WASHTENAW COUNTY HISTORICAL ATLAS

A new hard bound reproduction of the 100 year old Washtenaw County Illustrated Atlas by Everts & Stewart plus the 1915 Atlas, is a project of the Ypsilanti Historical Society. It is a project of interest to the entire Washtenaw County with the idea of preserving these fast disappearing books rather than any great profit.

Now and then a person will say: "I have the 1874 Atlas but some of the pages are missing and several pictures have been cut out". The yellowed pages of the old existing books are fragile and most bindings broken.

The new book includes every page from the old printings; the engravings of the handsome farms, business places, pictures of the early settlers as well as those who came later. An interesting book to own or as a gift to relatives or friends. Added to this handsome 11" X 14" 268 page volume, are the fascinating Birds eye Views of Ann Arbor, Chelsea, Manchester, Saline and Ypsilanti.

The books sell for \$17.50 and check with order should be sent before August 30th to the Ypsilanti Historical Society, 220 N. Huron Street, Ypsilanti, 48197. After publication date, reruns will be \$20.00.

BETA SIGMA PHI

The Lambda Nu Chapter of Beta Sigma Phi held their Beginning Day on August 13th at the home of Mrs. William Martin. A salad smorgasbord was enjoyed by all members attending.

The Ritual of Jewels ceremony was given by President—Mrs. Ronald Mann to the following: (Left to right): Mrs. Polly Rushing, Mrs. Lois Vitale, Mrs. Victoria Curley, Mrs. Nancy Wolf, Mrs. Sharon Jarve, Mrs. Sharon Stetler, and Mrs. Kathryn Groves. Missing from picture: Miss Mary Frances Fielder.

The above were received into full membership through the Ritual of Jewels Degree.

A Russian and an American were discussing democracy and communism, and the American said: "In America we have such freedom, a man can go right up to the steps of the Capitol and call the President a stinker." The Russian retorted: "We have equal freedom in Russia. A man can go right up to the steps of the Kremlin and call your President a stinker, also."

A calendar of events for the coming year was planned by the Lambda Nu members, who are looking forward to a very busy and prosperous year. The next meeting will be held on September 5th at 7:30 P.M. at the home of Mrs. Thomas Lavender.

Fitzgerald discussed the possibility of enlarging the concrete area at the landfill so that the filled container could be hauled out onto a solid surface while an empty container is being connected. The advisability of concrete over asphalt was discussed. Further information will be gathered on the necessary size and materials.

An opinion was sought from Clon Crawford, Attorney at law, by the Village Attorney, Stanton Roesch regarding the use of the Haselschwerdt property on City Road as a machine shop. After discussing Mr. Crawford's letter it was moved by Mahony, supported by Scully to cancel the conditional use hearing scheduled for August 19 at 8:00 p.m. All yeas, carried. Moved by Fitzgerald, supported by Beal to schedule a hearing before the Zoning Board of Appeals on August 19 at 8:00 p.m. to consider a variance request.

of Murray Eugene Smith for the property located at approximately number 619 City Road. All yeas, carried.

Zsenyuk reported that Stanton Roesch was looking over ordinances of disorderly persons in preparation for drafting one for the Village of Manchester. Zsenyuk also reported on his meeting with Sheriff Postill regarding better coverage of the township areas. Postill indicated he would put a Sergeant over here, if we wished, but that it would be Village equipment that would be used. He also suggested that the Village change to black and white cars to be in harmony with the County, as well as changing to brown uniforms to match the Sheriff's Dept. Zsenyuk and Little indicated their dissatisfaction with those ideas to Postill. Zsenyuk felt some good had resulted however, as Chief Shaw, head of the road patrol, has contacted him indicating that one man in one car will cover the 6 townships and will be on call 24 hrs. a day.

Zsenyuk is hopeful that all technical matters have been cleared up with SEMCOG and that the Village will soon receive the communications grant.

Fitzgerald suggested that Carr Park be closed at dusk unless special permission is given. The Police Dept. will be in charge of locking it up. Council was in complete agreement.

J & M Oil Co. notified the Village in writing of its intent to install a tank on the premises of Fillyaw's Quality Service, which will replace an existing tank. Moved by Scully, supported by Walton to grant permission. All yeas, carried.

Fitzgerald listed public works activities. 1. Asphalt has been placed on Village streets. 2. The steel has been placed at the transfer site. 3. The backhoe has been repaired. 4. The plumbing has been repaired at Carr Park.

Agriculture in Action

Michigan Farm Bureau

Have you noticed the "prices" on the box of your family's favorite cereals lately? The plural use of the word is not an error, because there may be as many as three different prices on one box of cereal. The original price stamped on the box may be 50 cents, covered up with another sticker that reads 53 cents, and the sticker on top—57 cents.

It's bad enough to see the price of bran flakes increase that much while wheat has actually gone down, but to see the price go up three times—while sitting on the grocer's shelf—is ridiculous.

The marking up of foods while sitting on the grocer's shelves is not limited to bran flakes. It happens to many other items, too. Take frozen orange concentrate, for example. Whenever there's a cold snap in Florida, a new higher price goes on the frozen concentrate that's been sitting in the store for several weeks.

This sort of thing has been most frustrating to the consumer and apparently enough of them are complaining so that action is being taken. Safeway Stores, Inc., the nation's largest supermarket

chain, announced recently that it would stop marking up prices on most products already on the shelves.

"When we are forced to make a price increase, cans and packages already price marked will be sold out at the old price," said Safeway Vice President John Bell.

He said it would cover meats, groceries, produce and nonfood products, but would not apply to fair trade items and baked goods.

Safeway's announcement is a step in the right direction. The food business has come in for a lot of criticism the past few months because of increasing prices. Such criticisms have a way of going back and affecting the producing farmer in various ways. It is hoped that a lot of stores will follow Safeway's giant step to better public relations.

A friendly suggestion to your local supermarket manager might get the ball rolling in some other supermarket chains.

NO NEED TO IDLE LAND IN 1975

It should not be necessary to idle land in 1975 under the Wheat and Feed Grain Programs according to Walter Wittenbach, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee. Secretary of Agriculture Earl Butz lifted all acreage set aside provisions for 1974 programs in July 1973. At that time the grain production and demand outlook indicated a need for full production in 1974. The present grain production and demand outlook again reflects a need for continuation of a full production policy in 1975. Conserving

base requirements were dropped for 1974 and the following three crop years, 1975, 1976 and 1977.

Wittenbach stated that there are two main reasons why we should be able to continue a "hands off" policy in farmers' production plans. First, the Department plans to keep the Government out of the commodity business and leave stocks in private hands. This will result in less Government interference in the market place, lower cost to taxpayers, and greater dependence on the market—not Government—by farmers for their incomes. The other reason is the continuing high demand for U.S. agricultural products both at home and abroad.

Wittenbach said that Federal costs have been greatly reduced as a result of market oriented farm programs. The farm program share of the USDA budget dollar has dropped from 40 cents to an estimated 5 cents for the current budget. A National wheat allotment of 53.5 million acres less than the 55-million-acre allotment for 1974. This was due to an expected decline in the total wheat outlook and an expected increase in wheat yields. However, the allotted wheat acreage places no limit on production. It is used to determine wheat payments to growers if the National average price falls below the \$2.05 per bushel level.

FEDERAL HIGHWAY USE TAX IS DUE

Owners of large trucks, truck-tractors, or buses in Michigan are required to file a federal highway use tax return, Form 2290 by September 3.

"The tax generally applies to single unit trucks weighing 13,000 pounds or more, to truck-tractors weighing 5,500 pounds or more, to trucks of 9,000 or more pounds equipped for use in combinations, and to buses with a gross weight of more than 26,000 pounds," said R.L. Plate, IRS district director.

Revenue from the highway use tax program assists states in financing the Interstate Highway System, but the tax is imposed on these vehicles using any public highways, city streets, state roads and interstate roadways.

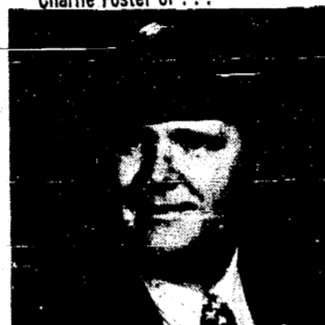

"The tax year for the highway use

tax begins July 1 and runs through the following June 30. For vehicles placed in service after July, Forms 2290 must be filed with the IRS Service Center serving the vehicle owners by the last day of the month following the month a vehicle is used on a public highway for the first time." Plate added.

Further information on the proper filing of the Federal highway use tax returns is available at IRS offices. Ask for IRS Publication 349, "Federal Highway Use Tax."

Being a "runaway" is no trip. It's a nightmare world of loneliness and fear, drugs and depression. I know because I learned the hard way that you can't "find yourself" by running away. Is anything being done for others who are still out there, confused and frightened?

—J.R., Grand Rapids

It is estimated that there are nearly a million runaways in our country today. That means a lot of confused and frightened parents as well as young people.

Under a new Federal program effective August 12, a runaway will be able to establish contact with his home by using a new toll-free hotline. A special operator will relay messages, and direct phone hook-ups can be arranged. If the runaway does not want to reveal where he or she is, strict confidentiality will be maintained. Questions will also be answered on where to go for food, a place to stay, health care or counseling.

The toll-free number is 800-621-4000. I hope many others will follow your example and get back in touch with reality. I feel certain that by writing your letter you will help some to take the first step toward home.

Peppers and Spaghetti Please Summer Appetites

Peppers perk up all kinds of food: meats, pasta, rice, chicken, fish, even other vegetables. There are limitless varieties. Mexicans use over fifty different kinds of peppers or "chilies," as they call them. Combined with tomatoes and basil the milder types season numerous Italian dishes. Full of flavor and high in Vitamin C, inexpensive in season, these versatile vegetables serve as natural containers for other foods.

Here's a summer switch, try filling the common bell or sweet pepper with pasta instead of the traditional rice mixture. We've cut down on shopping and preparation time, too, by using a boxed spaghetti dinner which contains the pasta, sauce, and tangy cheese. Offer your family this new easy version of an old standby, and know you're providing them the best in taste, and nutrition, for a low price.

SPAGHETTI STUFFED PEPPERS

- 4 to 6 green peppers
- 1 package (19 1/2 oz.) Chef Boy-a-see Spaghetti Dinner with Meat Sauce
- 1 can (12 oz.) luncheon meat, cubed

Lightly saute luncheon meat in a skillet; add onions and chopped peppers. Cook for 5 minutes. Drain spaghetti; toss with meat mixture, salt and 1/4 cup of spaghetti sauce. Fill peppers with spaghetti; arrange in skillet. Arrange remaining spaghetti around peppers. Pour remaining sauce on top of peppers and spaghetti. Top with grated cheese. Fielder-Sztaba Vows Spoken

On August 17th, Nancy Sztaba, daughter of Mr. and Mrs. Sebastian Sztaba of Lake Columbia, and Randy Fielder, son of Mr. and Mrs. Norman Fielder of Manchester, were married in an afternoon ceremony performed by Father Andrew J. Dunn, S.J. in St. Rita's Church, Clark Lake.

The bride wore an ivory organza gown, fashioned with a panel front bodice of White Brussels and Venice lace and a full skirt and bishop sleeves with a lace ruffled cuff. The Brussels lace in white and ivory illusion was held in place by the mantilla style headpiece.

The maid of honor was Carol Sztaba, the bride's sister, and the best man for the occasion was Larry Fielder, the groom's brother. The other attendants of the bride were: Midge Bartlett, Nancy Fielder, Sandi Koernke, Kasha Palkowski and Kim Sztaba. The groomsmen were: Mike Ahrens, Jim Fielder, Richard Fielder, Jerry Koernke and Gary Sztaba.

The reception, which immediately followed the ceremony, was held at St. John's in Jackson.

After a honeymoon trip to Hawaii, the couple will take up residence in Saline.

COOL FOR LESS CASH

If a house is to be air conditioned, adding insulation first usually will allow smaller air-conditioning equipment to be used. The dollar savings from smaller equipment may be more than the cost of the insulation, says the NAHB Research Foundation, a subsidiary of the National Association of Home Builders.

KRAUSS PHARMACY

A FAMILY EXPERIENCE

On Friday, August 9, around 10 a.m. the Robert Padley family left Manchester on a 62 mile trip on bicycles to Toledo, Ohio where they have relatives.

Tied on their bikes included utensils, firewood, food, clothes, drinking water, etc. Knapsacks were carried on their backs.

Twenty five miles were covered the first day. The night was spent at a farm house near Britton, Michigan. A steak dinner was cooked over firewood and a very tired family slept the night in a tent.

On Saturday morning after breakfast (which was also cooked over firewood) a long thirty seven miles was traveled. They reached their destination on Saturday night.

Bob said "this trip should be made by more, a great family experience, but be sure to have a more comfortable seat on your bicycle or someone there to bring you back home."

Kindergarten Parents

Parents of children who will be starting kindergarten this fall are reminded that it is necessary for all children entering school for the first time to have a health examination which includes a test for tuberculosis. This is required by Michigan State Law along with presentation of the child's birth certificate. It is important that parents understand that these two requirements must be met before a child may enter kindergarten. Forms for the health exam are available at the superintendent's office and at Klager and Pleasant Lake Schools.

Here & There....

By C. Chapin

Travel time! Itchy feet, and sand in our shoes and away we go. Everyone needs recreation and pleasure styles vary with the needs and desires of the folks participating.

Family traveling is chosen by Janice and Dave Little of 499 Furnace, Manchester who, with the two children drove into Canada and stopped at Niagara Falls, then on to Toronto, Montreal, and back down into Vermont, New York and home.

A small town at the bottom of one of the finger lakes, not much larger than Manchester named Skeneateles (Skinny Atlas) N.Y., contains a world famous restaurant called Krebs. Janice, having visited this place when a child has always remembered it and wished her children to have the experience of dining here. The building is white frame, simply an enlarged house and the dinner consisted of twelve courses, each brought by a different waitress, no menu is offered, the patrons simply accepting whatever the host offers for the day. Ninety years in business and the first course was Lobster Newburg, and to make the day, the price is only \$7.50 for a meal that takes two hours to eat.

Family traveling absorbs the Daniels family. Bruce, Dacia, and the three boys Greg, Mark, and Gary of 235 Adrian, Manchester. Experienced campers, the Daniels have for many years trained the boys in outdoor living, often spending week-ends sleeping in a tent and cooking meals outdoors. The gas shortage prompted a new look at the concepts of leisure time activity, so the training began for a walking vacation. For five months they walked, beginning at three miles and building up to five miles a day.

Driving south they traveled the Scioto trail, in Far Hollow, which is near Athens, Ohio. Backpacking for five days, the

supplies were divided evenly and in addition to sleeping gear, meals for the entire period had to be carried. Fifteen meals, carefully weighed and distributed as well as water, each back-pack was from 32-40 lbs, the total 31 lbs, of food of course became lighter with each meal. Tramping through unknown country, clad in heavy boots, and growing boys developed an appetite. Typical breakfast was Start-Orange Juice, Dry Oatmeal with Raisins or perhaps the powdered eggs and canned bacon. Lunch drink - Kool-aid with potted meat on Rye Crisps (dried breads and crackers weigh less and keep better than bread) or alternatively, a light lunch which can be eaten while walking, is M&M candies and peanuts (dried roasted for weight) with Kool-aid to drink. Supper time, Cuppa soup with oyster crackers (they don't crush) Hamburger helper cooked with a small can of Vienna sausages, light weight Melba toast or Rusk, dessert of dried fruit, apples, apricots or prunes, with instant coffee or Hot Chocolate to drink. The boys once or twice looked longingly at a cow in a field, wondering what cooked beef would be like. Longest single day of walking was 15 miles. Hard ground makes a good mattress after that kind of exercise.

Maxine and Lyle Widmayer, of 427 Territorial, Manchester, without the children took a few days to fly to New Orleans. Staying at the Lefebvre Hotel in the French Quarter, they explored the antique shops, took a garden and Lake tour, and of course dined at Antoine's. Sampling the restaurants, Pat O'Brien's, Alibi's place and Andrew Jackson's, where the food is superlative, the country beautiful and very romantic.

Leaving the country, Vera Schable, of 291 Ann Arbor, and Dorothy Scully of 214 Ann Arbor, flew to Copenhagen, Denmark, Helsinki, Finland and on to Leningrad, to view the Summer Palace on the Baltic Gulf. The museums in Russia were formerly churches and are simply beautiful, filled with paintings and treasures.
