Lambda Nu

Members of Lambda Nu of Beta Sigma Phi met Tuesday evening, September 16, at the home of Carol Samonek. Sue Lavender was co-hostess.

In a candlelight ceremony, the Ritual of Jewels was conducted by president Kay Martin for the five new members of the sorority: Dolores Bunney, Cheryl Hamilton, Mary Kalleward, Carol Samonek and Carol Walter.

During the business meeting, a special committee was appointed to coordinate Lambda Nu's participation in the activities to be sponsored by the Western Washtenaw County Bicentennial Commission.

Mary Frances Fielder heads the committee. Other members include Nancy Babcock, Pam Riley, Carol Walter, and Vicki Wurster.

Next, Lambda Nus tried to stump their sisters with an exchange of photos of themselves as babies. Vickie Wurster won the prize for correctly identifying all but two of the baby pictures.

The evening's program, presented by Vicki Curley and Pam Riley, featured a lively panel discussion on the changing roles of women in our society.

Coach Steeb is counting on hardworking Gary Bondy and Darrell Clark to improve greatly this fall.

ADDISON TOPS DUTCHMEN

Dutch cross-country coach Larry Steeb is slightly mad about the fact that year after year his team runs the powerful Addison panther squad early in the season before he feels his squad is up to the task. The result has been 8-1 records the past two seasons and it looks as if it might be another season with that same result, as last Wednesday the Addison team won again by a 22-33 score.

Bob Smith finished 1st for the Dutchmen and fourth overall even though he had been sick the previous week. Bob's time was 17:02 over the 3 mile course. Tom Opal was next for the Dutchmen in 5th place with a 17:08 clocking followed by Dan Heslip (7th-17:14), Jerry Miller (8th-17:18), and Dan Schaible (9th-17:22).

The remaining Dutch Runners: Terry Brown 13th-17:37, Kurt Norgaard 14th-

17:45, Keith Moore 15th-17:51, Bob Padley 18th-18:52, Gary Bondy 20th-19:13, Eric Norgaard 22nd-19:20, Randy Bondy 23rd-19:29, Darrell Clark 24th-19:49, Kurt Sauter 25th-20:46.

HARRIERS 3RD AT JACKSON INVITATIONAL

Despite the fact that coach Steeb felt that his cross-countrymen had an "off" day Saturday at the Jackson Invitational Run, his team did move toward a state rating as they finished 3rd in a large 12 team field.

Senior co-captain Tom Opal was the first Dutch harrier to cross the finish line, as he clocked a 17:11 time in 16th place.

The Dutchmen had a solid grouping after that but unfortunately it was near enough to the front as two other state class powers, Addison and Michigan Center finished well up on the Dutchmen. Following Opal for the Dutchmen were Bob Smith (20th-17:20), Jerry Miller (21st-17:24), Terry Brown (26th-17:51), Dan Schaible (30th-18:05), Dan Heslip (31st-18:07) and Kurt Norgaard (45-18:27).

J.V.'s WIN SECOND STRAIGHT

Two fine J.V. football teams met head-on Thursday night, and Manchester came away the victor. From the outset, it was evident that both teams were ready to play, and were well-prepared for the game.

However, Manchester's offense had problems moving the football in the first half due to numerous off-side penalties which started their drives. But at the same time, Manchester's defense dug in, and held Addison at bay time and time again. Neither team being able to move the ball, the first half ended in a 0-0 deadlock.

Evenly matched, it became apparent that the team with the best defense would

came out ahead. Holding Addison on their first series of plays in the second half, Manchester forced them to punt. The offense was finally able to get a drive going. Bob Weirich and Dave Slane chewed up tough yardage on the inside, made possible by the fine blocking of Russell Weir, Craig Kulenkamp, Mike Young, Dan Jordan, and Ken Keasel. Manchester moved the ball down to the Addison 12 yard line before a 15 yard penalty pushed them back. On fourth and 8, a Rick Krzyzaniak pass was intercepted and Addison took over at the 18.

Addison moved the ball up to the Manchester 30 yard line, where the defense toughened and held. Manchester failed to get the needed yardage for the first down and were forced to punt. Once again, as he has done for the past two games, Rick Krzyzaniak got Manchester out of trouble with a booming 45 yard punt. The ball was downed on the 8 yard line.

Deep in their own territory, Addison fumbled on the first play from scrimmage. An alert Mike Young picked up the ball and bounded his way to the 4 yard line. Three plays later, Dave Slane plunged over from the one. The point after failed.

This slim lead proved to be enough, as the ever-ready defense was not to be scored upon. The defense played extremely tough in the fourth quarter and was aided by key interception made by Craig Rogers.

The coaches emphasized a great team effort with much credit resting upon the capable shoulders of the defensive unit, which has not yielded a point in two games.

DUTCHETTES WIN 2

By Jon Hardenbergh

The girl basketballers remain undefeated in league play as on Tuesday they edged Addison 38-34. It was a close game all the way as Manchester ended the first period up only 2 then closed the first half ahead by 5. The third period saw us hold the 5 point advantage then win by 4 points. Malinda Hudkins was high scorer as she pumped in 14 points. Hitting for 8 points was Jan Savage.

On Wednesday, the girls gave their parents a gift (It was parent night) by overpowering the Pirates from Napoleon. The Pirates were unable to locate the hoop as they scored a mere 2 points in the first period and added only 4 more by half. In the meantime Manchester totaled 18 points setting up an uncatchable margin. The Dutchettes now stand 3-1 in overall play.

Agriculture in action

Michigan Farm Bureau

ALL OF US ARE GUILTY

Secretary of Agriculture Earl Butz has a way of putting things that even the most critical consumer can understand.

In a recent speech in Chicago, the former ag economist explained why the price of meat has gone up in recent weeks. He also pointed out the difference between the farmer's share and what the consumer paid in the supermarket. The spread grew from about 37 cents a pound in 1971 to 48 cents at present.

Immediately, everyone starts yelling about the 'middleman' making an outrageous profit and Butz calls that "malarkey!"

He explained that today's marketing procedure is extremely complex because it

involves so many people working in all sorts of jobs. And every penny of inflation adds to the cost of meat at each step of the way from farm to table.

When the price of diesel fuel for trucks went up, the cost of getting a beef carcass from Omaha to New York went up accordingly. The trucker's union gets a fat new increase in wages and benefits and the cost of hauling those steaks and loins to the supermarket goes up.

When the supermarket employee gets more money for unloading the beef sides and cutting it up for the meat case, the prices go up a little more.

When the electric company adds up its increasing fuel costs and has to turn the supermarket 18 to 20 percent more, the cost of steaks goes up.

When the checkout girl or the sackboy gets a little higher pay so they can keep up with the price of hamburger, the price of cold cuts goes up.

When the supermarket gets a cost of living increase, sooner or later it has to be calculated into the added cost of getting a pork chop from the farmers to the consumer.

When the customer, who works at the paper plant, gets a raise in pay, the cost of food packaging has to go up.

When that high school student working part-time at the hamburger stand gets

20 cents more an hour for serving hamburgers and cooking french fries, the cost of those hamburgers and french fries goes up—or sooner or later, the owner goes out of business.

"There aren't really any 'fat cats' sitting in the middle raking in the profits by taking advantage of the retailer and consumer on one side and the farmer on the other," Butz said. "We are all middlemen of sorts and we are all consumers."

Somehow, he explained, the majority of us are involved in the farm to table food chain and we all contribute to the increased cost of food. Everyone from steelworkers to telephone operators to farmers are involved.

So, if you are out to put the blame on the illusive middleman, just take your pick. We're all guilty.

FORD'S REFUSAL TO LIFT GRAIN MORATORIUM DISAPPOINTS FARMERS

"Farmers, Not Union Leaders, Shall Make Decision," Farm Leader Says

In a letter to President Ford, Michigan farmers today (Sept. 17) expressed their strong disapproval of his refusal to lift the moratorium on grain sales and dis-appointment in their former Congressman for "knuckling under to George Meany and his demands."

Elton R. Smith, president of the Michigan Farm Bureau, on behalf of the organization's 61,000 member-families, appealed to Ford "to be consistent with the principles of the market system you defended for a generation as a Michigan Congressman."

"It is hard to believe that an administration with a public commitment to integrity could call for full production from American farmers last winter and then, despite record crop prospects, deny needed export markets to those same farmers at harvest time," Smith told the President.

"It appears to farmers that you have knuckled under to George Meany and his demands," Smith wrote. "We are concerned that your decision to send a trade mission to the Soviet Union could lead to international commodity agreements.

Such agreements have never worked and the idea of them should be rejected."

The farm leader told President Ford that although farmers are not inclined to make threats, they do act decisively on "economic reality." If a continued export embargo, or threats of an embargo take away needed foreign markets, Smith stated, farmers simply cannot afford to produce in the record volume that has been the pattern of American agriculture.

"In the interest of farmers, consumers and our foreign customers, please give us public assurance that the moratorium on grain sales is being lifted and will not be reinstated," Smith asked the President.

Fall Color Schedule for 1975

Use your camera to capture the beauty of Michigan's fall color season to savor after the leaves have fallen and are covered by winter's snow, suggests Automobile Club of Michigan.

Michigan's rugged Great Lakes shoreline, jewel-like inland lakes, gently rolling countryside and quaint little villages provide a scenic background for the vivid hues of Michigan's woods in autumn color.

Bert Emanuele, chief photographer for Auto Club's Motor News magazine, advises camera buffs in search of fall color photos to "think color and watch

for interesting props.

Emanuele says interesting props would include historical markers, old lighthouses, rustic bridges and cider mills.

Upper Peninsula camera buffs in search of fall color pictures might investigate the many ghost towns and abandoned mines

that can be found in the Keweenaw Peninsula.

Color tours in the Leelanau Peninsula and Traverse City area include scenic lighthouses—at Northport and on the Old Mission Peninsula. A fish hatchery and Christmas tree farms are some of the attractions in the Cadillac area, while the Lake Shore Scenic Drive will provide awesome views of woods and water between Petoskey and Mackinaw City.

The Isabella Indian Reservation and Central Michigan University are featured on a tour of the Midland-Mount Pleasant area, and quaint covered bridges near Smyrna and Ada are part of the Ionia-area tour. Other color tours in southeastern Lower Michigan include cider mills, "pick-them-yourself" apple orchards, antiques and nature centers.

The state's freeways and major highways are ideal corridors for getting to the scenes of Michigan's fall color, but take to the byways to really enjoy the splendor of forests ablaze in autumn.

Because of last month's record rainfall, the fall color season will arrive in Michigan at least a week earlier than last year. Tourism officials in the Upper Peninsula estimate color will be at its peak there starting Sept. 20 and ending Oct. 2.

The color will spread to northern Lower

Michigan Sept. 27 through Oct. 9; central Lower Michigan, Oct. 4-16, and southern Lower Michigan, Oct. 11-23.

Red maples, dogwoods and ash are among the first trees to change color. The red or swamp maple leaves turn a brilliant red while dogwoods are a rich scarlet and ashes have a coloring all their own—a blend of yellow and purple.

Hickories, redbud, birch and poplar turn a golden yellow early in fall, while Hawthorns, many crabs, sweet gum, cherries, oaks and mountain ash become red or red-orange. A few, such as sugar maple and sassafras, display a blend of red, orange and yellow all on the same leaf.

A certain parakeet amuses visitors with this simple pronouncement: "I can talk. Let's see you fly."

It's Plum Jelly Making Time

Make the most of fresh California plums while they're at the height of their season. Homemade plum jellies are a marvelous way to preserve that summer-fresh plum flavor to enjoy all winter long.

To make fresh plum jelly, California plum growers recommend the Queen Ann, Santa Rosa and Casselman varieties. Use firm, ripe plums that are well-colored for their variety. Ripe plums will yield to gentle hand pressure and have a slightly soft tip end. Unripened plums will mature in a day or two at room temperature. Once ripe, plums will stay fresh in the refrigerator for 3 or 4 days more.

Here are two fragrant plum jellies that make delightful meal accompaniments all year round. Be sure to store jellies in a cool, dry place. And why not make extra for welcome gifts to lucky friends and family?

For more than 100 different ways to serve fresh California summer fruits, please send a stamped, self-addressed business-sized envelope to "FRUITS OF SUMMER," P.O. Box 4640, Sacramento, Ca. 95825.

CITRUS PLUM JELLY
5 pounds fresh California red plums
6 oranges peeled and sliced
1 lemon, sliced
1 lime, sliced
Sugar

Wash plums; cover with water in large kettle. Add orange, lemon and lime slices. Bring to boil, reduce heat; simmer until plums are cooked and pulp separates from pits. Spread 4 layers of moistened cheesecloth over mixing bowl; secure with string or rubberbands. Pour fruit and liquid into cheesecloth, letting fruit juices drip through. Return juice to kettle; boil 20 minutes. For every 4 cups of juice, add 3/4 cups sugar. Boil rapidly until jelly point is reached on candy or jelly thermometer. Pour into hot sterilized jars; seal. Makes about 7 pints.

VARIATION:
SPICED PLUM JELLY: Follow directions for Citrus Plum Jelly, omitting oranges, lemon and lime. Add 4 whole cloves and 2 cinnamon sticks to plums. Remove spices before straining plums.

When the eager heirs assembled to hear the reading of the rich man's will, the first sentence put a swift end to their high expectations. "Being sound of mind," the document began, "I have spent all my money."

Lots wife looked back and turned into a pillar of salt. Well, we saw a woman driver look back the other day and turn into a lamp post.

Meals On Wheels

Meal-on-Wheels started again this week, on October first, for Senior Citizens in Manchester. They are delivered by volunteer drivers on Monday, Wednesday and Friday between 11:30 and 12:00. Dinners cost \$2.00 each and they are paid for a week in advance on Friday so that food planning and transportation can be more satisfactory.

Anyone who is interested in Meals-on-Wheels may call the Emanuel Church office 428-8359 for further information.

Drivers are badly needed for the project which is sponsored by the Manchester Senior Citizens Council. Anyone who can schedule regular days or "be on call" should phone Mrs. Millard Uphaus 428-7451 or the church office.

Senior Citizens are reminded that they are welcome every Tuesday afternoon at the meeting place provided by the Emanuel Church in the church hall. If you are 60 years of age or older you are welcome to attend and those under sixty, who are of mind to help, may call the president of the group Mrs. Ray Kerr and find out how they may be of assistance. Card games, crafts, entertainment and refreshments are a regular thing. A plan is in the making for a Family Style Dinner on a Tuesday evening once a month. Come to the Senior Citizens gathering next Tuesday and help make this project meet the needs of the over 60 year olds who have time on their hands.
