BELOVED ENEMY

Beloved Enemy, winner of the National Evangelical Film Foundation award as the best evangelistic film of the year, will be shown at Iron Creek Church on July 13 at 7:30 p.m.

Sweeping from the ski slopes of Northern Michigan to guerrilla infested jungles of the tropics, BELOVED ENEMY tells the dramatic story of a young space-age scientist who is rejected by the girl he loves because of his unbelief. Embittered, he sets out to disprove the deity of Christ through a careful and honest investigation of the accuracy of the Gospels and the massive evidence for the physical resurrection of Jesus Christ.

Convinced of the truth of the Bible, Mark, played by Tony Mockett, follows Lynn, played by Flo Price, a well-known Christian musician, to the jungles of Latin America where both are trapped in a political upheaval. Their escape from a communist concentration camp and headlong flight to escape the bullets of the guerrillas provides many moments of excitement and suspense. BELOVED ENEMY, the tender and heart-warming story of young people in love, is a film for both teens and adults. Its scholarly defense of the Christian faith makes it a film everyone must see.

SATURDAY NITE SINGLES

The Ann Arbor Saturday Nite Singles 25 and over will have a potluck Saturday, July 12 at 7:30 p.m. The cost will be 75¢ plus a dish to pass. There will be a dance from 9 to 12 with music by the orchestra "Guy and Gal". For further information call 663-6068.

FREEDOM ISN'T FREE

On July 4, 1776—199 years ago—in the old Pennsylvania State House in Philadelphia, the adoption of the Declaration of Independence took place.

It was with high hopes that our forefathers planned and drew up the Constitution of the United States and gave to the world a concept of government which, if applied, would destroy the shackles of tyranny and give hope, ambition and freedom to millions throughout the world.

Those men who signed that document knew there would be serious times ahead for the infant nation. They carefully wrote into it every safeguard they knew. Basic among all their thoughts was individual freedom. They hoped their document would be so worded that it would keep free all those who followed.

James Russell Lowell was once asked, "How long will the American Republic endure?" His answer was: "As long as the ideas of the men who founded it continue dominant."

Now, nearly 200 years later, we find ourselves being usurped of our individual liberties. Every legislative session finds laws introduced—and many enacted—which are contrary to the concepts of individual freedom for which our forefathers gave their lives.

Always in the past, when our government found itself slipping strong men came forward and helped raise our government back to its high standard.

It is time again for these grass-roots

Americans to come forward.

Our forefathers had no subsidies, no sensible amendments, no big brother trying to take care of them. They made this nation great because they believed and practiced the fundamental virtues of honesty, integrity, hard work, self-sufficiency and faith in their God. They realized that their leaders would represent them justly, only if they themselves were just.

After nearly 200 years, our nation can continue to be the greatest free nation in the world—but only if we make the effort to make it so. Freedom is not free!

SWIM SAFELY THIS SUMMER

Make this summer a safe one. The Michigan Department of Labor says three out of four accidental deaths and more than half of the injuries suffered by workers occur off the job.

Drowning is a leading cause of accidental death. Drownings occur not only

among recreational swimmers, but also among those who use small watercraft. Drownings also occur among youngsters who play along docks, banks of lakes, and other bodies of water.

Everyone should learn to swim, but in addition, everyone should know these basic rules of water safety: Never swim alone; make sure someone is nearby who can help in an emergency. Swim at a safe bathing place, preferably one supervised by lifeguards.

Beware of unfamiliar areas—they may have treacherous currents, deep holes, debris, or other hazards.

Don't swim when overheated or overtired. Before diving, make sure the water is deep enough and has no hidden hazards.

Know your own ability, don't overestimate it; it's hard to accurately judge distance over water.

If you are going on a distance swim in open water, have someone accompany you in a boat.

Be courteous; consider the safety of others.

double your money

with compound interest

the one
sure way
to build a
fortune

One of the most important, but overlooked, features of savings, is the magical effect of compound interest. If money is deposited

and the interest it earns never withdrawn, the money grows at an amazing rate. Money in most Ann Arbor Federal Savings certificates doubles every 10 years.

Thus, if a person 40 years old with \$25,000 (in savings, coins, cash, value insurance, etc.) puts it into a certificate account at Ann Arbor Federal Savings it will grow to \$50,000 by age 50. By age 60 it will have grown to \$100,000 without adding a penny of his paycheck.

For the person in his mid-fifties, with retirement coming

up in ten years, compounding has even greater significance. If he has actual assets of \$100,000. If he converts these into cash, he can have \$200,000 in ten years and realize an interest income for life of \$10,000 to \$15,000 thereafter.

But what about the person starting out, the twenty five year old. By putting \$50 a month in a 5 1/2% passbook savings account each month and leaving the interest to accumulate and compound, he will have \$21,190 by age 45. Then if he transfers the money to a certificate account

(and never adds another penny) the money will grow to \$87,380 by age 65.

On the other hand if one continues to add to his savings account regularly, it is well within the realm of possibility to accumulate \$300,000 or \$400,000 or more.

At Ann Arbor Federal Savings your dollars are not subject to market fluctuations, so you are sure when you reach the age at which you want to start using some of your money or earnings it will be there.

MANCHESTER VILLAGE PLANNING COMMISSION
JUNE 19, 1975

A joint meeting of the Planning Commission and the Village Council was held at the village hall.

A quorum of the Council was present. Members of the Planning Commission present were Leeson, Daniels, Kruss, Tracy, Campa, and Mann. Absent: Crosswell, Whittington, and Allhouse.

The meeting having been scheduled at request of the Council, it was called to order at 9:00 p.m. by President Little.

Mr. Shadinger was in attendance to clarify some points previously raised about his request for a Conditional Use Permit at the Ann Arbor Street location formerly known as Arnold's Service. There is not to be any actual expansion of the structure, but he does plan to convert a portion of the existing building to accommodate a party store and a laboratory. The question of sale of alcoholic beverages is not in consideration at this time. The business is to be operated from 7:00 a.m. until 9:30 p.m. and my lights or displays will be subdued at other times.

For Planning Commission action, it was moved by Tracy that it be recommended to Council to grant a Conditional Use Permit to Douglas V. and Arlene F. Shadinger for the construction of sale of gasoline and related automotive supplies, and the sale of groceries and party items within the converted existing building at the location specified: 500 Ann Arbor Street. Entrance to the grocery store to be in the rear, with adequate parking area also at the rear of the building. The motion was supported by Mann, and the roll-call vote: four yes, one nay, and one abstention. Declared approved.

Mr. John English was in attendance, on behalf of Double A Products Co., to explain several details in regard to Double A's request for consideration under

Michigan's "Plant Rehabilitation and Industrial Development Districts Law of 1974".

Following lengthy discussion, it was moved by Tracy (for action by the Planning Commission) that it be recommended to Council to hold a public hearing on the question of whether or not to establish a portion of the Double A Products Co. properties as an "Industrial Development District". The motion was supported by Daniels. The vote all ayes. Declared passed.

For action by the Council, it was moved by Mann that July 14, at 6:00 p.m. be set as the time, and the Village Council Chambers be the place for the above recommended hearing, and that notice of the hearing be published each of the two preceding weeks in the Manchester Enterprise. Motion supported by Mahony, and unanimously approved.

Minutes of the last meeting of the Planning Commission were read, and on the motion by Tracy, seconded by Daniels, were approved.

A motion for adjournment was made by Mahony, seconded by Scully. The meeting was declared adjourned, at 10:30 p.m.

Lauren F. Leeson, Sec'y. M.V.P.C.

Beautiful Surprise—Coconut Cream Pie

There's no better way to delight family or guests than to serve made-at-home pie. Coconut Cream is an old favorite. This recipe, developed in the Argo kitchens makes a pie filling that cuts easily and is creamy-smooth.

- Coconut Cream Pie**
1 baked (9-inch) pastry shell
¾ cups sugar
¼ cup corn starch
½ teaspoon salt
2½ cups milk
3 eggs, separated
1 teaspoon vanilla
1 cup flaked coconut
6 tablespoons sugar

Mix together ¾ cup sugar, corn starch and salt in double boiler. Gradually stir in milk until smooth. Cook over boiling water, stirring constantly until thick enough to mound slightly when dropped from spoon. Cover; cook 10 minutes, stirring occasionally. Beat egg yolks slightly. Stir a little hot mixture into egg yolks, then stir all into remaining hot mixture. Cook over boiling water, stirring constantly, 2 minutes. Remove from boiling water. Add vanilla. Cool. Fold in ¾ cup coconut. Turn filling into baked pastry shell. Make meringue from egg whites and 5 tablespoons sugar. Spread over filling. Sprinkle with remaining coconut. Bake in a 425° F oven 5 minutes or until meringue is browned and coconut toasted.

RESOLUTION TO BE USED TO INDICATE THE BUILDING PERMIT SYSTEM WHICH THE COMMUNITY HAS ADOPTED AND THE REVIEW PROCEDURE FOR THE SYSTEM

WHEREAS, the Village of Manchester has adopted and is enforcing State of Michigan Boca Code and local ZONING ORDINANCE;

WHEREAS, Section of the aforesaid prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Supt. of Public Works.

WHEREAS, the Supt. of Public Works must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

NOW, THEREFORE, BE IT RESOLVED by the Village Council as follows:

1. That the Supt. of Public Works shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (a) be de-

signed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and
3. That the Village Council shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.
Date passed June 16, 1975

The gift certificates are good only at participating merchants. Come along and have some fun. It's always an adventure to discover what L.V. Kirk has for sale this year.
The Chicken Broil is upon us and this year we have a new project, the development of the lake behind the water tower. The Chicken Broil has been responsible for many fine community projects throughout the years and the effort put forth is enormous. Everyone in town works hard and the entire Village benefits from the hard work.
Other good things are happening in the Village. On City Road passers-by are intrigued with the restoration in progress on the Lowery house on the corner of City and Wolverine where some of the old stucco has been removed and lovely wood paneling has appeared on the bay window. It's gratifying to see the fine old homes in Manchester brought back to beauty and original styling.
Along Main Street at the town common, the petunias bordering the road are more

colorful than ever. The great difference this year is the CETA program. The cooperative effort of the U.S. Dept. of Labor and the U.S. Environmental Agency has provided us with young people on a summer work program which fills in with special projects not always covered by local workers. A couple of young women were sitting on the curb in the blazing sun and painstakingly weeding the flowers last week and without a pause worked along the curb. They are fine young people and working very hard. Our thanks to them.

ATTENTION TIGER FANS

Once again the Manchester Recreation Department is sponsoring a trip to Tiger Stadium to see the Tigers play the Cleveland Indians. The game will be played on Saturday, July 26. Buses will be leaving from the Athletic Field at 11:30 a.m. on July 26. Since it is Ladies/Retirees day all women, retired men, and boys 14 years of age and under can buy a ticket for 50 cents. All male adults 15 years of age and older can purchase a general admission ticket for \$2.50. All those interested in going to the game must turn their money into Mr. Schick or Mr. Bartels at the Athletic Field on any week day from 9:00 a.m. to 11:30 a.m. The deadline for ordering tickets is Wednesday, July 23. Tickets will pass out before the buses leave on July 26.

Pack 433 Round-up and Fun Night

How many did he do?

I can jump that far!

Hey! Look at that ball go!

The winner!

The Pleasant Lake Cub Scout Pack held their round up for new cub scouts and fun night last month. The new cubs signed up are Brian Finkbeiner, Joe Ebersole, Steven Vicek and Jonathan Caray. Any boy age 8 to 10 years old who would like to join Pleasant Lake Pack call the Cub Master at 428-2611.

The fun events included a tire race, tug-a-war, three legged race with parents and two innings of softball.

The June Pack meeting was the first summer activity for cubs to earn a summer time Badge Award. The next summer activity will be held July 31 which will be a hayride and hot dog roast. All new cubs are invited to attend. We will meet at Pleasant Lake School at 8:00 sharp. Bring a permission slip if parents are not going to attend. Our August summer activity will be a swimming party at the Cub Masters. All cubs attending all three summer activities will receive a summer time Badge Award.

Athletic Physical Cards Available

It is very highly recommended by the doctors and administration that each athlete try to get a more complete physical through their family doctor. Physical cards will be available at the High School. Physicals for those who cannot get to their own doctors will be given on Friday, July 18 and Tuesday, July 22. All boys going out for sports should report to the boys locker room at 8:00 a.m. on Friday, July 18. All girls planning on taking part in athletics this year should report to the girls locker room at 9:00 a.m. on Tuesday, July 22. All physicals will be administered at the high school.
