Kindergarten "Round-Up"

Kindergarten "Round Up" for the Manchester Public Schools will be held from 9:30 to 11:00 A.M. on Thursday, May 9 in the Klager School gym. The purpose of the "Round Up" will be: (1) to help the school district determine how many kindergarten children will enter school in the fall (2) to see that the parents of next year's kindergarten children receive all of the correct forms and (3) to give parents some idea of what kindergarten will be like. Since the formal part of the program will not be long, parents may bring their kindergarten child if they wish. School Superintendent, Mr. Swartz, the elementary school principals, the county health nurse and the kindergarten teachers will be on hand to answer any questions that parents may have.

If any parents are unable to attend the "Round Up", they are urged to contact the Klager School office at 428-8010 or the Pleasant Lake Elementary office at 428-7440 and notify the school that they have a child who will be entering school in the fall. This is extremely important to help the schools plan for next year.

Jaycees Elect New Officers

On Thursday evening, April 18, 1974 the Manchester Jaycees elected their leaders for the coming Jaycee year. Mr. Richard Z. Wolf, was elected President, Robert Bunney, Internal Vice-President, John Schaible, External Vice-President, Richard Rigg, Secretary, and Arnie Weaver, Treasurer.

Mr. Wolf has been active in Jaycee activities here in Manchester for the past two years and served as secretary on the outgoing board. The head of the Manchester Jaycees for the coming year, Dick Wolf is Cashier and Operations Officer for the Union Savings Bank of Manchester and resides at 9626 Kies Road with his wife Nancy and son Von. In addition to serving on the outgoing board, Dick chaired the Child is Waiting program which supported a Philippine child. He is also active in his church and civic affairs.

The above officers will be installed at the Manchester Jaycees Inaugural Ball on Saturday evening, June 1, 1974 at the Tecumseh Country Club. All Jaycees and their wives are encouraged to attend this function and to contact this year's chairmen, Gale Koebe at 428-8291 or Jeff Schaffer at 428-7271.

Board To Ask For Operational Millage Increase

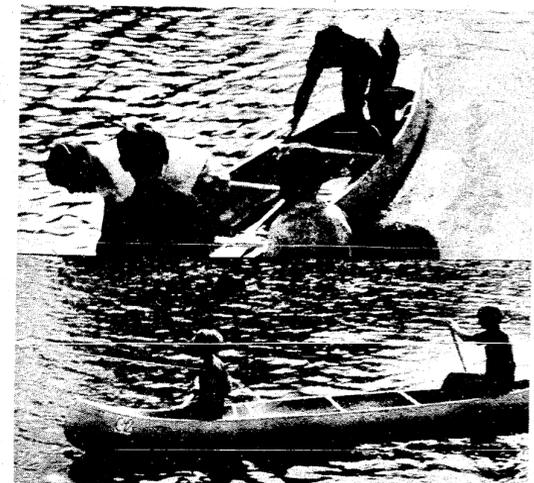

The Manchester School District will request an increase in operational millage on June 10, 1974. The exact amount has not yet been determined, but it is felt that the total overall increase will approximate 1.8 mills. At the present time the extra voted operational millage is 11.5 mills. With the county allocated millage at 11.22 mills this is a total of 22.72 mills. In order to qualify for full state aid under the present formula the school district should levy 25 mills for operational purposes.

The present extra voted millage of 11.5 mills has not been increased in three years. With operational costs rising sharply, it is necessary to increase the millage request to maintain existing programs. Examples of increased costs are as follows:
Gasoline-1972-73-14.7¢ gal., 1973-74-32.4¢ gal.
Fuel Oil-1972-73-12.83¢ gal., 1973-74-33.5¢ gal.
Ditto & mimeo paper-1972-73-78¢ ream-1973-74-\$1.55 ream.

The extra cost to the district for just the three items indicated above approximated \$7,000.00. Add to this the increasing costs for textbooks, school supplies, utilities, maintenance and salaries and it is easy to see that extra money is necessary for the operation of the school system.

The Board of Education will determine the exact amount needed at its next meeting.

PURPOSE AND SCOPE OF BETASIGMA PHI

This article is of a series depicting various aspects of the sorority for this Beta Sigma Phi Week.

Since its founding in 1931, Beta Sigma Phi has grown to be an international organization. It was created for young women in search of culture and social activity, and it gives its members an intimate touch with many lives and many minds. Beta Sigma Phi serves as a precious guard against narrowed friendships. It is an enriching and intensifying inspirational experience in the appreciation and enjoyment of the liberal arts.

From seven members in Abilene, Kansas, Beta Sigma Phi has grown to 250,000 active members in over 10,000 chapters throughout the United States, Canada and 21 other countries and territories around the world.

The members of Beta Sigma Phi experience ever-increasing cultural and social opportunity. Though Beta Sigma Phi is not a service organization, its members also experience the joy of helping others. The record of their generosity is nearly unbelievable.

From association with the members of Beta Sigma Phi, one can expect to enrich life culturally and socially. You have found your place among the friendliest, loveliest-minded, the most socially respected young women in the world—the members of Beta Sigma Phi.

Beta Sigma Phi is sponsored by Walter W. Ress and Co. Inc., which acts as its business representative and guarantees its international obligations. Walter W. Ress and Co. Inc., directs the founding of the chapters.

Membership in Beta Sigma Phi is composed of young women accepted by the chapter and the International Office, who by reason of their cultural interests and ideals of living can enjoy the advantages offered them by Beta Sigma Phi.

Members, both Active and Honorary are admitted into Beta Sigma Phi membership by invitation and initiation by official Ritual.

LAMBDA NU

The International Office of Beta Sigma Phi, located in Kansas City, Missouri, has sent word that the new chapter formed in Manchester has been named Lambda Nu. The official charter night of Lambda Nu was Tuesday evening, April 30, at the home of Mrs. Arlene Mains. Pledge Ritual was read by President; Mrs. Judy Mann, Mrs. Lois Vitale, Mrs. Kathryn Groves, Miss Mary Francis Fielder, Mrs. Nancy Wolf, Mrs. Victoria Curley, Mrs. Polly Rushing, Mrs. Sharon Jarve, and Mrs. Sharon Stetter were received into membership through the Ritual. A Transferee Ritual was read for Mrs. Sue Lavender, a transferee from an Ann Arbor chapter. now living

in Manchester. We welcome all these women into Lambda Nu chapter of Beta Sigma Phi.

Plans are underway for a very busy and prosperous year.

JAN RUHL-GIRL OF THE YEAR

At the Founder's Day celebration on April 24 at St. Elizabeth's Parish in Tecumseh, Mrs. Jan Ruhl was selected from the Iota Epsilon chapter of Beta Sigma Phi as the 1973-74 Chapter Girl of the Year. Her participation and accomplishments in sorority throughout the year made her a truly deserving candidate for Girl of the Year. We of Iota Epsilon are very proud of our 1973-74 Girl of the Year.

Saturday, April 27th, was Lend-A-Hand Day in Manchester. On that day, adults and youth joined together to help many of our Manchester senior citizens with various spring chores. Windows were washed, yards raked, storm windows removed, trash was taken to the dump, and other work was done as people worked together to give others a hand. Lend-A-Hand Day was sponsored by the Manchester Senior Council, a group of concerned citizens who have been meeting regularly in an effort to determine

the needs of senior citizens in the Manchester area.

Workers for Lend-A-Hand Day were provided by the Boy Scouts, the Jay Teens, and the Emanuel Church Youth Fellowships, with the Jaycees providing some adult help and drivers for the trash pick ups. Betty Nelson and Dolores Bunney provided window washing help and supervision.

The Manchester Senior Council thanks all of those who took the time to lend a hand in service to others.

Other Manchester point winners against Morenci were: High Jump: John Savage and Bruce Cray tied for 8rd.

Pole Vault: 2nd Tom Fitzgerald, 3rd Mike Forner.

Manchester gained 6 of its 16 points on Scott Gormley's 1st place in the pole vault. Scott soared 11-6 for his first, and probably would have gone higher had not the officials stopped him because the meet was running late.

Manchester gained a 3rd place in the high jump as John Savage leaped 5' 10" good for 3 team points.

Three 5th places--finished the scoring for the Dutchmen as Phil Krzyzaniak ran 2:11.8 for his 5th place finish. Dan Clark heaved the shot put 39-4 1/2 for his 5th place and the mile relay of Dave Guenther, Krzyzaniak, Kurt Kensler, Bruce Cray was timed in 3:47.4 for their 5th place point.

TO ALL GAS CUSTOMERS OF CONSUMERS POWER COMPANY

NOTICE OF PARTIAL REHEARING AND ADDITIONAL PROCEEDINGS REGARDING ASSIGNMENT OF COSTS OF GAS SERVICE AMONG VARIOUS CLASSES OF SERVICE, RATE DESIGN AND COST OF GAS ADJUSTMENT CLAUSE

On January 18, 1974, the Michigan Public Service Commission issued a final order in the matter of the application of Consumers Power Company for authority to increase its rates for the sale of gas (Case No. U-4331) which granted rate relief to Applicant. On March 27, 1974 following applications for rehearing, the Commission on its own motion issued an order granting a partial rehearing of the final order and requiring additional proceedings in Case No. U-4331.

By the terms of the Commission's order of March 27, 1974, the scope of the rehearing in Case No. U-4331 is limited to consideration of the following issues:

1. The most equitable distribution of Consumers Power Company's gas costs among its various classes of service in view of the costs of incremental gas supplies, including all costs of gas produced at the Marysville gas reforming plant, the benefits derived therefrom, the limited availability of this resource, the availability of and price of alternative fuels and the feasibility of conversion thereto.
 2. A determination as to the manner in which Consumers Power Company's cost of gas adjustment clause should operate to pass through changes in the calculated cost of gas to the various classes of its customers as a result of any changes in the design of its rates.
- COPIES OF THE ORDER DATED MARCH 27, 1974 ARE AVAILABLE FROM THE COMMISSION SECRETARY UPON REQUEST.

NOTICE IS HEREBY GIVEN THAT:
A. A prehearing conference will be held at 9:30 a.m. on Friday, May 17, 1974, in the offices of the Commission, Law Building, Lansing, Michigan 48913, for the following purposes:

1. Specifying a schedule for the partial rehearing and additional proceedings in Case No. U-4331 so that the record may be closed no later than September 1, 1974.
 2. Determining the parties to the proceeding, the nature of their appearance, and the positions they are taking in the proceedings.
 3. Obtaining admissions as to, and stipulations of, the facts not remaining in dispute, the authenticity of documents, and matters of public record.
 4. Determining the number and identity of witnesses.
 5. Establishing procedures for the partial rehearing and additional proceedings.
 6. Expediting any other matters that may aid in the orderly conduct and disposition of the partial rehearing and additional proceedings.
- B. Any person interested in the partial rehearing and additional proceedings but not desiring to formally intervene, may attend and participate by making a

position statement pursuant to the provisions of Rule 16 of the Commission's Rules of Practice and Procedure. Persons seeking to formally intervene as a party to these proceedings shall do so by filing with the Commission on or before May 17, 1974 an original and eleven (11) copies of the petition to intervene, together with proof of service upon Consumers Power Company and other parties of record in this proceeding. A service list is available from the Commission Secretary. Persons who have previously participated in Case No. U-4331 either under Rule 11 or Rule 16 of the Commission's Rules of Practice and Procedure will be continued in their prior status without the necessity of further filing of appearances.

C. Consumers Power Company shall file by June 3, 1974 its direct testimony and exhibits as directed by the order of March 27, 1974, and shall provide copies to all parties of record. The Staff and other parties shall file by June 21, 1974 their testimony and exhibits and shall provide copies to all parties of record.

D. Any and all parties may propose and support with competent evidence just and reasonable alternatives regarding rate design, or other evidence within the limited scope of these proceedings.

E. Public hearings shall be held in accordance with the schedule to be determined at the prehearing conference, by the presiding hearings examiner, until the matters which are the subject of these proceedings have been fully heard.

THE COMPANY'S GAS RATE STRUCTURE SHALL BE FULLY EXAMINED. FOLLOWING THE CLOSING OF THE RECORD, THE MICHIGAN PUBLIC SERVICE COMMISSION MAY ADJUST UPWARDS OR DOWNWARDS THE PRICE OF GAS CHARGED TO THE VARIOUS RATE CLASSES OF CONSUMERS POWER COMPANY'S CUSTOMERS FOR GAS SERVICE AND MAY ADJUST THE COMPANY'S COST OF GAS ADJUSTMENT CLAUSE AS NECESSARY TO RECOGNIZE ANY CHANGES IN THE COST OF GAS TO VARIOUS RATE CLASSES.

Jurisdiction of the Commission in this matter is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq; Section 4 of 1919 PA 419, as amended, MCLA 460.54 et seq; Sections 4 and 6 of 1939 PA 3, as amended, MCLA 460.4, 460.6; 1969 PA 306, as amended; MCLA 24.201 et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54. Scouts Paper Drive Saturday

Saturday, May 4th will be the annual paper drive. The main loading truck will be located next to the water tower on Ann Arbor hill. Anyone bringing in their papers can drop them off at that location. Arrangements are being made to canvas the entire Village. Due to the lack of pickup trucks last week the paper drive had to be postponed. If anyone has a pickup truck we can use please call Alfred Sannes Phone-428-7672 or Jim McEwan Phone-428-8600. Monies from the paper drive are to be used by the Scouts who participate for summer camp and also for equipment for both troops.

Community Chest

The Manchester Community Chest Board met at the home of Mrs. Edward Steele on April 29. President Robert Ross welcomed new board member Ruth Blanchard. Mr. Ross and Mrs. Reek will attend the United Way of Michigan Budget Conference at Kellogg Center on April 30 and May 1. Committee Chairmen for 1974 were appointed. A discussion was held on up-dating the Constitution and By-Laws. The next meeting date will be announced later.

The sales manager was delivering a terrific dressing down to one of his salesmen. He became so abusive in his anger that the culprit protested, saying, "Don't talk to me that way. I take orders from no one." "That's what I'm raising hell about," snapped the manager.

BIRTHS

Mr. and Mrs. Paul Schwab are proud to announce the birth on April 27 of Kristen Suzanne Kehoe at Rochester, Michigan. Kristen is the daughter of the former Thelma Strahle and Dan Kehoe, son of the Schwabs. Kristen weighed in at 5 pounds, 14 ounces and both baby and mother are in excellent condition.

On a recent tour through the U.S. Capitol building, I got a glimpse of a room that looked like a little chapel. Is it possible?

—D. A. Soginew

Since 1955 there has been a small Prayer Room in the Capitol near the Rotunda. It is a quiet, private place to which individual Senators and Representatives may withdraw for prayer and meditation. It is not used for church services.

Great care has been taken to be sure the furnishings and symbols do not offend the members of any faith. At the same time, the decoration of the room does convey a basic unity of belief in God and his Providence that has characterized our history. The single stained glass window features our first President, George Washington.

Years ago I bought several U.S. Savings Bonds. Now, I'd like to cash them in and take a trip. But the trouble is, I can't find them. Can you help me?

—G. W., Detroit

Yes, but you may have to postpone your trip. Upon presentation of proper documentation, the Bureau of Public Debt will replace lost, stolen or destroyed U.S. Savings Bonds. If you had the foresight to keep a separate record of the serial numbers, go to any bank and get an "Application for Release on Account of Loss, Theft, or Destruction of Savings Bonds" (Form PD 1048). Follow the directions provided.

But if you have no record of the numbers, then write a letter to: Bureau of the Public Debt, Department of the Treasury, 536 S. Clark Street, Chicago, Illinois 60605. Explain your situation, provide your name as it appeared on each bond, your address as it appeared on each bond, the denominations, and as nearly as you can recall, dates when the bonds were purchased.

The Bureau will research and seek to determine the serial numbers. In about 4 or 5 weeks you should receive an application form to fill out and return. Ordinarily it will take the Bureau about three months after receiving the application to complete the necessary investigation and processing before issuing a replacement bond. By then you may even have thought of a safer bet than Las Vegas for spending your money!

WORKING TOGETHER. WE CAN DO A SUPER-JOB

ASK THE CHIROPRACTOR

Should A Doctor Make House Calls?

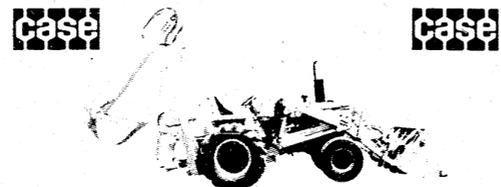

Q. More than twenty years ago my husband died, leaving me very comfortably fixed. Since that time I don't like to go out. I have one or two lady friends, and they say I am a nut. . . that I am a recluse, but it is my life, and I want to live it the way I want to. My groceries are delivered, a girl from the beauty shop comes in once a week, and with practically no exceptions, I never go out except to church on Sunday.

A. Most chiropractors I know will make a house call if absolutely necessary, but the most intelligent policy is to go to him before it is absolutely necessary he come to you.

Modern chiropractic care demands the doctor's highest skill and requires the latest equipment and scientific procedures. It is nearly always better for you to go to the doctor's office rather than insisting he come to your home. It is in the doctor's office that he has the equipment and assistance he needs for you. So why put your back on the spot by hampering the doctor's best efforts. Call him up and make an appointment.

Agriculture

In 301 A.D., Rome was confronted with the problem of high prices, so an edict fixing prices and wages was issued to "correct" the condition. The penalty of death was prescribed for anyone who disposed of his wares at a higher figure than the maximum fixed prices.

The failure of this law is recorded in history: "There was much blood shed upon very slight and trifling accounts; and the people brought provisions no more to markets, since they could not get a reasonable price for them. At last—after many had died by it—the law itself was laid aside."

We do not always learn by past mistakes, however, and history goes on recording, throughout the centuries, failure after failure of governments' bungling price-fixing legislation and the far-reaching, long-range effects it had upon the economies of various countries.

The dismal failure of the United States' most recent efforts to control prices has not kept some consumer groups from undertaking such projects as "Operation Food Price Rollback," Angry, picketing women, making up in aggressive actions what they lack in numbers, vent their frustrations mainly on urban supermarkets. In Houston, Texas, for example, a group stormed into a supermarket and, as if it were their own personal property, marked "25 percent off" on as many items as they could.

The 25 percent rollback on food prices is number one on their list of "demands." A glaring inconsistency in the campaign is another demand that food chain work-

ers be paid the highest union wage—one of the major factors in the cost of food.

The law of supply and demand cannot be repealed; when supply is down and demand is up, prices are higher. When supply exceeds demand, prices go down. It's that simple. We learned (or should have) last year that food price controls are counter-productive—instead of more food, we get less food produced and higher prices.

If the food industry met the demands of the consumer group for a 25 percent rollback on food prices, plus the highest union wages to labor, the women would get more than they bargained for—empty supermarket shelves. . . . and the people brought provisions no more to markets. . . ."

418 criminal arrests.

Motorists concerned about having their vehicles ready for inspection are reminded that the inspection items include tires, brakes, lights, steering, turn signals, horn, exhaust system, windshield wipers and washers, glass areas, driver and car credentials.

State Police teams are now completing their annual inspection of school buses in the state and will be moving from that work into the check lane program within two weeks.

MICHIGAN STATE POLICE

Motorists in Michigan are advised that motor vehicle inspection teams from the State Police and about 40 other agencies are preparing to start their 1974 random check lane programs.

Last year there were 302,857 motor vehicles checked in the state by 12 teams from the State Police and by officers from 43 other participating law enforcement agencies.

Passenger vehicles checked last year had an initial passing rate of 41 per cent, up slightly from the year before.

Inspecting officers issued a total of 61,807 traffic citations, which included 16,124 for operator license deficiencies. Another 832 were for driving on revoked or suspended licenses. Troopers made

"Doughnut" Treasures

These are not really doughnuts at all but they taste much like them — and they're treasures indeed! Best of all, even a non-pastry cook can whip them up. Spread slices of white bread with preserves, as though you were making sandwiches. Slice these in fourths, dip into a pancake mix batter, and then fry till golden brown. Like doughnuts, they're delicious, they're delightful. And just great for late summer, fall (or any time) get-togethers!

"DOUGHNUT" TREASURES

Makes 16 doughnuts
 8 slices thin-sliced white bread
 1/4 cup preserves or marmalade
 3/4 cup pancake mix
 1/2 cup milk
 1 egg

Trim crusts from bread. Spread each of 4 slices with 1 table-spoon jam; top with remaining 4 slices. Cut each sandwich into quarters.

Combine pancake mix, milk and egg in bowl. Stir lightly until batter is fairly smooth. Dip sandwich quarters in batter; drain. Fry in hot deep fat (375° F.) about 2 minutes or until golden brown. Drain on absorbent paper. Sprinkle with confectioners sugar before serving.

TIPS FOR PAINTERS

Top quality paint jobs start with quality paint brushes. To get the finest performance from pure bristle brushes, pre-conditioning is of prime importance. Here's how it's done:

1. Remove as many loose bristles from the brush as possible without damaging it. A good technique is to roll the bristle end of the brush gently between your palms.
2. Rewrap the bristles to protect their shape. The wrapped brush should be suspended in

linseed oil for a minimum of 24 hours before using — longer if possible. This prevents the bristles from absorbing paint pigment, and makes them flexible.

3. Before using the brush, carefully remove the oil by working it out over the lip of the can. Then roll the brush handle between your palms, taking care to avoid spattering the oil on your clothes or walls.

4. To insure all oil is removed, wash the brush in thinner or turpentine. Work out most of the thinner. Before painting, allow the brush to dry thoroughly.

5. When you start painting, dip the brush in the paint and stroke it several times over a rough surface, such as raw wood. This distributes paint throughout the brush and removes any remaining loose bristles.

Overall Millage Increase .78 Asked

The Manchester Board of Education meeting in special session Monday, May 6, 1974, set the 1974-75 extra voted operational millage at 12.78 mills. This is a renewal of the existing 11.5 mills plus an increase of 1.28 mills in the operational levy. However, with the debt retirement levies being reduced by one-half mill the overall millage increase is only .78 mills. This amounts to 78¢ per thousand dollars of assessed valuation. The Board is levying the millage necessary to fund the projected 1974-75 school budget which is up approximately \$150,000 over last year. The increased budget provides a cost of living increase for school employees, three additional teachers to accommodate the growing enrollment, the increased costs of plant operation, materials and supplies. This is the first requested increase in the operational millage in three years. The School District has been able to hold the extra voted operational millage at 11.5 mills because of a rising tax base in the school district. But because the increase this year was significant enough to reduce sharply the amount of State Aid due the district, the Board was compelled to ask for the increase.

Last year the school district received \$440,348.00 in state aid monies. This year with the increased state equalized valuation the school district will receive approximately \$355,180.00 in state aid. This is a reduction of approximately \$85,000 in state aid funds which must be offset by the local district.

March of Dimes Annual Walkathon

An hour-long rain shower failed to dampen the spirits of the 800 participants in the second annual Washtenaw County March of Dimes Walkathon on Sunday. According to Mrs. Edward Salowitz, chairman of the event, almost 95 percent of the walkers finished the 16-mile course and that sponsors of the individual walkers had pledged nearly \$24,000.

Walkers will begin contacting their sponsors for the pledged contributions. To be eligible for the prize drawings on May 17th, each walker should turn in his pledges by May 15th. A prize will be awarded to the walker turning in the most money and another awarded to the walker having the largest number of sponsors. Many other prizes, all donated by local merchants and businessmen, will be awarded on a name-draw basis.

All proceeds from the Walkathon go to help the March of Dimes continue its fight to prevent birth defects through research and education.

Inquiries regarding items lost during the Walkathon may be made by phoning 761-6331.

Rev. Ralph Kuether To Be Guest Speaker

Rev. Ralph Kuether, pastor of Emanuel United Church of Christ from 1959 - 1971, will be the guest speaker this Sunday at the 10:30 a.m. worship hour. Following the service there will be a coffee hour in the fellowship hall in honor of Rev. Kuether and his wife Christine.

During his pastorate at Emanuel Church a number of significant contributions were made by the Kuethers. Perhaps one of the most significant was the construction of the educational building and the remodeling of the church chancel and nave.

While they are in the area, the Kuethers will visit with their son and daughter-in-law, Rev. and Mrs. Gustav Kuether who are presently home on furlough from their missionary work in Honduras and who are living in Tecumseh. Emanuel Church welcomes Rev. and Mrs. Ralph Kuether this Sunday and invites the community to attend our 10:30 worship hour and/or the coffee hour following the service.

Engagement Announced

The engagement of Mary Ann McCalla to C. Joseph Detrling is announced by her parents, Mr. and Mrs. Lester McCalla, of Manchester. The bride-elect is a senior at Manchester High School and attends Washtenaw Community College. Her fiancé is the son of Mr. and Mrs. Charles Detrling of Ann Arbor. He is a 1973 graduate of Manchester High School and is currently employed at A G L Parts, Inc. in Ann Arbor. A 1975 Spring wedding is being planned.

Thinclads Lose Pair

A frustrated Manchester High Track Coach Larry Steeb stated, "If someone told me before the season began that we would lose to both Sand Creek and Clinton this season I would have said, 'No Way', but we did and until we have the whole team together again we'll probably lose a few more."

Last week an undermanned Dutchmen track squad lost a pair of L. C. A. A. League meets by 72 1/2-48 1/2 and 76 1/2-46 1/2 margins to Sand Creek and Clinton. Although team depth was lacking fine performances by the Dutchmen was not. In Tuesday's meet against Sand Creek, Bruce Cray scored 11 3/4 points on two firsts, 120 yd. High Hurdles (18, 1), and Long Jump (18'4") and a tie for third in the high jump and a strong anchor leg on the winning mile relay squad of Dave Guenther, Phil Krzyzaniak, John Roberts and Bruce Cray.

Other Manchester point scores against Sand Creek are Bill Mann: 1st shot put (39'2"), Dave Guenther: 3rd long jump (18-2), 3rd 100 yd. dash (11.2), John Savage: 1st high jump (5'6"), Mike Fomer: 2nd pole vault (8'6"), Phil Krzyzaniak: 2nd 880 (2:12.1) and 3rd 440 (58.4), Tom Guenther: 1st mile (4:55.6), John Roberts: 3rd mile (5:09.1), Kurt Kenler: 1st 440 (56.0), Dean Decker: 2nd 440 (57.2), Tom Opal: 3rd 2 mile (11:37.6), Brad Frey: 3rd 220 Yd. dash (26.2).

Against Clinton on Thursday the Dutchmen performed much better as Tom Opal set a sophomore class record in winning the 2 mile at 11:03.7, Tom Guenther set a senior class mile record at 4:52.5 in a winning performance with classmate 4:59.8 right behind in second place.

Bruce Cray continued his fine performance with a 1st in the high jump (5'6"), a second in the 440 (55.6) and thirds in the long jump and the high hurdles to account for 10 points.

Scott Gormley accounted for 11 points on two 1st places (11'6" pole vault and 18'1" long jump) and a 3rd in the low hurdles (24, 1).

Other Manchester point scores against Clinton are Dan Clark: 2nd shot put, Bill Mann: 3rd shot put, Pete Tassie: 3rd place high jump, Phil Krzyzaniak: 2nd 880, Randy Bennett: 3rd 100 yd. dash, Brad Frey: 3rd 220.

To Attend Young People's Conference

On Tuesday, May 14, four Manchester Middle School students, Denise Fomer, Debbie Bauer, Terry Rowe and Nancy Yungkers will attend the Washtenaw Youth Services Bureau first annual Young People's Conference that will involve approximately 100 youth from throughout the county in order to discuss, evaluate, and make recommendations on short and long range services to youth.

The day's activities have been organized into a workshop format in which 10-15 young people will work together with two specially selected facilitators on one of eight designated topics: transportation, health care, recreation, employment and work training, mental health, law, education, "miscellaneous".

By the end of the day it is expected that statements and recommendations from each group will have been formulated so that they may formally present the findings to the County Board of Commissioners.
