School Social Work Services

School Social Work programs respond to many student needs. In a history class a teacher becomes concerned that one of the students is withdrawn and non-productive; day after day, in a 6th grade, another student becomes absent when asked to read aloud; down the hall a 4th grade student comes in two hours after school has started, clothes rumpled and unbrushed, just as it has been for the last two weeks; and in Physicals, a bright male student just stops coming to class; 10th grader is on probation for running away two weeks ago. Similar situations happen each day in our area schools, situations which hinder, do not destroy, the learning process and hinder the educational experiences of students. When such situations do occur it is possible that through a system of referral and a staff review, the students, teachers, and the parents involved, will come in contact with the School Social Worker. For the past 33 years, the Michigan Department of Education has recognized the need for a mental health service in our schools. In 1943 the Youth Guidance Committee was approved by former Governor Kelly. As a result, the visiting teacher program was established and was in operation until 1967. At that time the program name was changed to School Social Work Services. In attempting to handle a problem situation, the School Social Worker can choose to operate on any of one or four possible levels. At the primary level, the worker may see the student individual and/or a group with other students who experience similar problems. Group and individual contacts most often are for one hour per week, however, shorter sessions several times a week will often be helpful. A secondary level most often consists of those people who are important to the student and so, therefore, have an effect on his or her behavior. Conferences with the parents, the referring teacher and other teachers, are scheduled not only to gather information about the problem, but also to implement changes which would benefit the student. Often the student's behavior will improve when minor changes are introduced to and carried out by the teachers and the parents. In addition, the strain of the student's behavior may be difficult for the parent teacher to cope with for any length of time. Contact with the Social Worker can also provide a release for the tensions which may in turn reduce some of the student's problems. The third level consists of the school system within which the student must operate. The Social Worker confers with the principal, guidance counselor, school nurse, psychologist, and special education teachers to see if curriculum changes are

Family Service Annual Meeting

Manchester Family Service Annual Meeting showed that 179 persons were assisted by the agency in 1975. Of this number 78 were children and 42 were adults over 65 years of age. Approximately 640 phone calls and related contacts were made and 13 volunteer drivers covered 7695 miles on agency related business. 450 items of clothing, furniture, dishes, bedding, etc., came to the agency and were distributed, often the same day as storage is at a minimum. A list of "Have" and "Need" makes quick turn-overs possible. A major project early in the year was assisting with the University of Michigan Arthritis Project in the area and clinics that followed. At Eastertime 2 hams and 10 turkeys were given by Double A Products for distribution to needy families from Social Services listing. D'Agostino's Florists gave Easter lilies to 43 shut-ins and older citizens in the area. The lilies were delivered by Manchester Family Service drivers.

Referrals to the House-by-the-Side-of-the-Road were given to 7 different families aiding 16 adults and 13 children. For those who are not familiar with "The House", it is located in the Washtenaw County Service Center. The Washtenaw County and Council of Churches Resource Center for used clothing and many other items for the use of referrals from the Department of Social Services and related agencies. They accept donations, are listed in the phone book and one should call them before attempting to make any deliveries or donations. The Christmas Project served 105 individuals in 38 families. These families received boxes of groceries made up from the Scavenger Hunt collection, food or clothing orders based on the Salvation Army standards for the County Christmas Bureau, and their choice of clothing, toys and household items at the Christmas Shop. The Shop was held at St. Mary's Catholic Church Hall and it was set up and repacked at its close by volunteers from Theta Sigma Phi sorority.

Four church groups, The Huron Valley Night Hawks Motorcycle Club and anonymous donors gave \$385 toward the Christmas project this year. A dozen children ranging in age from 3 through 10 were given a Shopping Spree by the Jaycees and Jaycees Auxiliary. This is an annual event given to children of this age who come from families on aid in the area. Three board members were elected to fill three year terms - Mrs. Merle Armstrong, Mrs. Paul Lemon and Mrs. Arthur Jarve. Mr. Merrill Korth was elected to a two year term to fill the vacancy left by the late Luther Klager. This is only a portion of the annual report. Those wishing to receive a complete report may request one from Mrs. Merle Armstrong, secretary of MFS, or they may attend the Annual Meeting of the Manchester Community Chest, 7:30 March 24 at the Franklin Book Library at the Manchester High School. All agencies in the local Chest will be reporting at that time for the public.

MICHIGAN LUNG ASSOCIATION

"To date Washenaw County has reached 86% of its goal for the 1975 Christmas Seal campaign," reported Faye VanEngelenburg, president of the Huron Valley Region of the Michigan Lung Association. The county goal is \$33,000.

The goal for the Huron Valley Region of the Michigan Lung Association comprised of Hillsdale, Jackson, Lenawee, Monroe, and Washtenaw counties is \$91,900. 85.5% of the regional goal has been reached thus far.

"Although Christmas Seals have been around since 1907, misconceptions have still been built up around them," said Ms. VanEngelenburg. She explained that there are two misconceptions. First, many people think they are expected to contribute to Christmas Seals before Christmas. The second is the belief that their money goes only to fight tuberculosis.

"From the time the first Christmas Seal campaign was launched, the rate of tuberculosis has been going down," said Ms. VanEngelenburg. However, other lung diseases are becoming more widespread because of air pollution, urban living and more smokers," she added.

The fiscal year of the Michigan Lung Association closes on March 31, 1976, and Christmas Seals are the main source of income for the organization. Money contributed is dispersed for community services, public health education, patient services, and professional education and training.

"No contributions to Christmas Seals will be too small or too late to help Washenaw County combat respiratory diseases during the coming year," said

Ms. VanEngelenburg. Contributions can be sent to the Michigan Lung Association, Huron Valley Region, 1925 Pauline Plaza, Suite E, Ann Arbor, Michigan, 48103.

"PROMENADE THE PAST"

"Promenade the Past: A Designers' Open House" will be held 1-5:00 p.m. every day May 8-24 at the residence of the late Allan Seager (1906-1968), Michigan novelist and critic, 309 W. Chicago Blvd., Tecumseh, Michigan, now the home of Rita Blake.

The century old home is in Tecumseh's historic district, recently designated on Michigan's State Register of historic Sites and is the city's only example of French Second Empire styling with mansard roof and dormer windows.

Top area designers will decorate the home to show historic homes are livable.

Tours of the historic district, which preserves the 19th century charm of W. Chicago Blvd., will be given during the open house. A flower show by the Little Garden Club will be May 16-17, 1-5:00 p.m.

Donation is \$2.00 advance tickets, \$2.50 at the house.

The Tecumseh Area Historical Society, The Little Garden Club, and the Rotary Club are sponsoring the event.

Open house will end May 25 when the National Bicentennial Wagon train leaves its Tecumseh encampment.

indicated which can make the school's program requirements and the school system itself, more responsive to the needs of the students.

A fourth level incorporates the community in which the student lives and the resources which may or may not be found there. It is important for the School Social Worker to be aware of the resources currently available which may help the student. If a need exists for a community resource the School Social Worker may become involved with the community residents to establish such a resource. When the student and the family would be better served, referrals are made to mental health agencies, outside the school.

In addition to the mental health function, the Social Worker helps administer mandatory special education programs legislated in 1971. As part of the Educational Planning and Placement Committee the Social Worker helps to develop and implement effective education programs for those students who are learning disabled, mentally impaired, and emotionally impaired.

Referrals to the School Social Worker are made by teachers, principals, parents, counselors, ministers, physicians, nurses, and other agency personnel as well as the student. Through these resources, the mental health needs of our students are being met with increasing effectiveness.

On Tuesday, the Drednaughts from Dexter invaded Manchester of the first time since 1966 and departed on the winning end of an 82-70 tally, but it was no easy victory. In my opinion, the Dutchmen played as well as I've seen them this season. They held the lead over Dexter most of the opening period. Dexter then pulled away to be 19 points up in the mid third period-only to see their lead dwindle.

Dexter posted the games first 2 points. We responded with 6 straight points. The Dutch held the lead for 3 minutes until a Drednaught hit on the first from the charity stripe and missed the second only to get the rebound to score 2. This gave Dexter a 9-8 edge at the 3:37 mark. Following, the tally was tied twice after which Dave Gunther sank a pair of free tosses giving back our advantage at 13-11 with 2:52. Next time down the floor, Dexter hit for 4 points recapturing the lead, 15-13. Dave layed in a 2 pointer tying the contest at 15-15. For the remaining 2 minutes Dexter added 5 points to Manchester's 0. This gave Dexter a 20-15 lead after 1 period.

For the first 4 minutes the Drednaughts out-scored 8 to 2 to maintain a 23-17 tally. But in 2 minutes we had whittled the Dexter lead 6 points, as Greg Daniels banged in 4 points with Randy Bennett doing likewise. Then disaster struck as in 1 minute 40 seconds Manchester turned over the ball 5 times allowing Dexter to jump to a 16 point

THURSDAY, MARCH 4, 1976

lead 41-25. In the closing minute neither squad could miss. Manchester, -3. Dexter was 2 for 2.

1st half stats are: Manchester: 10 for 21 for 48%, 11 free throws, 21 turnovers. Dexter: 16 for 38 for 42%, 13 free throws, 9 turnovers. This left Dexter up 14 at halftime, 45-31.

The 3rd period was fairly even as a whole although Dexter was up by 19 points after 3 minutes. The Dutch ended the period 15 down, 64-49. The 3rd period statistics are as follows: Manchester: 8 for 17 for 47%, 2 free throws, 6 turnovers. Dexter: 8 for 21 for 38%, 3 free throws, 6 turnovers. Dexter scored 19 points to Manchester's 18 points.

The opening 47 seconds of the final period was a real pulse beater as the Dutch threw a press on the Drednaughts resulting in 6 unanswered points to be down 64-55. Dexter called time to regroup. Boy, did it work. Dexter out-scored Manchester 12 points to 4 points in the next 3 minutes to go back on top by 17, 76-59. The Dutch turned the ball over on Dexter as they popped for 11 points on the Drednaughts 4, but still came up short, 82-70. Benchers Rick Rogers and Dag Omre jumped in to post 2 points each. It was an offensive night again as 12 of 13 Dutchmen scored. We had 3 men in double figures as Curt dumped in 16 points, Mike Smith hit for 13 while Dan Turvey popped for 11 points. Matt Little, Greg Daniels and Dave Gunther contributed 6 points apiece. Randy Bennett added 4 points as Tom Little, Rick Rogers and Dag Omre helped with 2 points each. Jeff Clark and Pete Tassie totaled 1 point each.

Overall stats: Manchester: shot 56,

made 24 for 43%. Made 22 of 32 free throws for 69%. Had 34 turnovers. Scored 70 points. Dexter: shot 79, made 32 for 41%. Made 18 of 31 free throws for 58%. Had 23 turnovers. Scored 82 points.

MANCHESTER CONQUERS CLINTON IN DOUBLE OVERTIME

By Jon Roger Hardenbergh

Into every life a little rain must fall. It rained on the Dutch Friday ending the drought at 19. But it was a cliff-hanger as it took the Dutch 2 overtime periods to defeat the Redskins 74-69.

Manchester drew 1st blood as Mike Smith rebounded a miss Curt Fielder shot and put it in the hoop. Clinton responded 23 seconds later with a bucket to tie. Then Matt Little tied the line and sank both free tosses to give Manchester a 4-2 edge. It took 2 minutes 16 seconds for someone to score and that someone was Clinton which evened the tally at 4-4. In the next 3 minutes the Redskins added 5 points to Manchester's 0 to go up 9-4. There was 1:34 left in the first period and the Dutchman burned the nets for 8 points as Clinton posted 3 points. So after 8 minutes of play, the tally was deadlocked 12-12. 1st period stats are: Manchester: 5 for 19 for 26%, 2 freethrows, 7 turnovers. Clinton: 4 for 13 for 31%, 4 freethrows, 5 turnovers.

It took Manchester 1 1/2 minutes to score leaving Clinton up 16-14. The Redskins held the advantage for 2 more min-

utes and then Manchester recaptured the lead by 1 point. What followed was rough for Manchester as Clinton clicked for 13 points to the Dutch 4 points. This left Clinton ahead by 8 at halftime, 33-25.

The third period started in a flurry for the Dutch as in 1 minute 23 seconds Manchester had hit for 8 points which tied the score 33 all. In the following 2 minutes Clinton retaliated posting 8 points as Manchester went cold tallying a mere 2 points. So Clinton was on top by 6, 41-35. The closest Manchester got for the rest of the period was at the 2:50 when Mike Smith popped an 8 footer pulling Manchester within 3, 43-40. Unfortunately Mike landed oddly causing a turned ankle. Mike did not return to action so left with 12 points. The period closed with the Redskins ahead 49-43.

By the 4:40 mark, Manchester had rallied to pull within 1 point, 51-50, in 2 minutes the Dutchman had tied the tally at 54-54. But in 59 seconds Clinton hit a bucket and added 2 free throws to forge into the lead 58-54. At the 53 second mark, sophomore Dan Turvey hit the first of a 1 and 1 and missed his second. But he got the rebound and 17 seconds later dropped a 2 pointer in to bring Manchester within 1, 58-57. Clinton then sank 1 free toss with 14 seconds left to up their advantage 59-57. The clock was ticking away and with 2 seconds to go in regulation time Dave Gunther hit for 2 points tying the score 59-59 sending the contest into overtime.

Right off the bat a Redskin downed

Continued on Page 7.

both at the charity stripe giving his team the early lead in this 3 minute extension. At 2:05, Dave again tied the tally by dropping in an 8 footer from the field. Dan Turvey gave Manchester the lead at 1:16, 63-61 by hitting from 12 feet pt. Doug Decker was fouled and stepped up to the line shooting 1 and 1 with 50 seconds remaining. Doug calmly sank both to give Manchester a 4 point advantage 65-61. Only 5 seconds later a Redskin canned a 20 footer to draw Clinton within 2 points. At the 21 second mark, a Redskin fouled Dave Gunther. Dave walked to the line knowing if he made at least 1 it would probably do in Clinton. Well, Dave missed and Clinton rebounded. A Redskin brought the ball down the court and worked it around for a good shot. Clinton almost lost the sphere as Randy Bennett went for the steal - 6 seconds-Clinton shot a 20 footer from the top of the key at the buzzer. It hit only net so the score was again deadlocked, 65-65.

The second overtime period opened interestingly-believe it or not-I don't know why. Everyone was ready for the jump. The referee blew his whistle and awarded Manchester possession. This was a costly turnover for Clinton as they had already won 4 of the previous 5 tie-offs. Again Dave Gunther got his man leaving so he drove to the basket only to be fouled. Clinton came down and shot-missed-Dave Decker got the rebound. The following 27 seconds were quite traumatic as Dan Turvey shot-missed-shot-missed-shot and was hacked on the wrist so went to the line

to shoot a pair. Dan missed both but Manchester got the rebound. This time Dave Gunther shot-missed with Greg Daniels putting up another shot-missed. Clinton got control of the ball and began working for a good shot. What happened next may well have been the turning point. Clinton had consumed 55 seconds by looking for "the shot" when Doug Decker stole the ball and Dave Gunther layed the roundball in the hoop for 2. This left 45 seconds in the contest and Manchester up 4 points, 69-65. In the remaining seconds, with Clinton fouling, Dave added 3 more free throws with Greg Daniels contributing 2 from the line to ice the victory, 74-69.

In my opinion there were 2 basic heroes. Dave Gunther and Doug Decker-Dave for his 20 points (9 in the 2 overtimes) and Doug, stealing the ball with 50 seconds to play. Other main contributors were Dan Turvey who popped for 14 points, Mike Smith -12 points and Matt Little posted 9.

The Dutchmen turned on the after-burners in the second half to blast the Redskins, 59-42, in the 1st district play-off game. In the first and second periods neither team established a dominate advantage. Manchester did end the 1st quarter up 2, 12-10, then after 6 minutes in the second Clinton lead 22-19. But in the 2 minutes before intermission the Dutch hit for 7 points to the Redskins 2 and took a 26-24 edge to locker room.

It was the third period when Manchester crushed Clinton. The Dutch out-hustled the Redskins-offensively and defensively. In this 8 minute period we posted 17 points while our opponent totaled a mere 5 points. Going into the final period Manchester was up 14, 43-29.

Clinton pressed the Dutch and pulled within 8 points, but this was as close as they got. Final tally 59-42.

Randy Bennett was super hot as he canned 7 baskets to lead the Dutch with 14 points. Dave Gunther popped for 12 and Curt Fielder and Greg Daniels contributed 9 points each. To round out the scoring: 7 points from Dan Turvey, 6 for Matt Little and Dick Rogers 2. Manchester now advances to round 2 of the District Playoffs and meet the Pirates from Napoleon at 7:00 p.m. Wednesday.

AGRICULTURE IN ACTION

MICHIGAN FARM BUREAU EDITORIAL

WHO CONTROLS FOOD POLICY?

Organized agriculture is facing one of the most serious challenges in its history.

Consumer groups, labor unions, environmentalists and high level government agencies are rapidly taking over the shaping of U. S. farm and food policy.

It is now apparent that the dominant role played by the state and labor departments in the 1975 Soviet Grain Embargo and the longarm grain agreements with the Soviet Union and Poland was not accidental.

Undersecretary of State Charles Robinson, who headed the U. S. team that negotiated the grain agreements with the Soviet Union, explained the farm policy takeover in his testimony before the Senate Agriculture Committee.

The major unit in shaping food policy, Robinson said, is the food committee of the Economic Policy Board. It is composed of the secretaries of state, agriculture, treasury, labor and commerce, the chairman of the council of economic advisors, the budget director, the president's economic adviser and the national security affairs adviser.

The second top unit in food policy direction is the food deputies group made up of the same agencies with officials just below cabinet rank, plus a repre-

sentative from the Central Intelligence Agency. Much of the day-to-day work of formulating food policy is made by this group.

The committee of the economic policy board, which daily called the shots in the Soviet grain negotiations, is still monitoring U. S. agricultural production and export sales.

The tipoff the agriculture is to play a minor role in shaping future food policy is found in the statement by Undersecretary of State Robinson who says: "Balanced decision making is necessary to serve the national interest, and we have carefully designed coordinating mechanisms, which bring together key responsible officials to consult on solutions to problems that span the interests of more than one agency." In other words, Robinson does not trust agriculture to serve "the national interest."

WHAT'S COOKING IN MICHIGAN

Michigan onions are a cook's best friend. Whether sliced raw and tossed in a salad or cooked in a casserole, nor other food adds such zest to a dish. Onions actually play a dual role, serving as seasoning or a main vegetable.

Marketing officials of the Michigan Department of Agriculture say onion varieties for the fresh market generally fall into three classes. Michigan onions are of the popular Globe varieties. Characterized by a highly pungent flavor, they are predominantly round to oval and small to medium in size.

Less common are the Granex-Grano and Spanish classes. Onions in both classes are mild flavored. Granex-Grano varieties tend to be flattened or top-shaped with Bermuda onions falling in this category. Spanish varieties resemble Globe in shape but are generally much larger, sometimes referred to as sweet Spanish.

You should note that color is not a distinguishing trait among various onion varieties. All three classes may be red, white, yellow or brown but commercial production mainly consists of yellow-skinned varieties.

Here are some tips for using Michigan onions in your meal preparations; Add fresh onion to canned vegetables for more flavor appeal. Make french-fried onions by dipping rings into evaporated milk, then coat well with flour and fry in hot deep fat. Drain on paper towels and sprinkle with salt. With Michigan onions the flavor doesn't get lost during

cooking.

Chopped raw onions may be frozen in any moisture-proof, vapor-proof, freezer materials and used as needed in food preparation. To rid hands of onion traces, rub with salt, vinegar or lemon juice.

MAY IS MOREL MONTH

May is morel month in Michigan for an uncounted, but large and fast growing number of enthusiasts.

Morels resemble other mushrooms by the fact that we see only part of the plant above ground. What we see—the mushroom we want to collect—is the fruit of the plant. It is the whole plant as the apple is to the apple tree. For the beginning mushroom hunter, the half-dozen species of morels are the safest group among the more than 2,000 kinds of wild mushrooms found in Michigan. Knowing that the Mid Michigan area has a bountiful crop of mushrooms located under fresh spring leaves of oak, maple, and poplar, Mid Michigan Community College initiated the Mid Michigan Mushroom Festival in May, 1974. The festival was developed to provide an opportunity for participants to enjoy the natural beauty of the Mid Michigan area; to benefit from educational seminars in mushroom identification as well as nature identification classes; to participate in field trips on the College's 560 acres of beautiful oaks and maples; and to provide an added revenue to civic groups and merchants in the Mid Michigan tourist area.

Claims and counter claims! Cholesterol diets...weight loss diets...good fiber...supplemental vitamins. What is the truth? How does what you eat affect your well being? Sort out facts from fiction in the light of the latest medical and nutritional information.

A workshop, Food...Facts and Fiction, will discuss these questions on March 4, 1976 in the Briarwood Community Room from 1:00 to 3:00 p.m.

Harriet Hamberg, Extension Home Economist from Monroe County will teach the workshop. Mrs. Hamberg is a Registered Dietitian and has spent several years as a therapeutic dietitian in area hospitals before assuming her position as Extension Home Economist in Monroe County.

"Annie Get Your Gun" To Be Presented April 1-2-3

Irving Berlin's Annie Get Your Gun is coming to Manchester High April 1, 2, and 3. This is a great American musical set in the turn of the twentieth century. It tells the wonderful story of Annie Oakley performing for Buffalo Bill's Wild West Show. During our bicentennial year this is going to be a grand entertainment experience for the entire family.

There is a large cast of young people involved in this production, including a full orchestra under the direction of lice Grininger. The principal characters are played by Judy Luckhardt and Karen Kennedy (Annie Oakley), Tom Krzyzaniak (Frank Butler), Garry Joseph (Charlie), Cheryl Whittington and Sue John (Dolly Tate), Ken Schwab (Buffalo Bill), Joe Chapin and Rollie Litteral (Sitting Bull),

Bicentennial Store Now Open

The Bicentennial Store is open! A small crowd braved the chilly weather Saturday to watch Goli Drake cut the red ribbon that would allow us inside. Many more people came to visit, once the store was open. We were very pleased with the number of people who came in and browsed around and especially to those who made purchases. Edna Knauss was there with the Bicentennial Plates, which are finally in, for those of you who have purchased or received a gift certificate, and they are beautiful.

The store looks terrific! For those of you who were unable to make it on Saturday, we feel that it would be well worth your time to stop in the next time you are in town and the store is open.

One of the things to focus your attention on is the old opera clothe we mentioned before. Apparently this clothe was a means of advertisement back when it was in use, since several businesses that were in existence at that time have ads on the clothe. We were fortunate to receive another clothe, older than the one we have on Saturday. This will soon be on display.

We deeply appreciate all of the beautiful items that have been donated for display in our store. We realize how much these things mean to their owners, and therefore hope many people will venture in to view these pieces from our past. We will not be carrying new-ready made dresses. Dresses can be ordered, however, if someone so desires. If any person has a dress, or childrens clothes left from the Centennial, you are welcome to bring them in and try to re-sell them.

Store hours during the months of March, April and May, will be: Tuesday and Thursday, 9:30 a.m. to 5:00 p.m.; Saturday 9:30 a.m. to 12:00 p.m. The hours are posted on the door.

As we mentioned earlier, the Manchester Bicentennial Commemorative Plates are in. The plates match the Centennial Plates and are available for \$5.00 each. To purchase a plate, contact Mrs. Mary Blossom, Mrs. Elizabeth Beuerle, Mrs. Jacqueline Knauss, or Mrs. Edna Knauss.

Check the Manchester Enterprise next week for full details of the Bicentennial First Lady Contest. We have had quite a few ladies nominated and it should prove to be a terrific contest.

Saturday marked the kick-off for the beard growers. Formation of "Brother of the Brush" chapters also began. Entry blanks for the Beard Juggling Contest will be available at the store or by contacting Guy Gilbert. Men who are interested in forming a chapter, but unable to sign ten members, should contact Guy for assistance. There are also chapters forming for gentlemen who prefer the clean shaven look, for whatever reason!

Just a note, you do not need to join a chapter to be a "Brother of the Brush" or a "Bicentennial Belle".

NOTICE

The Manchester Enterprise has moved to a new location at 150 East Main Street. Due to further remodeling and reorganization, we will be closed Thursday, Friday, Saturday and Sunday. We will reopen Monday, March 15, at 9 a.m. Thank you for your cooperation.

School Board Sets Millage Needs

The Manchester Board of Education at a public informational meeting Monday, March 8, 1976 set the operational millage for the April 13 millage election at 12.75 mills. This is an increase of four (4) mills over last year. Ben Feldkamp, chairman of the budget committee, explained the increased costs the school is experiencing which are attributed to teacher salary increases and rising costs of materials, supplies and utilities. Mr. Feldkamp also went over the state aid projection and explained the two proposals being considered at the present time. The Board indicated that the extra 4 mills is the minimum amount the school district needs to continue the present educational program. Additional information relative to this request will be forthcoming in subsequent issues of the Enterprise and the school newsletter.
