

# Agriculture in Action

Michigan Farm Bureau

On March 15, President Nixon said rigid price controls on meat would not work. He added that such a freeze would discourage supply and lead to black markets and rationing. A few days later, Secretary of Agriculture Earl Butz said anyone who favored such a freeze on food would be a "damn fool." Then on March 29, reacting to consumer advocates and labor union leaders, the President did impose a freeze on meat. Then, in mid-June, another freeze was imposed on all items, and the two freezes together prove both Mr. Nixon and the Secretary were right in their mid-March statements.

Instead of lowering food prices, the current freeze is resulting in a much lower supply now and in months

to come, and will eventually result in much higher prices. This can be seen in the large number of sows and cows going to slaughter. These are breeding animals that would have produced thousands of baby pigs, and hundreds of baby calves that now will never see the light of day. The hundreds of thousands of baby chicks that are being killed, and the even larger amount of eggs not being hatched, will show up in greatly reduced broiler numbers this fall.

Both the consumer and the producer are losers in this game being carried out by officials in Washington. Producers can't afford to produce when it costs more to produce the product than what they can sell it for. They don't have the incentive to produce under such circumstances, and shortages and high prices to consumers are bound to happen.

The ultimate blame for the mess we're in must be at the feet of those consumer advocates and labor union officials who pressured the Administration into placing the freeze on meat and other foods. Somehow, someday, the consumers of this country must be made aware of those factors that go together to encourage or discourage food production. It could be that the current situation, and subsequent lower supplies of pork, beef, poultry, and

dairy products will help make them more aware.

### 1973 SPECIAL ENROLLMENT EXAMINATION

A Special Enrollment Examination will be held on September 24 and 25, 1973 in Detroit for accountants and others who wish to qualify to represent taxpayers at all levels of the Internal Revenue Service.

Tax practitioners who are not certified public accountants or attorneys must demonstrate their technical competence before they can be enrolled to represent clients before IRS. This right to practice is governed by technical and ethical standards set by the Treasury Department.

A sample of the Special Enrollment Examination, Publication 693, information about the examination and application forms may be obtained by writing to the Internal Revenue Service, Taxpayer Service Section, P.O. Box 2258, Detroit, Michigan 48231. Applicants must file no later than August 31, 1973 and must include with their application form a \$25 fee to cover the costs of administering the examination.

### MEDICARE NOW COVERS SOME CHIROPRACTIC SERVICES

Beginning July 1, Medicare can help pay for limited chiropractor's services under medical insurance, but only under certain conditions.

According to Robert A. Kehoe, Social Security District Manager in Ann Arbor, the Chiropractor must be licensed or legally authorized to furnish chiropractic services by the State and also meet Federal criteria. In addition, Kehoe said, "We want to emphasize that coverage of Chiropractor's services under Medicare is very limited. It is important for beneficiaries to know that Medicare can help pay only for manual manipulation of the spine for the purpose of correcting a subluxation which can be demonstrated by X-ray. No payment can be made for any other kind of chiropractic treatment or for any diagnostic services by the Chiropractor, such as X-rays or laboratory tests." A subluxation is defined as an incomplete dislocation, off-centering, misalignment, fixation or abnormal spacing of the vertebrae. Kehoe asked that beneficiaries with any question about chiropractic coverage get in touch with the local Social Security office at 2929 Plymouth Rd., Phone 769-7100.

## Operation Sandbox Completed

On July 14 the Jaycees successfully completed Operation Sandbox. The purpose of this project was to furnish free, clean sand to the children in the Manchester area, thereby providing them with safe play areas in their own yards.

This years project was very successful, thanks to the assistance of the Rocketeers Products Co., of 6991 M-52. Rocketeers donated manpower, machinery, and approximately 10 yards of processed sand. Jaycee members delivered the

sand to twenty area families free of charge, and are looking forward to running this project again next year.

## Gold Ribbon For Exceptional Exhibit

The judges in the exhibit tent are going to have a keen eye for some outstanding exhibits deemed worthy of special display at the Michigan State Fair. A Gold Ribbon will be placed on exceptional exhibits for Best Bedspread, Best Crocheted Article, Best Knitted Article, Best Quilt and Best Rug in the handicraft divisions. In the canning competition Gold Ribbons might be found in the Best Display of Fruit, Best Display of Vegetables, and Best Display of Jellies. Baked Goods have two categories eligible for Gold Ribbons, Best Loaf White Bread, Best Cake.

These ribbons come from the Michigan State Fair, and winners are invited to enter their exhibit in special classes for local fair winners at the Michigan State Fair. Premium awards range from \$18.00 for first place in the Best Quilt class to \$5.00 for third place in the Best Loaf White Bread class at the State Fair.

Because the Michigan State Fair coincides with our Fair, winners of these awards will be eligible to compete in the 1974 Michigan State Fair. More information on these awards will be available at the Fair Office during Fair week August 21 through 25.

## Annual Chicken Broil Sold Out Again!!!

By C. Chapin

Sold out again!!!

Eleven thousand dinners and no rain to spoil the day. The great day that happens once each summer. Four hundred men and seventy five boys - give or take a few, working together in a massive, interlocking effort, build the four long pits, line them with sand, fire the charcoal, and broil in butter all those chickens.

From California, Cincinnati, Poland and Germany, come the visitors to smile, watch, visit, eat good food, and leave with memories of a happy day behind them.

This year, among the visitors, but working with the men, were ten Lion's Club members from the City of Fenton, Michigan. Planning a Chicken Broil for their town, they came to work and learn. On September 9, they will hold their first Broil in that City. It has always seemed to us that it would be great if we could package or bottle the spirit of co-operation and good-will demonstrated each year in our town, but good-hearted men in this fashion will carry the message away with them.

The Broil Committee for next year has already had it's first meeting to lay plans for an even more successful dinner next July.

Many friends helped, Marshall Wells, J.P. McCarthy, Jimmy Loatz, and Howard Heath each were generous with good advance publicity.

Just a small reminder to those who have not turned in their tickets. Ed Kirk at the Union Savings Bank will report on our profit as soon as you return them to him.

The proceeds from this years Chicken Broil will satisfy the indebtedness assumed by the Chicken Broil Committee.

## Engagement Announced

Mr. Louis Spieß of Manchester and Mrs. Edwin Schütz of Pinckney have announced the engagement of their daughter Connie Marie to Mr. Richard F. Hlavka Jr.

Mr. Hlavka is the son of Mr. and Mrs. Richard F. Hlavka Sr. also of Manchester. He is a graduate of Manchester High School and is employed by the Double A Products.

Miss Spieß is a graduate of Manchester High School and is employed by the Automobile Club of Michigan in Ann Arbor.

A September 28th wedding is being planned.

## Attention Middle School Athletes

It is very highly recommended by the doctors and administration that each athlete try to get a more complete physical through their family doctor. Physical cards will be available at the Middle School or from Mr. McLeod.

Physicals for those who cannot get to their own doctors will be given on Tuesday, July 31 at 9:30 a.m. at the Middle School.

There will be a representative from the Maumee Co. at the school on July 31, for those interested in ordering football shoes.

A team meeting will be held on Friday, August 24 at 9:30 a.m. for the collecting of necessary money and the handing out of equipment. The first practice session will be held on the following Monday August 27, at 9:00 A.M.

## Sidewalk Sale Friday, July 27

The Annual Manchester Merchants Sidewalk Sale will be held on Friday, July 27 this year. In case of rain it will be held on both Friday and Saturday all day until 9 p.m.

### EMANUEL UNITED CHURCH OF CHRIST

There will be an informal evening  
worship service in the lounge on July  
26, at 8:30 p.m. This is for people  
who cannot get to church on Sunday,  
and for anyone else who would like to  
share in some brief moments of wor-  
ship in a quiet, relaxed setting.

This year the area churches will  
be sponsoring a booth at the fair. On  
Friday and Saturday of fair week, Aug.  
24 and 25, we will share responsibility  
for taking care of the booth with Man-  
chester Methodist. We need volunteers  
to work in the booth from 1:00 to 9:00  
p.m. on both days. You can work as  
long as you like, but two hour shifts  
have been suggested. If you can give  
some time, please call the church  
office. Your help will be greatly  
appreciated.

### FARMERS WILL PRODUCE ONLY FOR FAIR RETURN, FARM SPOKESMAN WARNS

"The day is over when farmers  
will be satisfied to produce more with  
out a fair return for their labor, risk  
and investment," Elton R. Smith,  
president of the Michigan Farm Bureau  
said today in response to the Adminis-  
tration's announcement of the Phase IV  
program. In a free, capitalistic  
economic system, farmers must be  
allowed to earn a profit."

Calling Phase IV a "step in the  
right direction," Smith said the plan  
will encourage a return to normal  
food production patterns where economic  
-- not politics -- guide production.  
He expressed disappointment, however,  
that beef will continue to be kept  
under the price ceiling.

The agricultural spokesman  
pointed to the higher labor costs, in-  
creased prices of fuel, equipment and  
taxes which producers are paying, and  
warned that farmers will not be sat-  
isfied to work harder and produce more  
for less net income.

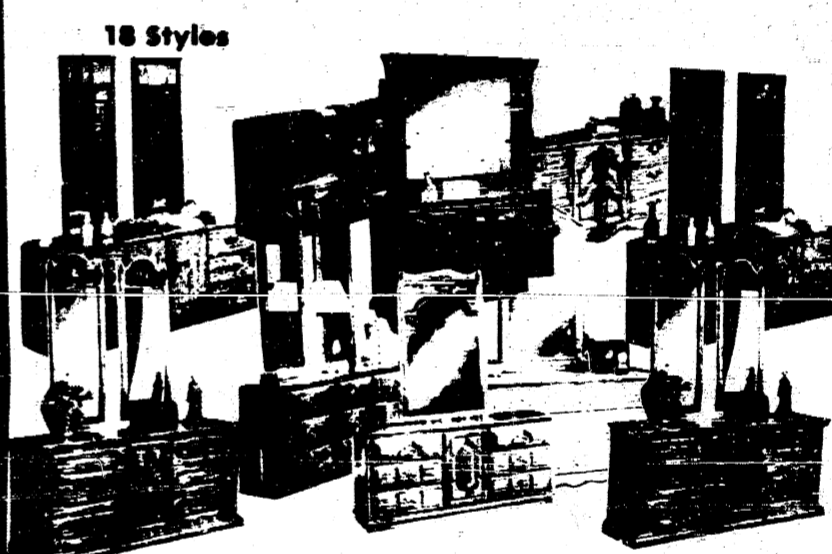

"Inflation and prices will only be

held in line when persons in responsible  
positions take responsible fiscal action.  
Congress should assume responsibility  
for a sound fiscal policy by holding  
down federal spending," he concluded.

### Jaycee Auxiliary Baby Contest

The Jaycee Auxiliary is sponsoring  
their "4th Annual Baby Contest." If  
you are interested in entering your  
baby please send a picture of the baby

### Card of Thanks

I wish to thank all my relatives and friends for birthday cards and food sent for my 92nd Birthday.  
William Lamming

A real heartfelt Thank You to all tired workers that helped to make the 20th Annual Chicken Broil a real success.

The comments on the chicken were "Excellent - to Best ever."

The togetherness and hard work of everyone made it go like clock like precision. Congratulations!

The Chicken Broil Committee

I wish to thank all my relatives and friends for their cards and visits while I was in the hospital.

A special thanks to Bill and Joyce.

## Flynn-Widmayer Vows

Emmanuel United Church of Christ was the setting for the nuptials which united Jane L. Widmayer and Thomas J. Flynn Saturday afternoon.

The Rev. Joseph W. Wise officiated for the daughter of Mr. and Mrs. Lyle A. Widmayer of Manchester and the son of Mr. and Mrs. T. Raymond Flynn of Schenectady, New York.

Miss Jean Phaus was the organist. As she approached the altar with her father, the bride was attired in a white embroidered Schiffl organza gown with a built-in chapel train, and puffed sleeves. The flounced hemline was accented by Venice lace. A profile cap secured the waist length veil of illusion. The bridal bouquet was formed of roses, stephanotes and baby's breath.

Roxanne Merritt of Tecumseh, cousin of the bride was the maid of honor. The bridesmaids were; Liz Hosmer of Manchester, Colleen Flynn

of Schenectady, N. Y., sister of the groom, and Beth Ann Widmayer sister of the bride.

Attendants were identically gowned in white velvets with pastel pink, blue and yellow flowers over solid pink, blue, yellow or white linings. They wore white straw hats with matching ribbons. The flowers they carried were sweetheart roses, stephanotes and baby's breath.

Gerald Flynn was his brother's best man while Tim Merritt of Tecumseh, cousin of the bride and Robert English of Syracuse, N. Y., seated the guests.

A reception followed the ceremony at the home of the bride. Assisting were; Pam Widmayer, cousin of the bride, guest book and cutting cake Jacque Moehn and Connie Widmayer.

After a wedding trip to Hyannis - Cape Cod, Massachusetts the bride and groom will be at home at 133 Saratoga Road, Glenville, New York.

## COUNCIL PROCEEDINGS

July 2, 1973

Council met in regular session with the meeting called to order by Pres. Little at 7:07 pm. Trustees present were Benedict, Mahony, Stautz and Walton; absent Scully and Fitzgerald. Minutes from the June 4, 1973 regular meeting were read and approved in a motion by Walton, supported by Stautz. All years, carried. Enter Fitzgerald at 7:10 pm. Minutes from the June 18, 1973 regular meeting were read and approved with a motion from Fitzgerald, supported by Stautz. All years, carried.

Guests Carol Britten, Renee Britten, Kathy Richardson and Richard Britten indicated they were present to request a building permit for property on Wager St. The policy of asking the builder to take out the permit for the owner's protection was explained. Since no sewer is available at the site a letter is necessary to the County Health Dept. indicating the situation. Ms. Carol Britten was asked to secure the necessary letter from the clerk.

Don Limpert was present in complaint of the drinking in public places which is being done in town. He felt that, although 18 year olds are purchasing the beverages, they are being passed on to minors. Nothing that Mr. Limpert can see is being done about the matter and he inquired as to what might actually be happening in the policing of the situation that he does not know about. He stated that the problem has greatly increased in the last couple months and that he felt there should be some control over minors on the streets at hours when they shouldn't be as well as the open drinking on the streets. Chief Thomas responded that recommendations have been made to the Health and Safety Committee to help rectify the problem.

Fitzgerald reported that the DPW had been cleaning catch basins, asphalt-ing, reading meters, and mowing parks. The flooding situation was caused primarily by the heaviness of the rainfall in short period of time. Whatever could be done to alleviate the situation was done.

Stautz listed permits:

# Agriculture in action

Michigan Farm Bureau

The highly-contested duel between farmers and the U.S. Department of Labor is currently between innings. At this stage of the game, the score shows farmers have a slight edge. They've won two legal battles to have the Labor Department's "emergency" re-entry pesticide standard delayed and will continue to fight against the imposition of what they consider "totally unnecessary and unrealistic" rules.

The sidrinish started back in May when government officials reacted to emotion rather than facts, and hoisted upon farmers an emergency standard which would have resulted in financial impossibilities for agricultural employers, unemployment for agricultural workers—and higher prices to consumers.

Farmers were not complaining about doing their part to keep our air safe and clean; they knew the dangers of certain pesticides and handled them accordingly. But they did object to being forced to comply with emergency standards when no emergency existed. The fact that no emergency existed was backed by reports of scientists, occupational exposure to pesticides, and even the Labor Department's own subcommittee on pesticides.

Although farmers have won two "battles"—a delay of the original emergency standard which was to go into effect June 18, and another delay of an amended version which was to be effective on July 13—they are hopeful, but not over-confident, about their chances to win the "war." They have long been apprehensive about decisions, made by uninformed or misinformed people, which interfere with their operations—decisions on environment, land use, price ceilings, export restrictions. They know that when they lose—so does the consumer.

Take, for example, the newest pollutant "discovered" by the Environmental Protection Agency—cow burps. The EPA ranks burping cows as the number-one source of air pollution in the United States—50 million tons of hydrocarbons burped into the atmosphere every year. Farmers wouldn't be surprised to be issued another "emergency" standard requiring anti-acid tablets for their burping cows—perhaps followed by one more order prohibiting the use of such a tablet, based on its possible contamination of milk.....

### ANNUAL 4-H LIVESTOCK SALE

The Annual 4-H Livestock Sale will be held Thursday, August 2nd at 8:00 P.M. at the Farm Council Grounds, Saline-Ann Arbor Road. The 4-H youth will offer for sale 6 rabbits, 34 head of steers, 76 head of swine and 84 head of lambs. These animals have all been raised by the 4-H youth as a educational project and have been feed high concentrate rations. They are offered for sale to the highest bidder.

Speaking of education let me point out a few facts that may be of benefit to you. An average 1000 pound live steer will provide a 615# carcass (61.5% dressing percent). This 615# carcass will need to be trimmed of excess fat and some bone will be removed giving about 432# salable meat. The 432# would contain 134# of chuck, 9,4# brisket, 47,5# rib, 77,7# loin, 40,8# short plate, 15,8# flank, 83,8# round and 3,6# miscellaneous. The market

value of the steer would be the live weight times \$49 per hundred weight or \$490.00. You would need to include butchering and wrapping to this figure to come up with the total.

A pig is not all chops either but he has a higher dressing percentage than the steer or lamb. A 210# live pig will dress out a 150# carcass (71.5% dressing percentage). The 150# carcass will be trimmed of bone and fat and will leave about 120# salable meat including 19,8# shoulder, 23,8# loin, 31,7# side, 31,5# ham and 36,7# miscellaneous. You have an opportunity to purchase either a steer, lamb or pig at the livestock sale. You can have it cut up like you want (you pay processing). We'll see that it gets to the processor. If you have questions call me Joseph W. Ames at the Cooperative Extension Service, 663-7511 extension 227 and I'll do my best to answer them.

### Cranberry Cooler ... The Summer Pleaser!

After a long hot day, why not invite the crowd back to your place for a cool relaxing evening of fun. Add extra excitement to your evening by creating a tall pitcher of this zesty, ruby-red cranberry cooler. Easy to make and oh-so-cool to enjoy.

**Cran-Apple Cooler**  
Combine juice of 3 lemons, 3 cups of sugar, 20 small mint leaves and 2 cups of water. Boil and let simmer 5 minutes. After cooling, strain; chill. Combine this mint syrup, 1 quart (4 cups) Ocean Spray cranberry-apple drink and 1 quart of club soda in a punch bowl. Add ice cubes. Garnish with lemon slices and more mint leaves. Serve in chilled punch cups. Makes 12 to 14 cup servings.

**Offer Guests Pudding Choice**

Puddings made with corn starch are so quick and easy that it's no hardship at all to prepare two different types for a dinner party and offer guests a choice. Shown here are Quick Raspberry Flummery and, in the parfait glasses, Fruit Cream. This is a pudding made with fruit juice, sweetened and flavored to taste and thickened with corn starch. The Raspberry Flummery, which blends the flavors of raspberries and currants is a popular European type dessert.

- Quick Raspberry Flummery**
- 1 package (10-ounces) frozen raspberries, thawed
  - 1 jar (10-ounces) red currant jelly
  - 1/4 cup sugar
  - 1/2 cup corn starch
  - 1/2 cup water
  - 1 tablespoon lemon juice

Press thawed raspberries through sieve to remove seeds. Mix together berry puree, jelly, 1/2 cup water and sugar in saucepan. Cook over medium heat, stirring constantly, until jelly is dissolved. With a spoon, blend corn starch and 1/2 cup water. Stir into berry mixture. Cook, stirring constantly, until mixture thickens and boils 3 minutes. Remove from heat. Stir in lemon juice. Pour into 1 quart mold. Chill until firm. Makes 4 to 6 servings.

**BREAKS HIP**

Mrs. Bertha Adams is a patient at St. Joseph Hospital in Ann Arbor where she was taken Sunday after falling and breaking her hip at her home. Address: Room 374, Bed 2.

**MEDICARE EXTENDED TO MANY DISABLED ON JULY 1**

Starting July 1, Medicare coverage was extended to 1.7 million disabled people under 65. Disabled people who have received social security disability payments for 2 years or more will be able to get help from Medicare in paying their hospital and doctor bills and other covered services, according to Robert A. Kehoe, District Manager in Ann Arbor. Medicare was previously available only to people 65 or over.

Those eligible for coverage, Kehoe said, will include disabled workers, disabled widows and disabled dependent widowers between 50 and 65, disabled mothers 50 or older who get social security benefits because they have young or disabled children in their care, and people who get benefits because they were disabled before age 22.

Disabled beneficiaries have been notified if they are eligible for Medicare. Widows 50 or over who have been severely disabled the last 2 years but haven't filed a claim because they're getting checks as mothers caring for young or disabled children should apply for disabled widows benefits to see if they can get Medicare.

People under 65 who need kidney transplants or dialysis are now eligible for Medicare too, if they've worked long enough under social security, Kehoe said. This health insurance

protection is also available to insured workers' spouses, widows and dependent children who need dialysis or kidney transplants, he said, if the kidney patient himself hasn't worked under Social Security. Eligibility can begin in the 3rd month after dialysis begins and can last through a year after the month dialysis ends or the patient had a kidney transplant, Kehoe explained.

Disabled people require seven times as much hospital care as other people and three times as much service from doctors, Kehoe said.

Medicare is administered by the Social Security Administration of the U.S. Department of Health, Education, and Welfare. For more information about the changes in Medicare, call, write, or visit the Social Security office at 2929 Plymouth Rd. in Ann Arbor. Phone 769-7100.

### Ask Senator GRIFFIN

By cutting through red tape, members of Congress can often lend a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

I'm on Social Security and I have a hard time making ends meet—and I'm confused. Just recently, there was a lot of discussion in Congress about a 5.6 per cent cost-of-living increase in Social Security payments. But I still don't know for sure what we'll get and when we'll get it.

—B. C., Lansing

It's no wonder you're confused. Here's what happened. Just before the July recess, the Senate approved a 5.6 per cent increase for the Nation's 28 million Social Security recipients effective January 1, 1974. This was one year in advance of the cost-of-living adjustments scheduled under the 1972 bill increasing Social Security benefits by 20 per cent.

After the usual give-and-take between the Senate and House just before the recess, a compromise was worked out. You'll get the 5.6 per cent increase but it will not become effective until July 1, 1974.

As one who has visited the U.S. Capitol from time to time and appreciates all that it represents, I am wondering what happened to the proposal for extension of the West Front. Is this a dead issue?

—I. D., Coopersville

No, indeed. It's still very much alive—and still very controversial. After the Commission for Extension of the United States Capitol (composed of the Senate and House leaders, the Vice President, and the Capitol Architect) gave the go-ahead signal this spring, the House included \$58 million for the undertaking in the Legislative appropriations bill approved last April.

Since then, the bill has been stalled in the Senate Appropriations Committee. Additional hearings are planned for this month and then, it is expected, the bill will be moved to the Senate floor for another showdown battle.

## Free moon light at NBJ!

The light that went to the moon.

NASA never takes chances. So when they wanted a foolproof flashlight for the astronauts to take to the moon, they went to ACR Electronics and said, "Build us a foolproof flashlight."

And ACR did.

Astronauts need it

because the totally new and revolutionary Moon Light works equally well in space, on the surface of the moon or back here on earth. It's small (3 1/2 in. long), light (6 1/2 oz.), neat and has no external switches to corrode or break.

Husbands need it

when they go fishing early in the morning. Look for tools and parts behind the workbench or to rattle around in their tackle box, tool box or briefcase.

Mothers need it

to put in the drawer next to the silverware in the kitchen since the flashlight in there now doesn't have any batteries, and the bulb's burned out anyway.

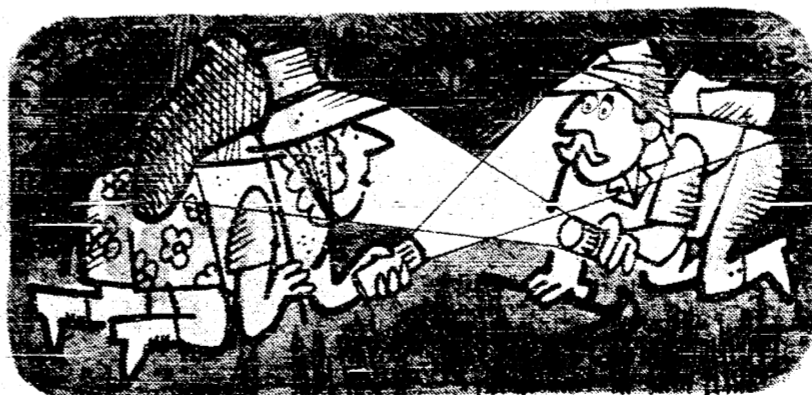

Kids need it

for safe bicycle riding in the evening, reading comic books under the bed covers and finding their way to the bathroom after midnight.

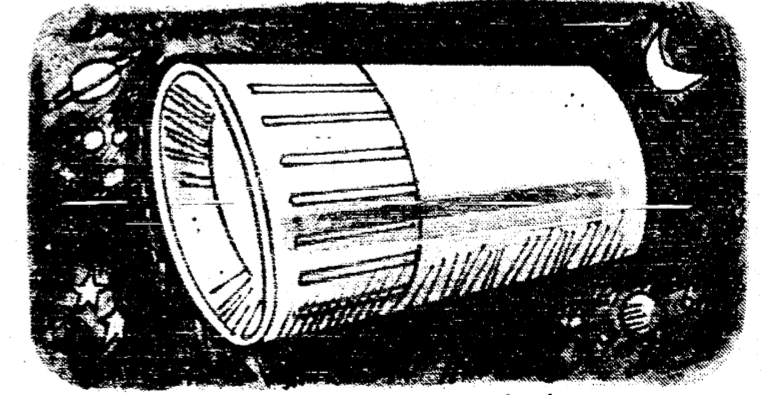

Glove compartments need it

for a portable trouble light, map light or roadside emergency signal.

Everybody in the dark needs it.

If you're not in the dark now, store it away somewhere and forget about it until you are. The space age battery has a five-year shelf life and ten times the staying power of an ordinary flashlight.

Just \$200 and it's yours free!

Open a new NBJ checking or savings account for \$200 or purchase a \$200 Certificate of Deposit at either of our Brooklyn or Napoleon area offices. Or you can get one free by adding \$200 to your present NBJ savings account.

## Sax Smith Named Community Chest Chairman for 1973

Francis W. (Sax) Smith has been named Chairman of 1973 Area Community Fund and Red Cross Drive, which will be launched in October.

A native of this area Mr. Smith has returned to enjoy his retirement years and has found his many talents in great demand.

Enthusiastically sparking the drive, Mr. Smith predicts that with cooperation, we can meet our quota.

A slogan contest will again be conducted by the Chest during the Manchester Community Fair. All citizens of the Manchester area are invited to participate in this contest and the winning slogan will be used in the campaign publicity this Fall. Mrs. Robert Little will be in charge of handling the arrangements for the contest.

## "Home To The Hills"

By C. Chaplin

The Hills of home are green and good. Strong roots and good land have brought Francis (Sax) Smith and his lovely wife Betty home to live in Sharon Township after most of a lifetime living in other parts of the country.

The History of the Smith family reaches back deeply into the early days of the area, for the first settler here was Hallett Smith, who cleared the stumps from the fields and began the farming on Pleasant Lake Road. Frank Smith, the second generation, built most of the buildings and was a resident of some note, being a member of our local bank.

Bert and Ernest were then born on the Homestead and as the years went by Mahlon and Francis, sons of Ernest were born, again in the same room, in the house on the farm which is now, of course a Centennial Farm.

The two boys Mahlon and Francis grew up here and attended Manchester High School. Sax graduated in 1919 with schoolmates Lowell Parr and Waldo Marx. Both were interested in music during school days and formed a quartet with Viola Dieterle and Myrtle Renau in 1912, playing for local dances in the Arbeiter Hall.

Attending the University of Michigan School of Business Administration, Sax played summers at resorts and soon turned toward the music world.

Life became very busy and exciting to a young man. Playing in the Adirondacks - Rochester, New York, Detroit, and joining Paul Specht's band. There was a trip to Europe on the ship Leviathan, working with Paul Whiteman, and in England working at the huge Lyons theatre, the Hippodrome, and playing at Lady Astor's Ball. Later, playing with Russ Morgan, with Morton Downey as singer, all the dreams of "show business" had come true.

Settling in Rochester, New York, Sax opened a booking office, provided musicians for every possible type of affair, from three pieces to large groups for club dates, provided music for radio programs, at one time handling eleven shows at once, and with all this, teaching music students as well.

In 1941 began a third phase of the career of this very talented man. Accepting a position in Detroit as Merchandising Manager for Grinnell's, his early Business training played a large part in his life. Combining his experience in the Music world with his executive ability, Sax went on to organize and direct such affairs as the Annual Music Festival at Cobo Hall, with as many as 1900 musicians playing. Some 50,000 children have been directed by Sax at these affairs.

Married to Betty, his charming wife, who was born in Cripple Creek, a Mining camp in Colorado, and who came East very young, this couple present a formidable quantity of talent between them, for Betty has the distinction of having been the President of Womens City Club as well as President of the Women's Association of the Detroit Symphony Orchestra. She was in charge of the Headquarters Canteen for the Red Cross in Detroit, and now works at the Canteen in Ann Arbor.

Betty is a member of the Daughters of the American Revolution, and Sax is a member of the Sons of The American Revolution, sharing these interests also.

Retiring in 1968, they came back to the farm and built a new home at 17175 Pleasant Lake Road. Some Golfing, the Optimist Club, Planning Commission for Sharon Township, and now the United Fund, keep Sax busy, but he says most of all he likes to look out at the hills and work in the

garden. Born of a farmer, working with the soil contents him. Full circle and home again. It's a good place to live. Welcome home Mr. and Mrs. Smith.
