Observe Flag Day Thursday June 14

"I am Old Glory! For more than eight score years I have been the banner of hope and freedom for generation after generation of Americans. Born amid the first flames of America's fight for freedom, I am the symbol of a country that has grown from a little group of 13 colonies to a united nation of 50 sovereign states. Planted firmly on the high pinnacle of American faith, my gently fluttering folds have proved an inspiration to untold millions.
"Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity. They have prayed that they and their fellow citizens might continue to enjoy life, liberty and the pursuit of happiness, which have been granted to every American as the heritage of free men.
"So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers; so long as the principles of truth, justice, and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of America for I AM OLD GLORY!"

RED CROSS CHALLENGES YOUTHS TO A REWARDING SUMMER

"Do you give a damn about your fellow man?" -- this is the question that the Youth Program of the Washtenaw Red Cross poses to the high school students of Washtenaw County.

This summer, the Washtenaw County Chapter of the American Red Cross will again sponsor their Summer Youth Volunteer Program for teens. (Applicants must be at least 14 years of age.) The Youths will be placed in Red Cross departments and community agencies throughout Washtenaw County. Of the more than 15 agencies involved, some of the jobs available will include: hospital work, recreation aides, blood clinic aides, youth program aides, nursing homes, day care centers and nurseries, adult day care centers, handicapped recreation, clerical and secretarial work.

After applying, each youth will be interviewed and then placed into one of the fields listed above. Interviews will be held from June 4 through June 15 at the Red Cross Office located at 2729 Packard Rd. in Ann Arbor. In addition, each volunteer new to the program will be required to attend an orientation program, held on June 20 at 2 P.M. (also at the Red Cross Office), at which he will learn some basic facts about Red Cross: its history, purpose, and current endeavors.

If you are between 14 and 18 years of age, and want to make your time count this summer, give of yourself and your time through a volunteer position on the Red Cross Youth Staff. Interested teens should call 971-5300 immediately and ask for Chad Furman or the "Youth Program". And we'd like to hear from YOU!! Call Today!

The hours will be from 9:30 a. m. to 11:30 a. m. Monday through Friday except on those days selected for field trips. There will be no afternoon playground for this group. The junior playground will be under the supervision of Mrs. Kristin Schick. All children participating in the program should assemble on the small playground adjacent to the Nellie Ackerson building and be picked up promptly at 11:30 a. m. if this be the case. If you have any questions concerning junior playground, please contact Mrs. Schick at 1-423-3588.

All youngsters who have finished the fourth grade and who will not be sixteen years old before August 1, 1973 are welcomed to attend senior playground. Senior playground will run from 9:30 a. m. to 11:30 a. m. Monday through Friday and from 1:00 p. m. to 3:00 p. m. on Wednesday afternoons unless a field trip has been planned for this day. Senior playground activities are held at the Athletic Field.

Swimming trips will be made every Monday and Friday afternoon beginning June 22. Children who are going into the third grade, and those above this grade level, are eligible to take part in the swimming program. Swimming instructions will be provided for all youngsters who have not yet passed the recreation departments swimming test. No youngster is allowed to go with the advanced swimmers until he passes this

test. All youngsters who are in the beginning swimmers category will be required to take the bus which leaves from the Athletic Field at 12:30 p. m. on Mondays and Fridays. The bus for the advanced swimmers will also leave from the Athletic Field at this time. All swimmers will be back at the Athletic Field at 2:30 p. m. All youngsters taking part in the swimming program must return a permission slip signed by their parents before they will be allowed to participate in the program.

In order to get even more youngsters involved in the recreation program we have decided to hold our roller skating activity again this year. Roller skating will be offered twice a week this summer at a reduced rate. Arrangements have been made with the Skatedium in Adrian to rent their facilities on Tuesday and Thursday afternoons from 1:00 p. m. to 2:30 p. m. The total cost for each youngster will be 85¢ (50¢ admission and 35¢ for skate rental). This price would be paid each time a youngster decided to go. Youngsters from the Pleasant Lake area are invited to participate in this program. Bus service will be provided. A bus will pick up all those youngsters interested in roller skating at the Pleasant Lake school at 12:10 p. m. on Tuesdays and Thursdays and drop them off at about 3:15 p. m. All participants in this program will be required to bring a permission slip signed by their parents. Participation in this program is limited to those youngsters eligible for senior playground. This activity will begin on Thursday, June 21.

If there are any questions concerning the summer recreation program, please contact Mr. Brian Schick at 1-423-3588.

HURON VALLEY GIRL SCOUT COUNCIL

A contract for remodeling Hilltop Cabin, the major building at the Huron Valley Girl Scout Council Camp Hilltop in Ann Arbor, was awarded this week to Butcher & Willis, Inc., Ann Arbor contractors, according to Mrs. Louis Galan, Council president.

The renovation will include re-designing the cabin interior, as well as installation of wood panelling, acoustical tile, carpeting, kitchen cabinets and hot water heater. The exteriors of both the cabin and the camp garage will be painted. Total cost for the work to be completed by fall will be \$10,475.00.

Funds for the remodeling will come from profits of the 1973 Girl Scout Cookie sale, Mrs. Galan noted.

"The more than 2,000 girls who use Camp Hilltop each year for weekend troop camping, year-round and day-camping in the summer, will now have a far more comfortable and versatile building as their headquarters," Mrs. Galan said. "We are so grateful to the purchasers of Girl Scout cookies for making this possible."

The 7 acres of land at North Main Street and Huron River Drive was given to local Girl Scouts for Camp Hilltop in 1946 by Mr. and Mrs. Cone Lighthall. Hilltop Cabin was built two years later with contributions from Rudolph Silverstone, the Earhart Foundation, Mrs. Charles Barclay, Ragnar Amesen, Mrs. N.J. Fraiken and Mrs. R.C. MacKenzie, among others.

The only previous renovation of Camp Hilltop was in 1967 when the cabin was enlarged by the Kiwanis Club of Ann Arbor as a donation to the Girl Scouts.

At a 12:00 Mass on Sunday, May 27, celebrated by Reverend Fr. Raymond Schlinkert, twenty-four boys and girls received their First Holy Communion.

Members of the class instructed by Mrs. Clarence Fielder were: James Burch, Harold Bertke, Brian Ahrens, Randy Scott, Scott Drouare, James Krzyzantak, Steven Barker, Joseph Walkowe, William Scully, Terrance Walkowe, Jeff Hawk, Chris Carey, Tina Brokaw, Barbara Kennedy, Mary Chapin, Michelle Gonyer, Natalie Walkowe, Mary Connelly, Kelly Lubbe, Carol Kidd, Kelly Roth, Collette Ricketman, Debbie Landwehr, Kathy Wheeler.

Agriculture in Action

Michigan Farm Bureau

While people in other parts of the world fervently pray for enough food to last for each day, many Americans ask for the courage to stay on their diets. This high standard of living is possible because agriculture in this country has not been shackled with restraints to discourage productivity. Farmers recognize this fact and have steadfastly fought against controls which would squelch their incentive and ability to produce the quality and quantity of food the American consumer has come to take

for granted. Fighting against such controls has become a seemingly endless battle, especially with government officials who react to emotion rather than facts -- with no thought given to the long-range consequences of their hasty actions.

Take, for example, the recent "emergency" temporary standard for exposure to pesticides, which would force farmers to comply with unrealistic rules. The standard resulted from a politically-motivated lawsuit filed by the Migrant Legal Action, Inc. and imposes physically and financially impossible rules on the farmers involved. In Michigan, where apple, grape and peach growers are affected, one of the biggest problems faced by these farmers is where to house their workers whose temporary homes are now located in the shade of orchards.

The Occupational Safety and Health Act (OSHA) officials' justification for the standard -- "an estimated 800 persons killed each year as a result of improper use of pesticides" -- is unproven and ridiculous. The truth is that pesti-

cide deaths nationwide range from 150 to 200 per year, and more than half of these are children under five years of age killed in the home. The remaining deaths occur from accidents or suicides, with none from exposure by entering an orchard which has been sprayed.

The American Farm Bureau Federation, spokesman for two million farmers nationwide, recently filed a lawsuit asking that the emergency standard be declared unlawful. Farmers hope it is successful. They fear for a future in which agricultural production is curtailed by unrealistic controls.

The result could well be an America whose citizens are really serious when they ask: "Give us this day our daily bread..."

BETA SIGMA PHI

The Adrian area chapters of Beta Sigma Phi celebrated the 42nd anniversary of the organizations founding on April 30th. A banquet in which eight local chapters joined for the occasion.

In addition to the banquet, traditional ceremonies were observed. The history of the local chapters were reviewed and new members received their first welcome to membership. The "Girl of the Year" for each chapter was selected as well as one from them for the whole area. The Iota Epsilon's chapter of Tecumseh, selection this year was Mrs. Ron Mann of Manchester, and she was also selected as "City Council Girl of the Year." This is a great honor for any member receiving it. It was well deserved on her part. She served as Vice President this year for her chapter, presenting good rush schedules. She is truly sincere with her many offers of help when needed. She is always friendly and vivacious. A ready smile for all.

What happens when you're offered \$20,000 for your \$27,000 pile of ashes?

You take it if you haven't increased your home insurance to keep pace with inflation.

This is the kind of problem you could face if you bought and insured your home for \$20,000 in 1968. See me to find out if your home is insured for its full value. I'll tell you about a low-cost State Farm Homeowners Policy that will insure your home for all its worth... and keep it that way with automatic inflation coverage.

106TH YEAR NO. 33 10 CENTS PER COPY THURSDAY, JUNE 14, 1973

Summer Recreation Starts June 18th

The dates for the Manchester summer recreation program have been established. The program will begin on Monday, June 18, with activities at both the junior and senior playgrounds and end Friday, August 3. This years seven week program will include such activities as roller skating, basketball, volleyball, softball, swimming at Wampler's Lake, and field trips.

Junior playground will be held at the Nellie Ackerson school this year and will be open to those children who will be five by December 1, 1973 and to those who have finished the third grade. The hours will be from 9:30 a. m. to 11:30 a. m. Monday through Friday except on those days selected for field trips. There will be no afternoon playground for this group. The junior-playground will be under the supervision of Mrs. Kristin Schick. All children participating in the program should assemble on the small playground adjacent to the Nellie Ackerson building and be picked up promptly at 11:30 a. m. if this be the case. If you have any questions concerning junior playground, please contact Mrs. Schick at 1-423-3588.

All youngsters who have finished the fourth grade and who will not be sixteen years old before August 1, 1973 are welcomed to attend senior playground. Senior playground will run from 9:30 a. m. to 11:30 a. m. Monday through Friday and from 1:00 p. m. to 3:00 p. m. on Wednesday afternoons unless a field trip has been planned for this day. Senior playground activities are held at the Athletic Field.

Swimming trips will be made every Monday and Friday afternoon beginning June 22. Children who are going into the third grade, and those above this grade level, are eligible to take part in the swimming program. Swimming instructions will be provided for all youngsters who have not yet passed the recreation departments swimming test. No youngster is allowed to go with the advanced swimmers until he passes this test.

All youngsters who are in the beginning swimmers category will be required to take the bus which leaves from the Athletic Field at 12:30 p. m. on Mondays and Fridays. The bus for the advanced swimmers will also leave from the Athletic Field at this time. All swimmers will be back at the Athletic Field at 2:30 p. m. All youngsters taking part in the swimming program must return a permission slip signed by their parents before they will be allowed to participate in the program.

In order to get even more youngsters involved in the recreation program we have decided to hold our roller skating activity again this year. Roller skating will be offered twice a week this summer at a reduced rate. Arrangements have been made with the Skatedium in Adrian to rent their facilities on Tuesday and Thursday afternoons from 1:00 p. m. to 2:30 p. m. The total cost for each youngster will be 85¢ (50¢ admission and 35¢ for skate rental). This price would be paid each-time a youngster decided to go. Youngsters from the Pleasant Lake area are invited to participate in this program. Bus service will be provided. A bus will pick up all those youngsters interested in roller skating at the Pleasant Lake school at 12:10 p. m. on Tuesdays and Thursdays and drop them off at about 3:15 p. m. This automatic water control box is used to operate Manchester's two water wells. It is synchronized to pump from one well, then another. In case of a break down on one well it will pump from the working well only. If a power failure occurs then an emergency gasoline motor takes over to insure constant water supply.

Area Students Named To Dean's List

More than 1800 Western Michigan University students have won recognition as scholars by being named to the university's Dean's List for the recent winter semester.

To win the honor, students must have taken at least 14 hours of class work and maintained a grade point average of 3.5 out of a possible 4.0 (all A's). There were 417 students at WMU who received all A's.

Named to the list from the Manchester area are Beverly J. Feldkamp and Mary E. Stimmans.

Albion College's 1973 spring semester Dean's List has more than 330 students who have earned this honor. To be named to the Dean's List, a student must retain a

School Millage Request Approved

Registered voters in the Manchester School District gave approval to the request for a continuation of the 11.5 mills of operational millage. Official returns showed 226 affirmative votes and 65 against the millage. Although it was one of the lightest votes in recent years the percentage in favor of the millage was high. A total of two hundred and ninety-two voters turned out for this election despite the warm weather and the urgency to get seed planted after an unusually wet season.

Louis Vogel was returned to his second four year term in Monday's election. Mr. Vogel, Treasurer of the Board of Education, ran unopposed. Board of Education members expressed opinions of gratitude to the citizens of the school district for their support of the operational millage. In as much as the 11.5 mills represents approximately a third of all revenues, it was extremely vital to the existing program.

Receives March of Dimes Award

Mrs. Leonard Ahrens of 416 Ann Arbor Street, Manchester, was recently honored by the Washtenaw County Chapter of The National Foundation - March of Dimes with a special award for her services as Chairman of Manchester's 1973 March of Dimes.

Contributions to the March of Dimes from the Village of Manchester amounted to 97 cents per capita, the highest of any community in Washtenaw County. Mrs. Ahrens (Carolyn) attributes the unusually high per capita figure to a growing awareness on the part of the people of Manchester to the problem of birth defects and the advantages of supporting the March of Dimes, the health agency with a proven record of achievement.

It is also interesting to note that the entire Southwestern Washtenaw area has greatly increased its contribution to the March of Dimes. The townships of Sharon, Freedom, Bridgewater and Manchester, although less densely populated than the rest of the county, have been raising the level of their support for the March of Dimes faster than the other 14 townships. While the overall 1973 contributions from Washtenaw County's rural townships showed a decrease from 1972 figures, the four townships surrounding Manchester all reported substantial increases, thanks to the efforts of their individual chairmen who were: Mrs. Reno Feldkamp - Sharon, Mrs. Earl Huehl - Freedom, Mrs. Milton Weidmayer - Bridgewater, Mrs. Danny Caywood - Manchester.
