

**"I need people like Cliff Taylor to help me and the congress in our fight against inflation"**  
 President Gerald R. Ford

Cliff Taylor wants to work with President Ford in fighting inflation. Because like President Ford, Cliff believes that one of the major causes of today's high taxes and high inflation has been the twenty years of unbalanced budgets and deficit spending by our Democrat-controlled Congress. Cliff believes that the essential first step in fighting inflation is to balance the federal budget. So that's what Cliff will work to do for you in Washington.

But more than that, Cliff Taylor will be casting an independent vote for you in Congress. As the Republican nominee, Cliff owes no debts to special-interest groups or political king-makers; he has proved this in several ways. First, on the day he announced his candidacy, Cliff revealed his personal income, holdings, and taxes paid; second, he received widespread support in the primary election; and third, Cliff has had a policy of not accepting more than \$2,000 in campaign contributions from any individual or interest group. He even returned \$3,000 to one group when they tried to go over that limit.

Also, during the past several months, Cliff has personally walked to over 15,000 homes throughout the district. From this, Cliff knows what's on your mind and what you want your representative in Congress to do about it.

Cliff Taylor, then, is a man who understands the major problems facing us today. He'll be able to act on them in Congress, free from the pressure of any special-interest group. And most importantly, he'll be able to represent you in Washington.

After all, isn't that what you really want in a Congressman?

Letter to the Editor

With the ever increasing price to the consumer for milk and other dairy products, it is no wonder the housewife is complaining. With the drop in price that the farmers are getting for their milk, from \$9.44 per hundred lbs. down to \$8.17 in three months, and the excess milk price dropped from \$7.73 to \$6.29 per hundred lbs. A loss of \$2.72 per hundred lbs. for base and surplus milk. The milk price to the consumer has dropped very little if at all, and butter and cheese has kept going up little by little. The bureaucrats in Washington tell us to tighten our belts, eat less, walk more, turn down the heat to save energy and food while they vote themselves a 5% increase in pay and spend some more money they haven't got.

It's a never ending cycle. Strikes by unions and the resulting raises in pay cause increases to the consumer. The Unions and Bureaucrats will be the ruin of this country.

The farmers have no choice but to take what we can get for our produce. We can't sit down and tell the cows to hold everything until we get more money for our milk so we can at least make expenses. Most all other business have to do is add higher prices on their products so they can make a profit to operate their business.

Letter to the Editor:

Dear Herbie:

Read your letter in the October 31 Enterprise. I bet Mr. Swartz will put your name on the honor roll or at least put you at the head of the class. Your feelings of gross distortion and innuendo you get from reading my letter is the fact I tell it like it is. That's hard for some of the people to get used to after Watergate and other scandals that are going on.

Now as far as the Board of Education is concerned, they have not been doing their job, or the millage wouldn't have been defeated in the first place. I haven't heard anyone shouted down at the meetings I attended either, but I didn't attend them all either. I never was so shocked in my life as I was at one of the school board meetings I attended. There were about fifty parents present. The conversation that took place at that meeting was shocking to say the least. It's too bad that the minutes of the meeting weren't published in the paper, like all minutes of the school board meetings should be.

Not just the minutes they want us to

read. I can also see some changes in the school boards response to the people, but it still leaves a lot to be desired. At the last school meeting there was an expected balance at the end of the school year of \$45,000. In a school newsletter, the proposed 1974-75 budget includes revenues of \$1,379,568, and expenses of \$1,457,231. A deficit of \$77,663.00.

#### GOSPEL QUARTET TO SING AT IRON CREEK CHURCH

and earth." Ps. 121:1, 2. You too, can call on the Lord for help in any situation and He promises to hear when we seek him with all our heart.

Gale and Ken Janofski, sons of Pastor Janofski of the Iron Creek church, are members of the Frank Gonzales Evangelistic Team, having joined for a period of 9 months. They are presently in a Crusade in Richmond, California and will be moving down the west coast to New Mexico and then on to Louisiana in December for a Christmas Crusade. The Team is composed of Rev. Frank Gonzales and his wife and 12 young people who minister in music and testimony. Also known as the God Squad with a slogan, "Win the Lost at Any Cost", this group was in a series of meetings last April at Iron Creek and plans are underway for a return meeting late this coming spring.

#### DUTCH END SEASON ON SOUR NOTE

By Tom Fitzgerald

As most of you know, the Manchester J.V.'s played their last game of the year last Thursday night against Clinton, it

turned out to be a defensive game that the Dutch lost by the heartbreaking score of 8-6.

Clinton drew first blood in the first quarter on a 30 yard pass into the end zone untouched. Their sweep on the extra point also counted - 8-0. From the end of the first quarter to the midway point in the third quarter, that's when the Dutch started to put it all together. Marching from inside their own 10 yard line the Dutch could do no wrong. With Curt Fielder hitting pass after pass, then turning to sweeps or blasts up the middle moved the Dutchmen on their touchdown bound march. Hitting Bob Kelloggs on a 30 yarder, Pete Tassie on a 35 yarder, and Mark Daniels on a 25 yarder, with Tom Ross blasting over center, the last 5 yards for the touchdown. The pass for the extra point failed, score 8-6.

The Dutch could have won the game if a Dave Slane touchdown hadn't been stopped short by about 2 inches early in the first quarter.

Clinton threatened to increase the score late in the game as they had the ball first and ten at the 15 yard line. Had Curt Fielder not socked the Redskin Quarterback 3 straight times for a total loss of 15 yards to take them out of field goal range. Also in the fourth quarter with 2 minutes to go in the game Curt Fielder throwing 3 straight incompletions hit Bob Kelloggs again for what looked like a Dutch first down that would keep their driving touchdown hopes alive. But where Kelloggs caught the ball and where the referees spotted it were just a little

different. Different enough to cast Manchester the first down and the game.

The J.V. defensive and offensive units came alive after the swift halfback Pete Tassie was sent to the hospital with bruised ribs, but luckily he's OK.

The Dutch defense was stingy on giving away points, giving up only 769 points in 8 games, averaging only 9.4 points a game. While Manchester scored 97 points total and averaging 12.1 points a game.

This year the J.V. squad was a little light as at the peak of the season there were only 20 men on the team. But these 20 men came out onto that field with enough spirit and team unity to tackle any team they played. Although the Dutch ended up with a 3-4-1 record they stayed at it and it showed as they were close in every game except one.

I, myself think that Bart Bartalls and Dick Fielder were two good coaches as every J.V. player will tell you. They kept the players going as scores showed. As with Hudson down 30-0 with 1 minute and 46 seconds left to play in the game. Hopelessly bogged down on their own 2 yard line, they went 98 yards against the Tiger first team and scored.

This year there were 10 Sophomores, 7 who had J.V. experience before with 3 newcomers along with the 11 Freshmen. Here is how all the scores ended up in order: Tecumseh 8-Manchester 0, Addison 6-Manchester 6, Onsted 0-Manchester 35, Grass Lake 8-Manchester 6, Morenci 6-Manchester 14, Hudson 30-

# COUNCIL PROCEEDINGS

October 21, 1974  
 Council met in regular session with the meeting called to order by President Pro-tem Mahony. Present were Beal, Daniels, Fitzgerald, Mahony, Scully and Zsenyuk; absent Curley, Little and Walton.

Minutes from the October 7, 1974 regular meeting were read and approved in a motion by Fitzgerald, supported by Scully. All years, carried.

Mahony reported that Irv Roberts of Consumers had contacted him regarding the letter of authorization for the lights which contained a price of \$35 per pole for the Main Street Bridge. He said that figure was in error. The price is \$80 per pole rather than \$35 per pole. Mr. Roberts indicated that his telephone quote was in error. Fitzgerald requested that copies of the new authorization letter to Consumers be sent to Mrs. Rollie Grossman and Mrs. Paul Alber to apprise them of the current price. Mr. Kirk is scheduled to have the wiring complete and ready for the poles and lights in three days.

Bids for a pole building were received from Charles Howerton, Don Slazinski and Bridgewater Lumber Co. Since two of the bids were incomplete in the breakdown of costs, Fitzgerald requested time to evaluate and clarify the bids. Moved by Fitzgerald, supported by Scully to table the bids until the next meeting. All years, carried.

Fitzgerald advised Council that no decision had been made to purchase a new dump truck. Until the matter of possible building construction has been settled, none will be made.

Mr. Steele of The Enterprise informed Council that Mrs. Augusta has donated a log cabin approximately 20' x 24' to be used as an historical building. The cabin has been dismantled and moved off its original site. It has been numbered to facilitate reconstruction. Mr. Limpert has offered to supervise that project if someone will donate a suitable location available

to the public. The park area on the Southeast corner of Macomb and Main was suggested. Beal and Fitzgerald were appointed to check into the matter further. It was suggested that they contact the state and county regarding appropriations for plaques etc. for historical buildings.

Morgan Kern and Edward Steele, Jr. were present regarding the possible purchase of property for an American Legion building. The property they would like rezoned is Block 17 except for Don Sutton's property contained within that Block. The men were advised to draw up sketches of the proposed use, location of proposed building, square footage of building, and parking provisions, and then submit the request to the Village Planning Commission.

Zsenyuk reported that he had been contacted by Double A Products and the union at Double A regarding parking restrictions during construction. After some discussion it was moved by Beal, supported by Fitzgerald that parking restrictions be eliminated on the East side of Division and Torrey between Vernon and Duncan from 6:00 a.m. to 12 midnight for five weeks, (beginning immediately) or until the parking lot at Double A is made available, whichever comes first. All years, carried.

AAA has done a lengthy survey of the corner of Main and M-52 and will be forwarding their recommendations to us shortly.

Zsenyuk questioned whether or not Council wanted to consider putting the '70 Dodge Police Car up for bids, now that the new car has arrived. Mr. Steele was requested to run an advertisement for bids. Zsenyuk was requested to draw up the necessary information for him.

The Policeman's Ball is scheduled for November 2 at the K of C Hall with the Knights of Columbus doing the catering.

A statement of present insurance policies as requested of our present carrier was read. Council asked that copies

be made available to each member for study before the next meeting. Then specifications can be drawn up to let for bid in December.

Daniels was asked to check further into a communication for the Dept. of Natural Resources regarding the Watershed Council.

A contract from Wallace and Tiernan was submitted for signature. Mahony requested that the Public Works Committee review it further.

Moved by Fitzgerald, supported by Beal to appoint Charles Cresswell as Chairman and Cecile Chapin and Clifford Tracy as new members of the Village Planning Commission according to the recommendation of Pres. Little. All years, carried.

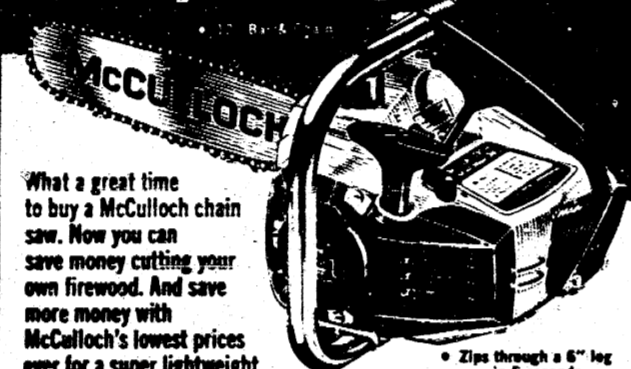

The clerk was asked to check into the purchase of a heavy duty vacuum cleaner for the Village Hall.

Moved by Scully, supported by Beal to adjourn at 9:22 p.m. All years, carried. Mary Wheeler, Clerk

## J.V. GIRLS WIN VARSITY FALL

By Jon Hardenbergh

The J.V. game was close all the way but Manchester held on for a 30-26 victory over the Tigers from Hudson. The score was 15-10 Dutch at half. The Tigers rallied with 2 minutes in the contest closing the score to 28-26. But this was as far as Hudson got as the game ended 30-26 Manchester.

The undefeated Tigers continued their winning ways by trouncing the Dutch 68-55. The first period was dominated by Manchester as they captured a 13-9 lead. The second period saw the Tigers fight to go ahead as they tied at 14 all and 18 all and as the half ended the Tigers had achieved their goal by taking a 2 point advantage 30-28. The third period was all Hudson as they zoomed to a big 16 point edge, 55-39. At one point Hudson was up by 20 when the Dutch rallied but there wasn't enough time as Manchester lost their third consecutive game.

Next 2 games are home-November 7 Dexter and November 12 Ann Arbor St. Thomas. Both contests start at 6:00. For those sport enthusiasts-Dutchmen Basketball is almost here. The first practice was Tuesday.

### GET OFF THE DAIRYMAN'S BACK

Isn't it time for the news media and the public to get off the dairyman's back? This hard working man, who must work seven days a week to produce nature's most nearly perfect food, has come in for a lot of bad publicity lately because a few people working for him made some illegal contributions to politicians. Now, he can't make a legal one without the wrath of the media coming down on his

head. It matters not that labor unions and other organizations have been contributing for years. They still do it, and it is legal. It is legal for dairymen, too, but somehow it sounds tainted when they do it.

Recently, the Associated Press came out with a story that dairy farmer co-operatives were selling milk to processors for as much as eleven cents a gallon above the federal minimum. Again, they make the dairy farmer sound like public enemy number one. What they fail to point out is that the federal minimum is just that—the minimum. There is nothing wrong in trying to get dairy farmers more money through bargaining. Labor unions bargain for, and get, dollars—not cents—over the federal minimum, in addition to their fringe benefit packages. Fringe benefits for dairy farmers? Can you imagine what would happen if the dairy farmer went into the barn and announced to his cows: "Turn it off, Bossies, I'm going away for the week-end."

With inflation running rampant, dairy

farmers are having a rough time making it. While everything else is going up—including their production costs—their price is down. The price for Class I milk (the milk we drink) dropped from \$10.40 per hundred pounds in April to \$9.40 in September. Class II milk, which goes into cheese and other non-fluid uses, dropped from \$7.33 to \$6.84 in the same period, and Class III milk (used for hard cheese, butter, powdered milk) dropped from \$7.73 to \$6.88. And yet, the co-ops are criticized for trying to get more than the minimum price for dairy farmers.

Isn't it about time for someone to write a story about milk costing 40 cents a glass in some eating places? The dairy farmer receives nine cents a pound for his milk at the farm, but when it is sold for 40 cents a glass in a restaurant, it comes to 80 cents a pound—or nine times what the farmer received.

If the public needs a back to climb on, why not try that one on for size?

### SENIOR CITIZEN'S CENTER

### LOCAL M.D. RECEIVES FELLOWSHIP IN AAFP

William P. Purfield, M.D., of the Manchester area has been named a Fellow of the American Academy of Family Physicians.

The degree of Fellowship may be attained in either of two ways: successful completion of 600 or more hours of accredited continuing medical study, or achievement of diplomate status in the specialty of family medicine as a result of passing a certifying examination administered by the American Board of Family Practice.

Fellowship entitles the conferee to use the title "Fellow of the American Academy of Family Physicians," or "FAAFP." The degree was conferred October 15 upon some 3,000 members of the Academy in conjunction with the AAFP's annual convention and scientific assembly in Los Angeles. Ceremonies were held in the Shrine Auditorium in Los Angeles before more than 7,000 persons. Fellowship candidates wore academic robes and mortarboard caps. They were recognized according to state chapter groups and the oath of fellowship was recited en masse.

The Academy, representing more than 36,000 family doctors, pioneered among national medical groups requiring members to take continuing study, a minimum of 150 accredited hours every three years. The AAFP, headquartered in Kansas City, is the largest of medicine's specialty groups.

### SELECTIVE SERVICE OFFERS REGISTRATION BY MAIL

The area Selective Service office in Ann Arbor registered 401 men during the month of October, according to Harold Cross, office manager.

The breakdown by Counties was: Lenawee 76; Monroe 144 and Washtenaw 191. Total number of men registered at age 18 for this year is 3906. This figure reflects an increase of 727 for the same period in 1972 and an increase of 942 for the 1973 period.

"Young men age 18 may now register by mail for the draft instead of reporting to the Ann Arbor area office. Mail-in registration forms include instructions. It can be completed at home, then folded and mailed. It is pre-addressed and needs no postage," Cross stated.

"Mailers" can be obtained from colorful poster displays located in the Manchester Post Office, High School and Police Department.

Students can register with Mr. Philip D. Mains at the Manchester High School. "Federal law still requires the registration of young men at age 18 even though inductions have ceased. Willful failure to register is a violation of the law and could result in prosecution by the U.S. Department of Justice," Cross added.

Forms may also be obtained by writing to the Ann Arbor Selective Service System area office, Room 210, First National Building, 201 South Main Street, Ann Arbor, 48108, or telephoning 665-3766.

### PUBLIC CARD PARTY

A Public Card Party will be held at the K of C Hall, November 11 at 8 p.m. Sponsored by the Arbiters.

### IRON CREEK STUDY GROUP

The Iron Creek Study Group meets November 14, at 12:30 for a dessert luncheon with Mrs. Virgil Mayer.

PROGRAM FOR 1974 AND WOOL AND LAMB PROMOTION

"Sheep farmers may get small payments for wool under the Wool Act for 1974 marketing," said Carolyn Stump, County Executive Director for the Washington County ASCS Office. "Prices for this year's wool will average between 60 and 65 cents per pound which is below the 72-cent incentive price."

The 1974 price drop reflects a decline in wool demand. Due to manmade fibers and a general downturn in mill activity, use of raw wool in mill use has declined sharply. Mill use of apparel wool may decline to 80-85 million pounds, scoured basis, this year.

All sheep farmers will soon receive Wool Ballots. The mail referendum is being conducted Nationwide by the U.S. Department of Agriculture to determine if wool and lamb producers want USDA to continue to make deductions from wool payments for use by the American Sheep

Producers Council for advertising and sales promotion programs for wool and lambs.

Eligible ballots must be mailed or delivered in person to the county ASCS office before 4:30 p.m., Friday, November 15. Anyone who has owned sheep 6 months old or older for at least 30 consecutive days during 1973 is eligible to vote. Anyone who feels he or she is eligible to vote and who has not received a ballot by November 6 should check with the county ASCS office as soon as possible.

## "The Fighting Chance"

By Jon Hardenbergh  
Abraham Lincoln once said "I will study and prepare myself so that when my chance comes I shall be ready". I feel when something interesting and important is witnessed it should be shared with others. I recently visited the Ottawa Area Center. This school located 15 miles west of Grand Rapids is designed for the trainable mentally retarded. They work with 150 students from ages 2 to 25. The class I was guest at was the young adults which were from age 18 to 22. Each student was asked by the teacher, Mr. Byer, to stand and introduce themselves to me. The names of these students are: Russel Hayes, Roy Salton, Poncho Medellin, Ken Scholten, Doug Jones, Lonnie Hambleton, Judy Johnson, Judy Schneider, Sally Weavers, Barb Manning, Janie Fike and Jo Polinski, then the student teacher Mary Simmons from Manchester.

The students on Monday and Wednesday have classes in the A.M. pertaining to Academic studies (Math, Speech, etc.) then in the afternoon have gym. On Tuesday and Thursday the students are involved with pre-vocational skills (these range from general homemaking, sewing, woodshop to sports). Fridays are a sort of "fun day" in which the students have a choice of doing 4 things during the day (homemaking, woodshop, sports like swimming, gymnastics, basketball etc.) Even saddling and riding the pet horse. I being interested in sports watched first the swim club. Several students were quite good with others showing good potential (especially when I was informed they had been swimming less than one year!) I was told by Mr. Byer that there will be an olympics in May on the campus of Grand Valley State College for the students to show their skills in sports. Next, boys basketball. If you think high school games are physical-but honestly there were several with good basketball ability. I was told (by the girls) their team is better. Fortunately (for me) I left before I could see the girls play so I can stay neutral.

Following the sports, I was asked to stay for lunch. After eating in candle light and to the music of Johnnie Cash, I departed feeling good having made new friends with the hope of seeing all again. In closing another quote from Lincoln "You cannot help man permanently by doing for them what they could and should be doing for themselves."

## Optimist Club Outstanding Citizen

Jeff Clark, son of Mr. and Mrs. Allen Clark of 515 Granger, and a Sophomore

at Manchester High School is the Optimist Club's outstanding citizen for November. In the 7th grade Jeff was president of his class and participated in football and basketball.

In the 8th grade Jeff was a member of the football team and the Field and Stream Club.

In the 9th grade Jeff was the quarterback on the undefeated J.V. football team, and he played second base on the varsity baseball team. He also was a member of the Woods and Water Club.

This year, Jeff was the quarterback on the Varsity Football team, and he plans on going out for baseball and joining the Varsity Club. Jeff is carrying a Beverage and enjoys Biology and Industrial Arts.

Hunting, fishing, all sports and being around people are the things that Jeff likes. Jeff enjoys hockey the best of all sports and considers Gordie Howe his favorite sports figure.

The type of work Jeff likes is one in which he can use his hands, preferably carpenter work.

David L. Little is a Member of the Optimist Club Awards Committee. Congratulations Jeff!

## Klager School Book Fair

Klager students having a sneak preview of books to be displayed at the Klager School Book Fair are Bruce Ellis, Richard Starr and Dawn England, Mrs. Carolyn Sauter, co-chairman, is giving them assistance.

The Klager Elementary School will sponsor a combined Learning Festival and Book Fair from November 18 to November 22. Students will be able to browse and purchase books and educational materials. The fair will be open during the hours of 6:00-9:00 p.m. on Thursday for parents to visit and place orders. Books will be on display in the library and school lobby.

The fair committee invites all students, parents and visitors to attend. The fair will encourage student interest in reading and in building home libraries, and will also contribute to a worthwhile project. All profits will be used for the library. Carolyn Sauter and Elizabeth Bessler are serving as book fair co-chairpersons. The book fair display will include attractive new books from many publishers in all popular price ranges - wonderful books to read or to give as gifts. All reading interests will be represented, including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books. The committee is working with Educational Reading Service, a professional book fair company, to furnish an individual selection of books for the fair.

Included in the learning festival materials will be magnifiers, simple science experiments, dinosaurs, magnets and motors, spelling games, nature collections, history and geography activities, number games, educational handicrafts and many other materials representing all

## Band Boosters "Eastern Market"

The kitchen at the Sauter residence was converted to a candy factory one Saturday afternoon as several band members made their favorite jewel candy to sell at the Band and Orchestra Boosters "Eastern Market". Finding it difficult not to eat all their profits were John Olson, Rob Rodriguez, Mark Dresch and Kurt and Karl Sauter.

The "Eastern Market" will be held at the American Legion Bingo Parlor on

Saturday, November 16 from 9:00 a.m. to 5:00 p.m. Along with the boys candy other items will be sold such as candies, donuts and cider, baked goods, jams and jellies, needlework and handicraft. The proceeds will be used for the summer camp program. Shopping on Saturday at the "Eastern Market" will not only give you pleasure, but will also benefit the young people in the band and orchestra. We hope to see you there.
