

Charles R. Spensley, son of Mr. and Mrs. Charles R. Spensley, Manchester, received his diploma during Culver Military Academy's 81st Iron Gate Ceremony. He is one of 195 seniors from 26 states, Washington, D.C., Guam, the Virgin Islands and four foreign countries who graduated from Culver Military Academy and the Culver Girls Academy during colorful June Week festivities.

Spensley was a member of Culver's Band Company and the stage band. He was also active in the Ski Club and the Science Club. During his four years at Culver, he earned a varsity letter in rough riding and participated in intramural football, basketball, vol-

leyball and softball. He plans to attend Northwestern Michigan College. Virtually 100 percent of the Academics' graduates go on to college.

### WESTERN ELECTRIC

Western Electric, manufacturing and supply unit of the Bell System, reported it spent \$432,400 in Washtenaw county in 1974 for supplies and services.

These expenditures were in addition to those made by Michigan Bell throughout the state, reported Harry M. Kenworthy, area manager.

Total statewide Western Electric payments for supplies and services amounted to \$35.3 million paid to 1,385 suppliers in 170 towns.

Some of the items on Western's shopping list purchased from Michigan firms were chairs, engine sets, work gloves, housing assemblies for data sets, insulated wire, magnets, plastics, shelves for telephone booths, silicon, springs and steel wire.

More than 85 percent of all Michigan suppliers were classified as "small businesses" employing less than 700 persons each.

The Western Electric payroll in Michigan last year was \$23.5 million for some 1,870 employees.

The situation of no pay telephone being available in Manchester was discussed. Mann said he would bring it up at the next Chamber of Commerce meeting.

Moved by Beal, supported by Scully to adjourn at 9:55 p.m. All yeas, carried.

Mary H. Wheeler, Clerk  
June 5, 1975

The Manchester Village Council and Manchester Planning Commission met in joint session with the proposed Zoning Map and text to be adopted by

Council. The meeting commenced at 8:07 p.m. with Councilpersons Mann, Scully, Beal, Curley, Mahony, Little and Wheeler present; absent Fitzgerald. There was a quorum for both units represented. Two copies of the up-to-date Zoning Map were presented. The Zoning Text and Map were approved by the Planning Commission and recommended to Council for adoption on March 6, 1975. The question of Zoning for Village-owned properties was discussed. Moved by Scully, supported by Mahony that the map be altered to list the sewage plant on Hibbard St. and Village property between Macomb and Union Streets as L-1 and that the Planning Commission check with the consultants under Sang Nam, requesting that a written explanation for such Village-owned properties and their zoning be submitted. All yeas, carried.

Official recommendation, after Village Planning Commission approval of minutes, was received by Council on May 2, 1975, that the Planning Commission felt the proposed Zoning Ordinance should be adopted. No further questions were raised. Moved by Curley, supported by Mahony that the text and adjusted designated zoning map be adopted. All yeas, carried.

Another joint meeting was set for 8:30 p.m. June 19, 1975.

Moved by Mahony, supported by Mann to adjourn at 10:20 p.m. All yeas, carried.

## Optimist Club Outstanding Student The Sweet Sound Of Manchester

Michelle Jenkins, daughter of Mrs. Gloria Jenkins and Mr. William Jenkins, and a recent graduate of Manchester High School, is the outstanding citizen for June.

Michelle came to us from Belleville, Michigan while in the 7th grade. In 9th grade, Michelle was secretary of her class, freshman cheerleader, and member of the pep club. In the 10th grade, Michelle was a J.V. cheerleader, girls' softball manager, member of the Biology and Pop Clubs, and went to Germany with the German Club. In the 11th grade, Michelle was secretary of her class, business manager of the barbook staff, co-captain of the Varsity cheerleaders, was in the all school play, "Tell Me That You Love Me Junie Moon", and went to Germany for the second time.

This past year, Michelle was again secretary of her class, co-captain of the varsity cheerleaders, co-chairman of the upcoming float and Christmas card sale, member of the Varsity Club, worked in the food tent, and was a special reporter for the school newspaper. Michelle received a special award from Manchester High School for excellence in English, Journalism and Speech.

Michelle graduated as valedictorian of the class of 1975 with a straight 4.00 average, and appeared in Who's Who of American High Schools. She likes bicycling and swimming. In high school Michelle's interests were in English and German.

Michelle has received various Scholarships and is entering the University

### Jaycee Auxiliary Scholarship Fund

The Manchester Jaycee Auxiliary announced that tickets for a drawing of a beautiful Afgan are going on sale immediately. All proceeds from this program are going to the Jaycee Auxiliary Scholarship Fund. This year's drawing will take place at the Manchester Fair on Friday evening, August 22nd. However, the Afgan will be on display in the window of Chapin Realty on Main Street in Downtown Manchester. All tickets will be available from any local Jaycee Auxiliary members. Please give this worthwhile program your total support and send a worthy young adult to College.

We people of Manchester are in the process of discovering a delightful, fun-filling, and new form of entertainment. Isn't it just grand to see and be instrumental in the founding of an historical event. Everybody likes to say "I was there," or "see that, I did it." You will be the creator of the one and only Manchester Sunday night sing and play for yourself.

Do you enjoy laying back and relaxing while listening to some sweet melody on a warm evening? Or maybe you like getting up and kicking your heels to a hot tune from yesterday. It matters not, for what ever you enjoy doing—singing, dancing, playing your favorite instrument, or just relaxing—you can be part of the entertainment that we together can create. Just very informal, neighborly get-togethers on any evening where we all (and I emphasize all)—newly born to 103 years, professional, amateur, novice, or I sang a note, the plecter, the after dinner stroller, or I was just walking by with my tube, can participate to our community heart's desire. No one person or organization is sponsoring this event, no one person is setting down the rules or telling us what music to play, we are all going to be there, us long hairs, us rednecks, us sophisticates, us naturals. This thing takes YOU. We all will decide what goes on. Just be there! Where, when, and how? That's up to you also. We can have it at one place, at one time so we will all know and not forget, or we can wander about the city any day, weekly, bi weekly, monthly, playing any type of music any place, any time, any way.

There are some volunteers already, but that does not exclude you. If you're a lingerer, we shall expect you later in the season or jump on the "ole band wagon" now. Some how every one will be accommodated even if a band has to be formed for each street in Manchester. So, get that old instrument case, out of the attic, grab up that sheet music, hum some new and old tunes and meet me

## Coming Soon!!!

Junior to be, Pete Tassie, continued his fine track performance this past weekend as he was crowned state Jaycee Champion in two events. Tassie and four other young Manchester trackmen were competing in the first annual state Jaycee track championships held this year at Fraser High School.

Tassie, competing in the 16 and under division won the high and low hurdles with strong 16.2 and 21.8 clockings and he also had a medal winning performance in the high jump with a 5'8" clearance good for 3rd place. Tassie was also forth in the 220 at 24.2.

The Brown brothers, Terry and Jerry, accounted for the other 3 medals the Manchester Athletes won as Terry was 2nd in the 14 and under 880 at 2:26 and was 3rd in the pole vault at 8'6". Jerry also competed in the 14 and under division and had a solid 5:31 clocking good for 3rd in the mile run. Jerry also placed forth in 3 other events, the pole vault, long jump and the shot put. Bob Smith placed 5th in a strong 16 and under division in the mile and Freshman to be Kurt Sauter turned in a very strong 4:40 clocking of 880, but could only place 4th in a very strong 14 and under division race.

**SEMCOG GENERAL ASSEMBLY VOTES ON HOUSING AND TRANSPORTATION PLANS**

a regional transportation plan and a regional housing plan will be sent to the floor for a final vote at the Southeast Michigan Council of Governments (SEMCOG) June 25 General Assembly meeting.

Both plans are elements of SEMCOG's 1960 General Development Plan and Thursday's vote by the General Assembly, which is composed of local elected officials from SEMCOG's member-communities, will culminate months of intensive committee work, and, in the case of the transportation plan, years of development geared to constructing realistic planning goals for Southeast Michigan.

The regional Housing Plan according to Housing Sub-Committee Chairwoman Beverly McAninch, mayor of Plymouth, is designed to complement other elements of the 1960 Plan, while suggesting strategies

feasible on a local level to address regional housing concerns. It will also provide guidelines for federal grant review, and provide criteria for evaluating the regional impact on proposed residential development. If the housing plan is approved it will:

- Promote continuing maintenance and improvement of existing neighborhoods
- Develop new neighborhoods that meet the various needs of all household types and socio-economic groups

The plan spent a year in SEMCOG's Council on Regional Development (CORD) and was previously approved by both CORD and SEMCOG's Executive Committee.

Approval of the proposed 1960 Transportation Plan, a highway-transit plan designed to provide a high level of service, as well as economical transportation to all residents of Southeast Michigan, will call for:

- New and upgraded roadways
- A high speed rapid transit system
- Expanded and improved regional bus service

If the transportation plan is adopted June 25, SEMCOG will continue to review and revise the plan annually.

Other agenda items will include approval of Eusebius McCullough and James Graman for re-appointment to the Southeast Michigan Transportation Authority's (SEMTA) Board of Directors for three year terms. Also the Assembly will be asked to approve SEMCOG's 1975-76 budget of \$5,136,000, the largest budget ever submitted for approval.

Thursday's meeting will be held at the Mercy College Conference Center at 4:30 p.m. The center is located at 3200 W. Outer Drive near Southfield Road in Detroit.

SEMCOG is a voluntary association composed of 122 members of governmental units in Southeast Michigan. Its

principal function is long-range planning in the areas of housing, criminal justice, environment, recreation, open space and transportation.

Southeast Michigan includes the counties of Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne.

**CAMPAIGN CONTROL ACT**

Once again, the leadership in the Legislature is working to delay the 1974 Campaign Control Act, the most comprehensive campaign reform bill on the books in Michigan. This act was previously delayed from going into effect April 1, 1975 and now the Democrats who control the legislature are trying to delay the new effective date from July 1 to September 1, 1975.

The Campaign Control Act of 1974 requires very stringent and specific financial filing statements from candidates. To delay the effective date of this act again would allow an unscrupulous few to continue to hide the sources of their fund-raising efforts. Campaign reform efforts should and must be built on the basis that if you have nothing to hide you should have no problem disclosing who contributes to your campaign.

The current efforts of the Common Cause political reform group are considerably weaker than the act which is already on the books. What a joke it would be if the Democratic leadership in Lansing can convince the public to approve postponing the strong Campaign Control Act of 1974 until the weaker version of the Common Cause reform package is completed. Again, the only real losers would be the voters and the taxpayers who take it in the neck everytime anyway.

**double

 money**  
 with compound interest

the one  
 sure way  
 to build a  
 fortune

One of the most important, but overlooked, features of savings, is the magical effect of compound interest. If money is deposited

and the interest it earns never withdrawn, the money grows at an amazing rate. Money in most Ann Arbor Federal Savings certificates doubles every 10 years.

Thus, if a person 40 years old with \$25,000 (in savings, coins, cash value insurance, etc.) puts it into a certificate account at Ann Arbor Federal Savings it will grow to \$50,000 by age 50. By age 60 it will have grown to \$100,000 without adding a penny of his paycheck.

For the person in his mid-fifties, with retirement coming

up in ten years, compounding has even greater significance. Suppose he has actual assets of \$100,000. If he converts these into cash, he can have \$200,000 in ten years and realize an interest income for life of \$10,000 to \$15,000 thereafter.

But what about the person starting out, the twenty five year old. By putting \$50 a month in a 5 1/2% passbook savings account each month and leaving the interest to accumulate and compound, he will have \$21,190 by age 45. Then if he transfers the money to a certificate account

(and never adds another penny) the money will grow to \$87,380 by age 65.

On the other hand if one continues to add to his savings account regularly, it is well within the realm of possibility to accumulate \$300,000 or \$400,000 or more.

At Ann Arbor Federal Savings your dollars are not subject to market fluctuations, so you are sure when you reach the age at which you want to start using some of your money or earnings it will be there.

## What's Happening in Government

By Representative MIKE CONLIN

Last month I reported to you about two Senate bills which would raise the tax burden for farmers by imposing four percent sales and use taxes on farm equipment.

I indicated at that time that I am

much opposed to this legislation. Information I have received over the past several weeks has further strengthened my determination to oppose increased agricultural taxes.

I've learned that while Michigan

farmers are paying an average of \$6.83 per acre in property taxes, the average American farmer pays only \$2.56 per acre. The relationship of property taxes to farm income is just as startling. While the average United States grower is paying only 5.7 percent of his net farm income in property taxes, Michigan farmers contribute 13.8 percent of their net farm incomes toward property taxes.

These figures indicate to me that we should be looking for ways to provide greater agricultural tax relief, rather than seeking new avenues to tax the over-burdened farmer. I realize that the two Senate bills which I have mentioned relate to sales and use taxes rather than property taxes. But I'm convinced that the overall farm tax burden has reached its limit, and I intend to vigorously oppose any legislation which singles out farmers to carry more than their fair share of taxes.

But let's move on to more pleasant subjects! While there's nothing pleasant about an injured herd or poultry flock, I think you will be glad to know that the House Appropriations Committee is considering legislation which would allow farmers who experienced polybrominated biphenyl (PBB) poisoning on their farms to apply for interest-free loans from the State Treasury Department. This legislation, which is known as House Bill 5033, has already won the approval of the House Committee on Agriculture.

Basically, House Bill 5033 would allow a livestock owner a loan of up to \$1,500 for each domesticated animal which has been quarantined, destroyed, injured, or damaged by PBB poisoning. Owners of damaged poultry flocks would be allowed up to \$4 per bird in loans.

While on the subject of loans, you might be interested in the fact that the United States Department of Agriculture has decreased its interest rates on price support commodity loans and on farm storage facility and drying equipment loans. The reduction, which took effect April 1st, is from 9.375 percent to 6.125 percent per annum.

Finally, I have some good news to report for home canners. Indications are that there should be no shortage of home canning supplies this year. Manufacturers of can lids, jars, and rings have stepped up production to meet increased demand for canning supplies.

## MANCHESTER VILLAGE PLANNING COMMISSION

June 5, 1975

A joint meeting of the Planning Commission and the Manchester Village Council was held at the Village Hall, for the purpose of a public hearing on the (new) Official Zoning Map.

Authorization for the meeting being vested in the Council, the meeting was called to order at 8:07 p.m., by Council President Little.

A quorum of the Council were present. Planning Commission members present were Chairman Cresswell, Leeson, Chapin, Daniels, Mann, and Tracy. Absent Krauss, Whittington, and Althouse. Enter Krauss at 8:15.

It was suggested by Mahony that the Planning Commission consult with the zoning consultant relative to zoning all

village properties as I-1 and either alter the map or submit a written explanation.

It was moved by Scully that the Official Zoning Map be altered such that the sewage treatment plant on Hibbard St., and the village properties between Macomb St. and Union St. be indicated as I-1 zone. The motion was supported by Mahony, and passed on roll-call vote.

There being no further questions, it was moved by Curley that the (new) Zoning Ordinance of the Village of Manchester, and the (new) Official Zoning Map be adopted. The motion was supported by Mahony, and unanimously passed on roll-call vote of the Council.

In attendance were Clyde Nixon and John Eppich, representing Double A Products Co., and Dick Warfel, of the Michigan Department of Commerce, to present a proposal to establish certain properties of Double A as an "Industrial

Development District", as per Michigan's "Plant Rehabilitation and Industrial Development Districts Law of 1974". This classification would be for a period of twelve years from the start of construction on each of the four phases of the Double A expansion program, and would be retroactive twelve months to accommodate the construction time of the building just completed.

Suggestion was made that a joint meeting of the Planning Commission and Council be held to further review the proposal by Double A. The meeting to be on June 19, at 8:30 p.m. It was so moved by Mann, seconded by Beal, and passed on roll-call vote of the Council.

It being the scheduled time and place for the regular meeting of the Planning Commission, Chairman Cresswell took over.

A communication was read from Douglas V. and Arlene F. Sindlinger, with reference to the property on Ann Arbor St. which has been known as Arnold's Service. They request a change in the conditional use permit to continue the present sale of gasoline, and to expand the structure to include the sale of party foods and items, and possible future sale of alcoholic beverages.

It was moved by Tracy that Mr. Sindlinger be requested to clarify their meaning of expansion of the existing structure, and submit a schematic drawing of their planned expansion. The motion was supported by Krauss, and passed by the Commission.

A request from Gary Wallace to move his garage on his own property at 124 Torrey St. was referred to the Zoning Inspector.

Minutes of the last meeting were reviewed, and on the motion by Daniels, seconded by Chapin, were approved. Mr. Don Limpert was in attendance to present a proposal for designation of Manchester as an Historic District and adoption of a contingent sign ordinance. Discussion of this subject was postponed until a later meeting.

The motion for adjournment was made by Mahony, seconded by Mann. The meeting was declared adjourned at 10:20. Laurin F. Leeson, Secretary

WHAT'S COOKING IN MICHIGAN

Cheese is perfect for summer meals, easily prepared with no heat, no fuss. It's versatile, flavorful and one of the most nutritious of foods, rich in protein and calcium.

If you're confused by the many kinds of cheeses, you're not alone. Consumers are constantly asking about the difference in varieties. Dairy officials of the Michigan Department of Agriculture say cheese falls into six categories. There's natural cheese, process cheese, processed cheese food, processed cheese spread, coldpack or club cheese, and coldpack cheese food.

Natural cheese is made by separating milk solids from milk with a bacterial culture. Then the curd is separated from the whey and aged various ways to produce over 400 natural cheese varieties. MDA dairy officials say it

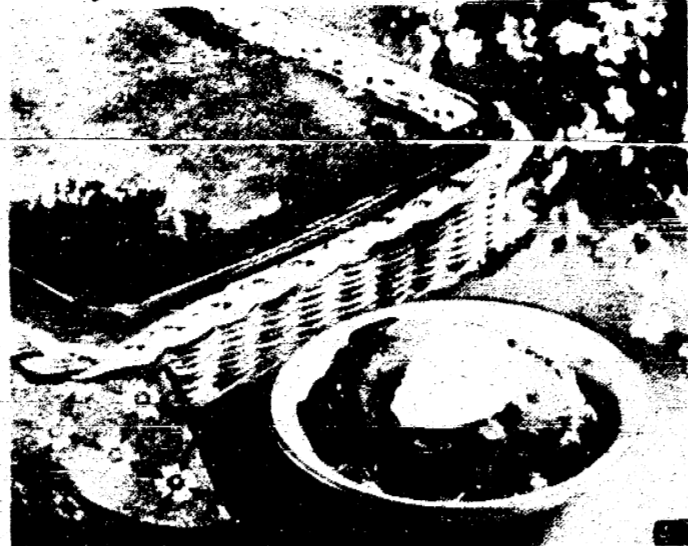

takes 10 pounds of milk to make one pound of cheese.

Process cheese is a blend of fresh and aged natural cheeses. The natural cheeses are shredded, mixed and pasteurized so ripening stops and flavor and texture tend to be uniform. Process cheese may also contain other foods and have smoked flavoring added. It's milder in flavor and spreadable.

Cheese food is much the same as process cheese but it contains less cheese and has nonfat dry milk or whey solids and water added. There's more moisture and a lower milkfat content than in process cheese.

Most spreadable of all the cheese, as the name implies, is cheese spread. It's processed like cheese food but has a higher moisture and lower milkfat content. Other foods for flavorings may be added to season it.

Juicy Fruit Cobbler Celebrates June

The month of June is decorated with two kinds of blooms—those on the trees and those on the cheeks of brides. Just then, everyone looks upon the world with new eyes. The merriment is heightened when refreshing desserts, such as Blushing Pink Cobbler, are served at gala get-togethers or family good-times. This cobbler features a joyful union of tastes—cherry pie filling and apples. The spicy topper employs a surprise ingredient for old-fashioned flavor and homespun texture—a convenient corn muffin mix. Terrific!

BLUSHING PINK COBBLER

Makes 12 servings

**Filling:**  
Two 21-oz. cans cherry pie filling  
2 medium-sized cooking apples, peeled, cored and sliced

**Topping:**  
One 12-oz. pkg. (2 cups) Flako Corn Muffin Mix  
1 teaspoon cinnamon  
1 egg  
½ cup milk

Heat oven to hot (400°F.). Mix together filling ingredients in large saucepan; heat until bubbly. Spread in 13x9-inch baking dish.

For topping, combine all topping ingredients. Spoon over hot cherry mixture. Bake in preheated oven (400°F.) about 25 minutes. Serve with ice cream, if desired.

Where should I complain about some problems I had with one of the airlines? Usually I find the service is good, but one time there was a real foul-up with my luggage. I feel I have a right to create a little "turbulence" of my own!

—J. R., Oak Park

You might start by contacting the airline itself. Many airlines have established consumer-affairs offices to handle complaints such as yours. However, if you are still not satisfied, then I suggest you contact The Civil Aeronautics Board. It has a new consumer "hotline" in Washington that you can call. The number is 202-382-7735. Experienced CAB personnel are to be available to talk with you over the phone. If the airline has violated any air-travel regulations, the CAB should take corrective action.

I understand that the old chamber in the Capitol building where the Supreme Court originally met is being restored. A lot of history was made in that room, and I would like very much to see it when I get to Washington. When will it be open to the public? —G. T., Warren

It's open now! Congress ordered the chamber restored in time for the Bicentennial, and it was opened to the public on May 28.

This is the chamber where the U.S. Supreme Court met from 1810 to 1860. Under its vaulted ceiling, Chief Justice John Marshall helped shape our Nation's early legal framework and other famous Americans like Daniel Webster argued cases.

Incidentally, the Supreme Court held some of its first meetings in the Capitol office I occupy as Senate Minority Whip. That room is located right above the old chamber, so when you get to the Capitol, stop by and see my Whip office too.

It seems like a lot of my friends have finally quit smoking. Is that true nationwide? —J. D. F., Mt. Clemens

I regret to say it, but your friends have apparently been more successful than many other Americans in their efforts to stop smoking. According to the Federal Trade Commission's most recent annual report to Congress, cigarette smoking continues to be on the increase across the country. In fact, cigarette consumption in 1974 reached an all-time high of 602 billion cigarettes—up about 3% from a year ago.

## HONOR AMERICA - JULY 4

I believe in the United States of America as a government of the people, by the people, for the people; whose powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

THE AMERICAN'S CREED  
Written by William Tyler Page

## Historical Society Elects Officers

Thomas F. Lacy has been elected president of the Washtenaw County Historical Society for a one-year term.

Re-elected Executive Vice President was David Pollock; Elected as Treasurer, Hazel Proctor; Secretary, Ethelyn Morton. Four new directors were elected: Rosemary Whelan, Irene Lawless, Mary Stefek, and Frank Wilhelme. Each year four new directors are elected for a term of three years. The society which is over 100 years

old, collects and restores artifacts, antiques, and preserves the flavor of early life in Washtenaw County. A museum to house and display items of historical interest is the current top priority project for the society.

On June 14th the Society had its annual tour. Five centennial farms in the county were visited. One hundred and forty-six persons attended the tour, which was followed by a country style chicken dinner, at the Wesley United Methodist Church in Whitmore Lake.

## The Sweet Sound Of Manchester

The twenty-sixth day of June nineteen hundred and seventy-five must have been one of the greatest and most beautiful days this summer...this year...in my whole life. The weather was balmy and delightfully warm. The temperature reaching into the eighties was stirred and alighted by a gentle breeze that made music in the leaves. The good Lord must have enjoyed our efforts at making good music to give us such a fine day.

Music makers, their families, and friends had gathered early in anticipation of this fine event. When I arrived, the musicians were warming up and playing quick little tunes. Within a few minutes things were in full swing. The young peoples band was sending notes through the air, playing contemporary melodies, that drifted about before settling on our ears. These magnificent young musicians among whom were Julie Johnson, Mike Fisk, Lynn Gonyer, Sheryl Dettling, and JoAnn Kastl, played Brandy, Ski-Boom, Heart of Gold, and several other selections. Two other members, Jim Duncan and Tammy Rhodes also played solos for us.

The band took a break and Kathy Tobias, Laurie Gonyer, and Don Brown entertained us with violin solos, duets, and later they formed a trio. Their music consisted of old ballads, country and good ole foot stomping renditions. Now it was time for improvisation. Every one started playing with anyone who knew the tune or had the music. Some one ran home to get their instrument and some more music. One pretty and mysterious lady, who would not identify herself got up to play her comb. (Glean Wahl came back were ever you are!)

We all had a great time frolicking about, listening to the music, and playing. The time and participant alike will agree a wonderful day, and a wonderful day in the past enjoying the music. And only one complaint was received for the two and one half hours. "How come there wasn't more music?" Do you know??

## JAYCEE SOFTBALL TOURNAMENT
