You're in good hands.

come...easy go!

HEALTH IS NOT BEING SYMPTOM-FREE!!!

Being symptom-free means that your body has been able to adapt to all environmental conditions on the sensory side of the nerve system; but what happens if it is the motor side that is affected, there is no pain to warn you that something is going wrong. This is why a regular spinal checkup and a Chiropractic Preventi-care program is so important to you and your family's health.

Health is a natural and normal process of the body when it is receiving 100% quality and quantity "Life Giving Nerve Energy" to all parts of the body all the time.

That is why it is necessary to see your Doctor of Chiropractic regularly so that he can maintain your spine and see to it that it is free from nerve interference. Then and only then will you be able to maintain a state of health.

I'm sure that you have known someone who was never sick a day in their life and then at age of 39 or 40 dropped dead of a heart attack. Was this fellow really healthy? Yes you say, he was, he looked healthy! Well, if he was healthy why did he die?? Was he symptomfree? Or, you say it was God's will for him to die - it was his time!

If that fellow, who died of a heart attack at age 39 or 40, had been under Chiropractic Care all his life, his nerve

system would have had complete control of his body functions. Only a Doctor of Chiropractic knows when the body is functioning right and the nerve supply is free from impingement.

NO LATERAL PERCEPTION

Many politicians are afflicted with tunnel vision. Their inability, or refusal, to use any lateral perception when they dump bills in the legislative hopper, often results in disaster.

For example, Michigan lawmakers, who have pledged their efforts to boosting the state's economy, are currently considering legislation - H.R. 1921 - which would seriously damage it. The bill, if passed, whous to apply regulations which simply view and discuss.

and a half for overtime, lower the missimum wage to 16 years of age with my workers prefer).

state's economy? First, it would reduce jobs because farmers would be forced, for economic reasons, to switch to crops that could be harvested mechanically and eline inste those requiring hand labor. Secondly, Michigan producers could not be quires overtime payments in agriculture. Third, the otherwise "memployable" perwho work for piece-rates in agriculture, at their own levels of desire and capabilities, will be on the public assistance roles. Students who have found employment on the farms during summer vacations will have to look elsewhere.

If our legislators are really concerned about the conomy-why would they seriously consider legislation which would increase memployment, food costs and public assistance payments-and reduce find

production? One way then can improve their lateral perception is to listen to the message that's coming through-land and clear-at public hearings held throughout the state. Farmers are turning out by the hundreds to protest the legislation. They're reminding lawmakers that agriculture is empetitive because No other state re- Michigan's second largest industry and when it is hurt by discriminatory legislation the entire economy will suffer the

Manchester, Michigan

Waldo C. Marx, Township Clerk

One of the most important, but overlooked, features of savings, is the magical effect of compound interest. If money is deposited

withdrawn, the money grows at an amazing rate. Money in most tificates doubles every 10 years.

Thus, if a person 40 years old with \$25,000 (in savings, coins, cash value insurance, etc.) puts it into a certificate account at Ann Arbor Federal Savings it will grow to \$50,000 by age 50. By age 60 it will have grown to \$100,000 without adding a penny of his paycheck.

For the person in his mid-

fifties, with retirement coming

up in ten years, compounding has even greater significance. Say he has actual assets of \$100,000. can have \$200,000 in ten years and realize an interest income for life of \$10,000 to \$15,000

with compound interest

But what about the person starting out, the twenty five year old. By putting \$50 a month in a 51/2% passbook savings account each month and leaving the interest to accumulate and compound, he will have \$21,190 by age 45. Then if he transfers the money to a certificate account

(and never adds another penny) the money will grow to \$87,380

On the other hand if one continues to add to his savings account regularly, it is well within the realm of possibility to accumulate \$300,000 or \$400,000 or more.

At Ann Arbor Federal Savings your dollars are not subject to market fluctuations, so you are sure when you reach the age at which you want to start using some of your money or earnings it will be there.

Band Football Concert Friday, November 14

Friday, November 14th, at 8:00 p.m., the Manchester High School Band will present its First Annual Football Band Concert. It will take place in the High School Gym with Jean Sewell, Drum Maprette, directing.

The band will play selections from their faotball pre-game and half time shows.
Among these will be "Basin Street Blues", "America", "Look Up America", Yankee Deodle Boy", and "Hawaiian War Chant", featuring the percussion section.

The Band has had a "good season" this fall. They have worked hard to propare the shows, beginning with last August's week long band camp. They enjoyed performing at the football games and welcome the chance to present this music

Band members and their parents hope www.will plan to attends

SEVENTH GRADE SPLIT AGAIN

Health problems took their toll last week when the seventh grade girls baskethall team was able to defeat Hudson 11-8. But came up two points short against Jackson Catholic 14-12.

With only six players we invaded Hudson and with a strong defense, we were able to hold Hudson to only 8 points while Laurie Fitzgerald and Toni Wilson matched Hudson's total with 4 points each, Kathy Kensler scored 2 and Lynda Krzyzaniak

TO THE PRESENT AND PROSPECTIVE ELECTRIC CUSTOMERS

OF CONSUMERS POWER COMPANY

NOTICE OF HEARING ON AMENDMENTS TO RULE 2. RULE 3.

RULE 12(k), RULE 13, AND RULE 14 OF CONSUMERS POWER

COMPANY'S STANDARD RULES AND REGULATIONS

On July 3, 1975, Consumers Power Company (the

"Company") filed an application with the Michigan

Public Service Commission in Case No. U-4867 which

requests authority to amend Rules 2, 3, 12(k), 13, and

14 of its presently effective Standard Rules and

Rule 2 relates to the installation of electric

service lines from the Company's distribution

system to a point of attachment on the customer's

Rule 3 relates to special arrangements

Rule 12(k) relates to electric distribution

Rule 13 relates to the Company's policy

regarding the construction of new or modified

electric facilities other than service connections

and metering equipment, to serve new customers

or to serve changing needs of existing customers;

Rule 14 relates to the installation of

The Company states in its application that the cost of

construction of service connections and distribution

systems, whether aboveground or underground, has

greatly increased since the present rules and charges

made thereunder were approved. However, the

Company's presently effective Rules 2 3 12(k) 13 and

14 do not reflect these increased costs. Accordingly, the

Company proposes to amend such rules to more

appropriately reflect the current costs of constructing

the cost of installing service connections from the

Company's distribution lines to the point of attachment

on the customer's premises, and provides that all such charges are nonrefundable and must be paid prior to the

commencement of construction. For residential

customers (including residential in mobile home courts and dwellings with no more than two living units), the

service connection charge would be equal to the

system-wide average cost of new residential overhead

service connections. For commercial and industrial

customers, and multiple dwellings of three or more

units, the service connection charge will be based on the

most instances provided at no charge to the customer.

Proposed Rule 2 also provides that changes in the

route or size of the service connection made at the

customer's request, or because of changes in the

customer's requirements, will be made at the customer's

expense. No ownership rights in any facilities provided

by the Company will pass to any person as a result of

Proposed Rule 3, dealing with unusual custome

Proposed Rule 12(k), dealing with electric service to

individually served mobile homes in courts, provides that

construction of facilities under this rule may also be

subject to contributions and deposits under proposed

Rules 2, 3 or 13. Under existing Rule 12(k),

construction projects covered by Rule 12(k) would not

be subject to contributions or deposits under other rules.

Proposed Rule 13 states the Company's policy

regarding construction or modification of electric

facilities. For residential customers, proposed Rule 13

provides for a construction allowance equal to one year's

estimated revenue from new permanent customers to be

immediately served from the new facilities. Where the

estimated costs of construction or modification exceed

the construction allowance, a deposit equal to the

difference between such costs and the construction

allowance will be required. Refund amounts are based

on one year's revenue from new customers added to the

distribution facilities up to 1,000 feet in length to serve

a new residential customer. For extensions in excess of

1,000 feet, a charge of \$1.30 per foot over 1,000 feet is made. Existing Rule 13 provides for refunds based on three times the annual revenue received from new

customers added to the facilities, and the refund period

Where the construction of electric facilities is required to serve a commercial or industrial customer or

any other customer not eligible for consideration as a

residential customer, proposed Rule 13 provides for a

Existing Rule 13 provides for a free extension of

system, and a three-year refund period is provided.

charges made under proposed Rule 2.

facility requirements, is reworded for clarity.

Company's estimate of the total construction cost. Under existing Rule 2 service connections are in

Proposed Rule 2 would require the customer to bear

underground distribution systems and service

systems and service connections to provide service

to mobile homes in courts:

such facilities.

necessitated by the customer's unusual facility

Regulations (MADOC No. 7 - Electric, Consumers Power

Twentieth Century Alber, with Mary Boutell as co-hostesa, Club Meeting

construction allowance equal to the lesser of (1

\$15,000 or (2) the estimated annual revenue to be

received from permanent customers to be immediately

served from the new facilities. Where the estimated cost

of construction or modification exceed the construction

allowance, a deposit equal to the difference between

such costs and the construction allowance will be

required. Refund amounts are based on one year's

revenue from new customers added to the system, and a

for commercial or industrial customers is three times the

estimated annual revenue to be received from customers

to be immediately served from the new facilities. The

refund amount with respect to customers later served

from the facilities is the amount by which three times

the annual revenue contributed by such new customers

exceeds the greater of (1) the original revenue estimate

or (2) the highest preceding annual revenue. The refund

distribution systems and service connections, differs

from existing Rule 14 primarily in that the section of

existing Rule 14 covering the underground extension

policy is deleted. All extensions, whether above- or

underground, will be covered under proposed Rule 13.

Proposed Rule 14 also provides that, where electric

facilities are placed underground at the option of the

Company, the required contribution will be determined

according to the provisions of proposed Rule 13. Under

existing Rule 14, where electric facilities are placed

underground at the option of the Company or pursuant

to local ordinance, the Company bears the cost of such

Proposed Rules 12(k), 13 and 14 also differ from

existing Rules 12(k), 13 and 14 in that payment of all

required deposits and contributions in advance of the

commencement of construction is expressly made

mandatory. Under existing Rules 12(k), 13 and 14,

payment in advance was at the option of the Company

2. 3. 12(k), 13, and 14 were proposed by the Company.

The application of the Company in Case No. U-4867 and

copies of existing and proposed Rules 2, 3, 12(k), 13, and 14 are available for public inspection at the offices

of the Michigan Public Service Commission, Law

Building, 525 W. Ottawa, Lansing, Michigan 48913, and

A. A public hearing will be held at 9:30 AM on

December 2, 1975 in the offices of the Michigan Public

Service Commission, Law Building, Lansing, Michigan,

for the purpose of determining whether or in what form

proposed Rules 2, 3, 12(k), 13, and 14 of Consumers

Power Company's Standard Rules and Regulations

B. Any party seeking to intervene in this proceeding, in accordance with Rule 11 of the

Commission's Rules of Practice and Procedure, shall file with the Commission, at least five (5) days prior to

December 2, 1975, an original and twelve (12) copies of

the petition to intervene, together with proof of service

upon Consumers Power Company. Service upon

Consumers Power Company may be made by mailing

(First Class) a copy of the petition to intervene to the Company's General Offices at 212 West Michigan

VARSITY DUTCHETTES CRUSH ADDISON 54-21 and ONSTED-65-36

By Jon Hardenbergh

Manchester played good, tough defense and got plenty of fire power from their offense as they easily handled both Addison and Onsted. Our girls upon beating these L.C.A.A. opponents have an overall record of 11-3 which ties them for first place with Morenci.

in the first game Manchester had no problem defeating Addison. The Panther girls couldn't get the ball in the hoop so they fell steadily behind, 10-4 after the first period, 25-9 at the half way mark, 39-10 ending 3 periods with the final being 43-21. Jeri Walz was high scorer and shared high rebounder with Bev Eggleston.

The Onsted contest was also no contest as after 1 period the tally stood 22-6, at half time 36-16, third period 45-28 and the final 65-36. Malinda Hudkins and Bev poured in 22 points, 11 each, as Jeri was right behind popping for 10 points. This night Jan Savage was hi-rebounder.

BY ADDISON AND ONSTED

By Jon Hardenbergh

After the first period of play Manchester found themselves down 8-13 but by the 6:13 mark of the second period had rallied

PAGE 10 THE MANCHESTER ENTERPRISE THURSDAY, NOVEMBER 13, 1975.

to tie Addison 14-14. In the next 2 minutes the Panthers led by 4 points but once again the Dutch got going to tie at 25 all with 17 ticks of the clock reamining till half. Addison hit for a 2 pointer with only seconds left to take a narrow 25-27 edge to the locker room. Manchester stayed close for most of the third period then poured on the power to take a 35-33 lead at 3:54. Addison turned the tables to grab a 35-37 margin in less than a minute but the Dutch recaptured the lead for good at 1:20. The third period ended 41-38 with the final 58-50. Shannon Lentz was hi-scorer as she hit for 12 points.

in the Onsted game it seemed as if Manchester would win all right as the Dutch slowly increased their lead from 10-6 after 1 period to 20-14 at the intermission to 32-22 after 3 periods. All of a sudden I realized that 6 minutes had elapsed in the forth period and Manchester hadn't added to their score (still 32) while Onsted now had 27. Fifty-one seconds later Onsted had crept within 1, 32-31, With 59 seconds to go Tricia Achtenberg hit afree throw and with 34 seconds left Tracy Ahrens sank a 2 pointer to give Manchester a 35-31 victory. Tracy was hi-scorer burning the nets for 18 points.

WASHTENAW ROAD COMMISSION 555 NORTH ZEEB ROAD ANN ARBOR, MICHIGAN 48106

TO WHOM IT MAY CONCERN: WHEREAS, this Board has received a Peition from more than seven (7) freeholders of the Township of Manchester, Washtenaw County, Michigan praying for the absolute abandonment and discontinuance of a public street, namely a portion of Kirk Road, from the westerly line of Michigan Highway M-52 easterly to the westerly line of Logan Road located in the E-1/2 of the NW 1/4 of Section 13, Range 3 Esat, Town 4 South of Manchester Township. Washtenaw County, Michigan as recorded:

WHEREAS, this Board feels the feasibility of the area to be abandoned should be the easterly Right-of-Way line of Michigan Highway M-52 easterly to the West Rightof-Way line of Logan Road, being slightly changed from supra; and

WHEREAS, this Board did by Resolution dated the 7th day of October, 1975, resolve that a public hearing be held at their office, 555 North Zeeb Road, Ann Arbor, Michigan, on the 21st day of October. 1975, at 3:00 p.m. to determine the necessity or advisability of abandoning said public street; and

WHEREAS, a public hearing was held at this office of the 21st day of October,

WHEREAS, it appears from said public

hearing and view of the premises made. that it is in the best interest of the miblic that a section of the public street, as proposed, should be absolutely abandoned and discontinued as public rights-of-way. NOW, THEREFORE, BE IT RESOLVED by the Board of County RoadCommissioners of the County of Washtenaw, that the area east of M-52 to west of Logan Road Right-of-Ways of Kirk Road, indicated supra, all being under the jurisdiction of the Washtenaw County Road Commission as recorded in Washtenaw County records is hereby absolutely abendoned and discontinued as public right-of-way, excepting easements of record and/or use, but reserving ingress and egress to utilities of record as occupying said street.

BE IT FURTHER RESOLVED that notice of this determination be given by the Clerk to the proper authorities of the Township of Manchester, the Register of Deeds, the State Highway Director and the Auditor General of the State of Michigan: and that such notice be published in a newspaper printed and circulated in said County of Washtenaw once each week for three (3) successive weeks.

ROLL CALL VOTE: Yeas: Commissioners Schwall, Daniels and Weir. Nays: none, Abstain: None, Absent: None, MOTION CARRIED

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WASHTENAW

Thanksgiving Services To Be At Bicentennial Courier Project St. Mary's Church

The people of Manchester are cordially invited to attend a Combined Thanksgiving Church Service. The host Church this year will be St. Mary's. The service will begin at 9:30 Thanksgiving morning. As is the custom, the service will be about 30 minutes in length. The sermon on this occasion will be preached by Rev. Roman Reineck of Bethel Church, Light refreshments will be served following the service. Father Schlinkert and the otherclergymen participating hope to see many of their Manchester parishioners and neighbors.

Youth for Understanding

Nine Michigan High School students will be selected to serve as Bicrntennial Couriers in Europe, South America and the Far East next summer through an essay contest conducted by Youth for Understanding (YFU), and international teenage exchange program.

The Youth for Understanding "Bicentennial Courier" project has been selected as the international youth program by the American Revolution Bicentennial Administration in Washington, D.C.

Cathy Rigby, America's first female gymnastic gold medalist in the 1972 Olymplad, is the National Chairman for the "Bicentennial Courier" project. Miss Rigby has invited high school students between the ages of 15 and 18 to enter the essay competition which will be conducted in Michigan and in 28 other states during the coming school year.

The deadline for submitting essays is February 1, 1976. The winners will be announced and then designated official Bicentennial Couriers on April 1, 1976. Under the program, a total of 184 young people from 29 states will go abroad during the summer of 1976 to live with carefully selected host families in 25 countries throughout the world. Each Bicentennial Courier will carry Bicen-Chi-Bro Prak is a name given to the and state officials and organizations in the United States for presentation to local, provincial and national officials in the countries in which the courier will be liv- TUESDAY NIGHT SINGLES
