Explorers Enjoy Fishing Trip

Explorers Scott Gormely, John Roberts, Greg Bertke, Paul Meinhardt, Tim Ahrens, assistant advisor Don Brown, and advisor Ted Roberts went on a trip up north to spend an enjoyable weekend of fishing and fun. They stayed in a cabin near Small Bass Lake in Gaylord, Michigan.
One of the first things to be done when they arrived was to give the van a drink of water which Scott took the honors of doing by fetching some water in a tea kettle and pouring it in. Many thanks to Mr. McEwan for the use of his van and I hope that the use of woad tea that Scott put in your radiator. The weekend was hi-lighted by two things. One was going to Gaylord to church and then to see "The Poseidon Adventure" at the theatre there. The other was the catching of one 13" bass and three tremendous bull-frogs. Because of this great catch, the Explorers ended up buying a lot of steak for a steak dinner that was fantastic. The weekend was very enjoyable and everyone wants to do it again this fall. To earn enough money to do this again the Explorers are selling the centennial books that were printed and sold back during our centennial in 1967. These books have a very good history of Manchester as well as pictures of many of the centennial events. If you would like to purchase one of these books you can get them for \$1.50 at the Gambles Store or Brown's TV in Manchester.

New Building For North Sharon Bible Church

"We have a new building but we're still the same church," Pastor Bill Enslin declared Sunday. North Sharon Bible Church's new building is completed at last. Well, almost! With only the kitchen and baptistry incomplete, the church filled the new building with over 400 people on July 1 for "Old Fashioned Day". The congregation hopes to complete everything in the next few weeks and to baptize in the new heated baptistry Sunday night, July 7.
Pastor Enslin wishes to thank over 100 members of the congregation who worked almost around the clock in an amazing spirit of cooperation and self-sacrifice. Many devoted vacations to the work, and took time off without pay. Special thanks to Mr. Walt Schrader who headed the volunteer work, and to Mr. Tom Harris who supervised the entire operation. Thanks also to the building committee who planned the building and coordinated the work. Members are: Pastor Bill Enslin, Wesley Stinehelfer, Tom Harris, Floyd Proctor, Paul Patrick, Ellsworth Petsch, Fred Irwin, Albert Herman, Nelson Jones, Gerald Proctor and Andrew Policht. Mr. Policht also served as treasurer of the building fund.
"We've added a new antique to our collection," Pastor Enslin announced on Old Fashioned Day. "It's across the street and we simply outgrew it." But the old building is still in use, even at 100 years of age. It presently houses the first through sixth grades for Sunday School and Junior Church. Eventually the congregation hopes to utilize it as a youth center throughout the week.

engaged

Mr. and Mrs. George Hedlund of Williamston have announced the engagement of their daughter, Katherine, to John D. Wheeler, the son of Mr. and Mrs. Jean Wheeler of Manchester. The couple plans a September 22 wedding.
Miss Hedlund received a bachelor's degree from Western Michigan University and is a master's degree candidate at Eastern Michigan University. She is employed by Detroit Edison Company in Ann Arbor. Mr. Wheeler was graduated from Manchester High School and Western Michigan University. He is employed by Clark Equipment Company in Jackson.

Operation Sandbox

Attention: All children who need sand for their sandbox. The Manchester JayCees will be delivering sand free of charge to all children in the Manchester area. The deadline for requests for sand will be July 13. The JayCees will be delivering the sand on July 14. Call 428-8559, 428-8072 or 428-3612.

BIRTHS

Mr. and Mrs. Ronald Funches are the parents of a new son born Sunday, July 1. Anthony Joseph weighed 8 pounds, 3 ounces and is the first grandchild of Mr. and Mrs. Robert Funches. His maternal grandmother is Mrs. Josephine Budlong of Novi.

Copper Bracelets: for luck, not cure

To some people, copper bracelets make fine good luck charms. That puts the bracelets in the same league as four-leaf clover, rabbits' feet and horseshoes, notes the Michigan Chapter Arthritis Foundation (MCAF), a United Way service.
But arthritis victims who think cheap jewelry can relieve or cure their condition are deceiving themselves. Leading arthritis specialists agree that wearing the bracelet, or any other good luck charm, is, by itself, harmless. But danger arises, they added, if arthritis patients, impressed by the popularity of thefad and by widely publicized testimonials from well-known people, rely solely on the bracelet instead of seeking or continuing medical care.
Most people with even the severest form of arthritis can be helped by modern medicine. Pain can be relieved by medication, and progressive deformity can be prevented by particular exercises, special regimens of rest, and other measures. Arthritis victims are sitting ducks for quack medicines and "magic" or "mysterious" cures.
That is because some of the major forms of the disease, particularly rheumatoid arthritis and juvenile rheumatoid arthritis, are "on again, off again", ailments.
During the "on" periods, the pain can be intolerable, forcing the patient into a wheelchair or to bed, and crippling the arms and legs. Then, suddenly, and for no apparent reason, the pain goes away and the victim, happily, can stand and walk again.
Understandably, the new medicine, new therapy, or new "magic" copper bracelet put on just before the pain went away often is credited with bringing on the relief, known medically as a period of remission.
MCAF estimates that some \$403 million a year are paid out by victims of arthritis for fake "cures", nostrums, gadgets, tonics, machines, and other worthless remedies -- including copper bracelets.
Wearing a copper bracelet for relief of arthritis is comparable to wearing an amulet to ward off evil spirits. The green stain that appears where a copper bracelet is worn is merely evidence of copper reacting with moisture on the skin -- a kind of rust.
Medical scientists are sure that rust, or copper bracelets, are not of the slightest benefit in arthritis.

LETTERS TO THE EDITOR

Gentlemen:

There is a continuing rumble, turning to a roar at the Courthouse and as one of your commissioners I wish to make my record clear as to what I believe regarding this distasteful situation.

The employees of Washtenaw County have always, by 'n' large, been hard-working, devoted, honest and independent people. They have not asked unduly, and they have received fairly and with consideration.

Now, the current controlling regime of commissioners comes forth with continuing rumor, firings, new plans and general unrest which cause the entire employee group to be uneasy and to be concerned for themselves, their fellow workers, as well as the residents of our County. The latest scheme by the

reigning faction is the idea of rescinding salary increases already in effect because the auditing division of IRS raises a question as to the propriety of the raises when given last year. I cannot in any way see how an employee should be responsible for or take a personal salary cut because of an alleged error made by Administration in a group action. In addition, I believe that this so presented, IRS will concede. Even if it is deemed an error it should be handled administratively and the employees should be afforded protection and wage stability. If the anticipated increases in the future could not be legally upheld then explain it but do not rescind what has already been given. It is my belief that the employees could and would accept this if it were a fact and explained rationally in advance.

Because of this and numerous other uncalled for demoralizing instances within the Courthouse operation the County employees are seeking to become unionized.

A union should not be necessary for government employees, most of whom are professionally trained. However, I now agree that Washtenaw County employees need the protection and group organization that a union affords and I wish them well in their endeavor. I am only sorry that we, your Board of Commissioners have caused this necessity and therefore must live with it from now on. I do hope that the employees in taking this step will be able to demonstrate to the Democrat Commissioners that there is still a reasonable and right way to treat people and that the reigning faction cannot destroy all of the good in Washtenaw County.

Sincerely,
Jay L. Bradbury

SINGLES 25 AND UP

The Tuesday Night Singles of Ann Arbor are holding their weekly dance at the YM-YWCA at 9:00 p.m. on July 10. All singles 25 and over are cordially invited to join us for an evening of dancing to the music of the All Corner Trio. Dance instruction at 7:10 and 8:10.

Golf

It is of little consolation to golf widows across the nation that one of the important figures in golf's history was a woman—a Scotch lady of royal blood. King James IV would have been delighted to know that his granddaughter, Mary, loved to play "golfe" as much as he did. When she was sent to France to be educated, Mary kept swinging while French youths, whom she called "cadets" (pron. caddy) chased after her golf balls. Upon her return to Scotland, "cadets" was adapted to "golfe" terminology and the spelling was changed to caddy. Mary, who became Queen of Scots, continued to play golf openly. It was during her reign that the famous St. Andrew's of Scotland golf course was founded.

NOTICE OF HEARING

The Manchester Township Planning Commission will hold a public hearing at 120 South Clinton Street, Manchester, Michigan on July 30, 1973, at 8:00 o'clock p.m., on the application of Edwin P. Smith and Verla R. Smith, to rezone premises hereinafter described from A-1 Agricultural District to I-1 Industrial District, said premises being described as:

Commencing at the intersection of Herman Road and the North and South one-quarter line of Section 17, T4S, R3E, thence west along the centerline of Herman Road 375 feet; thence due north 300 feet for a Point of Beginning; thence west parallel with the centerline of said Herman Road 370 feet; thence due south to the intersection with the centerline of said Herman Road; thence west along said centerline 30 feet; thence due north 577 feet; thence east parallel with the centerline of said Herman Road 400 feet; thence south to the point of beginning, being a part of the east one-half of the northwest one-quarter of Section 17, Manchester Township, Washtenaw County, Michigan.

and on the application of Anton Schlosser and Ruby Schlosser to rezone premises from A-1 Agricultural District to I-1 Industrial District, said premises being described as:

Commencing at the N 1/4 post; thence South 0 degree 38' West 440.4 feet on the North and South one-quarter line to the intersection of the centerlines of Austin and Grossman Roads for a Point of beginning; thence South 0 degree 38' West 859.16 feet; thence North 82 degrees 58' West 292.22 feet; thence South 0 degree 38' West 300 feet; thence North 82 degrees 58' West 585.16 feet; thence North 14 degrees 29' East 521.1 feet; thence South 84 degrees 37'30" East 254.09 feet; thence North 4 degrees 36' East 302.93 feet; thence North 72 degrees 10'30" East 303.24 feet; thence North 0 degree 38' East 94.0 feet to the centerline of Austin Road; thence South 84 degrees 42' East along the centerline of said Austin Road 183.0 feet to the Point of Beginning, excepting therefrom

commencing at the N 1/4 post; thence South 0 degree 38' West 440.4 feet on the North and South one-quarter line to the intersection of the centerlines of Austin and Grossman Roads for a Point of Beginning; thence South 0 degree 38' West 859.16 feet; thence North 82 degrees 58' West 292.22 feet; thence South 0 degree 38' West 300 feet; thence North 82 degrees 58' West 585.16 feet; thence North 14 degrees 29' East 521.1 feet; thence South 84 degrees 37'30" East 254.09 feet; thence North 4 degrees 36' East 302.93 feet. Being a part of the Northwest one-quarter of the Section 10, Manchester Township, Washtenaw County, Michigan.

MEDICARE MEDICAL INSURANCE PREMIUM ROLLED BACK BY 60-DAY PRICE FREEZE

The monthly premium for Medicare Medical Insurance, scheduled to be increased from \$5.80 to \$6.30 in July, has been rolled back in keeping with President Nixon's 60-day price freeze policy, according to Robert A. Kehoe, Social Security District Manager in Ann Arbor. "The higher amount will continue to be charged until the premium record for each beneficiary can be corrected," Kehoe said. "Refunds in full will be made at a later date. This also applies to railroad retirement beneficiaries and civil service annuitants who pay premiums for medical insurance under Medicare."

Medicare Medical Insurance helps pay for doctor bills and many other medical expenses of almost everyone 65 or over and disabled people under 65 who have been eligible for monthly Social Security disability payments for 2 years or more.

AMERICAN LEGION AUXILIARY

The American Legion Auxiliary will meet July 11 at 6:30 p.m. for their Annual Pot Luck Supper at Dealoris Richardsons. Bring a dish to pass and table service. Rolls, butter and beverage will be furnished.

The committee is Dealoris Richardson, Virginia Sutton and Irene Wurster.

WASHTENAW TUBERCULOSIS AND HEALTH ASSOCIATION

Dial-A-Puff has been a working service of the Washtenaw Tuberculosis and Health Association since September 1969. Your local Christmas Seal Organization a health program "where neighbors care and neighbors share."

Through the years information on the association activities and how to stop smoking and hazards of smoking have been recorded. Dial-A-Puff is asking you for your smoking stories or related messages on smoking, air pollution and other respiratory diseases.

Please send your ideas for 30 second and 60 second messages to Dial-A-Puff,

P.O. Box 1347, Ann Arbor, Michigan, 48106. Tell your friends and neighbors and listen to the message you have prepared. Remember the phone number is 971-PUFF or 971-7833.

Ask Senator GRIFFIN

By cutting through red tape, members of Congress can often lead a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

My son has started a stamp collection, and we have found that this can be a very expensive hobby. Is it true that the Postal Service helps stamp collectors, and if so, how?
—S. N., Stambaugh

The Postal Service is not only interested in stimulating interest in the collection of stamps, but it does a great deal to assist stamp collectors.

Your son will be interested in a paperback book entitled *Stamps and Stories*, recently published by the Postal Service, which contains full color reproductions of popular U.S. stamps and accompanying stories of particular interest to young people. This book is available at your local post office for \$2.00.

Special windows to help stamp collectors have been opened in some of the larger post offices. The Postal Service is anxious to assist collectors who wish to obtain older commemoratives and other special issues. For additional information, I suggest your son write to: The United States Postal Service, Philatelic Division, 12th and Pennsylvania Avenues, Washington, D.C. 20260.

The other day I overheard a group of men at a local restaurant discussing an "Ombudsman for Business." They crossed my curiosity. Is there such a person and what does he do?
—E. D., Good Hart

The Ombudsman for Business is not a person, but an office that was established two years ago in the Department of Commerce in Washington.

The Ombudsman office responds to all sorts of requests from businessmen for information and services available within the federal government. Requests have come from all 50 states and more than 47 foreign countries.

For additional information, write to: Thomas E. Drumm, Jr., Ombudsman for Business, U.S. Department of Commerce, Office of the Secretary, Washington, D.C. 20230.

UNITED WAY OF MICHIGAN

If you're hoping to move away from Michigan just to help your arthritis, you would probably be better off to forget about the move and stay here. Many people believe a warm, dry climate will help arthritis. That's not true, according to the Michigan Chapter Arthritis Foundation, a United Way service. The Chapter warns that ideal climate can not and will not take the place of proper treatment for arthritis. Discuss your plans with a physician and for more information, write Arthritis, 27308 Southfield, Lathrup Village.

LOCAL JUDGE RECEIVES DEGREE FROM U OF N

Circuit Judge Ross W. Campbell of Washtenaw County, Michigan, has been graduated from the graduate course in criminal law and sentencing at the National College of the State Judiciary, University of Nevada.

During the course, Judge Campbell volunteered to be processed into the Nevada State Prison as an inmate, in order to gain first hand understanding

of the experience of entering prison. A West Point graduate, he stated, "I don't believe in sending a man anywhere I won't go myself." Appointed a faculty advisor for the course, Judge Campbell has now returned to the Washtenaw County bench.

Birth of the Ice Cream Cone

It happened only yesterday at the 1904 World's Fair in St. Louis — midway between the ice cream concession and the waffle stand. It was love at first sight when ice cream met a cute cornucopia-shaped waffle... and the ice cream cone was born. It seems that Mr. Ernest Hamwi was busy making Zalabia, a sugary wafer-like waffle when he heard a disappointed moan from the crowd at the ice cream booth next door. He looked up to see the dejected face of the ice cream vendor who had just run out of bowls for his ice cream. Quickly, Mr. Hamwi folded a waffle into a cornucopia and handed it to his neighbor. The ice cream man promptly plopped a double-dip into the hollow cone. He offered the treat to the first nickel he saw, then watched as the customer happily consumed ice cream, cone and all. Since that day, the whole world has shown its love for ice cream in the edible container by eating them at the rate of 10,000,000,000 cones per year.

Color It Refreshing

Sparkling bright; lusciously rich. This picturesque dessert is easily made when you start with a package of Jell-O Golden Egg Custard mix, which requires no baking and is so convenient. The bottom layer has a velvety texture and rich egg custard flavor; the top is a shimmering ring of orange flavor gelatin, attractively garnished with oranges and mint. A truly elegant dessert suitable for any festive occasion.

SPARKLING CHARLOTTE RUSSE DESSERT
1 pkg. (3 oz.) egg custard mix 2 cups boiling water
1-3/4 cups milk 3/4 cup cold water
1 pkg. (6 oz.) orange flavor gelatin 1-1/2 cups prepared whipped topping or whipped cream

Prepare custard mix as directed on package for custard, reducing milk to 1-3/4 cups. Chill 1 hour. Dissolve gelatin in boiling water; remove 1 cup and stir into cold water. Pour into a 1-1/2 quart mold. Chill until set but not firm — about 1 hour. Chill remaining gelatin just until slightly thickened — about 1/2 hour. Then combine chilled custard and whipped topping. Blend in thickened gelatin. Spoon over set gelatin in mold. Chill until firm — about 4 hours. Unmold. Garnish prettily. Makes 10 to 12 servings.

Agriculture in Action

Michigan Farm Bureau

Most American people -- 78 percent of them, according to a recent national survey, "feel good" about farmers. They don't feel so good about government spending. In fact, this same survey, conducted by Leo J. Shapiro and Associates of Chicago, indicates that 86 percent of the respondents believe that government should cut its spending.

This survey, like many others, shows that consumers believe what agricultural spokesmen have been telling them for a long time -- that farmers and ranchers are victims of inflation -- not the cause, and certainly not the beneficiaries.

The recently imposed food price freeze may have sounded good to the American consumer at first, but he would be the last to want the results of a controlled agriculture -- food

shortages, black markets and rationing. A traditionally productive agriculture has been good to him and he'd hate to lose that part of our American way of life.

Because of the great accomplishments in agriculture and food production, 95 percent of the American people have been liberated from a life sentence of scratching the soil for a grubby existence -- which is the life-style in so many areas of the world. A free and productive agriculture has released 95 percent of the American people and put them in libraries, in laboratories to win Nobel prizes, in pulpits, behind musical instruments, and in the classrooms to make America the best educated nation in the world. It has set them free to put on a doctor's gown to conquer polio and tuberculosis, and in spaceships to explore the moon. Whether America will be able to maintain this kind of "liberation" will depend a great deal on how free of restraints agriculture will be allowed to remain.

American farmers and consumers share a common concern about inflation -- and they want the "disease" stopped. What they both want -- and need -- is not more controls, but responsible action on the part of the President and the Congress to deal effectively with the real cause of inflation -- excessive government spending.

COUNCIL PROCEEDINGS

June 4, 1973

Council met in regular session with the meeting called to order by Pres. Little at 7:01 pm. Trustees present were Benedict, Fitzgerald, Mahony and Scully; absent Walton and Stautz. Minutes from the May 22, 1973 meeting were read and corrected. Moved by Fitzgerald supported Benedict to accept the minutes as corrected. All years, carried.

Russell Widmayer was present to have the tax roll certified. The May Police Report was presented as follows:

- No. of complaints: 23
- Total complaints investigated: 23
- Assists of other depts.: -----
- Washtenaw Co. Sheriff: 2
- Crimes investigated: B & E's: 0
- Larceny: 1
- Malicious Destruction of Property: 3
- Traffic violations issued: Speeding: 1
- Parking: 1
- Drive left center of street: 1
- Accidents investigated: Manchester: 2
- Sheriff Dept.: 8
- Animal complaints: 3
- Dogs: 1
- Others: Sheep 1; cattle 1
- Vacation checks made: 6
- Doors found unlocked: 4
- Funeral traffic: 2
- Parade traffic: 1
- Careless driving: 3
- No operator license: 1
- Excessive noise: 1
- Improper turns: 0
- Ignore stop sign: 0

Scully reported that the location of the base station must be changed on the license which entails notifying all existing radios on a specific frequency within a 50 mile radius.

Fitzgerald listed Public Works activities: Parks and Village grounds have been mowed; the last slab of concrete was placed at the compactor site on Parr Road; four loads of stone dust have been placed on the ball field; Village streets have been cold patched with asphalt; catch basins have been cleaned and repaired; dust control was placed on the gravel streets; and preliminary work has been done for paving.

Moved by Mahony, supported by Fitzgerald to transfer \$11,278.50 from account 90-461 to 95-359; \$2000.00 from 90-462 to 95-359 and \$7,500 from 90-463 to 95-359. All years, carried. Moved by Mahony, supported by Benedict to pay invoices as listed. All years, carried.

Mahony advised Council that the Village had purchased certificates of deposit in the following denominations: \$4,000.00 Park Improvement Fund, \$1,000.00 Bridge Bond and Interest Redemption Fund, \$2,000.00 General Obligation.

Council was reminded by Pres. Little of the Planning Commission Banquet and Annual Meeting scheduled here in Manchester June 13.

Moved by Scully, supported by Benedict to adjourn at 10:40 pm. All years, carried.

Mary H. Wheeler, clerk

June 18, 1973

Council met in regular session with the meeting called to order by President Pro-Term Herb Mahony at 7:05 pm. Trustees present were Benedict, Fitzgerald, Mahony, Stautz and Walton; absent were Scully, Pres. Little and Clerk, Mary Wheeler.

First order of business was approval of a check to Colwell Equipment Co., Inc. for \$1200.00, the first of three payments due on the recently purchased roller.

Fitzgerald presented a quote received from Cunningham-Gooding for a asphalt materials. Moved by Fitzgerald, supported by Walton to accept the asphalt price bid. All years, carried. Fitzgerald then reported on Public Works activities for the previous two weeks.

An excess of water standing in a yard below a newly asphalted street was reported by Fitzgerald and confirmed by Stautz. Discussion followed and it was decided that the situation was not a result of the asphalt per se; however, the Public Works committee agreed to check into correcting the situation at the owner's expense.

Daniels relayed a question from the Boy Scouts concerning the mowing needed around trees they had planted along the river. Fitzgerald responded that it was not the Village's responsibility to mow along the river bed, but rather the individual property owner's. If the trees were planted on Village property, the Village would take care of the necessary maintenance, such as mowing.

Daniels reported that the Village has been rationed to 1500 gallons of gas per month. This is a quota set by Gulf Oil Co. and is down 500 gal. per month from the previous allotment. Mr. Fillyaw, who was present concerning another matter, confirmed the statement of a fuel shortage based on his own gas station business. He related that his station has been forced to close early on Saturdays and all day Sunday with gas prices slated to rise further to compensate for the shortage. Mr. Fillyaw offered to supply gas to the Village for emergency purposes -- in a situation where there was absolutely no gas for equipment needed for town work -- at a 5¢ a gallon discount.

Walton inquired about the asphalt cost with the new roller. Fitzgerald and Daniels explained that since the new roller has a 5 ton compaction in comparison to a 1 1/2 ton compaction of the old equipment the final cost should be less than last year. They expect the roller to almost pay for itself in 3 years.

Stautz reported that the following permits had been taken out:

Plumbing	All's Custom Plumbing	227 E. Main St.
Electrical	L. V. Kirk	505 Territorial St.
Alterations	Union Construction Co.	505 Territorial St.
Electrical	L. V. Kirk	222 N. Union St.
Swimming Pool	Dayid Little	499 Fumace St.
Electrical	Abner's Service	625 Sunset St.

Stautz remarked that all the inspections have been good. The Village received a bill from Claran Knaus, Sr. for 13 inspections performed between Feb. 13 and May 30.

The Athletic Boosters requested permission to barricade a section of Duncan St. during their softball tournament scheduled for June 22-24. Moved by Fitzgerald, supported by Benedict that the Athletic Boosters be allowed to barricade Duncan St. from Torrey to Wolverine in order to conveniently sell tickets, with the provisions that they maintain the barricades themselves and notify the police and fire departments when they have closed the street. All years, carried.

Also in conjunction with the Athletic Boosters, Stautz reported that the group had asked to use 5 or 6 picnic tables from Carr Park. In the ensuing discussion it was noted that the tables would be needed for family reunions and weekend traffic in the park. Benedict felt the park wasn't being filled yet and that the loan could be made. It was decided that 4 tables could be temporarily removed from the large pavilion. Walton also volunteered the use of his own table. Daniels reported that the park was shy 3 tables due to general wear. Moved by Benedict, supported by Walton to build 6 new tables. All years.

Mahony presented a letter to Council from the Fair Board requesting that an Antique Car Show be held in conjunction with the fair. Moved by Mahony, supported by Fitzgerald to allow the cars to meet at Carr Park for assembly, parade through the countryside and Village and return to Carr Park to put the cars on display. The only provision would be that normal rules be followed with park use governed by a first come-first served basis. All years, carried. Mary Wheeler was requested to write Quana Holland verifying the matter.

A visitor, Mrs. Alger Clark, in speaking for the Athletic Boosters, asked if the auxiliary police could patrol the softball tournament area more frequently than is normal. Chief Thomas replied that they would certainly do the best they could.

Moved by Mahony, supported by Fitzgerald that the earlier matter of an invoice for \$1200 due Colwell Equipment Co. for the first payment on a roller be approved for payment. All years, carried.

Daniels requested a decision regarding water service at the laundromat. Since the bill has not been paid for two quarters it was a question of turning water service back on. Discussion followed as to who was responsible for paying the debt. The American Legion is not liable since the Village billed the tenant, not the Legion. Mahony suggested that the Village Attorney be contacted regarding the question of liability before further action is taken.

Mr. Fillyaw indicated concern over police coverage for June 19 and 20 specifically. He was unable to get any response on his calls to the Manchester Police Dept. He also felt that the Police Dept. was not adequately qualified to take care of a particular car accident which took place June 17 on Austin Rd. In response Mahony stated that Manchester does not, and never did have 24 hr., 7 day a week police coverage. Since there is not full time police coverage, an agreement with the Sheriff's Dept. and State Police has been made to fill in during the offtime, thus allowing for 24 hr. protection. Because of this set up, the Manchester phone book has been purposely arranged to give the Sheriff's Dept. and State Police numbers directly under the Village Police number, so that if the Manchester Police do not respond to a call, one may call for help from either of the other two quite easily. In regard to the policing of the accident, Council members who were there at the scene felt that the Manchester Police did a commendable job. They were the first on the scene and were responsible for calling the fire dept., ambulance and Sheriff's Dept. Mr. Fillyaw was critical of the lack of crowd control and the traffic bottleneck. Council agreed that the traffic control could have been improved upon, but noted that the spectators were concerned and alert enough to cause absolutely no holdup or delay of necessary equipment rushed to the scene, or the ambulance leaving the scene. They also pointed out that the State Police who were there also worked directly on the wrecked car and not on crowd control, and that the Sheriff's Dept., who were responsible for policing that part of Manchester Township, never arrived on the scene. Since the Chairman of the Health and Safety Committee and Police Commissioner, Jim Scully, was absent Council invited Mr. Fillyaw to return to the next council meeting to get further satisfaction on unanswered questions.

Enter David Little at 8:45 pm during the discussion with Mr. Fillyaw. The meeting was adjourned at 10:00 pm with a motion by Stautz and support by Walton. Respectfully submitted, Claudia Wise, Acting Clerk

Stevens-Jacob Wedding

Susan Arlene Jacob and Charles O. Stevens III exchanged vows Saturday evening at the Emanuel United Church of Christ in Manchester.

The Rev. Joseph Wise officiated for the daughter of Mr. and Mrs. Raymond Jacob, Jr. of Manchester and the son of Mr. and Mrs. Charles O. Stevens II of Ann Arbor.

The bride was attired in a gown of white sheer nylon organza with an Empire Style waist. A pearl crown secured her veil and she carried a long cascade bouquet of white daisies and white sweet-heart roses surrounded by white baby's breath and ivy.

Maid of honor was Miss Kathy Kothe of Manchester. Bill Stevens of Bellview, Fla., served as his brother's best man.

Bridesmaids were Miss Anita Kirk and Mrs. Lyle Jacob, both of Manchester, and Miss Carol Habbegger of Ann Arbor.

Serving as ushers were Mr. Jacob, the bride's brother; Bob Stevens, the bridegroom's brother; and Mike Weber of Manchester. Larry Jacob, the bride's brother, and Bill Jacob of Manchester were junior ushers.

The dresses of Miss Kothe and Miss Habbegger were pink and white and they carried white roses and daisies. Miss Kirk and Mrs. Jacob were in identical gowns of aqua and white and their flowers were carnations and daisies.

Assisting at the reception, which was held at the Manchester Sportsman Club, were; Mrs. Joyce Jacob and Mrs. Arlene Rentschler cake, Miss Judy Jacob punch, Miss Jane Habbegger coffee and Miss Diane Rentschler guest book.

The newlyweds will reside in Manchester.

First Mistake
The original mistake was inventing the calendar. This led, in due course, to having Mondays.
-News, Detroit.

NOTICE

The Chelsea Branch of the Michigan Secretary of State will not operate in Chelsea after June 28, 1973, as all small Branch Offices are being phased out. All transactions after that date will be handled either at the Branch at 444 S. Main St., Ann Arbor, or in Jackson, near Park Plaza, until a Civil Service office can be opened.

Let's Go Metric

New liquid measuring cup includes metric units.

Within 10 years it is expected that the United States will be converted to the International Metric System. Authorities agree that the first step toward switching to metric is to start thinking metric. One way for the homemaker is with Foley's new liquid measuring cup. It includes the customary cup and ounce measurements up to 2 cups (16 liquid ounces) plus metric measurements to 500 milliliters — a cook's introduction to the metric system.

There are six basic units in the International Metric system. The unit of length is meter, mass is gram, volume is liter, time is second, electric current is ampere, and temperature is Celsius (formerly called centigrade). All other units of measurements are expansions of these six base units. The entire system is based on ten and multiples or submultiples of ten. A milliliter, the measurement used for the new Foley measuring cup, for example is one thousandths of a liter. A liter is a unit slightly larger than a quart. Five hundred milliliters measure a little more than 2 cups, or a little more than a pint. The new metric measuring cup is made in clear plastic with a convenient long handle and two pouring spouts. It is available with and without a juicer that snugly fits the top.

Free moon light at NBJ!

The light that went to the moon.
NASA never takes chances. When they wanted a powerful flashlight for the astronauts to use in space, they went to ACR Electronics and said, "Build us a powerful flashlight. And ACR did."

Astronauts need it
because the totally new and revolutionary Moon Light works equally well in space, on the surface of the moon or back here on earth. It's small (3 1/2" long), light (1 1/2 lbs.), neat and has no external switches to corrode or break.

Husbands need it
when they go fishing early in the morning. Look for tools and parts behind the workbench or to rattle around in their tackle box, tool box or briefcase.

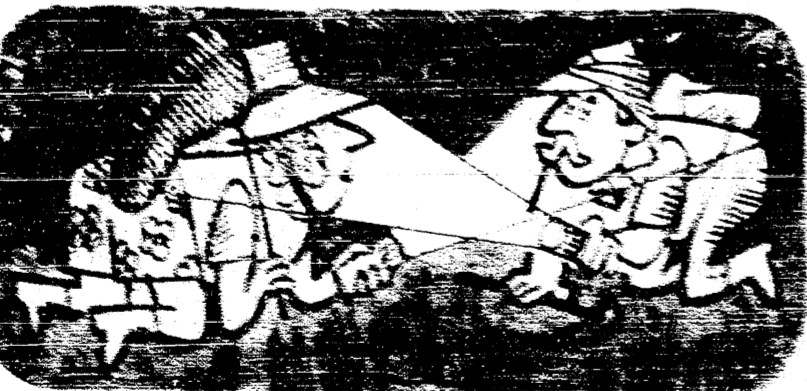

Mothers need it
during the afternoon to the silverware in the kitchen and the flashlight in their hand when they take the children and the tub's corner of the tub.

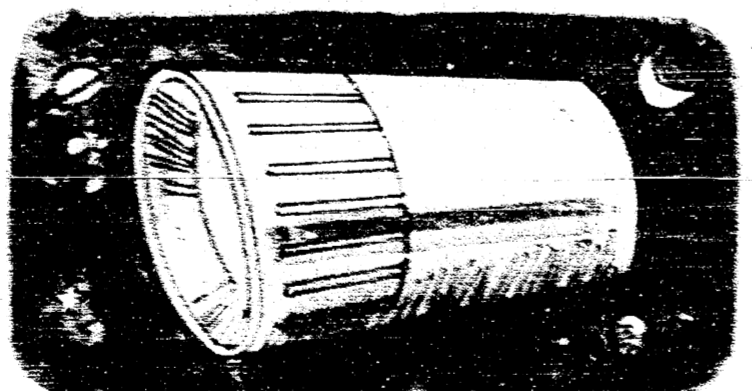

Kids need it
for safe bicycle riding in the evening, reading comic books under the bed covers and finding their way to the bathroom after midnight.

Glove compartments need it
for a portable trouble light, map light or roadside emergency signal.

Overhead in the dark needs it
The flashlight is the only light source that can be used in the dark. It's the only light source that can be used in the dark. It's the only light source that can be used in the dark.

Just \$2.00 and it's yours free!
This is the only flashlight that can be used in the dark. It's the only light source that can be used in the dark. It's the only light source that can be used in the dark.

Vacation Bible School. One of the most successful Bible Schools in the history of this church has just concluded. The children were radiant with joy and everyone who participated or helped in any way received a blessing during the week. Our high attendance was 96. True to the spirit of openness and acceptance which is evident among our church family, we experimented with some new forms and new techniques this year. After a great deal of study and discussion the Council on Ministries decided to invite a group known as Rural Bible Missions to assist us with our Vacation Bible School. The entire

experience proved to be truly enlightening and filled with opportunities for growth.

Card of Thanks

I wish to thank all of my friends, relatives, neighbors, and the many friends I didn't even know about that had put their votes in, that helped me win second place, and the trip to California. A special thanks to Mr. Lantis for giving me the privilege to be in the contest. I really enjoyed my trip and saw many places and things that would never of had the opportunity to have seen. Thanks again.
Randy Weir

We wish to thank our friends, neighbors and relatives in this area for their many acts of kindness and expressions of sympathy during the recent illness and death of our loved one. May God Bless each of you.
Mrs. William Kappler and family.

I wish to express my sincere thanks to my many friends and especially to my family for making my 88th birthday such a memorable day with the many lovely cards, gifts and flowers.
Sincerely,
Mable Loucks

What happens when you're offered \$20,000 for your \$27,000 pile of ashes?

You take it if you haven't increased your home insurance to keep pace with inflation. This is the kind of problem you could face if you bought and insured your home for \$20,000 in 1968. See me to find out if your home is insured for its full value. I'll tell you about a low-cost State Farm Homeowners Policy that will insure your home for all it's worth... and keep it that way with automatic Inflation Coverage.

20th Annual Chicken Broil Thursday July 19th

Pictured above are the men who put on the first Manchester Chicken Broil. Can you recognize anyone you know?

It's "20 years of Hustling" as Manchester makes plans for the 20th annual Chicken Broil, Thursday, July 19, at the High School Athletic Field from 4 to 8 p.m.

This small (1,700 people) Washtenaw County community, 20 miles southwest of Ann Arbor on M-52 gives visitors the red carpet treatment the third Thursday in July. The broil is the largest of its kind in Michigan and plans to serve 11,000 chicken dinners. Its famous for char-coal broiled chicken halves basted with butter and slightly salted.

Men and boys in this rural community help the Jaycees and Optimists with Luther C. Klager and Roland Grossman as general chairmen. It takes 450 to man the Big Broil. All workers and business places have tickets. Save a quarter. They are \$2.25 at the gate.

Four hundred-foot-long charcoal pits broil 1,500 chicken halves at a time as twenty-eight pairs of white gloved hands turn the grids 60 times in the hour and a half of broiling. Spraying equipment and a bucket of melted butter move carefully along the rows of chicken.

Dr. Howard Zindel of the Poultry Department at Michigan State will be here to watch and supervise the broiling process which he helped perfect 20 years ago. He hasn't missed a broil and the five checkers will twist the leg bones to be sure the chicken is done.

Loud speakers will herald the arrival of guests from away and those visiting from foreign countries. It's a small world. Family reunions are planned and the hostess has time to spend with her guests. There are two take-out lines which move rapidly as complete dinners are packed in boxes.

Tables and chairs seat 2,500. Guests are served with efficiency. Trimmings for the dinner include 68 gallons of specially prepared dressing which is mixed days earlier. German kraut cut-

ters slither up the two ton of cabbage fresh as it's used. Bags of potato chips, crisp red radishes, buttered rolls and coffee or milk are included. Pop and ice cream are available.

This year the profits will be used to pay the debt on Kirk Park. Equipment is needed for the playground area. The park is converted from a village dump. Through the years the Broil has paid for many improvements, all of which benefit the youth of the community. That was the intention of the first broil and the reason businessmen and farmers give their time to make the broil a success.

Car Park shelter, lights for the Athletic Field, playground equipment of all kinds, new files and shelves for the library, fencing for the Athletic Field and now buying a new park are just some of the improvements made possible by twenty years of Chicken Broils.

At the first broil some 1,500 were served and the workers, with blistered hands and sore feet counted the money and thought the dinner was a huge success. Times have changed. The Broil grew!

The Sheriff's Department's Mounted Division will direct traffic. There's free shuttle bus service to and from the parking areas. Visitors from most of the States have signed the guest books. Many from abroad, visiting in the area have signed in.

People enjoy the scenic route to Manchester away from the hustle and bustle of the city. Manchester has preserved some of the best of the past and moves ahead with an eye on the future. These here for the first time drive around the community. They stop on Main Street and look at the original brick buildings, the Red Mill on the Raisin in the heart of the Village enhanced by a new bridge.

For those who want to linger a while they can go to the bleachers and watch two soft ball games. The broil keeps

the community together and when the last person has been served and everything is cleared away once more the workers will set down and talk things over at Carr Park. They'll begin to make plans for another broil next year. They will have seen enough chicken for a while and munch on sandwiches. As the notice was mailed to each of the workers and he looked down the list to see what his duties would be, a familiar paragraph catches his eye. "Workers will relax at Carr Park after the last amber has fled. Please do not relax on the Athletic Field."

HELPERS NEEDED

School age boys who wish to work at the Manchester Chicken Broil on Thursday, July 19, 1973 should meet at the Athletic Field Shelter at 11:00 a.m. on that date for assignment. Approximately sixty boys are needed to help the various committees.

Born to Mr. and Mrs. Robert E. Luchhardt, a son, born July 9, 1973 at St. Joseph Hospital in Ann Arbor. He weighed 6 pounds and 14 ounces. His maternal grandparents are Mr. and Mrs. Edward P. Steele Jr. and paternal grandparents are Mr. and Mrs. Robert Luchhardt, of Manchester.

SINGLES 25 AND UP

If you enjoy dancing to good music, come to the Ann Arbor YM-YWCA at 9:00 p.m. on July 17 and join the Tuesday Night Singles as they swing to the music of the Suburbanites. Dance instruction at 7:10 and 8:10.

Manchester Fair To Celebrate 30th Year

It's Fair time in Michigan. From now to the end of September, clubs, communities, counties and the State will be putting forth their best at fairs all over our State. In fact, there are 78 fairs held in Michigan this year.

A Fair is one place a community can show off its best in livestock, home economics, and horticulture. In old times it was a week when people met their neighbors to talk about the harvest, engage in friendly competition, and catch up on a year's news. Today's fair is much the same. It's a reflection of the interests and achievements of the community. It's a place where the entire community comes together for one great community exhibit, and visitors can come to see what we're all about.

The Manchester Fair is celebrating its 30th year this year, and we've made many changes to accommodate the new and preserve the old. We hope you will enjoy the Fair, August 21-25. Now is the time to start thinking about what you want to enter for exhibition and get busy working on it.

This column will run every week until the Fair to inform you of some of the additions we've made in the Fair so that you can anticipate, prepare and enjoy the 1973 Manchester Community Fair.

Pleasant Lake Annual Boat Parade

The Pleasant Lake Boat Parade was resumed this Fourth of July for the first time in three years. This had been an annual event for fifteen years until it was discontinued.

Serving as judges were; David and Dona Mienhart, Jim and Donna Stengel and Jim Porter.

Grand Marshall Mike McGee led the parade whose winners were; Clarence Schneider, The Star-Spangled Banners, Bob Westfall, Mike and Chris Lehr, the children of Earl Homing and the Pardons.

Glenn Lehr, Sr. would like to extend his thanks to the committee consisting of; Mary Sue Moore, Sue Westfall, Kathy Roberts, Alton Lutz and Gibbs Barber. A big thank you also to Krauss Pharmacy, Lannon's Variety, Weber's Tavern and Haab's Hardware for their prize donations.

This event is sponsored by the Pleasant Lake Property Owners Association.

Attention Athletes

It is very highly recommended by the doctors and administration that each athlete try to get a more complete physical through their family doctor. Physical cards will be available at the High School.

Physicals for those who cannot get to their own doctors will be given on Thursday and Friday, July 19 and 20 at 9:00 a.m. Football players on July 19. Girls and other sport people on July 20.

There will be a team meeting for those interested in playing football on Wednesday, July 18, at 7:30 p.m. at the high school.

Sidewalk Sale Friday, July 27

The Annual Manchester Merchants Sidewalk Sale will be held on Friday, July 27 this year. In case of rain it will be held on both Friday and Saturday all day until 9 p.m.
