Card of Thanks

I would like to thank the following merchants for their donations in order that we could have proper equipment for the Pleasant Lake boys and girls softball players: Habs Hardware, Kar's Service and Patsy's Superette, Luckhart Electric, Union Savings Bank of Pleasant Lake, and Weber's Bar. Henry Monette

I wish to thank the students and faculty for the lovely plaque that they gave to George Shaw. Thanks again for your thoughtfulness. Mrs. George Shaw and sons

We would like to express our appreciation to our friends and neighbors for the lovely cards and acts of kindness during our recent loss. A special thanks to Rev. Damburg and Ron Jenter. The Family of Fern Eckles

108TH YEAR VOLUME NO. 37 10 CENTS PER COPY THURSDAY, JULY 17, 1975

Manchester Merchants Side Walk Sale July 25

Sidewalk days coming up! Step right up all you fine folks! Step right this way and enjoy a day of shopping and bargains for all. Twenty three merchants participating and savings for everyone. Clothes and gifts and notions and cotton candy. Turn the children loose and enjoy the day, strolling, shopping and chatting with old friends. Prizes too!!! Beginning Monday, July 21st you may enter at all participating merchants until 6 p.m. Friday, July 25th. At 7 p.m. on Friday, the drawing will be held at Mann's Mill and you MUST be present to win. Here are the prizes:

1st prize --- \$50 gift certificate
2nd and 3rd prizes --- \$25.00 gift certificates.
4th prizes --- Ten gift certificates for \$10.00 each.

The gift certificates are good only at participating merchants. Come along and have some fun. It's always an adventure to discover what L.V. Kirk has for sale this year. The Chicken Broil is upon us and this year we have a new project, the development of the lake behind the water tower. The Chicken Broil has been responsible for many fine community projects throughout the years and the effort put forth is enormous. Everyone in town works hard and the entire Village benefits from the hard work.

Other good things are happening in the Village. On City Road passers-by are intrigued with the restoration in progress on the Lowery house on the corner of City and Wolverine where some of the old stucco has been removed and lovely wood paneling has appeared on the bay window. It's gratifying to see the fine old homes in Manchester brought back to beauty and original styling. Along Main Street at the town common, the petunias bordering the road are more colorful than ever. The great difference this year is the CETA program. The cooperative effort of the U.S. Dept. of Labor and the U.S. Environmental Agency has provided us with young people on a summer work program which fills in with special projects not always covered by local workers. A couple of young women were sitting on the curb in the blazing sun and painstakingly weeding the flowers last week and without a pause worked along the curb. They are fine young people and working very hard. Our thanks to them.

Attention Tiger Fans
Once again the Manchester Recreation Department is sponsoring a trip to Tiger Stadium to see the Tigers play the Cleveland Indians. The game will be played on Saturday, July 26. Buses will be leaving from the Athletic Field at 11:30 a.m. on July 26. Since it is Ladies/Retirees day all women, retired men, and boys 14 years of age and under can buy a ticket for 50 cents. All male adults 15 years of age and older can purchase a general admission ticket for \$2.50. All those interested in going to the game must turn their money into Mr. Schick or Mr. Bartels at the Athletic Field on any week day from 9:00 a.m. to 11:30 a.m. The deadline for ordering tickets is Wednesday, July 23. Tickets will pass out before the buses leave on July 26.

Pack 433 Round-up and Fun Night

How many did he do?

I can jump that far!

Hey! Look at that ball go!

The winner!

The Pleasant Lake Cub Scout Pack held their round up for new cub scouts and fun night last month. The new cubs signed up are Brian Finkbeiner, Joe Ebersole, Steven Vioek and Jonathan Caray. Any boy age 8 to 10 years old who would like to join Pleasant Lake Pack call the Cub Master at 428-2611.

The fun events included a tire race, tug-a-war, three legged race with parents and two innings of softball. The June Pack meeting was the first summer activity for cubs to earn a summer time Badge Award. The next summer activity will be held July 31 which will be a hayride and hot dog roast. All new cubs are invited to attend. We will meet at Pleasant Lake School at 8:00 sharp. Bring a permission slip if parents are not going to attend. Our August summer activity will be a swimming party at the Cub Masters. All cubs attending all three summer activities will receive a summer time Badge Award.

Athletic Physical Cards Available

It is very highly recommended by the doctors and administration that each athlete try to get a more complete physical through their family doctor. Physical cards will be available at the High School. Physicals for those who cannot get to their own doctors will be given on Friday, July 18 and Tuesday, July 22. All boys going out for sports should report to the boys locker room at 8:00 a.m. on Friday, July 18. All girls planning on taking part in athletics this year should report to the girls locker room at 9:00 a.m. on Tuesday, July 22. All physicals will be administered at the high school.

Township Report

The regular meeting of the Manchester Township Board was held at the Village Hall, Monday June 9, 1975 at 8:00 p.m. The members present were Clarence Fielder, Dorothy Burch, Ambrose Lentz and Waldo Marx; Lyle Widmayer absent. The minutes of the regular meeting of May 12, 1975 were read by the clerk and corrected. Moved by Ambrose Lentz and supported by Dorothy Burch that the minutes be approved. Motion carried. The following bills were then presented by the clerk to be paid:

1. American Legion Post #117 - 25 dozen Spearhead flags \$97.40 - \$185.00 Less 20% discount - \$37.00 Total \$148.00
2. 5-24-75 D'Agostines Florist (American Legion by M. Kern) 2 wreaths \$20.80.
3. Manchester Enterprise 5-8-75 to 5-29-75 Advertise legal township reports and Planning Commission \$55.90.
4. Tom Marshall - Anti rust \$1.77 Paint \$15.12 (Fire Dept.) \$16.89.
5. Ace Hardware - (Manchester Fire Dept.) Putty knives and cloths \$11.62.
6. Grossman Huber Service - Gasoline for Fire Dept. 5-3-75 \$20.61.

7. Manchester Township Library Board-Books from Rev. Sharing 1975 \$500.00.
 8. Spears Fire and Safety Services, Inc. for Fire Dept. \$28.10.
 9. Michigan Township Association Dues \$385.00 plus 10% twap Defense Fund \$38.50 \$423.50.
 10. June 9, 1975 - Margaret Fielder 15 hrs. clerical work @ \$2.00 per hour \$30.00.
 11. Clarence Fielder - 8 Plat Books @ \$5.00 each \$40.00
- Total -----\$1,296.42

It was moved by Dorothy Burch and seconded by Ambrose Lentz that the bills be paid as read. Motion carried. Dorothy Burch read the Treasurer's report. Approved as read.

The motion was made by Ambrose Lentz and seconded by Waldo Marx to accept the Resolution presented of Robert Lee Durham for a Conditional Use Permit If the Manchester Township Planning Commission approves same June 23, 1975. Motion carried. Resolution in minutes.

The motion was made by Dorothy Burch and seconded by Ambrose Lentz to accept the Resolution of Leona Hilton and Mary Katona for a Conditional Use Permit provided the Manchester Township Planning Commission approves same June 23, 1975. Motion carried. Resolution in minutes.

W. Ray Beck and Helele Beck were present with a Resolution for a Conditional Use Permit for Barry L. Olette and approval for a private road for access to said parcel. Dorothy Burch made a motion to accept the Resolution if approved by the Manchester Planning Commission June 23, 1975. It was seconded by Ambrose Lentz. Motion carried. Resolution in minutes.

The Beck's were told by the Board to go to the Washtenaw County Road Commission to discuss the construction of their private road.

The motion was made by Ambrose Lentz and supported by Waldo Marx to increase the bodily injury insurance for Manchester Township from \$50,000 to \$200,000. Motion carried.

Clarence Fielder is going to meet with the Fire Department to determine a means of warning people in the event of a tornado warning.

The motion was made by Lentz and supported by Marx to stop payment on Check

#115 to Earl Alber dated 3-26-1975 and rewrite a new check as Mr. Alber never received it. Motion carried. The motion was made by Lentz and seconded by Dorothy Burch to accept the Township Board of Manchester Township and that Clarence Fielder, Dorothy Burch, Ambrose Lentz and Waldo Marx all voted for the adoption of said ordinance. Lyle Widmayer, another board member was absent.

Ambrose Lentz made the motion to approve the following citizens for the Site Committee for a New Fire Hall. Waldo Marx supported the motion. All years, carried.

Maynard Blossom, Jeannette Kirk, Jeanne Morrison, Eugene Bentschneider, James Kensler, Charles Cresswell, Harold Burch and Robert Chapin.

There will be a joint session of the Manchester Township Board and the Site Committee on Monday, June 16, 1975 at the Manchester Town Hall at 7:30 p.m.

Constable Lyle Moore was present and gave a report on the Seminar he attended at Potoskey, Michigan.

There being no further business, Ambrose Lentz made the motion to be adjourned, seconded by Dorothy Burch. Motion carried. Meeting adjourned. Waldo C. Marx, Township Clerk.

NAMED TO DEAN'S LIST

A total of 1,738 undergraduate students are named in the second semester Dean's List at Western Michigan University. To be included, a student must have completed a grade point average of at least 3.5 while enrolled in 14 graded hours of class work. Straight A is 4.0. Anita C. Kirk, 10113 Grossman Road, Manchester was named to the Dean's List for the second semester. Anita is the daughter of Mr. and Mrs. Marvin Kirk.

AWARDED SCHOLARSHIP

Pamela Widmayer, daughter of Mr. and Mrs. Vearl Widmayer of 10856 Chelsea Road, Manchester, has been awarded a Community College Honors Scholarship for the 1975-76 academic year at Eastern Michigan University.

A new transfer student of Eastern, Pamela received the scholarship solely on the basis of academic achievement. She will be a junior this fall studying Dietetics.

ORGANIST TO PERFORM
Donald Renz will play a recital of organ music on the recent Moller installation in Zion Lutheran Church of Chelsea, Michigan on Sunday, July 20, 1975 at 7:30 p.m.

The recital in memory of Edna Burkhardt, will feature works for trumpet and organ, and Renz will be assisted by David Kleckner, a trumpeter from Northville Michigan, who is now a student at Wayne State University in Detroit. Works include: Aria (Sonata for Trumpet and Piano), Opus 51, Peeters; Carillon, Sowersley; and Toccata (from Symphony No. 5), Opus 42, Widor.
Renz, a native of Ann Arbor, Michigan received the Bachelor of Music and Master of Music degrees from the University of Michigan in 1971 and 1972, respectively. He has studied organ with Mary McCall Stubbins, Robert Glasgow, and Dr. Donald W. Williams. He has served as assistant accompanist for the University of Michigan's Chamber Choir, and has toured with that group throughout Italy, Germany, and Russia. He has also toured Europe and South America as accompanist for the Youth for Understanding Chorale and String Ensemble.

Jaycee Auxiliary Baby Contest

The Manchester Jaycee Auxiliary will again run the 6th Annual Baby Contest. The contest is open to anyone in the Manchester School District. Your baby must be between the age of birth to three years. Send your baby's picture with name, address and age on the back to the Manchester Jaycee Auxiliary, P.O. Box 314, Manchester, Michigan 48158. The deadline is July 24. The canisters will be placed at the Union Savings Bank from July 28 through August 11. The winner will be determined by the most pennies in the canisters. A \$25 Savings Bond will be awarded to the winner and he or she will also ride in the Manchester Fair parade. Proceeds will go to Community projects. Auxiliary members babies are exempt.

NATION FARM SAFETY WEEK 1975

President Ford has proclaimed the week beginning July 25, 1975 as National Farm Safety Week. As pointed out in the Proclamation, the hardworking men and women on America's farms are entrusted with the immense responsibility of producing our Nation's food and fiber, and helping to nourish millions in other countries.

The important human resource represented by our farmers and ranchers must work in an environment of safety and well-being to produce these materials needed by America and the world. Each year, too many farm workers are killed or seriously injured in preventable accidents. Planning in advance for a safe farm environment can help save the lives and health of these workers. In keeping with the President's concern for the safety of rural people, and to help prevent the human suffering and material losses caused by farm accidents, the Department of Agriculture is renewing its

year-round program of education and information on farm and home safety. Farm Safety Week this year gives us an excellent opportunity to point out ways of eliminating safety hazards by pre-planning for safer practices on each individual farm. It is important that all those who work with American agriculture assist in this effort.

FARM BUREAU SERVICES TO RECOGNIZE OUTSTANDING FEEDERS

A \$1,000 cash award and a plaque of recognition await the dairy, poultry, beef or swine farmer in Michigan who shows the highest standards of production, outstanding community involvement, and who feeds his livestock on Farm Bureau feed. The winning producer will be presented with his award at the Farm Bureau Services annual December meeting in Grand Rapids. In addition, outstanding feeders from each of the five Farm Bureau districts in Michigan will receive cash awards of \$100. County winners will be presented with plaques.

"We have sent nearly a thousand sets of nominating rules and evaluation forms to Farm Bureau Community groups all over the state," said Feed Department Manager Donald Shepard. "We figure the best people to choose the nominees for 'Michigan Feeder of the Year' are those who know them best, because the winners will be selected for good citizenship as well as farming leadership."

District and statewide winners will be selected by a committee made up of elected and administrative officials of Michigan Farm Bureau and affiliate cooperatives.

"We're proud of our cooperative feed producing ability, and we're proud of all

the farmers who have helped make cooperatively-manufactured feeds the standard of comparison all over the world," said Shepard. "This is one way in which the cooperative can return thanks to the farmer-owners and patrons who have made it strong and workable."

Deadline for submission of county nominees for "Michigan Feeder of the Year" is September 15, 1975.

WINNERS OF HORSE SHOW

The latest winners, in the Spur of the Moment Saddle Club Horse Show, held in White's Arena on Esch Road, Manchester, the first Sunday of every month, from June thru October are:

 Min: Goldie, owned by Leonard Speigelberg family, and ridden by Rex Speigelberg.

The Governor has just signed House Bill 4803, 4806 and Senate Bill 227, dealing with Medical Malpractice in Michigan. Senator Hal W. Ziegler (R-Jackson), who was the sponsor of S.B. 227, feels that Michigan is making giant steps forward in malpractice legislation.
 "I feel that Michigan is emerging as one of the pioneers in adopting major malpractice legislation," Ziegler said.
 "One of the things that was very encouraging to me was the way different interest groups were able to work collectively toward one common objective - stronger legislation dealing with malpractice. The physicians, attorneys and insurance people worked closely to insure every detail was as plausible as possible."
 "There are many states that had to resort to bitter arbitration and strikes in order to accomplish their aims, but groups in Michigan were very cooperative on the whole. There are bound to be differences of opinion, but most of the difficulties were ironed out by discussion and compromise."
 "I think we have a good package of malpractice legislation and I am proud that Michigan has been one of the first states to make substantial progress in this area."
 Senator Ziegler has been one of the major forces behind the push for stronger malpractice legislation in Michigan.

Attending the signing of several Medical Malpractice Bills, State Senator Hal W. Ziegler (middle) watches Governor Milliken sign into law one of four bills to eliminate the malpractice crisis in Michigan. Sen. Ziegler sponsored one of the bills that puts a time limitation on the filing of malpractice suits. Also pictured are State Senator Basil Brown (D-Detroit) and Governor Milliken.

IT'S TIME TO SWITCH Chiropractic Patients Speak Out
to CHIROPRACTIC
and
here's
WHY

CALL TODAY FOR APPOINTMENT 456-4747
 Area Code 517
 Dear Dr. A. Ellerholz,
 This letter is to express my thanks, and let you know I believe in chiropractic adjustments. I came to your office after reading your ad in our Manchester Enterprise. After the first adjustment all the pain in my back was gone. As of now, after (12) adjustments, I feel like a new person. I was taking drugs, plus aspirin every (3) hours, still no relief, so I was willing to try the chiropractic adjustments.
 The year 1963, I was told I had arthritis the painful kind, plus I have sinus, also I am very nervous, but today I feel no pain, my sinus has cleared up plus I'm much more calm, and like I said above, I'm like a new person.
 I will always have my monthly check-up, as I will not live with pain again.
 Dr. Ellerholz, I thank you again.
 Maureen Strong
 531 Adrian Street
 Manchester, Michigan 48158

Dear DR. A. Ellerholz
 Thank you for taking away so much pain. Also for helping me to be able to get out of bed, then being able to get around in a wheel chair and now I am able to get out and go shopping on my own.
 The doctors in Ann Arbor told me I would have to be on medication the rest of my life in order to live with the pain. But now I take no more pills or medication and the pain is gone.
 I wish everyone knew what Chiropractic could do for them and what wonderful results I have received since I've been under Dr. Ellerholz's care. My only regret is that I did not try Chiropractic Sooner.
 Anna Pratt
 212 Brown St.
 Clinton, Michigan

Pinched Nerves

 Most people have heard of the term "Pinched Nerves". It is usually associated with numbness, tingling, slight pain, and a feeling of pins and needles in the arms and hands or in the legs. It should light up a gigantic light saying, "SEE YOUR CHIROPRACTOR", but apparently it doesn't. We have been slow in being "Good Samaritans" in offering help by advising people with "Pinched Nerves", the tremendous benefits of Chiropractic care.

When there is a vertebra out of position pinching on a nerve, and thus causing someone to be sick, there is only one thing to do to get that person well again—and that is to move the vertebra. Since very few of our nerves have anything to do with pain, numbness, heat, cold, or pressure, it must of necessity be that when enough nerves are being pinched by the vertebra to cause the sensation of numbness, etc., that more important nerves are also being pinched—nerves that go to the muscles, heart, lung, liver, kidney, pancreas, etc.
 All the pills in the world will never move the vertebra back off of the pinched nerves. To the contrary, while drugs may temporarily interfere and deaden some of the nerves (also including the nerves to vital organs) so that pain is diminished, there is evidence that almost 200 people die DAILY as a result of adverse reactions from drugs. In addition, more hundreds are being permanently maimed by these side affects. New evidence indicates that much of the cause of senility is the result of drugs destroying brain cells. People who are using pain-killing drugs are jeopardizing their health and LIFE. We all share in the responsibility of informing these people of the hazard they are doing to their body, as well as informing them of the hope and help they can have by having the vertebra adjusted by your family Chiropractor so the nerves are no longer pinched.

Chiropractic is a...
Family
Affair

Children respond to Chiropractic care in many ways. When they are sick they make the best possible Chiropractic patients because of their ability to respond so quickly. It is often amazing the way life and health flow back into the body of a sick child. As gratifying as this fact is to the Chiropractor, his greatest joy comes not from physical response but from the mental response exhibited by his young patients. Children seem to become more alert, they seem to gain a greater ability to concentrate, and in a vast majority of cases their grades in school improve once Chiropractic care begins. Pressure on the nervous system of a child seems to effect them more quickly and more severely than in the case of adults but when the pressure is removed by painless, scientific Chiropractic adjustments response is almost immediate.

"Your trouble is nerves, just nerves, that's all," many have been told. But your nerves are too important to your body to be dismissed so easily.

Nerves make possible every function of your body. Your nerves transmit all sensation to and from the brain. Your nerves make possible sight, smell, taste and hearing. Nerves maintain your balance and keep your body temperature at 98.6 degrees. Nerves control your blood pressure, stomach action, blood flow, speech and breathing. Nerves make your bowels move. Nerves make it possible to swallow. In fact, every function taking place in your body is under the control of the nerve system, often called "THE MASTER SYSTEM OF THE HUMAN BODY."

NATURE'S HEALING POWER

Perhaps you have never been blessed with natural health — natural health that comes only when you have a perfect, unblocked nerve system. I'm talking about the solid "your-for-life" kind of health that gives you boundless strength and energy for the day's work — inside firm tissue and muscles all over your body — fights off the usual deterioration of "middle age" — brushes aside sickness, shrugs off ordinary aches and pains — rewards you continuously with that "Isn't it great to be alive" feeling — day after glorious day.

Yes, that's the kind of health I mean. Not one person in a hundred has it today, but chances are you can enjoy health like that — if you are willing to open your mind to a new look at life and health.

HEALTH THAT LAST

All healing of lasting value comes from within the body. You were born to be healthy, and health is within you now. But good health depends on good nerve function.

Nerves are the electrical system of the human body, and the spinal column is the "switchboard" controlling health.

The nerve chart clearly shows how the nerves to all parts of the body start in the brain, pass down inside the spine, exit through narrow openings between the vertebrae, and extend outward to the various organs and limbs.

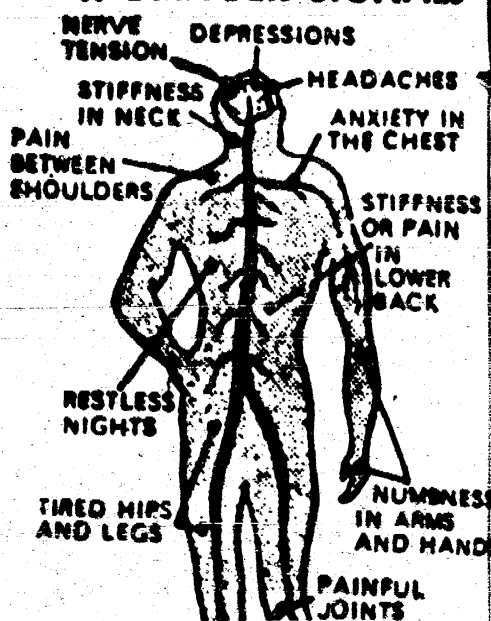

Any pinching of these nerves as they leave the spine can cause trouble in the organs or limbs serviced by these nerves.

KEY TO THE NERVE HEALTH

The doctor of chiropractic works with the spine and nerves. He has spent many

years studying and learning the innermost secrets of the human nerve system. His objective is to locate and correct the nerve trouble that may be causing the abnormal functions and disorders in your body. By freeing the "blocked nerves", your chiropractor releases nature's wonderful healing power.

11 DANGER SIGNALS

If you're having problems with any of the above conditions call your CHIROPRACTOR R

HEALTH IS A FAMILY AFFAIR... YOU CAN BE A CHIROPRACTIC FAMILY AND HAVE THE HEALTHIEST FAMILY ON THE BLOCK.

KIDS—THINK IT'S GREAT!! (NO SHOTS)
MOM—THINKS IT'S GRAND!!! (NO PILLS)
DAD—THINKS IT'S TREMENDOUS!!! (LESS BILLS)

Expert Calls Aspirin Dangerous To Children

Aspirin is the most dangerous drug for children because of its availability, says a poison prevention expert, Dr. Richard W. Moriarty of Pittsburgh.

"We don't like it as a drug. The kids' aspirin is flavored and made to taste like candy. Why play games with kids?" he said. "In most cases, when a kid is given aspirin, he doesn't even need it."

"The most common use is to bring fever down. There's nothing wrong with a temperature of 101 or 102. Kids like to have their fevers at 3 o'clock in the morning when the world is dead. Parents panic and give them aspirin, and frequently it's an overdose."

Between 3,000,000 and 5,000,000 children suffered poisoning in the United States last year, Moriarty said.

The Quitters

A small percentage of patients consulting doctors of chiropractic quit after two or three visits before they have had a chance to respond to correction of ailments that have existed for weeks, months, even years. These people throw away their chance for better health when they quit and return to an M.D. who didn't help them in the first place. Or, they may undergo unnecessary and expensive surgery and experience many weeks of additional disability and suffering.

When your doctor of chiropractic accepts your case he is professionally sure he can help you. If you need to see another type of doctor, he will so advise you. So, when you do consult a doctor of chiropractic, give him a fair opportunity to help you. Don't be a quitter before you've had a chance to improve.

CALL TODAY ANSWER THE FOLLOWING QUESTIONS HONESTLY
456-4747

	Yes	No
Is anyone sick in your family now?	----	----
Are you or anyone else taking medication now?	----	----
Don't forget aspirin, excedrins and the other pain killers too	----	----
Do you feel run down "your get up and go has done got up and went?"	----	----
Do the children run fevers and get upset stomachs regularly?	----	----
Do the children have allergies or asthma?	----	----
Mom, do you have a problem with your monthly?	----	----
Dad, how about your back or shoulder pains?	----	----

Don't you think it's about time to re-evaluate you and your family's health needs and decide today to correct the cause of your problems - stop treating the effects.

Why not bring your family in for Chiropractic Corrective Care. Once the cause of your problem is corrected, then let Chiropractic help you to continue that good health with maintenance care - once a week, every two weeks or once a month - whatever is right for you. Only your Chiropractor really knows.

WHY CHIROPRACTORS MUST ADVERTISE . . .

When a person becomes ill, he seeks help. And contrasted with other professional services, there is a choice. People in legal difficulty can only consult a lawyer. Those with toothaches must see a dentist.

But a person who is ill has several choices. He may consult:

- a Medical doctor
- a Chiropractic doctor
- or an Osteopathic physician.

The patient chooses the profession he believes can help him the most. This choice depends upon what he was taught as a child and the information and impressions he is exposed to in the world about him.

Newspapers and magazines are filled with reading matter about medicine — either in articles or advertisements by drug companies. Radio and television provide constant exposure to medical themes or medical advertisements. Indeed, one of the most popular programs on TV is the "practice" of "Dr. Marcus Welby M.D."

The media is strangely silent about Chiropractic.

Yet the Chiropractic profession — a licensed profession — has a distinct service to offer. It is a drugless service.

Many patients who have suffered needlessly after months and years of medical therapy, have all too frequently discovered that they get well after Chiropractic care has been provided. Chiropractors have heard too many patients ask, "Why didn't I know about this sooner?"

The Chiropractic Doctor has a moral obligation to tell people about Chiropractic — what its principle is and what it has done in clinical cases — for no one else will tell that story. There are no drug companies to sponsor the Chiropractic message. There are no highly paid public relations firms to produce the copy which passes as scientific news — and which gets free space in newspapers.

If a man passes a dangerous deep pit in the road which cannot be easily noticed and which might cause someone to injure himself, he has a moral obligation to issue a warning and to place a barricade about the pit lest an unsuspecting neighbor injure himself. He cannot remain silent and be a moral person.

Since a Chiropractor knows precisely what Chiropractors can do to help many sick and suffering people, he must tell the public about it himself. To remain silent is to be immoral. To allow people to suffer needlessly, or to die because of their lack of knowledge about his science, is unthinkable.

Chiropractors are morally obligated to tell people the truth about Chiropractic — and to describe the contrasts beated only in this way.

Yet when a Chiropractor pays to deliver his healing message, Political Medicine, through its well-paid propagandists, immediately cries "foul," "quack," "unethical practitioner," "fraud!"

The Medical Lobby wants no competition. It wants no one to question its methods, decisions and products. It wants total dominance and dictatorship in the health field.

Without bothering to scientifically prove or disprove the effectiveness of Chiropractic science — which M.D.'s in Western Germany and other nations have proved to their own satisfaction — the American Medical lobby censures Chiropractic merely because it is a different approach.

The Chiropractor is proud to be different. He will continue to be different, and he will continue to tell people about Chiropractic. He has nothing to hide — nothing to be ashamed of.

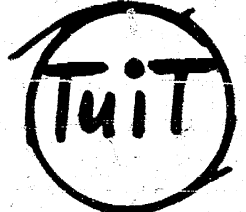

Chiropractic works. It is backed up by millions of satisfied and grateful Chiropractic patients — most of whom had previously consulted various types of therapists and physicians.

If telling the true story in this way is fraudulent and unethical — then so be it.

The Chiropractor will continue in his sincere and conscientious effort to bring an important health message to the public.

HERE IT IS — A ROUND TUIT!
For all you folks who moan, "I know I need an adjustment but I just never get around to it."
What are you waiting for? The best thing to save for your old age is you.

Questions & Answers

WHY SHOULD I BECOME A CHIROPRACTIC PATIENT?

Through scientific research and clinical observation chiropractors have learned that slight displacement of vertebrae causes pressure on nerves, and interferes with vital nerve energy, resulting in disharmony and disease in the body. No other health system is so specific or acts in such perfect harmony with nature's healing power. Chiropractors are trained to locate and correct the spinal cause of disease.

CAN CHIROPRACTIC HELP MY CONDITION?

Yes. The power that created the body can heal the body. If the body is free from nerve impingement and there is an uninterrupted flow of nerve energy from the brain cell to the tissue cell, a state of normal health can exist. Sickness begins when there are spinal displacements, impinging nerves and interfering with the normal nerve energy flow from brain cell to tissue cell. Chiropractors locate and correct the spinal cause of nerve interference. The body has a tremendous capacity for healing and remaining healthy once nerve channels are free.

WHY DOES IT TAKE TIME TO CORRECT MY SPINAL CONDITION?

It takes time for ligaments, muscles, tendons and disc structures to return to their normal position so that they are able to hold the vertebrae in its correct alignment. In the early stage of health restoration there will be a tendency for the vertebrae to return to the old abnormal position. When this occurs, additional adjustments may be needed before the abnormal spinal condition is corrected. The longer the spine remains in correct alignment the more rapidly the body can restore itself to health.

HOW LONG WILL IT TAKE TO OBTAIN RESULTS?

In a short period of time you will begin to feel relief. Some conditions, however, may not respond as rapidly as others because these conditions have been developing over a long period of years.

Once the vertebra has been adjusted, freeing vital nerve energy to all parts of the body, the process of recovery comes quickly and naturally.

TENSION

One of the most outstanding results of the monumental problems that surround us today is TENSION. We cannot solve the problems, but we can help reduce the tension.

The end result of tension can be hypertension, heart problems, nausea, ulcers, diabetes, kidney problems, diarrhea, constipation, headaches, eye problems, dizziness etc.

Obviously, the wrong approach is being taken to control tension. Sedatives and tranquilizers are certainly not the answer.

Chiropractic Science has found that when a vertebra is out of normal position, it will put stress on the Nervous System. This stress will put tension on the whole system so that it cannot function correctly. When more stresses are added, the result may be a breakdown at the weakest point. Chiropractors have found that they can release the tension and stress by adjusting the vertebra back to position.

If you know of a neighbor, boss, teacher, clergyman who has tension, do them a favor and rush them to your family Chiropractor.

DO CHILDREN RESPOND TO CHIROPRACTIC?

Children usually respond to chiropractic adjustments more readily than adults. Their little bodies are growing, the tissues are rapidly developing and can be changed from a state of sickness to a state of health quite easily.

Children love chiropractic adjustments because they are gentle and painless and the doctor does not require them to take harsh tasting remedies. Chronic diseases usually begin in early childhood and develop over a long period of time. The best way to prevent chronic diseased organs and tissues, is to remove the underlying basic fundamental cause of nerve interference in early childhood.

MUST I CONTINUE CHIROPRACTIC CARE WHEN I FEEL GOOD?

Chiropractors believe in the old adage "An Ounce of Prevention is Worth a Pound of Cure"! Regular, periodic check-ups by your chiropractor is your best health assurance. Nerve interference can be detected and eliminated before disability and illness develop. Once a week, twice a month or once a month check-ups are recommended according to the need of the patient in order to maintain a normal state of health.

IF I FEEL BETTER, MUST I RETURN FOR MORE VISITS?

Yes...chiropractors correct the spinal cause of disease. In many cases the patient receives immediate relief, but unless the abnormal spinal condition is corrected, the symptoms usually return. Once spinal displacements occur they are inclined to adapt to an abnormal position. Many times when ligaments and muscles are deprived of vital nerve energy they become rigid and cannot return to their normal position immediately. Sometimes it takes weeks or even months conditioning the spine to free it of displacements and nerve impingements.

HOW LONG DO I HAVE TO STAY UNDER CHIROPRACTIC CARE?

Once you have regained good health as the result of a spine that is free from nerve pressure, you would want spinal examinations regularly to insure continued good health.

ARE CHIROPRACTIC ADJUSTMENTS PAINFUL?

NO...Gentle spinal adjustments are painless. Chiropractors are specially trained to locate and correct displacement in the vertebrae with little or no discomfort. After spinal displacements are corrected the body will feel more active, giving you that healthy, happy feeling.

WHY DO CHIROPRACTORS X-RAY?

X-ray to the chiropractor is like the blueprint to the builder. The chiropractor uses x-rays to help him locate the exact vertebra that is causing the patient's condition. After the analysis has been made, the necessary adjustment can be given to return the displaced vertebra to its normal position.

DO YOU HAVE TO HAVE FAITH IN CHIROPRACTIC TO GET RESULTS?

No! Chiropractic is a scientific way of removing the cause of disease. The body does the healing. A chiropractor's job is much easier if he has the faith and confidence of the patient, but it is not absolutely necessary.

DO OLDER PERSONS BENEFIT FROM CHIROPRACTIC?

No doubt about it! Senior citizens respond exceptionally well to chiropractic care. They are especially grateful now that chiropractic is covered by Medicare.

FOR BACK INJURY SEE YOUR CHIROPRACTOR AT ONCE

If you hurt your back in an on-the-job accident.....
If your back is injured in a fall or other accident.....
If you suffer "Whiplash" neck or back injury in an automobile accident.
SEE YOUR CHIROPRACTOR FIRST.

Injuries to the back and spinal column receive the best and the most effective care from those who are accustomed to dealing with injuries involving the spinal column.
No medicines or drugs, no surgery which removes spinal parts, no injections are going to relieve the pain and suffering and conditions which result from injury to the spine.
Only correction of the CAUSE of the condition will bring permanent, lasting relief and beneficial results. As is the case in all illness and injuries, "Time is a friend to disease." Do not delay.
Even though the "injury" may seem - at first - to be a small thing, do not delay. See your chiropractor right away and be sure. A scientific chiropractic spinal examination can locate spinal subluxations which may not be noticed right away.

CHIROPRACTIC AND THE STARS

NORMA ZIMMER

Norma Zimmer, Lawrence Welk's Champagne Lady, received chiropractic care when she was quite young. "I was converted to chiropractic at a very early age," Norma said. "I had curvature of the spine when I was 10. It was during the depression years and my father, who was violin teacher, exchanged violin lessons for chiropractic care. It helped me so much I've been a believer ever since. We are a chiropractic family."

JAMES ARNESS

"Several years ago my neck really started killing me after I had taken a bad spill. Physiotherapy gave only temporary relief. A friend of mine recommended chiropractic. I could tell right away that the chiropractor knew his job. He took X-rays which showed the cause of my trouble. This chiropractor is the only one who really helped me. He explained that my condition took a long time to get that way and it would not become perfect overnight. However, chiropractic has made all the difference! It's a shame more people haven't taken time to find out more about it. I believe each healing profession has a good reason for existing and each man has the right to pick the right doctor for his health problem."

ROBERT GOULET

"I have no specific problems. I just believe in chiropractic. I started taking chiropractic adjustments because of built-up tensions caused by my very strenuous schedule. Now, whenever I feel tense or start to catch a cold, I go to a chiropractor and get an adjustment. I feel better right away! It releases the tension in my muscles, my blood flows freely and I am healthier!"

RAY SANDERS

"I was a little too much in a hurry to get some muscles on my frame, and started to lift weights. One day I lifted too heavy a load, and when I started to put the weights back on the stand - Wow! Something popped in my back. I went to medical doctors. They braced me up and all that "stuff." My back didn't get any better. Then they sent me to an orthopedic surgeon. He told me I'd have to have an operation. I just didn't feel like having surgery. I figured my back might get better of its own accord, but it didn't. Somebody told me about chiropractic. I had an examination, then an adjustment. Right away I felt better. I'm on my feet,

NAPOLEON HILL

"I have had chiropractic adjustments once a week for the past fifty years. Perhaps this explains why, at the age of 86, my annual physical checkup fits perfectly with the health pattern of a man not over 50 years old. I take chiropractic adjustments regularly - not to get well - but to keep from getting ill."

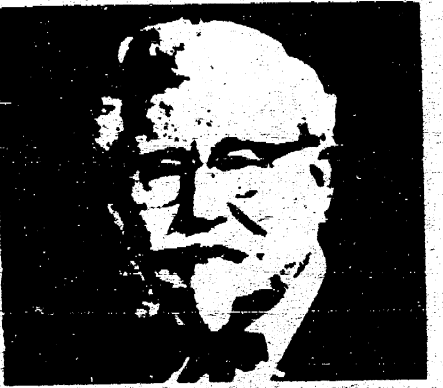

JOHN GARY

"Recently I was in a California hospital suffering from a back lesion. I was in traction for 21 days and getting no better. The five medical doctors treating me could not agree. Finally I discharged them and placed myself under the care of a chiropractor who determined my difficulty and swiftly remedied it. I was walking again after the first adjustment. To maintain my newly-found health, I took my chiropractor with me on a gruelling concert tour I was booked for."

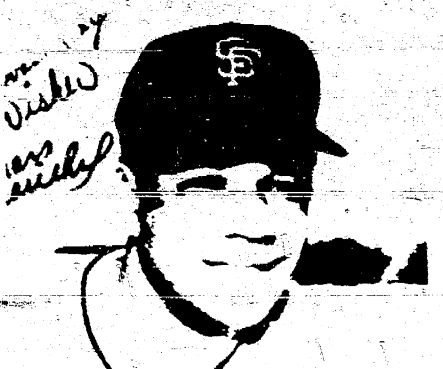

COL. SANDERS

"I attribute my good health to the fact I have taken from one to two chiropractic adjustments every week for the past 53 years just as a measure of good health. Chiropractic is wonderful. I am 78 years old, yet I can do more work than most 30-year-old men. I have had no serious ailments for all of the past 53 years. I use chiropractic as health insurance. I believe that people would be surprised to find how much better health they would have if they saw a chiropractor regularly."

JUAN MARICHAL

"I received injuries to my back and side which hampered my performance. On the advice of friends, I went to a chiropractor. After a thorough examination including spinal X-rays and analysis, I received my first adjustment and my condition improved almost immediately much to my amazement. I want to encourage anyone who is suffering from pain to consult a Doctor of Chiropractic for spinal adjustments as I did."

MELVIN BELLI

"For over 30 years I have had devastating and disabling headaches which made me bellicose, controversial and just plain disgusted with life. I have been to healers of every sort - with no lasting relief, until I tried chiropractic. My headaches disappeared and now they are completely gone! What mountains of pills, stacks of instruments and the combined learning of almost every medical discipline couldn't do, chiropractic has done for me. Maybe I'm biased, but they were my headaches - and I don't have them any longer!"

BILLY VAUGHN

"The record business is rather hectic at times and has subjected me to very severe headaches. I have made many visits to various chiropractors for headaches. No amount of aspirin or medication would help, but a good chiropractic adjustment diluted the pain and very shortly it would go away. This was a real blessing!"

CLINT WALKER

"Without chiropractic care, I couldn't have fulfilled my TV contracts. I kept in shape during the rough-and-tumble action of "Cheyenne" with chiropractic and so did the stunt men. Actually, I was lucky - I discovered chiropractic after injuring my back when I was 21. Chiropractic, you know, is a natural concept - keeping the spine in line is the great big answer to total health."

 Return to: Jaycee Auxiliary, Post Office Box 314, Manchester, Michigan 48138 no later than July 19th.

LEGION AUXILIARY PICNIC

American Legion Auxiliary held their annual picnic at Carr Park on Wednesday, July 9th. New officers will be installed in September: Mary Smith, President; Linda Jacob, 1st vice president; Helen Popkey, 2nd vice president; Arlene Walter, Secretary; Phyllis Baker, Treasurer; Edna Knauss, Chaplain; Ella Kern, Historian; Ruth Hainstock, Jane Kern, Dealer; Richardson, Executive Board. Tool & Die has donated our space at the Fair this year. After some discussion, plans were made to have a Flea Market. Edna Knauss will be chairman of this event. There will be no meeting in August. See you at the Fair!

DEXTER HERITAGE GUILD NEEDS DEALERS

The Guild is presenting its first annual "Country Store" on September 13, 1975 at the High School Gym. We hope to bring to the public all the things you would find in a country store, antiques, collectables, new and old, arts, crafts, produce, baked goods. Booths fees are nominal and there will be no admission charge, for more information call 426-4331 or 426-8852 or drop a line to L. Govaere, 7482 Chamberlain Road, Dexter, Michigan. The purpose of this fund-raising venture to support the Dexter Historical Society's Museum.

ATTENTION CLASS OF 1960

On August 9th we're planning a class reunion at Dolores Bunney's home at 19025 Sanborn Road. Bring a dish to pass and your own bottle. Mix and meat will be furnished. Come at 4:00 or when you get around and we'll eat at 7:00. Plan on spending the rest of the evening visiting. For further information, call Sue Walton at 475-7981 or Dolores Bunney at 428-8580. Hope to see you all. No kids please.

School Board Briefs

The Manchester Board of Education held its annual reorganizational meeting Monday, July 14, 1975 and after swearing in three newly elected members, Bill Bunney, Helen Kessler and Susan Westfall, elected the following officers for the 1975-76 school year: President—Louis Vogel, Vice President—Harold J. Walkow, Secretary—Andrew Luckhardt, Treasurer—Reno Feldkamp. The board designated the third Monday of each month as the regular meeting night. This is a change from the second Monday of each month. Regular board of education meetings will be held in the high school library at 8:00 p.m. on the following dates: August 18, 1975, September 15, 1975, October 20, 1975, November 17, 1975, December 15, 1975, January 19, 1976, February 16, 1976, March 15, 1976. In other business the board designated the following banking institutions as depositories for school funds: Union Savings Bank of Manchester, Ann Arbor Bank, Citizen's Commercial and Savings Bank of Flint, Huron Valley National Bank, Michigan National Bank of Flint and The National Bank of Detroit. The Board of Education also approved the purchase of new typing desks, new carpeting for the high school library, and offered a resolution to apply to the Department of Education for permission to borrow operational monies for the months of October, November and December. John Korican, Athletic Director, gave a report on the athletic program and presented an athletic budget for the coming school year. The board tabled requests for new typewriters and additional teaching personnel until the work session August 4, 1975.

GIRL SCOUTS ATTEND CAMP

This summer 75 Girl Scouts in this area will go to camp with the help of scholarships provided by profits from the annual Girl Scout Cookie Sale, it was announced today by Mrs. Louisa (Jean) Galan, president of the Huron Valley Girl Scout Council. In all, \$2,500 will be spent to ensure that girls who need financial help can attend Camp Linden, the 430 acre Girl Scout camp in Livingston County. Each girl will spend two weeks at the camp, learning to swim, sail, and back-pack, as well as studying nature and ecology. In making the announcement, Mrs. Galan said, "Girl Scout camp is a marvelous experience for any girl. And we are so happy that our successful cookie sale made it possible for us to help meet the costs of camping for so many girls this year."

at a total cost of \$2,215.00. In addition, the Council underwrote all or part of the camp costs of 79 Girl Scouts who applied for aid to the Community Camp Placement Committee. Total cost was \$1,900. The Huron Valley Girl Scout Council is a Washtenaw United Way agency.

LAST WEEK'S RESULTS

took two from Spuds 19-3 and 9-6.

Standings up to July 10th.

Upper League (A)	Lower League (B)
Tool & Die 9-0	Pioneers 7-2
Stamping 7-1	Spuds 5-5
Merchants 4-5	Foxy's 4-4
Legion 4-6	Union Savings 4-5
Black Sheep 3-7	Dairy Queen 3-5
Double A 1-9	Village Tap 4-6

Up coming games:
 Wednesday - Tool & Die vs. Merchants (6:30), Double A vs. Black Sheep (7:30), Legion vs. Stamping (8:30).
 Thursday - Special games for the Chicken Broil. At 5:30 two Manchester girl's softball teams square off. Then at 7:00 an all-star game comprised of players from the 1-3-5 place teams in the upper league against the players from the 2-4-6 place teams. Finally at 8 p.m. the first and second place teams in the lower league will meet (probably Pioneers and Foxy's).
 Monday - Double A vs. Merchants (7:00), Tool & Die vs. Stamping (8:30).
 Tuesday - Pioneers vs. Dairy Queen (6:30), Village Tap vs. Foxy's (7:30), Union Savings vs. Spuds (8:30).
 Last year, 79 girls received full or partial Huron Valley camp scholarships.

Agriculture in Action

Michigan Farm Bureau

THE LONG ARM OF FEDERAL GOVERNMENT

It may sound far-fetched, but the day could come when farmers will need a permit to plow, to widen a ditch, to enlarge or drain a pond down on the farm!

This may not mean much to the urban dweller, but to farmers—who are the most independent businessmen in America—the idea is appalling!

But it could happen if a proposed federal regulation to expand the authority of the Army Corps of Engineers goes into effect. Early this year, in response to a lawsuit filed by a group of environmentalists, the U.S. District Court of the District of Columbia ordered the Corps to expand its authority to regulate the disposal of dredged or fill material in the waters of the United States.

Up until the lawsuit, the Corps of Engineers exercised authority only over navigable waters under the Federal Water Pollution Control Act of 1972. The proposed regulations would put the Corps smack in the middle of every pond and puddle in the country.

Perhaps not intended, the result of the regulation would keep a weather eye on anyone contributing to drainage water flowing into a stream. The theory is probably good, but the result is too far-reaching, according to agriculturalists who have examined the proposal.

 STATE FARM MUTUAL AUTOMOBILE INSURANCE COMPANY
 Since 1899

Farmers say the court has misinterpreted the meaning of the Water Act. When the lawsuit indicated a lack of vigilance in regulating the developers and builders use of wetlands, contained in the act, the Corps responded by announcing "federal permits may be required by rancher who wants to enlarge his stock pond or the farmer who wants to deepen and irrigation ditch or plow a field."

Violation of the Act carries a fine of up to \$25,000 per day and imprisonment. Secretary of Agriculture Earl Buttz, called the action "a dangerous extension of the long hand of the federal government into the affairs of private citizens."

This is just another example of over-zealous application, the limitless expansion of the courts and bureaucratic officiousness.

In simpler language, it's harassment of farmers and ranchers who are trying to grow our nation's food supply.

EMPLOYER'S QUARTERLY FEDERAL TAX RETURN DEADLINE NEAR

Thursday, July 31, is the last day for Michigan employers to report and pay Social Security and withheld federal income taxes for the second quarter of 1975. "Employers have until Monday, August 11, to file Form 941, 'Employer's Quarterly Federal Tax Return,' if they have deposited the entire quarterly tax liability on time in a federal reserve bank or authorized commercial bank," said R.S. Plate, IRS district director.

Employers should use the pre-addressed Forms 941 mailed to them by the IRS.

LEGAL NOTICE

MANCHESTER TOWNSHIP ORDINANCE NO. 15
 AMENDMENT TO MANCHESTER TOWNSHIP ZONING ORDINANCE NO. 9

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED AN ORDINANCE ESTABLISHING ZONING DISTRICTS WITHIN MANCHESTER TOWNSHIP, WASHTENAW COUNTY, MICHIGAN.

THE TOWNSHIP BOARD OF MANCHESTER TOWNSHIP, WASHTENAW COUNTY, MICHIGAN ORDAINS:

Section 1. That Section 18.06 of an ordinance establishing zoning districts within Manchester Township, Washtenaw County, Michigan be and the same is hereby amended by deleting Section 18.06 and substituting the following therefor: Section 18.06 Access to Public Street. a. In any low density residential, single-family residential, mobile park (except as modified by Section 8.04 of this ordinance), local commercial, general commercial, limited industrial and general industrial districts every use, building or structure established after the date of this ordinance shall be on a lot or parcel which adjoins a public street, such street right of way to be at least sixty-six (66) feet in width unless a lesser width was established and recorded prior to the effective date of this ordinance, or shall adjoin a private street which has been approved as to design and construction by the Manchester Township Board

b. In any recreation-conservation and agricultural district, every use building or structure established after the effective date of this ordinance shall be on a lot or parcel which adjoins a public street, or an access easement of record to a public street, such public street right of way or such access easement to be at least sixty-six (66) feet wide unless a lesser width was established and recorded prior to the effective date of this ordinance. Such access easement of record shall serve not more than one (1) dwelling unit or more than one (1) principal use or structure other than a dwelling unit unless such access easement has been approved as a private street as to design and construction by the Manchester Township Board and the Washtenaw County Road Commission.

c. Every building and structure constructed or relocated after the effective date of adoption of this ordinance shall be so located on lots as to provide safe and convenient access for fire protection vehicles and required off street parking and loading zones.

Section 2. This ordinance shall take effect thirty (30) days after its publication in the Manchester Enterprise. Effective Date August 16, 1975. Waldo G. Marx, Manchester Township Clerk

and the Washtenaw County Road Commission.

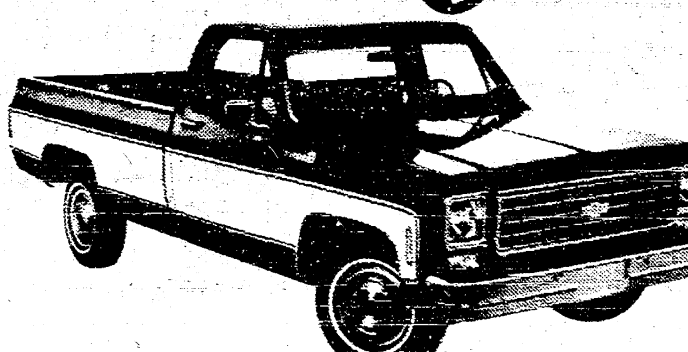

b. In any recreation-conservation and agricultural district, every use building or structure established after the effective date of this ordinance shall be on a lot or parcel which adjoins a public street, or an access easement of record to a public street, such public street right of way or such access easement to be at least sixty-six (66) feet wide unless a lesser width was established and recorded prior to the effective date of this ordinance. Such access easement of record shall serve not more than one (1) dwelling unit or more than one (1) principal use or structure other than a dwelling unit unless such access easement has been approved as a private street as to design and construction by the Manchester Township Board and the Washtenaw County Road Commission.

c. Every building and structure constructed or relocated after the effective date of adoption of this ordinance shall be so located on lots as to provide safe and convenient access for fire protection vehicles and required off street parking and loading zones.

Section 2. This ordinance shall take effect thirty (30) days after its publication in the Manchester Enterprise. Effective Date August 16, 1975. Waldo G. Marx, Manchester Township Clerk

Section 2. This ordinance shall take effect thirty (30) days after its publication in the Manchester Enterprise. Effective Date August 16, 1975. Waldo G. Marx, Manchester Township Clerk

GRADUATION CEREMONIES HELD AT KALAMAZOO COLLEGE

Over two hundred members of the class of 1975 participated in graduation ceremonies held at Kalamazoo College on Saturday, June 14.

Seniors and their families heard Commencement speaker Daniel L. Schorr, CBS News correspondent, speak on "American Social Policy." Schorr, General Motors President Elliott M. Estes, and former Presiding Bishop of the Protestant Episcopal Church John E. Hines received honorary doctoral degrees from the college.

Kalamazoo College is characterized by a tradition of academic excellence and is nationally recognized as an innovator and model-maker among liberal arts colleges. A pioneer in year-around education, Kalamazoo has a unique arrangement of quality campus offerings coordinated with off-campus opportunities for career experience, foreign study, and independent research. Close interrelationships between students and faculty characterize the College which has graduated over 8,000 alumni.

Receiving B.A. degrees from the College were William Keith Gray, Jr., son of Mr. and Mrs. William Gray, 19825 Sharon Valley Road. He graduates with a major in chemistry and minors in biology, physics, and mathematics. For his career-service quarter, he was pathology assistant for the Southwestern Michigan Pathology Association, Benton Harbor, Michigan. Gray spent six months of his junior year studying in Munster, Germany, at the College's foreign study center.

Roll Out Those Lazy Days of Summer

By C. Chapin

Summertime! Hot days and vacations. The kids are starting to ask "What can I do?", the gardens and the fields are full and green, lush with tall, tall corn. Oh! the corn! We had the first corn orgy at home the other day and the long winter receded into a far away memory and the palate quivers, golden ears steaming hot, butter dripping and nothing on the table but sliced cucumbers, cold milk and heaps of corn. The first strawberry, the first home grown tomato, the first ear of corn and you can have the sunny southland, the sandy Florida beaches, the good life is here, where the season changes and the slow turning of the earth brings out of cold and frozen ground the bounty of the harvest.

Lots of people have cultivated a taste for fried green tomatoes, but have you ever tried the same with cucumbers? Peel and slice lengthwise and dip in a light batter and fry gently in bubbling butter, just a little salt and life gets good. I have a good friend who each year picks the largest squash blossoms and does the same - light batter and gently in butter and it's so delicate it's like a fairyland meal.

When I was a very young person, my father's garden was small but well tended. The front half of the yard was green and full of roses, the rear was good food. Along one border was a row of what always looked to me like the sunflowers, however we knew that on a hot day with little to do but amuse ourselves we could always retire to the garden and dig up a couple of these and eat the roots. Large and quite similar to a white radish, they were good with salt. Later when age overcame us, and cold fact replaced adventurous enchantment, these turned out to be Jerusalem artichokes. Good tooth!

Does anyone ever, these days, make turtle soup? Now and again a large snapper could come our way and it was occasion for great feasting: Hot water, boiling and steaming up the kitchen on a summers day, the shell must be separated from the turtle, the meat carefully and tenderly taken out, the very light meat, making chicken breast seem coarse, was set aside for special purposes and the remainder put in soup. Spicy, with flavors never dreamed of in the ordinary way. The table was filled with folks spooning carefully while perspiration dripped, and the odor of summer childhood comes with clarity when a box of nunges is opened. A gentle stroll in the evening to the local ice cream parlor, for a triple dip ice cream cone, so tall the problem was to eat it all, and only 5¢ if you could get the nickel.

Live long enough and all life comes full circle, these days of high prices bring so many people to canning and preserving, while during those hard years of the depression, necessity brought the same results, and now I hear the conversations of my childhood, which pickle recipe is best for dills, and still in all of this time there is nothing to equal skipping to the cool damp basement, reaching a seven year old arm down into the brine to feel around for the biggest pickle in the crock, slipping out to the pear tree in the back yard to perch above the world and crunch on the tastiest pickle in the world. My neighbors do a crock of dills each year, and there am I, with my hand outstretched for any portion I can viscerate from them.

Special Olympics August 7-11

Facilities for 1,000 self-contained trailer or mobile home units will be available for people attending the International Special Olympics being held at Central Michigan University August 7-11 in conjunction with the Joseph P. Kennedy Foundation. More than 3,200 mentally handicapped persons from 50 states, Washington D.C., participating during the five day program. In addition to the actual games competition, numerous celebrities will be appearing during the program, including Mac Davis, Frank Gifford, Dick Sargeant, Rafer Johnson, Ronald McDonald and Gov. and Mrs. William Milliken. Self-contained camping units will be housed at Island Park, located two blocks north of downtown Mr. Pleasant during the five days of activities. Island Park, owned and maintained by the city of Mt. Pleasant, is surrounded by the Chippewa River with only one motor access to the park available. Reservations are free and are on a first-come first-serve basis. Requests for reservations should be sent to Richard Kennedy, 2770 E. Bassline, Route 7, Mt. Pleasant, Michigan 48858. Questions regarding reservations should be sent to Kennedy, or he can be contacted during the working day at AC 517-772-0961.

NOTICE

COMING SOON
Who? Mike Conlin, 23rd. District (Your State Representative).
When? August 6th. at 8 p.m.
Where? Freedom Township Hall, 11508 Pleasant Lake Road.
Why? To rag with his constituents. (Answer your questions).
Who's invited? You - Manchester area citizens, Bridgewater, Sharon, Freedom, Manchester Township residents, and anyone else interested in meeting and talking with Mike. This is your chance to tell "THEM" what you think "THEY" ought to do up in Lansing. Stop complaining to your neighbor and tell the man, he's in a position to do something about it. Informal, come as you are, and make a list of your questions.
"Free", no collections, just spend a little time.

The World Famous Manchester Chicken Broil has completed another successful year. Approximately 11,000 chicken halves were served with visitors coming from as far away as Greece and Hawaii to feast on the golden butter broiled chicken. Gene Benschnieder wishes to thank all the workers for a job well done and would like as well, to express appreciation to the many other people who helped us. See you all next year.

Bicentennial To Meet August 5

A Manchester area meeting of the Western Washtenaw County Bicentennial Commission will be held Wednesday, August 5, at 8 p.m. at the K of C Hall. If the Manchester area village and townships, which includes Sharon, Bridgewater, Freedom and Manchester are interested in a combined effort for the Bicentennial year, this meeting is where the decision-making process should begin. This area has also been asked to join in with Chelsea, Saline, and Dexter in planning some combined events. A representative from the Rogers Company, Postoria, Ohio will also present some possibilities for such a combined program. As individuals, representatives from clubs, churches, etc., you are urged to be present at this meeting. You are needed and your ideas are worth bringing to this meeting if we are to join in the celebration of our nation's 200th birthday.

Jaycee Auxiliary Art Show

Area artists and craftsmen will be displaying their many talents on Friday, July 25 at the Manchester Jaycee Auxiliary's second annual art show. Objects for sale will vary from children's stuffed toys through pottery, macramé and many more at reasonable prices to shoppers.

This event is held in conjunction with the sidewalk sales sponsored by the merchants in downtown Manchester and will last from 9 a.m. until dusk. All Auxiliary proceeds are used for community improvement projects.
