Site Fund were approved for payment. This action was initiated by Lou Vogel, supported by Andrew Luckhardt, and given unanimous approval.
At this point, Luther Klager, board president, excused the visitors and the board went into executive session to discuss the salary recommendations for non-certificated personnel and administrators. After a brief discussion, this matter was tabled by the board and will be considered at a subsequent meeting.
President Klager announced that the next workshop meeting will be held on May 30, 1973.
The meeting was adjourned at 9:55 p. m.
Respectfully submitted,

What happens when you're offered \$20,000 for your \$27,000 pile of ashes?

You take it if you haven't increased your home insurance to keep pace with inflation. This is the kind of problem you could face if you bought and insured your home for \$20,000 in 1968. See me to find out if your home is insured for its full value. I'll tell you about a low-cost State Farm Homeowners Policy that will insure your home for all it's worth... and keep it that way with automatic inflation coverage.

Dutch Golf News

Monday, May 7 the Dutch slipped and lost a close contest to Grass Lake by six strokes 168 to 174. However, the one bright spot was Jeff Wallace's 38 which replaced Bob Nickels 39 of the previous week as the low score in a varsity match at the Boondocks for a Manchester team member. The league this year is very close with three teams tied for first place and two for second. In order to have a winning season each member must shoot his average every match, this has hurt us in our close losses. It is very probable that the league championship will be decided at the league match on May 25. Grass Lake for instance, is now 3-3. Their 3 losses were by a total of 6 strokes. Ours have been by 2, 6, 7.

Wednesday, May 9 was the second day out of eight that we saw the sun on the links. The Dutch traveled to Morenci and continued the dominance that began in 1969 when we joined the L.C.A.C. Manchester shot a 172 against a 206 for Morenci, winning by 34 strokes. Our record against the Bulldogs is now 8-0 in league play. Bob Nickels shot a fine 39 to again take medalist honors. Manchester players have now had medalist honors in 5 of eight matches played. Jeff Wallace had a 42, Dave Benedict 45 and Pat Fielder 46. The Dutch are now 3-3 in the L.C.A.C. and 4-4 overall.

Thursday, May 10 Manchester played Osted at Devils Lake and again dropped another close match BY 7 STROKES 164 to 171. Osted got fine performances by two freshmen who shot 40's. Bob Nickels also shot a 40 to tie for medalist honors. At the end of five holes we were 4 up, however an out of bounds shot and a few missed putts put the Wildcats in front with the match being decided in the last three holes by par shooting from them. Pat Fielder regained his form by turning in a 42, Dave Benedict had a 44 and Jeff Wallace 45.

Friday, May 11 was a red letter day for the Dutch golf team. They beat defending champs and current frontrunner Hudson at the Boondocks 172 to 176. In addition they won a close match which had to be won to

keep in contention. The league now has six teams separated by one match for first place. Manchester got fairly balanced scoring by Jeff Wallace's 41, Bob Nickels 42, Dave Benedict 43 and George Olsen 46. Hudson was paced by senior Chris Booth's one over par 36. However, their 2nd and 5th man had

45's and their 3rd man found out how hard the course is with a 50. Individually, the Dutch records at the end of the week stand Pat Fielder 8-2, Bob Nickels 7-3, Dave Benedict 7-3 and Jeff Wallace 6-3-1. Bob and Jeff have been going 1st or 2nd man and considering this is the strongest the league has ever been,

are doing outstanding jobs. Bob has been medalist 4 times and Jeff twice. A Manchester player has been the medalist 6 out of 10 matches this year. Our record is now 4-4 in L.C.A.C. and 5-5 overall.

A fruit cup of melon balls, raspberries, peaches and grapes; a relish plate featuring sliced tomatoes, pickles, carrot and celery sticks, green onions, deviled eggs and marinated beans; prime rib of beef, baked potatoes with sour cream, cottage cheese and pear salad, fresh asparagus, corn bread with honey or strawberry jam, apple pie with cheese chunks, milk or cider. A tempting menu to tease the taste buds of the most discriminating food connoisseur -- and every one of the delectable items produced within the borders of our great state of Michigan; home of the number one hot dog and bean capitol of the world!

Michigan Week, May 19-26, provides the opportunity to "toot our own horn," and agriculture, in particular, has the right to do just that. It's a time when farmers make a special point of reminding all citizens that they should have pride and a vital interest in a thriving, prosperous agriculture. Although only one out of every 100 Michigan citizens operates a farm, this one farmer provides enough food for over 40 other people. It may not always remain so. The farmer is faced with more challenges, more pressures, more risky elements than any other segment of society. His number one enemy -- inflation -- is a menace to his very economic existence; costs of food production rise sharply; taxes to support government's irresponsible excessive spending increase; a cruel Mother Nature takes her toll in crops and livestock; an energy crisis threatens to idle his farm equipment during harvest

time. These challenges have proved too much for some farmers. In the last 50 years, the amount of acreage devoted to agriculture in Michigan dropped from 20 million to 13 million acres. With rural citizens less willing to gamble their economic lives, urban sprawl inches its ugly, soil-eroding path across our productive farmland, erasing much of the glorious green from our beautiful country scenes. As we salute our state and its great agricultural production, let's hope that future Michigan Weeks won't be a time when the only remaining green in our lives will be in vitamin pills, seaweed salad, and fond memories of the green grass of home--.

Annual Policemans Ball May 19th

Once again its time for the annual Policemans Ball, to be held at the K of C Hall this Saturday night May 19th, beginning at 9:00 p.m. Tickets are available from any Manchester Police Officer and also will be sold at the door, price \$5.00 per couple. The policeman's ball is open to all adults, no one under the age of 18 will be admitted. All proceeds derived from the policeman's ball goes for equipping your local police department.

With last years proceeds a fire extinguisher, P.A. system, rain coats, police camera, and portable radar were purchased. Without the support of the local businessmen and the public this could not have been possible.

Last year a \$100.00 sporting goods gift certificate was given away. This year a color TV, electric clock, and Polaroid camera will be given away to the lucky winners.

CONSUMERS POWER NEWS

Did you ever hear the not-so-funny story about the elderly man or woman who was fleeced by an unscrupulous thief posing as a utility company repairman?

No? Then read your favorite newspaper or listen to your favorite radio or television station within the next few days and you will learn about it.

Mr. A. Frank Brewer, Manager of Consumers Power Company's Jackson Division, said today, "It happens every year about this time. The crooks come crawling out of hibernation, often posing as Consumers Power employees, sweet talking or scaring the daylight out of some unsuspecting victim. A short time later, the victim and his money are soon parted and the crook has departed to safer areas."

"Usually," Mr. Brewer said, "the crook leads the victim to believe that there is a gas leak or a bare electric wire in or around the house. After he has the money, the crook is gone."

How can you guard against frauds of this nature? "Easily," says Mr.

Brewer, "simply ask for identification and look around for the familiar vehicles driven by Consumers Power employees. Employees who investigate gas lines or electric power lines will normally be driving a vehicle clearly marked with Consumers Power Company's symbol. Each employee will have complete identification including an official card with his photograph on it."

"Consumers Power does not inspect interior wiring or in-house gas lines at any residence," Mr. Brewer says, "except in those cases where the customer may request it. Even then the Company does not perform any rewiring service."

"Visits are usually made to households by Company personnel for 'trouble' or service calls at the homeowner's request or for routine 'meter readings'," says Mr. Brewer. "If you are visited by anyone claiming to be a Consumers Power employee who cannot identify himself, try to get his name and vehicle license number, if possible, and phone the local Consumers Power Company office about this immediately."

SCOUT-O-RAMA '73"

"Physical Fitness" was the theme chosen by both troops 426 and 436. Committee Chairman, Mr. Damon Crumb headed both units with the help of fourteen scouts. A score of 92.5 points were earned, placing them in the top honor group. This gave them a 3 Flag Ribbon.

This is a new designed Ribbon which came out since the merger of the Portage Trail Council and the Wolverine Council. The latter is the name we use now.

Both Scout-Masters are proud of the effort made by Mr. Crumb and the Scouts.

Jaycees Receive Highest Award

At the Michigan State Jaycee Convention, held in Detroit's Cobo Hall this month, the Manchester Jaycees were awarded the States highest honor in their population division for outstanding services in the field of community affairs and leadership development.

Outgoing Michigan State President, Don Waddell, presented the covenant Henry Giessenbier Award to local Jaycee President, James Curley, in ceremonies held at the State Convention Saturday evening, May 12, 1973.

The Giessenbier Award is only presented to those chapters who have excelled in all areas of endeavor and is named in honor of the founder of the Jaycee movement, Henry Giessenbier. This is the first time in the 19 year history of the Manchester Jaycees that they have received this most important award.

In addition, Manchester was presented a second place award for internal programming and 3rd place overall in the state for external civic programs. President Curley, in accepting the awards, acknowledged the tremendous contribu-

The Charm of Manchester

This is a reprint from the Freemont Times Indicator and a very sincere compliment to our community, written by a Nancy Johnson. As the assiduous reader of the "I See By The Indicator" column may have noted, one or another of our family occasionally goes to Manchester. The purpose of the trip is to visit an aunt, but the village itself has a charm which adds much to the pleasure of the time spent there. Manchester is a small village, quite near Ann Arbor, situated in a lovely valley of the River Raisin. It's business district is one block long, extending from the Main Street bridge which crosses the river at the dam and the mill, to a perfectly restored greek-revival house.

There are many delightful old houses in Manchester and in the surrounding countryside, for it is in a part of the state settled early in the last century. A pleasant green lies in front of the Manchester Library-Historical Museum (in another lovely old house) and is bordered by the three village churches. The churches take turns holding old-fashioned Ice Cream Socials on the green during the summer.

Every July, the whole town works together to put on a giant Chicken Broil. The Chicken is absolutely scrumptious, and this year 12,000 dinners were served. The cemetery is west of the village, behind a tall ornamental iron fence, on the side of a steep hill. There are some quaint old tombstones there, and some bizarre stories about people buried there long ago.

As the attendance at the annual Chicken Broil indicates, many people have discovered Manchester's village charm. Fortunately, most of them seemed determined to preserve it, and real estate values have skyrocketed. A few years ago, a man from Detroit bought a block of store buildings and restored them to the way they looked in 1850. He put an antique shop in one,

restored office space in others, and opened The Black Sheep Tavern -- a good place for lunch. Of the several antique shops in the area (one, in the old mill at Sharon Hollow, is worth a visit just for the side), the best is "The Henery" in a barn behind a house on Ann Arbor Hill. Open only on summer Saturdays, primitives are on the lower level (barn's nests still there), finer pieces on the main floor and in the hayloft. Anyone who goes to that part of the state, and who enjoys a bit of early American charm, might find Manchester worth a side trip.

Incumbent Files For Board Seat

Mr. Louis Vogel, Treasurer of the Manchester Board of Education, has submitted nominating petitions for the one vacancy occurring on the Board of Education this year. Mr. Vogel whose current term expires this June is the only candidate who has filed petitions for this vacancy.

The annual school election will be held on Monday, June 11, 1973. The election will be held in Room 110 at the high school between the hours of 7:00 A.M. and 8:00 P.M.

In addition to filling the one Board vacancy, the registered voters of the school district will be asked to renew the 11.5 mills of operational levy. This is a RENEWAL of an existing levy, and is not an increase.
