## Card of Thanks

The family of Thomas Hollis Walker wish to extend our appreciation to our friends, relatives, the Methodist Women, Double A workers, and neighbors for the beautiful cards, floral arrangements, memorials and food but mostly for the concern and sympathy in the illness and death of our Darling Husband and Father. We are very grateful for your many acts of kindness you have so lovingly shown us.

In Memory of Hollis:  
Out of our life a light has gone, and yet we know  
If in the darkness God's Will be done  
'Tis better so,  
If in our loneliness we look to Him, we need not fear,  
For love will light the path that else were dim, if He be near.

Clarissa (Susie), Diane & Bill, Patricia & Steven

## Open House At Middle School Thursday, April 19

Manchester Middle School's Open House is this Thursday, April 10th. Everyone is welcome and the Task Force is hoping for a great turnout.  
From 7:00 p.m. to 7:30 p.m. there will be browsing and registration. Registration simply means a student at one of the entrances will put a name tag on everyone so we can talk to one another as people. Starting at 7:30 p.m. there will be four 15-minute capsule classes held in the various rooms. Student guides can direct you to the class of your choice. Find out which interests you most and sit in on what's happening. In the gym of the large building a Special Education film will be shown twice during this time for those interested in just what special education is all about. Personnel will be there also to answer any questions.

The teachers giving capsule classes will be Mrs. Walker, Math, Room 9; Mr. Morrison, Vocal Music, Room 8; Mr. Steeb, English and Social Studies, Room 7; Mrs. G. At 8:45 p.m. refreshments will be served to the children in the gym of the small building while adults will gather in the large gym for refreshments. The children will be supervised so feel free to let them have their Kool-Aid and cookies without you. While having coffee view our displays by the students, talk to our Task Force people and generally enjoy some conversation with one another. We would also like you to fill out one of the Task Force questionnaires and place it in the box provided at the Task Force table. April 19th, Saturday, at 10:00 the Task Force will meet to go over these survey sheets and we hope you'll come too. See you at the Open House!

## Townships Hold Annual Meetings

**SHARON**  
A tax rate of 1.16 mills was authorized to cover a higher 1975-76 budget for Sharon Township during Saturday's annual meeting. The budget goes from \$33,000 to \$36,500. Last year's tax rate was one mill.

**MANCHESTER**  
A 1975-76 budget of \$68,000 was adopted Saturday at Manchester Township's annual meeting. This represents an increase from last year's \$57,050 budget.  
The fund for library operation was raised to \$12,298, an increase of \$2,000. Salary increases of \$250 also were authorized for Supr. Clarence Felder and Treasurer Dorothy Burch.  
A need for increased police protection was voiced by residents. It was decided to contact State Police to determine if added protection could be furnished.

**BRIDGEWATER**  
A \$2,300 increase in the budget was approved by residents at the township's annual meeting Saturday.  
The budget for the 1975-76 fiscal year is \$38,510, compared to \$36,110 last year. The budget includes \$10,000 in road improvements and increases in the salaries of township officers from \$2,450 to \$2,500.

**FREEDOM**  
A 1975 budget of \$47,450 was approved during the Freedom Township annual meeting Saturday.  
Last year's budget was \$42,850. The higher figure is due to increased operating costs such as the hiring of a new zoning inspector, more legal expenses and \$2,500 spent for a new ceiling in the township hall.  
The township went on record opposing the proposed Mill Creek Drain District improvements planned by the County Drain Commission. The county plans to levy about a half-mill for two years for the work. Clerk Rena Girbach said the residents oppose the project because they won't benefit much from it.  
In other business, salaries for township officials remained unchanged.

The Easter Bunny (represented by Missy Pussay) was greeted at Klinger School by Michelle Shadley. The surprise visit was enjoyed by all classes as Missy made her rounds.

**LETTERS TO THE EDITOR**

I, like most people, must be very motivated and have a strong feeling about something to write to a newspaper and express my feelings. Unfortunately the strong feeling that motivated me to write this letter was sorrow, caused by the tragic and untimely death of Bob Evans. In a sense any death that occurs before a man's time is tragic, but what made Bob's death so tragic and untimely was that he had so much to offer. Bob had not been in the Manchester community long, but I'm sure that everyone that had come in contact with him was impressed by his warm and ready smile and his sincerity. Bob was sincerely interested in the youth of the community and I'm sure this is why he was elected to the school board even though he had not been part of the community long. People recognized his concern and interest. I'm sure that those of us who knew

Bob, will never be able to express our deep personal sorrow to his family caused by his loss. The community is now without one who was concerned and active in the future of Manchester. Regrettably, Larry Steeb

To the People of Manchester, I urge you to vote no in the election on April 16, 1975. This election is to determine if Consumers Power Company shall have the right to operate a gas business in Manchester for the next thirty (30) years.

This is a company which has shown no regard for its customers for years. After all who else sells gas in Manchester. In addition the management of Consumers has shown no ability to secure a long range gas supply. This short term planning has resulted in higher rates for Consumers' customers than those of its largest competitor. Even now Consumers is asking for another rate increase. We will pay even more to heat our homes next winter than we did in this past year. Consumer's management only cares about maintaining the highest wage rate in the City of Jackson and wants a guaranteed profit as they can pay large dividends, maintain company jets etc. Why should we be forced into using the services of this company (which cares nothing about us) for the next thirty (30) years? I prefer being able to choose where I buy products and services—not having to subsidize a monopoly which has to have a profit guaranteed by the State of Michigan and which can only come out of my pocketbook.

Again I say vote NO in the April 16, 1975 election and give ourselves time to try and break the monopoly of a company which furnishes both gas and electricity in the same community. Something can be done if we don't tie ourselves up for thirty (30) years.

Don Davis

**NOTICE!**

The American Legion Mixed League will bowl Saturday, April 19th and April 26th.

**FOOD FOR THOUGHT**

The following article appeared in the April, 1970 issue of the Michigan Township News. We ask that you note that it is now 55 years since the "Communists Rules for Revolution were found in Dusseldorf."

Again, we repeat, isn't this "Food For Thought?"

Editor's Note

The article printed below has been around for several years. It was recently brought to our attention by Mr. Don Grimes, a Trustee at the University of Illinois. He is vitally connected with the food industry through his Food Stores Marketing Service Co. in Chicago.

In May of 1919, at Dusseldorf, Germany, the Allied Forces obtained a copy of some of the "Communists Rules for Revolution." Nearly 50 years later, the Reds are still following them. After reading the list, stop after each item and think about the present day situation where you live and all around our nation. We quote from the Red Rules:

1. Corrupt the young; get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness.
2. Get control of all means of publicity, thereby—
3. 1. Get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.
2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and disgrace.
4. Always preach true democracy, but seize power as fast and ruthlessly as possible.
5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices, and general discontent.
6. Incite unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the

part of government, through such disorders. 7. By specious argument cause the breakdown of the old moral virtues, honesty, sobriety, self restraint, faith in the pledged word, ruggedness. C. Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless. That was quite a lie, wasn't it? Now stop and think—how many of these rules are being carried out in this nation today? I don't see how any thinking person can truthfully say that the communists do not have any part in the chaos that is upsetting our nation. Or is it just one big coincidence?

As an independent agent we answer to one boss — our hometown people

We represent several firms, but we work for only one boss — you. That way we can always place you with a company which we think is best for each line of insurance you need. Naturally, we prefer companies like Auto-Owners who look at a loss and take care of it right away, without haggling or delays. That's one of the reasons we're part of the Altogether Family. Like us, they're always there when you need them.

YOUR CHURCH

OF LIFE, AND OUT OF THE HOLY CITY, AND FROM THE THINGS WHICH ARE WRITTEN IN THIS BOOK." (Revelation 22:18,19).

How did God transmit His holy, infallible, and wonderful word to the human race? We are told in 2 Peter 1:21 that, "The prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Ghost." Now in exactly what way God, through the leadership and supervision of the Holy Spirit, let these men to write we are not told. But these men were inspired in a most unique way. Holy Spirit inspiration was different from the way Milton of Shakespeare, or other of the great writers were inspired. In fact no one else will ever again be inspired in the same way the Bible writers were.

We firmly believe in the theological concept of "PLENARY-VERBAL" inspiration. So important is the doctrine of inspiration that one writer has called it,

"The mother and guardian of all our others" (L. Boettner). It is of immense importance when we consider that all the evangelical Christian doctrines are developed from the Bible and rest upon it for authority" (Unger). In the original manuscripts not only were the words inspired but also the thought behind them. Inspiration is literally the breath of God. Every word and every letter had the breath of God upon it.

There must be a source of final authority. That final word and fountain-head of truth must be the authority of God's impeccable written word. We cannot trust the wisdom of men. "For all have sinned and come short of the glory of God." (Romans 3:23).

### THE SHOT HEARD AROUND THE WORLD

(Guest Column by Jim Phillips)

It was the night of April 18 on the banks of the Charles River, across from Boston, a man waited in the steeple of Old North Church in Boston, recognizing it as the signal he had been watching for, the man leaped into the saddle of his waiting horse and galloped off into the night—and into the pages of history. The man was Paul Revere. He rode through the night, pounding on farmhouse doors, shouting the cry of alarm. Lamps flashed on as wives quickly prepared food while their menfolk speedily pulled on clothes and lifted muskets and powder horns from their walls. Then the men were off across the fields to join their friends and neighbors.

Meanwhile, British troops were marching and arrived at Lexington at dawn on April 19, 1775. The farmers and

villagers Revere had warned the night before were there ahead of them and were gathered in ranks on the village green. The British commander ordered the colonists to drop their guns and leave the green. The colonists kept their guns, but started to leave when someone fired a shot. Immediately, without waiting for orders, the British troops fired several volleys. When it was all over, eight colonists lay dead and ten others were wounded, and America was embarked on a course that would forever change the history of the world.

One of the British commanders paid tribute to the immortal "minutemen" with these words: "Whoever looks upon them as an irregular mob will find himself very much mistaken. Nor are several of them void of a spirit of enthusiasm...for many of them advanced within ten yards to fire at me and other officers, though they were morally certain of being put to death themselves in an instant."

Ralph Waldo Emerson remembered them with this inspired verse:  
"By the rude bridge that arched the flood,  
Their flag to April's breeze unfurled:  
Here once the embattled farmers stood,  
And fired the shot heard round the world."

As America is about to enter its third century as a free and independent country, let today's farmers be proud of their heritage and the role farmers played in the establishing of this great country.

Let us carry the spirit of enthusiasm and love of freedom of the colonial farmers on to the tricentennial.

### JOLLY FARMERETTES

The April meeting of the Jolly Farmerettes was called to order by Junior Vice-President, Heidi Drosch. Flag pledges were led by Carol Buss. Roll call was your favorite holiday. Elaine had a thank-you for March of Dimes. Beth Feldkamp passed out Cancer Tag Day schedules which is April 19, 1975. On May 10 at the Union Savings Bank the Jolly Farmerettes will have a bake sale.

Demonstrations were given by Julie England and Margie Jarve. Refreshments were served and the meeting was adjourned.

### WORK A DIRTY WORD?

Years ago, children could read and write and spell because they worked at it. Work was commendable and honorable, and it produced results.

By the time children reached high school, most of them could write a friendly letter and a business letter in proper form. They knew the multiplication tables, long division, fractions, decimals and percentages.

Today, school children are not expected to work. You learn arithmetic by playing games, and my daughter's teacher insisted that penmanship was unimportant. Could she but know how many girls we freed from our local bank because we simply could not read their writing! A leading restaurant manager let two girls go—high school graduates at that—because they could not figure the meal tickets.

Essay tests are seldom given. Tests are true-false or multiple choice. They are easier to check—no work involved. Just when are pupils going to express

their thoughts on paper? When are we going to receive letters from Junior High students that are not filled with such statements as, "I I was him", "Me and him went" and "We was waring genes?"

It's time we brought the idea of work back into the classroom and applied it to learning the basics of reading, writing, and arithmetic. Pleasant work can be a delightful experience.

The shot putting Clark brothers. Left to right—Dan, Dave, and Doug.

The three shot putting Clark brothers, Dave, Doug and Dan, lead the way for the 1975 edition of the Manchester High track team in the field events. The field events have been the backbone of the Dutchmen the past few years but with the graduation of such fine performers as Bruce Cray (high jump and long jump), John Savage (high jump) and Scott Gormley (pole vault and long jump) the team will be lacking the depth they possessed in the past.

The shot put was the strongest event for the Dutchmen last season and with the return of the Clark brothers plus newcomers Greg Daniels and Rick Baggett this may well be the team's strongest event again this season.

Sophomore Dan Clark has already put the shot 47' 7 1/4" indoors this winter to rank him as the 2nd best putter in the school's history. Brother Dave has also

been over the 40 foot mark and few schools have such a fine 1-2 punch. Doug Clark and Greg Daniels both look to be potential 40 foot performers with work and new Assistant Coach Brian Schick has been putting the weightmen through tough pre-season workouts.

"Young" is the word for the Manchester pole vaulters this season, as three sophomores and a freshman are this season's candidates in that event. Mike Forner leads the group as he was the areas top freshman a year ago with an 11' 1" best at the regional meet. Head Coach Larry Steeb feels certain that Mike will scale 12 feet this spring and is a threat to the 12' 2" school record.

Both sophomores Tom Fitzgerald and freshman Terry Brown have scaled 8' 6" in scrimmages this winter and when sophomore Pete Tassie can lend his aid to the event the Dutchmen will have 4 performers that can score points in this event.

With the loss of Savage, and Cray the high jump may not be the strong event it has been for the Dutchmen, but Pete Tassie has already improved his best of a year ago and may well be able to jump nearly as high as his predecessors. Five other candidates are out for the event, Kurt Kensler, Greg Daniels, Junior Randy Bennett, and Dan Hasset and Lester Janish, both sophomores. It's too early in the season to tell which of the group will be of the most help, but both coaches Steeb and Schick feel the group has the potential to score in the event.

Junior Dave Guesner heads the long jump brigade as he recorded a Dutch sophomore class best last season of 19' 2 1/2". Dave needs to become more consistent to really become one of the league's best in the event, like the high jump the other positions are up for grabs

In the long jump with Randy Bennett, Junior first yearmen Matt Little and Jamie Galinda, and freshman Jim Lenhart being the other candidates.

There are 115 total possible points in a track meet with 36 of those in the field events. The past few years the Dutchmen have regularly scored 25 or more points in these events, but Coach Steeb feels that 20 or more points may be more realistic for this season, at least until the group gets more experience.

Simply add \$50 to your monthly mortgage payments to be deposited in a passbook savings account. Then when you make the last payment on your home, we'll give you back \$30,939.\*

Or you can leave your money in your savings account, and we'll pay you \$134 each month for the rest of your life and your heirs thereafter.

We have perpetual money wheels, available in all AAFS offices, with which you can work out your own Mortgage/Sav program. Or one of our mortgage officers will work out a program with you. So take a few minutes and stop in. It could be very profitable.

On Wednesday, March 26th, the Manchester Cub Scouts had their annual Pine-wood derby race. This year's winners are: Den I-1st Randolph Scott, 2nd Nelson Losey, 3rd Joe Struble, Den II-1st Scott Douare, 2nd Brian Ahrens, 3rd Craig Sauter, Den III-1st Jerry Post, 2nd Jeff Daubner, 3rd Ronnie Kothe, Den III-1st Mark Schwab, 2nd Todd Haselschwerdt, 3rd Steven Beaume, Webelos Den-1st David Rodriguez, 2nd Morley Hughes, 3rd Billy Scully.

A final race to determine grand champion was run. The winners were: Grand Champion, Scott Douare, 2nd place Grand Champion, Mark Schwab, and 3rd Place Grand Champion David Rodriguez.

This year as most parents saw, we had a new pine-wood derby track. I would like to express my thanks to the parents who made this possible. To Ed Beaume for all of the materials needed for the construction; to Leonard Ahrens, Bill Schwab, and George Daubner for transforming their materials into a finished track. To Dick Scott who donated both his time, and part to give us such a great looking track.

### MANCHESTER TOWNSHIP LIBRARY HISTORY OF 1974 - 1975

Starting in June our hours changed. We are now open 31 hours a week. The bathroom was completely remodeled. Mr. Robert Chapin did all the plumbing -- donating his labor -- and the Township paid the costs (not in Library budget).

The 20th Century Club purchased a steel cupboard--to be used for storage. We purchased a dehumidifier for the basement--to be used during the summer months.

The library was redecorated in January. Mr. Richard Scott did the paintings, which was financed by the Township (not in Library budget). We had the drapes cleaned also.

Erwin Paul repaired the newel post and banister to the stairs. Donations: Mary Sue Moore-\$150.00, Robert Ross-\$10.25.

Memorial Books: Duane Ernst--Class of 1949, Ora Lowery--Friends of the family.

Mr. Harvey Gregerson presented a golf club that was made in Manchester by A.P. Cohen.

Sharon Hunt presented a copy of the History of Sharon United Methodist Church. Mary Wheeler is in charge of our preschool story hour.

Several elementary classes visited the library last fall. Eastern Michigan Players held two story hours in November.

Washtenaw Historical Society Tour visited the library. Mr. Clayton Parr hosted the Historical Room.

SOPHOMORE SPAGHETTI SUPPER A SUCCESS!

Last Saturday, the Sophomore Class held their first Spaghetti Supper and it turned out to be a smash success. The kids, and parents served over 200 people.

Special thanks goes to Mr. and Mrs. Weir who showed us what to do. To Mike Forner who thought up the idea. To the Knights of Columbus Hall members who made their facilities available. To Miss Greminger and the orchestra and Mrs. Lim and her art students. And to all the parents who helped us make it work and for the other parents who came in and ate all our spaghetti. Thanks, Sophomore Class of '77.

Can you tell me whether I'm eligible for the Vietnam veterans' bonus; and, if so, how do I go about applying for it?  
—C. J., Kalamazoo

As you know, Michigan voters last November approved a State bonus for Vietnam veterans. To be eligible, you must have served in the armed forces (Army, Navy, Marine Corps, Air Force or Coast Guard) for at least 190 days between January 1, 1961 and September 1, 1973; and were a resident of Michigan for six months or more immediately prior to entering on duty. You must also have received an honorable or a general discharge or still be on active duty.

I'll be going to college next fall, but like a lot of other kids my age, I'm going to have to get some kind of a loan or at least a part-time job to help pay my way through. How can I find out about the government's financial aid programs?  
—F. C., Pontiac

The U.S. Office of Education administers five financial aid programs for students. To find out about these programs and how to apply for assistance, write the Office of Education, Department of Health, Education and Welfare, Washington, D.C. 20202 and request a free copy of the Fact Sheet on student assistance. For information about State programs, I suggest you contact the Michigan Higher Education Assistance Authority, 309 North Washington Avenue, Lansing, Michigan 48902.

In addition, as soon as possible, it would be a good idea to write or consult with the Financial Aid Officer at the college or university you plan to attend.

## Oklahoma!

Oklahoma is coming on May 29, 30 and 31. This wonderful musical will be performed by the Manchester High School Thespians Society. Over sixty students are involved in the production.

Mark Feldkamp, a senior, son of Reno and Nancy Feldkamp, plays the part of Will Parker. Will is a rough and rowdy cowboy with a lot of spirit but not as much education. He's a very fun loving character and Mark is doing a fine job with the part.

Mark has had a good deal of experience in drama. He had the lead in both the seventh and eighth grade operettas. Also he has had parts in past high school productions.

In addition to stage activities Mark has been very involved in sports and clubs at the high school. Basketball and baseball are his main contributions to the field of athletics. He played baseball all four years and received the Coaches Award this year. Some of the clubs Mark is involved in are Woods and Waters, Varsity Club, Ecology Club, German Club, Visage Staff, Photo Club, and class activities.

Best of luck Mark in this your final contribution to the arts at Manchester High School!

Gary Joseph, son of Willard and Glenna Joseph, plays the part of Ali Hakim. All is a peddler who is coaxed rather forcefully into marrying the farmer's daughter. Although the daughter is a beauty
