Voters Say "No" To More Than Millage

The amount of operational millage | ademic program with its time cuts, turned down by district voters plus the loss of state aid represents approximately 55% of the school's total operational monies. With the loss of these funds it is impossible for the school district to offer the kind of educational program the district has had in past years. The Board of Education has no alternative but to hold another millage election. The County Special Election Committee has approved an election for

Monday, July 29, 1974. Without the extra voted millage the chool district would have to cut the existing program in less than half. Whether this would mean half days for all students, or school for one half year emains to be seen. The Board of Edcation would make this determination after studying the alternatives open to em. Whatever is done the State Departent of Education's requirement of 180 ays of school and 900 hours of instrucwould have to be considered. If requirements aren't met then the strict would suffer an additional loss the remaining state aid entitled it der the set millage of the county. in addition to the change in the ac-

other losses would be felt. All special classes and services such as remedial reading, hearing, guidance, library, music and art would be lost to the system. Also, the sports program would be eliminated as would all other extra curricular activities.

The Board of Education has no alternative to the losses stated above unless the operational millage is restored at the July 29 election.

Fair Parade Theme delivered from the County Library. This TV Commercials

The Manchester Fair Board met Tuesday for their monthly meeting. The board has decided to contract with a balloonist to come to the Fair on August 23. Tickets will be sold for two passengers on a two hour balloon ride. The balloon is a hot air balloon, nine stories high with wicker basket. The pilot is a certified and licensed commercial pilot. "Would you like to ride in my beautiful balloon?

The theme of this year's parade at the Fair is "TV Commercials." The Parade Marshalls are Mr. Herman Kuebler, Mrs. Mary Wallace and Mr. and Mrs. John Fuller. The Parade Marshalls were chosen by the Senior Citizens.

The Secretary of the Board resigned her post due to her husband's job transfer. Mrs. Deloris Richardson has consented to take the job as secretary.

The Manchester Fair begins August 20 and runs to the 24th.

FAA Promotes Donald Davidson

The Federal Aviation Administration announced today the promotion of Donald C. Davidson to Executive Officer, third highest position in the FAA Pacific-Asia Region with headquarters in Hono-

lulu, Hawaii. Davidson is the son of Mr. and Mrs. Charles V. Davidson of 13328 Logan

Road, Manchester, Michigan, The FAA's Pacific-Asia Region is geographically the largest of eleven FAA domestic regions. Its regional boundaries encompass most of the Pacific and Asia countries and extend west from Hawaii to Bangledash, Southeast Asia, The FAA's primary responsibility is aviation safety. It operates air traffic control facilities and maintains air navigational aids, as

well as certificating pilots and aircraft. Davidson, in his new position, will be responsible for the region's administrative support function and air transporta-

tion security programs. A native of Detroit, Michigan, Davidson graduated with honors from Michigan State University where he earned a

Bachelors degree in Political Science.

RUMORS VS FACTS

It's time to investigate some rumors about Manchester's school system. It's also time to face the fact that we may have some troubles.

Rumor has it that our school board is not doing a good job. The fact is that these men are very concerned with doing the best job possible to insure appropriate educational facilities and programs for all our students.

Rumor says the schools are lax in

discipline. Fact is the board is working on tighter policies at this time and hope parents will support these stricter pol-

Rumor has it that school board meetings are cloistered affairs. Fact is the meetings are open to the public, They are held the second Monday of each month at 8:00 p.m. Executive sessions, which are closed to the public, may be held for only two reasons: for discussion of salaries or personnel. However no final decisions can be made until the meeting is re-opened to the public, either that night or at a future meeting.

By Marie Prevost

We feel that the defeat of the millage in last week's election was tragic and unjustified. Compared to other school districts, Manchester operates on a low income per pupil, and yet provides an adequate educational program and functional facilities, staffed with competent, conscientious teachers. In an age when prices climb steadily

each year, we have not been asked to vote on an increased operational millage in four years. Now we are asked to approve an operational millage of 12.78, which, when considering the reduction in debt millage, represents a mere .55 mill overall increase or 55¢ per thousand dollars of assessed valuation.

Did those who voted no and those who did not bother to vote at all consider the real issue here? That is, providing funds for the operation of the Manchester Schools at a level equivalent to school year 73-74 in an atmosphere of inflation which affects wages, supplies, and equipment; and with the reality of decreased

uncertainties that go with it, "no" voters and "not-at-all" voters should realize that over thirty teachers do not have contracts for 74-75 and the school is unable to use this time to adequately prepare for the coming school year.

We hope that voters enter the voting booth at their next opportunity, July 29, and consider the priorities and the educational needs of the children and youth of the Manchester School District.

Scully reported that the meeting May 28 with SEMCOG had been an attempt to distribute the monies available in an equitable manner, Requests had far exceeded the grant funds available. Another meeting is scheduled for June 6 to continue the process. He asked for further representation from the council, as he felt the support shown would help.

Mr. Steele brought samples of the 1990 General Development Plan which has been printed and will be inserted in the Manchester Enterprise for distribution to the area people.

The budget hearing began at 8:00 pm. It was moved by Fitzgerald,

supported by Curley that the budget for the fiscal year ending February 28, 1975 be adopted as presented and published in the Manchester Enterprise. All yeas, carried,

A meeting is scheduled for June 13 to adopt a building code ordinance which will be enforced by three inspectors, who will also have the same jurisdiction in Bridgewater, Freedom, Manchester and Sharon townships. The four townships will adopt identical ordinances on the same date. Curley reported that about half of the posts have been painted at Carr Park. The Village has a generator available to the Jaycees for painting the remainder. The tables and barrels are yet to be painted.

Father Raymond Schlinkert performed the nuptial mass uniting Debra Diane Galinis and Dennis D. Herrst, The Saturday afternoon ceremony was held in St.

Mary's Catholic Church. For her wedding the bride chose princess style gown of double organza fashioned with a high sheer yoke, long fitted sleeves and attached chapel train. Swiss Guipure lace trimmed the bodice, skirt and veil. She carried a Colonial bouquet of roses and carnations encircled by lilies of the valley and baby's breath, foliage and net with rosebud trimmed

Miss Denise Galinis and Mr. Paul Herrst served as honor attendants. Bridesmaids included Mrs. Lorraine Herrst and Mrs. Alice Zahn. Flower girls were the Misses Doina Galinis and Janis Coval. Serving as ringbearer was Jim Coval, while Mr. Richard Herrst and Mr. Jamie Galinis seated the guests.

The brides attendants were attired in aqua gowns of dotted voile enhanced by a criss-cross V neckline with ruffled banded bodice falling to a sash tie i back. Bolero jackets completed their ensembles and they carried aqua daisies and baby's breath trimmed with ribbons. A reception followed at Carpenter Hall

The bride is the daughter of Mr. and Mrs. Eugene C. Galinis and the groom is the son of Mrs. Arthur Herrst.

Did you hear the story about the man who brought items for \$5.00 and sold them for \$3.00? When his friends asked him how he could make any money that way, he told them he relied on high volume...

Cattlemen and pork producers have empathy for that fellow. They're much in the same situation--and it's no joke. Cattle feeders are accustomed to swings in prices and profits, but seldom have they been subjected to such dramatic price drops or serious depression as now. Many have lost a lot of money; some have gone out of business. Pork producers share the depression as the cost of raising each litter of pigs has increased as feed prices and other costs

orices should mean lower store prices, the long run may instead discover that losses to cattlemen and hog producers could result in lower output and ventually higher prices.

The ideal situation would be a better price incentive for livestock farmers to continue producing meat and a moderate price to consumers so they will increase their meat consumption. The two goals are not incompatible, but reaching them s complicated by the long "food from farm to you" route.

Somewhere between the farm and the able, food prices go up faster than they go down--almost like defying gravity! If the industry is to survive--producers, processors, packers, wholesalers and project advisor to Hartman,

With modern technology, expertise and dertermination, the industry will meet those challenges. More difficult to cope with are the roadblocks thrown by government price manipulations and consumer boycotts that distort the marketplace signals which guide the movement of cattle and hogs through to channels of breeding, production, feeding and marketing.

while the industry tackles its chalenges, what can consumers do? Consumers represent 95 percent of the copulation. That percentage controls the longress that writes the laws, assesses taxes, spends money and causes inflation which, in turn, causes high prices to producers, processors, retailers, consummers --- everyone. Their message to their Congressmen, loud and clear, to curb inflation, will be a big step toward realization of the goals of fair profits for farmer and moderate prices to con-

Summer Program Starts June 24

The dates of the Manchester summer recreation program have been established. The program will begin on Monday, June 24, with activities at both the junior playground and senior playground and end Friday, August 2. This years program will include such activities as roller skating, basketball, tennis, volleyball, softball, and field trips.

Junior playground will be held at the Nellie Ackerson school again this year and will be open to those children who will be five by December 1, 1974 and up to those who have finished the fourth grade. This year all those children who have finished fourth grade have a choice of either attending junior playground or senior playground. The decision is up to them. The hours for junior playground will be from 9:30 A.M. to 12:00 Noon Monday thru Friday except on those days selected for field trips. The junior playground will be under the supervision of Mrs. Kristen Schick. All children participating in the program should assemble on the small playground adjacent to the Nellie Ackerson building and be picked up promptly at 12:00 P.M. if this be the case. If you have any questions concerning junior playground, please contact Mrs. Schick

All youngsters who have finished the fourth grade and who will not be sixteen years old before August 1, 1974 are welcome to attend senior playground. Senior playeround will run from 9:00 A.M. to 12:00 P.M. Monday thru Friday. This year senior playground activities will be held in the high school gymnasium where a variety of activities will be available to the youngsters. All youngsters who will be participating in senior

122 West Main

playground activities are asked to park their bikes behind the high school and to use the northeast door which is right off the parking lot. Senior playground will be under the supervision of Mr. Brian Schick.

In order to get even more youngsters involved in the recreation program we have decided to hold our roller skating activity again this year. Roller skating will be offered twice a week this summer. Arrangements have been made with the Skateadium in Adrian to rent their facilities on Tuesday and Thursday afternoons from 1:00 P.M. to 2:30 P.M. The total cost for each youngster will be \$1.00 (50¢ admission and 50¢ skate rental). This price would be paid each time a youngster decided to go. Roller skating will begin on Tuesday, June 25. All participants in this program will be required to bring a permission slip signed by his parents. Participation is limited to those youngsters who are entering the fourth grade and up to those who will not be sixteen years old before August 1, 1974. This year the bus will be leaving from the athletic field at 12:30 P.M. and returning at about 3:00 P.M.

Due to the poor turnout for swimming at Wamplers Lake for the past two years and due to the energy crisis the recreation department has decided to drop the swimming program from its list of activities. We feel that this is a necessary move under the present circumstances.

If there are any questions concerning the summer recreation program, please contact Mr. Brian Schick at 1-423-3588.

Millage Vote To Be Monday July 29 ornamentation and handmade dolls. In the sewing division, classes have been broken down to more specific articles

The Manchester Board of Education meeting in special session Monday evening set the operational millage request for the July 29th millage election at we have added classes for the dyeing, 12.78 mills. This is the exact amount batick, several jewelery classes, expanded that appeared on the June 10 ballot and was turned down by district voters. The Board was unanimous in their decision to request the same millage inasmuch as this is the amount needed to fund the 1974-75 program.

If the millage requested is not available to the school district severe reductions in the teaching staff and programs would have to be made. It is unlikely that the school could provide even a half year of schooling to its students. The extra voted miliage and the state aid it helps provide represents approximately 55% of the districts operational fund.

Any reduction in the millage request would be reflected in the educational program.
